Official Paper of the County.

EDITED BY L. HARPER.

MOUNT VERNON, OHIO.

FRIDAY MORNING, OCT. 31, 1873.

If the Democratic party was "dead," it has had a glorious resurrection.

The majority for William Allen in Ohio is 517, and in Hamilton county 763—a difference of only 54 votes!

The bordering States, Ohio, Indiana, Kentucky and West Virginia, have all chosen Democratic Governors.

Great credit is due the many Republicans who by their votes assisted in the election of William Allen.

William Allen, the Governor elect of this State will be inaugurated immediately after the assembling of Legislature in January.

The entire vote of Jackson township, Angazoo county, was cast for William Allen and the entire Democratic ticket, at the late election.

Allen is the first Democratic Governor, chosen in Ohio, since the days of Gov. Medill, who was elected in 1853—twenty years ago.

Stone's majority, in Lucas, over Scribner is but 693, while Noyes' majority over Allen is 553. Allen ran about ten votes better than the average State ticket.

Hon. W. P. Reid, of Delaware, Senator-elect for the Delaware and Licking District, and Democratic candidate, carried his own county—Delaware—by 55 majority.

A certificate of election has been issued to Brown, of Delaware, Republican candidate for County Treasurer, but the Democrats will contest the election, claiming false returns.

Democratic people now-a-days, are looking exceedingly happy. Their roosters are crowing constantly and they are as happy as if the hens would lay two eggs a day.

The Ashland Press runs up to its mast head the name of ALLEN G. THURMAN, as the Democratic candidate for President in 1876. This is "taking time by the forelock."

Lucas county elects Democratic a County Treasurer. The Republican County Treasurer placed in a bank the funds of the county. The bank busted and the county lost \$80,000.

The Democracy of Ohio owe their victory in great part to the honest men who were disgusted with the Republican party, on account of the rottenness and corruption of the men who held position at their heads.

Tom Allen and Ben Hogan left St. Louis on Tuesday for the purpose of pounding each other with their fists, but the authorities of Illinois very properly arrested the bullies, and thus prevented a brutal "mail."

One hundred guns were fired in City Hall Park, New York, in honor of the glorious Democratic victory in Ohio—Indeed, the Democracy all over the country have been rejoicing over the downfall of Delano and corruption in the Buckeye State.

The Collins ticket received only 56 votes in Licking county, and in fourteen townships not a single vote was cast for the nameless party. The Prohibition ticket polled 143 votes. Indeed, the Prohibition vote suppresses the Collins vote in nearly every county in the State.

Suspensions of labor and the recalling of lumber gangs have prevailed throughout the Saginaw region of Michigan, and those employers who have not suspended have reduced wages twelve and one-half per cent. The woods are full of unemployed men.

The decent Republicans all over Knox county are denouncing the Post-office Ring as the cause of their overwhelming defeat. But what do Baldwin, Boynton & Co. care for these malcontents? They are sure of retaining their offices so long as Delano is in power.

The Hamiltons, after abusing every prominent Democrat in Knox county, including the County Officials, "like pick-pockets" are now moving around the Court House, begging for patronage! If anything could be more "cheeky" than that, we would like to hear of it.

There is a rumor afloat that Charley Baldwin will make another effort to have his brother Frank appointed Post-master in Mt. Vernon in place of Noah Boynton. He thinks that his power over Delano will enable him this time to succeed. "We will see," as the blind man said.

In a close vote Allen always wins. He was elected to Congress by one vote over his father-in-law, Governor McArthur, and afterward was elevated to the Senate by the same majority in the Legislature. He is the winning man whenever there is a close vote between him and his opponent.

Hon. William Bebb, formerly Governor of Ohio, died at his residence in Rockford, Illinois, on Thursday, aged 71 years. When in his prime, Governor Bebb was an able and eloquent speaker, and his canvass of the State, when Governor, was most vigorous and effective.

The President has approved of the report of the Commissioners sent to examine the sixty-five miles of Northern Pacific road between Portland and Puget Sound, and directed patents to issue for the lands to which the road is entitled under the laws. This puts into the hands of the company an immense tract, mostly of very valuable timber land.

The Baltimore and Ohio Railroad, with its chief connecting roads West and South, has just held a union meeting for the arrangement of time-tables, which was attended by an officer of the Postoffice Department. This is said to be the first time in the history of the government that any railroad has requested the co-operation of the Postoffice Department in the arrangement of its time-tables. It is expected that as a consequence of this meeting, mail West and South will hereafter be more certain of through transmission without delay.

Radical Rule and Ruin of South Carolina.

South Carolina is one of the Southern States that is under the control of the negroes, carpet-baggers and scoundrels.—The Legislature of this Republican State met on the 21st, when Governor Moses sent in a long message. He states the astounding fact that the funded debt of the State is \$15,027,503, and that the floating debt is \$5,205,300—being a total debt of \$20,232,803! The State being unable to pay the interest on this enormous debt, the Governor proposes that the bondholders be induced to agree that the debt be reduced in volume; all the bonds for which the State is liable, except \$88,000 of State capital bonds of 1853, conversion bonds amounting to \$5,965,000, coupons upon bonds, pay certificates, bills payable, scrip and other evidences of State indebtedness, to be returned to the State Treasurer, who shall issue instead other bonds as certificates of stock, equal in amount to the face value of such bonds, coupons and certificates. He concludes with an argument in favor of higher taxation.

Another Polar Expedition.

The New York Tribune pays this compliment to young Bennett: It is announced that Mr. James Gordon Bennett proposed fitting out an Arctic expedition for the discovery of the North Pole. Mr. Bennett will undoubtedly equip his exploring party with magnificent liberality, and send it forth upon its dangerous venture filled with his characteristic pluck and enterprise. If we may judge of the future by the past, it will probably succeed in an effort which has long baffled the world; but whether it succeed or fail, we must admire the daring spirit of this typical young American, who seems to be going about the universe in search of hard tasks that he may have the pleasure and the glory of achieving them.

End of the Stokes Farce.

The second trial of Edward S. Stokes, the murderer of Jim Fisk, Jr., was concluded at New York on Wednesday evening, when the jury returned a verdict of "manslaughter in the third degree," and the prisoner was sentenced to four years in the State Prison at hard labor.

The Republican attributes the defeat of its party to the "betrayals of important trusts" on the part of the men appointed to office; and in order to "avoid continued defeat," it demands that the President and Cabinet shall "diligently inquire into the character and qualifications of all appointed to office under them." When the "President and Cabinet" appoint and keep in office such scoundrels as Charley Baldwin, who is the acknowledged leader of the Republican party of Knox county, and who had the exclusive management and control of the Republican newspaper during the late campaign, what else but defeat—overwhelming and disgraceful defeat—could be expected?

It appears to be now pretty definitely settled that the Grangers achieved a triumph in Iowa, having gained the Legislature, besides cutting down the Republican majority from 60,000 to near 11,000. Those who fancied there was no strength in the farmers' movement or that the anti-monopoly cry was a mere empty sound, should study popular disposition as evidence in Iowa. It is the only State in which the cheap transportation problem has yet come squarely before the people as a political issue.

The Democrats are jubilitating all over the State. On Saturday evening there were brilliant demonstrations at Cleveland, Chillicothe and Crestline. Judge Thurman spoke at Cleveland and Governor Allen delivered a rousing speech at Chillicothe, which was received with shouts of applause. At the conclusion of his speech he was crowned with a laurel wreath by the patriotic Democratic ladies of old Ross.

One of the first acts of the coming Democratic Legislature of Ohio will be to pass a fair and honest law, apportioning the State into Congressional Districts.—The law that was passed by the last Radical Legislature, was simply an outrage and swindle upon the people. It was framed expressly for the purpose of disfranchising the Democracy, and cheating them out of a fair representation in Congress. Let it be wiped out of existence.

The next State elections will be held on Tuesday, the fourth day of November, when there will be State and county officers and legislatures chosen in Alabama, Delaware, Florida, Illinois, Kansas, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nevada, New Jersey, New York, Tennessee, Virginia, and Wisconsin, so that there will probably be a larger vote cast in those States than in others.

Two nephews of ex-Governor Herschel V. Johnson, of Georgia, named James and Benjamin Hardee, were killed recently in Robertson county, Texas. They were bearers of a note to G. W. Powell, a well-known desperado, who, upon reading the communication, immediately drew a pistol and shot them dead. The young men were unarmed.

The Yellow Fever.

At MEMPHIS, Oct. 28.—Mortuary report from noon yesterday to noon today: Yellow fever, 15; other causes, 8; increase of two fever from the same hour yesterday. There is a decline in the number of cases. There was a hard freeze this morning, and the temperature is still falling. Mayor Johnson resumed his official duties at his residence this morning.

MEMPHIS, Oct. 28.—10 p. m.—Mortuary report for the past twenty-four hours to six o'clock this evening: yellow fever 14, other cause 9; decrease four in fever. Of the deaths to-day nine were negroes, five of yellow fever.

Memphis ventures to feel that her hour of relief has come. The scourge has yielded to the ice king, and soon business will resume its accustomed activity. This has been a cold day, and to-night ice is forming in gutters, and a big frost is sure for to-morrow morning.

IS TEXAS.

MARSHALL, Oct.—The total number of deaths from yellow fever since its appearance is 60, of which 22 occurred last week. There was a good frost last night, and a light rain to-day. It is estimated that an inch of rain this morning. There are prospects of a black frost to-night, which it is hoped, will prevent further spread of the fever. It is now seven p. m., and the mercury is at 49. It is estimated that at least six cases are under treatment in the city and country. Two interments to-day. Owing to the extreme cold weather the interments to-morrow will probably exceed those of any previous day. Five more New Orleans nurses arrived to-night.

From the St. Louis Times.

RISE UP, WILLIAM ALLEN!

Ho! All ye "rural roosters," Now is your time to crow; For Allen's elected Gov. Error of Ohio!

The Democratic party's dead, As all of you do know; But a very nimble corpse it proved To be in Ohio!

And where's the People's party, pray, Of Halseid, Hyde & Co? That was going to play the devil With things in Ohio!

The new concern has gone to wreck— They found it was no go; There's nobody left but Democrats in Ohio!

So all ye "rural roosters," Now is your time to crow; There's nobody left but Democrats in Ohio!

An Election Song.

"Come rise up, William Allen, and go along with me; I'll take you to Columbus the State house for to see.

Will keep you there two years, old boy, and feed you fit to kill; Ohio's got a Governor now, and his name is 'Roaring Bill'!"

Allen County.

The following is the vote in Allen county, where the "departurists" claimed that Collins would get 1,500.

William Allen.....1,755

Isaac C. Collins.....2,280

The Washington Capital gives our old friend John Sherman a nice little basket. It indulges observations of this character:

"The Hon. John Sherman is stalking about with a gun in his hand, and is endeavoring to take to the woods some of the measures must be taken to restore public confidence. The first measure in that direction that we would humbly suggest would be the removal of John. As he has been mainly instrumental in getting us into our present financial trouble, his removal would be a step in the right direction. We cannot ask John to commit hari-kari for the good of his country, because, having been created in one of nature's severest fits of economy, he lacks the one essential to such a performance. But let John, the greatest financier alive—for he has financed himself into an immense fortune—take a poor salary—retire to his estates and study the difference between revenue and a protective tariff."

The Secretary of War will, in a day or two, award the contract for headstones to mark the graves of Union Soldiers interred in the National cemeteries throughout the country. The number of graves is about two hundred and fifty thousand, and it is estimated \$800,000 of the \$1,000,000 appropriated by Congress will be necessary to provide headstones of sufficient size and weight to remain in place when set up, and which must combine the elements of durability and cheapness.

If all the people in the United States were alike the creditors of Jay Cooke & Co. there would have been no panic follow the failure of that concern. Unbounded "confidence" would have filled the land. Every body would sooner have trusted every body else with their money than themselves. Jay's depositors have nearly all signed the agreement of withdrawal by him for the settlement of his affairs, which is why we think so.—*Cin. Eng.*

The estimate of the Ordnance Bureau of a million and a half dollars for arming the coast fortifications, represents about the sum by which the estimates of the department this year will exceed those of the last. We presume this includes the stables erected at Brooklyn under the direction of the Bureau for, as the Louisville Courier-Journal insists, the horse manes.

Andy Johnson who is now in Washington, suggests a new idea in regard to the famous tin box. Andy remarks that it was easy for the President to have drawn a check on the day the bank suspended for the large amount he had on deposit, and not knowing the exact sum to accidentally overdraw \$78.

The Gazette says, Massachusetts is beginning to discuss the question whether there is danger of a Republican defeat in that State." This shows how dead a party the Democracy is, when they frighten the Republicans in old Massachusetts, usually good for from 40,000 to 100,000 majority. Democratic Jubilee at Chillicothe.

HONORS TO GOV. ALLEN.

The Old Roman Crowned with Laurel.

CHILLICOTHE, Oct. 25.—The Ross county Democrats celebrated the triumph of the Democratic party to-day in grand style. The day was ushered in by the firing of cannon on the hills west of town, and music, fire-works and speaking were kept up till a late hour at night. The streets of the city in the neighborhood of the Court-house were swarming with people who had gathered to participate in the jubilation. At one time, when Governor Allen was speaking, it was estimated that no less than 8,000 persons were present. Among the pieces of fire-works set off in the evening was one which, as it burned, displayed the motto: "Wm. Allen the Pride of our State."

The meeting was organized by calling Judge Safford to the Chair. The Judge introduced Governor Allen. Upon coming forward he was received with the wildest demonstrations, the band playing a favorite air.

SPEECH OF GOVERNOR ALLEN.

Governor Allen began by saying he had never been so much gratified as he was by the honor paid him by his fellow-citizens to-day. He had received nothing but kindness from the people of Ross county. It was now more than fifty years since he came here, an orphan boy of sixteen years. He had no other friend or relative, but his sister, the mother of Allen G. Thurman. With his personal history since he settled here the people were familiar. He had long ago retired from public life to the seclusion of his home, where he had turned his attention to the more delightful pursuits of history, philosophy and literature, and the cultivation of the soil. He had never expected again to return to public life, but the demands of the people and the exigencies of the hour were irresistible; and in gratitude for the honor they had previously conferred upon him, he felt bound to lend his services to them. He intended to devote the time allotted to him to the best interests of his country. He intended to administer the Government upon the principles which had been the principles of the fathers, by opposing monopolies.

Mr. Allen gave some of the history of the United States, and then, before Andrew Jackson had put a quietus upon them, one Nicholas Biddle, who was intimately connected with the bank in Philadelphia, was elected, with Washington, as President. WISHART'S PINE TREE
FOR THE
Tar Cordial,
NATURE'S GREAT REMEDY
FOR THE
Throat and Lungs.

It is gratifying to us to inform the public that Dr. L. Q. C. Wishart's Pine Tree Tar Cordial, for Throat and Lung Diseases, has gained an enviable reputation from the Atlantic to the Pacific coast, and from thence to some of the first families of Europe, not through the press alone, but by persons throughout the States actually benefited and cured at his office. While he publishes less, so say our reporters, he is unable to supply the demand. It gains and holds its reputation.

First. Not by stopping cough, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and bronchial tubes, which causes irritation.

Second. It removes the cause of irritation (which produces cough) of the mucous membrane of the throat, and thus brings to rest and throw off the unhealthy secretions, and purifies the blood.

Third. It is free from quinine, lobelia, ipecac and opium, of which most throat and lung remedies are composed, which allow only cough and disorganize the stomach. It has a soothing effect on the throat, acts on the liver and kidneys, and lymphatic and nervous regions, thus reaching to every part of the system, and in its invigorating and purifying effects it has gained a reputation which it must hold above all others in the market.

NOTICE.
The Pine Tree Tar Cordial,
Great American Dyspepsia Pills
AND
WORM SUGAR DROPS
Being under my immediate direction, they will not lose their curative qualities by the use of cheap and impure articles.
