William Perkins, who resides south of this city, was in the city Monday doing some shopping, and when he went to get his horse, which he had hitched on West High street, he discovered a little girl gathering his groceries in her arms out of the rear of the buggy.

As he drew near the youngster saw him and started to sun away with her arms filled with packages. ## The Rapid Advancement Of Frank W. Sapp

## Will Be Made Second Lieutenant In The Third Squadron In Garrison In California

It will be a source of much pleasure to Mt. Vernon people to learn of the rapid advancement of Frank W. Sapp, a former Mt. Vernon boy, as a soldier in the regular army in the west. The following item taken from the Army News published at Monterey, California, in which it is stated that Mr. Sapp is soon to wear the bars of a commissioned officer of the regular army, will interest his many friends in Mt. Vernon:

The following named applicants for commissions will be sent by the Post Commander to report on February 1, 1905, to the president of the examining board convened at Presidio of San Francisco, California, for preliminary examination with a view to determining their eligibility to enter the competitive examination for promotion to the grade of second lieutenant. The candidates will return to their station upon the completion of their examination. Squadron Sergeant Major Frank W. Sapp, 3rd Squadron, and Sergeant James M. Lockett, Troop I, 4th Cavalry, both of this garrison.

Sergeant Lockett is at present on furlough in Washington, D. C., where he has been attending some educational institution in preparation for this examination. As he has not as yet joined this command, we have no personal knowledge of his qualifications. Of Sergeant Major Sapp, however, we are acquainted and are of the opinion that he is eminently fitted to wear the shoulder bars of a commissioned officer in the Regular Army. It is our sincere wish that he will successfully pass the required examination and demonstrate his fitness for the commission to which he aspires. We feel assured that he has the best wishes of his comrades from the squadron in which he performs efficient service and enjoys such deserved popularity.

**THINKING** is all right but doing is better. Others may think to attract drug buyers by their prices alone. We do attract it by selling DRUGS, etc. of superior quality. That is the point upon which we are the most insistent. That this does not necessarily mean high prices will be evident the minute you learn ours.

### Painless, Natural Childbirth.

Baby's coming into the world should be preceded by a certain preparation on the part of every woman who expects to become a mother. She owes it as a duty to her unborn babe, and to herself; her duty to her unborn babe is to use every means within her power to aid his entrance into the world. Baby cannot help himself in this ordeal, therefore mother must. He has a hard enough time after his arrival, so let us make his coming easy. His health in after life depends greatly upon the manner of his coming: would you have your child a cripple, or would you have him a tower of strength? Strong men are but grown-up children; a famous surgeon in Vienna is devoting his life-work to the cure of little helpless cripples, deformed by birth; do not allow your child to become a cripple.

### Mother's Friend

Is a liniment which will forestall any possibility of accident at birth; that is, it relaxes all the abdominal muscles and tissues, and permits of an easy access to the child. It eases the mother's pain, and so assists nature that when baby comes he starts out in life with a constitution well able to fight life's battles, and to bloom into strong pure manhood that is the comfort and delight of every true mother's heart. One dollar is the price at all drug stores. Send for our book on "Motherhood." It is free.
