ANOTHER GRAND

PEOPLE'S RALLY!

WORKINGMEN TO THE FRONT!

R. F. TREVILLICK, Esq.

Of Detroit, the founder of the Workingmen's

Association of the United States, and the most

competent advocate of the Rights of Labor in

America, will speak in

MOUNT VERNON.

On Wednesday Evening, Sept. 23, '75.

and will fearlessly expose the corruptions and

realities of the Radical leaders, and will

show how Labor is oppressed and all branches

of industry prostrated by the ruinous policy

of the party in power.

Let men of all parties come out, and

hear him.

County Democratic Meetings.

ALLEN AND MORE MONEY!

Democratic meetings will be held at the

following times and places in Knox county:

At North Liberty, on Saturday, September

25th, at 1 o'clock, P. M. Speakers:—

General Morgan and B. L. Swetland.

At Green's Grove, Morgan township,

Samuel Israel.

Morgan and Samuel Israel.

At Watford, Saturday evening, October

9th. Speakers: B. L. Swetland and

D. W. Wood.

Ex-Senator Matt. Carpenter has

written a letter defending the Poland Gag-

Law. Just like him.

The Shelby Democrat says that Al-

len's majority in that county will not be

less than 1,200. That's the way to talk.

Wintomere, who shot and killed

Gor. McCook, of Dacotah Territory, nearly

two years ago, has been found "not

guilty" of murder.

Mr. Welsh is still riding away at

the "Christian Statesman." Delano, and

the Indian Ring. Will this persecution

of the good man never cease?

The Democracy can carry Knox

county this year by 800 or 1000 majority,

if every Democratic vote is polled. Now

is the time to organize for victory!

Let Democrats remember that op-

posing any candidate on the county ticket,

hurts every other candidate, and to a

certain extent weakens the State ticket.

Democrats, don't give any com-

plimentary votes to candidates on the Grant

ticket. Stand by your own candidates

and elect every man by a handsome ma-

jority.

Jim Williams, the Radical candi-

date for Auditor of State, says that Ca-

tholicism will destroy the Ohio Peniten-

tentiary. It is wisest that is "destroying"

Jim Williams.

Hengehold & Co., extensive coal

dealers of Cincinnati, have suspended, and

yet, the well-paid office-holders tell us

there is too much paper money, and we

must come down to a specie basis.

Governor Hendricks in his recent

speech in this State, gave Grantism and

third-termism a severe blow. He said,

"You had better have an eye on the man

that is in Washington, rather than the

man that is in Rome."

The Xenia Torchlight, Republican,

says: "It is unnecessary to state that it

is the financial, and not the school ques-

tion that is overshadowing in Ohio politics.

There is no question in the school ques-

tion that is settled and needs no argument."

THE WORK GOES BRAVELY ON.

The largest meeting held in Monroe

county since 1867, took place at Woods-

dale on the 8th inst. Governor Allen ex-

plained the corruption and fraud of the

party in power. He was followed by Hon.

John A. McMahon, Congressman from the

Dayton district, who exposed the fallacies

and misrepresentations of the Republican

party during the present campaign.

General Cary addressed a large meeting

at Orrville on Thursday afternoon, en-

tertaining his audience in a highly satis-

factory manner; and in the evening of the

same day he addressed an immense meet-

ing at Wooster. Wayne county promises

a majority of 600 to 1000 for Honest Bill

Allen.

The largest and most enthusiastic meet-

ing held in Washington county for many

years, assembled at Marietta on Saturday

afternoon last. Delegations from all parts

of the county came, with flags, banners

and music. Governor Allen and Hon.

John A. McMahon delivered powerful

speeches. Numerous changes have taken

place in that part of the State in

favor of the Democracy.

Hon. W. S. Holman, of Indiana, and

Hon. John F. Follett, of Cincinnati, ad-

dressed a splendid meeting at Wash-

ington C. H., on Saturday. The Democracy

of Fayette county are wide awake, and they

intend to redeem the county in October

from the grasp of the Money Power.

General S. F. Cary and Hon. Robert E.

Reese addressed an immense mass meet-

ing in the Public Square, at Cleveland, on

Saturday. Everything at present indicates

that Cuyahoga county will go Democratic

in November.

The Democratic meeting held at New

Lexington, Perry county, on Saturday af-

ternoon was one of the finest of the cam-

paign, the Court room being crowded to

its utmost capacity. The meeting was ad-

dressed by Henry Brandt, Esq., of Zane-

ville; Hon. A. T. Walling, of Circleville,

and Hon. W. E. Fink, of Somerset, in a

most able and acceptable manner, the re-

marks of the speakers eliciting frequent

bursts of applause.

The Democracy of Licking county had

a large and enthusiastic meeting at New-

ark on Friday. This night being cold and

damp, the people met in the large Opera

House, which was filled to overflowing.

Powerful speeches were made by Hon. A.

T. Walling and Senator Tipton, of Ne-

braska, which were received with shouts

of applause. Old Licking will give an

increased Democratic majority at the Oc-

tober election.

A Grand Democratic Rally.

The Democratic meeting at the Court

House, on Saturday evening last, was in

all respects a magnificent affair. The

large Court room was crowded to over-

flowing, and the greatest enthusiasm pre-

vailed. General Morgan presided, and he

introduced the distinguished speakers

(Hon. Lewis D. Campbell and Hon. Thos.

W. Tipton), as gentlemen who in former

years were prominent and influential

Republicans—Mr. Campbell having been

U. S. Senator from Ohio, and Mr. Tipton

having been a prominent Republican

U. S. Senator from Nebraska.

Mr. Campbell took the stand, and for

nearly two hours occupied the attention of

the people in a masterly discussion of the

living issues of the day—his remarks be-

ing principally confined to the currency

question. He vindicated the policy of the

Democratic party on this subject, in its

efforts to maintain the credit of the coun-

try, and bring relief to the manufacturing,

agricultural and laboring interests.

Senator Tipton followed in a telling

speech of about an hour, confined chiefly

to the reconstruction measures of the Re-

publican party, whereby they sought to

overthrow civil liberty in the South and

to establish a military despotism, in order

to keep the Republican party in power.

His description of the ridiculous and

grotesque features and workings of the

rights bill was graphic and amusing,

and called forth shouts of applause.

Both speeches were conceived in the

best spirit, and produced a lasting impres-

sion; and before the adjournment three

rousing cheers were given for the people's

favorite, Honest Bill Allen, the present

and next Governor of Ohio, and three

more for the distinguished speakers of the

evening.

The Pennsylvania Democracy

Met at Erie on Wednesday of last week,

and after an exciting session of two days,

named Hon. Cyrus L. Pershing, of

Schenck county, for Governor, and Hon.

Victor E. Piolet, of Bradford, for State

Treasurer. These are considered very

popular nominations; and from the fact

that the Democracy of the Old Keystone

State adopted the financial policy of the

Ohio platform, they are quite confident

that they will carry the State in November

by a large majority. The people of that

large Commonwealth feel down deep in

their pockets the terrible and blighting

effects of Radical misrule, and they are

determined to bring about a change of

rule.

An army of Jesuits are to be imported

into this country to attack our school

system. See our special Washington

dispatch. —Cleveland Herald.

This is all bosh and gammon. The only

"army" that is to be "imported into this

country," is an "army" of infamous Rad-

ical liars, and they are now at work in

Ohio, trying to deceive the people, and

divert their attention from the real issues

in this campaign. They have entirely over-

done this "Pop" and "Jesuit" business,

and a terrible reaction has commenced.

The people want more money and bet-

ter times, and to bring this about the "ar-

my" of Radical thieves and plunderers must

be driven from power.

The Reverend Hamilton is still

pouring his filthy and illiterate abuse up-

on our County Commissioners, but it has

just about the same effect as pouring wa-

ter upon a duck's back. Hamilton's ha-

ked of our Commissioner's is unbounded,

and it arises simply from the fact that the

Commissioners are honest men, who

would not allow themselves to be black-

mailed by Hamilton, nor permit him to

get his avaricious and thieving hands into

the County Treasury. This is why the

old heathen rages.

The Charley Ross investigation in

progress at Philadelphia does not pan out

as well as was hoped by some, and the

sensational stories about the family set-

ting will hardly ever be found; the mystery

will remain for all time to come. In a

few years the whole matter will be for-

gotten by all but the family and unless re-

vealed by some other means than a police

investigation, the world will never know his

and

Electioneering with a Bottle.

It has been our desire, during the present

campaign, to be fair and courteous

towards all the candidates on the Repub-

lican county ticket, and our columns will

bear witness that, hitherto, we have made

no unfriendly reference to any of them.

While such has been the course of the

BANNER, the Mt. Vernon Republican has

in each issue since the Democratic nomi-

nations were made, poured tirades of abuse

upon some of our candidates, and more

Hon. William Windom, U. S. Senator from Minnesota, spent Saturday and Sunday in Mt. Vernon, visiting among old friends. Mr. Windom, as many of our readers know, is a Knox county boy, having been reared in the neighborhood of Waterloo. He read law with Judge Hurd, and was elected Prosecuting Attorney in 1852. But he took Greeley's advice, "go West, young man," and soon became a Representative and afterwards a Senator from Minnesota.

Base Ball.

On Monday, the Athletic Base Ball Club, of Mansfield, came down to Mount Vernon to play a match with the Red Stockings, of this city. There was a pretty fair attendance of people at the Fair Grounds to witness the game, but not half the number that there should have been, in order to give our boys the proper encouragement to bring foreign clubs of celebrity here to show up the fine points of the National pastime. The Athletics outranked our club in point of physical development, and it was a foregone conclusion that the Reds would stand no chance whatever in the contest. But this to some extent was a mistake; for up to the beginning of the eighth inning the Reds kept the score of their more skillful opponents down to within the teens, and were only a few points behind them. But an accident occurred to the pitcher, and the Reds thought to better their chances by changing the positions of their men; but it was a disastrous mistake, as the Athletics succeeded in getting in ten runs on the eighth inning, as the result of the demoralization that followed in the ranks of the Reds. The ninth inning terminated in "goose-eggs" for both nines, and the final score stood—Athletics, 28; Reds, 9. Fahn, catcher of the Athletics, received a foul tip in the mouth, on the third inning that fell him to the ground, and necessitated a change of his position to the field. The Mansfield Club returned home on the evening train, clad with their success, of course, and greatly pleased with the courtesies of the Mt. Vernon Club and its friends. The score by innings was as follows:

Innings	1	2	3	4	5	6	7	8	9
Athletics	4	2	0	1	0	6	3	10	—
Red Stockings	0	0	0	0	0	0	0	0	9

Umpire—John Burns, Mansfield.

Sudden Death of C. J. O'Rourke.

The numerous friends of C. J. O'Rourke, Esq., of Brandon, were greatly pained to hear of his sudden death from heart disease, which occurred on Saturday morning last, in the 42nd year of his age. The facts, as we understand, were as follows: Early on that morning he went to his store as usual, in apparent good health, and he and his partner were engaged in opening the store and getting ready for the business of the day. His partner went out for a moment, and hearing a noise as something heavy had fallen on the floor, went in the store, and there he found Mr. O'Rourke prostrate upon the floor, but unable to speak. He gave a single gasp, and all was over. As may well be supposed this sudden death of one who was universally esteemed in the community where he had long resided, created quite a sensation, and great sympathy was expressed for his family. Mr. O'Rourke, while on his farm some weeks ago, fell from a sudden attack of heart disease, and soon rallied and recovered. He thought so little about it that he did not even mention the circumstance to his wife. The funeral took place on Sunday afternoon, and was largely attended by his friends and neighbors—many going from Mt. Vernon.

Mr. O'Rourke was married to a daughter of the late John Colopy, of Brandon, who still survives him, and by whom he leaves a family of two children.
Shelby County Democrat: Will some disinterested person please hand us a pitchfork? We want to stir up the Radical animals a little. They are getting rather lukewarm on the Pope of Rome business.

Northern Ohio Conference.

The Thirty-Sixth Annual Session of the Northern Ohio Conference of the Methodist Episcopal Church began on Wednesday, Sept. 25th, at Mt. Vernon, with Bishop W. L. Harris, who was formerly a member of the conference, as presiding Bishop. Rev. George Mather, of Fredericktown, was re-elected Secretary.

There are some two hundred and fifty ministers and laymen present—the large attendance being owing to the fact that the quadrennial election of ministerial and lay delegates to the next General Session, will take place during this session.

On Wednesday morning, the time was consumed by the appointments of committees for the transaction of business, and in the examination, in part, of the characters of Ministers.

A resolution was offered, proposing to reduce the number of Presiding Elders' Districts, which will doubtless call for a warm discussion.

Also, a resolution in regard to the secularization of the common schools, which was referred to a committee, and will come up for discussion during the session.

Rev. Drs. Reid, of New York; Kynette, of Philadelphia; Rust and Walden, of Cincinnati, prominent ministers and officers of the church, were introduced. Part have already addressed the Conference, and each will present the claims of the various departments of the church work which he represents.

Wednesday night, being the anniversary of the Church Extension Society, addresses were delivered on the subject by Drs. Reid, Kynette, Rust and Walden. A collection was taken at the close towards the erection of a Mission Church in Arizona.

To-night (Thursday) is the anniversary of the Missionary Society, when addresses will be delivered by Bishop Harris and Dr. Reid, of New York. The Bishop having recently returned from a tour around the world, visiting the various mission fields of the church he represents, his remarks will doubtless add largely to the interest of the occasion.

The interest of the Conference will probably culminate on Friday morning, when the election of Delegates is made the order of the day, at 10 o'clock. In this instance, as in politics, the candidates are considerably in excess of the various offices to be filled.

Bishop Harris will deliver a sermon in the M. E. Church, on Gay street, on Sunday morning next, and, as is customary, the pulpits of the several other denominations in the city will be occupied by members of the Conference.

The Conference will continue in session until Monday next, September 26th, when an adjournment will probably take place on the evening of that day.

Arrested for Forgery.

A young man named Thomas Hutchinson, formerly employed as a night clerk at the Rowley House, in this city, and who more recently clerked for Wm. Smith, who keeps a store at "Banged" station, near the Infirmary, was employed at various times to do small jobs of writing for the Infirmary Directors, being an expert penman. While thus employed, becoming familiar with the signature of the Directors, he cut out two blanks from the order book, and filled them up, one for \$125, the other for \$50, and forged the names of the Directors thereto. In making their settlement with the Auditor and Commissioners on Wednesday, these forged orders were discovered. An affidavit and warrant of arrest were at once made out and placed in the hands of Constable Rutter, who proceeded to Banged and arrested Hutchinson on Wednesday night. He acknowledged the crime, stating that he had spent all the money with the exception of \$69, which he loaned to Mr. Smith, and \$44.85, which he had on his person. These, amounting to \$113.85, Mr. Rutter recovered. Not being able to give bail, Hutchinson was committed to jail to await his trial for forgery.

Honorable Conduct of a Railroad Company.

Our reader will remember that in April last we gave an account of a terrible accident to Judge J. M. Coffinberry and wife, of Cleveland, resulting from the carelessness of the employees of the Lake Shore Railroad, upon the occasion of their return from Mt. Vernon, after witnessing the marriage of their son to the daughter of General Morgan. The accident was that of a painful character that will render Mr. and Mrs. Coffinberry cripples for life; and although the Judge had good ground for commencing an action against the Company for damages, he uniformly declared that he would not do so. For this reason the conduct of the officers of the Railroad was peculiarly honorable; for we understand that they voluntarily paid Judge Coffinberry \$18,000 in consideration of the injuries he and his wife had sustained. It affords us great pleasure to chronicle this act of the Railroad Company, especially when the belief is so general that "Railroads have no souls."

Cattle Killed by the Cars.

On Friday morning last, the through freight going East on the C. M. V. & C. R. Railroad, ran into a herd of cattle belonging to Mark Miller, and killed five head. It is claimed by persons living in the neighborhood who witnessed the scene, that the engineer did not sound his whistle to alarm the cattle, until within a few rods of them; and if he be true, his criminal carelessness is inexcusable. The damage done amounts to about \$100.

One of the causes of the "hard times" in the South is vaguely hinted at in the following, from the Atlanta Herald: "We saw, the other day, two hundred negroes standing around in idleness, and most of them in rags and squalor, steadily refusing to work at eighty-five cents a day. Day after day they appear there, in need of work, and day after day go off without striking a lick."

An exchange says: The very same fanatics who commenced the crusade against the beer-sellers, and who are engaged again in the 'sp' business now, are the men who are giving countenance and urging on the Know Nothing crusade against the foreign born citizens and Catholics. They will meet the same fate at the hands of the people that the temperance crusaders met.

Captain of a Schooner Lost.

Chicago, Sept. 11.—Captain Bain, of the schooner Onondaga, was lost in the gales on Lake Michigan last night. The Onondaga, at a late hour last night, was in a critical condition, and it is feared would go to pieces. Her captain was swept from the deck by a wave, and could not be recovered. The vessel with her crew of 20 men, and has on board a large cargo of coal from Buffalo consigned to this city by her owner, A. C. Taylor.

The Terrible Accident to Mrs. A. Bauman Norton.

As many inquiries have been made in regard to the recent sad accident at Chicago whereby Mrs. Norton, wife of our former townsman, Judge A. B. Norton, of the Union Intelligencer, Dallas, Tex., was seriously injured in being crushed by cars of the Michigan Central Railroad, and as contradictory reports have been made as to the scene and the track where the accident occurred, the following correct statement is given by the Chicago Tribune:

Judge Norton, wife, and child, in company with the Texas press excursionists, arrived in Chicago on the 5th, by the morning train of the Chicago & Alton Railroad. After dinner at the Tremont, some of the ladies and gentlemen concluded to take a stroll and view the lake, and the Judge, with his wife and child, walked to the foot of Van Buren street, and by the grass-plot in front of the Gardner Hotel sat down on one of the rustic benches, resting for a few minutes, observing different people promading on the avenue and crossing the railroad to the edge of the lake. When about starting to cross the track, they concluded to see the boats on the lake, the view being obscured by a long freight train of the Michigan Central. Through this train a large number of men, women and children had been constantly passing. No engine was attached to the train, nor was any switchman, brakeman, or other employee observed about it, and as it was the Sabbath day and so many were passing at that point, it was thought that the train was not to be moved that day. The Judge and his wife, after debating whether they should cross or not, as the length concluded to cross as others had done. With his little child he crossed the track to remain but a few minutes while the mother stood at the coping to help the child across. As the train was about to start, the Judge stood directing the child's attention to a boat in the lake, and the little fellow was laughing and shouting in great glee, when, without any warning or admonition, a side crash was heard, and Mrs. Norton's voice simultaneously pierced his ear, crying out, "Oh, Mr. Norton, my arm is cut off, and I am crushed to death." The child, hearing his mother's voice, and seeing her lying under the car, rushed frantically towards her, screaming loudly, and was just caught by his father in time to prevent his being crushed by the wheels of the car.

There was the bleeding arm on the side of the rail severed from the body, while the poor woman was being rapidly rolled over by the wheels of the car. The child, seeing his mother's head, limbs, and body within the rails and hug the ground close till the cars passed, and then threw out his arms in distress, calling for help. Men in sight on the tracks rushed to the scene to stop the train. Before it was stopped and the person of his wife rescued, she had been turned over several times by the brakes, catching in her dress and her face and body were much bruised. Assistance was principally rendered by worthy men in the employ of the Illinois Central, who helped draw her from her perilous position, and kindly assisted in placing her upon one of their flat cars, while their engine, No. 125, was quickly run up and attached by engineer Neeley, and it was taken back to Union Station, and on their life she was borne to St. Luke's Hospital, where she has since been under the best medical skill and treatment.

She was terribly bruised, and internal injuries have caused her recovery to be delayed at times. Her extraordinary fortitude, courage, and patience under suffering, coupled with an indomitable will, has surprised the distinguished medical gentlemen, Prof. Guntz and Dr. Hutchinson, having her in charge, and causes them to hope for her ultimate preservation. Though yet in a critical condition, she may be regarded as improving.

The Judge feels very grateful to many friends from far and near who have by telegrams, letters and in person, expressed their sympathy. Several of his relatives from his old Ohio home have come on to minister and comfort, and with numerous friends throughout the country, unite in praying for the restoration of his estimable and much-beloved wife to her home, family, and friends in Texas.
