## ANNOUNCEMENTS.

### PROSECUTING ATTORNEY.

EDWARD BAXTER—Please announce my name as a candidate for re-election to the office of Prosecuting Attorney, subject to the decision of the Democratic Convention, September 5th, 1885.

Respectfully,  
SAM. R. GOSWELL.

EDITOR BAXTER—Please announce the name of WILLIAM B. DUNBAR as a candidate for re-election to the office of County Treasurer, subject to the decision of the Democratic County Convention to be held September 5th, 1885.

MANY DEMOCRATS.

"FORAKER, the straddler," is the name he now generally goes by.

The Republicans of Maine are talking about nominating Jim Blaine for Governor.

The Philadelphia Times says: The country is beginning to wonder who dug up John Sherman.

BEN BUTLER announces that he has no influence with the present Administration. We are glad to hear it.

The report that the Cheyenne Indians, in Dakota, were on the war path, is contradicted at the Indian Agency.

A large body of influential Republicans in New York want Senator Evans to become their candidate for Governor.

MAXWELL, alias Brooks, the St. Louis "trunk murderer," is having himself pictured in the sensational newspapers.

MONTREAL is still afflicted with the small-pox epidemic. The deaths last week were 228, mostly French Canadians.

HON. EDGAR COWAN, ex-United States Senator from Pennsylvania, died at Greensburg, on Saturday, after a lingering illness.

MANY Democratic papers in New York are advocating the nomination of Hon. Horatio Seymour as a candidate for Governor.

JOHN SHERMAN's chilling, unparliamentary, bloody-shirt speech at Mt. Gleed, was delivered to an audience of 228 persons, by actual count.

ALMOND B. JOHNSON, Postmaster at Port William, Clinton county, Ohio, closed his accounts on Saturday by hanging himself in a barn.

Gov. HOADLY will open the campaign on the part of the Democrats, at Hamilton, on Saturday, September 5th. A monster meeting is expected.

HENRY WARD DEWEY has accepted the invitation of the Boston Board of Aldermen to deliver the public eulogy on General Grant in that city.

The Republicans of Iowa have nominated Senator Landon for Governor. Mr. Hull for Lieutenant-Governor, and Judge Black for Supreme Judge.

The Washington Star says: "The Ohio Republicans will find it difficult to match their 'bloody shirt' campaign with the scene at Grant's tomb."

It is said that Senator Thurman will favor the people with several speeches during the campaign. This will be a rich and acceptable treat.

The Ohio Democratic platform means \$2,000,000 more taxes for the people of the State every year.—Albion Beacon. This is a lie, and you know it.

GEORGE W. HARDACRE seems to be the most prominent Republican candidate for Senator in Hamilton. He will be a suitable counterpart to Mr. Fore Acre.

MR. W.M. CAPPELLAR, while running a Republican paper in Mansfield, is still bawling the politics of Hamilton county. He has a large contract on his hands.

The New York World well says that "if the Republican army in Ohio has no other standard than the bloody shirt, the battle will be over before it fairly begins."

The Cincinnati Times-Sun (Rep.) says: The serpent of sectionalism has been trampled to death by the multitudes from North and South, following Grant to his grave.

HON. S. S. COX, Minister to Turkey, has had a pleasant audience with the Sultan, but Abdul Hamid, being troubled with dyspepsia, never once laughed at Sam's jokes.

## More Necktie Matinees.

A large crowd collected at Duluth, Minn., on Friday last, to witness the hanging of Wainman, who murdered his family last spring and then burned the latter's shanty to hide the crime. The execution took place at 3 o'clock. Only a few people were admitted to the enclosure, chiefly reporters and officials of neighboring counties. Wainman said he was ready to die.

Samuel W. Collins was hanged at Bowling Green, Mo., on Friday, for the murder of a man named Owen Uterback. Mrs. Uterback, the widow of the murdered man, with her two sons, aged 5 and 8 years respectively, were present at the execution. The murder occurred in September, 1884. Collins had heard that Uterback had been slandering his wife, and he sought him out and killed him for the offense. The execution passed off quietly in the presence of an immense crowd.

Henry Barnett was hung at Lonoke, Ark., on Thursday last, for the murder of one Nelson. He was a desperate character, expressed no regrets and showed no penitence for his bad deeds. He made terrible resistance on the scaffold, pretended to faint and fall down, and it took several men to force him to the drop and hold him up until the law was satisfied. Nearly an hour was consumed in this revolting work.

Charles Townsend (colored) was hanged at Huntsville, Ala., on Friday, for the murder of Nathaniel Freeman, but cutting his throat with a razor. He made a full confession of his guilt, and professed to be happy, with all his sins forgiven. On the scaffold he said: "I am going to leave this country. My soul goes into the hands of the Lord, and my body into the hands of my people." He died in fifteen minutes, his neck being broken.

## The Case of Mullens.

The Republican papers have a great deal to say about the pardon of one Mullens, a Cincinnati police officer, by the President, upon the recommendation of Gov. Hoadly and other influential Democrats, after he had been incarcerated in prison for eight months. The President and the Governor did exactly right. The facts about Mullens are simply these: Last fall the Republicans imported great gangs of negro desperadoes, thugs and repeaters, from Kentucky and other States, so as to have them vote at the State and Presidential elections. One hundred and fifty of these scoundrels were found in one den; and officer Mullens, believing he was doing his duty, had them arrested. But it seems that among the gang there were a few legal voters, and for detaining these with the others, he was tried, found guilty and sentenced to one year's imprisonment. Eight months of this term he served out, which, considering all the circumstances, was surely all that ought to be required to satisfy a technical violation of the law. Mullens is said to be a good officer, and has been very properly reinstated. The men who brought the negro thugs into Ohio to carry the State by fraud and violence for Blaine, are the men who ought to have been indicted and sent to prison instead of Mr. Mullens.

## What Governor Hoadly Thinks.

Gov. Hoadly was in Baltimore on Wednesday last, on his way to New York. When asked what he thought of the outlook in Ohio, he said: "We have a fair fighting chance. They beat us last fall by 11,000 votes, but then they had Mr. Blaine's personal canvass to help them and any amount of promises of patronage which he made right and left. The State has been made enough promises in places in Ohio to bankrupt twenty National Administrations. Of course we fight the Republicans this year without that element in their favor, for Blaine, not having anything at his disposal, present or prospective, cannot hold out any inducements on the other side this year, and that gives us the vim to go into the fight with prospects of winning."

Upon his arrival in New York Governor Hoadly was again interviewed. He was asked as to his opinion with regard to the result of the campaign in the State which was opened at Mt. Gleed by Senator Sherman. He predicted that the contest would be a close one, and both parties would have to work hard. "Senator Sherman," he continued, "I see is waving the bloody shirt, but I fail to see how the bloody shirt issue can be revived when the capital building in Columbus is now draped for Gen. Grant, and his words, 'Let us have peace,' is visible in large letters."

## Political Movements.

Major J. H. Williston, the able editor of the Bucyrus Forum, has been unanimously re-nominated for the State Senate in the district composed of the townships of Crawford, Seneca and Wyandot. The Democrats of the Norwalk (4th) Judicial District, have nominated Thomas R. Finckel, of Fremont, for Common Pleas Judge.

Isaac R. Riley, editor of the St. Clairsville Gazette, is the Democratic candidate for State Senator in the Belmont Judicial District.

John M. Ames, editor of the Caldwell (Noble county) Press, is the Democratic nominee for State Senator in the 14th district.

The Prohibitionists of Putnam county have nominated a full ticket, headed by Dr. A. C. Mathias, for Representative.

Judge Foraker, the Republican candidate for Governor, delivered a bloody-shirt speech at Steubenville on Thursday last, principally devoted to abuse of the Democrats. He made no friends.

The Prohibitionists had a rousing meeting at Winchester, Adams county, last Wednesday evening, which was addressed by Rev. L. H. Denman, candidate for Representative. He was greatly annoyed by the use of the "decency" party, yelling "Rats" while he was speaking.

Rev. J. G. ARMSTRONG, an eloquent and handsome preacher of Atlanta, Ga., who is said to greatly resemble J. W. Wells, both in appearance and President Lincoln, while in Cincinnati, last week, got on a big drunk and visited all kinds of dens of vice, greatly to the disgust of all decent people.

The Pittsburg Post says: Walter Blaine has been doing nothing on a Government salary of \$3,200 a year for some years, with a private secretary thrown in. He will have to go, not as an offensive partisan, but as a leech, investigation is bringing out many cases of this character.

The Mobile Register says: Murat Halstead is mistaken. The South is not in the saddle. At present it is on the high road to prosperity.

## RINGING ADDRESS.

OF THE Democratic State Executive Committee.

COLUMBUS, O., Aug. 27.—The following was issued to-night:

"HEADQUARTERS OHIO STATE DEMOCRATIC EXECUTIVE COMMITTEE."

COLUMBUS, O., Aug. 27, 1885.

"We enter upon the campaign under the most auspicious circumstances. We are in possession of both State and National administrations and the affairs of each are being safely and wisely conducted. The record of President Cleveland has justified the hopes of his friends and disappointed the predictions of his enemies. A few months of public service have demonstrated that his administration is to be one of conscience and courage. Many abuses have been corrected and necessary reforms inaugurated. Corruption, fostered under Republican rule, has been exposed and a large reduction in expenditures has been made in nearly every branch of the public service. The favorites who possessed the naval department have been driven out and their contracts, obtained by indirect means, have been set aside. Millions of acres of the public domain which have been inclosed by land grabbers have been reclaimed and this vast territory secured to actual settlers. Finally, all sectional animosities have ended and complete harmony is restored between North and South."

GOVERNOR HOADLY'S CREDIBLE ADMINISTRATION.

"The record of Governor Hoadly is commendable. His administration has brought credit to himself and strength to his party. All the departments of State and its numerous institutions have been safely protected. He has concealed his views on no public question, and his position on every issue has been clearly and fearlessly announced."

REVIVAL OF BUSINESS PROSPERITY.

"The business men of the country, of all parties, have confidence in both our Federal and domestic administrations, and in consequence business is again reviving and property increasing in value. Our recent convention was substantially elected by the people, and was ratified by the convention by acclamation. The endorsement given to President Cleveland, Governor Hoadly and their work was honest and earnest. We owe it to ourselves to see that we give them an equally enthusiastic endorsement for many years. It is our right and it will be our victory."

MUCH WORK AND LITTLE TIME.

"The campaign is a short one. Our State and local committees are already pushing forward the work of thorough organization. We appeal to every Democrat to do his duty in this campaign by carrying forward the good work. If we receive the earnest support at the hands of the people, we will not only expect, we promise you a substantial victory in October."

T. E. POWELL, HENRY BOHL, Chairman, Secretary.

## THE PHILADELPHIA PRESS.

The Philadelphia Press pointedly remarks that the Standard Oil Company is getting ready to smash another of its little competitors. The Standard Oil monopoly will always be scathed in commercial world until it is some of its bloody money in a conscience.

JOHN SHERMAN is still laboring under the halcyon idea that the war is going on; and in his M. G. speech, with his terrible mouth,

"He fought his battles over again, And thrice he conquered all his foes, And thrice he slew the slain."

OUR OLD MANSFIELD FIRM, Hon. Joel Myers, by some inscrutable law of nature, has been transplanted to Lorain county, where he has been nominated as the Democratic candidate for Representative. He deserves success, but the chances are all the other way.

Gov. HOADLY expressed a desire to discuss the question of the war with Judge Foraker and Dr. Leonard, the Republican and Prohibition candidates for Governor. The latter is ready and willing for the contest, but Foraker shows the white feather.

OH, SO! The Methodist ministers are not going to support Dr. Leonard this year. Out of twenty-five ministers at the Lancaster camp meeting, says the Columbus Times, twenty-one said they would vote for him. All of these have been Republicans.

WHILE Dowling, the "converted" Postmaster at Toledo, is receiving nothing but kicks from his late Republican allies, it is a noteworthy fact that the Democrats are not embracing him with that enthusiasm that maketh the heart glad.

Now, off with your coats, fellow Democrats, and into the fight with the same unanimity of spirit and good will you showed in the convention, and we will elect every man on the ticket by rousing majority.—Columbus Daily Times.

NAST has a good one in last week's Harper's. A Southern planter at the plow handle, replies to a whispered suggestion of Whitehall Reid: "I should like to oblige you by killing a few negroes, Mr. Tribune, but I am too busy."

REV. B. F. TALBOT, a negro horse thief, in Kansas, was found conducting a camp-meeting in Calloway county, where he was arrested while engaged in "religious" services, creating great excitement among the congregation.

C. H. MATTHEWS, the well known New Philadelphia editor, was a delegate to the State Convention last week. He went 37 years ago on a similar mission on horseback, January 8, 1848, says the New Philadelphia Democrat.

GENERAL GRANT'S last utterances at Mt. McGreggor, for peace, and John Sherman's last utterances at Mt. Gleed, for war and vengeance, show the difference between a patriot and soldier and a political demagogue.

No country in the United States, according to the Little Rock Gazette, can surpass Arkansas for grape growing. The vine grows large, lives with ease and bears a full crop each year—several varieties, two crops.

BLOWING ROCK, Caldwell county, N. C., was terribly shaken up last Thursday by an earthquake. It passed over several miles of country, and greatly alarmed the people, but no serious damage was done.

ALTHOUGH Mr. P. H. Dowling held the most important offices in Toledo under the Republican Administration, the Republicans never discovered that he was a truly bad man until he left the party.

Two policemen at Geneva, Kan., took ill, while attempting to arrest a gang of cowboys, on Thursday night, were shot, and the result was the murder of two. There is no clue to the murders.

## A COMPANY HAS BEEN FORMED AT NEWARK.

for the purpose of boring for natural gas. We supposed that town had plenty of gas without going into the earth to search for it.

MR. JOSEPH PERKINS, one of Cleveland's most useful, enterprising and benevolent citizens, died at Saratoga, N. Y., on Wednesday last, aged 66 years. He was a great and good man.

THE Grant Memorial Fund in New York only reached \$68,000 on Saturday. As was the case in the Statue of Liberty subscription, the wealthy men are not taking any interest in the movement.

ALTHOUGH Mr. R. B. Hayes and Mr. Chester A. Arthur ("ex-Presidents"), rode in the same carriage at the Grant funeral, it is said that they never spoke a word to each other during the entire day.

ONE Coddling ("Phobus, what a name!") is the Republican candidate for Senator in the Richmond district. Harrison Mickey will prevent Cod from making an exhibition of himself at Columbus.

The three thieves robbed Gaskill's hardware store at Newton Falls on Sunday, while people were at church. They completely stripped the show cases of all the fancy cutlery and light hardware to the value of \$500.

An Irishman was asked for his marriage certificate. He slowly lifted his hat, revealing a large scar on the head, evidently done by a flat iron. This evidence was to the point. Our certificates are the praises of those who have experienced wonderful cures by the use of Dr. Bull's Cough Syrup.

Terrible Work of the Lightning. PITTSBURGH, Pa., Aug. 31.—A New Castle, Pa., special says: During a severe storm in this city last evening, lightning struck the house of Timmy, a poor fellow, who was sitting in the chimney was torn down, a portion of the weather-boarding knocked off and the plastering torn off each of the five rooms. Joe Carver, a boy about seventeen years of age, was sitting in the door of the house, and he was killed by the shock and received injuries that will result fatally. Timothy Mack was so badly shocked that he can not recover while his wife and John O'Brien were less severely injured.

WASHINGTON, Pa., August 31.—During the progress of a thunder storm yesterday afternoon William Miller, whose farm lies near Lindly's mills, Norris township, was sitting on the porch in company with his wife, when a blinding storm of electric fluid struck the house and killed the couple instantly. Miller was a well-to-do farmer and a respected citizen.

**Gratefulness.**

Mr. H. Sampel, Ottawa, Kansas, writes: "Dr. S. B. HARTMAN & Co., Columbus, O.—Gentlemen: I have suffered for seven years; have tried every kind of medicine, and all have failed. I went to Pittsburgh, and while there fell on the street, my breath seemed to leave my lungs, and numbers overpowered me. I determined to give PERUNA and MANALIN a fair trial. I used four bottles of each, and my trouble left, never, I hope, to return. I left Pittsburgh three weeks ago for Kansas, and thought, as I was going to a new country, I had better take a bottle of MANALIN with me, on account of the water, etc. I arrived here with one-half bottle. I found one of my friends in a pretty bad condition. The doctors were treating her for chills and fever. I did not know what her trouble was, though I persuaded her to use the MANALIN. She did so, and the first day she was doing her work. Now this seems strange, but it is, nevertheless, a candid truth. She took it all, and has never had cause to lie down during the day since she used the first three doses."

**A Case that was Pronounced Incurable.**

Miss C. C. Peck, 714 Jackson street, Milwaukee, Wis., writes: "Dr. S. B. HARTMAN & Co.—Gentlemen: I take great pleasure in telling you the benefit received from your valuable PERUNA. I have been suffering for about fifteen years with a severe cold and bronchitis (so the doctors call it). I was treated by different physicians, and spent considerable money, but received no benefit whatever. Dr. Fox, of this city, claimed I was to try your PERUNA. I am happy to say I began to notice a change after I had taken my second bottle. I took eight bottles in all, and now I feel like a new woman. If it hadn't been for PERUNA I think I would be in my grave now. It is a wonderful remedy, and I recommend it to all my friends."

Messrs. Baker Bros., Mt. Vernon, O., writes: "I have a good trade in PERUNA. It sells well and gives satisfaction."

**Deaths Caused by Cancer.**

Dr. John T. Nagle, of the Bureau of Vital Statistics, has prepared a table of the deaths from cancer in this city during the past ten years, from which it appears that in 1875 there were 416 deaths from cancer—three from cancer of the throat, four from cancer of the breast, and nine from cancer of the stomach. Last year there were 725 deaths from cancer—nine from cancer of the throat, one from cancer of the tongue, and nine from cancer of the mouth. The total number of deaths in the last ten years from cancer was 6,012, of which forty-seven were from cancer of the tongue, and eighty-two from cancer of the mouth.

**The Reason People Despise Patent Medicines** is because they are usually recommended to cure all diseases. This must be a mistake because the great success of the Extract of Soots (Siegels Syrup) is due almost solely to the fact that it is made to cure one single disease, namely, Indigestion, for which it is a certain remedy. The aching head, constipated bowels, causing languor and fatigue, vanish as soon as this remedy is used.

A. H. Toon, of Fancy Farm, Ky., writes May 12, 1884, as follows: "I wish to inform you that your medicine has done more good than any I have ever used, and I do hope this will be read by all those who are afflicted with dyspepsia, rheumatism and general debility."

J. E. Wells, druggist, Roscoe, St. Clair Co., Mo., writes and orders and says: "The Shaker Extract of Soots is the best medicine on my shelves. Those that have used the medicine in the highest of them in the highest of them. Send another box." Gaudin

The engineer of a fast train in Maryland was found stunned and almost lifeless in his cab the other day and beside him lay a dead chicken. It is supposed the fowl attempted to fly across the track just as the train came, and struck the engineer under the full force of its own impetus and that of the train. The injured man has not yet fully recovered from the force of the blow.

**Gratefulness.**

Mr. H. Sampel, Ottawa, Kansas, writes: "Dr. S. B. HARTMAN & Co., Columbus, O.—Gentlemen: I have suffered for seven years; have tried every kind of medicine, and all have failed. I went to Pittsburgh, and while there fell on the street, my breath seemed to leave my lungs, and numbers overpowered me. I determined to give PERUNA and MANALIN a fair trial. I used four bottles of each, and my trouble left, never, I hope, to return. I left Pittsburgh three weeks ago for Kansas, and thought, as I was going to a new country, I had better take a bottle of MANALIN with me, on account of the water, etc. I arrived here with one-half bottle. I found one of my friends in a pretty bad condition. The doctors were treating her for chills and fever. I did not know what her trouble was, though I persuaded her to use the MANALIN. She did so, and the first day she was doing her work. Now this seems strange, but it is, nevertheless, a candid truth. She took it all, and has never had cause to lie down during the day since she used the first three doses."

**A Case that was Pronounced Incurable.**

Miss C. C. Peck, 714 Jackson street, Milwaukee, Wis., writes: "Dr. S. B. HARTMAN & Co.—Gentlemen: I take great pleasure in telling you the benefit received from your valuable PERUNA. I have been suffering for about fifteen years with a severe cold and bronchitis (so the doctors call it). I was treated by different physicians, and spent considerable money, but received no benefit whatever. Dr. Fox, of this city, claimed I was to try your PERUNA. I am happy to say I began to notice a change after I had taken my second bottle. I took eight bottles in all, and now I feel like a new woman. If it hadn't been for PERUNA I think I would be in my grave now. It is a wonderful remedy, and I recommend it to all my friends."

Messrs. Baker Bros., Mt. Vernon, O., writes: "I have a good trade in PERUNA. It sells well and gives satisfaction."

PERUNA is sold by all druggists. Price \$1.00 per bottle, six bottles \$5.00. If you cannot get it from your druggist, we will send it on receipt of regular price, or you may buy it from your druggist, but if he hasn't it do not be persuaded to try some other, but order at once as directed.

Last year there were 725 deaths from cancer—nine from cancer of the throat, one from cancer of the tongue, and nine from cancer of the mouth. **The Reason People Despise Patent Medicines** is because they are usually recommended to cure all diseases. This must be a mistake because the great success of the Extract of Soots (Siegels Syrup) is due almost solely to the fact that it is made to cure one single disease, namely, Indigestion, for which it is a certain remedy. The aching head, constipated bowels, causing languor and fatigue, vanish as soon as this remedy is used.

A. H. Toon, of Fancy Farm, Ky., writes May 12, 1884, as follows: "I wish to inform you that your medicine has done more good than any I have ever used, and I do hope this will be read by all those who are afflicted with dyspepsia, rheumatism and general debility."

J. E. Wells, druggist, Roscoe, St. Clair Co., Mo., writes and orders and says: "The Shaker Extract of Soots is the best medicine on my shelves. Those that have used the medicine in the highest of them in the highest of them. Send another box." Gaudin
