## TO CONSUMPTIVES.

The Advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge,) with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, etc. The object of the Advertiser is to benefit the afflicted, and spread information which he conceives to be invaluable; and he he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address Rev. EDWARD A. WILSON,
Williamsburg, Kings, County, New York.

## ERRORS OF YOUTH.

A gentleman who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence,
JOHN B. OGDEN,
May 21-y. No. 42 Cedar street, New York.

This infallible remedy does not, like the poisonous irritating snuffs and strong caustic solutions with which the people have long been humbugged, simply palliate for a short time, or drive the disease to the lungs as there is danger of doing in the use of such nostrums, but it produces perfect and permanent cures of the worst cases of chronic catarrh, as thousands can testify.—"Cold in the Head" is cured with a few applications. Catarrhal Headache is relieved and cured as if by magic. It removes the offensive Breath, Loss or Impairment of the sense of taste, smell or hearing. Watering or Weak Eyes, and Impaired Memory, when caused by the violence of Catarrh, as they all frequently are. I offer in good faith a standing reward of $500 for a case of Catarrh that I cannot cure.

### The Great Fraud on the People of Ohio —The Agricultural Endowment Lost.

The people are indebted to General Geo. W. Morgan for a late disclosure which he made in his Zanesville speech, relating to an enormous robbery of which the people of Ohio have been the victims. The facts would be almost incredible, were they not verified by official statements. They deserve to be published and republished until every person in the State is made acquainted with them. They show in what manner the people have been governed for the last few years. The circumstances are these: The United States in 1862 gave to each State thirty thousand acres of land for each Representative in Congress from said States, for the purpose of endowing and establishing an Agricultural College in all of them. The share of Ohio was six hundred and thirty thousand acres, she then having 21 Representatives. At the Government price of one dollar and twenty five cents per acre, this land was worth nearly nine hundred thousand dollars. This was sufficient itself to have founded a splendid college to educate farmers and the sons of farmers in scientific agriculture. But we were not permitted to receive it. It has been practically stolen from us. The Republican Legislature, several years after ordered the land to be sold. It was accordingly sold by the Republican State officers, viz: Godman, Auditor; Warner, Treasurer; and Russell, Secretary of State. They sold it with a vengeance. B. F. Lewis, of Cleveland, bought four hundred thousand acres at fifty-three cents per acre. W. G. White and B. F. Clark, both of New York City, bought one hundred and fifty-seven thousand acres more for the same low price.—Thus these three persons, two of whom are non-residents of the State, obtained nearly the entire endowment for less than three hundred thousand dollars.

Who doubts that this is not fraud and robbery? No general public notice was given of the sales, and the whole thing was managed in a quiet and secret manner.—The Republican Commissioners were privy to it; otherwise they would not have let the land go. It would be interesting to know the silent partners of those who purchased the land.

In the case of New York State, her land was located, and is now estimated to be worth five dollars per acre. It is held in trust for the Cornell University, for which it will constitute a magnificent endowment, especially as it is constantly increasing in value, and in a few years will be worth double what it is now. Had our land been properly located and kept, we should also in a few years have had a fund for Agricultural College purposes of six million dollars. As it is, we have a beggarly three hundred thousand, which amounts to little or nothing for that purpose. Whether we have not been cheated out of that, by promises to pay, without good security, is questionable.

Little comment is needed on this transaction. We shall make none, except—if the people desire such performances, they will continue in power the present State administration.—*Cin. Cin.*

### Hon. S. S. Cox.

This gentleman was serenaded in New York a few days since and congratulated upon his safe return from Europe. At the close of his reply, he said:

"The saddest reflection which an American abroad brings home with him *is the utter absence of our flag on the high seas.* Nowhere—nowhere—do you see it as of old. Seventeen years ago I saw it in the Mediterrancan, from the Gates of Hercules to the Golden Horn. Now scarcely a sail of ship, or smoke-stack of steamer of American build or ownership is seen. Why is this? I lost my health and labor, it seems, last year in Maine, in trying to solve this question of shipping. Then it was the Albama, or something, *but now it is conceded that it is the infamous tariff.*"

Voters, remember the above on election day.

### Horrible Outrage—The Perpetrator Lynched.

A horrible outrage was perpetrated two and a half miles from Des Arc, a few days ago, on Miss Jennie Conley, a young lady living with Colonel Bulls, by a burly negro named Jesse Johnson. It appears that while Miss Conley was attending to the duties, early in the morning, before the family had risen, Jesse was also about the kitchen, and was ordered by her to attend the milking of the cows, when he struck her twice with a large piece of iron, producing wounds that are probably fatal, then carried her insensible to the garden, accomplished his hellish designs and left.—He was caught by a party of men who immediately gave pursuit, after having learned the course he had taken, and brought to town and committed to jail. The most intense excitement prevailed, and at about nine o'clock at night the guard was overpowered by a large crowd of men, and the wretch taken out and hung.—*Memphis Avalanche.*

☞ Grant should appoint Covode, the Pennsylvania Radical politician, to the Chinese mission. If the natives of the Oriental Empire could not understand his peculiar and original orthography, then there is no hope that any one could. Here is a specimen of his latest: "tel graynt fir god saik ter Ke pout of Pansilvanny, os we're Got enuf trubbiles on Hand ter beet us." If that is not Chinese, then what is it?

☞ Gen. Hayes, the Radical candidate for Governor of Ohio, wants Chinamen at four dollars per month, to take the place of the Irish and German people, who find difficulty in getting constant employment now and supporting their families. White men want something better than oats to live on.

☞ Democrat, if your neighbor is unwell, and unable to walk to the polls on election day, provide a horse for him. By so doing you will deserve the thanks of all those who think the White man the superior of the Negro.

☞ Do you believe the policy right and just that compels the poor man to pay the rich Bondholders' takes? Most assuredly you do not; then vote the Democratic ticket and change it.

☞ Do you desire to see Negroes in our Jury Boxes, in Ohio, trying the cases of White Men? If so, vote the Radical ticket headed by R. B. Hayes.

☞ Hayes, High Taxation and Hatred of Poor Men are the doctrines of Radicalism.

made with Mr. Connell. The land located is estimated to be worth from five to ten dollars per acre, and the minimum price will be fixed, probably, at five dollars per acre.

"Very respectfully, your obedient servant,

"WM. F. ALLEN, Controller.

"His Excellency, JOHN T. HOFFMAN, Governor."

Thus, fellow-citizens, while Ohio has got only three hundred and forty thousand dollars for the six hundred and thirty thousand acres, by the wise, and, I should say, by the honest action of New York, her lands thus far located are valued at three million, two hundred and forty thousand dollars, and within ten years they will be worth more than twenty millions. Nor is this all. She still has unlocated three hundred and eighty-one thousand nine hundred and twenty-acres. But I will read an extract from the report of the Controller of New York for 1868:

"There had been delivered to Hon. Ezra Cornell at the date of this report land scrip representing four hundred and thirty-two thousand acres, leaving three hundred and eighty-one thousand nine hundred and twenty acres still to be located. The selections made by the agent of Mr. Connell are understood to be exceedingly valuable, consisting principally of pine lumber lands in Wisconsin, favorably situated for the manufacture of lumber.

"From all which it may be considered certain that within ten years after the whole of the college lands of New York are located, they will be worth from thirty-six to forty million dollars."

It is only just to state that Connecticut, Iowa, and I believe other States, wisely and honestly caused their scrip to be located, as did New York, and that the munificent gift of Congress will, in those States, secure the establishment of universities of learning, which will occupy the front rank among the literary and scientific institutions of the world; while Ohio will be left in the back ground with her three hundred and forty thousand dollars, and its accruing interest, as an evidence of the folly and incompetency, or the mendacity and corruption, of those in whose hands the interests of the State were unhappily intrusted.

AN EMPIRE GIVEN TO A FEW PERSONS WHO COMPOSE THE PACIFIC RAILWAY COMPANIES.

And, now, my countrymen, I am brought to take a larger view of the policy pursued by the Federal Government in squandering the public wealth. Like most of my fellow-citizens, until lately, I had given the but little investigation, and confess that I stand appalled before the facts which confront me. In order to be certain, to avoid the chance of doing injustice, to be able to lay reliable facts before the people, I addressed a note to Commissioner Wilson, of the General Land Office, requesting to be informed of the number and amount of land concessions which had been made by the Federal Government since March 4, 1861, and I will read you his reply:

DEPARTMENT OF THE INTERIOR,
GENERAL LAND OFFICE,
September 7, 1869.

HON. G. W. MORGAN, Mt. Vernon, Ohio—*Sir*: Pursuant to your letter of the 30th ultimo, I have the honor to give a statment which shows, under separate headings, the number of acres of land appropriated by Congress under existing laws since the 4th of March, 1861:

| | Acres. |
|---|---|
| Railroads since 4th of March, 1861 | 151,070,387 |
| Wagon roads since 4th of March, 1861 | 3,782,213 |
| Canals since 4th of March, 1861 | 700,000 |
| Agricultural Colleges since 4th of March, 1861 | 9,510,000 |
| Schools, Universities, &c., since 4th March, 1861 | 183,040 |
| Total number of acres | 163,245,630 |

Very respectfully, your obt. servt.,
JOS. S. WILSON, Commissioner.

One hundred and fifty-one million seventy thousand three hundred and eighty-seven acres given to railroad companies since Mr. Lincoln became President! How much does that mean? It is nearly as hard to comprehend as the true amount of the public debt. But let us try and measure that empire domain of one hundred and fifty-one million acres of land!—I have made a table and will read it to you:

| | Acres. |
|---|---|
| New York contains | 30,089,000 |
| Pennsylvania contains | 29,440,000 |
| Ohio contains | 25,576,960 |
| Indiana contains | 21,637,760 |
| Illinois contains | 35,462,400 |
| Maryland contains | 7,119,360 |
| Delaware contains | 1,356,800 |
| Making in all | 150,673,280 |

That is to say, my countrymen, the leaders of the Republican party have given to railway companies since 1861 more land than is contained in the seven States of New York, Pennsylvania, Ohio, Indiana, Maryland, and Delaware.

And when you remember that the stockholders of those companies are a mere handful of men, you will understand the fabulous wealth which has been bestowed upon them, and, so far as the Pacific roads are concerned, without consideration. For over and above the one hundred and twenty-four million acres given to those companies, there now stands against the Government's bonded railway debt of sixty-four million dollars, equal to the amount of the entire debt of the United States when Mr. Lincoln became President.

Remember that when Congress thus wickedly gave away these lands of the people, we were in the very midst of a gigantic and costly war. At that very moment we were paying one hundred per cent. for the use of money, and yet [Congress gave away a domain upon which a loan in gold could have been made at six per cent.—What means this policy? It means that

THE BONDHOLDERS

Are determined that the monster debt—the mortgage upon the homes and muscles of the people—shall never be paid. And in order to prevent its payment, they caused their Agents in Congress to give away the vast empire of which I have spoken.

What is to be the result? I do not not know. It all depends upon you; and upon your determination depends the liberty and happiness of your children when you and I are gone. If you are fit for free government, you will apply the remedy, and if you are not, then you are only worthy of being slaves. What is the remedy?—It is very simple. Love country more than party. Recognize each other as you really are—equally patriotic, equally brave, equally intelligent, and with like interests to protect. Do this, and all will yet be well. But continue to act as the slaves of the partisan leaders who have betrayed you, and your doom is certain and inevitable.—And in after times, when the future historian will stand by the tomb of your free institutions, he will there read, inscribed as the cause of their destruction:

"Died from the excess and stupidity of Party Spirit." [Applause.]

*Clerk of Court*—SAM'L J. BRENT.
*Commissioner*—DAVID F. HALSEY.
*Infirmary Director*—R. C. CAMPBELL.
*Surveyor*—EMMET W. COTTON.

FOR STATE SENATOR,
HINCHMAN S. PROPHET, of Morrow.

## THE ISSUE!
## PRESENTED BY THE RADICALS!

## THE PROPOSED AMENDMENT.

ARTICLE XV.

Sec. 1. The right of the citizens of the United States to vote shall not be denied or abridged by the United States, or any State, on account of race, color, or previous condition of servitude.

Sec. 2. The Congress shall have power to enforce this article by appropriate legislation.

### Vote the Whole Ticket.

We say to the Democrats of Knox county, vote for every man on your State and County ticket. Don't scratch a name off, and don't trade votes with Republicans.

Vote for George H. Pendleton for Governor, and every other man on the State ticket.

Vote for Hinchman S. Prophet for State Senator.

Vote for John D. Thompson for Representative.

Vote for Robert Miller for Treasurer.

Vote for Charles E. Critchfield for Probate Judge.

Vote for Samuel J. Brent for Clerk of the Court.

Vote for David F. Halsey for Commissioner.

Vote for Emmet W. Cotton for Surveyor.

Vote for Richard C. Campbell for Infirmary Director.

### A Last Word.

Democrats of Knox, do you fully realize the importance of the issues that are to be voted upon at the October Election?

Do you realize that our gallant PENDLETON is the standard bearer of the party this fall?

If you do not realize these facts, in the name of everything you hold dear, realize them at once!

PENDLETON *must* be elected! And every Democrat of Knox county *must* work to secure his election!

Every vote of the party *must* be cast, and it is the duty of every Democrat to see that every voter who will vote for our gallant standard-bearer, is at the polls on next Tuesday.

To do this the Democracy of every township must organize and appoint a Committeeman in each School District to see that every Democratic vote is at the polls on election day.

Do this, and victory is surely ours!

### Get the Vote Out!

Democrats, bear in mind that there are but a few more days till the election. On next Tuesday every Democratic voter in Knox county should be at the polls, prepared and determined to use all honorable means to secure a full vote for EVERY CANDIDATE on the Democratic ticket. To do this effectually, fellow-Democrats, every man should go to work now. Talk together—neighbor with neighbor—urging upon each other the importance of a FULL VOTE. Let the good work go steadily forward, in every township, and you will have cause to rejoice over a triumphant majority in Knox.

### Voters, Remember!

That every candidate on the Radical ticket in Knox county, is pledged to the support of the Fifteenth Amendment, enfranchising not only the recently emancipated slaves that may come into Ohio, but also the idolatrous Chinamen. If Col. Cassil is elected to the Legislature he will undoubtedly vote to ratify that abominable amendment. He may deny this when talking to Democrats and begging their votes, or he may declare the Fifteenth Amendment is not an issue before the people. No Democrat or Republican, who is opposed to negro equality, can consistently vote for Col. Cassil to represent Knox county in the Legislature of Ohio.

### Look Out for Counterfeit Tickets.

We wish to warn our Democratic friends throughout the county to look out for counterfeit tickets on next Tuesday, October 12th. On several occasions the Radicals of Knox county have issued what purported to be Democratic tickets, with the names of some of their own candidates inserted in place of the Democratic candidates. What they did before, they may do again, and therefore our friends cannot be too careful in examining their tickets, and seeing that they are all right.

### Loss of Pennsylvania Virtually Conceded by the Radicals.

The Washington correspondent to the Cincinnati *Enquirer*, under date of Oct. 4th, writes: The Radical State Committee of Pennsylvania sent word down here last Saturday that if the President did not visit the State this week Boutwell must go there and make a speech, or the canvass would fail. So the Secretary of the Treasury posted off today to Philadelphia, where he is to make a campaign speech in puffery of his own policy. If he losses as many votes for the Radicals as the Radicals say Delano's course did in Harrisburg, the State is sure to go for the Democrats on October 12.

☞ The New York Herald calls on Congress to enact a law on gold gambling, and holds Secretary Boutwell responsible for the present bad state of monetary affairs.

### The Day of Jubilee is Coming!

Our Radical friends are in a "peck of trouble" all the time. Everything is going against them this year. Their meetings are dead failures. Their speakers are discouraged, and the leaders are also discouraged. The rank and file of the party, especially the tax payers and workingmen, are becoming sick and tired of high taxes and low wages. They don't like this thing of building up a Bondholding Aristocracy and an Imperial Despotism upon the ruins of a Constitutional Government. They wish to see a change in our rulers, from President down to Infirmary Director.—They wish to see a return of the good old times we used to have under Democratic rule. There will be plenty of independent voting on next Tuesday. People will throw off the shackles of party, and vote for their own interests, without dictation from the Bondholders and their tools.—The Day of Jubilee is coming!

### The Land Robbery.

In the last *Republican*, Bascom sneeringly asks:

"Don't Morgan and Harper know that in 1866 the Republican Congress had enacted the Homestead Law, by which any poor man could go upon the public lands and locate 160 acres without any payment?

This is adding insult to injury. The letter from the Hon. Jos. S. Wilson, Commissioner of the General Land Office, published in to-day's BANNER, in the speech of General Morgan, shows that since March 4, 1861, the day Mr. Lincoln first took his oath of office, the Republican Congress gave away to the Pacific and other Railway companies, more than one hundred and fifty-one million acres of land; and for other purposes about fourteen millions more, thus giving away to Railways and other nabobs more land than is contained in the States of New York, Pennsylvania, Maryland, Delaware, Ohio, West Virginia Indiana and Illinois. And, then, after all the good land was given away, they insult poor men by passing a Homestead Law—offering them a home in the desert!

### Delano and Grant.

Delano has returned to Washington from his stumping tour in Pennsylvania. He reports that the contest in that State is going to be very close, which simply means that the Democracy are going to carry the State.

A few weeks ago Delano ordered the discharge of some clerks from his bureau, because they were a little tardy in getting to work in the morning. But here Delano himself has been absent from his office for weeks, on a political stumping tour, and during that time draws his salary as tho' he was in his office attending to business.

Grant has been absent all summer "on a bust," but all the while drew his salary of $500 a week, for which he rendered no equivalent whatever, besides drawing from the public treasury about a million of dollars to pay the expenses of his pleasure trip.

The poor clerk, however, who is a few minutes behind time, in going to his morning's work, is unceremoniously dismissed, and thrown penniless upon the world, by these nabobs, Delano and Grant! Suck is Radicalism!

### Negro Equality.

John M. Langston, the Oberlin negro, is now stumping Ohio for the Republican party, and advocates the adoption of the Fifteenth Amendment by the Legislature. In a speech delivered at Hillsborough the other day, as we learn from the Gazette of that place, he advocated the election of a Republican Legislature in Ohio, for the express purpose of ratifying the Amendment. How do the voters of Ohio relish the idea of being dictated to by this negro? Why don't Mr. Cassil invite "brudder" Langston down here to enlighten the Republican of Knox, and urge them to "stick to the ticket?"

Every vote cast for Alex. Cassil on next Tuesday, is a vote in favor of the infamous Fifteenth Amendment, which fastens negro equality upon the people of Ohio.—There is no escaping this issue. Voters, bear this is mind when you go to the polls on election day.

### County Auditor Cassil, and State Auditor Godman Impeach Each Other.

In their report to the Legislature, Mr. Auditor of State Godman, Mr. Treasurer of State Warner, and Mr. Secretary of State Russell say:

"We advertised the lands for sale in over *thirty* of the leading newspapers of the State."

The above was written under date of February, 1868.

In a letter from Mr. Auditor of State Godman, to Colonel Cassil, under date of Sept. 29, 1869, Mr. Godman says:

"The State Board advertised in between thirty and forty newspapers published in all quarters of the State."

The State Auditor says, the lands were advertised "in between thirty and forty counties." What does Colonel Cassil say? Why, in the last *Republican*, in the same communication in which he publishes the letter of Auditor Godman, he says, that the lands were advertised in 61 leading papers! Godman says the lands were advertised "in between thirty and forty papers," from first to last, and Cassil says they were advertised in sixty-one leading papers!—Who is to be believed Godman, or Cassil? Are the statements of either worthy of confidence.

### The Last Radical Fizzle.

Some two or three dozen of disgusted Radicals convened at the Court House on Saturday evening last, to hear a speech from "General Sheridan"—not the man who took that big ride down in the Virginia valley; but some foolish fellow, who "don't know beans when the bag is open." His speech is said to have been extremely abusive and filthy; and even Major Sapp, who has a stomach like that of an ostrish, couldn't swallow the nasty slang of this bogus fellow, and left in disgust. When he called Pendleton a "traitor" and his audience "bastards," there was a general stampede in the audience, and more than one disgusted Republican said he would vote the Democratic ticket on next Tuesday. How are ye, "General" Sheridan?

### The Land Swindle.

We have been shown a letter from Cleveland which states that G. F. Lewis, the man of straw, in whose name four hundred thousand acres of the College lands were sold, "was lately indicted in the United States Court for rendering false returns to the Collector of Internal Revenue, but some how or other, a *nolle* has been entered in the case."

It is also said that the same man was made the cats-paw to buy up the Pennsylvania land scrip, but that Cameron & Co., were the real purchasers.

☞ If you want ignorant Negroes to rule this country, by bloodshed, rape and arson, vote the Radical ticket.

## THE MILLERSBURG RAILROAD.

### IMPORTANT LETTER FROM JUDGE HURD.

JUDGE HURD has returned from Philadelphia, where he has concluded arrangements with the officers of the Pennsylvania Railroad Company which will secure the construction of the Railroad from Millersburg to Mount Vernon, provided our citizens will increase their subscription to $100,000. Eighty-two thousand dollars have already been subscribed, leaving $18,000 to be raised in this county. This amount certainly can and must be raised at once. Those who have not subscribed should do so at once, and those who have subscribed should increase their subscriptions, if they are able to do so. It will be too bad if the citizens of Knox County do not embrace this opportunity of securing an east and west railroad.

The following letter from Judge HURD will make known to our citizens what is expected of them:

### Rally for the Railroad.

MOUNT VERNON, OHIO,
October 4, 1869.

*L. Harper, Esq.,*

DEAR SIR:—I am happy to be able to assure the friends of our railroad enterprise that definite arrangements have at last been effected by which the construction of the road from Millersburg to Mt. Vernon will be secured, provided the subscriptions for that purpose are raised to $165,000. Of this sum the citizens of Knox county must raise $100,000. About $82,000 have already been secured. I have said that the remaining $18,000 would be obtained before the 20th of this month, when it is proposed to consummate the agreement, if the requisite amount be secured. I hope our people will appreciate the importance of this last opportunity of securing a competing railroad through our county, and by prompt and liberal subscriptions enable me to make my promise good. The extention of the road to Delaware will require $160,000 additional subscriptions, the greatest part of which the people of Delaware county have pledged themselves to raise; but, first of all, we must raise the $165,000 to secure the assistance offered towards constructing the road to Mt. Vernon. The people of Millersburg and Orrville are at work, and will raise the remaining $65,000 by the time named.

Immediately after the election, the final effort will be made in the city and townships to obtain the remaining part of our quota, viz: $18,000. The true friends of our town and county must take the matter in hand for, of course, those who are not friends will do nothing. They may talk but mere talk will not build a railroad.

Respectfully yours,
R. C. HURD.

### Reduce the Taxes!

Reduce the taxes! Such is the cry which comes from every workshop, from every farm, from every household in the land. Reduce the taxes! Give relief to the people—such is the cry which issues from every valley, and is re-echoed from every hill side.

Take the tax off Tea;
Take the tax off Coffee;
Take the tax off Sugar;
Take the tax off Salt;
Take the tax off Molasses;
Take the tax off Leather;
Take the tax off woolen and Cotton Goods.

Such is the demand of the people, and if the Republican leaders are driven from power, the wishes of the people will be carried out.

### Democrats of Knox!

Let no excuse whatever prevent you from going to to the election next Tuesday.—Remember with a full vote of the State we can elect George H. Pendleton Governor of Ohio, and that will secure his nomination as a candidate for the next Presidency and with him carry the Union, when measures will be originated for the relief of the tax-ridden people. Is not that enough to make you forget everything else and attend the election and labor from morning until night to accomplish that desired result.—Then give one day for the people and the country and all will be well.

### Terrible Accident at the Indiana State Fair.

On Friday last, on the grounds of the Indiana State Fair, at Indianapolis, the boiler of a portable engine, which was on trial, exploded, causing a frightful loss of life. About twenty persons were killed outright, and about one hundred badly wounded. At least twenty thousand persons were on the ground at the time, and as may well be supposed the disaster produced intense excitement. The explosion sounded like the charge of artillery, and the boiler was broken in fragments and scattered in every direction, pieces being thrown several hundred yards. Three horses were also killed by pieces of iron from the machinery.

### The Duty of the Hour.

Pennsylvania is certain to go for Packer, the Democratic candidate for Governor.—And if our vote is out, *Ohio is certain to cast her vote for Pendleton.*

Hundreds of honest and patriotic Republicans will not vote at all. Hundreds of honest and patriotic Republicans will vote the Democratic ticket without saying a word on the subject.

Then, let every Democrat do his duty.—Let there be no disputing, no fooling at the polls; *but work*—see that every vote is out and *Pendleton and the cause of the people will triumph!*

### Grant and the Gold Panic.

James Fish, Jr., chief manager of the Erie Railway, charges and says he can prove it to be a fact, that President Grant was in the Gold Ring, in New York, by which a few villainous speculators and gamblers made millions of dollars in a few hours. The President's brother-in-law, Mr. Corbin, is one of the heaviest gold operators in New York. From comparative poverty, a few years ago, Grant has become immensely wealthy, by accepting gifts and bribes. Such things were unknown during the better days of the Republic.

### Bring in the Returns.

We request our Democratic friends in the different townships, as soon as the vote is counted on Tuesday night, to dispatch a messenger immediately to Mt. Vernon with the result. Democratic Headquarters, over Weaver's retail store, will be kept open all night, where our friends may expect to hear good news.

### Let Poor Men Remember,

That the Republican State officials charged poor men eighty cents an acre for College land scrip, while they only charged rich men 53 cents an acre. This is not denied by Cassil, Bascom, or Godman.

### A Question for Colonel Cassil.

If the land Scrip was advertised in sixty-one papers, as you say, why was not one of those 61 in Knox county?

## 395

### Majority in Knox County Against Negro Suffrage!

Two years ago the question of negro suffrage was submitted to the people of Ohio, by a Republican Legislature, and it was defeated by the overwhelming majority of 50,000! The people of Knox county declared, by a majority of 395 that they did not wish negro equality in our County or State.

The Radicals, not content with this emphatic expression of the people, are now seeking to fasten negro suffrage upon the people, by forcing the infamous Fifteenth Amendment through the Legislatures of the States. If Alexander Cassil is elected he will certainly vote for the Fifteenth Amendment, while John D. Thompson is pledged to vote against it. If every man who voted against negro suffrage two years ago will vote against Mr. Cassil on next Tuesday, he will be badly beaten.

### CHEERING!

### New York—Pennsylvania—Ohio.

The New York *Sun* (Radical) admits that the Democracy will carry the State of New York by at least fifty thousand majority in November.

A dispatch from Pittsburgh states that the leading Republicans there admit Geary's defeat and Packer's election from ten to fifteen thousand majority. Senator Scott, who was elected as a Republican, is openly for the Democratic State Ticket.

Our friends in Columbus, who have reliable information from all parts of the State, are sanguine of Pendleton's election, if the Democratic vote of Ohio is all out on Tuesday next.

### Fearful Increase of the Public Debt.

The official report of the Secretary of Treasury for October 1, 1869, shows that the public debt amounts to $2,634,699,856
April 1, 1865, it was..... 2,423,437,002

Increase since 1865..... 211,262,854

The above figures are taken from the official reports of the Secretary of the Treasury, and show the appaling fact that since the war the public debt has been wickedly increased more than two hundred and eleven million dollars!

Notwithstanding the official figures, an attempt is being made by Republican papers and speakers to make it appear that the debt has not been increased.

### Bascom, Cassil & Co., in the Mire.

Bascom says that Cassil had authority to advertise. In his three column excuse, Cassil said:

"I have been unable to put my hand on the circular sent me by the Scrip Commissioners. It is possible that in it it may have been left to my descretion to advertise."

Cassil and Bascom both say that Cassil took the advice of the Commissioners, as to whether he should advertise, and that the Commissioners said no. If Cassil had not the right to advertise why did he consult the Commissioners at all? There's the rub.

### Why Did Not Colonel Cassil Advertise the College Lands For Sale?

In the first issue of the *Republican* after the publication of General Morgan's remarks at the Court House, Bascom said:

"Colonel Cassil was authorised to advertise the College land Scrip for sale, but as a matter of economy, the County Commissioners advised him not to advertise."

Now, if Colonel Cassil was not authorised to advertise, how does it happen that he asked County Commissioners on the subject?

### Tennessee.

The Tennessee Legislature is now in session. Special dispatches from Nashville state that Ex-President Johnson's election to the U. S. Senate is now considered as quite certain. His prospects, it is said, have been much improved within the last few days. The return of Johnson to the Senate from Tennessee would be a just retribution upon the Radical impeachers in and out of Congress.

### It Takes Money.

Rumor says that the Eastern bondholders and manufacturers are sending money to Ohio to defeat Pendleton. This is just what the Western mechanics and farmers may look for. Pendleton, above all others, is the man they wish to defeat. The bondholders will spend a million, if necessary, to do it.

### Vote for Pendleton.

If you want relief, vote for Pendleton.

If you want low taxes, vote for Pendleton.

If you want good prices for your labor, vote for Pendleton.

If you want good prices for your wheat, vote for Pendleton.

If you want Reform, vote for Pendleton.

### What Has Grant Done?

Attend balls and dinners. What has Grant done? Removed Mrs. Hood; and appointed Delano, and Jno. Delano, and Sapp, and Smith, and Kirk to office.—What will the people do? They will condemn him.

### The Land Fraud.

The parties connected with the land swindle are trying to swear each other through. Auditor of State Godman tries to screen County Auditor Cassil from public indignation, but it wont work.

### The People Demand a Change.

From every school district, from every township, from every county, from every State, the people demand a change. There must be a change, or there will be ruin.

### Farmers!

If Greenbacks are good enough to pay you for your wheat and corn, they are good enough also to pay the Bondholder? Don't you think so?

☞ Horace Greeley of the New York Tribune, is spoken of as U. S. Senator from Virginia. Greeley is a citizen of New York, and never resided for a day in Virginia; but in these days of Radical rule and carpet-bag statesmanship, a "loyal" yankee can be made a Senator or Representative from any Southern State.

☞ Israel Underwood has been employed by the Radical Post-office Ring of Mt. Vernot to invite the mourners, prepare the shroud, and superintend the burial of the Radical party of Knox county. Israel is going about this business in a very systematic and solemncholy manner.

☞ There were heavy rains in portions of New York, Pennsylvania, Delaware and Maryland on Monday. The streams were filled to overflowing, and immense damage was done to all kinds of property. We have also a report of many lives being lost.

☞ Do you desire to see none but White men in our Jury Boxes in Ohio? If so, vote the Democratic ticket.

## OUR IOWA CORRESPONDENCE.

OTTUMWA, Iowa, Sept. 26th, 1869.

L. HARPER, Esq,

*Dear Sir*—It is with some hesitancy that I intrude on the columns of your worthy paper at this time, knowing, as I do, that you are in the midst of an important campaign, to which your columns are chiefly devoted. On such occasions the BANNER is ever found in the thickest of the battle, hurling deadly missils in the ranks of its foes. The indefatigable courage displayed by the BANNER has ever been the pride of the Democracy of old Knox, and causes the old veterans to feel like shouting when perusing its columns. Iowa is also in the midst of a political campaign; but the contest is not so spirited as in Ohio. She is further advanced in civilization and morality that many of her sister States, and has reached the goal of her happiness. She allows the Negroes to vote; in consequence of which many of the colored aristocracy have emigrated from the State of Missouri to the towns along the Southern border of Iowa, where they bask in the genial rays of filth and laziness, with scarcely rags enough to cover their loyal bodies.

Shall Ohio do likewise? Her votes must determine.

The financial pressure under which our country is staggering is keenly felt throughout the West, and a little inflation would be very acceptable.

Among the many who have emigrated to the West a large number are Merchants and Mechanics.

The merchant has inundated the country with his goods and wares, and now is smarting under the pressure of the times. The scarcity of money has so reduced the volume of trade that he finds it very difficult to meet his obligations. No doubt many will be driven to the wall. Mechanics and laborers in general suffer materially. There is a corresponding decrease in the price of the various articles of consumption.

A deep feeling of dissatisfaction pervades the laboring class of the West. Many without distinction of party breathe out threatings and slaughter against the Bondholders. While the Bondholders are feasting out of the golden vessels of freedom, stolen from the sacred Temple of liberty, the hand of poverty, guided by the indignation of the laboring class, is writing their fate on the wall. Let the Bondholder take warning and agree with his adversary while he is in the way with him, lest he be delivered into the hands of the laboring man who may cast him into the prison of repudiation, and verily he shall not come out until he has paid *back* the uttermost farthing.

C. LEVERING.

### Matrimonial.

Two of Brigam Young's sons have three wives each. One of the six was, a year and a half ago, a consistant member of a Presbyterian church in an eastern city.—She made a visit to her friends in Utah, accompanied by another young lady on a similar errand. Their party met on the way John W. Young, the third son of the great American husband. She was attractive, and so was he. Indians threatened the passage, and the journey was prolonged. Wherefore—such is the frequent logic of life—within a month after their arrival, the young Presbyterian became the third wife of John W., and her friend the corresponding number three of Brigam, Jr. That is what may be truly called "marrying Young."

☞ A Clerk in one of the Departments was called upon by a committee of the Pennsylvania Radical Association, on Saturday, and informed that he was assessed $6 to assist in keeping Pennsylvania in Radical hands. The clerk, not seeming to like this, was then told that he would have to pay $20 this month for the same purpose, or "take the consequences." And this is what they call "voluntary contributions!"—*Washington Intelligencer.*

☞ If you want White men to govern this country, vote the Democratic ticket this fall.

☞ Pendleton, Peace, Low Taxation, Prosperity and the White race forever, are Democratic doctrines.

To Gen. Geo. W. Morgan belongs the credit of most opportunely reviving the recollections of the Agricultural Land Scrip swindle, perpetrated by the Abolition State officers. By this swindle, 630,000 acres of the public land belonging to the State was sold by State officers to a little ring of foreign land speculators for the pitiful sum of 53 cents per acre. The people who wanted and would have improved the land, were given no opportunity to purchase it. No workingman, no farmer, no man who has the real interest of the country at heart, can vote for the Hayes ticket, which represents this gigantic fraud.—*Crisis.*

—The Rev. Mr. Richardson, of Washington, Ohio, is probably the oldest living American clergyman. Yet he appears by no means superannuated; for, although one hundred and six years of age, he walks five miles on Sunday and preaches a sermon.

Mr. EDITOR—Please announce in your paper the proposed meeting of the Anniversary of the American Bible Society, to be held in the Congregational church, on Sunday evening, Oct. 10th. The co-operating churches are respectfully desired to take collections for said cause in the morning service of said day.

Speakers—State Agent, Dr. Norton, home clergy and others.

J. W. FRIBLEY, Agt.

☞ If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced them would vanish. James Marsh, Esq., 159 West 14th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

### A New Engine House.

We learn that the City Council have purchased of J. B. Banning, the lot immediately opposite the BANNER office, on Vine street, now occupied by Postmaster Boynton, as a livery stable, for the sum of $2,400, on which a two-storied brick building is to be erected for the use of the City —the ground floor to be occupied by the new Steam Fire Engine, and the second story for a Council Chamber. The old Engine house did well enough for the hand engines, but it is wholly unsuited for the Steam Engine. When the new building will be commenced we have not been informed.

### Suicide at Lexington.

We learn from the Mansfield *Shield* that on Saturday night last, the wife of Wm. George, of Lexington, Richland Co., committed suicide by jumping into a cistern.—She doubtless did it under temporary aberration of mind, as she had been in delicate health for some years. She rose from her bed during the night without waking her husband, and when missed was found after considerable search, in the cistern, cold and lifeless. She leaves a husband and four children,—one a babe, to lament this distressing event.

The American Shoe Tip Company have introduced, this season, a new white metal tip; which by wear has the appearance of silver, and is decidedly ornamental. A metal tip adapted to first-class shoes has long been needed. ☞ Arnold has the lowest price on Spoons, Knives and Forks in Mt. Vernon.

☞ Messrs. WOODWARD & SCRIBNER, wish it to be distinctly understood that in consequence of Dr. Scribner's intended removal South, they will close out their immense stock of Drugs, Medicines and Fancy Goods, at from 15 to 20 per cent. less than former prices, viz: Articles formerly selling at $1,00 will be sold at 80 and 85 cents. 3w.

☞ Best green Tea, $1,65 per lb., at Baldwin & Warden's. Sold everywhere else at $2,00.

### Land Appraiser.

The Democracy of this (Clinton) township, have nominated JOHN WELSH, Esq., as their candidate for Land Appraiser. Mr. Welsh is a sterling Democrat, and one of our very best citizens. Probably no man in the county is better acquainted with the value of real estate than Mr. Welsh, and no man is better qualified to discharge the duties of Land Appraiser than he is.

The Republicans have nominated Mr. Chambers Ash for the same office. Mr. Ash is a good citizen, but no one will claim that he will make as good a Land Appraiser as Mr. Welsh. Mr. Ash was formerly a Democrat; and the Republicans, learning that he was becoming disgusted with their party, and was about returning to his "first love," nominated him for Land Appraiser to "keep him from bolting."

In the City of Mt. Vernon the Radicals have nominated George Winne, a "life-long Democrat," (so-called) for Appraiser. This was accomplished by the treachery of Bascom and the other delegates from the 5th ward, who "went back" on George Steele, who was the choice of the Republicans of that and a majority of the other wards in the City. But Bascom don't like Steele, and hence his betrayed of that gentleman. Bascom is getting about as many curses just now from Republicans as he did when he went on to Washington to procure the removal of the soldier's widow, Mrs. Hood, from the Mt. Vernon, Post Office.

### Penick & Harrington.

These gentlemen, at their Woolen Factory, on High street, West of the Railroad depot, are now doing a large and profitable business. They employ regularly about thirty hands in all the departments of their business. Besides wool carding and spinning, they are now manufacturing blankets, flannels, cloths, doeskins, cassimeres, and all kinds of goods for gentlemen's wear.—We have examined some specimens of their goods, and we do not hesitate to express the opinion that they are fully equal, if not superior, to the best imported goods that are sold in our stores. We bespeak for Messrs. P. & H. a liberal share of the public patronage.

### Erie Railway.

We call the attention of our readers, and more especially the traveling community, to the new advertisement of the Erie Railway Company. Important changes have been made in the running of all the trains. The Scenery along the entire route of the Erie Railway is of the most picturesque and beautiful character. Admirers of Natures beauties, in a day light journey over the Line, will find in its ever changing landscapes subjects of continual admiration and interest.

### Cleveland Business College.

It seems to us wonderful that young men, and sometimes parents and guardians, are led to compare the merits of pigmy schools located in obscure rural towns, and which are of necessity ephemeral, with full grown, thoroughly organized and permanently established Business Colleges located in large commercial centres, of whose Mercantile and Commercial Interests they are the natural outgrowth and exponent.

The Teacher of business necessarily derives his knowledge and inspiration from the great field of Commerce and Business, and daily contact with its actors is essential to his proficiency and success. As well think of establishing a manufactory without material to manufacture, as a Business College in any other than a business centre.

Felton & Bigelow's Union Business College of Cleveland stands deservedly at the head of schools of this class, being one of the oldest, best appointed and most successful institutions in the United States.

### Knox County Tea Company.

Messrs. Baldwin & Warden of this place have just received a large invoice of Tea, bought directly from the importers, and which they can afford to retail at the usual wholesale price. Look at their price list of Teas:

| | | | | |
|---|---|---|---|---|
| Extra fine Yo. Hyson | $1,65 | usually sold at | $2,00 |
| Best | do | 1,25 | do | do | 1,60 |
| Choice | do | 1,00 | do | do | 1,40 |
| Extra fine Imperial | 1,65 | do | do | 2,00 |
| " fine Oolong, black | 1,40 | do | do | 1,60 |
| Choice Oolong | " | 1,00 | do | do | 1,40 |
| Fine Uncolored Japans | 1,35 | do | do | 1,60 |

They purpose to duplicate any Tea company prices in existence, and their customers have this advantage of examining all goods before buying, and any goods not giving complete satisfaction, the *cash* will be cheerfully refunded. They also keep the largest stock of Coffee's and Spices, which they sell 20 per cent less than the usual retail prices.

### Millinery Opening.

Mrs. J. F. Andrews takes pleasure in announcing to the ladies that she has returned from the East, where she purchased a large, beautiful and fashionable stock of Fall and Winter Millinery Goods, which will be exhibited on Tuesday, Wednesday and Thursday of next week.

### Bladensburg Again Visited.

One night last week the office of Dr. A. C. Scott, at Bladensburg was broken open by burglars and his "pill bag" and a case of surgical instruments, valued at $20, were stolen. The next night a set of rowdies perambulated the town, stoning houses, upsetting rain barrels, and raising the devil generally. We think it is about time that a vigilance committee was appointed in Bladensburg and some other villages in Knox county, to attend to these night prowlers and thieves.

WANTED—Any number of ladies to call and examine my stock of Fancy Goods.
F. L. STRAUS.

☞ Think you the proprietor of Dr. Sage's Catarrh Remedy would offer $500 reward for a case of Catarrh which he cannot cure if his Remedy was a humbug?—Preposterous idea! Sold by druggists everywhere at fifty cents, and it prepares a full pint of the medicine ready for use.

☞ Oldham, Howe & Co's. Actual Business College offers superior advantages for preparing young men for practical business. tf

☞ Zephyrs, Germantown Yarn, Java Embroidery Canvass in all collors a splendid line at F. L. Straus'.

☞ Since our notice of Seward & Bentley's Alisma, we have heard considerable said about it, and all praise it so highly, we think it must be a fine preparation for the hair. One gentleman in speaking of the Alisma, says his hair was quite gray before using it, but now it is as fine and good a color as when a boy.

Seward's Cough Cure, cures Croup.

☞ The German Fancy Store is the headquarters of everything new and stylish in the market. F. L. Straus.

☞ If you want to buy the cheapest Ware in Knox county, go to Arnold's.

☞ Wanted, 500 families to buy their Teas of us, and save 25 per cent.

**SIGHT PRESERVERS.**

THE large and increasing sales of our Celebrated Perfected Spectacles and Eye Glasses, by our Agent,

**L. STONE,**

**Watchmaker & Jeweler,**

MAIN STREET, MOUNT VERNON,

is sure proof of their superiority over the ordinary Glasses.

We are satisfied that here, as elsewhere, the advantages to be derived from their use need only to be known to secure their almost general adoption. Compare the beautifully distinct sight, the perfect ease and comfort, the readily ascertained improvement of the eyes enjoyed by the wearers, with the discomfort and positive injury to the sight caused by wearing the common spectacles. Nine-tenths of all Eye Diseases result from wearing improper glasses.

Persons needing aids to sight can at all times procure of Mr. L. Stone, our Sole Agent in this locality, our

**Celebrated Perfected Spectacles and Eye-Glasses.**

And so avoid the direful results of using bad Spectacles. Ours will be found on trial to be all that is represented, lasting many years without requiring to be changed, and never tiring the eye.

IS AGENT FOR THE

**DECKER BROTHERS'**

CELEBRATED

**PATENT PIANOS.**

THE PIANOS of this New York firm are matchless. Whoever has played on one of their instruments, has been surprised at its sympathetic quality of TONE; and if the player has a musical temperament, he will feel that such tones like these, he has imagined to hear only in his happiest moods.

The action is so perfect, so elastic, that it almost helps one to play. In this respect it is only approached by "grand action pianos," (which on account of their awkward shape are mainly used in Concert Halls only.) Its durability is such, that, whilst other pianos have to be tuned every month or two, this instrument requires tuning at rare intervals only.

Those who wish to have a piano of such excellence in their family, will please apply to H. L. Grebe, Prof. of Music, Mount Vernon, Ohio.—They can be obtained through him direct from the New York firm at the BEST TERMS.

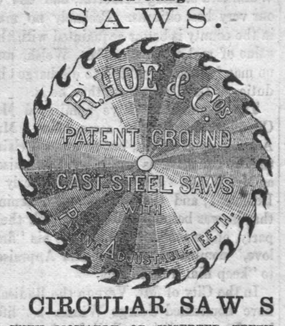
**SAWS.**



**CIRCULAR SAW S**

WITH MOVABLE OR INSERTED TEETH.

We claim for our Patent Circular Saw the following advantages over all others:

The shanks of the teeth are elastic, and exert a uniform distension in the sockets.

The stability of the plate is in no way affected by inserting new sets of teeth.

Each tooth, independently, may be adjusted to the cutting line.

No rivets, keys, or other objectionable appliances are employed in connection with the teeth which are as simple in construction, and as easily used a nut for a bolt.

In short, all the difficulties heretofore experienced in the use of movable teeth for saws, are fully met and obviated by this invention. Also,
