WHOLESALE ARRESTS MADE IN ST. PETERSBURG

The Capital Now Said To Be In State Of Siege

Feeling Spreading Throughout The Empire And The Great- est Anxiety Prevails--Bloodshed Feared At Moscow Very Soon

St. Petersburg, Jan. 25.—The police are actively searching out the leaders of the present ferment. Three well known Russian authors and a prominent editor have been arrested, and the prisons are filled with agitators, revolutionists and student orators. The consensus of opinion is that the immediate future actions of the agitators depends on what occurs in Moscow and other large cities of Russia, where the workmen are beginning to strike. Over 100,000 men are out in the old capital of the empire. A telephone message from Moscow reported that there had been no disorder there as yet.

St. Petersburg is now in a state of siege. General Trepoft, until recently chief of police of Moscow, has been appointed governor general of St. Pe-

tersburg, and has taken up quarters in the winter palace. General Trepoft is a man of great energy, but the measures he adopted at Moscow for suppressing the student demonstrations in December last provoked much resentment, and the revolutionists recently condemned him to death.

The aspect of the Russian capital is decidedly more calm. Business, which had been at a complete standstill, has been resumed upon a limited scale. The employees in a few of the smaller factories went back to work, and the crowds of strikers in the streets were diminished. The troops in evidence were not so numerous as on Monday, and a more confident feeling exists in official circles that the energetic measures which have been inaugurated will insure the safety and quiet of the city. Underneath the surface, however, the ferment continues, and the public nervousness and apprehension as to future developments is still unallayed. Secret meetings of different classes in opposition to the existing order of things have been held in various places, but the divergent elements which were suddenly brought together by the tragic events of last Sunday are advancing on divergent plans, and no common ground of action has yet been found.

According to the official report the exact number of persons killed in Sunday's rioting was 96; wounded, 333.

SERIOUS

Is the Situation at Moscow and Other Industrial Points.

St. Petersburg, Jan. 25.—The situation that now confronts the military authorities at Moscow city is much more serious than that in St. Petersburg. Out of over 1,000,000 inhabitants of Moscow, over two-thirds are workmen, including an exceedingly rough and turbulent element. At Kovron and Vilna, where strikes also have been begun, the workmen are following the St. Petersburg plan of marching about the city and inducing or forcing other workmen to leave their employment.

Inflammatory circulars have appeared in the streets. They are signed by the "Russian Social Democratic Labor Party." One read: "You saw the death and heard the groans of the wounded men, women and children. Who directed the soldiers to aim their rifles and fire bullets at the breasts of the laborers? It was the emperor, the

grand dukes, the ministers, the generals, the nobles of the court. They are the murderers. Slay them. To arms, comrades. Seize the arsenals and the arms at the depots and at the gunsmiths. Lay low the prison walls. Liberate the defenders of freedom. Demolish the police and gendarmery stations and the government and state buildings. We must throw down the emperor and the government, and must have our own government. Long live the revolution. Long live the constituent assembly of the representatives of the people."

It is not known definitely whether Father Gopon, the leader of the workmen, is in Moscow or St. Petersburg. A proclamation said to emanate from him has been distributed, indicating that he has gone over body and soul to the Social Democrats.

All Depends on Moscow.

London, Jan. 25.—The Society of the Friends of Free Russia has decided to raise a fund for the St. Petersburg sufferers. An appeal will be made through the newspapers. The same society is arranging for a mass meeting in Queen's hall on Feb. 2. It is firmly believed and confidently stated by many Russians in London that the army will quickly become disaffected. These Russians say that much depends on Moscow, which is the true center of the revolutionary spirit, and assert that a declaration of independence will be issued at Moscow.

Waving the Red Flag.

Helsingfors, Finland, Jan. 25.—Thousands of workmen joined in a demonstration here. Assembling on the huge steps of the Nicolai cathedral they paraded the streets, waving red flags. The windows of public houses, hotels, breweries and a number of newspaper offices were broken. The police interfered rather late, arresting 50 of the workmen.

Situation in Poland.

Berlin, Jan. 25.—Rioting is reported to have occurred in Russian Poland. At Radom the soldiers and police are said to have exchanged volleys. Three officers are reported killed and a number wounded. Radom is a manufacturing town of 30,000, and about 60 miles from Warsaw.

Student Sympathizers.

Paris, Jan. 25.—Students of the Latin quarter, including a number of Russians, held a meeting in sympathy with the St. Petersburg strikers and attempted to make a demonstration. The police broke up the meeting. No serious incident occurred.

Want Machine Guns.

Berlin, Jan. 25.—The Russian government has ordered the Ludwig Lowe arms factory to supply as soon as possible 500 machine guns.

Railway Promoter Arrested.

Portland, Ind., Jan. 25.—Smith H. Bracey of Chicago, president of the Cincinnati, Bluffton and Chicago Railroad company, now in the hands of a receiver, was arrested on a warrant issued at the instance of County Surveyor J. J. Griffith, who charges Bracey with having obtained money under false pretenses. Griffith alleges that he has loaned to Bracey various sums, from \$700 to \$5,000, which were to have been used in the construction of the railroad. No sooner was the road completed, according to the complainant, than the road was thrown into the hands of a receiver. Bracey, who is president of the Bracey-Howard Construction company of Chicago, subsequently filed a mechanic's lien against the railroad for \$300,000.

Negro Saved His Clothes.

Norfolk, Va., Jan. 25.—Mary Elwart and Mary Parsons, two colored women, were burned to death in a fire that was started in their room by an overturned stove. A negro man occupying an adjoining room paid no attention to the shrieks of the women for aid, but saved his clothes from the burning building. He said he had to work too hard to buy his clothes to lose them, saving women.

DOUBLE TRAGEDY

Occurs In Cleveland Which Causes Excitement

Cleveland, O., Jan. 25.—In Lakewood, a suburb of Cleveland, George Wagar shot and killed his brother John. A policeman, John Klaymer, who had been called to the Wagar home, was shot through the stomach by Wagar. A number of village officers surrounded the house for the purpose of arresting Wagar. The cause of the shooting is supposed to have been over the settlement of the Wagar estate, for which John Wagar was administrator.

Tragedy at a Spread.

Columbus, Ind., Jan. 25.—During a quarrel over a woman Andrew Henry, 22, stabbed and wounded, perhaps fatally, Brazilla Rund, 18, and created a panic among the other guests at an oyster supper at the home of Charles Strode, two miles north of Georgetown. In the stampede that followed two young women fell down stairs and were badly injured. The assailant escaped and has not been apprehended, though the sheriff and a posse are searching the hills for him.

To Apply to Canal Zone.

Washington, Jan. 25.—Representative Mann of Illinois introduced a resolution providing that all laws affecting imports of merchandise and entry of persons into the United States from foreign countries shall apply to merchandise and persons coming from the Panama canal zone into the United States. He also introduced a bill to authorize the United States to acquire by condemnation proceedings all stock of the Panama Railroad company.

World's Record Smashed.

Ormond, Fla., Jan. 25.—Arthur E. MacDonald, an Englishman, driving a 90-horsepower American machine, smashed the world's record for five miles in the Ormond-Daytona racing course. Mr. MacDonald reeled off the five miles in lightninglike speed, covering the distance in 3 minutes and 17 seconds flat. The world's record for the distance was held by W. K. Vanderbilt, who last year covered five miles in 3:31.15.

Spoiled Her Beauty.

Harriet Howard of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. (25c at G. R. Baker & Son, Mt. Vernon, F. F. Hosack, Fredericktown, drug stores.)

TUCKER FOUND GUILTY OF FIRST DEGREE MURDER

Cambridge, Mass., Jan. 25.—Murder in the first degree was the verdict of the jury in the case of Charles L. Tucker of Auburndale, charged with the murder of Miss Mabel Page, 41, who was stabbed to death at her home on March 31. Tucker collapsed utterly when the foreman read the verdict. He was led to the jail in an exhausted condition, and when once more locked in his cell revived somewhat under stimulants administered by a physician. Before the case was given to the jury Tucker availed himself of the opportunity to address the jurors, and declared his innocence, saying he was at home when Miss Page met her death. He said he foolishly broke up the knife, which figured so prominently in the case, because officers bounded him. He said he knew nothing of the crime until reporters came to talk to him about it.

Charges Against a Judge.

Washington, Jan. 25.—In the mail of nearly every member of the house of representatives was a letter signed by the firm name of Watt & Dohan, attorneys-at-law, Philadelphia, setting forth 12 reasons why constitutional action should be taken against Judge E. Henry Lacombe of the circuit court for the southern district of New York. Chairman Jenkins of the judiciary committee intends to lay the matter before the committee. The main allegation is that Judge Lacombe has been instrumental in preventing a final decree being handed down in certain litigation.

The college officials will at once go to work with a view to securing the required fund. The offer from Mr. Carnegie was in response to an appeal to him from President King in April of last year.

To Aid German Strikers.

Berlin, Jan. 25.—Twenty-seven Social Democratic meetings were held here to hear addresses by Socialistic members of the reichstag on the subject of the coal miners' strike. The meetings were so largely attended that the police had to close the doors of the halls before the hour announced for the beginning of the meetings. Sharp resolutions denouncing the Mine Owners' association and expressing sympathy with the strikers were adopted. Financial aid was also promised the strikers.

Sickening Shivering Fits of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At G. R. Baker & Son, Mt. Vernon, F. F. Hosack, Fredericktown, drug stores; price 50c, guaranteed."

NEUTRALITY MAINTAINED SAYS THE CHINESE

Allege That Charges Made By Russia Are Untrue

Government At Peking Replies To American Note Regarding The Allegations Of The Czar-- Extracts From The Message

Washington, Jan. 25.—Secretary of State Hay has received China's answer to the American government's communication calling attention to the Russian charges that the Chinese were violating neutrality. Regarding the charge that the Chinese bandits were enlisted in the Japanese army, the Chinese government calls attention to the fact that they were enlisted by the Russians as frontier guards and fought against the Japanese army. If it is true, as alleged, that they are enlisted in the Japanese army, that is a matter for the belligerents. In the opinion of the Chinese government, the subjects of a neutral power have the right as private citizens to enlist in a foreign army. Whenever these bandits entered the Chinese neutral zone every effort was made for their arrest and punishment, and in most cases they have been arrested. Regarding the Rysshtein incident, it is said that the seizure was as unexpected by the Chinese as by the Russians. The Chinese government did everything it could against such seizure. The Chinese government later requested Japan to return the vessel, and, while the incident is not yet closed, China considers that her government has done all possible in the matter.

The Maotao islands are said to have been used by the Japanese as a base for their navy. The Chinese government for the past year has stationed the swift cruiser Haili to watch this island, and the local prefect summoned there the gunboat Haipu to patrol those waters. No sign of any landing of Japanese has been reported to the government. Regarding the articles of contraband alleged to have been sent to Dalny, the answer says no ships have left Chefoo with the knowledge of the Chinese government for Dalny, and no clearance papers for that port have been issued by the Chinese custom officials. If ships have run the blockade that is the belligerents' lookout.

The Chinese government considers that Russia has violated neutrality in a number of instances. Bridges have been built by the Russians west of the Liao river, and Russian troops have encamped on the west side of the river, which is supposed to mark the boundary line of the neutral zone. In many places in the neutral zone the Russians have forced the sale of provisions. The Chinese have made many arrests of Russians smuggling ammunition, arms and other contraband articles.

FOR SWAYNE TRIAL

Organization Perfected by the United States Senate.
Washington, Jan. 25.—The senate took an important step in the impeachment trial of United States Judge Swayne of the northern district of Florida. The organization for the trial was perfected by the swearing of the senators for that purpose; the managers of the house were received for the purpose of formally presenting the articles of impeachment and a resolution summoning Judge Swayne to appear was accepted. Mr. Platt of Connecticut was elected to preside at the trial sessions. Further proceedings were postponed until Friday next, when Judge Swayne is expected to appear before the bar of the senate in response to summons of the senate.

Pierpont Morgan was elected a director to fill the vacancy caused by the death of E. D. Worcester, and William Rockefeller was chosen to succeed E. V. P. Rossiter, resigned. HE ATTEMPTED SUICIDE BUT POLICE PREVENTED

Milwaukee, Wis., Jan. 25.—Arthur Henry Milligan, with whom Florence O. Groves agreed to commit suicide at the Hotel Blatz, and who disappeared after she had fulfilled her agreement Monday morning, was arrested at the residence of Robert Barlow at Racine. His capture took place only after he had attempted suicide and had been prevented by Chief Pfister. After his arrest Milligan calmly detailed the story of his life and the incidents of the girl's death. He said that Florence Groves took carbolic acid in his presence at the hotel after she had made three attempts to kill herself. Milligan was not married to Florence Groves. The couple left the Groves residence at Chicago and eloped with the intention of marrying, but lack of time prevented the carrying out of their plans.

"Florence Groves knew what the end would be when she decided to elope with me, and she was eager to die with me," Milligan said. "She was engaged to a schoolteacher of Orland, Ill., but she loved me better. I told her that the day she married him I would kill myself, or else would take my life on her birthday, Jan. 27. Every day that we were at the hotel we planned to kill ourselves. Finally we set Monday morning as the day. Sunday morning she tried three times to kill herself with poisons I had purchased. She drank oxalic acid, iodine and wood alcohol in turn, but they only acted as emetics. She begged and implored me not to go first, as she did not want to see me die. She asked me to pour out the acid, and I filled a wine glass with it. As her last ras-

quest she asked me to hand it to her but I refused repeatedly. At last she nerved herself, snatched the glass and swallowed the dose. 'Don't leave me until I'm dead,' she implored in a husky whisper. As I watched the terrible convulsions that racked her form, the foam that specked her lips, the agonized setting of the eyes and the mortal pain expressed in her every movement, my nerve failed me. I did not have the courage to follow her. Milligan was brought back to Milwaukee.

ing a basket of clothes when a Shet-
land pony, the property of Mrs. Jen-

BUTLER BOY IS DYING RESULT OF WHIPPING

Butler, Ohio, Jan. 25.—Earl Poor-
man, aged 14, is in a critical con-
dition from the effects of an alleged
assault committed by J. A. Reeder,
teacher in district No. 5. Poorman
refused to take punishment for an in-
fraction of the rules, and, it is charg-

ed, the teacher drew a policeman's
mace from his pocket and struck the
boy over the head, rendering him un-
conscious. It is feared that his skull
is fractured. Reeder has been dis-
charged by the school board and will
be arrested if the boy's condition
should prove to be serious.

KILLED BY TRAIN IN MANSFIELD YARDS

Edward Beckwith of Conway, Pa.,
a Pennsylvania flagman, was killed
last evening in the east yards in this
city. The train of which he was
flagman was a west bound freight,
and was doing some switching in the
east yards. Flagman Beckwith was
flagging when his own train backed
upon him. The accident occurred
near the Park Avenue Crossing,
about 6:45 o'clock.

Nimans ambulance was immedi-
ately called. Beckwith lived only a

few minutes. The body was badly
mangled, both legs being cut off be-
low the knee, his right thumb cut
off, his neck broken and two large
gashes cut in the head, his face was
badly scratched, showing that he
had been rolled before the train
caught him.

The body was prepared by Nimans
for shipment to Conway at 10:20
this morning. Mr. Beckwith was
well known in the city and had many
friends in railway circles.

Gain Strength for Work

In office and factory, shop, store or kitchen girls are at
work all over this land, and, alas! far beyond their strength.
Young women who work are especially liable to female ills. Too often
the girl is the bread winner of the family and she must toil unremit-
tingly, no matter if her back does ache, her limbs and abdomen throb
with dull pain and dragging sensations, and dizzy spells make her
utterly unfit for work. These are the sure signs of female irregularities
which kill beauty and youth.

Lydia E. Pinkham's Vegetable Compound

builds health and strength for all women who work and are weary. It
creates the vitality that makes work easy. From the thousands of
grateful letters written by working girls to Mrs. Pinkham we quote
the following:

DEAR MRS. PINKHAM:—I feel it my duty to tell you the good Lydia
E. Pinkham's Vegetable Compound and Blood Purifier have done for me.
Before I took them I was very nervous, had dull headaches, pains in back,
and monthlies were irregular. I had been to several doctors and they did
me no good.

Your medicine has made me well and strong. I can do most any kind of
work without complaint, and my periods are all right.

I am in better health than I ever was, and I know it is all due to your
remedies. I recommend your advice and medicine to all who suffer.

MISS ABBY F. BARROWS, Nelsonville, Athens Co., Ohio.

Oh, if American girls who work would only realize that they have but
one life to live, and make the most of their precious health and
strength!

Mrs. Pinkham extends to every working girl who is in ill health a
cordial invitation to write her for advice. Such letters are always kept
strictly confidential, and from her vast experience Mrs. Pinkham prob-
ably has the very knowledge that will help you—and may save your life.
