GENTLEMEN:—Having received your valuable little book, and also sample of Colic Cure, which you so kindly sent me, I will say in reply please accept my most sincere thanks for same as it works like a charm. Would have answered sooner, but waited until I could thoroughly test it which I did and found it does all you claim for it and even more, and does not leave any unpleasant effects after giving it to the child. I have used many remedies for children, but this beats them all. You can use this as a testmomial if you wish, and would that all mothers of colicky bebies knew of this good medicine. I know after once using it they never would be without it. Yours very truly.
