L. HARPER, Editor and Proprietor.

OFFICIAL PAPER OF THE COUNTY.

MOUNT VERNON, OHIO.

THURSDAY MORNING, OCT. 5, 1893.

DEMOCRATIC STATE TICKET.

For Governor, LAWRENCE H. NEAL, of Ross.
For Lieutenant Governor, WILLIAM A. CLOAR, of Franklin.
For Judge of the Supreme Court, JOHN W. SATER, of Darke.
For Attorney General, JOHN P. BAILEY, of Putnam.
For State Treasurer, B. C. BLACKBURN, of Coshocton.
For Member Board of Public Works, LOUIS WILHELM, of Summit.
For Dairy and Food Commissioner, PATRICK H. MCKOWN, of Hamilton.
For State Senator, 17th-28th District, NEWTON STELLWELL, of Holmes.

The Republican paper will soon be a thing of the past.

The "calamity shriekers" now "roar" gently as sucking doves.

Tom Reed can no longer count a Republican quorum, and this is why the heathen rage.

It is announced that the new Epileptic Asylum at Gallipolis will be opened on the 1st of November.

PRESIDENT CLEVELAND will be unable to participate in Chicago Day at the World's Fair, October 9.

The "Michigan clown" is making a Herculean attempt to bring the people of Ohio on the tariff question.

The striking miners in Chesterfield and Derbyshire, England, will listen to no proposition for a reduction of their wages.

AGAIN the report is revived that the people and authorities in Hawaii are desirous of annexation to the United States.

THE World's Fair has entered upon its closing month with promise of the greatest attendance of any month since the opening.

MORE pension money will be paid out under Cleveland's Administration than under any Republican Administration that preceded it.

FIVE negro murderers were hung in Montgomery county, Alabama, on the same scaffold, on Friday, in the presence of several thousand people.

CHARLEY MITCHELL, the English pugilist, is willing to engage in a jaw contest with any Senator at Washington. We think he will find his match.

The last spike on the Ohio Southern extension, connecting Springfield and Lima, was driven on Sunday, in the presence of a vast crowd of people.

C. D. ROOR, United States Vice Consul at Guaymas, Mexico, committed suicide by shooting himself through the head. No known cause is assigned for the act.

THE Democracy of Richmond county have nominated James A. Guthrie for Sheriff to fill the vacancy on the ticket occasioned by the death of John Englehart, Jr.

THE W. H. Foster mattress factory in New Orleans was destroyed by fire on Friday last. Mr. Foster, the owner, and Noah Alexander, an employee, were burned to death.

IN the great race between Tammany and Lamplighter, on the Guttenberg track, near New York, on Thursday last, Tammany came in three lengths ahead, in the fast time of 2:04.

N. W. CUNNEY, a colored man, ex-Collector of Customs in Texas, failing to secure a berth in a Galveston-Hot Springs Pullman coach, has sued the Company for heavy damages.

JENNIE MEHL, daughter of Millionaire Eugene Mehl, of St. Paul, who last week sold Hotel Ryan for \$1,500,000, eloped with and married James Robinson, colored elevator boy at the hotel.

BELDEN, the crank, who fired into the crowd of brokers at the Chicago Board of Trade, was a "discharged" criminal, whose wife had abandoned him years ago, and married another man.

THE Republicans of the 6th and 6th Senatorial district, nominated Capt. M. Hughey, of Highland county, as their candidate for State Senator, on the 8th ballot. It was a very bitter contest.

THE honest voters of Ohio know and feel it down deep in their pockets that the tariff is a tax that they are compelled to pay for the benefit of the millionaire manufacturers. McKinleyism means taxation.

THIS pleasing announcement is made that the Directors of the World's Fair will be prepared, on the 9th of October, to pay off the entire floating debt of the great exposition, which will require nearly \$2,000,000.

THAT bogus Irishman, "Hon." A. L. Morrison, who makes \$50 speeches every campaign for the Republican party, is again on the stump, repeating the same old story about the beauties of a protective tariff.

REV. FREDERICK W. BROWN, formerly of Pittsburgh, committed suicide by throwing himself into the Erie Canal at Syracuse, N. Y. He escaped from his keepers while being taken to the Asylum at Ogdensburg.

THE difficulty between the managers and the employees in the Cleveland and Erie Ditching Mill at Cleveland, had been satisfactorily adjusted, and the works started up on Monday, after being idle for several months.

WM. K. MURPHY, of Woodington, Darke county, Ohio, while on his way to Cincinnati, to visit his son, Prof. W. A. Murphy, of the Nelson Business College, dropped over dead in the Columbus depot, from heart disease.

IN consequence of the violent attacks upon him by the newspapers, Mr. J. J. VanAllen has declined the appointment as Ambassador to Italy, which was offered him by President Cleveland. A later report says he will "stick."

IN protection increases the wages of workmen, as the Republicans claim, why is the country constantly convulsed by the attempts of employers to cut down the wages of their employees? Will some protectionist please answer?

A CAREFUL canvass of Cincinnati, made by the police, by direction of the Mayor, shows that the number of unemployed people in that city at present is only 4,500, which speaks well for the city as compared with other large cities.

A New Political Movement.

After Senator Cameron (Rep.) of Pennsylvania delivered his surprising speech in the Senate in opposition to the repeal of the Sherman Silver law, some of the Republican and Silver leaders got together for the purpose of bringing about, if possible, a fusion between those organizations, to the end that Republicans will vote for Free Silver, and the Free Silverites vote against any change in the McKinley Protective Tariff.

It is announced in a dispatch from Washington that "some of the members of the Manufacturers' club of Philadelphia, led by James Dobson, the big wheel manufacturer, and Wharton Barker, the banker, are engaged in circulating a petition to the senate looking to a consolidation of the interests of the protectionists and the free-traders. Says the same dispatch: "The claim is set up that the interests of Silver and protection are identical. * * The scheme is to align the interests of silver and protection, and by this means prevent a protective tariff legislation and secure more liberal silver legislation."

We can scarcely believe that such a chimerical scheme can be successfully carried out; but there is no telling what the Republican leaders will attempt.

It is only to obtain power in this country and legislation for the interest of the monopolists—whether the monopolists be owners of gold mines or the owners of immense iron manufacturing, as against the tolling masses.

The "Silver States" were brought into the Union by a Republican Congress for the sole purpose of securing a Republican Senate and House of Representatives.

This, for a time, was successful; but a reaction soon came, and the people of the country, by an overwhelming popular vote, turned the tables, and elected a Democratic President, a Democratic House of Representatives and Democratic Legislatures, which gave the Democracy a majority in the United States Senate.

And now to attempt to stop this political revolution, and to defeat the will of the people, by bringing about a political union between the avaricious tariff monopolists and the equally avaricious owners of Silver mines, is too monstrous a proposition and fraught with too many dangers to the well-being of the country, to prove permanently successful. The scheme will react against the men and the parties who attempt it and cover them with overwhelming defeat and disgrace.

Monopolists of all kinds have had their day in this country.

Arrest of Anarchists in Vienna.

The authorities in Vienna have determined to make war upon the Anarchists that have infested that city, and put an end to their lawless and murderous work. Fourteen of the conspirators and bomb-brothers have been arrested and will be tried and punished. Among the men arrested is a leading manufacturer of bombs who lives in Prague and an anarchist named Stulka, who is well known to the police. Stulka is a skillful mechanic.

The police declare that the conspiracy they have unearthed is the most dangerous plot the Anarchists have ever concocted in Vienna. Every one of the men arrested had in his possession bombs or cartridges that were ready for use. The discovery has caused much excitement in official circles.

All we fear from this movement in Vienna is that other anarchists, fearful that they will also be arrested and punished, will flee to this country, and add to the number of the desperadoes who have their headquarters in New York and Chicago. Measures should be taken at once to prevent these devils from landing in the United States.

We may add that the police in Vienna are searching the houses of Anarchists in that city for two anarchists who are suspected of having been connected with the recent attempt on the life of General Martinez Campos. The suspected men fled from Barcelona to Madrid.

The authorities in Vienna are instituting a thorough investigation into the recently discovered plot of the Anarchists to blow up the Parliament House with dynamite. Enough is known to warrant the conviction that the parties under arrest are the mere tools of a chief or prime mover, a foreigner, who is at the head of the conspiracy. Startling developments are daily looked for.

A Wild Panic in the Chicago Board of Trade.

There was a fearful panic in the Chicago Board of Trade on Wednesday last, such as never before was witnessed in that noisy body. While some 2,000 speculators were engaged in the usual wild clamor incident to the sale and purchase of produce, five pistol shots were fired from the gallery into the crowd, by a man named Cassius Belden, which threw the body into a pandemonium of confusion. Three of the shots took effect upon many persons. These were Amri M. Bennett, board of trade broker, shot through the neck; Charles W. Roswell, assistant chief operator of the board of trade telephone office, jaw broken by bullet; Mrs. W. W. Lewis, of Tinsville, Pa., World's Fair visitor, flesh wound in back; Thos. E. Barrett, a stalwart young Irish-American, who happened to be in the gallery, jumped upon Belden, took his pistol away and held him on the floor until others came to his assistance, when the lunatic was taken away. Belden is a Chicago carriage painter, who was divorced from his wife five years ago, at Camden, N. J. His sister, with whom he lived in Chicago, says his mind has been unbalanced ever since. The fellow claims that he was "hypnotized" some three years ago, and that "when the Board of Trade began to sell his soul he resisted." The man only a few months ago was released from the Lunatic Asylum at Kankakee, Ill.

At a little town called "Calamity," in Allegheny county, Pa., a great many foreign miners are employed, some of whom are rank Anarchists, and others opposed to that organization. Mr. and Mrs. Reese were of the latter number, and they openly declared themselves opposed to the unlawful doings of the Anarchists and the latter, believing their schemes would be given away, deliberately shot and killed both Mr. and Mrs. Reese. Two men named Marston and Brice, who were charged with the murder, fled, but Marston was captured and locked up at West Elizabeth. All the parties are French Canadians.

DON CAMERON, the "silent" United States Senator from Pennsylvania, delivered a speech in the Senate one day last week, in opposition to the repeal of the Sherman silver law, which has called down upon his head the most bitter denunciations from the press and the leading men of his own party. They declare that he has betrayed his party and thoroughly misrepresents his constituents. They demand that he shall resign his seat in the Senate, but it is not likely that he will do so.

CINCINNATI had a genuine sensation last week, which set the tongues of all the gossiping wag. Cards announcing the intended marriage of Miss Annie R. Harper, daughter of Col. J. W. Harper, on the 3d of October, to Mr. S. McDonald, prosecuting Attorney of Newark, N. J., were sent to the friends of the parties, all over the country. One of the invited guests was Mr. J. B. Hunter, a "Coke-burner" of Hamilton, Wyo. This gentleman was a friend and admirer of the bride-elect, arrived at Cincinnati some days in advance, called upon Miss Harper, but showed her no special attention. On Thursday last, however, he asked permission to escort her to the theatre, but instead of going to the play the couple drove over to Covington, Ky., where they were privately married by the Rev. Dr. Keene. The marriage with the Newark gentleman was declared off. The bride's father and mother are greatly distressed over the affair, but they will survive it.

A CRANK, who gave his name as Joseph Washington, got into the White House in some mysterious manner last Thursday, and in response to a question as to his business, said he "wanted to see his father." "Who is your father?" he was asked, he answered, "The President." It was at once seen that he was insane, and an officer said to him, "Your father is out in the garden. Come with me and I will find him for you." The crank went out and was soon lodged in an ambulance wagon, and taken away. He said he intended to secure the presidential chair by fair means or foul. Nothing could be learned about the fellow's history or his home.

SENATOR STEWART, of Nevada, introduced resolutions in the U. S. Senate on the 25th ult., attacking the Administration of Mr. Cleveland, accompanied by a violent speech, declaring that the President is arrogant, ignorant and dictatorial, and ought to be impeached. Senator Voorhees, of Indiana, replied to the venomous assault of the Nevada gentleman in a dignified, forcible and convincing manner, which pleased the moderate members of the Senate. Senator Stewart will discover that Mr. Cleveland cannot be intimidated by his virulent utterances.

A HORRIBLE disaster occurred at the Mansfield mine, the only producer of hessene ore, located six miles from Crystal Falls, Mich., on last Thursday night, by which twenty-eight men lost their lives and entailing a loss of \$600,000 on the company. The entire mine caved in from the top to the bottom, caused by the giving way of the timbers on the fifth level, allowing the Michigan river to pour in among the ill-fated men. Twenty men escaped an awful death.

CALVIN STEWART, a negro brute who murdered an old white man named Carter, near Langley, S. C., was captured last week by the officers who were taking him to prison at Atlanta, by twenty masked men and riddled with bullets. Before being shot he confessed that he killed Carter, and implicated one Stephen Dunbar, who aided him in the murder. Dunbar was arrested and placed in jail; but as a mob threatened to take him out by force, the Governor sent a military force to protect him.

A COUPLE of weeks ago the BANNER gave an account of the death of the wife of Benjamin King, at Big Walnut creek, near Columbus, while she and her husband were on their way from Licking county to Illinois, in a covered wagon. King's grief was of short duration, for it seems he returned to Licking county and found a new wife in the person of Carrie Patrick, aged 18 years, whom he married ten days after wife No. 1 was buried. King is a pensioner, aged 50 years.

SATURDAY was Irish Day at the World's Fair, and it was wonderfully successful in all respects. Among the distinguished participants in the grand pageant was Mr. Shanks, Lord Mayor of Dublin, Archbishop Freeman, Arthur O'Connor, M. P., Hon. John Fitzgerald, Hon. John E. Fennerty, and others. There was some opposition to the elevation of Ireland's green flag, because Ireland is not a "Nation," but it was unfurled to the breeze, all the same.

THE mail-robbery enterprise has been introduced into West Virginia, and an honest granger who carried the mail on horseback through the wild mountains was the victim. Two masked men, armed with Winchester rifles, stopped the man in the woods, ripped open the leather mail-sack, and opened all the letters, but failing to secure any money they took from the poor fellow \$450 that he was carrying to town to pay off a mortgage on his farm.

Mr. J. J. VanAllen, last year, gave \$50,000 to the Democratic campaign fund, that was his privilege; but his parties concerned indignantly repel the charge that any office was promised in return. How different is the case of John W. Yanamaker, the Philadelphia "breaches maker." He raised a quarter of a million of dollars to get Harrison in and in return he was appointed Postmaster General. It was a clean case of "bargain and sale."

THE Wells-Fargo Express Company and the Adams Express Company, operating roads from Kansas City South and West, have provided burglar-proof safes for all their express cars. This is all well enough; but train-robbers will continue the old method of forcing the express messengers, at the point of Winchester rifles, to open the safes, unless they are confronted by a superior force of deadly weapons.

A MAN from Covington, Ky., named A. G. Wherritt, became uncontrollably insane when he went up in the big Ferris wheel at the World's Fair, last week. He made several desperate efforts to break through the strong wire iron bars and throw himself into space. A lady finally took off her skirt and threw it over his head, and held it there until the great wheel stopped. This subdued him.

DR. T. M. GAMBER, the well-known editor of the *Champion Democrat*, died at Urbana, of paralysis, on Saturday, aged 45 years. He was a brother of Senator Gummer, of the Zanesville *Signal*, and Representative Gummer, of the Mansfield *Shield*, and at the time of his death he was one of the Trustees of the Epileptic Asylum at Gallipolis.

A. G. GAYLORD, a prominent Cleveland druggist, committed suicide at the Empire House in Akron on Thursday night last, by taking a dose of morphine. He did not rise in the morning and when his wife awoke in the night, she found him lying dead, fully dressed, on the bed.

A FRENCH named Milo Wilson, at Williamsburg, Ohio, deliberately shot and killed Iva Warman, a little 11-year-old daughter of David Warman, because she would not allow him to force his attentions upon her. Fearing the vengeance of the people, the scoundrel blew his brains out in a barn.

Another Batch of Railroad Disasters.

There were an unusual number of railroad disasters during the past week, but they were not of such a fatal character as those previously reported. We note below a few of the most serious:

The North-bound passenger train on the Louisville and Nashville railroad was derailed between Scranton, Miss., and Bellefontaine, on the 28th ult. Eight persons were horribly mangled, including two postal clerks. Three negroes, who were beating their way, were killed. The passengers made a marvelous escape from death.

At Belleville, Mich., Sept. 29, the Grand Trunk Express, while standing at the station, was run into by the Erie Express, causing a bad wreck. On the train were Cashier Meredith of the Chicago & Grand Trunk, his wife, Henry C. Newland and wife, father and son of Mrs. Meredith, Wm. Castles, porter, and Wm. Alternaty, cook. Mr. and Mrs. Newland were instantly killed. Castles was fatally hurt, and Mr. and Mrs. Meredith badly, if not fatally, injured. The cook escaped with slight bruises. Fireman Jamison, of the Erie engine, was badly scalded.

A train on the Missouri, Kansas and Texas Railroad ran into an open switch at Lynnwood, on Sunday, dashing through three stock cars. Engineer Maxey Hall and Fireman Charles Robinson were instantly killed. None of the passengers were seriously injured.

The Cincinnati Express on the Vandalia road was derailed near Stanton, Iowa, on the 26th ult., caused by some firemen removing a rail. Every car but a sleeper left the track, but fortunately none of the passengers were seriously injured, although they were badly shaken. The object of the demons who removed the rail was undoubtedly robbery, as the express car had a large sum of money on board.

Freight train No. 517, on the Shawnee division of the B. & O. road, broke in two near Chalfant's Station on Saturday. The rear portion collided with the first, and three cars loaded with coal were derailed and wrecked. Engineer Scott Robinson and fireman James McManis were caught by escaping steam and badly scalded.

A South-bound fast freight train on the Cleveland, Cincinnati, Chicago and St. Louis railroad ran into three heavily loaded flat cars, near Edgemoor, Monday, causing a bad wreck. Two Columbus tramps were killed and two others badly injured. R. M. Hughes, the telegraph operator at Edgemoor, had a leg broken.

More Mysterious Disappearances.

Herbert Harter, a clerk in the Vogt grocery store at Delaware, drew all the money that was coming to him last Thursday, went home and dressed himself and then quietly left, without any intimation of where he was going. His sudden leaving is a mystery.

Wm. DeWolf, general manager of Mrs. Gusk's big clothing store at Pittsburgh, disappeared from his boarding house on Penn Avenue, Sept. 14, since which time no one has seen him. As his accounts were all right, foul play is suspected.

Frank M. Smith, who was supposed to be one of the wealthiest men in Lexington, Ky., and lived in elegant style, mysteriously disappeared last week. His property was all at once attached by creditors.

Pretty Belle Yearon, who disappeared from Franklin, Warren county, last June, left it seems, to cover her shame. She gave birth to a child in Cincinnati, which is reported to have died. Whether Belle is living or dead, seems to be a disputed question.

George Klockson, of Ft. Scott, Kan., Grand Treasurer of the Knights of Honor, who disappeared, and was supposed to have met with foul play, is now believed to have gone to escape creditors, as his property is heavily mortgaged.

Joseph E. Boucher, chief clerk of the East End Gas Works at Cincinnati, went to the World's Fair at Chicago, stopping at the Monroe Avenue House. After being there a few days he paid his bill and disappeared as though the grave had swallowed him up. He wrote to his father for money, which was sent, but the letter not being called for it was returned by the landlady of the hotel.

J. Lamont Shepherd, a young swell of Middletown, Ohio, son of a well-known mailster, mysteriously disappeared some time ago, and no tidings of his whereabouts can be learned. He had some trouble with the Middletown Pump Works, but it is believed that this had nothing to do with his disappearance, some sensational developments may be looked for.

Mr. George Weisenberger, treasurer of St. Paul's Catholic Benevolent Society of Columbus, mysteriously disappeared on Saturday morning last, since which time no information concerning his whereabouts has been learned. His accounts seem to be all straight. His family and friends are greatly distressed about his disappearance.

Destructive Fires.

An incendiary fire at Steubenville, on Sunday night, destroyed the stables of James Cooper and Wm. Ruddicks. The Enterprise Pottery Company's works, at Trenton, N. J., were destroyed by fire on Sunday night. Loss estimated at \$60,000.

A big fire in Louisville on Sunday destroyed a large amount of property, including \$40,000 worth of the Standard Oil Company's refinery.

On Sunday, at Tyler, Texas, the warehouse of Swan & Long, occupied by the Tyler Furniture Company, and A. P. Moore, grocer, was destroyed. Loss about \$50,000.

The Farnham Street Theatre at Omaha was destroyed by fire on Monday morning. Loss over \$200,000. The firemen made a narrow escape from injury by the falling walls.

At Canton, on Tuesday morning, the barn, engine and power-house, together with a large number of motors and rail cars of the Canton & Massillon Electric Railway were totally destroyed by fire. Loss \$100,000, partially covered by insurance.

Down Goes Wages.

The Oliver Iron and Steel Company of Pittsburgh, employing 4,000 men, reduced the wages of their employees, in all departments, excepting the boiling department, 10 per cent, on Monday.

The Trenton Iron Company, at Trenton, N. J., made a like reduction of 10 per cent in the wages of their workmen on Monday.

The Ohio Valley division of the Newport News and Mississippi Valley Railroad, made a reduction of 10 per cent in the wages of all switchmen and brakemen on Saturday, but the men refused to accept the reduction, and went on a strike.

This is the way the McKinley tariff protects the workmen of the country.

Destructive Storm Along the Gulf Coast.

MOBILE, Ala., was visited by a fearful rain and wind storm on Monday morning. The wind blew the water of the Gulf back into the lower part of the city, flooding stores and doing an immense amount of damage. Houses were unroofed, trees blown down and steamboats and ships wrecked. All the telegraph lines were prostrated. The monetary damage was immense, but the amount is not stated.

A later dispatch shows that the storm extended along the coast from Mobile to New Orleans and destroyed life and property to an alarming extent. The oyster colony at Bayou Cook, near the mouth of the Mississippi, was completely annihilated, the total number of lives lost being 206. The orange crop was damaged 50 per cent.

Basis of the Proposed Compromise.

The unconditional repeal of the Sherman silver purchasing law is now believed to be out of the question, and a compromise is talked of, which will continue the purchase of silver to the extent of two and a half million ounces each month, and the issue of certificates thereon, as at present; which certificates are to be made a legal tender for all debts, public and private, except where otherwise agreed upon by contract. Second, the issue by the United States of 3 per cent. bonds to the extent of \$300,000,000 to replenish the gold reserve. It is reported that Mr. Cleveland will consent to nothing but an unconditional repeal. A few days more will bring this exciting question to a focus.

A FIRE in the cattle stalls of the Stark County Agricultural Society last Wednesday, roasted some thirty fine cattle of great value. One hundred and thirty stalls were destroyed. The fire is believed to be the work of incendiaries, who became enraged because they were not allowed to climb over the fences to get inside, without paying.

The police of Manchester, Eng., undertook to break up an Anarchist meeting on Sunday, when they were met by a fierce and bloody resistance, but no lives were lost. Three Anarchists were seriously wounded, and several of the most desperate ones were taken into custody, while others escaped through the windows.

DURING "Indiana Day" at the World's Fair, last Wednesday, while ex-President Harrison was speaking, there was a big crowd of people to hear him, and many persons, especially women, were jammed and injured by the swaying mass. The General, by good judgment, brought order out of confusion.

THE "Spirit Rappers" held a large Convention at the Auditorium in Chicago on last Thursday and Friday. Prominent believers of the faith, men and women, including several Professors in Colleges, were present from all parts of the country. The proceedings were quite interesting.

MR. MacBETH, the Supreme Cashier of the Knights of Honor, in Indiana, who embezzled \$100,000 of the funds of the order, and then disappeared, was found in the streets of Decatur, Ill., hopelessly insane. His friends declare that he never used a penny of the missing money.

A PRAIRIE fire has raged in the extreme Western part of the Cherokee strip for two days. John Baker, Henry Thomas and family, two children named Harrison and Mrs. Thompson and two children perished in the flames. Five or six others were badly injured.

NEAL and McKinley each had meetings at Findlay, on Tuesday, and addressed immense audiences. The Democrats challenged the Republicans for a joint discussion, but it fell through, as the Republicans wished to have everything their own way.

THE dark-eyed daughter of the Duke of Veragua, known as "Miss Columbia," who accompanied her distinguished father to this country at the opening of the World's Fair, was happily married to an old lover last week. He is a Spanish Marquis.

WILLIAM CORCORAN, aged 18, of Fall River, Mass., while beating his way home from the World's Fair, attempted to board a freight train at Massillon, going East, but fell under the cars and had both legs cut off above the knees, causing his death.

It is said that Senator Quay, of Pennsylvania is greatly disgusted with the course taken by Senator Cameron, of the same State, on the silver question; but he refuses to talk on the subject. He thinks, however, that the Sherman law will be repealed.

HON. LAWRENCE T. NEAL addressed immense Democratic meetings at Toledo, Elyria and Sandusky last week, and met with enthusiastic receptions. At the Toledo meeting Hon. Frank H. Hurd presided and delivered a powerful introductory speech.

A DESPERATE battle was fought at Tangier on Tuesday between a large force of Moors and Spanish troops, and the latter being largely outnumbered, were whipped and routed. The number killed is not stated, but was large on both sides.

A WONDERFUL LINE OF NEW FALL GOODS!

OF ALL KINDS.

Cloaks, Capes and Dress Goods!

OF ALL THE NEW SHADES IN

Hop Sacking, Basket Cloths, &c.

ALSO, A SPECIAL SALE OF

BANNER BRIEFS.

TOWN GOSSIP AND SHORT ITEMS OF NEWS PICKED UP HERE AND THERE.

"Kidnapped" tonight.

Look out for the patrol wagon this afternoon.

The police patrol wagon of the Kidnapped Company, will answer all calls to-day.

An increase of pension has been granted to Emma, widow of James E. Safford, of Centerville.

The People's Party will hold a county nominating convention at Danville, Thursday of this week.

The Louisville free fair is in progress this week and many Knox county people are in attendance.

A child, aged 11 months, of Mr. and Mrs. Ed. Hanger, died Friday morning and was buried Sunday afternoon.

The Messiah will be produced under the auspices of the Knox County, on the evening of Thanksgiving Day.

The postoffice at St. Louisville, Licking county, was broken into Friday night, and a small amount of money stolen.

Several bodies of the late Mr. Vernon, wheelmen made the run to Centerville, Sunday, to view the ruins of the big fire.

The first severe frost of the season was experienced last Thursday night, and for a week or two the weather will be about a level.

"Little Fairy," the trotting horse owned by Lee Bradock of this county, is entered for the races at the Newark Fair, this week.

J. M. Ticks, late postmaster at Newark, has been one of the proprietors and leading editor of the Tribune published at that point.

The first frost having blighted the flowers and foliage plants in Mount Vernon, they were taken up to be housed for the winter.

Chas. Z. Winteringer has been transferred from the city ticket office of the C. & A. C. road to Columbus, to the car accompaniment office.

Mr. Thomas Hunt has received a box of fine canned goods from the Welsh canning factory, of Los Angeles, Cal., presented by his son, J. C. Hunt.

The painting of iron bridges of the county has been completed. The work was done in a satisfactory manner, and has been accepted by the Commissioners.

Col. Hunt had a party of guests booked for the B. & O. excursion to Chicago and the World's Fair, Wednesday evening, all of whom will be entertained at the Hotel Kenyon.

At the Mansfield Fair, last Friday, "Blaze Rider," won the 225 pace and a purse of \$300, in three straight heats. The best time was 2:24. There were seven starters in the race.

Every farmer and every laboring man in Knox county should hear the speech of Col. W. A. Taylor at the Opera House, next Saturday afternoon. The Colonel will also give some facts interesting to old settlers.

The department of the C. & A. C. road last week to join their daughter, Mrs. Dr. Wood, of New Mexico, and pay a visit to the Fair.

Dr. and Mrs. T. C. Cotton, Mr. O. H. Cotton and Miss Anna Bell returned Saturday from two days' visit at Chicago and the World's Fair.

Hon. John H. Clark, a distinguished lawyer of Youngstown, Ohio, will be on a business visit to Mt. Vernon, Saturday, making the BANNER a friendly call.

Mr. and Mrs. Frank Watkins and daughter, Miss Mary Watkins, of Mass., spent several days last week with friends in this city and left Monday to go to the World's Fair.

Mr. John C. Patterson, the popular agent of the B. & O. road, is in charge of the many friends of the traveling agency of Frank Wilson, who will be interested in knowing that he leaves about the first of November on a visit to Europe. W. E. Rapp, of the B. & O. road, is also in charge.

Mr. and Mrs. W. H. Rapp, a well-known farmer of Pike township, made an assignment, Thursday, to attorney P. V. Owen, the property transferred amounting to \$7,000 of land, which was sold at \$200, and the personal property is placed at \$50.

The Johnston Independent, an influential newspaper published in Licking county, has abandoned its "neutral" position and has taken sides with the Governor, having, as it announces, been fully converted to the principles of Democracy.

A little white male baby, about one month old, was found on the doorstep of the residence of Bryant Ransom, Green Valley, Wednesday night of last week, but there was no clue to the identity of the unnatural parent. The baby was turned over to the infirmaries authorities.

Charles Finney, a well-known printer, whose home was at Loudonville, committed suicide at Harveysville, Monday, by shooting himself through the heart, with a revolver. He left a note giving as the chief reason for self-harm that he was of illegitimate birth and was poor and friendless.

An inquest of lunacy was held in the Probate Court, Wednesday morning, upon Hannah M. Craig, aged 68 years and a resident of Monroe township. She was ordered committed to the Columbus Asylum, and was taken over by Sheriff Allen. Her mental condition is said to be improved.

Send your best man as delegates to the Democratic County Convention to be held in Mt. Vernon next Saturday. Out of the good material to select from among the delegates, the committee will select a few to represent the county at the convention.

The Trustees of the Public Library are the recipients of a very superb head and antlers of an elk, presented to the Library by Mr. John Cooper. The elk was shot by Mr. Cooper in the mountains of Colorado and the specimen is well mounted.

There should be no difficulty in choosing a ticket that will be successful from top to bottom at the election to be held in November.

STREETER-BUNN.

Happy Nuptials that will be celebrated to-night.

A society event that has been looked forward to with little interest, will be celebrated this (Wednesday) evening, when Miss Melville Bunn, one of Mr. Vernon's most popular young ladies, will become Mrs. Herbert C. Streeter. The ceremony will be performed at the residence of Mr. George W. Bunn, an uncle of the bride, at 600 E. High street, in the presence of a large company of invited friends. Rev. W. Turner of the Congregational church will officiate. The house will be trimmed for the occasion with ferns and tropical plants. The bride will be attired in a handsome costume of heavy white cord silk with pearl trimmings, a bouquet of brimley roses. The bride's train will be decorated with smilax and roses, and the attendants will be Miss Bennett, of Columbus; Miss Sledge Stevens, of Mt. Vernon; Mr. Chas. King of Massillon; and Mr. L. D. Hensley of this city. The wedding presents are very numerous and elegant, and glass and silver will take their departure after midnight, via the C. & A. C. road, and from there will proceed to Chicago and the World's Fair. Upon their return to Mt. Vernon they will be at home at No. 8, W. Chestnut street.

PERSONAL POINTS.

Mr. Isaac Rosenthal is at Chicago doing the law.

Proposed Amendment to the Constitution of Ohio.

LEGISLATIVE SINGLE DISTRICTS.

SECTION 1. Be it enacted by the General Assembly of the State of Ohio, That a proposition shall be submitted to the electors of the State on the first Tuesday after the first Monday in November, 1893, to amend Section 2, Article XI, of the Constitution of the State of Ohio, so that they shall be as follows:

ARTICLE XI.

SECTION 1. The representatives for members of the general assembly shall be made every two years, prior to the first election for members of the general assembly, and shall be as follows:

SECTION 2. During the term of the general assembly, the members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 3. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 4. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 5. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 6. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 7. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 8. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 9. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 10. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 11. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 12. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 13. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 14. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 15. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 16. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 17. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 18. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 19. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 20. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 21. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 22. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 23. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 24. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 25. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 26. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 27. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 28. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 29. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 30. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 31. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 32. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 33. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 34. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 35. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 36. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 37. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 38. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 39. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 40. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 41. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 42. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 43. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 44. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 97. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 98. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 99. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

SECTION 100. The members of the general assembly shall be divided into single districts, and each district shall elect one representative to the general assembly.

The Banner.

No one has been within 400 miles of the North Pole.

There are 64 countries in which a patient can be protected.

Neither a turtle nor a tortoise nor a toad is provided with teeth.

The cultivation of potatoes in France has increased five-fold since 1820.

Some varieties of parrot are believed each to produce 100,000,000 eggs.

When the Brazilian rebels find out what they want, they will perhaps proceed.

Prince Bismarck is not overjoyed with the impulsive generosity of the Emperor.

The authorities should establish a vigilant quarantine against the railroad accident.

Six hundred freight cars daily pass through the Grand Tunnel at Fort Huron.

A farmer at Mason, Mich., has a dwarf pear tree that put out two sets of leaves this season.

Philadelphia is crying for cheaper gas. But the gas bill would remain the same.

Three billion cigarettes were smoked in this country during the fiscal year just ended.

Recruits for the Chinese army are not accepted unless they can jump a ditch six feet wide.

South Carolina calls it "dispensary" whisky—yet nothing could induce her to do so.

The little plant which is said by scientists to cause blindness, belongs to the lowest order of fungi.

Through mountain pressure for ages, nature pulverizes chalk and molds it into the hardest form of marble.

No, the present members are not in favor of the election of Senators by direct vote of the people.

A Mobile dandy, 106 years old, recently took out a marriage license. A case of love at second sight.

The armed guard should always take the shortest chance on a robber. Delays are sometimes dangerous.

The conviction of a Kansas official for libel, is a wonderful exhibition of the far-reaching powers of the law.

Oyster beds have been found in Alaska, and now many a poor fellow will be sorry we ever brought the place.

When the train robber learns that his crime is to be made a "federal offense" of course he will drop it at once.

When Congressmen read the present, they should try to prove that they really are not a robbery.

Massachusetts hens have begun laying eggs with double shells. Gen. Weaver has stricken the state from his list.

The Sultan of Johore, on his way home, brought an American flag for a branch of promise suit in England.

Oklahoma is in great need of well diggers. Civilization hasn't quite reached the demand for grave diggers yet.

Lithuanian expects "shortly to be executed by the gallows." But they are not a valuable case of great expectations.

Some insurance companies will allow the use of none but the old-fashioned sulphur matches in the household.

An empty whisky flask in a Columbus house, apparently sound, exploded when the family were at dinner the other day.

The Times-Star tells "where Gov. McKinley stands." What the Governor is most interested in is where he is going to fight.

The New York story that Claus Spreckels will abandon the Sandwich islands is enough to shake the healthy diplomatic system.

A diet of broad bread, it is claimed, will reduce obesity. So will an absence of diet, which is about as pleasant a remedy.

From best accounts disease seems to be slowly getting hold of Prince Bismarck. Even constitutions of iron must succumb.

A San Francisco health officer found a small room filled with goats and Chinamen. So here is one thing a goat won't eat.

The Breckinridge-Pollard trial will not be called for two years, so there will be a good deal of bald-headed disputation.

A race of monkeys in the Chinese province of Manchuria makes earthen vessels and fills them with wine of their own manufacture.

A PRETTY FACE is the result of a healthy physical condition. "Beauty" is but skin deep, and it is not until it is deeply seated in a clear complexion, free from wrinkles and blemishes, that it is really beautiful.

Health always brings wealth of body. A healthy body is the foundation of a successful career. It is the only capital that is never lost. It is the only capital that is never lost. It is the only capital that is never lost.
