After careful investigation.

After careful investigation, we find that a suitable horse can be had at a cost not to exceed \$75: that a good wagon, broad tire, without a bed; can be bought for \$40; a set of double harness, of good make and material will cost \$20, making a total cost of \$133. As the fire department is in need of a horse (one of the horses in the fire department being unfit for service as a fire horse), we therefore recommend that the city purchase a horse, harness and wagon and have a fireman to do the sweeping, clean the catch basins and taking care of the Public Square of the Pu

The work commenced in the afternoon and a few members were instructed in the initiatory work, then adjourned for supper.

Lodge was again called to order, when all the members were present and anxious to know the mysteries connected with the order, when they were presented and instructed one by one, until all had received the rank of Knight, and retired to their homes very highly elated over what they had seen and heard. This was, as time has shown, the opening chapter of one of the best lodges in the State of Ohio. Days rolled by and the new Knights greeted each other with the warm hand of fellowship and pondered over the questions as to how many subjects and who they would be that would dare to place themselves into our hands to be lead to the altar of Knighthood. hands to be lead to the altar of Knighthood.

The week rolled by and it was lodge night once more. Bro. W. A. Crouch called the lodge to order, when we found there was a three applications for membership on the desk of the Recording Scribe, which made our eyes sparkle with joy as we exclaimed:

"Revenge is sweet." Our candidates for the first night were Bro. J. H. Stevens, R. B. Bingham and W. H. King. The following meeting brought the petition of Bro. T. H. Trimble. The next meetings the petitions of Bros. S. H. Peterman, W. M. Harper, Al. cutor Ewing, who rendered an opinion that of Bros. S. H. Peterman, W. M. committee was appointed to decide on some desirable place and date, when Bellville was the place chosen and the date was July 10. Invitations were extended to Newark, Mansfield and Wooster lodges. Mansfield sent a good delegation, who drove over in carriages and a good social time was the order of the day. All this took place before the lodge was three months old. The first case of sickness that crossed the threshold of Timon Lodge was caused by the collision on the B. & O. railroad at Independence, during the time of the State Fair at Mansheld in 1872, when Bro. Randall was seriously hurt and by good medical aid and good nursing from the members of the lodge, he was soon able to be sent to his home.

Candidates for initiation were getting scarce, for there were not many added to our number. About that time 20 uniforms were purchased and the Uniformed Knights were organized among ourselves to try and attract the attention of the outside world. Bro. Crouch was appointed Captain, and at the time of the laying of the cornerstone of the Soldiers' Monument, which took place on July 4th, 1876, the Uniformed Garden and Fancy seeds in great va Knights took part in the parade, and in the afternoon gave an exhibition drill on the

lodge, when on Thanksgiving Day, fifty-six new members were added to our number and on account of this big time Kirk Hall was rented for the occasion. Invitations were extended to almost every lodge in the State, and quite a number of our grand lodge officers were present and assisted in the work. The day's work was the greatest done by any lodge of the order, anywhere existing, and Timon Lodge received for the good work the title of "the Banner Lodge of

THE RING OF SATURN Made Up of Innumerable Small of Satellites and Does

displaced toward the violet if the body is approaching the earth, and toward the red if the body is receding. If the image of Saturn formed by a telescope is brought upon this like the slit of a spectroscope and kept accurately in position for a sufficient time (about two hours), the spectra of the planet and the two opposite sides of the ring can be separately photographed on the same plate. The motions of the different parts of Saturn can then be determined from the displacements of the lines. For such displacements of the lines. For such photographs taken by Professor Keeler, it has been found that the inner edge of the ring moves—faster than the outer edge, as it must if the ring is made up of small satellities. If the ring revolved figure at which to place the expense of figure at which to place the expense of

Bilious Colie.

Persons who are subject to attacks of ilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrheea Remedy. It acts quickly and can always be depended upon. In many cases the attack may be prevented by taking this remedy as soon as the first indication of the disease appears. 25 and 50 cent bottles for sale by Martin & Graff, druggists.

"We take pleasure in recommending Chamberlain's Cough Remedy because it is praised by all who try it," says J. W. Cox & Son, druggists, Marshfield, Oregon. No one afflicted with a throat or lung trouble can use this remedy without praising it. It always gives prompt relief. It is especially valuable for colds, as it relieves the lungs, makes breathing easier and aids expectoration.

A Mountain Staircase of Railroad. Picturesque Switzerland long ago fell a prey to modern engineering enterprise. The loud wailings of Ruskin still echo in the ears of a dying generation. The most audacious blow at Swiss ideals, however, has only now been struck. A Swiss engineer proposes to build an interior railroad within Mont Blanc which shall run 7,400 metres into that monarch of mountains, starting from St. Gervais, project of this tunnel and vertical shaft is stupendous, and not so many years Professor Keeler has obtained direct proof of this by means of the spectroscope. ONE THOUSAND MILES OF LAKE RIDE

Visit this Historical Island, which is the

grandest summer resort on the Great

Lakes. It only costs about \$13 from Detroit; \$15 from Toledo; \$18 from Cleveland, for the round trip, including meals and berths. Avoid the heat and dust by traveling on the D. & C. floating

palaces. The attractions of a trip to the Mackinac region are unsurpassed. The island itself is a grand romantic spot, its

climate most invigorating. Two new steel passenger steamers have just been

\$300,000 each. They are equipped with every modern convenience, annunciators, bath rooms, etc., illuminated throughout

Put-in-Bay. The palatial equipment makes traveling on these steamers thoroughly enjoyable. Send for illustrated descriptive pamphlet. Address A. A. Schanzz, G. P. A., D. & C., Detroit, Mich.

YOUNG MEN—Who have become victims of olitary vice, that dreadful and destructive nabit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brillfant intellect, may call with confidence.

DR. FRANCE, after years of experience, has discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose, or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth—and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or mouth may place your case beyond the reach of hope. Our method of treatment will speedily and permanently cure the most obstinate case, and absolutely restore perfect manhood.

TO MIDDLE-AGED MEN.—There are many from

TO MIDDLE-AGED MEN.—There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits, a ropy sediment will be found, or the color will be a thin or milkish hue. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs. FREE EXAMINATION OF THE URINE.—Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine (that passed first in the morning preferred), which will receive a careful chemical and microscopical examination, and if requested a written analysis will be given. Persons ruined in health by unlearned prelenders, who keep trifling with them month after month, giving poisonous and injurious con pounds, should apply immediately.

AF Cases and correspondence confidential. Treatment sent C. O. D. to any part of U. S. List of 130 questions free. Address, with postage, DR. W. A. FRANCE, No. 38 West Gay St., Columbus, Ohio.
