White Men Shall Rule America!

DEMOCRATIC MASS MEETING!

The Democratic State Central Committee have arranged for a Grand Mass Convention of the Democracy of Knox county, to be held in

MOUNT VERNON,

On Thursday, September 26, 1867.

On which occasion, our distinguished, talented and patriotic candidate for Governor,

JUDGE THURMAN,

and our late standard-bearer for Vice President, the orator and statesman

Hon. George H. Pendleton,

will be with us, and address the assembled multitude. Not only the Democracy but men of all parties, especially those who love their country and its time honored institutions, are cordially invited to attend.

The friends of Labor and Equal Taxation, the enemies of a National Debt, and the friends of low taxes, and fair prices, are invited to attend.

Let the friends of the Union and the Constitution, for which our soldiers fought, turn out in force, and let our mained heroes, who were ROBBED OF EIGHT HUNDRED THOUSAND DOLLARS, by the last Republican Legislature, come by hundreds to rebuke those who have robbed the soldier's widow and the soldier's orphan.

A Prize Banner.

A handsome flag, bearing on its folds all the stars of the Union, will be given to the Township sending the largest delegation in proportion to the votes given, for Allen G. Thurman on the 24 Tuesday of October.—Thus the small Townships will have an equal chance with the large.

Harrah boys, and strike for the stary flag.
JOHN L. THOMPSON,
A. J. BRADY,
JOHN S. PARROT,
DENNIS CORCORAN,
Dem. Ex. Com.

Let every citizen of Knox county, whether Democrat or Republican, come in to hear Thurman and Pendleton speak on Thursday next, Sept. 26th.

A Fine Democratic Meeting.

Woodward Hall was filled on Saturday evening last, by a meeting of citizens, convened on very short notice, to hear a speech from General Morgan, Samuel Bryant, Esq., was elected President of the meeting, and L. Harper Secretary. General Morgan spoke for nearly two hours, and his speech was listened to with marked attention, by Republicans as well as Democrats. He discussed the leading questions of the day in an able and dignified manner; and he showed, most conclusively, that in the midst of the troubles that environ the country, the only hope the people have for a return of peace, good government, prosperity and low taxes, is in the success of the Democratic party. The recent elections in Connecticut, California, Maine, Montana, &c., afford evidence that a political reaction has commenced in earnest; and that, in a short time, the enemies of the Union and of Constitutional Liberty will be driven from power.

Let all honest Republicans, and there are many such in Knox county, who are becoming disgusted with the disunionism of the Radical leaders, come in and hear Thurman and Pendleton speak on the 26th.

The editor of an Iowa paper says that the heavens were black, one day last week, with wild geese, flying South, and consequently presages that winter will be here in September.

Young Men of Knox County!

Especially those of you who took part as soldiers in the late civil war, what do you think of the present condition of the country, brought about by Radical misrule? You fought to put down armed rebellion against the National authority, to maintain the Union, to uphold the Constitution, and to vindicate the laws. These objects were accomplished; and now, there is not the slightest armed opposition to the National authority in any portion of the country. The "Union was restored" as far as fighting could restore it. But the Radical leaders declare that the war is not yet at an end; that the Union has not been restored, and will not be restored until the late slaves of the South, are made not simply the equals, but the superiors of the whites, and until Negro Equality prevails in Ohio and all over the country.

Young men! if you believe that the object of the war was to free the negroes, and make them your equals, socially and politically, then it is your duty to vote for the Radical State and County tickets, and to vote for the proposed Constitutional Amendment, allowing the negroes of Ohio to vote, hold office and sit upon juries.

But, on the other hand, if you are opposed to Negro Equality, you should not only vote against the Constitutional Amendment, but against every man who is for degrading the white man to the level of the negro.

Henry B. Banning, the Radical candidate for Representative, was one of the most active men in the last Legislature in laboring to bring about Negro Suffrage in Ohio. He has repeatedly declared that if it had not been for the negro the rebellion never would have been put down. This gross slander upon the gallant and patriotic white soldiers of our State, you should place the seal of condemnation upon at the polls, by voting against Henry B. Banning and for Dr. Moffett, who does not believe in Negro Equality, in Ohio or any where else.

Young men, arouse to action! Act and vote with those who are your true friends, and labor to defeat the fanatics who have brought the country to the very verge of bankruptcy and ruin, and have not the ability to govern it either in war or in peace.

Judge Thurman, the Democratic candidate for Governor, is one of the ablest and purest men in the country. He will speak in Mt. Vernon on next Thursday. Don't fail to come in and hear him, and bring your family and neighbors with you.

The Kentucky and Virginia Resolutions.

The *Republican* of this week has an article in opposition to Kentucky and Virginia Resolutions of 1798 and 1800, and charges that to the doctrines therein set forth (State Sovereignty) are traceable all the troubles that have afflicted this country. If this is so, then the leaders of the Republican party must be a set of great criminals, for they have, on several occasions, fully endorsed those Resolutions and the State Rights doctrine they contain.

The State Rights Abolition or Revolutionary Convention, which assembled in Cleveland in May, 1859, of which W. T. Bascom, the present editor of the *Republican*, was one of the Secretaries, fully and earnestly adopted the Kentucky and Virginia Resolutions, and threatened that if the General Government attempted to execute the Fugitive Slave Law or any other law that was obnoxious to the Abolition Revolutionists, they would nullify it and revolt, and make war upon the General Government. The members threatened to break down the Cleveland jail, and rescue the Wellington rioters who were sentenced and imprisoned for violating the law. Salmon P. Chase, then Governor of Ohio, his Attorney General, and nearly every prominent Republican in Ohio, adopted this thing on.

And, again, we find that Ben. F. Wade, who misrepresents Ohio in the U. S. Senate, in a speech in that body, delivered in 1855, and from which extracts are given on the first page of this week's *Banner*, declared himself unequivocally in favor of the Kentucky and Virginia Resolutions, and advocated the most ultra State Rights' doctrines, and threatened revolution and anarchy if the Federal Government attempted to interfere with State Rights and State authority. Indeed, previous to the breaking out of the late civil war (which was mainly brought about by the violence of these Radicals,) the leaders of the party in power, went as far as ever Mr. Calhoun did, in advocating extreme State Rights doctrines.

Give One Day to Your Country.

We trust that every farmer and laboring man in Knox county will make arrangements to attend our great Mass Meeting on Thursday next. So arrange your business that you can spare the entire day from home. Start early to the meeting and be in Mt. Vernon by at least 10 o'clock, so that the meeting can be organized early, and the speaking concluded in time to allow you to get home before night.

Delano—Ashley.

Delano, "the pork and beans hero," in a speech delivered at Eaton, Ohio, on the 3d instant, declared that President Johnson was the "only obstacle in the way of reconstruction," and he must therefore be impeached and removed. Since the second Ashley fiddled out, Delano appears to be anxious to take his place as a leader of the Radical banditti. A little over a year ago, Delano was a strong Andy Johnson man, and in the Mt. Vernon Court House, denounced Stevens, Shellabarger and Ashley as "traitors," who wished to destroy the Union, and rule the South as Ireland and Poland are ruled, by bayonets. That, however, was when Delano was begging Andy Johnson to appoint him Judge of the Northern District of Ohio, or send him on a foreign mission. Not succeeding in getting an office, and being repudiated by the people of the 13th Congressional district, he is now the most radical of all the Radicals,—out-Heroding Herod—and hopes by the votes of the very men he denounced as "traitors," to cheat General Morgan out of his seat in Congress. But in this he will most signally fail. Delano is just as well known in Washington as he is in Mt. Vernon, as an unprincipled trickster, who is all things to all men, for the sake of office and plunder.

Bear in mind, that Thurman and Pendleton will speak in Mt. Vernon, on Thursday next, September 26th.

Ben. Wade, the Disunionist.

Let every voter of Knox county bear in mind that Henry B. Banning, the Radical candidate for Representative, is not only an earnest advocate of the proposed Constitutional Amendment, which is intended to establish Negro Equality in Ohio, but is pledged, if again sent to the Legislature, to vote for the notorious Disunionist, Ben. F. Wade, for U. S. Senator.

That voters of all parties may know the sentiments of this man Wade, we reproduce the following extract from a speech delivered by him in the U. S. Senate, before the commencement of the late civil war:

I am not one of those who would ask them to continue in such a Union. It would be doing violence to the platform of the party to which I belong. We have adopted the old Declaration of Independence as the basis of our political movements, which declares that any people when their Government ceases to protect their rights—when it so abuses them from the true purpose of Government as to oppress them, have a right to recur to fundamental principles, and if need be, to destroy the Government under which they live, and to erect on its ruins another more conducive to their welfare. I hold that they have this right. I will not blame any people for exercising it, whenever they think the contingency has come. I certainly shall be the advocate of that same doctrine whenever I find that the principles of this Government have become so oppressive to the section to which I belong, that a free people ought not longer to endure it. You will not then find me backward in being the ADVOCATE OF DISUNION. But that contingency never having come, I have never yet opened my mouth in opposition to the Union. * * * You can not forcibly hold men in this Union, for the sake of a Union, it seems to me, would subvert the first principles of the Government under which we live.

This extract clearly shows that upon Ben. Wade and his Radical confederates in Congress, rests the responsibility for the inauguration and continuation of the war. Wade and the Radical leaders are now and always have been rank disunionists. Under the false pretence of maintaining the Union, they inaugurated a war to destroy the Union, to "wipe out slavery," and to establish Negro Equality in this country—not out of love for the negro, but to keep their incendiary, traitorous party in power. It is powerful and planar that these men are laboring for, and to secure them, they have deluged the land with blood, filled a mountain of debt upon the people, have overthrown Republican government, destroyed the Constitution of Washington and established a Military Despotism over the land. But the people are beginning to see the real purposes of these "bold, bad men," and are determined to drive them from power, as the result of the late elections clearly shows.

The Monster Meeting at Loudenville.

From all we can learn the Democratic Mass Meeting at Loudenville, on Saturday last, was a monster affair. Hundreds and thousands of Democrats were in attendance from Ashland, Wayne, Holmes, Knox and Richland counties. Hoets of Republicans, who are dissatisfied with the tyranny and expression of their party, were present, and many of them, we are informed, expressed a determination to henceforth act with the good old National Democratic Party, that has always stood by the country, and under whose administrations of the Government the people have always enjoyed peace and prosperity. Mr. Vallandigham is said to have made one of the best speeches of his life, which gave unbounded satisfaction, not only to Democrats, but to an immense number of Republicans. The skies are bright, and the prospects of the Democracy for carrying the State, are becoming better every day. The Democracy have only to work, work, WORK, and glorious victory will perch upon their banners.

Hon. George H. Pendleton, the Democratic candidate for Vice President in 1864, the orator and statesman, will positively speak at our great meeting next Thursday, the 26th. Be sure and come to hear him.

The Ohio Election.

Forney's Press, the Radical organ in Philadelphia, in an article on the Ohio election, says: "The vital point at issue is the question of manhood suffrage, and it is that great principle which draws out such an array of 'force,' it is evident.

It is evident that the Radical leaders are looking for the result of the Ohio election with the deepest anxiety. If the people of this State endorse the proposed Constitutional Amendment, establishing Negro Equality in Ohio, it will encourage the Radical Disunion Congress to adopt still more oppressive measures against the white people of our country. But on the other hand, if the people of Ohio repudiate Negro Equality as well as the party that favors it, the Mongrel Congress will not dare to force upon the people any more of its unjust, oppressive and iniquitous legislation. Mark that!

Radicals should turn out to hear Thurman and Pendleton on Thursday next, Sept. 26th.

They may hear something that will do them good.

Keep it Before the People.

Let it be kept before the people that General Lee, the NEGRO SUFFRAGE candidate for Lieutenant-Governor, says that the nigger is better fitted to vote than the white man. The following is his precise language, as taken from his speech as published in the Cincinnati *Gazette*, the leading NEGRO SUFFRAGE organ of the State. Read it, and ponder on it:

"But I will reply to the allegation that the Negro race is unfit for the ballot on account of his ignorance. I submit, fellow citizens, whether the Black man is better fitted for the ballot than the same number of White men who could be found in Ohio."

One striking feature of the Ohio canvass is that the Democratic speakers are all of the peace party. Not a single known War Democrat appears in the field on their side.—*Pittsburgh Courier*.

We suppose our contemporary does not consider such Democrats as General George W. Morgan, General McCook, General Durbin Ward, and a host of others, who served gallantly in the field, and were wounded in the service, as "War Democrats!" They are not certainly the kind of War Democrats out of which Radicals are made.—*Cin. Enq.*

Horrible Negro Outrages!

Legitimate Fruits of Radical Teachings.

Let White Men Read and Ponder.

We scarcely open an exchange paper now a days, but that we find in its columns accounts of the most horrible and fiendish outrages committed by black devils upon the persons of white ladies. Some of these outrages are so revolting as to cause the blood to boil with indignation. And yet, strange as it may seem, no reference is made to them in the columns of Radical newspapers; but, on the other hand, these papers are filled with articles advocating Negro Suffrage and Negro Equality. The truth is, the course pursued by the Radical leaders, in advocating an Equality of the Races, is what prompts the negroes to commit these brutal and horrible outrages, the recital of which is enough to make the heart sick.

Below we give to our readers accounts of the latest negro outrages—the first being committed in our neighboring city of Tiffin:

Terrible Outrage in Tiffin.

The Cleveland Plain Dealer has an account of the most brutal and fiendish outrage ever called upon to notice. It was perpetrated at Tiffin, Seneca county, in this State, on Sunday night last, at nine o'clock. The facts of the affair, so far as the Plain Dealer had been able to learn them, are these: The young wife of Mr. Seinoth, a respected German citizen of Tiffin, gave birth to her fourth child, last Friday afternoon. On Sunday evening, Mr. Seinoth went down town to procure some medicine, and in his absence two negroes forced their way into the house, at the hour in question. The black devils immediately seized and ravished Mrs. Seinoth—having previously craved a handkerchief into her mouth to prevent her from crying out. The unfortunate woman is in a very precarious condition.

Of course, intense excitement prevails among the German and other citizens of Tiffin and vicinity, over the dreadful outrage. Mrs. Seinoth is a highly respected lady, and the perpetrators of the crime (throughout the whole of the county) are being arrested, and in hopes the guilty ones may be found.

These outrages of negroes upon white girls and white women are becoming alarmingly frequent.

Another White Woman Ravished by a Negro.

The Metamora (Illinois) *Sentinel*, of the 5th inst., has the following:

Last Thursday afternoon the citizens of Minooka were thrown into great excitement by the announcement that a highly respected married lady, named McCulloch, had been ravished by a negro. The particulars, as far as we can learn, are as follows: On the afternoon in question, a negro called at the house of Mr. John McCulloch, distant from Minooka about one mile and a half, and asked for a drink of water. Knox County Fair.

The County Fair this year is a grand success—fully equaling the expectations of its most sanguine friends. An immense number of persons were in attendance on Wednesday, the second day of the Fair, and as we write on Thursday, the indications are that we shall have another great crowd.

In the way of fruits, vegetables, domestic fabrics, machinery, etc., the display is not so large and attractive as we could desire; but his has been chiefly owing to the want of proper buildings in which our people may display the products of their farms and machine shops. But in another year it is believed this difficulty will be removed, as it is intended, with the profits of this year's Exhibition, to erect new buildings which will be a credit to Knox county and her Agricultural Society.

The display of sheep, cattle, hogs and fine horses, is unusually good; indeed, it is an honor to our County and State. The trotting on Wednesday between the horses of Messrs. Schenck, Steele and Sanderson, was quite exciting. The first led several lengths, but the two last came out "neck and neck."

Too much praise cannot be awarded to President Potwin and other officers of the Society for their indefatigable efforts to make this Fair in all respects a success.

A Complete Fizzle.

The Radicals of Mt. Vernon had a Red Republican Infield named Hausereck, or Horsereck, from Cincinnati, posted to speak in this city on Friday night last. Believing that he would do them more harm than good the pious Radicals took their Red Republican Infield friend out to Gambier, to "speak" there instead of Mt. Vernon. A number of wagons were engaged by our Radical friends, and a free ride was offered to all the boys who would consent to go out to aid in making up the appearance of a meeting. At best, it was but a sorry affair, but few voters being present, and the people of Gambier, who, almost to a man, are opposed to Negro Equality, taking no interest in the meeting. Mr. Hausereck, or Horsereck, didn't like the appearance of things either in Mt. Vernon or Gambier, and we learn that he went away very much satisfied with his treatment, and by no means encouraged with the prospects of Negro Equality in Knox county.

A Card.

MANFRED O., Sept. 8, 1867.

At a meeting of the First Nine of "Independent Base Ball Club" at their rooms, in Millwood, Saturday evening, Sept. 7th, the following resolutions were unanimously adopted:

Resolved, That we take this opportunity to return our sincere thanks to the members of the "Mechanics' Base Ball Club" and the citizens of Mt. Vernon generally, for the many courtesies extended to us during our recent visit to that city.

Resolved, That our thanks are also due to John J. McCook, of Southville, Ohio, for the very able and impartial manner in which he umpired the game. Also to the scores, Messrs. Moore and Towley, for the faithful manner with which they performed their arduous duty.

J. N. MOWRY, Pres't.
O. H. BROWN, Sec'y.

Several advertisements intended for this week's paper, we are compelled to lay over until next, in consequence of the "pressure" incident to the County Fair.

Our good friend James A. Beam, has our thanks for the present of a fine squash, the most delicious we have tasted for a long time. Mr. B. had several of this variety on exhibition at our County Fair.

Mercuria said of his wound
"It was not as deep as well, or as wide
As a gate, but it would do
Platation Bitters would nurse the wound,
But they cure the side, and the depressed,
And render life a thing to be enjoyed."

We believe there are millions of living witnesses to this fact. Dyspepsia is a horrid disease, but Platation Bitters will cure it. It is a most invigorating tonic, for weakness and mental despondency. Those who are "out of sorts" should try Platation Bitters.

MAGNOLIA WATER—A delightful toilet article—superior to Cologne and at half the price.
Sept. 14-21.

Whose Victory?
The Cleveland Herald (Radical) says the Democratic party gained no victory in California; it was the infamous corruption that hung around its party that defeated it. So let it be; and it is the infamous corruption that is hanging around the Abolition party everywhere that will send it to the grave. Let it be called the victory of the country!

Cheering from Pennsylvania.

The most cheering accounts come from Pennsylvania of the effective work silently in progress for the success of the Democratic ticket. Those who have recently traversed that State assert that the Republicans will be defeated by from 15,000 to 20,000 votes.

OHIO STATE NEWS.

The Hocking Valley Railroad will be finished and running order, from Columbus to Lancaster, by the first of April.

Thirteen dwellings were consumed by fire on Friday morning, at Crestline, Ohio. Loss very heavy, and one man is reported missing.

A quarrel in a crowd at Sullivan's saloon, in Toledo, on Sunday night, resulted in the shooting of Thomas Laife. It is not known who fired the shot, nor whether it was intended for Laife or some one else.

A sharp storekeeper in Cincinnati, who had been annoyed by burglars, placed a loaded gun so that it would be discharged upon the breaking open of the door. The next night a burglar's corpse graced the threshold.

Frank Apt. of Caledonia, was found dead in his shanty one day last week. Deceased was an invalid and a hopeless cripple. He had purchased laudanum a short time previous, and the supposition was that he had terminated his own sufferings. So says the Bucyrus Journal.

Last week 680 immigrants passed through Columbus, 220 of them intending to locate in Ohio, 206 in Indiana, 233 in Missouri, seventy-eight in Kentucky, and the remainder in other Western States.

The Columbus lawyers beat the doctors at base ball on the 6th, 49 to 24. The doctors await their revenge when the lawyers get sick.

The Woolen factory of Thos. Wilson at Roscoe, O., was burned on the 6th; loss \$15,000.

There was a special election held in Pike Township, Perry County, Ohio, lately, for Justice of the Peace. It was warmly contested, and resulted in the election of the Democratic candidate by seventy-seven majority. Last fall the majority was but thirty-five. Straws show which way the wind blows.

A man was killed on Saturday evening of last week a short distance south of Clyde, by a train on the Cincinnati, Sandusky & Eastern Railroad. Being somewhat deaf he stepped on the track, directly in front of the train, without hearing it. Before the train could be stopped, the engine struck him, killing him instantly.

The residence of a wealthy farmer named Tanner, at Chester, Geauga County, was entered and robbed, one day last week, of \$1,700. Four citizens of the place, named Vail, McDonald, Gleason and Bartlett, were arrested on suspicion.

The State Gazette says: "There is a cherry-tree at Adena, the home of General Worthington, on which is seventy years old, and measures twelve feet in circumference six feet from the ground. It is of the 'black-horn' variety, and is a vigorous and beautiful bearer."

The Portsmouth Republican says a firm in Auburn, N. H., has proposed, on a certain condition, to expend from \$200,000 to \$300,000 in building a cotton factory in Portsmouth. The Republican hopes, soon to see the work under way.

The Central National Asylum for disabled soldiers to be located at Dayton, Ohio, will have a farm of five hundred acres, recently purchased for its use.

A burglary was committed on the clothing store of Henry Goldsmith, in Ashland, last Friday night. The thief took two hundred dollars worth of goods, and made his escape.

The Lorain County News complains of the drought and lack of moisture, drooping vegetation. There has been no rain in that section for several weeks.

The Jackson Standard reports a snake, from sixteen to twenty-five feet long, seen and chased by a large number of excited citizens in that county. Two men came near to it, in the chase, but were too much scared to fire at it, and it made its escape. "From sixteen to twenty-five feet," leaves plenty of room for guessing.

A letter-writer in Farmington, Ohio, says that the drought has destroyed the corn, potatoes, pastures and every other green thing in that locality, except himself, and that he has just been chased to the house by a hungry drove of grasshoppers.

It is acknowledged by Physicians, Druggists, and every body else who ever used it, that Dr. Schenck's Cough Balsam will cure Coughs, Croup, Asthma, and all diseases of the Throat and Lungs quicker and better than any other remedy known. We would recommend our readers to try this great remedy, knowing it to be A. No. 1.

JOKER'S CORNER

A lady asked a noted doctor if he did not think the small bonnets, which the ladies wear had a tendency to produce congestion of the brain. "Oh, no," he replied, "ladies who have brains don't wear them."

"Put out your tongue a little further," said a physician to a female patient; "a little further if you please—a little further still." "Why, doctor, do you think there is no end to a woman's tongue?" cried the fair invalid.

A poor scamp left his wife in a great rage, declaring that she would never see his face again till he was rich enough to come home in a carriage. He kept his word, for in two hours afterward he was brought home on a wheelbarrow.

A Prussian mayor, when required to draw up a list of all the men in his village who attained the age of twenty-five, replied that there was only one man exactly twenty-five and that all the others were older or younger.

"What did you used to do, mamme, before you were married?" asked a chorubic four year old. "Well, my dear, I had a very good time." "A good time!" he exclaimed, indignantly—"what, without me!"

"What news to-day?" said a New Orleans merchant, to his friend lately. "What news?" responded the other; "nothing, only things grow better—our people are getting on their legs again."

"On their legs," said the first; "I don't see how you can make that out." "Why, yes," replied the other; "folks that used to ride are obliged to walk now; is not that getting on their legs again?"
