LOCAL REVENUES.

There was quite a sharp frost on Tuesday morning.

Good early selling at from \$3 to \$5 according to quality.

Fred. Crowell, at Fredericktown has one of the finest Ambrotypes Galleries in the county, and we are pleased to learn that he is doing a good business.

The wheat sown this fall looks exceedingly well. The amount of ground sown is larger than usual.

A train of eight wagons, containing Gipsies, passed through Mt. Vernon on Wednesday, going westward.

The "colored troops fought nobly" on Tuesday, and all voted for Grant and Colfax.

Our "Joll" friends made themselves busy on Tuesday night, "raising for Grant" and that other fellow, Benzoine was in great demand.

"Loyalty" made itself particularly happy on Tuesday, night by burning at the store boxes on the streets.

An exchange says, two posts split from the same log were set for gate posts, one top end in the ground, the other butt end in the ground; the first lasted seventeen years, the other ten years.

"Thirty days hath November," perhaps, because it rhymes with September. This year it begins on Sunday and ends on Monday, having five Sundays and as many Mondays. It was the ninth month of the old Roman year hence its name.

A safe was blown open in the village of Baltimore, Fairfield county, Ohio, a few nights ago, and \$410 abstracted.

It is a fact worthy of remembrance that thirty or forty years ago farmers generally planted whole potatoes and received double or treble the quantity per acre now produced.

James Sapp, at his Boot and Shoe Store, corner of Main and Vine streets, has a superb assortment of Oversees, as well as a complete stock of goods in his line. Give him a call.

Pittsburgh, Mt. Vernon and Indianapolis Railroad.

A meeting of the citizens of Delaware county, friendly to the construction of the above work, was held in the town of Delaware on the 20th ult.

The proceedings of the Committee of Conference, held in Mt. Vernon, were ratified; after which, the meeting proceeded to select three gentlemen to represent Delaware county in the Board of Directors, which resulted in the choice of Judge T. C. Jones and V. T. Hills of Delaware, and J. N. Stark, of Kingston, who were authorized and empowered to vote the stock subscribed by the citizens of Delaware county.

After an earnest appeal to all business men, property holders, laborers and citizens generally, to manifest a deeper interest in a subject of so much importance to their welfare, the meeting adjourned, subject to the call of the Directors.

Marriage of Henry L. Curtis, Esq.

Our esteemed young friend and townsman Henry L. Curtis, Esq., was married at Keokuk, Iowa, on Wednesday, October 28th, to Miss Lucia Chittenden, daughter of Mr. A. B. Chittenden, of that city. The Keokuk Gate City, thus speaks of this interesting event.

The fair bride was Miss Lucia, daughter of the gentlemen before named, the bridegroom Mr. Henry L. Curtis, of Mt. Vernon, O. The affair was a most brilliant and imposing one, for which ample and extensive preparations were made.

The bride was richly attired in a robe of pure white silk. The bridesmaids, four in number were gorgeously and becomingly apparelled. The groom and groomsmen were dressed as of old, and the scene altogether was one of great splendor. The ceremony was performed in a very able manner by Rev. B. Judkins, Pastor of the Congregational Church of this city. The party stood during the ceremony beneath an arch of thickly woven roses and evergreens. The beauty and fashion of Keokuk were fully represented.

The supper hall was a commodious one, constructed expressly for the occasion. The tables were spread with the most delicious and well prepared food.

The display of presents was very profuse, and constituted one of the attractive features of the occasion. A fine band of music was in attendance, and those of the party who chose so to do, participated in the many dances until the "wee sma' hours."

The affair was, on the whole a magnificent one, and a complete success in every particular.

Splendid Apples.

We are under obligations to our young friend, ISAAC C. DURNIER, of Pike township, for the present of a basket of choice apples, embracing some of the finest varieties that are grown in this country. One of these apples—the "Gloria Mundi"—measured 13 inches in circumference. If any of our friends can beat that, let them make a profit in curia, as the lawyers say.

PROGRESS.—Columbus sailed to the American coast in a four hundred ton ship, and first landed upon the island of St. Domingo. Last week a vessel from St. Domingo unloaded in New York over four hundred tons of St. Croix Rum for P. H. Drake & Co., at that city. This is but a few weeks' supply of this article, which these gentlemen used in the manufacture of the celebrated PLANTATION BITTERS.

We are informed by an exchange that Messrs. Drake & Co. have not advertised a dollar for a year, but that the sales of this article continue at the former enormous figure. In 1864, the receipts of the PLANTATION BITTERS were equal to those of the New York & Haven Railroad.

MAGNOLIA WATER.—Superior to the best improved German Cologne, and sold at half the price.

A thing of beauty is a joy forever—by the use of Primer's Cosmetic Lotion all eruptions and pimples are removed from your face, and hands; it cures effectually and leaves the skin soft and fair. 6-6-m.

CONSTITUTION BITTERS are pleasant to the smell and taste, will remove impurities from the body, and give health and vigor to the frame. Derangements of the stomach and liver are harbingers and sources of insanity. From an obstruction or disorder, a morbid action of the sympathetic and other nerves follows. Ganglionitis, &c., and the functions of the brain are deranged and impaired. Derangement of the cerebellum will also produce diseases of the lungs, heart, skin and kidneys. It is consequently upon the same cause that dysentery, cholera, yellow and bilious fevers, and that insatiable, baneful disease, phthisis, or Consumption. The stomach is an important organ in the economy, for upon its successful action depend for all the advantages to be derived from the exhibitions of internal medicines. Its healthy functions are of sterling moment to every mortal, and its derangement is a source of untold misery. No organ possesses such power in modifying every part of the system—none such remarkable sympathies.

OHIO STATE NEWS.

A child of Jackson Jones, of this town, was so badly burned on Saturday evening last, by his clothes taking fire at a grate, that it died on Monday morning.

We have not the particulars, but as this is the time of the year for such accidents to occur, it should serve as a caution to parents to be extra careful. The child was aged about three years.—Wellsboro Herald.

The Perryburgh Journal says an attempt was made on last Sunday evening, by the convict charged with the robbery of the Merchant's Union Express safe in this place, to break jail. As Sheriff Evers went into the room to secure the prisoner for the night, he was struck over the head a violent blow, and his eyes filled with ashes and salt. He at once grappled with the prisoner and finally succeeded in overpowering him. The door was at once closed by Mrs. Evers, and it is undoubtedly owing to her presence of mind that the escape was prevented.

Cris. Wood, formerly of Milan, Huron County, and a member of the Third Ohio Volunteer Cavalry, committed suicide in Crane Township, Paulding County, Ohio, a few days ago. He had some difficulty, being pressed pecuniarily, and taking a revolver, shot himself three times, the last shot taking fatal effect.

Andrew Speer and Andrew Price were arrested, on Monday, October 26, for the murder of Mr. Hilkenburg, at Ironton, on October 18th. Speer used the hatchet and Price cut the victims throat. They secured about eighteen cents for the horrible deed.

A man in Trumbull county, last week deposited \$800 in greenbacks in his parlor stove for safe keeping, informing his wife of what he had done. Next day she had company, forgot about the money, lighted a fire in the stove, and \$800 of the government debt was paid. "Riches takes wings and fly away."

The Mayor of the City of Akron reports 147 cases of crimes and offenses, tried before him, for the six weeks ending the 1st of Oct. Of these 104 were convicted, 30 acquitted, 4 withdrawn, and six ran away. \$442 of fines were assessed and \$161 collected. A record is indeed beginning to put on city airs.

On Wednesday afternoon, a man named Wm. S. Myers, from Jefferson, Ohio, was robbed of a pocket book containing \$120 in cash, two drafts for \$5,500 and \$430 respectively, and a promissory note for \$180, while witnessing the reception of Horatio Seymour, at the St. Charles Hotel, Pittsburgh.

A woman was arrested and tried before a Toledo Court on a charge of robbery, for taking some of her husband's money and appropriating it for household purposes. A lady who accompanied her was tried as an accomplice. Both were acquitted it being shown in evidence that her husband did not provide for his family.

On Tuesday last, two officers from Pittsburgh, arrested a man named Henry Weaver, at Alliance, Ohio, who is charged with poisoning a man named Andrew Roland, at Hagerstown, Maryland. He was taken to Pittsburgh, where he will be retained in custody by them, until communication can be had with the authorities of Maryland.

The Board of Directors of the firm of E. Ball & Co., manufacturers of reapers, mowers and threshers in this place, declared a dividend on Monday, the 10th inst., of thirty-three per cent. The majority of the stockholders are Pittsburgh capitalists, men of means and experience, who are conducting the business with the most admirable tact and success.

On Monday morning last, a man named James Best was crushed to death in a coal mine near the tunnel on the Tuscarawas Branch of the Cleveland and Pittsburgh railroad. He had just gone down in the mine when a large quantity of slate fell in upon him completely burying him. After an hour or so of digging his body was gotten out in a horribly mutilated condition. His head being completely crushed. He was an Englishman by birth. His remains were brought to Dover on Tuesday and interred in the Cemetery at that place.

The Painesville Telegraph says that Henry Paine, of LeRoy, met with an accident last Saturday morning which it is supposed must prove fatal. He was on his way to the centre of the town, to aid with his ox-team in removing a building. While ascending the steep hill just south of his home, the seat on which he was riding gave way, and he was precipitated to the ground, striking on his head and shoulders. He was taken up and carried back to his house in an insensible state. On the return of consciousness he was able to speak, but all the lower portion of the body was totally paralyzed.

Anna Williams, a noted young Egyptian of Toledo, committed suicide by poison last Friday. She was from Defiance, Ohio, and but nineteen years of age.

An explosion occurred in the dentistry room of Messrs. Bennett and Cunningham, at Wooster, by which these gentlemen narrowly escaped being killed. A small party was in a hurry for, and to expedite it Mr. Cunningham placed the vulcanizer in a coal stove. The steam engendered more rapidly than was supposed, causing the vulcanizer to explode, tearing the stove all to pieces, forcing fragments into the walls, and completely riddling the ceiling with holes—one inch square making a hole four or five inches square in the ceiling, and another passing through the window and out into the street. Miraculously it may seem, Messrs. Bennett and Cunningham were both within three feet of the stove when it exploded, but neither one was touched, although the fragments flew all around and over them.

A few days since, at Trumont, in Clarke county, a little girl eight years old, daughter of David Stone, was burned to death. After school, she was going with some of her mates, to a point on the road a short distance north of the village where a fire had been built, and while there her clothes caught fire, and before assistance could be given she was so severely burned that she died the following night.

A Tiffin, O., paper of this week, says: "A large and select company of ladies and gentlemen assembled at the residence of Hon. Warren P. Noble, on Thursday evening of last week, on the occasion of the marriage of his eldest daughter, Miss Belle Noble, to Mr. Wm. L. Bates, of Dayton. The company was composed of the youth and beauty of our city, who vied with each other in the splendor of their toilet. The wedding presents, amounting to several thousand dollars, were beautiful and substantial, and consisted of one hundred and sixty acres of land, presented by the bride's father, together with silver tea-set, cake baskets, knives, forks, &c., presented by relatives and friends."
