Arabi Pasha is getting himself in a tight place.

Dorsey seems to know how to carry a jury as well as a State.

The Akron News (Rep.) supports Paige, the Democratic candidate for Congress.

The Guitau Administration dare not convict the Secretary of the Republican National Committee.

Dublin is becoming an orderly city again. The constabulary are being reinstated, and all is quiet on the Liffey.

Hon. James W. Newman will receive five thousand Republican votes in Ohio because of his personal popularity alone.

Francis Haynes, convicted of murder, was hanged at Limerick, Ireland, on Monday. He protested his innocence to the last.

The Cincinnati Enquirer says that it is only when standing at the bar that the Republicans are united on the liquor question.

The Phipps exposure in Philadelphia only adds fuel to the flame that is consuming the Republican party in Pennsylvania.

John Sherman is trying the double horse act on the temperance question. John is a demagogue and trickster of the first water.

The Star Route trial resulted in letting the big fish break through the net, while only the minnows were caught. This is always the case.

Mrs. Langtry, the alleged English beauty, will leave Liverpool for the United States on the 20th. The two-legged donkeys are already on the quiver.

Notwithstanding the efforts of the Guitau Administration at Washington to Mahonize Arkansas, that State rolls up its usual Democratic majority. It will be even there.

John Sherman spoke at Elvria a few evenings ago to a very small audience. There was no enthusiasm. Many Republicans declared openly they would vote the Democratic ticket.

The Hancock Courier says: "The Republicans will poll a light vote in Ohio this fall, and if the Democrats do not elect their ticket it will be because a full vote is not polled."

Mr. W. G. Heltman has sold his interest in the Ashland Press to his partner, Mr. W. T. Alberson, and the paper will go right along preaching Democratic truths, as aforetime.

The harvests of the world are in an excellent condition. No serious deficiencies are reported from any quarter, and there is a general abundance throughout Europe and America.

It is said that Phipps, the Republican paper thief of Philadelphia, skipped off without paying his 2 per cent. assessment to Mr. Deat Hubbard. Gone to keep company with Hovgate.

The fight of the Columbus Afro-American against the Republicans, having had the desired effect, viz: to secure an office for its colored editor, Mr. Waring, the paper has been discontinued.

The Republican Convention of Knox county denounced the River and Harbor bill. This was a sham. Foster, their leader, approves of that monstrous larceny, and Foster is the Republican Boss in Ohio.

All attempts to unite the Republican faction in Pennsylvania, have thus far proven abortive. The Starwatts positively declare that Gen. Beaver, their candidate for Governor, will under no circumstances be withdrawn.

Why don't the great temperance reformer, Charley Foster, denounce that \$8,000 grog guzzling performance of the Congressmen, who went to Cleveland to shed crocodile tears at the funeral of President Garfield?

The Cleveland Penny Press, of Friday last, had a four-inch square blank space on its first page, and called it a "picture" of Martin Foran, a noted Cleveland lawyer. Foran will take it as a blankety blank outrage.

Congressman Tom Young, who is now in Washington, says he does not care whether he is nominated for Congress or not in his district, as he believes the Democrats will carry it. He thinks the Democrats will carry the State.

The Cincinnati Commercial, (anti-Dick Smith Republican), says: "We think the list of Democrats in Ohio who will vote the temperance ticket may reach ten, as they run about one to every other Congressional district." That is about the size of it.

West, the blind communist, in a speech delivered at Mt. Gleed the other day, said he looked for Republican defeat this year, but expressed the hope that it would result as did the battle of Bull Run in Republican success in the future. That is a consoling to the Republicans.

The distinguished English philosopher and scientist, Herbert Spencer, has been in this country three weeks, and yet his name is scarcely ever mentioned in the newspapers; while the monkey-doodle, Oscar Wilde, was honored and almost worshipped by the codfish aristocracy in the cities he visited.

If there were fewer Hubbells, Keifers and Robersons there would more enthusiastic Republicans. From New England, but the Hubbells, Keifers and Robersons are our Republican leaders and bosses, who run the party in the interest of plunder and rascality.—MR. VERNON BAXTER.

This is too true. Hubbell, Keifer and Roberson have altogether too much to say. We have been in favor of having them set down upon. But that they agree upon Roberson, Keifer and Hubbell, supposing we take up the tariff question; and it would also be interesting if you would tell us what the Democrats really want done with the liquor traffic.—Akron News.

Oh, yes, "the tariff question!" We thought it was about the season of the year to trot out that old scarecrow. But, if we are not mistaken a roving Republican Commission is disposing of that "question" over the wine glass at the big hotels in the big cities. As for the "liquor traffic," the Democrats do not propose to take part in the fight between the two wings of the Republican party. A Republican Supreme Court decided that the St. Pond law, passed by your Republican State Legislature was unconstitutional. The State Legislature will meet again in January, and will no doubt pass any law that Boss Charley Foster and Boss Dick Smith may dictate. The Democrats are out of power, and cannot be held responsible for the acts of the Republican Legislature or the decisions of the Republican Supreme Court.

It is charged that the Prohibitionists of Iowa collected and disbursed an immense sum of money to carry the temperance amendment to the Constitution. It is asserted that votes were openly bought, after the Republican fashion. The Treasurer's report at the recent Prohibition Convention figures up the entire outlay of the campaign at \$335,180, of which but \$72,059 had been previously subscribed. The whole amount subscribed by the opponents of Prohibition for a campaign fund did not exceed \$12,000.

When Governor Foster was down at New Lexington, Perry county, attending the recent Republican Congressional Convention, the people say that he had drunk from his room from a saloon close by. Also that St. Field, a prominent Columbus Republican and one of Foster's faithful henchmen, having been supplied with plenty of money "furnished the boys with the enthusiasm by going from saloon to saloon and conducting the practical part of the campaign."

The nomination of David Page and Martin Foran by the Democrats of the 20th and 21st Congressional districts, has caused a real panic among the Republicans, and "My Dear Hubbard" will be called upon to squeeze a little more money out of the poor Government clerks to aid in electing the Republican candidates. It looks equally, indeed, when the Republicans are afraid their 4,000 majority will not pull them through.

Archibald McGregor, of the Stark County Democrat, says: Hon. Thomas E. Powell, of Delaware, is the nominee for Congress in the 9th district. Few men in Ohio of his years have attained a higher rank in the legal profession, to which he adds an irreproachable character and genial manners. Mr. Powell has about eleven hundred majority to overcome, and with his ability and popularity, he will be equal to the task.

There was lively artillery duel on Saturday, at Congrauge, between the British and the Egyptians at Kassasin. The duel was begun by the Egyptians, but they were repulsed, and retired while the British advanced their lines. The British loss is estimated at one hundred killed and wounded. The enemy's force in the engagement numbered 13,000, with twelve guns, five of which were captured with many prisoners.

The Columbus Journal ranks the Cincinnati Commercial among the Democratic papers of the State, because it refuses to follow in the lead of that "monumental lunatic," Charles Foster. What will the Journal do with its namesakes in Bucyrus and Poryburg, the Ohio Press, at Steubenville, and other Republican papers, that don't tumble to the foolish party leaders?

If the Republicans are honest and sincere in their professions of temperance, why don't they go the whole length, join the Prohibitionists, and vote the Prohibition ticket? Besides, the Prohibitionists are old warriors, and would render the Republicans valuable assistance in putting down this terrible "Liquor Dealers' Rebellion."

Governor Foster appointed old Joe Geiger State Librarian, well knowing his character for immorality and inebriety, in opposition to the protests of the most respectable Republicans in Columbus. But Geiger had endeavored himself to Foster by delivering scurrilous speeches about the Democrats, and he had to be rewarded.

An old coon, a native of Akron, who likes his toddy, told Governor Foster on Saturday, "Charley, that temperance speech of yours is like one I heard fifty years ago; fifty years hence some one will be repeating it, but the boys who want a nip will get it all the same." The Governor smiled and bit a clove.

The Cleveland Plain Dealer says that no Republican candidate in Cuyahoga county has declared in favor of the Smith law or the Pond law. Not one of them dare write a card endorsing either of these laws. No Republican convention held in Cleveland has endorsed them. The Republican party is a fraud.

The following treasonable paragraph appeared in the Perryburg Journal, a stalwart Republican newspaper:

"The Bucyrus Journal calls Foster a 'demagogue whose prestige is fast melting away.' We told you as much two years ago, and now he begins to melt. It only required a ten minutes interview for us to learn this much."

Even Vermont shows signs of Republican dissolution. The Democrats have gained twenty-five members in the House of Representatives over 1880, which is the most remarkable political revolution on record. Poland will go back to Congress by a greatly reduced majority.

A dispatch from Topeka, Kansas, says there is a new movement on foot in Kansas to defeat St. John, the Republican candidate for Governor, and it is said some of the best and leading Republicans in the State are at the head of it.

Mrs. Eliza Pinkston, the negro lady who played an important part in the Louisiana election frauds of 1870, has been arrested for stealing at Canton, Miss. This will be distressing news to her friend John Sherman.

The Maine election on Monday resulted in a victory for the Republicans. Hubbard's money and the treachery of the Greenbackers did the work.

Jay Hubbell, the blackmailer, has been defeated for re-nomination.

## Cheering Prospects of the Democracy

Never, in our knowledge of Ohio politics, were the Democracy in better condition than they are at the present time. There is not a single discordant element in the party—it is thoroughly united and harmonious; and all that is necessary to secure a solid and lasting victory, is to get out a full Democratic vote on the second Tuesday of October.

The Republican party, once powerful, defiant and victorious, is divided into factions, and rent asunder by internal dissensions. Candid, truthful Republicans admit that their party is in a hopeless condition, and that it is impossible to impart life and enthusiasm into the rank and file, who have always given it strength and victory.

Why is this the case? The answer is easily given. The Republican party is wholly devoid of principle, and is only kept together by the "cohesive power of public plunder." Stealing and plunder are the watch-words of nearly all the leaders, when they get into office, and about one-half the time of Congress and most of the time of the courts of Washington is taken up by an investigation of the high crimes and misdemeanors of the Republican leaders. The wholesale larcenies of Republican office holders, the murder of a Republican office holder, the outrageous and oppressive acts of the Plunder Congress, the corruption and dishonesty of the Republican Legislature of Ohio, and its oppressive and unconstitutional acts, are matters so well known to every voter that it is not necessary here to speak of them in detail.

The people of the State, and of the entire country, are tired of Republican rule, and demand and will have a change. The pure and good men of the Republican party will unite with the Democracy in bringing this change about. Their silent, solemn ballots will strike terror to the hearts of the men who have betrayed their trusts and brought disgrace upon themselves and the country. While we have the utmost confidence in the success of the Democratic party in this State and county, still we most earnestly wish to impress upon our friends the necessity of thorough organization, and zealous and untiring work. Too great numbers sometimes forget this. This should not be the case the present year. Every Democrat should exercise eternal vigilance, which is the price of liberty. With union and harmony in our ranks, and every Democratic voter at the polls on the second Tuesday of October, victory must surely perch upon our banners.

## Political Movements.

The Nevada Democratic State Convention which met at Eureka, Sept. 7th, made the following nominations by acclamation: William Burke, Lieutenant Governor; J. W. Richards, Secretary of State; Geo. H. Shepherd, Treasurer; George W. Morrill, Attorney General; L. T. Horn, Clerk of the Supreme Court.

The California Greenback State Convention nominated Thomas J. McGuffey for Governor, unanimously.

The Democratic Convention of the Ninth district Wisconsin, nominated Judge G. L. Park for Congress.

John J. O'Neil was nominated by acclamation by the Democrats of the Eighth Missouri district for Congress.

The Democrats of the Eighteenth (Columbian) district, have nominated Jonathan W. Wallace for Congress. He ought to beat Bill McKinley, who bought his nomination.

David R. Page, of Akron, received the Democratic nomination for Congress, in Twentieth district, which is composed of Summit, Wayne, Medina and a portion of Cuyahoga. His opponent is Captain McClure. Dave Page is a popular man, and will give circumjacent McClure a close race.

The Ross County Democratic Convention, on Thursday last, nominated the following excellent ticket: For Sheriff, A. J. Karshner; Clerk, Samuel J. Biggs; Commissioner, Austin Popple; Prosecuting Attorney, R. R. Freeman; Recorder, Daniel Wilkey; Inferior Court Judge, long term, Rufus Putnam; short term William J. Rodgers; Coroner Mat Doaner.

The Democrats and Greenbackers seem to be uniting very generally on Congressmen in Michigan and Illinois.

Greenbackers and Democrats fused in the Fifth Congressional district, and nominated Julius Houseman, a Democrat and a banker.

At the election in Vermont, Benning county went Democratic for the first time in twenty years.

The Democratic Congressional Convention for the 21st district, which met at Cleveland on Saturday, nominated Hon. Martin A. Foran for Congress on the first ballot. He is an able and popular man, and the people up there think they can elect him over Banker Everett.

## More Republican Treachery.

The meanest of all the mean Republican thieves of the age is Elias P. Phipps, late Superintendent of the Philadelphia Almshouse. He stole the soap, sugar, hams, candles, starch, vinegar, molasses, hard eggs, pickles, eggs and other groceries bought for the wretched beings under his charge. Five car loads of groceries and bedding stolen from the almshouse were found in the cellar of his boarding house. This was not all. He embezzled the city money, and robbed of their wages the keepers indebted to him for their appointment. When arrested he was promptly jailed by a Republican Alderman. Phipps was promptly disappeared, and all the detectives in the land are now on the alert for him, but he will probably escape, as did his brother Republican thief, Hovgate, in Washington. This man Phipps was one of the stalwart Republican leaders in Philadelphia, and obtained his place in consequence of his devotion to and work for the "God and morality party."

The way to stop all this kind of thieving is to drive the Republican party from power. Vote a straight Democratic ticket on the second Tuesday of October.

When Foster swings around to Newark in his temperance pilgrimage, of course he will drop into the saloon of his friend Col. Wehrle, who is a member of his staff and the boss manager in Licking county. He will there meet lots of the "boys," whom he used to "treat liberally."

Charley Foster was in Cincinnati last week, at the opening of the Exposition; but he took good care not to make a political speech, being well aware that in the abuse of the Germans, whose money and votes made him Governor, would prove disastrous to the Republican party.

The Republican Governor of New York, Mr. Cornell, is charged by his own party organs with having engaged in "blind pool" gambling operations, and yet, if he is re-nominated, no doubt these Republican papers will all support him enthusiastically.

## The Star Route Trial Closed—The Jury Disagree—Bribery!

Judge Wylie charged the jury in the Star Route cases on Friday. The charge was regarded by all who heard it as decidedly against the defendants, and hence defendants' counsel took exceptions to nearly every point. It having come to light that attempts had been made by the tools of the Star Route to bribe the jury, Judge Wylie ordered the matter in strong and forcible language. He said: "I feel so much indignation that I was almost led to advise the jury to shoot the men on the spot. Scoundrelism of this degree deserves no mercy. If it is possible to ferret out these scoundrels it shall be done. Give them no quarter. Spurn them with the end of your toe. No baser villain need infect the earth."

Judge Wylie did not in precise words tell the jury to kick the would-be bribers; but his phrase, "Spurn them with the end of your toes," may pass into popular usage. Robbing the government is a mild offense compared with the infamy of bribing or attempting to bribe a jury, which is a crime that corrupts the administration of justice at its very source. The latest story is that \$90,000 was given one juror for distribution for the salvation of the Dorseys.

After being out three hours the jury offered a verdict as to one of the defendants, but the Court would not receive it. The jury was sent back, and remained out until Saturday evening; but still being unable to agree upon a verdict, the Court adjourned until Monday morning.

The jury came into Court on Monday morning. A great crowd was present. In answer to the question of the Clerk, as to whether they had agreed upon a verdict, Foreman Dickson said: "My report is that the jury stands the same as it did when report was made on Saturday last. We are decided as to four of the defendants, and not able to agree as to the others."

The Court directed the jury to again retire for consultation until 1 o'clock. At 2 o'clock the jury entered, and through the foreman, reported that they were unable to agree. The Court stated it had come to the conclusion to accept a partial verdict. The roll of the defendants was called, and all answered "here." The jury then rendered a verdict of acquittal as to Turner and Peck, and of guilty as to Miner and Redell. As to the others they gave the following information as to the result of the balloting: On the first ballot, as to the defendants, the vote was 10 for Turner, 2 for Peck, 1 for Miner, and 1 for Redell. On the second ballot, the vote was 10 for Turner, 2 for Peck, 1 for Miner, and 1 for Redell. On the third ballot, the vote was 10 for Turner, 2 for Peck, 1 for Miner, and 1 for Redell. ## Fact-Fiction—Nonsense.

When city daily papers employ correspondents at the county seats to send them special news dispatches, it is expressly understood that facts and news shall be sent instead of fiction and nonsense. While most of the Mt. Vernon correspondents of the Cincinnati, Cleveland and Columbus papers send fair and truthful accounts of daily occurrences, yet this cannot be said of the correspondent of the Cincinnati Commercial. This gentleman has the vanity to think that he is a plummy pellow, and taking advantage of his position as correspondent, sends occasionally a parcel of stuff to that paper, that might pass for news and facts abroad, but is understood here in Mt. Vernon to be unadulterated malicious vagary. Of this character was the so-called dispatch from Mt. Vernon, published in the Commercial some weeks ago, which gave the names of several "well-known Democrats" who were going to bolt the Democratic ticket this year, among the number being the notorious jail-bird, Holland McKicker, who was regularly bought by the Republicans every year with whiskey. Some folks (including the correspondent) thought this was a good joke at the expense of the Democrats, but the Commercial, if it has any regard for its character as a truthful paper, should reprint, if not disavow its services, all correspondents who deal in fiction in preference to the truth.

In the Commercial of Friday last we find a couple of items from this same Mt. Vernon correspondent, which might be taken for news abroad, but will only produce a smile here in Mt. Vernon. They are as follows:

## CHALLENGE ACCEPTED.

MR. VERNON, OHIO, September 7.—The challenge recently given by the Rev. Charles Wort, directed to the Republicans of the 9th Congressional district has been accepted by W. A. Diney, a well known speaker, who can reinforce his arguments with more scriptural quotations than any man in Ohio. The probabilities are that the Rev. Charles Wort will decline to fight his part of the contract.

ANOTHER BOLT TOWNSHIP HEARD FROM. A. M. Harris, a heretofore prominent Democrat, of Jackson township, this county, has publicly declared his intention of voting the Republican ticket this year, and has been known to do so, as advertised by that party. Score one for Knox county.

## Foster's Footprints.

The Chillicothe Advertiser makes public the following bit of information about Governor Foster, who recently took a temperance spell as suddenly as a child takes the colic:

"Recently, while Governor Foster was passing over the Scioto Valley Railroad in a private car, a wreck detained his party for several hours on a side track at Kingston, in the northern part of this county, and a hilarious time was had. The hillside was strewn with beer bottles, and the car was filled with the smell of 'Anderson's Sour Mash' and 'Rock and Rye' were found by the side of the track where the car stood. This was Governor Foster, and his friends, his duns as Governor of Ohio, he absented himself from his office and making temperance speeches over the State. 'Consistency,' then art a jewel."

## Where was Foster, the Reformer?

Allison's Ohio Press, a Republican paper at Steubenville, has the following:

"Pop! pop! whizz! gurg! gurg! was the sounds reverberating throughout the city at the Congressional primaries, Saturday night, when the Democratic ticket for several hours on a side track at Kingston, in the northern part of this county, and a hilarious time was had. The hillside was strewn with beer bottles, and the car was filled with the smell of 'Anderson's Sour Mash' and 'Rock and Rye' were found by the side of the track where the car stood. This was Governor Foster, and his friends, his duns as Governor of Ohio, he absented himself from his office and making temperance speeches over the State. 'Consistency,' then art a jewel."

## The Illinois Democracy.

The Illinois Democratic State Convention met at Springfield on Thursday of last week. About 500 delegates were present. Ex-Governor John M. Palmer, was permanent President. The platform favors honest reform of the civil service, denounces the extortion of large sums of money from officeholders to corrupt the ballot and control elections, as a most insidious threatening danger to free government. Denounces the reckless extravagance and profligacy of the Republican party in the last Congress, which increased the appropriations made by the last Democratic Congress by \$78,000,000. Demands the revision of the tariff, which favors and fosters iniquitous monopolies, and declares that prohibition by the constitution or by general laws, of the manufacture or sale of vinous, spirituous or malt liquors, were in violation of individual and personal rights and contrary to the fundamental principles of free government.

—The entire American Hotel building, at Danaville, is now owned by our friends J. V. Donavin & Sons, the well-known managers of the Tennesseans. We may add that the Donavins have now two companies of Tennessee colored soldiers on the road, and that they are reaping a rich harvest from the enterprise.

The Mansfield Herald furnishes this column for grocery and fruit dealers to check. Wouldn't it be as much money in your pockets to sell fruit, all kinds, at a smaller profit, as to maintain exorbitant rates and throw the surplus stock, which amounts to many bushels every week, into the back alleys?

"Hoosier Bill," owned by Smith Barrett, of this city, dropped dead on the track of the Hartford fair ground on Thursday last. He was engaged in the "free for all" pacing race, and had just completed a mile in 2:25, when it happened he bursted a blood vessel, that resulted in death. Mr. Barrett valued the animal at \$2,000.

A belief exists at Indianapolis that Wm. C. Ferguson, of Steubenville, whose body was found on the track of the Vandalia railroad, was robbed and murdered instead of being accidentally killed by the cars. He was known to have several hundred dollars and a valuable gold watch, but nothing of value was found about his person.

—Mr. Charles W. Smoots, formerly of Millersburg, this county, is now one of the editors and publishers of the U. S. Monthly Magazine, a handsomely illustrated and well conducted periodical, published in Chicago, at the low price of \$2 per annum. We will club the Monthly with the BANNER at the low price of \$3.50, cash in advance.

A serious runaway occurred in the neighborhood of Danville on Monday last. Mr. and Mrs. John Selby were returning from Hartford when their vehicle collided with a runaway team. Both occupants were thrown out and Mr. Selby suffered a dislocation of the shoulder and serious internal injuries, from which it is feared he cannot survive. His wife escaped with a few slight bruises.

The many friends of Mr. J. W. Beatty, a former Mt. Vernon man, will regret to hear of his death which occurred at the residence of his father at Joliet, Ill., Sept. 3d. Just two years ago he went to Florida because of weak lungs. The February following he had hemorrhages from the effects of which he died. His last visit to Mt. Vernon, was to his aunt, Mrs. Beatty, on Front street, just before going South.

William Kineaid and wife live at Belle-ville, Richland county. The old man was born in Philadelphia in 1790, and served over three years in the war of 1812. When a child he sat on Washington's knee, and tells with pride that Franklin told him once to swallow all his evil words before getting up. His wife was born in 1807. They had fourteen children, of whom seven are yet living. This is probably the oldest couple in the State.

An erroneous mention in the BANNER last week, concerning the funeral of the late W. F. Baldwin had entire charge of the invitations for the ball and banquet at the opening of the railroad shops. Such was not the case. All invitations were sent out under the direction of the invitation committee, and it was not the intention to slight any one who ever gave a dollar towards the shops, a cent towards the entertainment, or donated any provisions for the banquet.

## OBITUARY.

DEATH OF MRS. SAMUEL ISRAEL.

DIED—At the family residence, North Main street, Sept. 11th, 1882, at the age of 100 years, ELIZABETH HARPER ISRAEL, wife of Sam'l Israel, Esq.

The deceased was born at Zanesville, Muskingum county, Ohio, where she spent the earlier portion of her life. On the 15th of June, 1880 she came to Mt. Vernon. She was married to Mr. Israel January 8th, 1831, and became the mother of seven children, all of whom, with the exception of one, survive her. She died of organic disease of the heart after a protracted and severe term of suffering, which she bore with the most Christian fortitude and in a brave, courageous spirit. Her last moments, however, were free from pain; and she passed peacefully away, surrounded by her devoted and sorrowing family. Her age was 74 years, 4 months and 2 days.

Mrs. Israel has been a resident of this community for 62 years, and was a family and favorably known to both old and young; and no death, occurring in our midst for many years, has been more generally mourned and regretted. She lived her life without ostentation or display, cultivating within the sacred and social precincts of the home, those virtues which constitute the true greatness of a life, and which are the source of a part of her sweet and amiable character. She was known among us as a woman of true and generous impulses; of open heart and hand, tender in her sympathy and ready in her ministry, who was ever ready to help the distressed and the afflicted. Her life was a life of self-sacrifice, and her death a loss to the community.

Her bereaved husband, with whom, in all the walks of life, she was a faithful and devoted companion, and who was ever ready to help the distressed and the afflicted. Her life was a life of self-sacrifice, and her death a loss to the community.

## The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

Dearborn Ave., Chicago, Nov. 7. I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of some physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel fine. I am a railroad engineer, and now make my trips regularly. JOHN BOYD.

Brown's Iron Bitters does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trademark on wrapper.

## WILL RETURN.

DR. W. A. FRANCE,

—WILL BE AT THE—

CURTIS HOUSE, MOUNT VERNON, OHIO.

FROM OCTOBER 1st TO OCTOBER 15th.

Special Attention to Diseases of Females. Consultation and Examination Free.

Dr. W. A. France, of New York,

Physician, Surgeon, and Gynecologist. He Makes Chronic

Diseases of the Eye and Ear a Specialty.

It is well-known by all intelligent observers that it is impossible for any person, no matter how largely endowed by nature, to become thoroughly conversant with all the divisions of the Science of Medicine. Nearly all who have obtained distinction in medicine have made some special department their life work, being fitted thereby by natural adaptation or selection, special education and experience.

The Doctor having devoted several years to the special study of this class of diseases, in hospital and general practice, and having the most recent and improved instruments for finding out diseased conditions in the organs of the body, he proposes to devote the whole of his time to practice these specialties.

DR. FRANCE will examine all who call upon him and tell them if they have any disease; where it is located, the organ or part affected, and the principal symptoms they experience.

AND THIS WITHOUT ASKING QUESTIONS.

He adopts the following plan, which is peculiar to the large hospitals, and is not and never has been the practice among country doctors, viz.: He carefully notes the symptoms of the patient, ascertains the conditions of the internal organs; examines Eye, Ear and Throat by the most recent and improved instruments and methods, all of which he carefully records in his register for future reference. In this way he ascertains the true nature of the disease and its cause. Knowing the disease, he knows the change it produces in the tissues, and knowing the changes, he checks them with specific remedies and places the patient on the high road to recovery.

When sick people consult him he readily tells them whether he can cure them or help them, or if they are beyond hope.

The examinations are in accordance with anatomical and physical science, and he will verify the most accurate diagnosis. He will convince any one of the nature and extent of their disease, amount of danger to life, and chance of a perfect cure. He only uses remedies from the vegetable kingdom, as by experience he has found remedies that will antidote every humor of poison in the system, and aid nature to cure every disease if taken in time. Believing that science is truth, and "Truth is mighty and will prevail" when known, and knowing that diseases can be cured with positive certainty, he invites the afflicted to call and receive advice free and be cured of their diseases.

There is no disease that requires so much study and experience as the treatment and cure of Chronic Diseases. The astonishing success and remarkable cures performed by him are due to the long study of the constitution of man, and the cure of diseases by natural remedies. For these given up by others call for examination. He has successfully treated the following diseases since his arrival in this State:

Eye and Ear diseases, Chronic Inflammation of the Womb, Chronic Inflammation of the Bladder, Painful or Irregular Menstruation, Fever Sores and Ulcers, Incontinence of Urine, Tape Worms, Crooked Limbs, and Enlarged Joints, Spinal Curvatures, Club Foot, Hip Joint Disease, White Swelling, Discharging Abscesses, Sterility, or Barrenness, Nervousness and General Debility, Prostration and Impotence, Diseases of the Kidneys and Bladder, Leucorrhoea or Whites, Itches and Pimples, Skin Diseases, Dyspepsia, Constipation, Dropsy, Cancer, Epileptic Fits, Erysipelas, Gravel, Gout, Gonorrhea, Hydrocele, Heart Disease, Liver Disease, Headache, Piles, Hysteria, Secondary Syphilis, Vitus Danco, Chronic Dysentery, Enlarged Testis, Fever and Ague, Flatula in Ano, Hernia or Rupture, Ovarian Tumors, Paralysis or Palsy, Protrusion of Uterus, Asthma, Bronchitis and Catarrh, Scrofula, Consumption, Chronic Cough, Neuralgia, Weakness and Spasmodic.

To WHOM THIS MAY CONCERN: To cheerfully and conscientiously recommend Dr. W. A. France, as a gentleman of high moral worth and superior professional ability, having enjoyed an enviable position in hospital clinics, in New York and Philadelphia, and acquired himself superbly in the treatment of Chronic Diseases. We therefore recommend him as a true and thorough medical man and advise the afflicted to avail themselves of his superior skill. We further know that those who consult him will find him human to a fault, ripe in judgment, ready to consider in price, and enthusiastic for the relief of the suffering and good of his fellow-men.
