Regulations.

Admission.

Any Candidate for Orders in the Protestant Episcopal Church in the United States, may, on examination, be received as a student in the Seminary; and any other person who may give sufficient evidence of a fair moral and religious character.

Examinations.

Candidates for admission, not Bachelors of Arts, must pass a satisfactory examination in the Latin language, and in Classical and Hellenistic Greek; in the general principles of Natural, Intellectual and Moral Philosophy, and Rhetoric. They will also be required to read an Original Composition.

Under proper restrictions, and under the direction of the Dean, students may avail themselves of the facilities furnished by Milnor Hall Grammar School and Kenyon College, to prepare to enter the Seminary, without a Diploma. In this case a certificate from the College Faculty, that they have successfully pursued the required studies, will be accepted in lieu of an examination. Candidates for the Ministry who take this course must exhibit the permission of their Bishop.

Candidates for admission to an advanced standing, must pass an examination in all the studies which the class they desire to enter, has pursued.

A Public Examination of each class is held previously to the Annual Commencement; and Certificates are awarded to those who on the final examination are found to have successfully pursued the full course of study.

Matriculation.

Every Student on being admitted to full standing must subscribe the following declaration in the Matriculation Book of the Seminary:

"We, the subscribers, Students in the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey

the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily effort by pious reading, self-examination and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the Minister of the Cross."

The day of matriculation is determined each year by the convenience of the Bishop; occurring, however, always in the month of December.

Seminary Year.

The Seminary Year extends from the first Thursday in October to the last Thursday in June.

It is divided into three Terms, as follows:

FALL TERM.—From 1st Thursday in October, until Christmas Day.

CHRISTMAS TERM.—From New Year's Day, until Passion Week.

EASTER TERM.—From Easter Monday, until Commencement.

During the Christmas recess, Students have leave of absence.

During Passion Week recess, only recitations are suspended.

Every Student is expected to be present on the first day of the Fall Term.

The Students of the Grammar School occupy Milnor Hall. This building, in which all School Exercises are conducted, is large and commodious, the Students' Rooms are airy and comfortable, and the grounds sufficiently extensive for purposes of recreation. A Boarding-house is attached, at which Students, desiring to do so, take their meals.

Students belonging to this Department are permitted to attend Lectures and Recitations with the College classes in such branches of study as they may desire and be qualified to pursue. It will be the aim of the Instructors to impart to students a sound, thorough, accurate and extensive business education.

Those wishing to study the French or German language, will have the opportunity, by paying extra tuition.

Weekly Rhetorical Exercises are held, in which all students of the Grammar School are required to participate.

WORTHINGTON GRAMMAR SCHOOL.

Object.

The object of this Institution is to thoroughly prepare boys for entering the Freshman Class of Kenyon College; and also to offer to young men, not intending to enter College, facilities for attaining a thorough, practical, business education.

Time, Departments, etc.

The Scholastic Year is divided into two Terms of five months each. The Fall Term begins on Wednesday, October 2d, 1861. The Spring Term begins on Wednesday, March 19th, 1862.

The School is divided into three Departments—General Preparatory; Collegiate; and Business and Scientific Department.

Terms.

Boys of all ages will be received into the family of the Principal at \$225 per annum. This includes tuition, board, washing, and mending. Each pupil furnishes his own books, stationery, towels, and table-napkins.

Board can be procured in private families at reasonable rates.

Extra Charges per 11 Weeks.

General Regulations.

1. All pupils are required to be present at all Literary and Religious Exercises—to attend all services of the Episcopal Church on Sundays, unless parents otherwise request.

2. Before passing to an advanced class in School, pupils must stand a satisfactory examination in the studies, or equivalent studies, of the preceding class.

3. Pupils will be held responsible for all damages to furniture or buildings, and fifty cents must be deposited to cover such damages; the balance, if any, will be returned.

4. The use of tobacco is prohibited, nor shall any one associate with profane or immoral persons, or frequent any tavern, store or shop.

5. No one is to leave Worthington or be absent from school without consent of the Principal.

Location.

The Institution is situated in the village of Worthington, eight miles north of Columbus, Ohio, and is connected with the Capital by a plank road. It lies on the Whetstone River, and, in elevation, is about 150 ft. above Columbus. The Cleveland, Columbus and Cincinnati R. R. passes in its immediate vicinity. The place is remarkably healthy, beautifully situated, and admirably adapted to a school.

History.

In the year 1803 certain lands were set apart by the early settlers for a school at this place; and in 1819 this school was incorporated under the name of "Worthington College." Since the removal of

"The Theological Seminary of the Diocese of Ohio and Kenyon College" to Gambier, its present site, Worthington College has been comparatively dead.

At the Convention of the Protestant Episcopal Church of this Diocese in 1859, a proposition of the Trustees of Kenyon College was laid before the Convention, proposing to make this Institution auxiliary to Kenyon College. This proposition resulted in the appointment of an Executive Committee, who elected Rev. P. S. RUTH, A.M., as Principal.

There is a parish of the Episcopal Church here in active operation.

For circulars or special information, address Rev. P. S. RUTH, A.M., Worthington, Franklin county, Ohio.

Divisions of the Collegiate Year.

The Collegiate Year is divided into Three Terms and three vacations.

The First Term begins ten weeks after Commencement and continues Fifteen Weeks.

The Second Term begins two weeks after the close of the First, and continues Twelve Weeks.

The Third Term begins two weeks after the close of the Second, and continues Eleven Weeks.

[For particular dates see Calendar, page 20.]

Examinations and Public Exercises.

There is a regular examination of all the classes at the close of each Term. That which takes place at the close of the Spring Term is called the Annual Examination, and is followed by the Commencement; the others are called Term Examinations. To attend and report on these Examinations a Standing Committee of twelve is annually appointed by the Diocesan Convention. The Bishop usually attends the one immediately preceding Commencement.

Students, who by sickness, or any other unavoidable necessity, are prevented from appearing at the regular examinations, may be examined *separately*; but no student, under any circumstances, is deemed to have made good his standing, or kept his term, till he has passed a proper examination.

Attendance.

No Student is allowed to be absent in Term Time, without special leave from the President. The absence of a Student in Term Time, even for a few days, occasions a much greater injury to his progress in study than parents and guardians commonly suppose, and they are earnestly requested not to give their consent to any absence except for very urgent reasons. In all the departments of the Institution Students are required to be present *at the beginning of the Term*.

Every Student is required to attend punctually upon all the literary and religious exercises. In case of absence, he should inform the officer to whom he is responsible, of the cause of his absence, previous to the time of the exercises. Should this be impossible, he is required to present his excuse immediately after the absence has occurred.

Religious Worship.

Students are required to be present at Church twice on Sunday, and on such other days as the Faculty may direct, and at Daily Morning and Evening Prayers in the College Chapel.

Conduct.

The conduct of undergraduates is marked and reported as follows:

Absence from Church, or leaving Church without excuse, will incur *two marks* of demerit; Tardy at Church, and absence from Daily Prayers, will incur *one mark* of demerit; and Misconduct in Church from *one to five marks of demerit*, to be reported under the head of "Absences from Prayers."

Absence from Recitation, or failure to prepare a lesson, without excuse, will incur *two marks* of demerit, and misconduct during Recitation, from *one to five marks* of demerit, to be reported under the head of "Study Demerits."

All these Marks of Demerit will be reported under the various heads, by the Patron, to the Parent or Guardian, at the close of each term.

Marks of Scholarship.

Every student at each recitation is marked, *unless previously excused*, from 0 to 10; the first symbol indicating a *total failure*, and the last a *perfect recitation*. When any one absents himself from a recitation, unexcused, he is marked 0.

The average grade of each Student will be reported by the Patron to the Parent or Guardian at the close of every term.

Matriculation.

No student, even after his admission to College, is allowed to *matriculate*, until he shall have sustained a satisfactory probation of, *at least*, twenty weeks, and established a personal claim to the confidence of the Faculty. Matriculation alone gives accredited membership in the Institution, and renders the student upon whom it is conferred a proper candidate for degrees and honors. Should any student, after matriculation, abuse the confidence on which that act proceeds, he

may be reduced again to the condition of a Probationer, and then further disciplined, as the occasion may require.

Patronage.

Each student, within six weeks after his admission into College, is required to choose some one of the Faculty to act as his *College Patron*. To his Patron he is at liberty, and is expected, to apply, as to a friend, whenever his inclination, or circumstances, may lead him to seek advice or information on any subject connected with his academic standing and pursuits, or with his personal welfare.

The Patron, on his part, is expected to take an active concern in behalf of the client thus committed to his care:—exercising a parental guardianship over him, and giving him advice and caution as he may see occasion. In doing this, he will consult the wishes of the Parents, as well as the interests of the Institution, and will take care to be advised of both, as may seem necessary for his client's welfare, so long as he remains connected with the Institution. The Patron will also, at the end of each term, forward to the Parent or Guardian of each student under his charge, an account of the Student's deportment during the session, as well as his grades in each study pursued. Parents or Guardians not receiving letters at the expiration of each term are requested to communicate, at once, with the Faculty.

Students' Rooms.

The Rooms are sufficiently large and convenient to accommodate two students each, and no student will be allowed to room alone except by special permission, and by incurring an additional expense for rent and fuel. Each room is provided with a stove; the occupants are held responsible for all damage to the room during their occupancy.

Every student must deposit \$1 with the College Treasurer at the beginning of each term, to cover incidental damages to the College buildings; the balance, if any, to be refunded at the end of the year.

College Bills.

Tuition, \$32 per annum; Room rent, \$12; Incidentals, \$6; to be paid in advance,—one-third at the beginning of each term.

Tuition in Grammar School, \$26; Room rent, \$12; Incidentals, \$6.

When the student obtains full standing in his College Class, no deduction will be made for absence.

Annual Expenses.

College Bill,	- - - - -	\$50 to \$50
Boarding,	- - - - -	40 to 100
Fuel,	- - - - -	6 to 7
Washing,	- - - - -	10 to 10
Lights,	- - - - -	4 to 8
Total,	- - - - -	\$110 to \$175

The above estimate for the annual expenses to each student is exclusive of expenses in vacations, also of the cost of text books, ordinary incidentals and furniture. Students board themselves for \$1 per week, and boarding is furnished, in private families, at rates varying from \$2 to \$2 50 per week. Furniture and bedding can be obtained here, but when convenient, it will be well for students to bring bedding, towels, &c., from home.

Parents or Guardians may, if they desire, make their remittances through the College Patron, or in some way subject to his control; and may advise with him as to any allowance of money they may wish to furnish, over and above the estimates here given. A profuse allowance of money almost invariably works injury to the character and scholarship of the student; and *the privilege of purchasing articles on credit is especially dangerous.*

Libraries and Literary Societies.

Libraries.

The Libraries to which Students may have access, are as follows, viz. :—

1. The Library of the Seminary and College, containing 6,500 vols.
2. That of the Philomathesian Society, containing 4,139 vols.
3. That of the Nu Pi Kappa Society, containing 3,545 vols.

Literary Societies.

COLLEGE SOCIETIES.—There are two Literary Societies: The Philomathesian and the Nu Pi Kappa. Their new and commodious Halls, occupying the second and third stories of the central portion of Ascension Hall, are now ready for use. These large and beautiful Halls add much to the efficiency and prosperity of the Societies, as well as to the comfort of the members.

GRAMMAR SCHOOL SOCIETIES.—Connected with the Grammar School are the Phi Delta and the Athenian Societies, in successful operation. The members of these societies have access to the Libraries of the College Societies.

TRIENNIAL CATALOGUE

OF THE

Theological Seminary

OF THE

DIOCESE OF OHIO,

AND

KENYON COLLEGE.

Historical and Topographical Sketch.

The original object in founding these Institutions was the rearing up of Ministers of the Gospel in the midst of the habits and circumstances, and with all the facilities of economy peculiar to the western country, with especial reference to western wants.* The first incorporation, therefore, was under the name of the "Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio;" and in that character, the Institution was opened for elementary instruction, at Worthington, near Columbus, in 1825.

Subsequently, as pupils in elementary science and the classics increased, an act of the Legislature was obtained, by which the President and Professors of said Seminary were also constituted the Faculty of a College, by the name of Kenyon College; and by a concurrent act of the Convention of 1826, the Institution, thus modified and enlarged, was transferred from Worthington to Gambier, its present site.

In this arrangement, however, the original object of the Institution was not changed. Its aim was still to furnish, on the most economical plan, such an education, whether in elementary or other branches, as is required in a thorough preparation for the ministry,* and as a College course became necessary for this purpose, it was believed—and the belief has been fully realized,—that by throwing open the College and its auxiliary institutions for the reception of pupils at large, the two departments would mutually aid and promote each other.†

The operations of the Institution, as a Seminary of learning, for some years *after* its transfer to Gambier, as well as at Worthington, *before*, were—under the circumstances of its organization—almost exclusively academic; and in this department, therefore, were instituted the first Professorships. That of Latin and Greek, the first in order, was filled as early as the year 1825, while the Institution was still at Worthington; that of Intellectual and Moral Philosophy in 1829; Mathematics and Natural Philosophy, and Chemistry, in 1830; and Rhetoric, History, &c., in 1834.

In the Theological Department, the first Professorship, that of

* Bishop McIlvaine's Circular, 1833.

† Bishop Chase's Address to the Convention of 1826.

Systematic Divinity, was filled in 1830; Ecclesiastical Polity, Pastoral Divinity, and Sacred Literature, in 1833; and Ecclesiastical History in 1837.

These appointments and dates show the rise and progress of the Institution, under its venerable founder and his successor in office—*pari passu* with the advancement of its first pupils—from the elementary Grammar School of 1825, to the fully developed College and Seminary of 1833-'34.

The interior government of the entire Institution during this period, and for some years after the date last mentioned, was vested in a mixed Board or Faculty, composed of the Professors in Arts and Theology indiscriminately, by whom degrees were conferred and other corporate acts performed for both departments. But this arrangement having been found in some respects inconvenient, a further act of the Legislature was obtained in 1839, under which, in 1840, the mixed Faculty was resolved into two—one of Theology and one of Arts—by whom the two Institutions have since been administered separately.

Under this system, degrees in Arts and Academic degrees generally, are now conferred by the Faculty of Arts, acting corporately under the name and title of "The President and Professors of Kenyon College," and in Divinity, by the Theological Faculty, under the name of "The President and Professors of the Theological Seminary of the Diocese of Ohio."

There has also been constituted, and for several years in successful operation, as auxiliary to the College, a Preparatory School, under the care of a Principal, with a complement of masters and teachers in the various branches of preparatory and elementary knowledge. The entire Institution now consists of three distinct Seminaries:—the Theological Seminary, Kenyon College, and the Grammar School.

The tract upon which these Institutions are located, was originally a square of four thousand acres,* lying on both sides of Vernon River, in the County of Knox, five miles below the flourishing post town of Mount Vernon, which is also the County town. It was purchased for the present object, by Bishop Chase, in the year 1826, from William Hogg, Esq., of Brownsville, Pa., and by a unanimous vote of the Convention of that year, was confirmed and settled as the site of the Theological Seminary of the Diocese of Ohio and Kenyon College forever.

The situation is admirably chosen in point of natural beauty, healthiness, retirement, internal resources, and convenience of access; and in every respect well adapted to the purpose of a Seminary of Learning on the largest and most liberal scale; while it has an easy

* Known in the original surveys as Section one, Township six, and Range twelve, of the U. S. Military lands, of which 1500 acres are still the property of the Seminary.

communication, from Mt. Vernon, by Railroad, with Cleveland and other points on the Lake shore on the north, and with Columbus and Cincinnati on the south.

The particular site of the College and other buildings is an elevated ridge or headland jutting out from the general slope of the hills on the north side of the valley of the Kokosing or Vernon River, and having, consequently, a fine open expanse towards the east, south, and west, with a protection of rolling upland and forest on the north. The table land at the top of this ridge, indefinite in its extent northerly, and from one to five hundred yards wide, affords an irregular area, somewhat undulating, but generally elevated about 150 feet above the stream; the centre of which is occupied by the little village of Gambier, with the buildings of the different Institutions commodiously and tastefully disposed around it.

I. On a knoll somewhat elevated above the plat of the village, and about a quarter of a mile north, is the beautiful building of BEXLEY HALL, erected for the exclusive use of the Theological Seminary. It was commenced in 1841, and not fully completed until 1859. It contains the Library of the Institution, and furnishes rooms, each with separate bed-rooms, sufficient to accommodate 34 students.

II. About 500 yards in the opposite direction, and near the southernmost point of the plateau, stands the more massive and venerable edifice of KENYON COLLEGE, fronting north, and overlooking, with all the advantages of its peculiar position, the valley and stream of the Kokosing, to the distance of several miles in all directions. This building is of plain stone, 190 feet long, and four stories high, including the basement; with battlements, pinnacles, belfry, and a spire 117 feet high.

The grounds around it, which are well shaded, and beautifully sloped in every direction except the north, are embraced, with Rosse Chapel and the dwellings of the College officers, in a park enclosure; and great pains are taken to preserve the growth of trees, and to cultivate the whole as a green and shady park. A stone gate-way for foot passengers, has been constructed at the entrance of these grounds, near the village, and a wide gravelled walk extending thence to the College; besides which, for the accommodation of carriages, lateral entrances are also provided in front and rear of Rosse Chapel.

III. About 200 yards north, and a little west of the College front, within the park enclosure, is ROSSE CHAPEL, a substantial stone building, in Ionic Architecture, with a basement room for Lectures, &c. The foundations of this building were laid by Bishop Chase, and the walls laid to the floor; the present building was erected, with some variations from the original plan, in 1836, and has been occupied as the parish Church of Harcourt Parish since that time. It was conse-

erated to the worship and service of Almighty God by the Right Rev. Charles Pettit McIlvaine, D.D., on the 22d of June, 1845. It is used on commencement occasions; a clause in the consecration office having been specially inserted for that purpose. It is capable of accommodating from 1000 to 1500 persons.

IV. About midway between Kenyon College and Rosse Chapel, and about 60 yards east of the latter building, fronting the west, stands ASCENSION HALL, recently erected, and not entirely finished—171 feet long and four stories high, including the basement. The walls throughout are of a fine light-colored free stone—laid in courses with rough undressed face. The appearance of the building is imposing, and equal to any in the land erected for a similar purpose. It contains two spacious and elaborately finished Halls for the use of the College Societies—four Recitation and Lecture Rooms, and 32 dormitories for students. The tower is fitted up for an Observatory, and contains a good achromatic Telescope and other astronomical instruments.

IV. To the north and east of the village, and some distance from the main street, environed by trees, mostly of an artificial growth, and commanding an extensive and beautiful prospect of the Valley of the Kokosing, stands MILK HALL, appropriated to the use of the Preparatory School. This is a plain structure of brick, the main building four stories high, the wings three including the basement. It contains students' rooms, with Chapel and Recitation rooms, for the accommodation of about forty pupils, with apartments for Teachers and the family of the Principal.

The position at Gambier, it has been observed, is well chosen in regard to health, and this, which would naturally be inferred also from its topographical features and relations, is abundantly verified by the experience of the Institution since its removal hither in 1827. It is too high both in latitude and in elevation above the bottoms of the neighboring stream to be affected with miasmatic influence. Perhaps no part of Ohio is more favorably situated in this respect than the high central region of which "the Hill" of Gambier is a part; nor would it be easy to find, within that region, a place more free from all local influence calculated to produce disease.
