GOVERNOR TILDEN'S

LETTER OF ACCEPTANCE.

ALBANY, July 31, 1876.

GENTLEMEN: When I had the honor to

receive the personal delivery of your letter on

behalf of the Democratic National Con-

vention, held on the 28th of June at St. Louis,

advising me of my nomination as the candidate

of a constituency represented by that body for

the office of President of the United States, I

answered that at my earliest convenience I

would be in conformity with usage, I will prepare

and transmit to you a formal acceptance. I now

avail myself of the first interval in unavoid-

able occupations to fulfill that engagement.

Official Paper of the County.

MOUNT VERNON, OHIO:
FRIDAY MORNING, OCT. 13, 1876
Honesty and Reform!

National Democratic Ticket.
FOR PRESIDENT,
SAMUEL J. TILDEN,
OF NEW YORK.
FOR VICE PRESIDENT,
THOMAS A. HENDRICKS,
OF INDIANA.
[Election Day, Tuesday, November 7.]

It is our private opinion, publicly expressed, that the Grant-Hayes party has "gone where the woodbine twined."

Democrats of Ohio! you did nobly on Tuesday last. Now, you have only to go to work with renewed energy, and the State is ours beyond a peradventure.

The South Carolina Democratic committee has issued an address denouncing Gov. Chamberlain's recent proclamation as unwarranted by the law and facts.

Ex-Deputy Collector Hill, of Evansville, Ind., who was sentenced to two and a half years for complicity in whisky frauds, has been pardoned. He is for Hayes.

All of the Chandlers are not given over to Satan and Grantism. Jefferson Chandler of St. Louis, a relative of old Zach's has come out for Tilden, Hendricks and Reform.

"Confederate Brigadiers" are very acceptable to the radical party. There is General James Longstreet, Heckert and Jeff. Thompson all of Louisiana; and there is the mighty Mosby, who is a great favorite with Grant.

The "Democratic ticket" was not confined to the election party by any manner of means. There was considerable scratching done by the Republicans on Tuesday last, as the tickets will show.

The potato bug has made its appearance in Sweden and has devastated a number of potato crops there. It is supposed that they must have come from America in grain cargoes, as this is their "first appearance" on foreign soil.

The number of civil employes under President Buchanan was 45,527; under Lincoln in 1863, when the war was at its height, 47,375; under Grant in 1869, 54,237; under Grant in 1873, 56,660; under Grant in 1876, 104,350.

Judge Sinnott's lucid statement of the income tax matter makes the New York Times "squirm" visibly. It makes a spasmodic attempt to reconstruct its story so as to keep its charge of perjury alive, but the attempt is a lamentable failure.

We could name a hundred leading Republicans in the different States who have left their party to advocate Tilden and Reform. We cannot think of a single leading Democrat who has gone over to the other side as an advocate of Hayes.

We have heard of scores of Republicans who voted the "straight" Democratic ticket on Tuesday, and yet, there must have been some Democrats who want it "straight" the other way,—men who sold their votes for whisky and money.

McKee of the St. Louis Globe-Democrat, is writing some severe editorials against Tilden. He is very much opposed to Reform. He writes his editorials first on the wall of his prison cell; then copies them and pokes them through the bars.

The bonds issued to Pacific Railroads by Republican Congresses which are now outstanding amount to \$64,625,512; and the amount of interest paid by the United States, allowing for repayment by transportation of mails, &c., amounts to \$25,171,013.

We are sorry to hear of the defeat of our friend Frank Hurd in the Toledo district, who was beaten in the race for Congress by Ex-Gov. Cox. The district is largely Republican, and Mr. Cox was nominated by his party on account of his personal popularity.

Wisconsin is called by many persons a doubtful State. The accessions to Tilden there during the past few weeks have been numerous, and the Germans are zealous in his support. The latest Wisconsin exchanges claim the State for the Democrats decisively.

A gentleman writing from Charlotte, North Carolina, says that Vance will probably carry the State by a majority of ten to fifteen thousand, and Tilden by twenty thousand. Probably one member of Congress will be vouchsafed the Republicans, but no more.

W. H. Babcock, of Connecticut, publishes a caustic letter in the *Enquirer*, giving all the particulars in regard to his dismissal by old Zach Chandler from the position of First Assistant Examiner of Patents, because he refused to contribute money towards the Radical corruption fund.

The people of Ohio pay about \$20,000,000 annually in the way of State, county, township and municipal taxes, and yet they pay over \$16,000,000 annually to the Grant Administration in Internal Revenue Taxes, with as much more in the shape of a tariff tax. Is it any wonder that times are hard?

A private dispatch from Cincinnati conveys the pleasing intelligence that our friend Henry B. Banning has been re-elected to Congress. This is an unexpected result and a grand triumph for Banning, as Judge Stanley Matthews, his opponent, was one of the ablest and most popular Republicans in Cincinnati.

The Republicans are bringing up old war issues to hide the real issues of the canvass, when no gun has been fired at a Union soldier since 1865, except by the Indians, who, led by Sitting Bull, exterminated Custer and his gallant soldiers by superior numbers, because Grant's administration sent soldiers to the South to interfere with elections, who should have been with Custer.

KNOX COUNTY ERECT.

The Entire Democratic Ticket Elected.
The election on Tuesday was one of the most exciting and fiercely contested political battles that was ever witnessed in Knox County. The fact that the Republicans carried three of their candidates last year, gave them assurance that, with similar efforts, they might elect at least a portion of their ticket this year. And hence they went to work with every appliance within their reach to secure a class of voters, who, if left alone, would vote the Democratic ticket. Money was poured out like water, and whisky was dispensed with a freedom that was disgusting as it was amazing. Added to this, there was considerable disaffection in the Democratic ranks, growing out of the nomination for Sheriff and in several townships men who have always professed to be Democrats, worked vigorously to defeat a portion of our ticket. In Wayne, Morris, Harrison and Jackson townships, the efforts of the disaffected were mainly directed against Mr. John F. Gay, our candidate for Sheriff, and had it not been for a host of warmly attached personal friends in the Republican ranks who voted for Mr. Gay, his majority would have been greatly reduced. A bitter opposition was also made against Mr. Irvine, our candidate for Prosecuting Attorney, and slanders the most vile were freely circulated against him by reckless and unprincipled political tricksters. He, too, had hosts of personal friends in the Republican party who stood by him like heroes. There was considerable opposition, likewise, to Mr. Ponting, our candidate for Commissioner, not on political or personal grounds, but because of a reckless report that was extensively circulated that he was in favor of the erection of a costly iron bridge over the river at the foot of Main street; but while Mr. P. was scratched in several townships for the reason stated, he ran greatly ahead of the ticket in Pleasant and other townships, receiving the votes of Republicans and Democrats alike.

The success of our entire ticket, under all these circumstances, is a triumph that we have every reason to feel proud of. The great mass of the Democracy worked together like brothers, to secure the success of the State and County ticket; and the result shows that Knox county is firmly and reliably Democratic, and will remain so, if our friends make popular nominations.

OHIO ELECTION!
THE STATE VERY CLOSE!

A Substantial Democratic Victory!
Considering all things the Democracy of Ohio have done nobly. The Radicals claimed a majority of 25,000, and it has dwindled down to 5,000! This result only goes to show that with proper efforts, the Democracy can carry the State in November.

Despatches from Republican sources claim that the Congressional delegation will stand 12 Republicans to 8 Democrats. We have lost Poppleton in this (9th) District, Payne in the Cleveland District, and Frank Hurd in the Toledo District. The delegation in the next Congress will probably stand as follows:

1st District—Milton Saylor, Dem.
2d " H. B. Banning, Dem.
3d " Miles Gardner, Rep.
4th " John A. McMahon, Dem.
5th " A. V. Rice, Dem.

INDIANA.
"Blue-Jeans" Williams Elected Governor!
The Democrats Carry the State by from 5,000 to 10,000 Majority!

We have only meager returns from Indiana, but enough to show that the State has gone Democratic by a majority ranging from 5,000 to 10,000. "Blue Jeans" Williams has been chosen Governor in face of the bitterest opposition that was ever waged against a candidate. This result shows that Indiana is sure for Tilden and Hendricks, which, added to other certain Democratic states, secures the election of the National Democratic Ticket, on the 7th of November, beyond the possibility of a doubt.

West Virginia
Has gone Democratic by a majority of from 5,000 to 10,000. And now, it will be in order for another Radical howl about a "sold-out South."

Governor Hayes' Know-Nothingism.
The facts brought to light in regard to Governor Hayes' connection with the "American Alliance," an off-shoot of the infamous Know Nothing organization, have started the whole country, and spread panic and consternation throughout the Republican party. The object of this political organization, as set forth in its Constitution, is to bring about "an amendment to the Naturalization Laws, limiting suffrage to persons born in this country, or of American parents; the election of American-born citizens only to official positions in this country." Each member takes a solemn oath to carry out this declaration of the order and to put down all foreign-born citizens.

Pretty positive evidence exists that Governor Hayes was sworn in as a member of this new Know Nothing organization on the 4th of July last, when he attended the Centennial celebration at Philadelphia.

The Radical papers, as might be expected, deny this; but the fact cannot be denied that he was nominated by this Dark Lantern party as their candidate for President, and that he sent a letter, through his Private Secretary, Alfred E. Lee, acknowledging the receipt of the resolutions of the "American Alliance," making him their candidate, and that he was "deeply gratified by this expression of confidence."

Perceiving that Hayes' connection with this oath-bound, persecuting, anti-American organization, would force the entire German-American population of the United States to vote against him, Wykoff, Chairman of the Republican Central Committee of Ohio, rushed into print, and denied that Hayes had accepted the nomination of the "American Alliance," but this denial was blown sky high when a facsimile of Hayes' letter of acceptance, in the handwriting of his Private Secretary, was procured and published. This only proved that Wykoff was lying to get Hayes out of a scrape. A change of tactics was then agreed upon, and Mr. Lee came out in a card, acknowledging that his letter was genuine, but claiming that it was a mere formal set of courtesies, such as Mr. Hayes might have extended to any organization without committing himself to their creed.

But this is too gaudy. That Hayes is in full sympathy with this proscription, Native American party, there is not a shadow of doubt; that he was "deeply gratified at the expression of confidence" the Alliance received in him, and promised them "at the proper time," such "aid and co-operation," (in the way of money of course,) as would enable them to carry out their detestable principles.

Let the people understand that this is no idle, electrifying charge gotten up against Governor Hayes for political purposes.—The stubborn facts cannot be denied or explained away. They stand on record, and cannot be impeached. We ask, therefore, how can any foreign-born American citizen, whether German, Irishman, Englishman, or any other nationality, who possesses the slightest feeling of self-respect, vote for a man who seeks to deprive them from all the rights and privileges of American citizenship?

Elijah C. Lybarger.
Among the many earnest and whole-souled Democrats who labored untiringly and successfully to secure the election of the Democratic ticket, on Tuesday, we take especial pleasure in naming Mr. Elijah C. Lybarger, of Union township. This gentleman was a prominent candidate for Sheriff, and came very near receiving the nomination. Instead of showing any disappointment at his want of success or unkind feeling towards his successful rival, as did Tate Jenkins, he went to work with all his might to make votes for Mr. Gay, and through his exertions Mr. G. ran 26 ahead of the Democratic ticket in Union township. All honor to Mr. Lybarger for his manly and successful efforts. The Democracy will not forget him, nor will they either forget the men, who, through a mean spirit of spite and disappointment, played into the hands of the enemies of the Democratic party.

Now, that the State and County elections are over, and the Presidential election approaching, in response to calls from many of our subscribers, we publish Governor TILDEN'S able Letter, accepting the nomination of the Democratic National Convention. This splendid production cannot be too often read and studied by the American people. It is a textbook for the Democracy, as it clearly enunciates the principles of the Reform Party in the present campaign. After reading the Letter of Acceptance, loan the paper to your Republican neighbor.

"Chorpenning" Cresswell, the reformed "rebel," delivered a bullying speech at Kirk Hall on Monday evening last, a large portion of which, as we are informed, was devoted to abuse of the editor of the BANNER. Cresswell was one of the most corrupt men in Grant's corrupt Cabinet, and fearing impeachment and expulsion he resigned, in order to escape "the wrath to come." Like all the other corruptionists in the country he is now laboring for the election of Hayes of the "American Alliance," hoping to receive another appointment if Hayes is elected.

We have a report that Noah Boynton will be permanently installed as editor of the *Register*, and that the *Register* Hamilton will resume his old vocation of delivering stolen sermons at \$12 per Sunday. Judging from the brilliant specimens of Noah's effusions that have appeared in the *Register* during the last few weeks, he can surpass Hamilton in all the attributes constituting a first-class Radical editor, viz: low lying and filthy abuse.

The Mt. Vernon correspondent of the *Columbus Journal* says that "Chorpenning" Cresswell "completely annihilated" the editor of the Democratic paper, (the BANNER. Oh, yes! the editor of the BANNER has been so often "annihilated" by Radical stumblers and editors, the wonder is that he is still in the land of the living! This Cresswell is a stupendous fraud, whom it would be base flattery to call a knave.

After traveling over the various South States, Dr. Hollifield, correspondent of the *Cincinnati Commercial*, concedes them all to Tilden except South Carolina with an aggregate majority of 315,000; in regard to South Carolina he says: "I am almost persuaded that Hampton will be elected, troops or no troops, and probably the State carried for Tilden. Things look that way at present writing."

A subterranean forest has been discovered in London, consisting of peat, with trunks of trees, most of them standing. All are of a species still found in Britain, the oak, alder and willow being abundant. In the peat are found bones of the great fossil ox.

The Democratic Soldiers to the Front!
Grand Demonstration at Indianapolis—Ten Thousand Men in Line!
The demonstration of "The Boys who Wore the Blue," at Indianapolis, on Thursday of last week, was one of the most imposing ever witnessed in this country. It is estimated there were over 50,000 men in the city. The procession started at 11 o'clock, and the line of march was over three miles through the principal streets of the city. Nearly ten thousand persons participated in it, and it was an hour and a half passing a given point, although all the delegations marched four and eight abreast. It is estimated that 4,500 veteran Union soldiers were in line.

The procession presented a grand and picturesque sight as it came down Washington street and passed under the arch of triumph with bands playing and colors flying—companies of veterans, campaign clubs, squadrons of mounted men, wagons with pyramids of children and young ladies, the yeomanry in wagons and on foot, representations of various industries, tableaux travestying Grantism, all rapidly following each other. The streets were lined with spectators and the air was vocal with shouts for "Old Blue Jeans," Tilden and Hendricks. Amid the cheers of the multitude the procession passed on to the State-house grounds, which were soon literally packed with people.

Speaking was begun from six different stands at 2 o'clock, and from the balconies of the various hotels, each being surrounded by a crowd sufficient to constitute an ordinary mass meeting. The following were among the most distinguished speakers:

Gov. Hendricks, Indiana; ex-Gov. Palmer, Illinois; ex-Gov. Curtis, Pennsylvania; ex-Gov. Parker, New Jersey; ex-Gov. Bigler, Pennsylvania; Gen. J. A. McClelland, Illinois; Gen. E. S. Briggs, Wisconsin; Gen. Franz Sigel, Gen. Whitaker, Kentucky; Gen. Farnsworth, Illinois; Gen. Fitz Hugh Warren, Iowa; Col. John Phillips, Missouri; Col. Frank D. Cahill, Tennessee; Gen. Lewis H. Parsons, Gen. James R. Glack, Indiana; Gen. McCandless, Pennsylvania; Gen. Shields, Missouri; Major Koffenberger, Michigan; John J. Martin, St. Louis; Mr. Laurence, Chicago; Franklin Landers, Indiana, Cleveland, Hartford, Conn.

Governor Hendricks presided at the principal stand in the afternoon, and delivered an address of welcome.

A grand torch-light procession in the evening, followed by speaking at the hotels wound up the affair. There were over five thousand lamps in the procession and ten thousand men, which was over an hour in passing a given point, and Washington street was a river of fire from one end to the other.

The Action of Congress on Southern Claims.
It having been asserted in partisan journals that the present House of Representatives displayed great recklessness in passing Southern claims, a clerk of the House has made a careful examination into the matter, which shows that the charge has no substantial basis. It appears that 119 of the 140 claims introduced last winter were old, and many were presented by Northern members. Of the 109 cases reported favorably by the committee of the Forty-third Congress (Republican) the amount recommended to be paid is \$5,881,000, while the 52 cases which were reported unfavorably by the committee of the Forty-fourth Congress (Democratic) amount to \$215,861, of which only \$74,453 was actually passed by the House.

Hayes and the Bloody Shirt.
W. C. Gaston, Esq., of Stenhouseville, (who formerly resided in Mt. Vernon,) called upon Governor Hayes, in Columbus, the other day, in company with a Republican friend, and Hayes, supposing from this circumstance that he was a Republican, talked freely, making use of the following language:

"On the question of finance, the Resumption Act and the necessity of reform we will be badly beaten. We must leave the bloody shirt and revive the bitter prejudices of the war."

That is just what Kilpatrick said; and every Radical speaker in Ohio is delivering bloody shirt harangues, in order to excite the passions and prejudices of the people.

Washington City Under Radical Rule.
The municipal expenses of the District of Columbia from July 1st, 1871, to July 1st, 1876, were \$42,827,097. The amount expended in improving less than one-half the streets of Washington in the past five years was \$29,972,012. \$10,000,000 worth of this work has already gone to ruin and must be replaced. The present debt of the District is \$24,121,852; the value of the real estate in the District is only \$99,452,684. The population is 150,000, and the debt averages \$186 to every man, woman and child. It amounts to 27 per cent. of the entire taxable real estate. In January, 1876, property to the amount of \$13,213,011, had been sold for taxes.

The Madison (Wis.) Democrat publishes the following letter of ex-Governor Seymour, dated Sept. 11, written to a personal friend: "I think Gov. Tilden, if elected President, would be of great value to the American people. He is slow, patient and painstaking. He works out results with great care, and in the end he succeeds. More impulsive men may have more magnetic influence, but they are far less useful. Mr. Tilden is a man of large reading, very thoughtful and tenacious of his purpose, and we need such men at this time."

In a recent speech in New York, Mr. R. H. Macy, of Louisiana, said: "I can tell you another thing, and that is that the colored people of the Southern States are going to vote more largely with the Democratic party this year than they have ever done before. They know whom to blame for the loss of their savings in the Freedmen's Bank, and they are beginning to listen attentively to what is said to them on this subject."

The amount of defalcations under President Grant's Administration has been by postmasters, \$478,871; by marshals, \$249,259; by sundry public officers, \$265,714; by collectors of internal revenue, \$2,312,644; by navy officers, \$923,208; by army officers, \$784,858, &c., &c.; total number of defalcations, 6,494; total of defalcations, \$5,500,395.

This is one of the latest from the New York *Sun*: "You cannot set a duck on goose eggs and hatch anything but geese. No amount of shooting, or of entreaty, or of eulogies on the duck will alter the result. You cannot set a Hayes on the eggs of Grantism, and produce anything but a brood of corruption, and it's no use trying."

The Chicago Tribune (Rep.) is willing to believe that "there are a good many men who seriously think of voting with the Democratic party this year in the hope that a change of parties will bring about an improvement in the administration of public affairs."

CAMPAIGN NOTES.
Tilden is himself a platform.—CHARLES FRANCIS ADAMS.
Fighting Joe Hooker is for Tilden: Gen. Gen. Belknap is for Hayes.
Judge David Davis, of the U. S. Supreme Court, supports Samuel J. Tilden.
Bob Ingersoll has a Christian brother who plays a rather neat hand of poker.
Hayes makes a good figure-head for a craft run by Chandler, Morton, Blaine & Co.

W. W. Belknap has determined to go to California to live, unless the election of Hayes re-opens a place for him in the Cabinet.
Laboring men, who are responsible for your reduced wages? The Republican party.

The Democratic Congress saved the people \$20,000,000 this year. Some more of it, please.
Col. Bob Ingersoll, having no God to worship, takes Blaine for an idol and worships him.
Jeff. Chandler, of St. Louis, a brother of old Zach Chandler, is out for Tilden and Hendricks.

William Cullen Bryant supports Samuel J. Tilden; Jay Gould supports Rutherford B. Hayes.
Charles Francis Adams supports Samuel J. Tilden; Jay Gould supports Rutherford B. Hayes.
Who appointed Longstreet and Mosby to office? The party that is afraid of the "Solid South."

Ben Butler is afraid of another rebellion but the people who own spoons have the greatest reason to fear.
Chandler, Cameron, Morton & Co., are the keepers of Hayes now, and will be if he is elected. Let the people consider.
General Winfield Scott Hancock supports Samuel J. Tilden; General William W. Belknap supports Rutherford B. Hayes.

Boston Post: Bob Ingersoll is consistent. A man who pretends "Jupiter to Jehovah" would very naturally prefer Hayes to Tilden.
Frederick Haaseurck supports Samuel J. Tilden; A. G. Hessing, just pardoned out of the penitentiary, supports Rutherford B. Hayes.

Can the poor laboring men, the farmers and mechanics afford to keep the present Republican party in power for another four years?
Cleveland Plain Dealer: The two sons of the late Joshua R. Giddings have declared in favor of Tilden, Hendricks and Reform.

Bob Ingersoll, "Spot" Hamilton's bean ideal of an orator, is still attacking God and Governor Tilden with about equal vehemence.
The New York Herald kindly warns the Republicans that the "bloody shirt" in this campaign will lose them many thousands of votes.

While Grant's salary was increased to \$50,000 per year, a Republican Senate refused to equalize the bounties of private soldiers.
The masses of the Republican party are honest. It is their leaders who are dishonest, and they must be put down at the ballot-box.

Men, women and children, starving for want of labor, caused by these Republican hard times, cannot live by waving the "bloody shirt."
Ex-Senator Revels—colored, by nature—supports Samuel J. Tilden; Ex-Senator Zach Chandler, colored, artificially—supports R. B. Hayes.

Jim Blaine is always ready to make war upon the South, provided he can do his fighting at a distance. He would rather bluster than muster.
The thirty millions of dollars saved by the Democratic House of Representatives are equal to two sacks of flour for every family in the land.

The ragged coat is a better argument than the bloody shirt. It touches the pocket. The bloody shirt only goes deep as one's prejudices.
Hayes, of the American Alliance, and Barnes, the crusader and anti-Mason—bigot, fitly represent the tendency and character of the Republican party.

Lincoln's Assistant Secretary of War, Peter H. Watson, supports Samuel J. Tilden; Grant's Secretary of War, Don Cameron, supports Rutherford B. Hayes.
Boys in Blue, it was a Republican Senate that refused to grant your extra bounty of eight dollars and thirty cents per month, that a Democratic Congress improved for.

Mr. Groo, the Prohibition candidate for Governor of New York, is making an industrious canvass, and expects to gain by his labors a two-thirds of about 13,000 votes.
Colonel McCullagh, editor of the St. Louis Globe-Democrat, admitted to an interviewer, the other day, that the chances of Tilden over Hayes were about as ten to one.

The President has released Jake Rehm one of the convicted Chicago whisky thieves. Jacob is an important Republican politician, and will now reform from without.
A recent editorial of the New York Herald suggests to the republicans the reflection that those Southern States that have democratic governments are more peaceful, prosperous and happy than those which are governed by republicans, and that in many of them the date of a better order of things has been coincident with the change from a republican to a democratic administration.

The Herald, however, falls into error when it undertakes to dissociate the Southern republicans from the national republican party. The Southern republicans are encouraged and supported with troops by the national republican organization, and, to some extent, the leadership is of the same kind in the North as in the South. There is no respect in which Butler, of Massachusetts, is more scrupulous than Puckard, of Louisiana.

Hon. Joseph Pulitzer, of St. Louis who was the associate editor of Carl Schurz in the *Ansceier* newspaper, is now following Schurz through Ohio, and exposing his sophistries and falsehoods in a manner that is delightful to all honest Germans and Reformers. He challenged Schurz for a joint discussion, but the latter aware that he would be flayed alive, very wisely
