AUSTIN A. CASSIDY'S LETTERS.

LOS ANGELES, CAL., Aug. 23, 1877.

EDITOR BANNER.—The favorite of the

Railroad Company in the San Joaquin

Valley is Merced, county seat of Merced

county, a place of about 1,200 inhabitants,

the county containing perhaps a little lar-

ger population than Stanislaus. The Rail-

road Company have here erected a magnif-

icent hotel, which is second to none out-

side of the "Bay."

Merced is the point of departure for Yo-

semite tourists over the Mariposa route.

Merced, like Modesto, has an elegant

Court House which cost about double as

much as the one at the latter place. All

the five county seats in the valley have

new Court Houses, of great similarity of

design, having been constructed from plans

furnished by the same architect, Bennet.

The one at Visalia is considered the finest

structure of the five. From Merced South

for hundreds of miles, with but few excep-

tions, the valley to all appearance is one

great barren desert. Not a sprig of grass

or anything green, no fence or trees, not-

ing to rest the eye or relieve the monotony

but stretching out as far as the eye can

reach, in one vast solitude. An arid plain,

baked and hard, and as bare as the middle

of a road or street. From its appearance

one would suppose that it is utterly in-
capable of producing any vegetation what-

ever, and yet at the magic touch of water

this desert will blossom forth, presenting

an appearance equal to the fairest portions

of earth.

At Borden, 175 miles from San Francisco,

irrigation has been applied to a limited

little value that they can be bought at—

almost a nominal figure. About 20 miles

from Bakersfield we leave the San Joaquin

Valley and enter the

TERACHIPI CANON,

or Pass, and commence the ascent of the

mountain ridge. Here begins some of the

most difficult engineering and tortuous

windings that I ever saw on a Railroad.—

At one point the Railroad passes through

a tunnel, and around a circular little moun-

tain climbing up its side and crossing it,

over the tunnel and 78 feet above the

grade at that point, the loop being 9,085

feet long. This is the only instance of the

kind in the history of Railroad engineer-

ing. The road makes so many turns that

at one place you can look back over five

almost parallel tracks, and after going ten

or twelve miles, look down almost beneath

you to where you started from. Thirty or

forty miles from Los Angeles, we pass

through the San Fernando tunnel, 6,676

feet long, and perfectly straight. When

the tunnel is free from smoke, a person

standing at one end can see clear through

it, but when we passed through, strain our

eyes as we would, we could not see through

after getting within about 1000 feet of the

other end, but everything was enveloped

in darkness. As we neared Los Angeles,

patches of green began to appear, and

signs of thrift and cultivation. The San

Fernando Mission Church looked quaint

and beautiful off to our right, surrounded

by vineyards, groves and waving grain.

Dusty and tired we greeted with glad-

ness the cheerful surroundings of Los An-

geles, 478 miles from San Francisco, and

the end of our journey.

Daring Robbery of the Aug-

laize County Treasury!

Thirty-two Thousand Dol-

lars Taken!

The Treasurer Bound, Gagged, Tortur-

ed by Fire, and Compelled to

Open the Safe.

WARREN, O., Sept. 6.—Last night

a daring robbery, unprecedented in the

history of Auglaize County for boldness,

was committed at this place. Lewis Myers,

the County Treasurer, at about ten o'clock

was wending his way homeward, to the

west end of Auglaize street, unsuspecting

of harm. Just as he got opposite the first

alley east of his residence three men cap-

tured him, by suddenly throwing a heavy

blanket over his head and pressing him to

the ground. Mr. Myers guessed their ob-

ject instantaneously, and attempted to

throw away his office keys; but his quick-

eye detected the attempt and pre-

vented it. They carried him back into the

alley, and guarded him until about

eleven o'clock. Then they carried him

bodily to the Court-house, unceremonious-

ly throwing him over the fence in the al-

ley east of R. D. Marshall's.

The back door was then broken open,

and the Treasurer carried into the hall

and bound to the wall by the wrists, and

refused even to open the office door, but

THE BANNER.

MOUNT VERNON, SEPT. 14, 1877.

Where You Can Buy the Banner.
The BANNER can be had each week, immediately after it goes to press, at the Bookstores of Taft & Co. and Chase & Cassil, and also at the News Stand of Jean Bassett, Curtis House.

FIRST GUN OF THE CAMPAIGN.

—The number of quail this season is reported to be very large. Old sportsmen say they have never seen so many flocks.

—We acknowledge the receipt of a complimentary ticket to the Pataksala, Licking county, Fair, which takes place on the 26th, 27th and 28th of September.

—We neglected last week to call attention to the advertisement of A. M. Stadler, who has opened a mammoth stock of new clothing at 109 Main street.

—Policeman Doc. Brooke, of Newark, was in town on Monday, and caused the arrest of several boys, who were guilty of stoning the night express train on the B. & O. road.

—Sheriff Gay lost an order numbered 123, issued by the Auditor on the Treasurer for \$132. The finder will be suitably rewarded by leaving the same either at this or the Auditor's office.

—Akron Beacon: The flagman at the railroad crossing has killed in the last eight days from 7 A. M. till 8 P. M., 1,877 freight cars which passed over the A. & G. W. and 495 on the C. M. & V. C. railroads.

—The Hyde Park House, near Chicago, was totally destroyed by fire on Tuesday night. Among the guests who lost their entire wardrobe was Mrs. X. L. Otis, nee Miss Adele Cooper, a former Mt. Vernon lady.

—The Hessian Military Band from Germany, will accompany the excursion to Chicago over the C. M. V. & C. R. and P. C. & St. L. railroads, giving a concert at Union depot, Columbus, previous to departure.

—"Don't you forget it." The excursion to Chicago next Tuesday, Sept. 18th, via C. M. V. & C. R. and P. C. & St. L. R. R. The special express train will leave Mt. Vernon at 1:50 P. M. Tickets good to return for ten days.

—At the Curtis House Cigar and News Stand among other novelties may be found the Matchless Cigar. Lighter, a most ingenious contrivance for lighting cigars and gas. It is a good thing and should be in the hands of every one.

—If that gentleman in Miller town, who pledged his word that if he was alive he would pay for his paper "by harvest," don't put in an appearance, we shall assume that he is dead, and proceed to give him a free obituary notice.

—The Richmond County Fair commences on the 18th and ends on the 21st of September. Some of the fastest horses in Ohio have been entered for the several purses. The B. & O. and other railroads will give excursion rates to those who wish to attend.

—Mrs. John Henegan received a dispatch from Olathe, Johnson county, Kansas, on Monday evening, stating that her husband who was at that place on business, was very low and not expected to live. She left on the early train Tuesday for Olathe.

—Died, Friday, the 7th inst., after a long and painful illness of Gangrene, David Bixby, aged 84 years. Deceased was one of the early settlers of Knox county, having come here in 1834. The funeral took place on Sunday from the Congregational Church.

—If you are a Democrat, and wish to take a free ride into the country and have a grand "spurge," just give a wink and a nod, a shrug of the shoulder and a mudge of the elbow to Mr. Oldbert, and he will furnish you with a most lively rig free gratis for nothing.

—We are informed the Hartford, Licking county, Fair, last week, was a grand success. The exhibition of horses, cattle, sheep, hogs, &c., was uncommonly large and good. Every thing passed off pleasantly. A great many Mt. Vernon and Knox county people were in attendance.

—We have a proposition from a party in New York to take a column of the BANNER for one year, for which we are offered an acre of ground somewhere up on Long Island. As we possess all the real estate we can possibly farm at present, we are compelled to decline this magnificent offer.

—The Prohibitionists of Licking county have nominated B. F. Rees for Senator, and Rev. E. Peters for Representative, with a full county ticket, except Prosecuting Attorney—passing by that office, because, as they allege, "all the lawyers in Newark drink!" But could the lawyers do otherwise, when they make their living by practicing at the bar?

—The "Wool Growers' Bulletin" is the title of a small monthly publication, issued at Steubenville, by the Ohio, Pennsylvania and West Virginia Wool Growers' Association, P. O. of H., at a low price of 50 cents per annum. It is full of facts and articles of the utmost importance to the wool interest of the country. Our fellow citizen, Joseph Love, Esq., of Berlin township, is President of this Association.

—It will be noticed by an advertisement in our paper this week, that the Baltimore and Ohio Railroad will also run an Excursion Train to Chicago on the 18th—fare \$5.00—return tickets good for ten days. As the C. M. V. & C. R. Excursion is free for the same trip, our citizens can pay tickets by one route, and then exchange with friends after reaching Chicago, and return by the other route—thus saving an entirely different section of country.

—Daring Highway Robberies.
Two highway robberies were committed on our town on Monday night, which for audacity and coolness equal the criminal acts of any city of the first class. And what makes the matter worse, the four candidates for the penitentiary reside in Mt. Vernon, and have been reared here since their youth, their names being Dan Lyman, Harvey Simmons, Bobby Curran, and Chas. Grim. On the evening in question, the first two named above, attacked and knocked down a peddler named Gallagher, near the B. & O. Railroad bridge, and then went through his "pack," taking a number of silk handkerchiefs and other articles. The fact coming to Policeman Weaver's ears he went in search of the offenders, and after some difficulty found and lodged Lyman in Jail, Simmons in the meantime having fled to avoid arrest.

—About 10 o'clock the same night, John Eastman, who is night watchman at the furniture factory of McCormick, Willis & Banning, while on his way to duty, was seized by two men on Vine street, thrown to the ground, his pockets ransacked, and some \$4 in money taken, when he was permitted to go. Curran and Grim were recognized as his assailants, by persons living in the neighborhood, and Grim was arrested and placed in Jail. Curran took alarm and fled away, but it is probable that both he and Simmons will be arrested before the week is over. The other two had a hearing before the Mayor on Tuesday, and were bound over to Court.

Important to Our Citizens.

The shops and tools of the manufacturing establishment heretofore known as the John Cooper Engine Manufacturing Company have been offered for sale by the gentlemen who bought them in a whole months ago. They are offered as a whole or piece by piece, and will, unless the enterprise of which we are about to speak is consummated, be sold piece at the time, and soon the whole thing will be torn to pieces, and all except the real estate be removed. There is a movement being made to have these splendid shops remain here; they are as finely and as completely equipped as any shops in the State, and it will be a shame on our town if they are allowed to go away when they can be retained by the subscription of a small sum. That sum is five thousand dollars.

The present trustees have made a proposition to set the real estate, pattern, tools, drawings and every thing connected with the concern, for thirty thousand dollars; this is about one-fourth the original cost. The Cooper Manufacturing Co. have agreed upon the price and terms for the purchase, and the matter can be accomplished provided the citizens will raise five thousand dollars to assist in the matter. We should by all means raise this amount, and it could be done in this town in two days if some of our live and enterprising men would take hold and put it through. There is one committee already at work, composed of J. M. Byers, James Rogers and Israel Green. These gentlemen are making an effort to put the matter through and our citizens should encourage them by subscriptions and work and secure the retention of this large and complete manufacturing establishment among us. Mr. John Cooper has made and lost his money here, and we would be glad to again see him established in the concern he started; with his indomitable energy we would soon see these shops started up and running in full force. Let us, then, not let it fail for lack of endeavor and assistance on our part.

—The Rev. George W. Pepper has declined the Workingmen's nomination for Representative, and the name of Isaac P. Larimore, of Milford, has been put on in his stead. It is understood that Mr. Larimore will also decline.
