THE CZAR MAY HEAR DEMANDS OF THE PEOPLE

Manifesto May Be Issued Promising Concessions

General Suspension Of Work Ordered At Moscow And Other Industrial Centers May Soon Be Involved--Latest News

St. Petersburg, Jan. 24.—A report has gained currency that the strikers intended to storm the market on Vasilii Ostroff and seize the provisions there. At Kolpino, 12 miles up the river, a body of workmen who had started for St. Petersburg to join the strikers were stopped and fired upon by soldiers. Accounts as to the number killed or wounded conflict.

St. Petersburg, Jan. 24.—The estimates of the number of dead and wounded continue to vary greatly, as at least a majority of the wounded were carried off by their comrades. Few of those taken to the hospitals have been reported. The official account of the killing by no means indicates the total of killed or wounded. It appears that the estimate of 500 seems liberal. There were 47 killed and 54 wounded at the Putiloff works, where the greatest casualties occurred; about 60 in the Alexander gardens, 15 in the Morka district, 45 in the Vasilii Ostroff district, and the remainder at various other points.

There has been no repetition of the memorable occurrences of Sunday with the exception that a single blank volley was fired to awe a crowd near the Warsaw station. Careful investigation shows that no bullets were fired. The military everywhere have a firm grip on the situation, and the police use every precaution, such as forbidding the sale of petroleum and advising people to remain indoors.

It is reported that a number of mills and factories will start up today. Some of the industrial managers believe that the worst is over here.

Father Gopon's message to his followers is: "The czar does not expect to longer pray for liberty."

There are extremely significant reports that Emperor Nicholas, in making the decision at the extraordinary meeting of the council of the empire at Tsarskoe Selo to declare St. Petersburg in a state of siege, announced that he had resolved to issue a manifesto to the people with a view to aiming them, proposing to create a mixed commission of workmen and officials to investigate and decide the questions of the demands of the strikers, especially affecting the hours of labor, which Russian law fixes at 11, the representatives of the workingmen, according to this report, are not to be appointed, but selected by the laboring men themselves. This would be the first concession to the representative principle. According to reports the emperor will also promise to investigate Sunday's events in St. Petersburg.

immediately force the nation to make peace with Japan.

Hope of Revolutionists.
London, Jan. 24.—The Daily Telegraph's St. Petersburg correspondent reports that as the outcome of the meetings of the reform party of Gorky, Annensky, Arsenieff and others and their adherents, a body of men has been constituted who regard themselves as the future provisional government of Russia. As yet, the correspondent says, they are political ciphers; but they hope some sudden stroke of luck will enable them to overturn the existing regime and at the same time they recognize that non-success may lead them to Siberia or the tomb.

Report Untrue.
Tiflis, Jan. 24.—The rumors published in the United States of a revolt of troops in the Caucasus and that Tiflis is in a state of siege, are untrue.

Russian Lawyers Bolt.
St. Petersburg, Jan. 4.—The fourth civil department of the court of justice suspended its sittings owing to the lawyers refusing to practice.

NOT A REVOLUTION
Is the Present Ferment in Russia. Cassini's Views.

Washington, Jan. 24.—The following statement was made by Russian Ambassador Cassini concerning the rioting at St. Petersburg:

"Human life is sacred the world over and nowhere more so than in Russia, but it should be remembered that the public peace is of predominant importance and vigorous measures are sometimes necessary to preserve order. This is the situation in the Russian capital. There is a great industrial strike in progress. Because their demands have not been forthwith granted the strikers have endeavored to storm the emperor's own palace in the effort to gain an audience with his majesty. The troops ordered them to stop outside the gates, and the crowds refused. The troops then fired a volley of blank cartridges, and on came the crowd. There was only one thing else to be done, to fire with ball cartridges. That stopped the strikers and they fled in every direction.

"There is a great deal of difference between a riot and a revolution, and Americans will make a great mistake if they infer from the unfortunate stories of the disturbances in the Russian capital that the demonstration is revolutionary, or even hostile to the war. The demonstrations are not against the war; there is no revolution in Russia, nor will there be."

Former Ambassador's Views.
Ithaca, N. Y., Jan. 24.—Andrew D. White, former ambassador to Russia, and one of the best informed Americans on Russian affairs, made the following statement in regard to the situation at St. Petersburg: "If the czar is a weak man, as the present emperor is, he can do very little. A weak man can not know anything about the empire to speak of, because he is surrounded by grand dukes, women, etc., who tell him what they want him to believe and keep all the truth away from him, which they do not wish him to hear. The main difficulty in the whole case is that the emperor is supposed to do all the thinking for 140,000,000 people, scattered over the largest territory possessed by any government in the world, with all sorts of different races, religions and ideas, and this no man can do, and least of all in a time like this. The simple fact is that the evils of the old system have now become absolutely intolerable."

Wild Stories Afloat.
London, Jan. 24.—Special dispatches from Russia to the London papers again bristle with sensational statements. For instance, the correspondent at Kioff of the Express asserts that the naval depots at Sevastopol have been destroyed by a revolutionary outbreak of the sailors of the Black sea fleet, whose lives have been rendered unbearable by overwork and

robbery by corrupt officials, and gives circumstantial details of 8,000 of these men rising and attacking their officers and firing and destroying the buildings, while the troops that (according to the story) were summoned to quell the revolt refused to fire at all or fired in the air.

Editors' Determination.
St. Petersburg, Jan. 24.—The editors of four newspapers, the Russ, the Vedomosti, the Novosti and the Crash-danin, declare their intention, as soon as the printers return to work and they are able to resume publication, openly to defy the censorship in the matter of strike news and Sunday's affairs. They drew up a letter to the censor saying they felt the gravity of the situation demanded that they print the facts without minimizing or glossing them over. The Novoe Vremya and other papers, however, refused to join, and the letter was not sent; but the editors of the four papers named agreed to adopt the course indicated.

Raid of Cossacks.
St. Petersburg, Jan. 24.—In a dispatch from General Kuropatkin to Emperor Nicholas, dated Jan. 22, additional details are given of General M. Tchenko's raid of Jan. 10 to 14. General Kuropatkin mentions a number of officers who distinguished themselves by bravery before Yinkov, and gives the total losses for the four days as seven officers and 73 men killed and 32 officers and 257 men wounded and 21 men missing. General Kuropatkin says the raid created the greatest alarm in the Japanese rear guard.

Admiralty Works Consumed.
Sevastopol, Jan. 24.—Fire broke out in the admiralty works immediately after the second signal for beginning work was given at 7 a. m. The flames burst simultaneously from different parts of the works and the whole building was so quickly involved that men in the modeling department barely escaped by jumping out of the windows. Energetic measures prevented the flames extending to the docks. The fire was under control at 1:30 p. m. The cause of the fire is unknown.

Reports to Pope Pius.
Rome, Jan. 24.—Reports received at the vatican from Russia say that notwithstanding efforts of bishops, the Catholics are excited and it is impossible to keep them from participating in popular movements, especially in Poland, where part of the lower clergy joined the people. The pope was most distressed at news contained in late dispatches, and expressed the hope that the internal situation of Russia was not so black as depicted.

Battery Officers Arrested.
St. Petersburg, Jan. 24.—Davidoff, the captain, and Kurzeff, the senior officer, of the battery out of which the loaded shell was fired on Jan. 19, striking the imperial pavilion and other buildings, have been arrested.

FAVOR DAVEY'S BILL DO MINORITY MEMBERS

Washington, Jan. 24.—At a caucus attended by about 125 of the minority members of the house of representatives a resolution was agreed to by nearly a unanimous vote to support the bill introduced by Representative Davey of Louisiana, extending authority to the Interstate Commerce commission to fix railroad rates. The Davey bill is very short, providing only that when the commission shall find, after due hearing, a rate to be unreasonable, it shall name a reasonable rate in its place; that this rate shall go into effect after 20 days' notice, and shall remain in effect until set aside by a competent court of review; and that the case may be tried in any court taking jurisdiction, upon the facts and testimony adduced before the commission.

Another futile attempt was made in senate to have a time fixed for voting on the statehood bill. The opposing senators expressed an unwillingness to vote on the bill until the amendments shall have been disposed of, and Mr. Beveridge would not consent to vote on them without an agreement extending to the bill itself. The fortifications bill was passed after rejection of the amendment striking out the provision for insular fortifications.

Smoot Refused to Testify.
Washington, Jan. 24.—The senate investigation into the protests against Senator Reed Smoot will be closed this week. The cross-examination of the respondent terminated earlier than expected, and several other witnesses for the defense were examined. It was announced just before adjournment of the committee on privileges and elections that only a few more witnesses would be put on the stand. The cross-examination of Senator Smoot resulted in his absolute refusal to testify in regard to the endorsement ceremonies. He also asserted that it was

COLUMBUS CASHIER

Ended His Life Owing To Financial Troubles

Columbus, O., Jan. 24.—Charles H. Houseman, cashier of the East Side Savings bank, after 10 days' work without sleep, shot himself through the head at his home. He died instantly. His books were said to be in satisfactory condition, but the suicide started a run on the bank, and W. H. English was appointed receiver. Houseman leaves a wife and two children.

Germany's Coal Strike.
Cologne, Germany, Jan. 24.—The strikers, who now number nearly 220,000, are simply awaiting the influence of public opinion on the coal mine proprietors and the efforts of the government to assist in the settlement. No disturbances are reported. Drafts of police from other parts of Prussia continue to arrive. Considerable quantities of coal from Belgium are coming in.

Mission of German Miners.
Essen, Jan. 24.—Reichstager and Bernstein, Socialists, and Schroeder, a member of the miners' general committee, have departed for England. Their mission is not stated, but some believe that it is to inaugurate a movement among English operatives against mining coal to supply the German market, thus weakening the fight of the German miners.

Sympathetic Strike.
Brussels, Jan. 24.—A strike of coal miners has been declared in the Mons district in sympathy with the German strikes. It is feared the trouble will extend to other districts.

Village Burns.
Milwaukee, Wis., Jan. 24.—The village of Brookfield, about 12 miles west of this city, was nearly wiped out by fire. The loss is estimated at \$30,000, partly covered by insurance.

Sickening Shivering Fits
of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At G. R. Baker & Son, Mt. Vernon, F. F. Hosack, Fredericktown drug stores; price 50c, guaranteed."

LA FOLLETTE

Choice of Wisconsin Republican Legislators For Senator.

Madison, Wis., Jan. 24.—Governor Robert LaFollette was nominated for United States senator by the Republican caucus to succeed Joseph V. Quarles. The caucus vote resulted: LaFollette, 63; Quarles, 26; Webb, 10;

Governor La Follette.
Esch, 4; Connor, 2. Only one ballot was taken. All opposition to Governor LaFollette subsided when the offer of Quarles' supporters to combine with other candidates was refused. The actual strength of LaFollette in caucus was more than 65 votes, as the Webb, Esch and Connor votes would have gone to LaFollette if he had needed them, it is said. Martin L. Lueck is the minority choice for senator. Senator Quarles' present term expires March 3, 1905.

FILED THEIR ANSWER DID CANAL SYNDICATE

Claim Johnson Has No Right To Make Complaint

Assert They Took Only What Belonged To Them In The Form Of A Consideration For Services Rendered

Cleveland, O., Jan. 24.—In their answer to Attorney T. H. Johnson's sensational cross-petition in the Miami and Erie Transportation company litigation the original 14 members of the canal syndicate claim that Johnson's knowledge of the facts and his acquiescence in them deprived him of any right he might have "in law, in fact, or in good conscience," to complain in any way. W. H. Hayden swears to the facts in behalf of the defendants.

The pleadings set up the claim that the original 14 took only what belonged to them in the form of "consideration for their services" performed in projecting the deal. W. H. Lamprecht, for himself and others, entered into the original agreement with Fordyce, it is stated, by which the canal franchise was obtained. The exact amount of "consideration" that the original 14 admit they were to receive is, according to their own statement, \$250,000 in par value of stock, 240 of the gold bonds, plus the shares of common stock that accompanied the bond sales to subscribers. This, they say, was but reasonable compensation. It is claimed that from the first that all the acts complained of by Johnson were performed under the direction and by the advice of "counsel learned in the law."

Appleyard Receivership.
Columbus, O., Jan. 24.—An effort may be made this week to start negotiations looking toward raising the receiverships in the Appleyard traction properties. At a dinner at Dayton Thursday night, which leading traction men of Ohio will attend, there will be a conference between the men who are interested in it. As yet the bondholders have not been brought into court, and none of them so far as known have as yet done anything looking towards becoming parties to the suits already instituted. In case the receiverships are continued the bondholders must step in to protect their interests.

Vernon, F. F. Hosack, Fredericktown, drug stores.

Gas and Electric Merger.
Cincinnati, O., Jan. 24.—The Hamilton Gas and Coke company will absorb the Hamilton-Otto Coke company of Hamilton, O., and the municipal electric lighting plant of that city within the next few days. A formal agreement has already been entered into by the various interests and the details of the merger have been practically completed.

Big Factory Fire.
Cleveland, O., Jan. 24.—Plant No. 1, covering three acres of ground of the Cleveland dryer works, a branch of the American Agricultural Chemical company, was destroyed by fire. The loss is placed at \$100,000, with insurance covering a large portion of that sum. The cause of the fire has not been learned.

Wound Proves Fatal.
Cincinnati, O., Jan. 24.—John Wiles, 26, of North Bend, O., who was shot above the heart in James M. Frazier's saloon at Sekitan, O., by ex-Marshall Sherman McDaniels of Adyston, is dead, and a charge of murder will be placed against Daniels as soon as he is captured.

Domestic Tragedy.
Columbus, O., Jan. 24.—Gus Posturi, 24, was shot and fatally wounded by his brother-in-law, Tony Danzelo, 18, a fruit dealer, the shooting taking place in an East Naghten street house, where the families resided. Family troubles the cause.

Petition In Bankruptcy.
Toledo, O., Jan. 24.—The creditors of the Strauss-Geen company, owners of the Fair store, filed a petition in involuntary bankruptcy against the firm. The liabilities will amount to \$150,000 and assets about \$100,000.

Counterfeiting Charged.
Philadelphia, Jan. 24.—Charged with counterfeiting, Henry Walsh and Joseph Conors were held in \$2,000 bail for trial by United States Commissioner Craig and Stephen Williams, who was arrested with the men, was required to furnish \$1,000 bail. The prisoners were captured in a raid conducted by secret service men last Saturday night. It was in evidence that both Conors and Walsh had served terms of imprisonment for counterfeiting, and it is said by the secret service men that the two men belong to a notorious gang.

PRESIDENT MITCHELL ADDRESSES THE MINERS

Indianapolis, Ind., Jan. 24.—In a brief address to the miners' convention, just before adjournment, President Mitchell referred to the co-operative store movement, which will be one of the pronounced developments of the miners' organization during the coming year. He advised them to go into the venture carefully and with all precaution. One of the suggestions was that each treasurer should be compelled to provide suitable bond, not because any wrongful actions might be anticipated, but as a measure of protection.

Attacks General Stoessel.

Tokyo, Jan. 24.—A Russian admiral who has just joined the prisoners from Port Arthur now in Japan has given an extended statement covering the defense and surrender of the fortress. He characterizes the surrender before the garrison had reached its extremity as a disgrace, bitterly criticises General Stoessel and lauds General Kondratenko, commander of the Seventh East Siberian rifle regiment, as the true hero of the defense of Port Arthur. The admiral says that Vice Admiral Makaroff, who commanded the Russian squadron at Port Arthur and

who went down with the battleship Petropavlovsk on April 13, dictated the policy of inactivity on the part of the squadron. The admiral admits that bitter friction existed between the army and navy, and intimates that there is a probability of inquiry into this matter by court-martial. He insists that the Russians destroyed their warships at Port Arthur beyond any possibility of salvage by the Japanese.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims; in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by G. R. Baker & Son, Mt. Vernon, F. F. Hosack, Fredericktown, druggists. Trial bottle free.

Thousands Have Kidney
Trouble and Never Suspect it.
How to Find Out.
Fill a bottle or common glass with your
water and let it stand twenty-four hours,
a sediment or set-
tling indicates an
unhealthy con-
dition of the kid-
neys; if it stains
your linen it is
evidence of kid-
ney trouble; too
frequent desire
to pass it or pain
in the back is
also convincing proof that the kidneys
and bladder are out of order.
What to Do.
There is comfort in the knowledge so
often expressed, that Dr. Kilmer's
Swamp-Root, the great kidney remedy,
fulfills every wish in curing rheumatism,
pain in the back, kidneys, liver, bladder
and every part of the urinary passage.
It corrects inability to hold water
and scalding pain in passing it, or bad
effects following use of liquor, wine or
beer, and overcomes that unpleasant ne-
cessity of being compelled to go often
during the day, and to get up many
times during the night. The mild and
the extraordinary effect of Swamp-Root
is soon realized. It stands the highest
for its wonderful cures of the most dis-
tressing cases. If you need a medicine
you should have the best. Sold by drug-
gists in fifty-cent and one-dollar sizes.
You may have a sample bottle and a
book that tells all
about it, both sent free

Kilmer & Co., Bing-
hamton, N. Y. When
writing mention this paper and don't
make any mistake, but remember the
name, Dr. Kilmer's Swamp-Root, and

done at St. Petersburg.

Up until this hour there have been
no clashes with the police, but the
strike and revolution is spreading
through southern Russia.

dustry, mostly from Michigan, were

Chicago, Jan. 24.—That John Hoch,
whom the police allege to be a modern
Bluebeard, is not an expert chemist,
and may possess knowledge of a se-
cret poison, was the declaration of
Police Inspector Shippy. The inspector
says he has evidence that Hoch was a
druggist some years ago, and com-
pounded many poisons. "This man is
poisoning me," are the words Mrs.
William Steinbecker told the police
her mother-in-law spoke shortly before
death 10 years ago. The dead woman
is said to have married Hoch about 10
years ago, and to have been taken sud-

Sick
Headache
When your head aches, there
is a storm in the nervous sys-
tem, centering in the brain.
This irritation produces pain
in the head, and the turbulent
nerve current sent to the stom-
ach causes nausea, vomiting.
This is sick headache, and
is dangerous, as frequent and
prolonged attacks weaken the
brain, resulting in loss of
memory, inflammation, epi-
lepsy, fits, dizziness, etc.
Alay this stormy, irritated,
aching condition by taking
Dr. Miles' Anti-Pain Pills.
They stop the pain by sooth-
ing, strengthening and reliev-
ing the tension upon the nerves
—not by paralyzing them, as
do most headache remedies.
Dr. Miles' Anti-Pain Pills do
not contain opium, morphine,
chloral, cocaine or similar drugs.
Sick headache is hereditary in my
family. My father suffered a great
deal, and for many years I have had
spells that were so severe that I was
unable to attend to my business affairs
for a day or so at a time. During a
very severe attack of headache, I took
Dr. Miles' Anti-Pain Pills and they
relieved me almost immediately. Since
then I take them when I feel the spell
coming on and it stops it at once.

Bryan On Corrupt Politics

New Haven, Conn., Jan. 24.—At a
dinner given the Connecticut Editorial
association William J. Bryan spoke on
corruption in politics, and declared
that "Connecticut has as large a venal
vote as any state in the Union." He
said that the condition of politics in
this state, so far as the purchase of
votes was concerned, was second only
to that in Indiana. Mr. Bryan said he
believed the time had come when the
press and the pulpit should form an
alliance to combat the prostitution of
the electoral franchise.

A Woman's Prayer

It is notable that in the despondency
caused by womanly diseases, there seems
to many a suffering woman no way of
escape from pain except at the price of
life itself. It would be sad to record
such a story of struggle and suffering ex-
cept for the fact that in such dire
distress many a

woman has
found a way
back to health
and happiness
by the use of
Dr. Pierce's
Favorite Prescrip-
tion. The one
and only remedy
for leucorrhoea,
female weak-
ness, prolapsus,
or falling of the
womb, so abso-
lutely specific
and sure in curing
these common
ailments of women,
as to warrant
its makers in offer-
ing to pay, as
they hereby do, the
sum of \$500 reward
for a case of the
above maladies
which they cannot
cure.

"Your medicine almost raised me from
the dead," writes Mrs. Edwin H. Gardner,
Plymouth Co., Mass., Box 14. "My urine
was like brick dust, and I had pain all
over me, and such a dragging feeling
that I could not do my house work.
One day I found a little
book. I read it and wrote to Dr. Pierce,
and in a few days received an answer.
I decided to try his medicine, and to-day
I am a well woman. I have no backache,
no headache, no pain at all. I used
always to have headaches previously to
the monthly period and such pain that
I would roll on the floor in agony. I
took three bottles of Dr. Pierce's Favorite
Prescription and three of Golden Medical
Discovery and three vials of Dr. Pierce's
Pleasant Pellets, and was completely
cured."

WENT TO KENTUCKY

BUT WERE NOT MARRIED

A couple of Richland county young
people were forcibly reminded that
the path of true love never did run
smooth when they hid themselves
to "old Kaintuck" in the hope of
being made one only to be refused a
marriage license, the clerk of Cov-

they were not old enough, though
the prospective groom gave his age

age was given as 21. Regarding the
affair the Covington, Ky., column in
Sunday's Cincinnati Enquirer con-
tains the following:

David Hill, giving his age at 24,
and residence as Shelby, Ohio, and
Lovie Crouse, of Rives, Ohio, who
said she was 21, were refused a mar-
riage license yesterday. The clerk
did not think she was more than 14

or 15 and advised her to return
home. They caught the next car

THE IDLEHOURS

Add Another Victory To List By Defeating Newark

In Interesting Bowling Contest Held Monday

Mt. Vernon Won Two Out Of The Three Games

The Idlehours Appeared In Their New Sweaters And Made A Fine Showing--The Scores Made

The Idlehour bowling team added more laurels to their list Monday afternoon by defeating the Newark team by a total of thirty-eight pins. The game was scheduled for Monday evening, but the Newark team sent word that they would have to roll in the afternoon in order to be in Newark early Tuesday morning.

The audience was rather small owing to the fact that the match came at such an hour that many were kept away by their work. The Idlehour team appeared for the first time in crimson sweaters with the name "Idlehour" in golden letters across the breast. The garment is a fine article and adds much to the appearance of the team.

The Idlehour team expects to go to Newark the latter part of this week and play a return game. The Newark team took their defeat in good nature and left the alleys with a broad smile. The following were the scores that were made:

COSHOCTON'S POPULATION

Is 8,376 Today—What Is Population Of Mt. Vernon Today?

The population of Coshocton is exactly 8,376, according to the special enumeration taken by the Coshocton Age, the result of which was announced this afternoon. The census taking required just two weeks, and was conducted by J. D. Severns.

It is of interest to note that Coshocton's population today is 7,686 within the old corporation limits that gave a return of 6,466 in the federal count of 1900.

In this connection it is an interesting fact to note that in 1900, the federal count showed that the population of Mt. Vernon and Coshocton was exactly the same, 6,466. There is considerable speculation as to the exact figures of the population in Mt. Vernon today.

Kenyon Defeated

Granville, O., Jan. 24—Denison defeated Kenyon at basket ball Saturday night in an exceedingly good game. The play was fast and snappy from start to finish, ending with 13 points chalked up for Denison to Kenyon's 11.

FORMER DANVILLE MAN GETS INTO SERIOUS TROUBLE

(Mansfield News.) About 9 o'clock Sunday morning Capt. Charles, who was at police headquarters, received a telephone message from the B. & O. yard engineer, Coul, stating that he had two men locked in a box car and for an officer to come down and get them. Capt. Charles hustled down and found two strangers in the car, which was partially loaded with merchandise. Four boxes of goods in the car had been broken open and the men had vomited on one of the boxes, besides creating other varieties of disorder. The men were brought up town and locked up on the charge of being drunk and of malicious destruction of property. The car in which the two fellows were found was standing on the siding of the Baltimore and Ohio road just above the water works pumping station.

The two men were given a hearing in police court Monday morning and Capt. Bennett, of the B. & O. railroad police department, was here to attend the trial and also to look

after the cases of the men further. One of the men gave his name as William Wescott, born in Philadelphia, Pa., molder by occupation, single and 35 years of age. The second man stated that his name is John Kalor, born at Danville, Ohio, molder by occupation, single and 22 years of age. Both men entered a plea of guilty to the charge of bringing drunk and malicious destruction of property. They stated that they had been in Newark and were en route to Toledo. The mayor fined each man \$25 and costs and ordered them to be sent to the Columbus workhouse for a term.

After the cases were over Capt. Bennett, of the B. & O. police department, stated there was a holdup at Newark Saturday night and that the men may be wanted there for that job. When the officers take Wescott and Kalor to the workhouse they will stop off at Newark with them and see if they can be identified as the parties who are wanted there.

TO LEAVE CITY

Was The Agreement Of The Two Principals

In The Ecclesiastical Scandal At Zanesville

Bope Says That Gibbs Was Victim Of Imposition

And Also States His Belief That In Time All Stain Of Dishonor Will Be Removed From His Own Name

Zanesville, Ohio, Jan. 24—Rev. Frank W. Bope announces that he will resign as rector of St. James church, quit the ministry and enter some other field of labor, probably journalism. He says that he has received a number of flattering offers from prominent newspapers in the larger cities offering him positions, but that he has not decided yet, which, if any of them, he will accept.

He says he is ready to quit, that as far as he is concerned he will pursue the prosecution of his suit against Walter A. Gibbs no further and will ask that the case be dismissed in the courts.

"I am still of the opinion that in the end all stain of dishonor will be removed from my name, but I am under pledge not to talk further of the merits of the case," he said. "I am not confessing anything by the course I am pursuing but I am satisfied that it will be impossible now to convince the Zanesville public of my innocence of the charges made against me, and as the verdict of the public was of far more importance to me than the verdict of any jury in the courts, I cannot see where I would have gained anything by prosecuting the case, no matter what the result might have been.

"I am satisfied that Mr. Gibbs was conscientious in the stand he took in the matter but I believe he was imposed upon and that he will one day find it out. I cannot say when I will leave Zanesville. I have an immense amount of business matters to settle up, wind up my connections with the church, straighten out my books with the charitable institutions with which I have been connected, etc.

"My resignation has not been submitted, but my attorneys are engaged in writing it this morning. It will be submitted at a meeting of St. James vestry Tuesday evening. My resignation from the Episcopal ministry will be submitted to Bishop Vincent and my separation from the ministry will be complete as soon as he accepts it. It was one of the terms of our settlement that I was to leave the city," continued Rev. Bope.

Later he said it was agreed that Mr. Gibbs was to leave the city also, and I think he will carry out his agreement soon. My sorrow of soul over this ending of my ministry here cannot be comprehended by anyone who has not been in a like situation," said Rev. Bope, in closing.

the interview, "but had I persisted in the prosecution of this suit, many hearts in St. James church would have been broken, and I feel that this, my last service for St. James, is the greatest I have ever done for it."

ATTENDANCE LARGE

At The Evangelistic Services At Vine Street Christian Church Sunday

The services at the Vine street Christian church were of the most interesting kind and both services were well attended Sunday. New members were extended the hand of greeting at the morning service. The large number of young men at the night service was noted and commented upon. The increased membership and the growing attendance has occasioned the discussion of the advisability of enlarging the audience room. This is a most needed improvement in the interest of the work of this live congregation.

THE SKATING RINK

Is Drawing Large Crowds And Skating Is Becoming Popular

Each evening witnesses a large crowd at the roller skating rink on East High street. Perhaps the largest crowd so far gathered on Monday evening and everybody enjoyed the sport. Music is furnished each evening by C. G. Snow's band. The management has decided to set apart each Thursday afternoon as ladies' day and at that time instructors will be in attendance to assist the ladies in skating. The rink is open each afternoon and evening excepting Sunday and judging from the crowd so far, roller skating will be more popular than ever in Mt. Vernon.

Mr. H. E. Sherman, of Mt. Vernon, was a visitor in the city Sunday.—Delaware Journal Herald.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of features.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham—
"For nine years I dragged through a miserable existence, suffering with inflammation and falling of the womb, and worn out with pain and weariness. I one day noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the womb trouble and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.
