## EXPLANATORY REMARKS.

This Institution was originally chartered as a Theological Seminary; it subsequently obtained an additional charter with the additional privileges and name of a College. To qualify candidates for admission to the College classes, as well as to prepare young men to engage in different pursuits in life without taking a full College course, a Grammar School has been established, consisting of two departments for younger and older students. So that this Institution is divided into four distinct departments; The Theological Seminary, the College, the Senior and the Junior Preparatory Schools. The students in each Department are under the government of the President of the whole Institution, and the officers who instruct in that Department to which the Student belongs.

## BY-LAWS OF THE THEOLOGICAL SEMINARY.

## OF THE PROFESSORS.

1. The instructions of this Seminary shall be carried on by the following Professors, viz:—

1. A Professor of Pastoral Theology and Pulpit Eloquence.
2. A Professor of the Evidences of Christianity and Systematic Divinity.
3. A Professor of Oriental and Greek Literature and Biblical Interpretation.
4. A Professor of Ecclesiastical History and Church Government.

2. These Professors, including the Bishop of the Diocese, who is ex-officio President, shall have the exclusive government of the Theological Students; and shall, for the maintenance of discipline, and for securing the full benefit of the prescribed course of theological study, hold meetings from time to time, and adopt such regulations subordinate to these by-laws, and in consonance with them, as may be thought advisable.

## OF THE STUDENTS.

1. Any candidate for orders in the Protestant Episcopal Church in the United States, may, on examination, be received as a stu-

dent in this Seminary; or any other person, who may give sufficient evidence of a fair moral and religious character.

2. Every Student shall, on his admission into the Seminary, subscribe the following declaration in the matriculation book of the Seminary:—"We the subscribers, Students of the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily effort by pious reading, self examination, and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the minister of the Cross."

3. No student shall be admitted, or expelled, or receive a regular dismission, without the approbation of the President.

4. On the admission of a Student, his name shall be entered in a book to be kept by the faculty for that purpose, with the time of his admission. When he leaves the Institution, the time of his departure also shall be registered.

5. Every Student, unless excused by the President, shall attend morning and evening prayers in the Chapel of the Institution, with the members of the other departments.

6. No Student shall absent himself from recitation, without first obtaining permission from the officer to whom he was to recite.

7. Every Student in this Seminary must be a member of one of the classes, and engage in all the studies which appertain to that class.

8. No Student shall absent himself from a public examination of his class, unless authorized by the President, without forfeiting his standing in the Institution.

9. Theological Students may attend, gratuitously, any recitations in the Collegiate department of the Institution, which they choose, provided it do not interfere with their other engagements.

10. Each Student may take out of the Library three volumes a week, and such others, as the professor, to whose department the books relate, may authorize in writing.

#### PREPARATORY QUALIFICATIONS & COURSE OF STUDIES.

1. The literary qualifications for admittance into the Junior Class, are, a knowledge of the general principles of Natural and Intellectual Philosophy and Rhetoric, and such an acquaintance with the Latin and Greek as will enable the Student to construe and parse Sallust, Cicero's Orations, Virgil's *Æneid*, Jacob's Greek

Reader, or the Cyropedia, and the four Gospels and Acts of the Apostles, especially the two last.

In order to enter a higher class, the candidate must have passed a satisfactory examination on the studies of the lower.

2. The full course of study in this Seminary shall occupy three years, the Junior, Middle and Senior; each year comprising two terms, and the Students shall be divided into three classes corresponding with these years, and indicated by the same names.

3. Of each class the Studies shall be as follows:—

#### JUNIOR CLASS.

Stuart's Hebrew Grammar, Hebrew Chrestomathy and Hebrew Course. Biblical Antiquities, Biblical History, Principles of Interpretation. Septuagint. Stuart's Grammar of New Testament Dialect. Newcome's Harmony of the Gospels. Jahn's Introduction to the Old Testament. Evidences of Christianity.

#### MIDDLE CLASS.

The Interpretation of the Old and New Testaments will be continued by this class under the instruction of the Professor of Biblical Learning, and the systematic study of the Doctrines of Natural and Revealed Religion will be commenced with the Professor of Systematic Divinity. The study of Ecclesiastical History also will be begun, with the instructor in that department.

#### SENIOR CLASS.

This class will attend, principally, the Professors of Systematic Divinity, of Ecclesiastical History and Church Government, and of Pastoral Duty, and occasionally the Professor of Biblical Literature, under such arrangements as may be made by the Faculty.

In addition to the regular instructions given by the Professor of Pastoral Duty to the Senior Class, occasional exercises will be assigned by him to all the classes.

4. The details of this course may be altered and arranged at the will of the Faculty.

5. There shall be two public examinations in each year, one at the end of each term.

6. At the conclusion of a full course of study faithfully pursued, each Student shall receive a testimonial of the same, signed by the President and Professors.

---

Theological Students are charged \$50 per. annum, which cov-

ers the expence of board in Commons, Room, Physician's Services and incidental charges.

No charge is made for Instruction or use of Library.

Several Scholarships have already been established equal to the present demand, and others as they may be called for, will, we doubt not, be established by the liberality of the Christian public to defray the expense of board of all such Students as may require it. No young man therefore need hesitate to apply for admission into the Seminary on account of the want of funds.

### MILNOR HALL,

So called after the present Rector of St. George's Church, New-York, to whom, with his people, the Institution owes a large debt of gratitude, has been built during the past year. It is designed for the exclusive use of the Junior Preparatory School, and is set apart from the other buildings. The object is to facilitate the introduction of family arrangements, as far as possible, amongst the boys, and to continue over them those salutary influences which too seldom extend beyond the paternal roof. The main building of the Hall is fifty feet by thirty, and contains a basement, three full stories, with two wings attached, each 34 feet by 25, also with a basement and with two full stories. The west wing is occupied by the family of the Principal, and the matron who has charge of the boys' wardrobe. The basement of the east wing contains a kitchen and two other rooms for culinary purposes. The first principal story in this wing contains a chapel and library room. The second, one room for an assistant teacher, and one to be occupied as a sick room. The basement of the main building contains a dining room, cellar, and wash-room. The first story above, a school room and recitation rooms; the second, a dormitory; and the third, six commodious rooms for the use of the first class.

### EXPENSES.

### MANUAL LABOR.

A manual labor department in connexion with the Institution will go into operation at the commencement of the next session, in April. About eighty acres of land of the best quality will be devoted to the object,—the services of a competent superintendent have been secured—and a common table will be provided at which board may be had at the maximum price of one dollar per week. In case the actual cost of providing the table is found to be less than this sum, the student will receive the benefit of it.

Labor may be performed on this land, by students of the department at such times and in such manner as its regulations shall prescribe, the avails of such labor shall be received by the superintendent in payment of board, and credited to the student at the regular market price: or, if preferred, the labor itself shall be credited at its worth. It is supposed that three hours' labor per day will be fully equivalent to pay the cost of board.

It is expected that shops for mechanical labor will be provided before the commencement of the winter session. In the mean time, temporary accommodations will be fitted up for those who prefer this kind of labor.

Application for admission, and inquiry relating to the Institution should be addressed to the Rev. M. T. C. WING, Secretary of the Board of Trustees.

The Summer Session will commence on the 16th April next.
