GASDEN, ALA., Dec. 21, 1890.

accounts somewhat for the political

Deafness Can't be Cured  
By local applications as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deafness,  
and that is by constitutional remedies.  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the Eus-  
tachian tube. When this tube is in-  
flamed you have a humming sound or  
imperfect hearing, and when it is en-  
tirely closed, deafness is the result, and  
unless the inflammation can be taken  
out and this tube restored to its normal  
condition, hearing will be destroyed  
forever. The case out of ten are  
caused by catarrh, which is nothing but  
an inflamed condition of the mucous  
surfaces.

We will give One Hundred Dollars  
for any case of Deafness (caused by  
catarrh) that cannot be cured by Hall's  
Catarrh Cure. Send for circular, free.

As To Ohio.  
Cleveland Plain Dealer.

Ohio cast its electoral vote in 1892  
for Gen. Pierce for president. In 1892  
it went Democratic, and in 1892 it  
elected a Democratic ticket. In 1892  
the choice for a Democratic triumph  
is encouraging. The Democracy only  
needs thorough and efficient organiza-  
tion and the polling of their entire  
vote to give the Republicans a close  
fight, if not a great defeat. The con-  
dition of affairs in Ohio today is very  
much as it was in 1876, when the Re-  
publicans beat Samuel J. Tilden by  
only about 6,000 votes. There is abso-  
lutely no enthusiasm among the Re-  
publicans of the state in favor of Har-  
rison's re-election. The Foraker men  
do not like him, for in his distribution  
of patronage he has been governed  
solely by Sherman and Sherman in-  
fluences. The Foraker element can  
not expect any more favors in the  
future than in the past if Harrison is  
again chosen, for that old man of the  
sea, the tide of Mansfield, is still the  
dominating and controlling influence  
of Ohio Republicanism. The young ele-  
ment of the Republican party stands  
no chance of preferment or patronage  
so long as Harrison and Sherman have  
the control. Look out for glittering  
knives in November.

Some of the Republican papers of  
the country are publishing the man-  
ifestoes of old Murat Halstead of  
Brooklyn, once of Cincinnati, and  
crediting him with foresight and  
sagacity. Uncle Murat is the same in-  
dignant who wanted Gov. Chase to  
"take President Lincoln by the throat  
and bring him to his senses."

HILL'S GREAT SPEECH!  
The Senator From New York  
Right in Line

For Cleveland, Stevenson and the  
Democratic Platform.

Seathing Denunciation of the Mc-  
Kinley and Force Bill  
Measures.

There was a magnificent outpouring  
of Democrats at the Academy of Music  
Brooklyn, Monday night, September  
19, to listen to the opening of the cam-  
paign in the Empire State. The decora-  
tions were very attractive, the chief  
features of which were portraits of the  
candidates painted on banners of Japa-  
nese bamboo matting, fringed at the  
bottom and decorated with a border  
with shades of red, white and blue silk.  
There were twenty of these portraits  
arranged about the boxes and balconies.  
The stage was set as a forest scene,  
and beneath the overhanging canvases  
leaves sat 400 persons, among whom  
were most of the prominent Democrats  
of Brooklyn, and many of the leading  
lights of the party in the larger sister  
city.

When Senator Hill and other speak-  
ers entered the theater they were  
greeted most enthusiastically, the ap-  
plause lasting until the party had  
mounted the stage and taken their  
seats.

Chairman Thomas E. Pearson, of the  
campaign committee, called the as-  
semblage to order in a short speech,  
the most striking portion of which was  
this:

"The METTING CALLED TO ORDER.  
"Democrats everywhere in the State  
of New York are at peace among  
themselves and were never more thor-  
oughly united than they are at this  
hour. Let all Democrats unite in  
making the majority for Cleveland and  
Stevenson the largest ever given in the  
history of the Empire State."

Congressman W. J. Combs was then  
introduced as Chairman of the evening.  
Mr. Combs, after a few remarks,  
presented Senator David B. Hill, with  
the words "He is a Democrat," as the  
first speaker of the evening.

Cries of "Hill, Hill," were greeted  
him, and he sat down while New York's  
junior Senator arose and stood with  
smiling face, while the audience  
showered applause upon him. The  
Senator's voice was low and calm when  
he began, but gradually he warmed up  
and before a minute had passed he had  
uttered a phrase that carried wild ap-  
plause with it. This was when he said  
that before the Democratic National  
Convention at Chicago he was a Demo-  
crat and he was a Democrat still.

Mr. Hill's speech was listened to  
attentively. Only at long intervals  
was there interrupted applause. The  
exclamation of "Hill, Hill," however,  
was plainly noticeable as the Senator  
drew toward the close of his address.  
He had spoken for over an hour, and  
not once had he mentioned the name  
of Cleveland. He had called to his  
assistance in defending the attack  
on the tariff bill passages from Cleve-  
land's messages of 1887, but in each in-  
stance referred to the Ex-President as  
"He." The anxiety of his hearers was  
plainly apparent. The excitement in-  
creased as the Senator stated that the  
old guard would do its duty, and a per-  
fect hurricane of applause, yells and  
cheers broke forth when, after one  
grand phrase of deepest meaning, he  
closed with the names "Cleveland and  
Stevenson."

The Senator's ingenious way of  
bringing such a claim to a meeting  
was fully recognized and the audience  
rose on mass and cheered him to the  
echo.

SENATOR HILL'S SPEECH.  
"I am reminded of the fact that it  
was in 1854 that I had the honor  
of expressing to the intrepid Demo-  
crats of Kings county the sentiment  
that the Democratic party was the  
only party that stood for the people.  
Existing political situation I know of no  
more appropriate place than here to  
declare that I was a Democrat before  
the Democratic National Convention of  
1888, and I am a Democrat still. The  
Democratic convention of 1892 has passed  
its records as they are. The wisdom  
of its action is not now to be questioned.  
It was the court of last resort estab-  
lished by the people for the purpose of  
determining the conflicting interests  
and claims of candidates, States and  
sections, and its decision will be ac-  
cepted by all true and patriotic Demo-  
crats who recognize the necessity of party  
organization and discipline, and who  
believe in the obligations which he as-  
sumes in a membership. From this time forward  
imperative duties are imposed upon  
our Government, and I am a Demo-  
crat still. The Democratic party is the  
only party that stands for the people,  
and as such, and as to prevent un-  
equal burdens, encourage productive  
industry, and afford just and reason-  
able compensation to labor, but not to create  
or foster monopolies. These are the  
cardinal principles upon which the details  
of all tariff legislation should be based.  
"Our opponents profess to be much  
disturbed because we have in our plat-  
form the principle of 'Republican pro-  
tection' as a fraud. What else is it? It  
is a fraud for these conclusive reasons:  
"1.—It is secured by a palpable abuse  
of the taxing power of the govern-  
ment.  
"2.—It endures to the benefit of the  
few at the expense of the many.  
"3.—It is based upon favoritism of  
the worst species.  
"4.—It tends to create fictitious pros-  
perity by the use of the tariff as a  
policy of business depression.  
"5.—It is deceptive in its promises  
and unsatisfactory in its results.  
"6.—The principal beneficiaries con-  
stitute a privileged class, and their im-  
portunities for governmental aid lead  
to the creation of a vast and un-  
happy class of pauperism.  
"President Harrison and all the other  
great and small advocates of this  
vicious system diligently seek to create  
the impression that the Democratic  
party has assumed a bolder attitude  
than formerly and become an advocate  
of absolute free trade. I said in the  
campaign of 1888 in my opening speech  
at the Academy of Music in New York  
City that if I believed the Democratic  
party to be an advocate of absolute free  
trade I should not advocate its cause, and I  
repeat the statement here to-night. I in-  
sist that neither the Democratic party  
nor I have changed our position upon  
this question, but that we stand where  
we have ever stood. Tariff reform  
does not mean free trade. Our oppo-  
nents misrepresent our position now as  
they have done ever since the famo-

ers, while the other believes that under  
that clause the powers of Congress are  
substantially unrestricted and limited  
only by its wise discretion. Starting  
out with different views of the consti-  
tution, the two parties naturally have  
different theories of the proper govern-  
ment, especially from the all-important  
subject of federal taxation. A division  
upon the tariff question was inevitable.  
"The Republican party advocates the  
doctrine that the government has a  
constitutional as well as a moral right  
to impose tariff duties for the purpose  
of enlarging the building up of the  
country, and that the government has a  
duty to impose such duties as may be  
necessary to support the government  
economically administered. This is the  
precise issue squarely stated.

UPHOLDS THE PLATFORM.  
"The Democratic National platform  
gives no sound upon this subject and  
correctly states the true position of the  
party. It denies the constitutional power  
of the government to impose taxes for  
other than public purposes. It correctly  
and substantially states the Democratic  
faith. It insists that no tariff can be  
imposed without a warrant can be found  
in the constitution for the imposition of  
tariff duties to aid private industries,  
but that a tariff is constitutional only  
for the purpose of raising revenue, or  
not, or whether it is practicable to have  
the question properly raised or  
decided, the system itself is vicious in  
the extreme. It is unjust to the people,  
and contrary to the spirit of our free insti-  
tutions. A tariff bill upon its face us-  
urps the right of Congress to provide  
the means for the support of the govern-  
ment, and whether it is to provide the  
means for the support of the govern-  
ment, and whether the duties are high  
and low, reasonable or exorbitant,  
it is not the business of the courts to  
impose for the courts to say that the  
purpose of the measure was not solely  
to provide revenue for the government,  
but that the true object of the measure  
was to protect private industries, or  
framers was or whether or not the treas-  
ury may already be overflowing.

"I have not the time to-night to  
enter into a detailed discussion of the  
details of this bill. It is sufficient  
for us to know that the only pur-  
pose of the measure is to control, for  
partisan advantage, our elections, State  
and federal. Federal elections cannot  
well be regulated and controlled with-  
out interference with State elections—  
they are almost inseparable where they  
are held at the same time. The exist-  
ing federal election law, as its propo-  
sitioners admit, is a dangerous and  
unjust measure, and the danger of the  
enactment of the force bill, have  
already compelled several States to  
separate their State elections from  
Congressional elections. The measure  
at large expense and great inconve-  
nience to the people. Our election  
managers are costly enough already, and  
our

## Cleveland's Letter of Acceptance.

Which appeared in the daily papers of Tuesday, is one of the most complete, powerful and convincing documents that have ever emanated from an American statesman. We regret that we have not room for it in this week; but it will appear in full in the next issue of the BANNER. In terse, clear, patriotic and overwhelming language, he presents the issues of the day to his countrymen in such a bold and fearless manner, as to carry conviction to every heart.

HURON FOR GROVER CLEVELAND, OUR NEXT PRESIDENT!

## The Ohio Republicans Alarmed.

The Republicans started out at the opening of this campaign with the conviction that Ohio was safe for Harrison and their ticket, that they could afford to send Gov. McKinley and their other "big gun" into other or more doubtful States. All of a sudden, however, they have been startled and alarmed, and they declare that McKinley must cancel his engagements in other States and put in the balance of his time in Ohio, or else the State may vote for Cleveland and Stevenson.

The Governor had a trip through Missouri planned, and he was exceedingly anxious to visit that State, he having made a personal promise to Major Wain, the candidate for Governor, that he would visit him in that State, to assist his personal and political friend in the canvass. But the Ohio Republican Committee has served notice on McKinley that he is needed at home and must give substantially all his time to carrying the State for Harrison and Taylor. Senator Sherman has been called to the aid of the Ohio Committee and arrangements have been made to parade McKinley before the State for twenty speeches, an undertaking that will certainly prove a severe task for one of his age. Ex-Governor Foraker has also been urged to go on the stump, and he will be sent into the 14th district next week, speaking at Shelby on Friday and Lorain on Saturday. This indicates that Ohio Republican managers are very much worried over the McKinley campaign, and that they are not at all confident of success without him.

There is no danger of Blaine making such a speech for the Republicans as Hill made for the Democracy.

KOSUTH says he will never return to Hungary while it acknowledges the Austrian Emperor as its King.

An effort will be made to have Senator Hill speak in Ohio. Gracious Goodness, wouldn't he draw a crowd.

At St. Paul, on Saturday, the heat was so oppressive that Isaac Hannah fell down in his place of business from its effects.

The announcement is made that Minister Egan is coming home. His services are probably needed on the stump for Harrison.

Gov. GRAY predicts that Indiana will give a majority for Cleveland and Stevenson. The Governor knows what he is talking about.

REPUBLICANS no longer count upon Democratic disaffection in New York. Senator Hill's great speech placed a quietus upon that subject.

The Louisiana Lottery is still engaged in a scheme to gain a foothold in North Dakota. Uncle Sam will probably have something to say on this subject.

The Rev. T. de Witt Talmage has returned from his three-months' preaching tour of Europe. He says the famine in Russia is not yet over.

After reading Gov. Hill's great speech, printed in this issue of the BANNER, loan the paper to your Republican neighbor, that he may read it also.

The South Carolina Democracy are solid for Cleveland and Stevenson. No third party can find a foothold there. The same may be said of all the Southern States.

CHARLES MITCHELL, the English wind, bag, is anxious to fight Jim Corbett for a purse of \$20,000. He had better get his life insured, if he goes into that kind of sport.

COMMITTEEMAN HAIN is going to send Andy Flickinger to stump the State of New York. He thinks Flick will scare the "Tammany tiger" out of his skin. Oh, dear!

PRESIDENT CARNOT, of France, has pardoned Edward Parker Deane, an American, who shot and killed a Frenchman named Abellie, whom he caught in his wife's bed room.

The able head-liner of the Columbus Journal can work up quotations from Shakespeare, Byron and others, at pleasure, as captions for dispatches about current events. He is a dandy.

The police of Greenville, Ohio, are doing noble work in capturing thieves and burglars, who have been the terror of the town. Thirteen have already been captured and more are to follow.

The Republic of France celebrated its one hundredth anniversary on the 22d inst. in magnificent style. Minister Carnot delivered an eloquent address. The loyalists were conspicuous for their absence.

JUSTICE LAMAR, of the United States Supreme Court, was stricken with paralysis last week at Mt. Washington, where he was attending his sick wife; but it is believed the attack is not of a serious character.

The Grand Army Veterans, at Washington, last week, by a unanimous vote, adopted a resolution, expressing sincere and heartfelt sympathy for President Harrison, on account of the serious illness of his wife.

CHAIRMAN CARTER, of the Republican National Committee, went the other night to see Lottie Collins throw her heels over her head in New York. This has greatly shocked brothers Harrison and Wainmaker.

ABOUT fifty persons have been made sick in Cincinnati by using milk that came from Threlmeyer's dairy. The dairy itself appears to be all right, but it is supposed that the cows drank impure or stagnant water.

The Democratic poll in Indiana shows a majority of 18,000. This has greatly disheartened the Harrison leaders in that State. All that is necessary to carry the State is to get out every Democratic voter.

The Republican papers are pouring out streams of abuse upon Senator Hill, Bourke Cockran, Richard Croker and Lient-Guy, Sheehan, all Democratic leaders in New York, who were opposed to the nomination of Mr. Cleveland, and are now earnestly supporting him. Go on, gentlemen, such abuse only strengthens the Democratic party. "Whom the Gods wish to destroy they first make mad."

## POLITICAL MOVEMENTS.

The People's Party of Tennessee have endorsed the candidacy of Governor John P. Buchanan as an independent candidate for Governor. The Iowa Democratic State Convention nominated for Secretary of State, Col. J. H. McCool; Auditor, S. P. Vandike; Treasurer, Chas. Vinegitz; Attorney-General, Judge Ezra Willard; Railroad Commissioner, W. G. Kent; Presidential Electors at Large, Judge Nathaniel French and W. W. Wilmer. The selection of United States Senators by popular vote was urged.

Republican meetings in this State are announced as follows: Hon. John Sherman, North Fairfield, Friday afternoon, Sept. 30; Gen. M. D. Leggett, Fremont, Friday afternoon, Sept. 30, near Cambridge, Thursday, Oct. 6; ex-Gov. J. B. Foraker, Sept. 30 and Oct. 1, in the 14th Congressional district. Hon. S. M. Taylor, Cadiz, Friday, Sept. 30.

The People's Party of the 10th district have nominated Al Agee for Congress, and John C. Stevenson for Elector. Gen. W. H. Enoch is the Republican and Hon. Irvine Hughes the Democratic nominee.

The Prohibitionists of the 6th (Williamington) district, have nominated Rev. Nathan Crabtree for Congress.

The Democracy of the 14th (Muncie) district have nominated Hon. Milton Turner for Congress. He is a one-armed soldier, who faithfully served his country in the civil war, and is a sound and reliable Democrat.

## A Daring Outrage at Columbus.

A respectable colored woman of Circleville went to Columbus on Saturday evening to visit a sister, and arriving after night she became bewildered and lost her way. She inquired of some men on the street for her place of destination, but instead of giving her correct information, they forcibly dragged her to a room over a saloon and five of the brutes repeatedly ravished her in the most shocking and outrageous manner; then turned her into the street more dead than alive. Her screams were heard and policemen took her in charge and conveyed her to a hospital. After describing the place and the men who violated her five fives were arrested and imprisoned. The affair has created intense excitement in Columbus, and the colored people of the city were ready to visit much lawlessness upon the offenders; and had it not been for the efforts of the Rev. Poindeux and a few other cool heads, they would have done so. The devil deserves, and it is to be hoped will receive, the severest punishment known to our laws. Through the prompt action of the perpetrators of the crime have been captured and identified by their victim. They are Benney Down, John Rhodes, Henry Burns, Pat Moran and Mike Gallagher, all toughs of previous notoriety.

## Anxious to Leave the World.

Charles Stevens, a well-known young printer, of Franklin, Ky., committed suicide by blowing his brains out last Thursday. He had been drinking heavily for several days.

Private Henry Elliott, of Co. D, U. S. Army, Columbus barracks, committed suicide by taking morphine on the 21st. No cause assigned for the act. He lost his mind in gambling.

Harry Smoots, sentenced to be hung Oct. 7, for the murder of Miss Susie Fernald, of Shepherdstown, Va., committed suicide by taking morphine in the jail at Charleston, one night last week. How he obtained the poison is a mystery.

Miss Daisy Bailey, of Ridgway, Cuyahoga county, took her life by poison a few days ago, being driven to the act, as she declared, by brooding over the ex-slavery of the country. It is not impossible that in spite of the legislative gerrymander which places him in a district with nearly 2,000 Republican majority, the united vote of the ex-slavery will send him back to Washington by a majority.

## Senator Hill at Albany.

There was an immense Democratic meeting at Albany, N. Y., on Saturday night, which was addressed by Senator Hill, Lieut-Gov. Sheehan, Herbert P. Bissell, John T. Graves, of Georgia, and others. The enthusiasm was never equalled in Western New York. 6,000 people were inside of Music Hall, and as many more listened to loud-speakers outside. The Republicans found fault with Hill's Brooklyn speech because he did not mention Cleveland's name until the close. What will these fault-finders say when Hill reversed the order of things at Buffalo, when he opened his speech in these words: "I am here to-night to aid in the promotion of Democratic principles, and to advocate the election of Grover Cleveland and Adlai Stevenson."

This was received with tremendous applause, which lasted several minutes. Hill is all right.

## An Indictment Against Peck.

A dispatch from Albany, N. Y., Sept. 21, says that Labor Commissioner Peck has been indicted by the Albany county grand jury for destroying the official reports upon which his Republican campaign document was alleged to have been founded. A significant fact came out that the Republican State and national committee have stopped the giving out of Peck's report. They were warned by prominent State Republicans, who know Peck, to handle the subject gingerly when it first appeared. A report had been in circulation, though not upon any authority, that the national committee knew all about Peck's report and its contents several days before it was given to the people.

## Daring Daylight Bank Robbery.

Three daring robbers entered the Bank of Ticonderoga, Wash., on Saturday, and with drawn pistols pointed in the face of Cashier Abernethy, compelled him to keep quiet until one of the number took the coin and notes in the safe, shoved the money in a canvas bag, threw it over his shoulder and made for the street, where two confederates were on guard. The five highwaymen mounted best horses, and rode out of town, firing in every direction, and trying to destroy the officers. They were immediately organized to capture them. The gang were dressed as cowboys. Cashier Abernethy was badly wounded by one of the desperadoes.

## Hill's great speech in Brooklyn.

Hill's great speech in Brooklyn, which will be found in this week's BANNER, has given unbounded satisfaction to the Democracy all over the country, and it has had the effect of removing all doubts from the minds of the rank and file of the party as to the triumphal election of our noble standard-bearer, Cleveland and Stevenson in November. The grand old Democrat is a man of strong convictions, and all that is necessary to secure complete and overwhelming success, is thorough organization, so as to bring out every voter to the polls. This is a work that the committeemen in every county, township and school-district must feel to be their imperative duty to attend to.

## A Chapter of Railroad Disasters.

The past week has been noted for its numerous terrible railroad disasters. The wreck on the Pittsburgh, Ft. Wayne and Chicago road, at Shreve, a brief account of which was given in last week's BANNER, by a telephone message from a Montreal correspondent, was worse than at first reported. It seems that the engineer of a west-bound freight train passed at his post, and hearing a train pass he supposed it was No. 8, for which he was waiting, and started on his journey West, No. 8, which was behind time, and was running at a rate of 60 miles an hour, to make up for lost time, came dashing along, and crashed into the freight, causing the worst wreck that ever occurred on the Ft. Wayne road. Twelve persons were killed outright, mostly postal clerks and employees of the road, and eight others badly injured. Two postal cars, filled with through mail, took fire and were consumed. Several persons who were penned up in the wreck, were burned alive. It was a heavy loss to the company.

## WRECK ON THE SANTA FE ROAD.

A party of devils incarnate put obstructions on the Atchison, Topeka and Santa Fe railroad, three miles east of Osage City on Wednesday last week, for the purpose of wrecking the train and killing the passengers and employees, in the hope of securing \$1,000,000, belonging to the Mexican Central railroad, which was being forwarded to the company's headquarters in Boston. While the wrecking work was accomplished the devils failed to secure the money and made their escape. As a result of derailling and smashing the cars, four persons were killed and some twenty injured. The Santa Fe officials have offered a reward of \$1,000 for the arrest of the wrecking party, and if the law is caught they will in all probability be lynched by people in Kansas.

## ON THE N. Y. & P. O.

A disaster occurred on the New York, Pennsylvania and Ohio road on the 21st, at Cortland, O., when a work train crashed into a passenger train. Conductor Moore and Engineer Howe, of Meadville, and all the passenger crew, were most shocking and outrageous manner; then turned her into the street more dead than alive. Her screams were heard and policemen took her in charge and conveyed her to a hospital. After describing the place and the men who violated her five fives were arrested and imprisoned. The affair has created intense excitement in Columbus, and the colored people of the city were ready to visit much lawlessness upon the offenders; and had it not been for the efforts of the Rev. Poindeux and a few other cool heads, they would have done so. The devil deserves, and it is to be hoped will receive, the severest punishment known to our laws. Through the prompt action of the perpetrators of the crime have been captured and identified by their victim. They are Benney Down, John Rhodes, Henry Burns, Pat Moran and Mike Gallagher, all toughs of previous notoriety.

## Two passenger trains on the Mount.

Two passenger trains on the Mount, one of the Pennsylvania Railroad came together on the 21st, wrecking both engines and several coaches. A fireman was killed and several others were injured.

## A disastrous wreck occurred on the

Burlington between Sibley, Iowa, and Ocheyedan on last Wednesday night. An east-bound freight train was derailed by the track giving away and the engine and sixteen cars went down a steep embankment. Three unknown persons, immigrants, were killed.

A freight train on the Chicago and Great Western road, ran into a caboose of a construction train at New Hampton, Iowa, on Saturday, killing seven persons, and dangerously injuring several others. The engineer and fireman on the freight train, after reversing the engine, jumped off and saved their lives.

A wreck occurred on the Rock Island road, near Davenport, Iowa, on Friday, similar to the one at Shreve, last Thursday. The engine and several cars were derailed, and the company's loss, however, was \$50,000.

An east-bound freight train on the Burlington road, jumped the track between Sibley, Iowa, and Ocheyedan, last Friday night, precipitating the engine and sixteen cars down a ten-foot embankment. Three immigrants were killed.

## The announcement is made that the

Republicans have employed the notorious John Davenport of New York, and the still more notorious F. M. Mar- of Philadelphia, two of the most desperate and dishonest politicians in the country, to manage their boodle campaign in the city and State of New York. This means double-distilled villainy. Martin is the leader and manager of the thugs, ballot-box stuffers and repeaters in Philadelphia, and would have been in the Penitentiary long ago, but he has been protected by a number of party leaders in the worst governed city in America.

## There is a racket among the managers

of the World's Fair at Chicago as to who shall have the honor of entertaining President Harrison when he goes to that City. On motion of Gordon W. Allen of Chicago, the committee on honor was assigned to President Higginbottom of the Directory, who lives in elegant style and is well prepared to entertain the head officer of the Government. This greatly angered President Palmer of the National Commission, who wants to monopolize that honor himself, as he wishes to entertain the President in a crowded hotel. The trouble is not yet settled.

## JAMES G. BLAINE, who was defeated

for the Presidential nomination of his party at Minneapolis, says he is "sick and tired of politics," and did not even go home to register or vote at the late election. On the other hand, Senator Hill, who was defeated for the nomination for President at Chicago, says, "I am still a Democrat, and earnestly and eloquently urges his friends to vote for Cleveland and Stevenson for President and Vice President. This is the difference between the two men. Blaine is sulking, while Hill is on the stump working for the success of his party.

## TALK WITH TAYLOR.

Democratic Candidate for Secretary of State.

During a Brief Visit to Mt. Vernon, Saturday.

Col. W. A. Taylor, the brilliant political writer, who has been in the States, "W. A. T." are familiar to every reader of that great journal, was in town over Friday night on his way to Independence, Richmond county, where with the Hon. M. D. Harter he addressed a large mass meeting of Democratic Saturday.

Col. Taylor also enjoys the distinction of being the Democratic standard-bearer in Ohio this fall and there is the very best of reasons for believing that he will be elected Secretary of State.

During the short time he was in Mt. Vernon he was called upon and met many of the prominent citizens of the town and county, of both leading parties, who expressed the hope that he would be successful in the coming contest.

Knowing that Col. Taylor had canvassed more than one-half the counties of the State, the BANNER sought an interview with the gentleman concerning the outlook and prospects of Democratic success, both for the National and State tickets.

The information derived was exceedingly gratifying, and will be perused with unusual interest by readers of the BANNER. The conversation was as follows:

"What is the outlook in the State?" was asked.

"I regard it as quite favorable to Democratic success—unusually so. Any Democrat who fails to go to the polls, votes against the Democratic ticket, or abstains from actually participating in the election of a Democratic President."

"Then you regard the election of Cleveland as a foregone conclusion?"

"I do not think so. There are the strongest reasons for saying that he will receive the electoral vote of Ohio—he certainly will in the full Democratic vote of the State last year. I have no doubt but that in this county as in others, there are many Democrats who will vote the Democratic ticket, especially among the farmers and workmen."

"You seem to think, then, that the farmers are tired of McKinley?"

"Why, no, I don't think they are. They have been deceived and humbugged long enough in all conscience. To enlist them in the business of millionaire-making, farcical tariffs were placed on many farm products—sugar, wheat, corn, etc.—and the result was a loss to the farmer of 50 cents a bushel on wheat, 10 cents on corn, and 50 cents on oats, and the like."

"Gov. McKinley went about the State last year with much dramatic flourish, declaring that for the first time in the history of the country the farmers were protected, and were going to get remunerative prices for their products. 'I am willing,' said Gov. McKinley, 'that the farmers should judge of the merits and benefits of the McKinley tariff by the prices they receive for their products.'"

"I think they have made up their minds and will render judgment on the 8th of November. Word sold from 20 to 25 cents some farmers a shade above the latter's school at Mount Auburn, Cincinnati."

Hon. W. E. Sefton, President of the Canton City Council, was in town several days this week visiting friends.

NEWARK, Ohio, April 28th, 1892.

Hand Medicine Co.

GENTLEMEN:—My first child was suffering from teething and was very restless. We used a number of different preparations without obtaining any relief when Dr. Hand's Teething Lotion was recommended to us by a friend. I used it and the child was instantly relieved. I can recommend it to every mother with teething children as a most valuable remedy and perfectly harmless. I can testify that I have had no recent child from whom I have not obtained relief in the time when it is most alarming and distressing. I have also used the Lotion with excellent results. I have also used the Lotion with excellent results. I have also used the Lotion with excellent results.
