## How's Your Liver?

Is the Oriental salutation, "knowing that good health cannot exist without a healthy liver. When the liver is torpid the bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headaches ensue, a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED. It cures constipation, indigestion, biliousness, headache, neuralgia, rheumatism, and all the ailments of the liver and bowels. It is a perfect cure for all diseases of the stomach and bowels.

## Legislative Nominations.

Ross county Republicans have nominated W. H. Metcalf for Representative.

The Clermont county Republican nominees for Representative is Thomas M. Willis.

The Jackson county Democrats have nominated James H. Stewart for Representative.

The Republicans of Butler county have nominated John C. Slayback for Representative.

The Marion and Morrow county Democrats have nominated Hon. B. G. Young for Representative.

The Lucas county Democratic ticket for Representatives consists of Louis Metzger, John Roach, and John Huberich.

Scott Pium has received the Republican nomination for State Senator in the 13th district, composed of the counties of Logan, Hardin, Union and Marion.

It begins to look as if the Kaiser was a very practical politician. On the face of the returns of the late election he and his army bill were snowed under, but gradually and mysteriously things have taken a shift, and it now appears that a majority of the new reichstag will be for Emperor Bill and Army Bill.

Just how it was brought about is not known. Of course our Teutonic cousins know nothing about manufacturing returns, or sending ballot boxes, or hoodlums, or patronage, and we will have to admit that the change was brought about by appeals to reason and by kindred persuaders.

For the month of July, 1893, the imports of foreign articles was about \$2,500,000 less than in July, 1892, and the exports nearly \$10,000,000 greater, nearly half this increase of exports being manufactured goods.

In July, 1891, the exports exceeded the imports by several millions. This was under a Republican administration. In July, 1893, the exports exceeded the imports by several millions. This was under a Democratic administration. The attention of the organ of the tariff league and its echoes is called to this fact.

MR. GROSVENOR, of Ohio, has introduced a bill in the House providing for the national dedication of the Chickawanda and Chattahoochee National Park, Oct. 17 and 18, 1894, under the direction of the Secretary of War. It appropriates \$10,000 and authorizes the institution of Congress, Supreme Court, Congress of States and other dignitaries, and the survivors of the armies who fought in the battles named.

The War Department, at the request of the State Department, has ordered Major Keyes to release the Mexican custom officers arrested for seizing American sheep grazing on disputed land on the Mexican boundary. Mexico has promised not to interfere with sheep grazing on this land pending a diplomatic settlement of the question of its ownership.

The Cincinnati Tribune (Rep) says: "The New York Commercial Advertiser has made a careful canvass of the financial situation, not only at New York but all over the country, and finds only encouraging features. Business has improved in the past week. It will still further improve next week, and keep on getting better. We have turned the corner."

A MEXICAN paper, El Universal, says it is certain that the Mexicans are studying a project for war with the United States on imports. Some forty articles will be affected, and the alterations should give a great impulse to American trade with that Republic. The tariff at present is practically prohibitive as far as many articles are concerned.

The Pittsburgh Dispatch whacks some of its political contemporaries over the head thus: "A political organization which shows a desire to secure party advantage from public misfortunes, and to exaggerate the misfortunes in order to increase the party gain, will injure itself in the public estimation a good deal more than it gains thereby."

Thus saith the Hon. John Sherman, Republican U. S. senator from Ohio: "The present stringency is caused by the apprehension of the mercantile and financial world that we will not meet our obligations in gold, but will pay in cheap money."

That bears rather hard on his own silver bill, but clearly shows the Democrats from any responsibility.

THERE is only one Esther in history—the beautiful Jewess for whose sake Ahasuerus gave Haman to the gallows and saved the Jews from massacre. To this day the orthodox Jews celebrate the event in the Feast of Purim. Even in fiction the name is unusual. The best known Esther of story is the gentle heroine of Dickens'.

GENERAL CASSIUS M. CLAY, of Kentucky, will be 85 years old next month. He says that he has never indulged much in stimulants and he has never habitually used spirits, coffee, or tea. To tobacco he has always eschewed. He has always taken nine hours of sleep, and in these later years permits himself even more.

The New York World says: The Republican editors contend that Tom Reed will go to Ohio this year to make campaign speeches. In view of the slaughter Republican vote which Thomas left in his pathway in the campaign of 1890 the Democrats are to be congratulated upon his coming.

The Republican panic is rapidly disappearing. We knew it would.

"The cave of the winds," is now the name the United States Senate goes by. The trial of Miss Emma Goldman, the Anarchist, is set for November 13, in New York.

It was a pretty costly experiment down at Roanoke, Va., to sacrifice seven lives to destroy one.

THE C. H. & D. (Monon Route), is selling tickets from Cincinnati to Chicago and return, for \$7.00.

This has been a stormy session of Congress, but it must be admitted that the clouds have a "silver lining."

Even the Republican papers are forced to admit that Mr. Neal's speeches are clean, forcible and authoritative.

The death of Emin Pasha is no longer a disputed question. The German Government having officially admitted it.

The Mayor of New Orleans says that there are no more men out of employment there than usual at this time of the year.

Those Michigan train-robbers made a poor start of it. They never graduated in the Missouri College of Professor Jesse James.

There has been a "great sausage festival" at Cleveland during the past week. This will work a great falling off in the dog tax.

Gov. ALDRICH, of Illinois, is said to be worth from three to four millions of dollars, and yet some people claim that he is an Anarchist!

A PASTY-COOK'S SHOP in Whitechapel, London, was destroyed by fire on the night of the 19th, and five persons were burned to death.

HON. VIRGIL C. LOWRY (Dem.) of Hocking county, has been unanimously re-nominated for State Senator in the Hocking district.

It is proposed to make train-robbery a capital offense, punishable by death. All right. But be sure you first catch the train-robbers.

SENATOR PEPPER wants Congress to offer a reward for the scalps of train-robbers. Why not send Pepper and his band on the war-path?

STROUDS evidence of returning prosperity is furnished by the immense collection of facts published on the first page of this week's BANNER.

The Russian warship, Ponsalka, with 10 officers and 150 men on board, was wrecked in the Gulf of Finland last week, and all on board were lost.

The steamer Argos was dispatched from New York to Brunswick, Ga., on Tuesday, with food and clothing for the destitute sufferers from yellow fever.

MISSISSIPPI, Railroad Disasters, Train Robberies, Looting of Negro Railcars, etc., afford a large share of the news of the day to the newspapers.

The cholera in Hamburg is now believed to be due to drinking unfiltered water from the Elbe. The cases have been pretty evenly distributed through the city.

Gov. MCKINLEY has not, as yet, signified his willingness to engage in a political discussion with Larry Neal. He considers that "discretion is the better part of valor."

PRESIDENT CLEVELAND has appointed Wm. B. Hornblower, of New York, to fill the vacancy on the Supreme Court Bench, caused by the death of Justice Blatchford.

In consequence of an apprehended negro outbreak in Jefferson Parish, La., the Governor, at the earnest solicitation of the people, has declared the Parish under martial law.

THE British ship Valkyrie, about whose safety serious apprehensions were felt, on account of her long passage, arrived safely at New York last Friday—all on board well.

A PREACHER in Pennsylvania is being tried for the "sinful crime" of wearing a breast-pin and cuff-buttons. It is claimed that the "lowly Nazarine" never wore such "gawags."

ANOTHER English Earl is soon expected on these shores. This will be delightful news to the New York flunkies, whose delight is to entertain the little nobodies of Europe.

The appointment of two Ohio Editors as postmaster—Joseph H. Newton of the Newark Advocate, and Wm. R. McElroy, of the Lima Times, has been confirmed by the Senate.

The Exchange Bank of Wheeling, the suspension of which early in August almost caused a panic in that city, has re-opened its doors. The bank is on a sounder basis than ever.

## A Great Democratic Victory in Congress—Tom Reed Completely Squelched.

After five days of earnest debate, followed by Republican filibustering and foolishness, the Democracy in Congress, on Wednesday last, won a great victory over Tom Reed's trickery, chicanery, blustering and blustering. The question before Congress was the repeal of the odious and infamous Federal Election Law, which was passed by a Republican Congress to take from the States and the People, the right to manage their own affairs, and conduct their own elections, without being subject to the despotic interference of the Federal Government, backed by bayonets and brute force. In other words, the Democracy sought to make this a Government of the people, with a free and honest ballot, and not a military despotism, after the plan of Alexander Hamilton and the old Federal party. Tucker's bill was the measure agreed upon by the Democratic majority to rid the country of this Republican "relic of barbarism." It was difficult, owing to the hot weather, to secure a quorum of the Democratic members, and the Republican minority, offered by Reed and Burrows, made all kinds of dilatory motions, backed by violent speeches and despicable parliamentary tactics, to defeat the will of the majority. But, thanks to the good judgment, firmness and determination of Speaker Crisp, Reed and Burrows were beaten at every point. They roared and fumed like bedlamites, and kept the House in a continued scene of excitement; but they were completely whipped, and the bill was passed by a vote of 176 to 90.

## A Fierce Fight with Train Robbers.

Three bold bandits attempted to rob the Chicago and New Orleans express train on the Illinois Central Railroad, last Wednesday night, which was heavily loaded with passengers on their way home from the World's Fair. The train made a short stop at Centralia, Ill., and when it was about to start, the three desperadoes boarded it, commanding the engineer and fireman "not to move for their lives." Their object being known, a war was commenced at once. Volleys after volleys were fired by the bandits and the besiegers, and the doors of the express car were riddled with bullets. Finally, an old-time brakeman named Jake Sanders, who was in the passenger train, hearing the firing, and having his trusty Winchester along, appeared on the scene and opened fire on the robbers. One of them dropped, badly wounded, and the others finding the bullets flying too close for comfort, ran for their lives. The wounded robber said his name was D. L. Jones, and finding that he was likely to die, he made a full confession to a priest, and told that the names of his confederates were O'Dwyer, Harding and Nichols. They have all been captured. The gang were idle railroad employees, who came from St. Louis.

## Hamilton County in the Field.

The Democracy of Hamilton had a large and harmonious Convention on Wednesday last. Herlan Cleveland presided, and introduced the proceedings with an appropriate speech. The platform adopted endorsed the work of the Democratic national and state conventions, declared against monopolies and demanded the repeal of the Weitzel and Strobel street railway laws. It was an anti-corruption platform. The following ticket was nominated with unusual unanimity, viz: For Senators, Dr. Herman Groesbeck, David Folz, George W. Boyce; Representatives, Ernest R. Waechter, John J. Malloy, Louis A. Victor, Frank Burns, R. L. Ayres, Thomas J. McCreedy, J. J. Dill, Louis Strobel, Dr. William Stark, Benjamin Cannon; Common Pleas Judges, Lowry Jackson, John A. Slattery; County Treasurer, Frank Ratterman; Probate Judge, C. C. Archer; County Solicitor, Ernest Behm; County Commissioner, Charles Mettler of Harrison; Board of Control, J. W. Luhn, Paul J. A. Huston of Springfield township; Inferiary Director, Henry Inwalde; Magistrates, Michael Mullen, A. J. McCaffery, J. S. Myers.

## Golden Words of Lawrence T. Neal.

"I beg you to remember that the Democratic party is the party of the people, that it is always been the party of the people; that it has at all times and in all places and under all circumstances, in sunshine and in storm, in prosperity and in adversity, in peace and in war watched as a guardian angel over the rights, liberties and interests of the people, and that whether it wins or loses the election in Ohio this year, it will continue this fight for their revision, and it will not rest until it has broken and destroyed the stronghold of the monopolists and protectionists upon the throats of the people and give to us a system of taxation which is just and equal in its provisions, will blot out all discriminations and distinctions between one citizen and another, and secure to each and all alike freedom from taxation to the fullest extent consistent with a pure, honest and economical administration of the government."

## Bomb-Throwing Mercenaries.

The Southern part of San Francisco was terribly shaken up on Saturday night by a fearful explosion of a dynamite bomb in front of a water-front boarding house, filled with non-union sailors. The front of the building was blown to atoms. Six of the inmates were horribly mangled, and five of them were killed. Others may die. The hellish deed was the work of members of the Seamen's Union, one of whom, John Tyrell, was arrested.

A daring attempt was made last Sunday to take the life of Gen. Martinez Campos, the famous Spanish Commander, at Barcelona, who made the military pronouncement that the capture of Spain to Alfonso II. A wild crowd rushed through the crowd and threw a bomb at the General, which exploded with terrible force, injuring the General and killing his horse. The bomb-thrower was arrested.

The little yacht Olive, carrying passengers on Lake Michigan to the World's Fair, at Chicago, collided with the big steamer City of London, on Friday, and fourteen of her passengers were thrown into the lake. Fortunately they were all rescued alive.

The power of Mr. Stoll is seen in the fact that he has deposited the venerable Archbishop Peter Richard Kenrick of St. Louis, and vested all his powers in his coadjutor, Archbishop Kain. The matter has given rise to much feeling in Catholic circles.

The solid old Wayne County Democrat comes to us clothed in a beautiful new dress, which affords evidence of its continued prosperity. "Old Figgers" Eselman, is still at the helm.

## The Democracy of Clark county had a grand Convention at Springfield on the 18th, when the following ticket was nominated:

Representative, James P. Coffield; Probate Judge, Charles E. Morris; Clerk of Courts, E. L. Tucker; County Recorder, D. L. Maughan; County Auditor, W. L. McClellan; County Commissioner, Henry Collett; Inferiary Director, Herman Krouse; Coroner, Dr. W. S. Hunt. Hon. Lawrence T. Neal and W. A. Taylor, our candidates for Governor and Lieutenant Governor, were present, and delivered rousing speeches, which were enthusiastically applauded.

The Pennsylvania Democratic State Convention, which met at Harrisburg on the 19th, was a largely attended and harmonious body. Ex-Congressman, Gillespie of Mercer county, presided, and delivered a short address. A platform was adopted, which called for rounds of applause. Frank C. Osburn, of Allegheny county, was nominated for State Treasurer, and Hon. Samuel G. Thompson, of Philadelphia, was nominated for Justice of the Supreme Court, by acclamation. This completed the ticket, after which the Convention adjourned.

TRAIN-ROBBERS and murderers are working their way from Missouri and "bleeding Kansas" into Michigan, Indiana and Ohio. The war upon these bandits should be inaugurated at once. Give them no quarters; shoot them on the spot; hang them as high as Haman, burn them at the stake, or punish them in any other way that will drive them from the face of the earth. Don't talk about "humanity," when these miscreant outlaws, such unchained devils, are at large. They have no right to pollute the earth.

The announcement is made that the large National Milling Company at McCleesport, Pa., (near Pittsburgh), will hereafter employ only American workmen, and that the Hungarians, heretofore at work, being thrown out of employment, will generally return to their native country. Well, well; all this seems strange. These Hungars were brought to this country for the purpose of securing "cheap labor," so as to compete with the "pauper labor of Europe," but this did not operate well. Not only strikes but riots followed, and the country knows the rest.

In the case of Miss Madeline V. Pollard against Col. W. C. P. Breckenridge for \$50,000 for breach of marriage promise, the District Court at Washington over-ruled the defendant's demurrer, and directed the case to be set for trial on its merits. Probably a year or two hence we may be able to record the result of this sensational case. Mr. Breckenridge subsequently entered a general and emphatic denial to all the allegations set forth in Miss Pollard's claim for damages.

MASKED robbers undertook to rob the safe of the Normal School at Valparaiso, Ind., on Saturday afternoon; but before they proceeded with their work, Miss Emma Jones, one of the Secretaries, gave the alarm and the rascals ran off, but were pursued by students and others. When reaching the country, a brave man, who was armed with a Winchester, shot one of them dead and wounded the other. The dead man was seen a student at the school. His name was Frank P. Robinson.

EX-GOVERNOR CAMPBELL, in response to an invitation from Chairman Seward to take part in the Ohio campaign, has agreed to make as many speeches in the State as his business engagements will permit. He says he has promised to speak in Dayton on the last Saturday night before the election, and wishes to keep this appointment without fail. "We may here add, that Campbell is giving Neal and the entire ticket a cordial support."

This from the New York World is very good:

Gov. McKinley is engaged in informing the voters of Ohio that his is his last year in office. This is a "feat" of a repeal of the McKinley potter's law is injuring the manufacturing business of the country. This is the same old story which has been told a dozen times. It is a poor sort of tariff bill that will not work both ways.

SATURDAY will be Ireland's Day at the World's Fair. Several distinguished Irishmen arrived in New York on Saturday last, on their way to Chicago, among them being the Right Honorable Lord Mayor of Dublin, James Shanks, accompanied by the Lady Mayores, Town Councilor Mayne and Mrs. Mayne, Florence O'Driscoll, M. P., and Arthur O'Connor, M. P.

JAMES J. CORBETT (American) and Charley Mitchell (Englishman) have signed articles of agreement to fight a fistie battle to a finish, before the Coney Island Athletic Club, for a purse of \$50,000, in December. Both men are well known "business" men. It will probably be the greatest exhibition of brute strength and "science" the world has ever witnessed.

The meager class of Republican papers, unable to answer the solid facts and arguments in Mr. Neal's speeches, indulge in idiotic talk about "Calhoun," "Secession," "Vandalism," "treason," etc., etc. It is too late in the century to bring out the old thread-bare bloody-shirt. That scare-crow has had its day. The people read and think now.

The appointment of Mr. Van Allen, a wealthy aristocrat, of Newport and London, as Ambassador to Rome, is not received with unalloyed satisfaction by the Democracy of New York. They think Mr. Cleveland has not exercised his usual good sense and sound judgment in making the selection.

The Democratic Congressional Convention for the 10th district, met at Ironport on Thursday last, and nominated Hon. Leo Ebert, of Lawrence county, as their candidate for Congress, to fill the unexpired term of the late Gen. W. H. Enoch. The nomination was made by acclamation.

The Democracy of Ross county have nominated a strong and popular ticket, as follows: Representative, Taylor Boggs; Probate Judge, Archibald Mayo; Treasurer, David Auch; Commissioner, (short term), J. H. Head; Inferiary Director, Fred Worthen.

The general stores of D. W. Canfield, in the little village of White House, near Toledo, was entered by burglars at 2 o'clock Monday morning, the safe blown open, and upwards of \$3,500 stolen. A good deal of the money belonged to the villagers, who deposited their valuables in the safe.

BRUTAL negroes, who assault, ravish, rob and murder white women in the South, may expect to be lynched, and it is idle nonsense to attempt to create sympathy for them. When negroes behave themselves they will be treated like white men.

## Still Another Horrible Railroad Disaster.

In last week's BANNER we gave a brief account of a collision on the Big Four Railroad, near Kankakee, Ill., when ten lives were crushed out. And right on its heels comes still another horrible disaster, even more fatal in its results. This accident occurred on the Washburn road, at Kingsbury, six miles South of LaPorte, Indiana. It was a head-on collision between a fast West-bound passenger train and an East-bound freight. The first section of the passenger train passed safely, but instead of waiting for the second section to pass, the freight train was proceeding on its journey, when the passenger train came along at a speed of forty-five miles an hour, the two big locomotives crashing into each other with wonderful force, causing a fearful wreck. Two coaches, one baggage and one sleeper, were smashed to splinters. Ten lives were crushed out and fully thirty others badly injured, some of them fatally. The details of the disaster are sickening and heartrending. Physicians from the hospitals of the neighboring towns and a relief train was speedily dispatched from Chicago.

## A WRECK NEAR BIRMINGHAM, ALA.

Early on Friday morning, 19 miles North of Birmingham, limited express train No. 1, Queen & Crescent Route, was wrecked by unknown persons removing a rail from the track. The engine, baggage car and mail car were derailed, and Engineer Farley, Fireman White, Postal Clerk Stockton, Flagman Bailey and Porter Powell were hurt but none fatally. Two hundred passengers were aboard but none were injured, as the cars of the vestibule train did not turn over. There is no clue to the wreckers, and bloodhounds have been put on the trail.

## Train Robbers Trapped, Shot and Captured.

The managers of the Kansas City, St. Joseph & Council Bluffs Railroad received information that a gang of train robbers were preparing to capture an express train, early Sunday morning, on which a large parcel of money was to be sent South from Kansas City. To prepare for the "dummy" train was fixed up to represent the regular express, accompanied by a little army of police, well armed for any emergency. The "dummy" reached Schultzen Park, one and a half miles North of St. Joseph, it was stopped by six masked robbers. They proceeded in the usual way by threatening to blow up the express car with dynamite unless the door was opened. The express men making a bitter fight against the repeal of the odious and despotic Federal election law. They want the General Government to superintend and control State elections. This is old Federalism, pure and simple.

HOS. R. G. HORN, formerly a Congressman from Michigan, who was generally known as the "Michigan clown," is now in Ohio making McKinley tariff platform speeches. The only good result of this McKinleyism is in a desperate condition. The 23d anniversary of the occupancy of Rome by King Humbert, was celebrated with great pomp and parade on last Wednesday. The loss of temporal power has ever since been denounced by the Pope, but no attempt has been made to restore it. The exodus of negro-seekers from the Cherokee strip still continues. How could this be otherwise, when there were ten men for every claim. Dead bodies of men and horses are strewn over the plains. People should learn to "let well enough alone."

## Bloody Mob at Roanoke, Virginia.

There was a terrible state of affairs at Roanoke, Va., last week. It appears that a negro, named Mrs. Henry S. Bishop, a country woman, aged 50, who was attending market, into an empty basement, where he beat her into insensibility, then robbed her of all her money. The fiend was captured and placed in jail by an officer. Very soon a mob gathered on the outside for the purpose of capturing and lynching the brute. The Mayor of the town ordered out the police, and they were unable to break the mob more furious; they fired upon the military, and while they were attempting to batter down the jail the militia fired upon them, killing nine, including a hotel proprietor, a railroad conductor and others, and injuring a dozen others. Meanwhile the negro was taken out of jail by the officers and secured. Judge Woods assured the mob that the negro was in the jail to convince them that this was true he took them through every part of the building. The mob hung around until midnight, but finally dispersed, greatly disappointed in not finding the negro.

## ANOTHER CHAPTER OF THE TRAGEDY.

The day after the above occurrences the negro was captured, while he was being returned to jail, and was at once hung to a tree, and his body riddled with bullets. He was subsequently taken down, a huge bonfire made, and his body burned to ashes. There is a very bitter feeling against Mayor Trout and his militia for shooting down the citizens. More trouble is anticipated.

## The Money Kings' Leucy.

Some of the money kings in New York have had notices placed on their houses stating that their lives and property are in danger. This may be the work of Anarchists or malicious mischief-makers; but it has evidently alarmed the money men, and they have employed detectives to keep a close watch on all suspicious characters that are prowling about. More speeches are now employed on the Erie Avenue, where the Vanderbilts, the Harringtons and other millionaires reside, than in any other part of the city. Police Superintendent Byrnes announces that if the Anarchists, either singly or collectively, dare to molest Fifth Avenue, the whole party will be placed under arrest. Since the attack upon Russell Sage in his office by a bomb-thrower, and the attempt to assassinate Mr. Fisk, in Pittsburgh, the money men of the large cities are more careful about their personal safety than formerly.

## Neal Feels Confident.

Hon. Lawrence T. Neal, while at Springfield last week, was interviewed in regard to the Democratic outlook in Ohio. He enthusiastically said: "Very good, and growing better every day. The steady easing up of the financial stringency and the sure advance of prices in farm produce, together with the whole theory of the Republican campaign, the lie and convincing the voters that there is nothing in it. Then the liveliness manifested by the Democrats in their county conventions throughout the state is as remarkable as it is encouraging, and there is no reason why we should go backward, with the result of the presidential campaign in the state being as good and with conditions more favorable. At present there seems to be no reason why we should not achieve success."

"CLOUTURE," that we hear so much spoken of at Washington, just now, is a foreign word, which simply means closing debate. In the Ohio Legislature, demanding "the previous question," answers the same purpose, which cuts off all further debate.

## We have not heard a word this year about these wonderful Republican tin-plate mills which occupied such a conspicuous place in last year's campaign.

They were all destroyed by the McKinley bill which on the 1st of August put 4 cents a pound tariff on block tin. The tin plate manufacturers have commenced to see how a tariff can be an embargo to industrial progress.—St. Louis Globe.

Exactly so; but another election campaign being in progress, McKinley, like Rip Van Winkle, will arouse from his political sleep, and imagine he sees these same old tin plate factories grinding away for the benefit of the party of humbug and fraud.

AS LONG as several other Railroads running into Chicago are compelled to use the track of the Illinois Central, murderous accidents may be expected. The legislature of Illinois should adopt measures to prevent this wholesale slaughter of human life as speedily as possible.

THE Opera House, at Canton, Ill., was completely destroyed by fire on the evening of the 19th inst., and so to relate, twenty-five persons were badly burned, many of them, it is feared, fatally. The block adjoining the Opera House was also burned. Total loss, \$800,000.

FINDLAY society is greatly scandalized over the sudden disappearance of Burton P. Foster, late manager of the Findlay Electric Light and Power Company, accompanied by his pretty type-writer, Miss Nellie Bourne aged 17. His wife has applied for a divorce and alimony.

THE people of Ohio, at the election last fall, put the seal of their condemnation upon McKinley and McKinleyism. Let them strike another sledge-hammer blow at oppressive taxation for the benefit of the monopolists at the coming election. We know they will do it.

A DISPATCH from Columbia, S. C., states that Senator Ivey was arrested at that place by an officer, charged with disorderly conduct and drunkenness and carrying concealed weapons. He may have to stand a trial. Bad business for a United States Senator.

THERE was a terrible fire in St. Joseph, Mo., on Monday, and property in the business portion of the city to the value of a million of dollars, was destroyed. The fire was started by the stub of a lighted cigarette, which was carelessly thrown on the floor.

THE Republicans in Congress are making a bitter fight against the repeal of the odious and despotic Federal election law. They want the General Government to superintend and control State elections. This is old Federalism, pure and simple.

With such specimens "statesmen" as Teller, Higgins, Peffer, etc., in the United States Senate, it is a wonder that the ghosts of Jay, Webster, Benton, Wright and William Allen do not appear in the Senate Chamber and scare the humbugs out.

The venerable Rev. Samuel B. Halliday, pastor of Beecher's Memorial Church in Brooklyn, was stricken with paralysis last week while attending a reception of the Ladies' Choir in the church and chatting with Mrs. Beecher.

CHARLEY MITCHELL, the English champion who is billed to fight Champion Corbett, arrived in New York on the 20th and at once commenced his old game of bluffing and blowing. He is a wonderful fighter with his mouth.

J. BAILEY, ticket agent of the Hot Springs Railroad, was shot through the body and mortally wounded, while seated at his office window, a few nights ago. Ex-Mayor John Longman has been arrested, charged with the crime.

PRAIRIE fires in the West have alarmed insurance agents in Chicago, and they have cancelled hundreds of thousands of dollars' worth of policies on foreign exhibits at the World's Fair, without a word of explanation.

MYSTERIOUS disappearances of men and women have lately become so numerous that it is almost impossible to keep track of them. A mania seems to prevail among people for suddenly leaving in a clandestine manner.

THE Ohio troops at Chicago who were required to march for hours and hours through the hot and dusty streets for the glory of Bill McKinley, were more energetically about it than did my Uncle Toby's army in Flanders.

## Recent Deaths.

Hon. Wm. H. Reed died at his home in Chillicothe, on Saturday, after a long illness. He has left represented Ross county in both branches of the Legislature, and at the time of his death was one of the Board of Managers of the Ohio Penitentiary. He was a good citizen, an honest man and a true Democrat.

Rev. Thomas Crumpton, a retired Episcopal minister, died at his residence, 241 Amber street, East End, Pittsburgh, Sept. 21st, in the 65th year of his age. He was a distant relative of the editor of the BANNER, by marriage, and was an able and truly good man.

Milton Hay, who read law with Abraham Lincoln, and was subsequently his law partner, died at Indianapolis, last week.

## Prof. Bartlett, of Manchester, N.H., died on Friday night of consumption, after a lingering illness.

Col. Wm. Malone, editor of the Fort Worth (Tex.) Gazette, died on Sunday afternoon, in the 63d year of his age.

## Brutal Murder in Belmont County.

Fairview, a town in the Western part of Belmont county, was the scene of a most horrible butchery on Friday. Hugh Morrow, aged seventy-three years, a wealthy farmer of that place, secreted a sharp knife in his clothes and went to the home of his second wife. She invited him into the parlor, and when he got in there he locked the door. He then drew the knife, at the same time grabbing her and cutting her throat from ear to ear, almost severing her head from the body. Morrow was arrested and placed in jail.

A TERRIFIC gas explosion occurred in the Plymouth coal mine at Wilkesbarre, Pa., last Thursday, killing five men and injuring six others. The force of the gas swept everything before it, even tearing down stone walls.

In the great billiard contest between Frank C. Ives, of Chicago, and John Roberts, of England, which was played in Chicago last week, the American came off victorious, making 6,000 points to his opponent's 5,243.

The remains of President James K. Polk, have been removed from the lawn in front of his late home in Nashville, Tenn., and re-interred in a beautiful spot in the State Capital grounds, with impressive ceremonies.

SEVERAL proposed laws for the punishment of train-robbers have been offered in Congress. It strikes us the different States can enact all the laws, that are necessary on this subject, without congressional interference.

A SENSIBLE manufacturer in the East stuck out this sign the other day: "Work will be resumed in the mills to-day." He might have added: "Come, men! vacation is over. Take in the tariff scare-crow, and go to work."

The family of Denzon Bratton, of Washington, Ind., consisting of himself, his wife and four children, were brutally murdered one night last week. The object of the murder was robbery, but the fiends got nothing.

The fact no longer admits of a doubt that the Sherman Silver law and the McKinley tax law, called a "protective tariff," produced the mistrust and want of confidence which have prevailed in financial circles.

SENATOR HILL, who was booked for three speeches in Ohio, now says he will be unable to come, owing to the pressing condition of the business before the Senate, which necessitates his constant attention.

MR. W. H. BURKHOLDER takes the place of Mr. Frank A. Johnson, as Managing Editor of the Mansfield Shield and Bowler, the latter gentleman having been appointed Consul at Chihuahua, Mexico.

WM. KAIN, a horse-thief at Parkersburg, West Va., says he is a somnambulist, and stole the horse while asleep. He swore that when he woke up he found himself holding the horse by the halter!

—We believe more people have attended at the World's Fair from Mt. Vernon and Knox county than at any other place of equal population in Ohio. This has been chiefly owing to the successful excursion inaugurated by Col. Leroy G. Hunt.

—Our young friend Frank A. Johnston, managing Editor of the Columbus Dispatch, has been appointed Consul at Chihuahua, Mexico. Frank is a young gentleman of fine talents and many good qualities. We congratulate him on this deserved promotion.

—Invitations have been issued by Mr. and Mrs. George W. Bunn, for the wedding of their niece, Miss Melville Bunn, of this city, to Mr. Herbert C. Streeter, of Chicago, Wednesday evening, September 28th, at eight o'clock, at their residence, 600 East High street.

—Mr. Knoch Baker, a well-known and highly respected farmer, died at his residence, a few miles north of the city on the Sparta road, on Saturday last, at the age of 85 years. The remains were taken to Crawford county the same evening for interment.

—Mr. W. E. Fisher, who has been Secretary of the Mt. Vernon Bridge Company for the past five years, tendered the company his resignation last week. The position vacated by Mr. Fisher has been filled by the appointment of Mr. Stanley Anderson, of Pittsburgh.

—The Democracy of Huron county have nominated a full ticket, with our former townsman, Henry S. Mitchell, Esq., as their candidate for Probate Judge. Huron is a strong Republican county, but if any Democrat has a chance of success, we think it will be friend Mitchell.

—The handsome new home-office building of the Knox Mutual Fire Insurance Company, of this city, which is located on the site of the old office building, East High street, is now receiving its slate roof and will be ready for occupancy about the first of November. The "Old Fair" patrons should feel proud of the Company's new home.

—We have complaints from Danville that the packages of Danville for that post-office have not reached there for the past two weeks until a couple of days after they were mailed. From investigations made we are satisfied that the postal clerks on the C. & C. road are responsible for this carelessness. We hope to hear no more of it.

—Sheriff Allen, was in Youngstown, on Friday last, to serve notice on the Vice President and the Secretary and Treasurer of the Brown-Bonell Iron and Steel Co., of Youngstown, and on Saturday last went to Chicago, to serve notice on the President of said Company, who is stopping at the Chicago Beach Hotel, 51st and Lake streets, and appear in our Common Pleas Court, on the 30th inst., to show cause why the Company should not be punished for contempt in garnishing money due to the Mt. Vernon Bridge Company after a receiver had been appointed.

## HORRIBLE CUTTING AFFRAY

Indulged in Between two Mt. Vernon Men and Three Farmers.

Corn Cutter and Knife Freely Used by the Combatants.

On Friday last, William Weaver, proprietor of the "Little Nugget" saloon and billiard hall, on South Main street and Ed. Ward McNabb, indulged quite freely in "bug juice" and after hiring a lively started out on a jamboree. Rumor has it that Weaver and McNabb induced two girls by the names of Kelly and Padway to join them in their frolic. The objective point was Fredericktown, and after becoming tired and weary of their wanderings in and around Fredericktown, proceeded to return to their starting point, at which time the iron blades crossing the river, a short distance this side of Fredericktown they observed three men approaching them from the roadside on foot, who afterwards proved to be the farmers who had been hired to cut the corn.

The occupants of the buggy, so the story goes, ordered the Yarnman boys out of the road, using vile threats to boot; but the McNabb party, standing at a point near the iron bridge crossing the river, a short distance this side of Fredericktown they observed three men approaching them from the roadside on foot, who afterwards proved to be the farmers who had been hired to cut the corn.
