### A Scene in School.

Two boys were in a school room alone together, when some fireworks, contrary to the master's express prohibition, exploded.

ploded. One boy denied it; the other, Ben. Christi, would neither admit nor deny it, and was severely flogged for his obstinacy. When the boys got alone again

"Why didn't you deny it?" asked the real offender.

"Because there were only we two, and one of us could have lied," said Ben.

"Then why not say I did it?"

"Because you said you didn't, and would spare the liar."

The boy's heart melted. Ben's moral gallantry subdued him.

The school assembly, the young culprit marched up to the master's desk and said:

"Please, sir, I can't bear to be a liar. I let off the squibs; and he burst in tears."

The master's eye glistened on the secret of the deed, and the undeserved punishment had inflicted on the other boy, another conscience. Before the whole school-hand-in-hand with the culprit, as if at the other boy were joined in the confession, the master walked down to where young Christie sat, and said aloud—

The school was hushed and still, the older schools are apt to be when something true and noble is being done; so still, the might almost have heard Ben's big-brother's tears dropping on his book, as he sat enjoying the moral triumph which subdued himself as well as the rest. And when from want of anything else to say, he gently cried, "Master follow!" The loud chant of the schoolmen filled the

man's eyes with something behind his  
spectacles, which made him wipe them  
before he sat down again.

L. HARPER, Editor and Proprietor.

No. 5 Kremlin, Monument Square.

MOUNT VERNON, OHIO.

FRIDAY MORNING, OCT. 13, 1882

"Oh, 'twas a famous victory."

The Democrats have come back to stay.

Ohio has spoken in thunder tones. Now for New York and Pennsylvania.

The Tariff Commission seems to be principally listening to interested parties.

Charley Foster will now take 'em straight, without any admixture of lemonade.

Since Foster's political death, who will lead the Republican party to defeat hereafter?

C. Foster, dealer in calico, will shortly resume business at the old stand, Fostoria, Ohio.

The State Journal says that the Republicans were "surprised" and "puzzled." Just so.

The entire Egyptian export of cotton, breadstuffs, and wool is a little less than \$75,000,000 per annum.

Hon. Wellington Stillwell, (Dem.) is elected Judge in the Holmes district, by a majority of 3000 over Voorhes, renegade.

The Connecticut Democrats in Convention at Hartford, nominated Thos. M. Waller, of New London, for Governor.

Cornell gives New York to the Democrats by 50,000 majority. That will do, though the majority may reach 75,000.

A report comes from Bellaire that Dr. Updegraff, Republican Congressman-elect in the 17th district, died on Wednesday.

No men in this city, eye of the world, should attempt to do business without advertising. It is like making butter without cream.

The Michigan Republicans are waking up to the idea that there is work before them and plenty of it between now and November.

A court of inquiry in regard to the cause of the loss of the Jeannette (Bennett's Arctic expedition boat) is now progressing at Washington.

Congressman S. S. Cox is of the opinion that Cleveland's majority will be so large that he will be elected without the vote of New York City.

Mr. R. B. Hayes, the gentleman man who drew President Tilden's salary for four years, without a written order, has just passed his 60th year.

It is claimed at Washington that sufficient evidence exists to convict Dickson, foreman of the Star Route jury, and send him to the penitentiary.

Of the dozen daily papers printed in different languages in Buffalo, only one the Commercial Advertiser, fails to support Mayor Cleveland for Governor.

It is predicted that Gen. Bates, the regular Democratic nominee for Governor of Tennessee, will be elected by at least 20,000, and perhaps 30,000 majority.

The French and English directors of the Suez Canal are said to have come to a complete agreement in favor of the improvement and enlargement of the canal.

The iron workers in the Globe and Anchor Mills at Newport, Kentucky, have stopped work on account of a difference with the proprietors as to construction of price list.

The idea is going abroad that Senator Jones, of Nevada, will become Secretary of the Treasury. Senator Jones has done some fishing along with the President.

The only saloons bought in Knox county were bought by the Republicans, where "free whiskey" and "no Sunday" were the leading features during the campaign.

The State of Delaware went Democratic, by a small majority, at the late election, notwithstanding the efforts of the Guitau Administration to corrupt voters.

Rufus Porter, founder of the Scientific American, has been passing his ninth summer in perfecting a steam farm wagon invented by him, that weighs 400 pounds.

General Billot, French Minister of War, is said to have gone to London as Minister Plenipotentiary in connection with the settlement of the Egyptian question.

Secretary Frelinghuysen, is again rumored in Washington, will shortly succeed Mr. Lowell at the Court of St. James, and the State Department is to be turned over to Mr. Conkling.

Charles Foster, to quote the language of the late John Randolph, of Roanoke, "shines and he stinks and he stinks and he shines, like a rotten mackerel by moonlight."

Gov. Foster having succeeded in putting down the "Liquor Dealers' Rebellion," (in a horn) he will now be anxious to cultivate the friendship of the men he has recently been abusing.

The tail of the comet has divided into three sections, which are reported to be 2,000 miles apart. The comet is about as badly torn up as the Republican party in New York and Pennsylvania.

The business failures for nine months of 1882 compared with the same months of 1881, are 1,300 as against 1,024. The liabilities are nineteen millions for this year, as against a little over ten millions in 1881.

Hon. Alexander H. Stephens (Dem.) has been elected Governor of Georgia by a majority of 60,000. He has sent to the present Governor his resignation as member of Congress from the Eighth district.

The New York Sun recommends the Republicans to nominate William A. Wheeler for Congressman-at-Large, and then adds: "The ticket would be headed by Contemporary Forgery and tailed by Historic Fraud."

## OHIO DEMOCRATIC!

### UNPRECEDENTED VICTORY!

### 30,000 Majority!

—FOR THE—

### DEMOCRATIC STATE TICKET!

### Fifteen Democratic Congressmen Elected!

The election on Tuesday was a Waterloo defeat for the Republicans. They were whipped, routed, overwhelmed! We expected victory, but did not look for a deluge or an earthquake! We have no room this week for details. Suffice it to say that the entire Democratic State ticket is elected by a majority of about THIRTY THOUSAND! And notwithstanding the State Legislature gerrymandered the Poles so as to give the Democrats but four or five of the Congressional districts, yet the Democracy, by courage, energy and united work, carried 15 of the 21 districts in the State! This is glory enough for one day—yes, for a thousands days!

The following Democratic Congressmen are believed to be elected:

1st District—John F. Follett.

2d—Isaac M. Jordan.

3d—Robert M. Murray.

4th—Benj. LeFevre.

5th—George E. Seney.

6th—William D. Hill.

7th—Frank H. Hord.

12th—Lawrence T. Neal.

13th—George L. Converse.

14th—George W. Geddes.

15th—A. J. Warner.

16th—Beriah Wilkins.

18th—J. W. Wallace.

20th—David B. Paige.

21st—Martin A. Foran.

The Republicans have elected the following Congressmen:

7th—H. L. Morey.

8th—J. W. Keifer.

9th—James S. Robinson.

11th—J. W. McCormick.

17th—J. T. Updegraff.

19th—E. B. Taylor.

The Republicans expected to sustain losses in Cincinnati, Cleveland, Columbus, Toledo, and other large cities, but they hoped to make heavy gains in the "rural districts," where the "Temperance Democrats" would rush into the arms of their corrupt and dishonest party; but the great gains for the Democracy were confined to no locality. They extended to nearly every county in the State, and were the most marked in localities that are free from saloons and the bumper element. All of which goes to show that this was a VICTORY OF THE PEOPLE, over fanaticism, dishonesty, and unconstitutional legislation.

In bringing about this wonderful revolution the Democracy are indebted to a large body of sincere and conscientious men who have heretofore acted with the Republican party. They have left that party for good, and have burnt the bridges behind them. We receive them into the ranks of the faithful, honest, liberal-minded Democrats; and, with their aid and co-operation, we expect to elect a Democratic Legislature in 1883 and a Democratic President in 1884.

### NINTH DISTRICT.

Unofficial figures, from Republican sources, show the following majorities in this (Ninth) District:

FOR ROBINSON

Morrow..... 200

Hardin..... 388

Union..... 630

..... 1218

FOR FOWELL

Marion..... 780

Delaware..... 99

Knox..... 838

Robinson's majority..... 380

"The Columbus Journal parades "Governor Foster's opinion" of the result. Who cares about Foster's opinion anyhow? It doesn't amount to a hill of beans! Foster is a played out fraud.

Charley Foster avows his purpose to proceed with the "temperance" crusade, which means that he wishes to be thoroughly avenged on the Republican party.

There was an all-day Republican prayer meeting in Columbus on Tuesday. But the Almighty did not listen to the prayers of hypocrites and political tricksters.

There has been but little Democratic stump oratory in Ohio this year. Most of the work was done by the Democratic press, and it was well done.

The Cincinnati Commercial (Rep.) has discovered that "riding two dead horses in a political race is not a winning way.

### Brutal Murder and Robbery at Cincinnati Saturday Night.

Mr. Arthur W. Ross, member of the firm of Ross & Lytle, coal dealers of Cincinnati, was found murdered early on Sunday morning, between his house and the Railroad depot at Glendale, a suburban village of Cincinnati. He was lying on the side of the road, with a basket on his left arm and a revolver in his right hand. His pocket book was gone, and his watch had been taken by wrenching off the chain, part of which was left hanging to his vest. His head was beaten to a jelly. Mr. Ross was a member of the Board of Commissioners of the Exposition. He was on the Committee on Space, and he was devoted to his attendance at the Exposition. He was a member of the Coal Exchange of Cincinnati, and was Treasurer of that body. On Saturday night, after the Exposition had closed at 10 o'clock, the Commissioners held a social meeting in their room, which lasted until after 11. At about midnight Mr. Ross took the train for Glendale. Where he arrived between 12 and 1 o'clock, and started alone from the depot for his home. Glendale is on high ground west of the Cincinnati, Hamilton and Dayton Railroad, fifteen miles north of Cincinnati. The avenues are winding and sparsely lighted, and the grounds are covered with shrubbery. Mr. Ross leaves a wife and two children. It is supposed that the weapon used by the murderer was an iron rod, and that the deed was done in great haste, detectives think by negroes. The Corporation of Glendale has offered \$5,000 reward for the arrest of the murderer. The villages of Hatfield and Wyoming each \$200 reward, making \$5,400 in all. The robbers did not take the diamond studs or gold Exposition badge worn by Mr. Ross. The excitement in Cincinnati is great, and the citizens there will probably increase the offer of reward.

### The High Price of Hops.

Within the past few weeks the hop market has taken a wonderful advance, and prices are unprecedentedly high. When it was certain that the hop harvest in England, Bohemia, and, in fact, throughout Europe were not up to half the ordinary production, English brewers and hop dealers at once called to the United States to secure a very large share of four hop crop, and some six weeks ago actually secured a quantity estimated at one-fourth of all on hand, even buying the unthreshed hops in the fields. The price ran up, in four days, from 33 cents a pound to 55 cents. Ever since then it has been steadily advancing, until on Wednesday last week, it reached \$3.25 cents, and choice lots were sold on Friday for 90 cents. In a few days more it is expected that the price will go up to \$1, and before the next crop is gathered it may very likely reach \$1.50.

The immediate effect of this advance in hops will be a corresponding advance in the wholesale prices of ale and beer. The ale brewers have already resolved to put their price up \$1 a barrel, and the lager beer brewers are discussing a like advance.

### Sensor Davis' Future Wife.

Miss Annie Barr, whom Senator David Davis is to marry, lives at Tokyo, North Carolina, with her cousin, Colonel Wharton J. Green, the Democratic candidate for Congress in the Second district of that State. Tokyo is three miles from Fayetteville and it is surrounded by the largest vineyards in the South. The date fixed for the marriage is said to be November 5. Miss Barr is about thirty years of age and is a charming woman. She passed last winter at Washington where the engagement was made. Colonel Green is a man of great wealth and Miss Barr is an heiress in her own right.

### Coal in Illinois.

The forthcoming report of the State bureau of labor will show that Illinois is second only to Pennsylvania in the production of coal and that the output increased from six million tons in 1880 to nine millions tons this year. Forty-six out of the one hundred counties produce coal. The aggregate value at the mines has been nearly fourteen million dollars.

The Supreme Court of New Hampshire has ruled that when a divorce has been granted for a crime, the criminals must be prosecuted by the court officers. This is calculated to stop the practice of obtaining divorces by mutual agreement, a confession of guilt having heretofore led to no serious results. A test case is being tried at Northwood.

The latest calculations of Behm and Wagner, the well known statisticians, make the population of the Globe a little short of a billion and a half—1,433,800,000 souls. Asia is credited with the top score, 755,500,000 souls. Europe coming next with 327,745,000 and Africa and America following with 206,323,000 and 100,415,000 respectively.

We are pleased to notice that Hon. Morrison Foster, an old-time friend of the editor of the BANNER, has been nominated for the State Senate in the 42d (Pittsburgh) district, in Pennsylvania. He is a sterling Democrat, and an able, honest and incorruptible man.

That "Tariff Commission" is still roaming over the country, listening to the stories of Representatives of different interests, who want the Government to legislate money into their pockets, at the expense of the tolling millions.

### Wanted a Permit to Carry a Pistol to Shoot the President.

NEW YORK, Oct. 7.—A boy about eighteen years old called at the police headquarters this morning, and asked for a permit to carry a pistol. He was asked what he wanted to carry a pistol for, and replied: "To shoot President Arthur."

He was taken to Jefferson Market Court, where he seemed very much excited. In answer to the questions from the court, he said his name was William Martin, and he lives at No. 117 East 48th street—that President Arthur used to live in the same house with his father 18 years ago, when he was a roundsman. He said he had just come from the Penitentiary, where he served a term for larceny, and that which he did not steal. He blamed Booth. He was committed for examination as to his mental condition.

### Wholesale Murder.

MACON, Ga., Oct. 7.—Four negroes were found murdered in a skiff on Brush Creek, four miles east of this place this morning. The murderers are supposed to be a band of desperadoes that have been lying around these parts for the last few days.

### Assassinated by a Negro.

St. LOUIS, Oct. 7.—A Post-Dispatch special from Shreveport, La., says: J. Chambers, a merchant near Alexandria, was killed by a negro last night and assassinated. Bob Farner, colored, has been arrested.

A dispatch from Kansas City, Mo., states that Frank James, the outlaw and desperado, (brother of the late Jesse James) surrendered himself to Gov. Crittenden at Jefferson City, on Friday. It is said that Frank had become discouraged, having in various ways lost all his old confederates, and concluded it useless to attempt longer to live in outlawry, preferring to trust to the leniency of the law in voluntarily giving himself up. He announces his intention to become a moral and upright citizen. If pardoned he will probably take the stump for the Republican party, and travel with the Foster trip podrome during the next Ohio campaign.

During the month of September the National debt was reduced nearly \$16,000,000, and during July, August and September nearly \$50,000,000, and there is yet a balance in the treasury, with no immediate claims upon it, of nearly \$250,000,000, the exact amount of the debt, less the surplus, being, on the last instant, \$1,654,120,223.13. In 1866, the debt then being largest, amounted to \$2,773,286,193.60, the decrease since that time being \$1,119,155,800.56.

The saddest thought connected with the politics of New York is the announcement that Rev. Henry Ward Beecher has turned Democrat. But then, the old party has suffered many afflictions, when Mr. Beecher votes the Democratic ticket, you may calculate that the millennium is not far distant.

## POLITICAL NOTES.

The Democratic Convention nominated Thomas Valastyns for Congress in the Thirtieth district, New York.

Hon. Alex. H. Coffroth has been nominated for Congress by the Republicans in the Seventeenth Pennsylvania district.

There is no news, so far, that Stephen W. Dorsey has resigned the Secretaryship of the Republican National Committee.

Daniel W. Lawrence, Democratic nominee for Congress in the Sixth (Massachusetts) district, declines the nomination.

General Benjamin F. Butler accepts the Democratic and National Greenback Labor nomination for Governor of Massachusetts.

Gartell, the defeated candidate for Governor in Georgia, will contest the election of Mr. Stephens, whose majority is now placed at 60,000.

The only cabinet officers now on duty at Washington, according to the latest news, are Teller and Lincoln. This is a great administration.

The Republicans of the Third Congressional district of Massachusetts have nominated Congressman Ambrose A. Ranney, of Boston, for re-election.

Senator Jones, of Nevada, while on his way home halted at Denver the other day long enough to tell a Tribune reporter that he believed Senator Cameron would be "worsted."

The Philadelphia News (Rep.) says: The election of Alexander H. Stephens as Governor of Georgia, by a large majority, will be accepted with gratification by the people at large.

B. Platt Carpenter, Republican nominee for the Lieutenant Governorship of New York, has written a long letter of acceptance, in which he deals with the charges of fraud at the convention in the same way that Secretary Folger did.

The Conkling-Arthur Stalwart Republicans in New York are keeping up a vigorous fight against the Half-Breeds, and are throwing mud in great volumes at the dead Garfield. The following letter is produced in the Stalwart organs with fawning delight:

MENTOR, Ohio, Aug. 23, 1880.

MY DEAR HUBBELL—Yours of the 19th inst., is received. Please say to Brady I hope he will give me all the assistance possible. I think he can help effectively. Please tell me how the departments are generally doing. As ever yours, J. A. GARFIELD.

The Stalwarts explain that Jay Hubbell, to whom Mr. Garfield referred in this note, is the man who "loots" money from the office-holders, to corrupt voters, and the man Brady referred to in it is the great Star Route thief, who was expected to "help effectively" the Republican cause by giving a portion of his swag to keep the Republican party in power.

Sunday or no Sunday,—which? The school or saloon,—which?—Newark American.

This is a specimen of the clap-trap that filled the columns of the Republican papers of the State just on the eve of the election. It served its purpose, and will now be thrown aside like old worn out shoes.

Voters will hear no more about Sunday observance and saloons for a year to come—perhaps never. The political hypocrites, who run the Republican party, never stick to a humbug longer than one campaign. We would not be surprised to find them hereafter claiming to be the only friends of the brewers and beer drinkers, and in favor of "a free and easy Sunday."

They will resort to every conceivable trick and device in order to keep their party in power.

Hon. Abram S. Hewitt, while passing through Denver a few days since speaking of New York politics, said: "War between the Republican factions, and harmony in the Democratic camp, both of which combine to make a clean sweep for Democracy."

An impression seems to prevail that if Grover Cleveland is elected Governor of New York, he will be the Democratic nominee for President in 1884.

There are several other States besides New York that will have something to say on this subject.

Charles Sanderson, aged about thirteen, son of Frank Sanderson, of Cardington, was shot through the ear with a target gun on Saturday. The doctors state that the probe reached an inch and a half into his head to the shot, which is about No. 1 size. They consider it dangerous to remove it, and fear it may prove fatal. The boy ran before the gun just as it was discharged.

John L. Sullivan, the celebrated prizefighter, accompanied by his trainer Billy Madden, Peter McCoy, Jack Ferral and Prof. Bittly, passed through Mt. Vernon on the noon train, B. & O. road, Friday last. They were joined here by Mr. Mike Boyle, who has the reputation of being the best Indian-club swinger in the country. Mike introduced a large number of our boys, who were on the crowd, who were on their way to Newark to give an exhibition.

A certain dry goods merchant who can visit the BANNER office from his place of business, expects to secure Democratic patronage by boasting that he would not have an advertisement in this paper.

On Saturday last, a representative of the BANNER, in company with a few friends paid a visit to the parochial school building and "Academy of St. Mary's of the Vale," through which they were kindly shown by the rector of St. Vincent de Paul's Catholic Church, of this city, Rev. Father T. J. Lane. We confess to having been greatly surprised at the extent of the improvements, that makes this square, bounded by Chestnut street on the North, McKean on the West, High on the South and McArthur on the East—one of the most attractive pieces of property in the city.

It is generally known to our readers, that Father Lane purchased the property formerly owned and occupied by the late Hon. W. R. Sapp, taking possession the 15th of last August. He at once began the work of removing the old school house, which stood in front of the Church on High street, to a position immediately North of the Sapp property on McArthur street. At the same time he commenced the remodeling of the old mansion, which will hereafter be known as "The Academy of St. Mary's of the Vale."

It was a big task, but in less than two months it has been thoroughly accomplished, and the grounds and buildings are now ready for occupancy and use. The grounds have been graded and laid out by an accomplished landscape gardener, and nice, clean gravel walks, tastefully and artistically arranged, conveniently lead to all parts of the premises. Fences, out-buildings and all the necessary conveniences have sprung up as if by magic, and yet nothing has been done except what was actually necessary for the occupancy of the property. Father Lane would have been glad to have made many other improvements which are really necessary and useful, but as prudence has governed him in all his expenditures, he did not feel like incurring further expense at present, his purpose being to simply get the property in condition to have the seminary and schools opened in the fall.

Father Lane is a Boston born and bred gentleman, possessing fine social qualities and natural graces, combined with dignity, fine personal appearance and thorough culture. He is deservedly popular and Bishop Waterston is to be congratulated in having such an able and accomplished priest in this parish, as the great contribution largely to the growth of the Church and the prosperity of the Columbus Diocese and its good Bishop.

We could say much more concerning these matters, but as we expect to make a further notice of the premises and the exquisite little chapel in course of construction, we defer the subject until another time.

It is expected that the regular session of the Parish school will commence on Monday next, and that the corps of instructors will comprise five Dominican Sisters from the mother-house of St. Mary's of the Springs, near Columbus.

Col. Fred Blankner of Columbus was in town Monday and expressed the opinion that the political situation in Ohio was a riddle and he gave it up.

Mr. Neil Whitesides went to Sandusky on Tuesday and from there will go to Cleveland to join his wife who has been visiting Mrs. Dr. Little.

Brown K. Jackson, Esq., and family, of Milford township, have removed to Columbus, Kansas, where Mr. J. will engage in farming and stock raising.

Dug Maxwell, of the Columbus Insane Asylum, came over to cast his vote for the Republican ticket, at St. Louis, Monts., a guard at the penitentiary.

Married, by Geo. Musson, at his residence on Plimpton avenue, Oct. 5th, '82, Mr. Robert Waldo of Centerville, and Miss Mary C. Busenbarg of Martinsburg.

Col. W. S. Furry, of Columbus delivers an oration at Centerville, this county, to-day, at the annual reunion of the 121st O. V. I.—Colonel Norton's old regiment.

The following Republican patriots returned to Mt. Vernon to vote: Bob Kerr, La. Y. Mitchell and Milo Huntsberry of Washington City; Andrew E. Errett and Rollin C. Davis of Warren, Penn.

At \$2,500.00.

The Ohio State Journal, with characteristic enterprise, has offered the above sum in premiums for 1882-3 to club agents who can raise for their weekly. One of \$1,500.00 each should attract the attention of some energetic man or woman. The paper is new and attractive, and maintains its past high prestige. The Ohio State Journal Co. are the publishers, at Columbus, Ohio, of whom further particulars may be learned.

How many pencils were consumed by the "scurry scribbles" on Tuesday.

If "Jumbo" Robinson thinks his \$1200 was well expended in Knox county.

If the lively men don't wish that elections occurred every week in the year.

If the boys who dwell in skin-tight trousers expect to wear drawers this winter.

If it will ever be a penitentiary offence to read a chapter of a novel on Sunday.

Why every stranger who visits Mt. Vernon is struck with the beauty of the place.

If the editor of the Republican will let up on the "free whisky and no Sunday" racket.

If the Hon. William Marcellus Koons will get his Pond Bill framed to hand down to posterity.

Why Democrats who bet their money on Schnely don't wish they had kept it in their pockets.

If Ran Tank Hall is vain enough to think his last Sunday's political sermon influenced a single voter.

If the prohibitionists of the county who voted the Republican county ticket are happy over the result.

If any of the "floating voters" got away from the Republican strikers Monday night or Tuesday morning.

If Amie Harris, the Jackson township crank, don't feel somewhat uncomfortable in the region of the gizzard.

How many soup bones Uncle Joe Byers bought for Holland McVicker to "fix him" for the Republican ticket.

If "Stoop" Craig, who put up his money (\$700) and then his gold watch on Schnely, had to walk out of town.

How many of the roaming, happy bucks of this town will be hopelessly entangled in domestic affairs before spring.

Why "Johnny Earle" didn't remain at the executive session of the Republican Central Committee last Monday night.

Why Bob Kerr, La. Y. Mitchell and Cap. Minto, who are residents of Washington City still claim citizenship in Mt. Vernon.

If Judge McElroy's next charge before a Knox county grand jury will contain a clause concerning the duty of men at elections.

If preachers Hall and Persons after viewing the result in Knox county don't "feel cheap" over their last Sunday's political sermons.

WHOO-LA!

KNOX COUNTY REDEEMED,

AND DON'T YOU FORGET IT!

The Democracy Jubilant Over the Election of the State and County Ticket.

Despite the \$2,500 Republican Corruption Fund, False Issues and Political Sermons, the Day is Ours!

When the polls closed Tuesday evening, the fact was patent that the glorious Democracy of Knox were victorious. Throughout the city the vote polled was as large as any previous election in the history of politics. The Democratic workers at every precinct were determined and confident. While the Republican laborers were equally alert, they resorted to brag, bluster and bluff to carry the day, but before evening they weakened, their spirits drooped, and defeat was written on every lineament of their features.

The Democracy, with brave hearts and consciousness of a righteous cause, battled against a corrupt fund of gigantic proportions that was freely used to debauch voters; against false issues that our opponents sought to place us in an unenviable light before the people; against the combined efforts of the entire Republican Ring of Mt. Vernon, directed against our candidate for Sheriff, by whose defeat, they expected to encompass the overthrow of our entire ticket.

But thank heaven, the grand old Democracy of Knox are still true to their time-honored principles, and arising in their might, confronted the enemy in solid phalanx and won the day by a large majority that speaks volumes for their integrity.

The story of victory is told in few words. We have carried our entire ticket, and once more Old Knox wheels into line as a reliable Democratic county. The independent voter, sometimes denominated "the scratcher," took no small part in the work, and we are free to accord him due credit.

The scenes at the court house and on the streets Tuesday night, when the good news was being heralded, brought to mind the days when victory was won to such upon our banners. The young Democracy yelled, their hoarse voices for the gratifying results, and the knowledge that our men of "and" had met the Republican bluffers, took all their breath, made them "squel," won all the money that was ventured, and as a result, pocketed something over one thousand dollars.

All which led us to shout GLORY! We have downed the enemy, and we propose to keep them under our feet through all future times in Knox county.

On Friday last Solina Wood, a brickman on the local freight, C. M. V. & C. railroad, met with a serious accident near Gann. He was engaged in coupling cars, when the engine backed up the train upon him, catching him between the bumpers, badly bruising his right side, besides crushing his right arm. Surgical aid was promptly rendered, and it is thought he will recover. The first train that reached this city, was to the effect that Wood was knocked from the train by his head coming in contact with a bridge.

Disastrous Fire Near Fredericktown.

About ten o'clock Tuesday night fire broke out in the large hotel near Fredericktown, known as the old Taylor mill. The people of the neighborhood gathered in large numbers, but the flames spread so rapidly that it was impossible to check them, and the structure in a short time was reduced to ashes. The total loss on the building, including contents, is estimated to be about \$5,000, on which there is an insurance of \$2,400 in the Knox Mutual, and \$1,200 in the Eagle Insurance Company of this city.

Once in a while something happens to recall to mind the late non-elected occupant of the White House, Mr. R. B. Hayes. Only the other day the Yosemite Commissioners received from a stage company a bill for \$685 for carrying Hayes and his friends into the valley. The present road commissioner of Fremont was in several respects a very costly sort of a fraud.

The Supreme Court of Pennsylvania holds that a ticket is not invalidated, as a title to ride, by having been purchased from a person not authorized agent of the railroad; nor can a theatre manager legally refuse admission on a ticket because it has passed through the hands of a speculator. Stipulations to the contrary, as printed on tickets, are of no account.

Charley Foster is the dearest political humbug of the age. He made a crazy crusade on the German Republic of Ohio, and they throttled him. He staked his all on the result and he lost. He has sunk out of sight, and carried the Republican party with him.

This is to represent the bar that "Jumbo" Robinson rolled into Knox county to corrupt voters.

This illustration is to represent that the Republican party in Knox county is "beaten out of its boots."

Therefore the Republican Ring are weeping and wailing and gnashing their teeth.

Request in Pace!

They Look Nice in Print, So Here They Are.

Collision on the Blue Grass Route.

The Columbus Sunday News contains the following: A collision of more than 100 passenger cars occurred in the freight yard directly across of the Union Depot yesterday afternoon. A Cleveland, Mt. Vernon and Columbus freight train was ready to pull out, but for some unforeseen reason was delayed beyond the usual time. A Pan Handle freight train which comes in upon the track after the passenger train, was run up against the usual, so long and heavy that two locomotives were required to move it—once at the head pulling and once at the end pushing. A curve is rounded there in such a way that the depot shut off sight of the C. M. V. & C. train from the Pan Handle until it was very near. The first engineer put on brakes and reversed his engine as soon as he saw the freight train, but the locomotive behind kept pushing steadily on for some little time, the signal to reverse not being given at once. The first locomotive was thus crashed into the rear of the C. M. V. & C. train and was forced back into the freight train, which was badly injured and the locomotive thrown from the track. Several hours were required to get the injured locomotive placed again, and the injured car had to be left behind the rest of the train when it finally pulled out.

Suicide by Morphine.

The body of George Ruhl, a young man of high social standing and of excellent qualities in every respect, residing in Johnsonville, Knox county, was found last Sunday night about five o'clock in the bayonet of his mother's barn. The head was cracked open, the hair and whiskers sloughed off, and it was necessary to bury him at midnight. Mr. Ruhl was the Democratic candidate for County Recorder in Morrow county several years ago, and was supposed to have been engaged in the W. M. A. school near Fredericktown at the time of his death. Letters found on his person indicated suicide by morphine.

Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as

BROWN'S IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Logansport, Ind. Dec. 1, 1880.

For a long time I have been a sufferer from stomach and kidney disease. My appetite was very poor and the very small amount of food I ate was digested with me. I was annoyed very much from non-retention of urine. I tried many remedies with no success, until I used Brown's Iron Bitters. Since I used that my stomach does not bother me any more. I feel better and my health is a new man. After the use of Brown's Iron Bitters for one month, I have gained twenty pounds in weight.

WILL RETURN.  
DR. W. A. FRANCE,  
WILL BE AT THE—  
CURTIS HOUSE, MOUNT VERNON, OHIO.  
FROM OCTOBER 1st TO OCTOBER 15th.  
Special Attention to Diseases of Females. Consultation and Exam-  
ination Free.

Dr. W. France, of New York,  
Physician, Surgeon, and Gynecologist. He Makes Chronic  
Diseases of the Eye and Ear a Specialty.

It is well known that it is impossible for any person, no matter how largely endowed by nature or acquirement, to become thoroughly conversant with all the divisions of the Science of Medicine. Nearly all who have obtained distinction in medicine have made some special department their life work, being fitted thereby by natural adaptation or selection, special education and experience.

The Doctor having devoted several years to the special study of this class of diseases, in hospital and general practice, and having the most recent and improved instruments for finding out diseased conditions in the organs of the body, he proposes to devote the whole of his time to practice these specialties.

DR. FRANCE will examine all who call upon him and tell them if they have any disease, where it is located, the organ or part affected, and the principal symptoms they experience.

AND THIS WITHOUT ASKING QUESTIONS.

He adopts the following plan, which is peculiar to the large hospitals, and is not and never has been the practice among country doctors, viz: He carefully notes the symptoms of the patient, ascertains the conditions of the internal organs; examines Eye, Ear and Throat; by the most recent and improved instruments and methods, all of which he carefully records in his register for future reference. In this way he ascertains the true nature of the disease and its cause. Knowing the disease, he knows the change it produces in the tissues, and knowing the changes, he checks them with specific remedies and places the patient on the high road to recovery.

When such persons consult him he readily tells them whether he can cure them or help them, or if they are beyond hope.

The examination is in accordance with anatomical and physical science, and he will convince the most skeptical. By an examination he will convince any one of the nature and extent of their disease, amount of danger to life, and chance of a perfect cure. He only uses remedies from the vegetable kingdom, as by experience he has found remedies that will antidote every humor of poison in the system, and aid nature to cure every disease if taken in time. Believing that science is truth, and "Truth is mighty and will prevail," when known, and knowing that diseases can be cured with positive certainty, he invites the afflicted to call, and receive advice free and be cured of their diseases.

There is no disease that requires so much study and experience as the treatment and cure of Chronic Diseases. The astonishing success and remarkable cures performed by him are due to the long study of the constitution of man, and the cure of diseases by natural remedies. Let those given up by others call for examination. He has successfully treated the following diseases since his arrival in this State:

Eye and Ear diseases, Chronic Diarrhea, Chronic Inflammation of the Womb, Chronic Inflammation of the Bladder, Painful or Irregular Menstruation, Fever Sores and Ulcers, Incontinence of Urine, Tape Worms, Crooked Limbs, and Enlarged Joints, Spinal Curvatures, Club Foot, Hip Joint Disease, White Swelling, Discharging, or Barrenness, Nervousness and General Debility, Prostration and Impotence, Diseases of the Kidneys and Bladder, Lenc
