Kenyon Borders Project - Justice's Class

Made with a wink and a smile

AMY FERGUSON NOV 01, 2017 11:39AM

Share your thoughts about our Cultural Borders Project with Kenyon College.

Arianne

I think the best part about the project is that we got to do a skit! The students that we had were Hanna and Daniel. My favorite story was "The Old Man With Wings".

TIMOTHY FAWCETT

My Kenyon College students helped me and the best thing about them is . . . **THEY ARE SO AWESOME AND THEY ALSO LOVE CREATING DRAWINGS!**

Added by Arianne

Conner

The thing I like to do with the Kenyon students is talking with them and drawing scenes from the books.

Patrick Akers

The best thing I like about my group is that we are doing an act about a book that we read.

ISAAC MCGRAW

The best part was when the Kenyon students taught my group about different cultures.

Karson Smith

The stories we read were funny. The Kenyon students were funny and so nice. The best thing we did was learn how to speak Spanish and draw.

Chance William Temple

My favorite thing that I did with Grace Grape and Maddie Mango (nicknames) is coloring. I also liked hearing their stories. My favorite book was "The Very Old Man with Enormous Wings."

Maddie Pealer

My favorite part about the Kenyon College students was seeing their different ideas and personalities. I feel like they taught me a lot about myself and the others in my group. My college students were very creative and brought out the best in all of us. Some of the stories I felt connected with me. Like if I was mad, we read "The Winged Man" or something like that. It was like they knew how I was feeling!

Collin

My favorite part was the stories. Our group will make a skit with Margot, Tomas, The Bully, and the old man with wings. That is all of the characters. Hannah and Danny made the stories generally fun.

Sarah

I think the best thing about this year was the Kenyon students part! I had Cat, Sabrina, and Scout. They are really cool and I really loved having them. All three of them are nice, kind, and fun to be around. **I think I had a really cool group!**

Avery Smith

The best thing that I liked during this project is that we drew and wrote on paper. We will present these to our class and to their Kenyon friends. I think it's going to be fun to show everybody what we have learned. They really helped me, for example they always understood what I was talking about and they always would let us all get to be in a part. We made a group name which was "Olive Gardeners". That is what we were called. We are all helping others. I love their personalities. It was so fun!

Aden

I liked the Kenyon groups a lot. I think it was a great idea because we learned words in other languages. We also got to read new stories and had fun. My favorite story was "The Old Man with Wings". Danny and Hannah were really fun. They were really helpful. I really can't wait to do the little play with our Kenyon friends. It'll really be fun!

James Bennett

I had a lot of fun doing this project. We made images of a book we read together. My favorite part was reading the books. This project is very fun and interesting.

Jared

I think that it's going to be fun while we're doing our presentations at Kenyon College with my group.

Alyse Christopher

What I liked about the Kenyon group the best was when we learned the different languages. When we read the books, our group had to do something on a piece of paper and it was a lot of fun. So far my favorite book was "The Old Man with Wings". Thank you so much for coming to our school.
