A CLEAR CASE OF BLUFF. Sherman Men Hot at the Action of the Convention. McKinley and Foster severely criticized for their part in the Three-Hows. The Negroes Not in It For an Office and a Call for a League Will be Issued.

A YOUNG HEIRSS MURDERED. To Secure Her Money Her Step-Father Used Arsenic. MARISSA, Ohio, May 5.—The investigation into the mysterious death of Ada Ebersole, at Dalton, Wayne county, which has been in progress some time, was concluded to-day and Henry B. Warner is lodged in jail, charged with causing the death of his step-daughter by poisoning.

Arrested for Assaulting His Adopted Daughter. YOUNGSTOWN, Ohio, May 5.—Chief Cantwell arrested Franklin Noel this morning at a private boarding house shortly after receiving a telegram from G. W. Parker, Chief of Police at Middletown, Pa. He is charged with the crime of rape on the 10-year-old adopted daughter, Maggie Noel, about the middle of last month. The way the crime happened to be committed is as follows: Noel, who was a roomer with the child while his wife was confined. Sometime afterward the child appeared to be afflicted with St. Vitus' dance and consulting a physician the horrible truth was learned.

Blaine Out Against Harrison. Says He Can Not Be Re-elected. WASHINGTON, May 3.—The most striking and extraordinary feature in the situation, to my mind, is that Mr. Harrison continues to permit the use of his name as a Presidential candidate. He cannot be re-elected, and he ought to know it. These are words which Secretary Blaine used in the last couple of days in conversation with a friend who is a member of the House. They had been discussing the outlook of the Republicans in the coming contest, and the different men talked of for the nomination, including Mr. Blaine himself. Mr. Blaine had reiterated the reasons he had given for his own withdrawal from the race, and had then with much earnestness and emphasis uttered the sentiment which he has now repeated. Naturally the remark startled his hearer, who asked Mr. Blaine's reasons for his belief that Harrison could not be elected.

Murdered for His Money. BRYAN, Ohio, May 5.—Arthur Brown, aged 35 and unmarried, was found this morning at the rear of Beech street school house with his skull crushed in. Two sticks of stove wood covered with blood and brains and two broken beer bottles lay near his body. He had inherited some money from an estate and had nearly \$300 in bills yesterday. When found his pockets were turned inside out. His skull was crushed by a large amount of correspondence was conducted on the subject and Jere Brown of Cleveland, was selected as the man to represent the whole party. The man who was killed was a member of the Republican party, however, while professing to own the Republican party, he was really a member of the Democratic party.

A Bloody Murderer Turned Loose by Governor McKinley. COLUMBUS, O., May 4.—Governor McKinley to-day commuted to twenty years the life sentence of Joel Waddle, who was received at the penitentiary in November, 1878, from Lawrence county, for murder in the second degree. Waddle killed his man at a picnic and the crime was the result of a drunken row. His victim was William Bayless. The latter insulted Waddle's girl and Waddle pulled a knife into his heart, killing him almost instantly. The commutation to twenty years, with the proviso that he be kept in the penitentiary until he is 60 years of age, was granted by Governor McKinley.

Deafness Cannot be Cured. By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound in your ears, which is sometimes followed by a ringing. If the tube is closed the result is, unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

Highest of all in Leavening Power.—Latest U. S. Gov't Report. Baking Powder. ABSOLUTELY PURE. Porter's Census Was a Base Fraud. PHILADELPHIA, May 5.—Henry Huston, who was arrested yesterday, held by United States Commissioner Bell in \$2,000 bail for a further hearing today, on the charge of perjury, forgery and knowingly and wilfully making false returns as a census enumerator of the manufacturing industries of Philadelphia.

And Bill McKee Skipped. CARROLLTON, Ohio, May 4.—A shooting occurred at New Cumberland, a small town about fifteen miles south of this city. William McKee, a prominent horseman, had long suspected his wife of being too intimate with James Hindman, a prominent young society man. Yesterday McKee informed his wife that he was going away on a business trip for several days. He left town, returning at night to find his house vacant. He went before the Mayor and secured a warrant, charging her with adultery.

The Sensational Divorce Case at Millersburg. MILLERSBURG, Ohio, May 4.—Judge Cullen presided this morning over the case of the divorce of Mrs. Shoup from her husband, Grace L. R. Critchfield, father of Grace L. Shoup, the defendant, had a war of words with Judge Nichols. In a deposition given by Mrs. Neglespach, she said she had got some information from her husband's brother, and she had got her information from Mr. and Mrs. Judge Nichols, who were at Canton. Critchfield refused to be sworn about trying the case, and made some other reflections. This somewhat angered the Judge, and he said that he would not be sworn to by any man who would stand by the reflections, and he was going to try the case if all the people between here and Canton would be sworn to. He then ordered the defendant to be sworn to, and she was sworn to.

Oklahoma and Kansas Swept by a Cyclone. KINGFISHER, O. T., May 4.—A cyclone swept over the South-western portion of Kingfisher last evening, unroofing residences and overturning and demolishing F. A. Bidwell, York, Neb., and his two sons were killed, and Simon Bates, who, with his horse, was lifted from the earth and carried a short distance to a great height. Outside the city fourteen residences were destroyed, and crops damaged. The accompanying hail. Many persons were killed and many injured. A disastrous cyclone struck the farming valley of Texas, ten miles South-east of here, last night, and damaged the farms and buildings for miles around. Farmers were arrested and thirty women and children were killed, and Heill's wife and daughter dangerously injured.

How She Became a Missionary. "I'm doing missionary work a good deal of the time," was the reply of one of the most charming women of New York, to a friend who asked how she busied herself. I see by your look, you wonder what I do by that. I'll tell you a few years ago life was a burden to me. I had been a victim to female weakness of the most aggravated character for many years, and I had been told to help me. Existence was a long, steady, terrible torture—a lingering living death. One day I saw Dr. Fierce's Sarsaparilla in the newspaper. Something in the advertisement impressed me favorably. I caught the glimmer of hope in that catch at straw. Still, I did not dare to hope. But I got the medicine, and behold the result! I feel so well, so strong, and so happy, and so glad to go about my ordinary work, that I have saved me. In no other way can I so well show my gratitude to God, and to the man who has proved such a benevolent savior of women, and my love for my suffering sisterhood."

Father and Son Had a Shooting Match. ROCKVILLE, IND., May 4.—Coxville is a mining town and Jack Craven runs a saloon. He had trouble at home last night with his family, and left the house with bed clothes to sleep in the saloon. His son Jack, aged 21 years, took sides with his mother and directed the father to go to bed. The son went to bed about 10 o'clock last night. The father, in the presence of several spectators, refused to give the clothing up, whereupon the boy pulled a revolver and fired at his father. The ball passed through the middle of the left arm and cried to his father not to shoot any more. The first shot will prove fatal.

Official Paper of the County.

MOUNT VERNON, OHIO.

THURSDAY MORNING, MAY 12, 1892.

Democratic Congressional Convention of XIV District.

The Democrats of the Fourteenth Ohio Congressional District will meet in delegate convention at Shelby, O., on Tuesday, May 31st, 1892, at 10 o'clock a. m.

For the purpose of nominating a candidate for Congress, and a candidate for Presidential elector for said district, also to select two delegates and two alternates to represent said district at the National Democratic convention to be held at Chicago, June 21st and 22nd, 1892. The last of representation shall be one delegate for every one hundred votes cast for the Hon. James E. Campbell in 1891, and one for each fraction thereof of fifty or more.

The basis of representation will entitle the several counties in the district to the following number of delegates:

Ashland	2	Lorain	21
Huron	3	Morrow	20
Richland	32	Washington	48

The delegates to this convention shall be chosen in the several counties in the district in such manner and at such times as the congressional committee of each county shall direct; or if there is no such committee the chairman of the County Executive committee shall so determine in his stead.

W. G. HELTMAN, Ashland county.
JOHN W. BEEFORD, Huron county.
JACOB STUBBS, Knox county.
W. M. G. SHARP, Lorain county.
A. J. LEVING, Morrow county.
B. W. FICKES, Richland county.

CHAUNCEY M. DEFEW says he expects to vote for Harrison at Minneapolis.

The Republicans realize the fact that he could not elect Harrison this year.

The Harrison boom seems to be needing patching and repairing every day.

IOWA is now actually out of debt, thanks to a Democratic Administration.

TOM REED has joined the Quay-Mahoney-Ingersoll combination to down Harrison.

The Connecticut delegates-at-large to Chicago go unrepresented, but are all for Cleveland.

The Iowa Democratic State Convention has instructed for Governor Boies for President.

GEN. C. H. GROSVENOR (Rep.) has been re-nominated for Congress in the Athens (11th) district.

HILL seems to have the call in Virginia, as far as any action has taken place by the Democracy.

The Republicans do not want Harrison as their candidate for President; but he is dull in taking a hint.

ALTOGETHER twelve bodies of the victims of the late terrible conflagration in Philadelphia have been recovered.

The dog-killing season in Pennsylvania commenced on Monday, and a decline in sausage may therefore be looked for.

CHARLES PINKHAM, JR., has been indicted and arrested, charged with stealing \$70,000 of the funds of the Bank of Harlem.

The Vermont Democratic State Convention endorsed Cleveland, but appointed delegates to Chicago without instructions.

That Fuller boom for President was the creature of a day. It was born and died in the columns of the Cincinnati Enquirer.

We hope the reported declination of Harrison is not true. He is the very man the Democrats are anxious to fight and defeat.

JUST now, in Republican circles, James G. Blaine and John Sherman are more talked of for President than Benjamin Harrison.

JUST at the present moment the love between Harrison and Blaine is not like unto that which existed between Damon and Pythias.

Gov. MCKINLEY need not take out a life-insurance policy. There is no danger of the Presidential lightning striking him at Minneapolis.

The Pittsburgh Post thinks it would be tough on the grandson of his grandfather if he should be beaten by the son of his father, Bob Lincoln.

The Republicans in Michigan are going to start a fight in the Supreme Court to test the constitutionality of the election law of that State.

The Tennessee delegates to the Minneapolis Convention have been instructed to vote for Harrison. Maryland also instructs for Harrison.

The Duke of Westminster offers a reward of \$50,000 for the discovery and conviction of the person who poisoned and killed his great horse, Orme.

RALPH K. PAIGE, President of the Painesville Savings Bank, has been sentenced to ten years imprisonment in the Ohio Penitentiary for forgery.

The Democrats of Iowa say they are going to stick to Gov. Boies first, last and all the time. He is undoubtedly the favorite son of the Hawkeye State.

The Republican Convention for the Fourth Ohio district, which met at Lima, on the 4th, nominated L. S. Jamison of Mercer county, for Congress by acclamation.

F. C. PURCELL, editor of the Logan Republican Gazette, it is said, will be chosen Chairman of the Republican State Central Committee. He's a Shermanite.

We think it would be wise for Congress to adjourn. We are afraid it is falling into the bad ways of its Republican predecessor in voting away the people's money.

DELAWARE and West Virginia are for Harrison, but old Virginia, led on by Gen. Billy Mahone, will fight Harrison to the bitter end. Mahone is said to be for Sherman.

The Democracy of Wisconsin have declared for Cleveland, and appointed Senator Vilas, Gen. E. S. Bragg, F. C. Wall and Col. Knight delegates-at-large to Chicago.

HON. JOHN J. INGALLS, will head the Kansas delegation to the Minneapolis Convention. The young Republicans want him to run for Congressman-at-large in that State.

Two "outrages" did not happen in the South: A negro was found living with a white woman in Philadelphia; N. J. A number of masked men took him out, whipped him and gave him a ducking.

A QUESTION of veracity has arisen between Judge L. W. King, late defeated candidate for Congress in the Stark-Columbiana district, and Mr. Joseph P. Smith, formerly of Urbana, and at present editor of the Toledo *Commoner*, as to whether King voted for or against Gov. McKinley for temporary chairman of the late Republican State Convention. King claims that he voted for McKinley, while the Smith production pretty strongly evidence that he voted for Griffin. At all events, this presumed double-facedness of Judge King contributed largely towards his defeat as an aspirant for Congress, together with the fact that he is privately known to be a Forakerite.

HON. BLANCH K. BRUCE, (colored), Recorder of Deeds in the District of Columbia, an office worth \$25,000 a year, which was conferred upon him by President Harrison, is going South to "fix" the negro delegates, so that they will not bolt against Harrison. He had better take a big pile of money along, and then take a bigger pile to Mississippi; for if Gen. Alger, or some other fellow with a fat purse, gets hold of these coons, good-bye Harrison. Mr. Sherman can impart to Mr. Bruce some valuable information on this important subject.

J. N. HUSTON, of Indiana, late United States Treasurer, who resigned in disgust because of the treatment he received from Mr. Harrison, both socially and officially, has been sent for by the President, who wishes to patch up a peace with him, and desires him to run for Governor in Indiana, as the Administration candidate. The principal reason for this movement is, that Huston is quite wealthy and liberal during campaigns, and Harrison thinks it will greatly boom his prospects in Indiana.

A DISPATCH from Washington states that President Harrison announced at a Cabinet meeting a few days ago that he would not accept the nomination if it depended upon the votes of the Southern delegates. He recognizes the fact that not one of the Southern States will elect members of the electoral college if he heads the ticket, and he does not wish to owe his nomination to these barren delegations. The *Columbian Journal* heads the dispatch, "Important, if true."

CHARLES EMORY SMITH, United States Minister to Russia, arrived in New York on Wednesday last, where he was met by several of his Republican friends. He will not say whether he is going to resign or not; but announces he will resume his work as editor-in-chief of the Philadelphia *Press* during his vacation, as he is anxious to do everything in his power to secure the re-election of the man who sent him to St. Petersburg as his country's Representative.

FOR reasons best known to himself, President Harrison has delayed appointing a Justice of the Supreme Court to fill the vacancy created by the death of Justice Bradley, four months ago. The business is accumulating and it is said the existing Justices are overworked. It is believed that personal or political considerations influence the President. If he is not re-nominated at Minneapolis, a nomination for Justice will speedily come.

ON Tuesday afternoon a terrible gas explosion occurred in mine No. 2 of the Northern Pacific Coal Company, at Roslyn, Wash., when from forty-five to fifty persons instantly lost their lives. The shaft is closed up and the mine is on fire, and the bodies of the victims may never be recovered. The mine was one of the largest in the State. The cause of the explosion is unknown.

FRANK VAN LOON, convicted of the murder of old man William Vandemark, at the time of the robbery of the Columbus Grove Bank, takes his sentence to be hung very hard. He solemnly declares that he is an innocent man, and that the men who swore against him perjured their souls. He said the jury that convicted him "are in danger of hell fire, unless the court sets aside the verdict and relieves them from the awful responsibility."

The Republicans will make a supreme effort, within the next two weeks to get Mr. Blaine's consent to take his party nomination for President, if offered him at Minneapolis. If Mr. Blaine still persists in declining the honor, then a like tender will be made to Senator Sherman, who, it is believed, will give his consent to lead his party to defeat. The present sentiment of the Republican managers is, "Anything to beat Harrison."

FROM the manner in which Harrison was snubbed in Republican Conventions during the past week, it is no wonder the poor man talks about withdrawing his name as a candidate for re-election. He doesn't seem to have an earnest, sincere, outspoken friend anywhere, not even among the office-holders. But still, we think Harrison will be nominated. The Democrats certainly want him nominated.

ALTHOUGH the leaders of the Anti-Harrison wing of the Republican party are holding daily caucuses in Washington and New York, they have as yet been unable to find a man upon whom they can unite, who will agree to take the nomination for President. Why not make "repealed proposals" for a candidate? This might bring to the surface the very man they want. There is nothing like advertising.

LOUISIANA Democrats United. A dispatch from New Orleans states that a compromise has finally been reached between the two hostile Democratic factions in Louisiana. They will come together. Each had its State Central Committee, and each proposed to send a delegation to the Chicago Convention, and threatened to have a full electoral ticket. The contest over the nomination of John Sherman, which caused a splitting of old lines, helped get harmony. Each faction will be equally represented on the delegation, committees and electoral ticket.

It is said that T. Jefferson Coolidge, the new Minister to France, is a descendant of Thomas Jefferson, the immortal author of the Declaration of Independence, and hence it is claimed that he has Democratic blood in his veins. He is said to be a quite wealthy man, which explains his appointment.

THE New York *Recorder*, the most influential Republican paper in America's great city, has come out strong for the nomination of John Sherman as the Republican candidate for President.

The "grand old man," Gladstone, made a serious mistake a few days ago in refusing to receive a delegation of workmen who called upon him in regard to the eight-hour movement.

McKinley a Political Failure. A very bitter feeling has grown up among Foraker and his friends in opposition to Gov. McKinley, in consequence of the course the latter has taken proper to take, first in regard to the Senatorship, and now in relation to the Presidency. They think the least McKinley should have done was to have remained neutral on the subject of the Presidency, as well as the Senatorship; and now they declare that if, by any possibility, the Governor should receive the nomination for President, he will be a more unpopular candidate, and easier to beat than Harrison. We think there is some truth in this remark.

Aside from McKinley sticking himself into the fight between the rival Republican factions in Ohio, he has no elements of personal popularity. His tariff hobby is not popular with a large body of his own party—the oiling masses, especially farmers, mechanics and day laborers, whom the monopolists' protective tariff was never intended to benefit.

McKinley has also made himself unpopular by exercising no influence whatever over the late Legislature, which is acknowledged by friend and foe to be the weakest, most corrupt and most contemptible legislative body that ever assembled in Ohio. He allowed them to run riot with reckless legislation, and had not the courage or the manhood to call a halt, not a single act or measure being for the good of the people of Ohio or even of the Republic. He either had no power or did not choose to exercise it. He made several good recommendations in his inaugural address, but not one was acted upon or adopted. He pretended to favor a re-districting measure that would be fair to all parties and all parts of the State, but the most infamous Gerrymander was adopted that political depravity could conceive, which almost disfranchises one-half the population in the State. So absolutely unfair is it that some of the leading Republican papers in the State, notably the *Bucyrus Journal*, have openly denounced it as an unclean and infamous thing.

So far as the Democracy are concerned they would like to see McKinley nominated in preference to Harrison. The acts we have mentioned and others would make him unpopular in Ohio, while his robber tariff will make him a weak candidate in every State in the Union.

Chinese Exclusion Law. In signing the Chinese Exclusion act President Harrison has raised a new element of opposition (the clergy and church going people) which will make trouble for himself and the country. He no doubt thought it would be a popular movement—a vote-catching expedient, and would make him popular with the Irish, who have a strong prejudice against the Chinese. Doubtless some bad Chinese find their way into this country; but taken as a class, they are greatly to be preferred to some other immigrants, who have been forced to "leave their country for their country's good"—we refer to the Anarchists, revolutionists and bomb-throwers, who have taken up their abode in our large cities. These are the people that Congress should exclude from our shores.

The Methodists at Omaha and the Baptists at Atlanta, during the past week, censured President Harrison for signing the Chinese Exclusion bill. When our goodly good Presbyterian President gets such powerful religious bodies as the Methodists and Baptists after him, he is to be pitied.

The Chinese Minister at Washington has filed in the State Department a solemn protest against the Chinese Exclusion act, just passed and signed by the President. It is feared that retaliatory measures may be adopted by the Chinese, which will not only affect American merchants doing business in that country, but put a stop to missionary work as well.

McKinley's Old District. The Republican Congressional Convention for the 18th district, composed of the counties of Columbiana, Mahoning and Stark, which met at Salem on Friday last, was one of the most exciting gatherings of the kind ever witnessed in that part of Ohio. There were five candidates in the field for Congress, viz: N. B. Billingsley and W. M. Monahan of Columbiana; Joseph Johnson and L. W. King of Mahoning; and Thomas R. Morgan of Alliance, Stark county. After a long and bitter contest, Morgan, the monopolist manufacturer, was nominated on the 71st ballot. Judge Jacob A. Ambler and Hon. George R. Baldwin were elected as delegates to Minneapolis, and M. A. Norris of Mahoning was chosen as elector by acclamation. The doubt of Judge King is attributed to his double-dealing with the Foraker and Sherman factions. He is really a Forakerite.

The nomination of Thomas R. Morgan, who has acquired immense wealth through Republican "protection" laws for monopolists, and taxation of the people, means a boodle campaign in the new Stark district—a district that was formed for the express purpose of electing a Republican to Congress. While Mr. Morgan understands how to make money, we predict he will not make his mark as a legislator in Congress. He is wholly unlike our own rich Michael P. Carter, who, a thorough business man, who possesses brains and is a statesman.

Fighting Sherman's Friends. There is general complaint among the Republicans of Knox county, as well as other counties in the State, about the bitter, persistent and unprovoked attacks made in the *Mt. Vernon Republican*, Foraker's personal organ, upon the friends and supporters of Senator Sherman, who outnumber the Forakerites two to one in Knox county. Every issue of that paper for several weeks past has had cruel slaps at Sherman and Harrison. Here are a few specimens from a single issue of the Foraker organ:

Classifying Bill Hahn as one of the "big four," is like placing a white-pole in a nest of orioles.

Mark Hanna ran like a dog with a tin-pail tied to his tail, upon the first sight of Foraker. Mark is not in it, only where dollars are concerned.

Since the State Convention, the *Times Star* has kindly spoken of Foraker. Now please Mr. Taft, make kindly remarks of George B. Cox.

Mr. Griffin, of Toledo, is not being very extensively complimented on account of his "key note" at the Cleveland Convention. It was regarded as "stale, flat and unprofitable."

Now if the 1888 razors are only retained in the pockets of their owners Mr. Taylor will run at about the same pace with the other boys. But if they are once unshathed—Geewhizz!

We fail to note any extended fissures in the earth or that the lakes and streams were turned into blood or dried up, on account of the presence of an unusual number of sizzling postmasters. No instructions were given or attempted, demanding or urging re-nomination of Harrison. The bluff and bluster indulged in by the *Shermanites* ran off like foam on a glass of beer.

The following mild rebuke of the *Mt. Vernon Foraker paper* is copied from the *Columbus Journal*, the central organ of the Republican party in Ohio: "The *Mt. Vernon Republican* does not seem to be very well harmonized. It is good for almost everything, even for Griffin's manuscript, and the postmaster's."

"Prince" Russell on Blaine. Russell B. Harrison, the foolish son of his father, has been in New York during the past week trying to "fix" the New York delegates to the Minneapolis Convention to vote for "the old man." He let his tongue loose and said a great many things about Mr. Blaine, that were anything but pleasing to the friends of the Secretary of State. The condition of Mr. Blaine's health was particularly the theme of Russell's jabbering.

"Mr. Blaine's condition," he said, "is such that all talk of his nomination, even if he should become a candidate, is out of the question. He is completely broken down, both mentally and physically. He cannot remember the simplest things, and all of the work of the State Department has been on my father's shoulders for over two years. It is simply absurd to talk of nominating Mr. Blaine. He can scarcely more than sign his name to documents requiring his signature, and rarely, if ever, reads them. He is almost as helpless as a child, and it is downright cruelty to be continually bringing him the front as a Presidential candidate."

Those of Mr. Blaine's friends who had heard of the story were highly indignant. They described the prince's course as contemptible, even admitting that his late had some foundation, which they deny.

Plenty of Good Material. The Democracy of the new Seventeenth district, composed of the counties of Licking, Coshocton, Tuscarawas, Holmes and Wayne, will meet at New Philadelphia, June 7, to nominate a candidate for Congress. The leading aspirants for the position include Capt. Owens of Licking, Forbes of Coshocton, Patrick of Tuscarawas, Stillwell of Holmes and Eason of Wayne, and there are at least a dozen other Democrats of ability who would not be averse to making the race in view of the fact that the District has a Democratic majority of at least 5,000. There are not less than two to five candidates in each County except Holmes, which will present at least the nomination of Judge Wellington Stillwell. The friends of the latter argue that their county has not had a representative in Congress since 1858, although the Democracy of Little Holmes has always loyally stood by the ticket in every contest that has been waged within the State. Judge Stillwell is a man of high character and marked ability, and would be an able, useful and influential member in the House of Representatives. He is a forcible public speaker, a clear-headed jurist, and above all a sound and reliable Democrat and an earnest Tariff Reformer.

Mrs. CHARLES POLLOCK, a married woman of Zanesville, with a six-year-old daughter, eloped with a married man named Spangler, of Zanesville, who also had a family. The couple went to Pittsburgh by steamboat, where they purchased tickets for New York, but before they could get away they were arrested and brought back to Zanesville. The only reason the wife gave for her shameful conduct was that her husband was a "little fellow" and she never cared for him, and she liked a big man like Van Spangler.

LEONARD, the late Republican candidate for Governor in Louisiana, telegraphed on the morning of the election to Deacon Sigmond's satiric paper in New York, the *Mail and Express*, that his vote would be larger than all the other candidates combined. The total vote was 174,564, of which Leonard received only 28,385.

Gov. FLOWER, of New York, is spoke of by prominent Democrats all over the country as a compromise candidate for President. The Republican papers (that never lie, you know,) declare that Flower has a bar! on tap at Washington.

The New York *Advertiser* states the case truly: "The Republican party adores the Harrison Administration as a whole, but it wants some other man for President."

A SUICIDE Club is the latest Chicago organization. It was probably organized to create a sensation at the World's Fair.

W. R. WARREN, formerly proprietor of a bank at Mulvane, Kas., who went to wreck, was shot in the back on Sunday by John Timm, who lost \$2,000 by the bank's failure. The wound may prove fatal.

Another Railroad Disaster. There was a frightful disaster on the Atchison, Topeka and Santa Fe railroad at an early hour last Thursday morning, between Revere and Moberly, in Missouri, about 265 miles from Chicago. There had been a heavy rain storm during the evening previous, which caused a washout that weakened a trestle. The express train, filled with passengers, all unconscious of danger, was dashing ahead at a rapid speed. It slowed up as it reached the trestle bridge. The locomotive passed over safely, but the bridge gave way and five passenger cars plunged down into the swollen stream, but the rear sleeper remained on the track. Seven people were killed, belonging to Missouri, Georgia, California and Oklahoma. Twenty-six are known to have been injured.

There were other washouts along the line of the road, putting a complete stop to travel for several days. Superintendent Ives, who left Chicago for the scene of the disaster, found three feet of water on the track at Lockport. East of St. Madison the road was under water and all the telegraph lines were down.

The old town of Lancaster had an exciting tragedy the other day. Officer Joe D. Piper received a telephone message from Zanesville to arrest a horse thief, who was on his way to that place. As soon as the stranger arrived, driving rapidly, Piper told him to stop, but he declined, saying he was a physician and was going to see a patient. Piper gave chase and captured the man, who made violent resistance. In the scuffle that ensued the officer's pistol was discharged and the stranger dropped dead. The stolen horse and buggy were claimed by Zanesville people. The man killed has been identified as Benjamin F. Sheridan, of Jackson county, an old horse-thief and ex-convict.

COL. BOB INGERSOLL, while at Springfield, Ohio, a few days ago, is reported to have said that Harrison is too weak a candidate for him. Why not bring out the noted Republican Infidel as a candidate for President?

MR. CUNNINGHAM GRAHAM, a member of Parliament, who publicly boasted from his seat that he is a Socialist, was suspended by a unanimous vote for one week. This seemed to please rather than anger him.

The Democracy of Michigan have chosen Don M. Dickinson, Spencer O. Fisher, Edward Ryan and Edward F. Uhl, delegates-at-large to the Chicago Convention, with instructions to vote for Grover Cleveland.

The Republican delegates-at-large from California to the Minneapolis Convention, go uninstructed. In the 14th California district the platform endorses Harrison, but particularly compliments Blaine.

FORAKER, of course, is opposed to the nomination of Harrison, and Blaine not being a candidate, what will Ohio's great Fire-Alarm do at Minneapolis unless he has a chance to shoot off his wonderful mouth?

A BELIEF is expressed that W. J. Elliott, at present serving a life-sentence in the Ohio Penitentiary, for murder, has become insane. He feigned insanity while the trial was progressing, but it didn't work.

The Republicans of the new Sixth district (Green, Warren, Clermont, Clinton, etc.) after a long and stormy session, nominated Judge Huling for Congress. Col. Bob Doan was dumped in the soup.

There is a general complaint among the Republicans of Knox county, as well as other counties in the State, about the bitter, persistent and unprovoked attacks made in the *Mt. Vernon Republican*, Foraker's personal organ, upon the friends and supporters of Senator Sherman, who outnumber the Forakerites two to one in Knox county. The Republican members of the Mt. Vernon City Council have been in an awful stew for the past two weeks and the predicament is one that is causing them no little worry.

The graceful tramp is more numerous this spring than usual, and he is an intelligent one, for, not less than, twenty the past week have called at this office for exchange.

"Do you fellows read much?" we inquired.

"Yes, indeed. There is rarely a tramp who is not well posted on the situation of the country and its politics. We only read papers to know what localities to visit."

"Well, you appear to be a pretty honest fellow. How do you get on?"

"Well, hardly ever as they used to warble in it. Pinafore. You see it is against our profit to work, and a companion caught at labor is sure to apologize for the demerol."

"Do you get hungry, sometimes?"

"Oh, yes—all people get hungry, but it is not at all for us to go two full days without eating, although we rarely do."

"What will you do with that bundle of clothes, when you get through reading them?"

"There is a gold mine in these exchanges. When I have passed them thoroughly, I dump them with water, press them out to pamp new and fresh, and at the first morning soon get them over for a warm meal. Good morning."

"Did you ever notice," remarked a gentleman who makes quite a study of human nature, "the manner in which different persons slip letters into the box at the postoffice? Well, stand here a moment and observe for yourself."

A boy soon came up and with the air of a millionaire slipped a package of letters into the box. "That," said the gentleman, "is an office boy in some manufacturing establishment, probably. Now here is a rather old lady, quite plainly dressed, who she scans the list to see that it is as it should be. No doubt, she is sending the letter to a daughter who is away from home. This sprightly young fellow has a billitudo wrapped in tissue paper for fear the envelope might get soiled; he is wondering how soon some blushing damsel will peruse the sentimental pages of his letter and how soon she will reply. This man who sheepishly slips into the place a couple of pocket-worn missives will, for his next week, be haunted by the fear that his wife will discover his forgetfulness. These two girls who whisper and smile at each other as they make their deposit, have written and are enjoying their joke hugely. There are many, many phases of human nature and if you would study it, I fear you would be the possessor of any thing but a yawn."

At the Grand Encampment of Ohio held at Tainesville last week, the Odd Fellows' Grand Encampment, held at the same place, was also the proposition to change the Patriarchs Militant control from the extravagant headquarters at Chicago to the grand encampment of each State jurisdiction, and to have the Grand Encampment held at the residence of its brother-in-law, Mr. Mike Nixon of East Front street, where religious services were held Friday afternoon, conducted by Rev. Sydney Strong of the Presbyterian church, and Rev. A. D. Knapp of the M. E. church. Deceased is survived by his wife and children.

A telegram was received in this city announcing the death of the above named lady, which occurred at Cincinnati, Saturday evening. She is survived by her husband and children.

DEATH'S DECREE

Sudden Summons of J. A. Mitchell and Miss Lavina McCormick - Other Deaths.

LAVINA M. MCCORMICK, eldest daughter of Mr. and Mrs. Joseph McCormick, died Friday evening about 12:30 o'clock, of scarlet fever, having been ill but five days. Miss McCormick was a young lady of sweet disposition and amiable manners and her sudden demise was a severe shock to a devoted circle of friends.

JOHN ALLEN MITCHELL, aged 63 years, a grandfatherly old man, died at his home on East Front street at 11 o'clock Friday evening, after an illness of only a few days of quinsy, which resulted in an abscess forming in his throat that burst and filled the air passages. The cause was asphyxiation. His decease was a great loss to the family.
