Regulations of the Theological Seminary.

Any candidate for orders in the Protestant Episcopal Church, in the United States, may, on examination, be received as a student in the Seminary; and any other person, who may give sufficient evidence of a fair moral and religious character. The candidates for admission, not Bachelors of Arts, will be examined in the Latin and Greek Grammars, Sallust, Cicero's Orations, Virgil's *Aeneid*, Jacob's Greek Reader, and the four Gospels and the Acts of the Apostles; and on the general principles of Natural, Intellectual, and Moral Philosophy, and Rhetoric. They will also be required to read an original composition.

Candidates for admission to an advanced standing, must pass an examination in the studies which the class they desire to enter has pursued.

Every Student, on admission, must subscribe the following declaration in the matriculation book of the Seminary:—

"We the subscribers, Students in the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily effort by pious reading, self-examination and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the Minister of the Cross."

The course of study occupies three years, including vacations, which are the same as in the other departments.

The subjects of study during the Junior Year, are Hebrew, Biblical Geography, Biblical Antiquities, Septuagint, Historical Books of the New Testament, the Principles of Biblical Criticism and Interpretation, and the Antiquities of the Christian Church.

The subjects of study during the Middle Year, are Hebrew and Interpretation of the New Testament continued, Christian Ethics, the Evidences of Christianity, Systematic Divinity and Ecclesiastical History.

The Senior Class is occupied with the study of the Scriptures, Systematic Divinity, Ecclesiastical History, Church Polity, the Composition and Delivery of Sermons, and the Duties of the Pastoral Office.

Students are allowed to attend gratuitously, any recitation in Kenyon College which they may choose, provided it do not interfere with the appropriate duties of the Seminary.

A public examination of students takes place at the close of every term.

No charge is made for Instruction, Room rent, or use of Library. Indigent students are aided from scholarships, and from the funds of the Missionary and Education Committee of the Diocese.

A STATEMENT OF THE COURSE OF INSTRUCTION,
EXPENSES, &c., IN KENYON COLLEGE.

ADMISSION.—Candidates for admission to the Freshman Class, must be prepared to pass an examination in the following books and subjects, viz:—

In Greek. Bullion's GREEK GRAMMAR,
Bullion's GREEK READER.

In Latin. Bullion's LATIN GRAMMAR,
Six Books of VIRGIL'S *ÆNEID*,
Anthon's CICERO'S SELECT ORATIONS.

In English. ARITHMETIC,
ENGLISH GRAMMAR, and GEOGRAPHY.

An Equivalent will be taken for any of the above Latin or Greek books.

Candidates preparing for the Freshman Class, are advised not to anticipate the studies of the College course, either in the Mathematical or Classical departments. In the former particularly, the attempt to learn the elements of Algebra or Geometry, before admission, is found in most cases, to be a hindrance to the Mathematical discipline of the College. A better course for the candidate is, to direct his attention chiefly to the elementary Classics; let him study these faithfully, analyzing the construction, and parsing every sentence, until he shall have made himself thoroughly and practically acquainted with the grammatical forms and rules of both Languages. He will then realize the true benefits of the Classic discipline in his College course, and be able to maintain a respectable standing in that department, without engrossing so much of his time as to prevent him from taking a very full and complete course of pure and mixed Mathematics.

Candidates offering for *advanced standing*, will be examined in the studies of the College course corresponding to such standing.

No candidate is admitted into the Freshman Class under the age of *Fifteen*.

The stated Examination for the admission of candidates, is on the day before Commencement annually. Examinations, however, may take place at other times, if circumstances render it necessary.

MATRICULATION.—No student, even after his admission to *residence*, is allowed to *matriculate*, until he shall have sustained a satisfactory probation of at least twenty weeks, and established a personal claim to the confidence of the Faculty; failing in which he is liable to be dismissed. Matriculation alone gives ac-

credited membership in the Institution, and renders the student upon whom it is conferred a proper candidate for degrees and honors. Should any student after Matriculation, abuse the confidence on which that act proceeds, he may be degraded, *i. e.* reduced again to the condition of a Probationer, and then further disciplined as the occasion may require.

PATRONAGE.—Each, student, after his admission, is required to choose, and in failure to choose for himself within a reasonable time, the Faculty will nominate for him, some one of their number to act as his *College Patron*. To this person, thus connected with him, he is at liberty, and is expected to apply, as to a friend, whenever his inclination or circumstances may lead him to seek advice or information on any subject connected with his academic standing and pursuits, or with his personal welfare.

The patron, on his part, is required to take an active concern in behalf of the client thus committed to his care: exercising a parental guardianship over him, and giving him advice and caution as he may see occasion. In doing this, he will consult the wishes of the Parents as well as the interests of the Institution, and will take care to be advised of both.

COURSE OF STUDIES.

The *Medea* of Euripides,
Wayland's *Moral Science* and
Political Economy,
Dana's *Manual of Mineralogy*,
Lyell's *Elements of Geology*,
Compositions and Original Declamation throughout the year.

RECITATIONS AND ACADEMIC EXERCISES.—The first exercise each week is a recitation in the Greek Testament, which all the College classes are required to attend.

The recitations are three daily, except Wednesdays and Saturdays, when there are but two. Wednesday, P. M., is occupied, however, in Rhetorical exercises;

when, as often as is consistent with their other duties, the Senior and Junior classes deliver original declamations or engage in extemporaneous discussions in the College Chapel; the Sophomore class read compositions, and the Freshman class meet for instruction in the principles of Elocution and Reading.

Some general instructions in Physiology and Anatomy will be given in connexion with Natural Theology and the Chemistry of Physiology, by the Professor of Chemistry; also a course of experimental lectures to the Senior class upon the subjects of Chemistry, Mineralogy and Geology.

Instruction in Vocal Music is afforded to members of the Institution gratis.

It is expected that every student will keep by him, for reference, during his Classical course, either a Classical Dictionary or Eschenburg's Classical Manual.

PUBLIC WORSHIP.—The students are required to attend Church twice on Sunday. Devotions are held in the College Chapel morning and evening, at which the members of the College are required to be present.

EXAMINATIONS AND PUBLIC EXERCISES.—There is a regular examination of all the classes at the end of each Term, and also in the middle of the winter Term, immediately preceding the Christmas holidays.

Students who, by sickness or any other unavoidable necessity, are prevented from appearing at the regular examination, may be examined *separately*; but no student, under any circumstances, is deemed to have made good his standing, or kept his term till he has passed a proper examination.

MARKS OF SCHOLARSHIP.—Every student at each recitation is marked according to his performance, from 0 to 3: the first symbol indicating a *total failure*, and the last a *perfect recitation*. When any one absents himself from a recitation, *if excused*, he is marked in proportion, *otherwise*, 0. Perfect recitations in any one subject, during a whole term, give the *maximum* number attainable in that subject; and the performance of each student is estimated by the comparison of his actual number with that maximum.

A similar grade in *Conduct* is also made out at the end of each term, founded upon the observance of the following College requirements, viz: 1. Punctual attendance at all recitations. 2. Attendance at morning and evening prayers and at public worship. 3. Remaining in room, and preserving order therein, during study hours.

PUBLIC EXERCISES.—Of the Junior Class at the close of the first Term. Commencement on the first Wednesday in August.

VACATIONS AND TERM-TIME.—The first Vacation, from Commencement,—8 weeks. The first Term,—26 weeks. The second Vacation, from the end of the first Term,—4 weeks. The second Term,—14 weeks.

STUDENTS' ROOMS.—The rooms are neatly fitted up and papered; and the following articles of furniture placed in each, viz: a Bedstead for two single

beds; straw Mattresses, and Chairs, one of the former and two of the latter to each student; a large study Table, and a Wash-stand. Bedding and light furniture, as also fuel and lights, are furnished by the occupant.

Two students occupy one room, unless otherwise permitted; and are held accountable, both for the room and furniture, until possession is regularly reconveyed to the proper officer.

Each student must deposit \$2 with the College Treasurer at the beginning of each term, to cover breakage and incidental damages to the College Buildings; the balance, if any, to be refunded at the end of the term.

MEDICAL ATTENDANCE, BOARDING, &c.—*Medical advice* and attendance are given by the College Physician, to all members of the Institution who require it; for which \$2 per annum are included in the College bills.

Board is furnished in private houses, at rates varying from \$1.25 to \$1.50, per week.

Washing may be contracted for at 75 cents per month, and *Fuel* costs from \$1, to \$1.25 per cord, delivered at the College.

COLLEGE EXPENSES.—To be paid to the Treasurer, *two-thirds* at the beginning of the First Term, and *one-third* at the beginning of the Second Term, *in advance*.—*Tuition*, \$30,—*Room Rent*, use of Furniture, Medical attendance, care of Halls, Recitation Rooms and Chapel, and *all other items*, except a deposit for damages, for forty weeks, \$15.00. Total, exclusive of vacations, \$45.00.

INCIDENTAL EXPENSES, for the same period of Forty Weeks, payable to individuals as they accrue, viz: *Board* from \$50.00 to \$60.00. *Washing* from \$6.00 to \$8.00. *Fuel and Lights* from \$5.00 to \$10.00. *Text Books* from \$6.00 to \$12.00. *Postage, Stationary, &c., &c.*, from \$10.00 to \$20.00. Total from \$67.00 to \$110.00.

The estimate of ALL EXPENSES therefore, except clothing, will be from \$122.00 to \$155.00 per annum, exclusive of vacations.

Parents are respectfully requested, for obvious reasons, to make their remittances, in all cases, through the College Patron, or in some way subject to his control; and to advise with him also as to any allowance of money they may wish to furnish their sons, over and above the estimate here given.

LIBRARIES.—The Libraries to which students may have access, are as follows, viz:

- | | |
|--|-------------|
| 1. The Library of the Seminary and College, containing about | 4,500 vols. |
| 2. That of the Philomathesian Society, | " " 1,800 " |

This Department is under the immediate charge of the Rev. Norman Badger, assisted by several competent Instructors.

The school embraces two classes of pupils; those *over sixteen* years of age, who are either preparing for College or pursuing a partial course with the design of soon engaging in the active business of life; and those *under sixteen*, who are attending to the same studies or the more common English branches, but who usually require the constant supervision of their teachers.

The spacious edifice designed especially for the Junior members, is situated nearly half a mile from the College, on a beautiful eminence, which furnishes the best opportunities for healthy, athletic exercises. Besides the accommodations allotted to the instructors, the matron, &c., the building affords ample dormitories and other conveniences required for the accommodation of upwards of 50 pupils.

The constant effort of the Instructors, in accordance with the design in the erection of Milnor Hall, is to furnish the pupils with as good a substitute as possible, in *sickness* as well as in health, for the comforts of *home*, and to combine the advantages of a well-ordered christian family with those of an efficient INSTITUTE OF ELEMENTARY AND CLASSICAL INSTRUCTION. The Pupils board at the same table with the Principal and his family, and with them also attend morning and evening worship in a small Chapel appropriately furnished in the Hall for the purpose.—The Sunday worship is attended by the pupils in the charge of their Instructors at the College Chapel. An experienced, kind, and careful Matron is provided, to whom is committed the charge of the clothing, and who is the nurse in sickness.

The Senior members have rooms assigned them in the Hall, the village, or College building, and are subject to regulations similar to those of College students.

UNIFORM.—On Sundays and other special occasions, the dress for the Junior members must be in uniform, namely:—A blue cloth cap, blue roundabout, dark colored vest, and dark steel-mixed pantaloons; in Summer, light colored vest and white pantaloons.

STUDIES.—Reading, Orthography, Penmanship, Geography, Arithmetic, Composition, Elocution, the Bible, the Church Catechism, History, and in general, all the studies that are required for admission to the Freshman Class in College, and such others as are usually taught in High Schools and Academies. Students in this department wishing to pursue the higher Mathematics, Classics, or other sciences of the College Course, are permitted to attend lectures and recitations with the College classes.

TEXT BOOKS.—Fourth Eclectic Reader, Mitchell's Geography, Davies' Arithmetic, Bourdon's Algebra and Legendre's Plane Geometry, Colt's Book-Keeping, Ruschenberger's Series of Natural History, Bullion's English Grammar, Bullion's Latin Grammar, Latin Reader and Cæsar, Anthon's Cicero, Bullion's Greek Grammar and Greek Reader, an English Dictionary, the Bible and Book of Common Prayer. These and others as they are needed, can generally be procured in Gambier. Each pupil must always be provided with the three last named.

TERM-TIME AND VACATIONS.—The same as in College. The present year will end on Wednesday the 2d of August, and the next Winter Term begin on Thursday the 29th of September, and the next Summer Term on the 26th of April. (See page 12.) Pupils whose friends wish them to remain during the vacations, will receive a partial course of instruction under the same regulations as in Term Time.

EXAMINATIONS.—There are three Public Examinations in the year; one at the close of each term, and one immediately preceding Christmas.

EXPENSES.—To those who room in the Hall, for Board and Tuition, (exclusive of vacations,) Room Rent, Bed and Bedding, Washing, Fuel, Lights, and Medical attendance, per annum, \$120, payable each term in advance, that is, \$78 for the winter term of 26 weeks, and \$42 for the summer term of 14 weeks. Incidental expenses from \$2 to \$3.

To the Senior members, who do not room in the Hall, the charge, for *Tuition* merely, is \$20 a year, payable each term in advance, (\$13 for the winter term, and \$7 for the summer) To those who room in the College, the charges, except for tuition, are the same as to College students. (See page 17.)

Every possible encouragement is afforded to those who wish to assist themselves by their own labor.

No extra charge is made for any study excepting for those of the French and German languages, and the higher parts of the College course. For either of the above languages, the charge is from \$3 to \$7, a term, according as the class formed is large or small. For the higher College studies the College prices are charged.

Pocket money for the Junior members, must in all cases be deposited with the Principal, or with some other officer connected with the Institution.

When pupils are not abundantly supplied with clothes, books, &c., money for procuring these articles should be deposited in advance with the Principal, or with the Treasurer of the College.

ROSSE CHAPTER.
