The material in construction are a sandstone for the main and brick wall above the work, being what is termed rock-ashler work, with smooth cut water table and window sills of a fine stone, brought from Holmes co. The stone work was done by E. J. Tucker & Edgar, of Amity, this county; the brick work by B. J. While the building is very modern in cost—not exceeding \$15,000—we safely say it is one of the most unstructures of the kind inside of K county, and well may the people of Fredericktown feel proud of it as one of their fine public buildings.

THERE have been no more withdrawals from the Republican State ticket during the past week.

JOHN SHERMAN is a great singer, but he sings only one song—"The Song of the Shirt"—the bloody-shirt.

JOHN SHERMAN is a great warrior, but all his terrible battles are fought with his faithful and wonderful mouth.

Small notes of the denomination of \$1 and \$2 commanded a premium of \$1.25 per \$1.00 in New York.

RATHER than drop \$1,000 into the Republican corruption fund Judge McKeane quietly withdrew from the ticket.

Ir Iowa and Kansas cyclones are to be transferred to Ohio, then a new class of Insurance companies will become necessary.

A PROHIBITION Club has been formed at Millersburg. We presume the next thing will be the nomination of a ticket, and the starting of a newspaper.

The Steubenville Gazette says that the effect of Benny Forker's speech at that place "was to convert several Republicans to the Prohibition faith."

EMORY A. STORRS, the distinguished Chicago lawyer, died suddenly, of paralysis of the heart, at Ottawa, Ill., on Saturday morning.

The report that Dick Nevins had received the appointment of Government Printer seems to have had no foundation. Mr. Rounds "holds the fort."

JOHN A. LOGAN has expressed a willingness to make a few speeches in Ohio this campaign. When look out for bloody murder—of the Queen's English.

THE NEW YORK Evening Post (Rep.) says of Senator Sherman's Mt. Gleed speech: "It is a harvest of fallen leaves and empty husks, too meager for criticism."

THE AKRON Times says that John G. Warwick will receive 10,000 more votes this fall than he did two years ago, when he was elected. Warwick is a good man.

THE rolling mills in Western Pennsylvania, which have been a long time idle, are starting up again, with plenty of orders and every prospect of doing a good business.

JOHN SHERMAN is a genuine Bourbon—he has learned nothing and forgotten nothing. He makes the same bloody-shirt speeches every year, without the slightest variation.

IMMENSE crowds of people visit the ruins at Washington C. H. daily. Excursion trains were run on Sunday for the benefit of the sufferers, carrying about 20,000 people.

JOHN JOHN A. BINGHAM, ex-Minister to Japan, returned to his home in Canby, Ohio, on Thursday last, after an absence of thirteen years. He met with a cordial reception.

THE Hungarians and other foreign cheap laborers at the Saxton furnaces, Bedford, Pa., have been discharged, and American laborers employed in their stead.

REV. WALTER T. MILLS, of Wooster, who is now stopping the State for the Prohibitionists, confidently claims that his party will poll 80,000 in October. This is pretty tall talk.

J. W. NORTON, the Greenback-Labor candidate for Governor, has also challenged Forker to a debate. Poor "Little Breeches!" He has a hard time doling and straddling!

THE men who are now howling the loudest for war, were never in a battle, and only smelt gunpowder in the commissionary department, behind breast works of pork and beans.

JOHN SHERMAN will not have the valuable services of his dearly beloved friend Lie Pinkston, to assist him in waging the bloody shirt during his campaign for the Senate.

JUDGE WALLACE has declined the Democratic nomination for Common Pleas Judge in the Columbiana-Carroll district; but his friends seem determined to run him, *ad us vultis*.

THE Cleveland Plain Dealer declares that the cyclone in Southern Ohio was occasioned by the State's view to that region. He is all wind, and he let too much go, hence the destruction.

THE Sharpshooters Mill, near Pittsburgh, Moorhead Bros. & Co., proprietors, which has been idle since May, 1884, has resumed operations, and has been arranged for the use of natural gas.

HON. HERMAN GROSVENOR, of Henry, and Major Dodd, of Lucas, are the Democratic nominees for Senator in the district composed of the counties of Lucas, Wood, Fulton, Henry, Putnam and Hancock.

NEARLY all this talk we hear about stopping the coinage of silver comes from Wall street and its satellites, the men who wish to depreciate the money of the people, and then speculate upon their own acts.

THE President of the Cashier of the Humboldt Savings Bank, of Erie, Pa., have been arrested for receiving money from depositors when they knew the bank was bankrupt. Erie now has three broken banks.

"This tone of business is better and a more hopeful feeling as to the future," is the way the New York Tribune and Philadelphia Press (Republican papers) express it, and the same remark comes from other quarters.

CONCERNING the law relative to selling intoxicating drinks within two miles of any State, county or district fair, Judge of Springfield, a clear headed Republican Judge, decided, in a special case that came before him, that "the interest of the law covered only temporary stands and booths, and not regularly established places of business."

We have issued no Campaign Prospectus for the BANNER this year; but to accommodate a class of readers whose chief interest in a newspaper is confined to the election period, we will send the paper from now until Nov. 1st for 25 cents, or four copies for \$1.00. Get up your clubs at once.

The Republican State Central Committee have nominated Mr. Thaddeus A. Minshall, of Chillicothe, for Supreme Judge, to fill the vacancy on their ticket created by the resignation of Judge McKeane. His principal competitor was John S. Brazee, of Lancaster; but Mr. Minshall's friends promised to put \$5,000 boodle in the campaign if their man was honored with the nomination, and this decided the contest.

HON. EDWARD A. ROLLINS, President of the Centennial Hall of Philadelphia, died at Hanover, N. H., last week. In 1863 Mr. Rollins was appointed cashier of Internal Revenue at Washington, being the first incumbent of that office. In 1864 he became Deputy Commissioner of Internal Revenue, and in 1865 was promoted to the position of Commissioner, which office he filled until 1869, when he resigned.

The Columbus Dispatch (Rep.) is constrained to remark that "Governor Hoadly's speech at Hamilton, Saturday evening, was the best of the present campaign," and adds, "Being the leading Governor in the United States, in point of legal ability and power as a public speaker, he could not do otherwise than present his views upon the leading public questions in a very attractive form."

THE Ohio clerks in Washington will not be coming home to vote this year with such earnestness and promptitude as heretofore. Nine-tenths of them are Republicans, and most of them party stumpers and workers. They are not taking much interest in politics just now, but are hypocritically making warm professions of friendship for Mr. Cleveland's Administration.

HON. MILLS GARDNER, formerly a Republican Congressman from Ohio, addressed a large Prohibitionist meeting at Ludlow Falls, on Saturday, when he undertook to show that the liquor habit in the Republican platform is unconstitutional. He proved his position by quotations from the speeches of prominent Republicans in the Constitutional Convention.

GEO. R. P. KENNEDY, the Republican candidate for Lieut. Governor, spoke to an audience of about one hundred, one-fourth of whom were Democrats, at Ashtabula, one night last week. It was a regular bloody-shirt harangue, and strange enough he made no allusion whatever to either Forker or Cleveland. The few Republicans present were disgusted.

A HEALTHY sign of better times is shown in the fact that the Mahoning Valley Iron Company, of Youngstown, on Monday, broke ground for the erection of a large sheet-iron mill adjoining their extensive iron plant at that city. The sheet-iron mill will be the largest in the Mahoning Valley, and it is intended to have it in operation within ninety days.

A FIERCE and furious quarrel occurred at the Republican headquarters in Columbus on Sunday evening, the principal participants being Hon. George K. Nash and Hon. C. L. Kurtz, of Athens. The lie was frequently passed between the parties, but Nash appeared in better condition than his antagonist after the last round. "I was here," he said.

A FARMER near Dayton took his shotgun and blazed away at some boys who were making themselves too familiar with his melon patch, seriously wounding them. If this shotgun business had taken place in the South, and the parties hurt were negroes, goodness gracious! wouldn't John Sherman have a fine text for a bloody-shirt speech?

IT is in exceeding bad taste for John Sherman to speak of "Southern" in the South," for the most shameless, villainous and diabolical outrage ever perpetrated, by which the entire electoral votes of two Southern States were taken from Samuel J. Tilden, and given to "Frank Hayes," was planned and executed by this same John Sherman.

IT is said that John W. Mackay, the "Bonanza King," is anxious to succeed James G. Fair, in the United States Senate, and we presume if he pays enough money he will secure the place. The shoddy aristocracy will be in clover when Mr. Mackay displays his diamonds and Paris dresses in the fashionable circles of Washington.

PARSON NEWMAN, the intimate personal friend of General Grant, feels fully warranted in saying that "Gen. Grant's death cemented the union of North and South; his ghost still haunts the man who would disturb that peace."

THE Republicans of Holmes county have a full ticket in the field, as follows: Representative, William Duncan; Treasurer, A. B. Rudy; Sheriff, James Beck; County Surveyor, Andrew Johnston; Recorder, M. T. Scarborough; Infirmary Director, Abram Mast; Coroner, Dr. D. S. Ohmsted.

A MOST shocking affair occurred at Ridge Farm, near Danville, Ill., last week. Perry Whitlock, who has been made unusually good nominations for the boodle element being entirely ignored in the selection of candidates. Success should follow such good work.

THE rascally polygamist Mormons at Salt Lake City, have been throwing great masses of filth into the houses of the United States Commissioner and Attorneys, who have been hearing the money in regard to their unlawful cohabitation cases. Mormonism must go.

REV. T. DEWITT TALMAGE says he has "thought and prayed on the subject," and he cannot see that it would be his duty to accept the Prohibition nomination for Governor of New York. He prefers orating from the pulpit and selling his sermons to the newspapers.

THE Philadelphia Times pertinently remarks that it would be interesting to know what the people of Ohio think of their Republican leaders. It is clear from their speeches that the Republican leaders consider the Ohio people an aggregate of consummate fools.

HON. M. D. HARPER, the Democratic nominee for State Senator in the Richmond-Ashland district, while at Canton, his former home, on last Friday, was serenaded by his old friends, and he responded in an eloquent speech, which was warmly applauded.

REV. DE. LEONARD, the Prohibition candidate for Governor, spoke in Cincinnati a few evenings ago, when he took occasion to give the editor of the Commercial newspaper a terrible exhortation for his numerous lying statements in regard to himself.

MISS SWEET, who has just been removed from the Chicago Pension office, to make room for a soldier's widow, is said to have made herself rich while in office. She had a number of friends, pensioners on there could throw some light on the subject.

THERE are plenty of good Republicans, who admire frankness, sincerity and honesty in a candidate, who will vote for George Hoadly for Governor.

The Late Terrible Storm.
A pretty full account of the devastation of Washington C. H. by the late tornado, will be found on the first page of this week's BANNER. The storm seems to have killed many other persons of the State, and we have reports from Pickaway, Ross, Champaign, Highland, Pike, Muskingum, Crawford, Wyandot and other counties, that houses, barns, trees and fences were swept away and many persons seriously injured.

A late dispatch from Washington C. H. gives the names of one hundred and thirty-seven persons and firms, whose losses run from \$400 to \$20,000, aggregating, altogether, \$312,580. Losses under \$400 are not taken into the count.

Governor Hoadly has issued a proclamation in regard to the cyclone at Washington C. H. He says that he has made a personal examination of the ruins and that the citizens are in distress. He makes an earnest appeal to the people of Ohio to offer what relief they can. Contributions should be addressed to Marcus A. Barclay, Mayor of Washington Court House.

CHARLES BOSENEILL is reported to have declared that he would have "every d—nigger vote, if he had to give them \$10 a piece, so that it could not be said in the future that he had allowed the Republican vote to fall off while he was chairman."

A dispatch from Rich Hill, Mo., says: "High winds visited this place last night, causing several thousand dollars' worth of property to be destroyed. Mr. Klatschke was partly demolished and his son, aged fifteen years, crushed to death. H. M. Booth's house was torn from its foundations, and a number of other houses were unroofed."

On Lake Huron the storm lasted two days and was very destructive to the shipping, many vessels being completely wrecked, but no lives are reported as lost.

THE President has appointed Moses A. Hopkins, of North Carolina, Minister Resident and Consul General at Liberia, with a salary of \$5,000 a year. Mr. Hopkins is an intelligent, educated colored gentleman. He was a slave before the war, but after his liberation he went to Pittsburgh where he secured work, and having a thirst for knowledge, every spare moment found him with a book in his hand. After securing a common school education, he attended a course of studies at Lincoln University (colored) in Pennsylvania. Until recently he was Principal of the State Normal School for colored students at North Carolina. He is the second colored man appointed to an important office by President Cleveland—the other being a colored physician of New York as Minister Resident at Hayti. Facts like these are never mentioned by John Sherman in his bloody-shirt speeches.

IT is probable that Judge McKeane did not give all his reasons for withdrawing from the Republican ticket to the nominees for Supreme Judge. We see it stated that the Executive Committee proposed to assess him \$1,000, as his share of the campaign boodle, but he made a vigorous kick. Then again it is stated, that the Lincoln Club, Cincinnati conspired to force him from the ticket, for fear of losing the German vote, in consequence of the views he expressed in regard to the Poud law. Committees from the Club were sent to Columbus and also to New Philadelphia, Ohio, to express purpose of building a bridge in regard to a withdrawal from the ticket, so that a more pliant tool might take his place.

GROSS and outrageous frauds have been unearthed in the pension department of the Government, through the vigilance of Col. Robert Clipp, who was sent out from Washington to make an investigation. In Chicago, alone, five hundred fraudulent pensioners were found on the pay-roll, and in Colorado, although the investigation has not been as thorough as in Chicago, still a large number of fraudulent pensioners have been discovered, and their illegal expenses cut off. It is said that the Government will save nearly \$15,000 in this State alone, and although Capt. Barger is receiving a storm of curses from the swindlers, still he will receive the thanks of all honest people.

REN BUTTERWORTH, a story teller, is entitled to the red ribbon. He told a Washington reporter the other day that Forker was defeated two years ago because so many Prohibition votes were cast, but that this year there are no Prohibitionists in the State and Forker will be elected. In 1883 Hoadly had 1,250 majority over the Republican. Prohibition and Greenback candidates for Governor all combined. Ren Butterworth ought to learn something about Ohio politics before he does any more talking.

HON. J. A. CRESSWELL, formerly Republican Postmaster General, has been drawn a salary of \$8,000 per annum for several years past, as an attorney before the Alabama Claims Court, and in point of fact, he has rendered no service to the Government. This is a gross case of embezzlement, and (for it cannot be called by any milder name) has been stopped. Jim Blaine's son also had his supplies stopped.

FREDERICK WARD, of the banking firm of Grant & Ward, testified in New York, last week, that the firm, before its failure, paid as high as 20 per cent. interest on \$400 per annum in promissory notes! Such wild financing was never equalled in the history of the world.

WE take great pleasure in recording the fact that the Democratic party, in nearly every county in the State, has made unusually good nominations for the boodle element being entirely ignored in the selection of candidates. Success should follow such good work.

THE rascally polygamist Mormons at Salt Lake City, have been throwing great masses of filth into the houses of the United States Commissioner and Attorneys, who have been hearing the money in regard to their unlawful cohabitation cases. Mormonism must go.

THERE are plenty of good Republicans, who admire frankness, sincerity and honesty in a candidate, who will vote for George Hoadly for Governor.

REV. A. D. WILLIAMS, a Baptist clergyman of Zanesville, used improper language to a lady in his congregation, and when the matter became known he resigned and took a heavy dose of morphine with suicidal intent. He came from Pittsburg, Pa., some four years ago, and has been under a cloud ever since.

THE Pittsburgh Dispatch (Rep.) says: "The Ohio election started out with the auspices in favor of the Republican party. But let Sherman and Forker make a few more speeches and they will be likely to achieve the unenviable record of having defeated themselves with all the odds in their favor."

Our course was all idle talk to make Miss Cleveland, or any other lady President of Vassar College, Dr. Sargent White Duncan, once a Cincinnati clergyman, has been chosen to look after the well-being of that athletic institution.

It is said that the Republican State Committee, failing to get any good results from Washington, are assessing the candidates on the State ticket from \$1,000 to \$5,000 each. It is no wonder that Judge McKeane retired from the ticket in disgust.

CHARLES BOSENEILL is reported to have declared that he would have "every d—nigger vote, if he had to give them \$10 a piece, so that it could not be said in the future that he had allowed the Republican vote to fall off while he was chairman."

DASTARDLY MURDERS.

Or Two Former Knox County
Citizens.

William Montis, aged about 30 years, a
son of the late Captain M. D. Montis, who
is well-known here, where he was raised by
Mr. Solomon Montis, an uncle, was shot
and instantly killed, August 10th at Lexington,
Ky. The facts of the case, which have been care-
fully suppressed, reached the ears of a Baxsian
reporter on Monday night, after some investigation
succeeded in obtaining the meagre details, which
are here presented:

Young Montis left about three years ago,
and secured the position of freight con-
ductor on the Central Kentucky railroad.
Some time in the Spring a car was broken
open and a quantity of tobacco and other
articles stolen. Detectives were placed on
the job and the chief of police of Lexington
having a suspicion against Montis followed
him to his train on the evening in question
and undertook his arrest without a warrant.
Montis demanded to see his authority, and
the officer failing to produce the papers,
Montis boarded the caboose of his train, when
the policeman followed him to the platform
and with drawn revolver commanded him
to get down. Montis refused to obey, the officer
shot him, the ball entering near the heart,
producing death in a very short time.

The coroner held an inquest and rendered
a verdict in accordance with the above facts.
Thereupon the murderer was arrested and
waiving examination was bound over to
court, which convenes next month. The
prosecuting attorney has written to the
friends of the deceased at this point, stating
that he would have the body of Montis
returned to his family, and that the case
will be vigorously prosecuted.

REMA HONOR HAYLAND KILLED BY HER HUSBAND
About half past eleven Tuesday night,
Mrs. Emma Horner Hayland, wife of patrol-
man Hayland, was shot and instantly killed
by her husband at their home in North Co-
lumbus. The deceased was aged about 25
years, and was connected by birth with some
of the most prominent citizens of this county.
When scarcely 15 years of age she was married
to a Pan Handle engineer named Hulen, by
whom she had one son. They did not live
happily together, and finally separated. A
few years ago she married Hayland, who was
acting in the capacity of patrolman. They
ran as usual, and Hulen, the step-son acted
as a hanger-on. They frequently quarrelled
and on Tuesday night Hayland returned
home from a drive under the influence of
liquor and ordered his stepson to put up the
buggy. He refused to do so, and the wife
interfered, when the husband in a fit of rage
landed a blow on her forehead, which pro-
duced instant death. He then shot himself, with
suicidal intent, the ball entering near the region of
the heart. The scene which was horrible in the
extreme is thus described by the Columbus
Times:

"Words cannot describe such a scene. Its
details were those of fearful horror in every
way. As soon as Coroner Egan arrived Hay-
land's body was removed to the morgue, and
the body of the deceased was placed upon the
bed. He then shot himself, with suicidal
intent, the ball entering near the region of
the heart. The scene which was horrible in the

the followers of the "gangster old party,"
which was held at the Court House on Sat-
urday last. General "Bob" is compactly
built, dressed faultlessly, looks like a good
"feeder," and at all times is in the lead
of the crowd. The Rev. Dr. Leonard is
dressed to suppress in this State. "Bob"
carries with him during his tour of the
country "desks," a very fine one be-
longing to the State of Ohio, and which he
uses to carry his "desks" and "desks" and
which he unrolls and displays for the edifica-
tion of the few remaining folks in the
country who imagine that the "cruel war"
is not terminated. On this occasion he
was accompanied by a fair-minded Republi-
can, who was placed on the ticket of the
convention to fling to the winds the
tattered and dirty garment, which the
cunning and imitative Congressman-elect
took great delight in doing, and waxed
ecstatic in defense of the festering political
and departmental which he has put on.

I have been taking your PERUNA for one month. The neuralgia and catarrh is almost well, and the cough is much better. I like your PERUNA very much."

C. E. Dupler, aged thirty-four years, of Equality, Illinois, writes: "I have been afflicted with a chronic catarrh which I first discovered six years ago. In succession he lost his smell, taste and hearing. The disease was so malignant that it not only attacked the softer parts, but destroyed the bony partition of the nose and seriously affected the external parts. He could only hear a watch ticking by holding it close to his ear. He suffered intense pain in the nose, from which green, dry clots of offensive odor fell. In this condition he presented himself to Dr. Hartman several months ago. He can now hear a watch eight inches from his right ear and six inches from his left ear. His taste and smell are again restored, and the external part of the nose is quite well. Few more grateful patients ever left a physician's office than Mr. Dupler. He said, 'Why in the world was PERUNA not prescribed for me long ago?'"

For a year, or years, (the writer does not remember the length of time) this lady had cramps, the most fearful of the stomach, every day and night, which would be followed by that terrible weakness, which was something wonderful. The suffering and distress of this lady was indescribable and almost unendurable. After all the physicians and medicines had failed, and all hope had almost fled, Dr. Hartman was consulted, and from the first day of taking his PERUNA, the cramps, and all the feeling left her, and now for over a month has been entirely free from every symptom. A more thankful patient no doctor ever had."
