We have no news of importance this week from the seat of war in Europe. A few days ago, a report reached us that Prussia had offered to negotiate a treaty of peace with France, the substance of which was that a large tract of French territory should be ceded to Prussia, and Napoleon's little son should assume the reins of government, with Bazaine as director; but as this report was not confirmed, we presume it was without foundation. The Prussians are still "pegging away," (to use one of Mr. Lincoln's elegant expressions) around Paris; but they appear to be making no headway towards the subjugation of the French Capital. An effort is being made to induce England and Russia to propose terms of peace to the belligerents.

Indiana.

The Democrats have the state by a small majority. The Congressmen are as follows—Democrats in italics:

1st Dist. William E. Niblack.
2nd " Michael C. Kerr.
3rd " Wm. S. Johnson.
4th " John M. Wilson.
5th " John Coburn.
6th " D. W. Vorhees.
7th " M. D. Manson. Dem. gain.
8th " James F. Tynes.
9th " J. P. C. Shanks.
10th " William Williams.
11th " Jasper Packard.

Present members.

This is a Democratic gain of one. Wilson, in the 4th district, has 4 majority, Shanks, in the 9th, has 285.

Common Pleas Judge.

The following is the vote in this Judicial District for Common Pleas Judge:

FOLLETT. KIDLER.
Licking 4381 3164
Delaware 1933 2320
Knox 2868 2688

1902 8872

Follett's majority, 720.

In Delaware county, William Sample (the Prohibition candidate), received 148 votes.

ELECTION NOTES.

The Democratic majority in Ashland county is 288 for Secretary of State.

The Republican majority in Morrow county is 662.

The Democracy of Fairfield county roll up a majority of 1611 this year.

Gen. Beatty's official majority in the Eighth district is 1169.

Smith, the Radical candidate for Congress in the 6th district, has only 251 majority over Denver. About 2,000 negroes voted in the district, which shows a white majority of at least 1,700.

The official Democratic majority in Tuscarawas county is 562 for Secretary of State, and for Congressman 567.

The official Radical majority in Washington county is 480. Total vote polled 6831.

Mr. Lockard, the regular Democratic candidate for Sheriff in Anguila county, has been defeated by 28 votes by Mr. Kohl, the "Independent Democratic" candidate.

The total vote of Montgomery county at the late election was 12,092. Democratic majority 352.

Van Trump's majority in the 12th district is 8,858, being a gain of 945 over his majority two years ago.

The Democrats of Muskingum county elect their Sheriff by a majority of 81, but lose the Clerk by 100.

Belmont county is still Democratic, but the majority is small.

Garfield's majority in the 19th District two years ago was 10,428. This year the Brigadier only received 6,130 majority—enough to prevent any contest of his seat—but indicating that his popularity is on the wane.

Delano Made a Cabinet Officer.

"Wonderful the luck of Delano!" exclaimed a Republican the other day, upon hearing that Columbus Delano had been appointed Secretary of the Interior in place of that high-minded, honorable man, Governor Cox. People hereabouts, who know Delano, were not surprised at his promotion; for, notwithstanding he has scarcely a sincere friend in Mt. Vernon, he manages by low cunning and a hypocritical profession of honesty, to make some people believe, who don't know his real character, that he is a pure minded and honest man, when, in point of fact, he is an ardent hypocrite and political humbug as walks the earth. Grant, whose instincts are good, and whose mind is weak, is just such a person as could be easily imposed upon by Delano. Grant has not brains enough to distinguish brass from pure gold; and a greater bundle of brass could not be found than the "pork and beans hero." When such a person as Columbus Delano becomes a Cabinet officer, well may honest, patriotic men, weep for their fallen country.

Extensive Earthquake.

An earthquake passed over the United States on Thursday morning last, which commenced in Maine, and extended west as far as Detroit, covering a belt of country probably one hundred miles wide, through New York, Canada, Pennsylvania and Ohio. It was sensibly felt at Burlington, Montpelier, Providence, Portland, Bangor, Brunswick, Montreal, New York, Schenectady, Oswego, Auburn, Conneautville, Buffalo, Cleveland, and many other places. Buildings were shaken to and fro, causing a panic among the people, more especially school children. In many cases the walls were cracked open, and houses otherwise greatly injured. The shock lasted from two to five minutes. We believe this is the first earthquake that ever passed over the United States.

Knox County.

We congratulate Bro. Harper on the entire redemption of Knox Co., and the glorious majority of 2,800. Gen. Morgan, the able champion of the people, has received in that district over Potwin. Hereafter we may hail old Knox as ranking in the Democratic column.—*Shield and Banner.*

We are receiving congratulations from our Democratic brethren all over the State for the gallant fight made by the Democracy of Knox county.

The fact that while the Radicals had the benefit of the negro vote, all the elements opposed to negro equality, Radicalism, high taxes, and a mongrel aristocracy, united the Democracy in bringing about the glorious result.

General Morgan's Popularity.

We copy this from the Zanesville Courier:

"Gen. Morgan's majority is placed at 2,410 in the district. Knox county ran him ahead of ticket, and the general election of the whole State, has been the grounds of personal favors due to some of his citizens in the way of getting a relief bill or something of the kind through Congress. We wouldn't give much thought for a man's political principles who permits them to be swayed by such things."

But we would give a good deal for that man's sense of duty and right, that would prompt him to vote for a Representative in Congress who attends faithfully to the local wants, as well as to the general interests of his constituents. This, Gen. Morgan is known to have done; hence his popularity and his increased majority in the district. While he has faithfully served the whole State, the District, he has done all in his power to meet the wants and advance the interests, not only of the citizens of Knox and Muskingum, but of every other Co. in the district. As to what he has done for his own county, we could summon some of our most prominent citizens belonging to the Republican party even, to testify. They could state facts which prove incontrovertibly that Gen. Morgan is the very man needed in Congress, not only to guard the interests of the people at large, but those of the people of his own district in particular. This the Courier knows; hence its veneration.—*Zanesville Signal.*

A Negro Victory.

The negroes of Columbus had a grand justification on Friday night over the result of the election. A number of speeches were made by the black Republicans present—all of the speakers claiming that they achieved the victory for the Radicals at the late election. It is reported the negroes intend to set up a claim for the candidate for Lieutenant Governor at the next election.

The New York Nation, Radical, thinks it is time for Mr. Washburne to come home. "Most people were only reconciled to his appointment," it says, "by the belief that he would have nothing to do, and needed a change of air." "He has broken down pitifully under his duties, and 'been sinking steadily into a street denouement.'"

John Allen, the "widest man in New York," died on the 16th of last month, having accumulated wealth to the amount of \$100,000 in keeping a low dance house. It is said that in his sober moments he professed religion and died happy.

POLITICAL.

H. L. Dawes has been renominated for Congress in the 10th Mass. District.

Mr. Medill, of the Chicago Tribune, has published a card, withdrawing his name from the contest for the Republican Congressional nomination.

Troops are wanted in Arkansas to whip the people into the support of the Radical cause.

John A. Logan wants to go to the U. S. Senate from Illinois.

An Independent Republican party is expected to take a share in Cincinnati local politics at the next city election.

Since the election Colfax has taken the veil, and is devoting himself to the education of a white squirrel at South Bend. He will never smile again.

A colored gentleman in Pennsylvania, who only fired a charge of shot at a bevy of young girls which they laughed at him, has been cruelly arrested.

Senator Chandler is given credit for being the most inveterate and persistent in his war upon Secretary Cox, with a view of getting him out of the Cabinet.

The Democrats carry Pennsylvania on the popular vote at the late election by 5,000 majority.

The Young Democracy, of New York, have nominated John Fox for Congress in the Fourth District, and John Morrissey in the Fifth.

The Kings County (N. Y.) Democratic Convention made the following nominations on Friday: For Congress, Second District, Thomas Kinsella; Third District, Henry W. Slocum.

The Enquirer says 1,500 negroes voted in Cincinnati this defeating Taylor and Cary for Congress.

The first negro juror in Logan county was sworn in a case in the common pleas court at Bellefontaine on Wednesday of last week.

Hon. S. S. Cox, formerly of this State has been renominated by the Democrats of the 6th District in New York City for Congress.

Gov. Seymour, having returned from the West to his home in New York, has taken the stump in support of Hoffman and the Democratic cause.

Mrs. Dr. Mary Walker is going to tell what she knows about Grant's getting drunk while in the army. We are impressed with the idea that Grant is not "Mary's little lamb."

A criminal, pardoned out of the penitentiary of Pennsylvania by Governor Geary, at two o'clock on election day, was immediately taken to the polls in a carriage by the Radicals and voted the Radical ticket.

The Indiana Legislature is better than we stated last week. The Democrats have not only the House of Representatives, but they have tied the State Senate, it standing 25 Republicans to 25 Democrats.

Col. Ball, of Canton, was mainly instrumental in building one of the finest Methodist churches in Ohio; but his "brethren" in that district went back on him for Congress. Ingratitude is one of the worst sins.

The following gentlemen were nominated Friday night by the Tammany Democrats, for Congress, in New York City: Fourth District, Morgan Jones; Fifth, Wm. R. Roberts; Sixth, S. S. Cox; Seventh, Smith Ely; Eighth, James Brooks; Ninth, Fernando Wood.

The Harrison (Pa.) Patriot of the 17th inst. says that "the Democratic majority in that State, on the popular vote, will not be short of 5,000." Thus of the four great States which voted on Tuesday, the 11th instant, Indiana and Pennsylvania went Democratic, and Ohio and Iowa Republican.

A remarkable phenomenon occurred at Loudenville on the day on which the shock of the earthquake was felt, about three miles East of town at a place called Trump's Mill, and on a small hillside that had heretofore been dry ground. It is causing considerable excitement.

The Democratic State Convention in Massachusetts passed the following significant resolution:

Senator Morton.
Senator Morton has formally declined the mission to England, giving as a reason for doing so that in the event of his resignation as Senator, the Democrats being in a majority in the Legislature of Indiana, they would not fail to elect a successor from their own party; setting forth the impropriety of such a course on his part in connection with the interests of the administration. He cordially thanks the President for the most distinguished favor in tendering the mission, and it is understood the President replied in terms equally friendly.

It is now said that Postmaster General Creswell will be offered the English Mission, and that John W. Forney will be made Postmaster-General! Delano and Forney! Forney and Delano! Oh, what a Cabinet!

REV. L. F. BITTLE.—The Christian Church of this place have secured the services of Rev. L. F. Bittle, late of Painesville, O., as their pastor. The following, clipped from a Painesville paper, is evidence of the high esteem in which he was held in that vicinity:

A COMPLIMENT.—We noticed two weeks since that the Rev. Mr. Bittle, of the Disciple Church, had gone to Mt. Vernon. In noticing the change, the Geneva Times says:

Eld. Bittle, for several years pastor of the Disciple Church, Painesville, has accepted a call from Mt. Vernon, Ohio, and removed to that place. Mr. B. is known to many of our citizens, having preached for the Disciple society here. He is a gentleman of fine culture, and the citizens of Painesville have parted with a valuable member of society.

We are informed that the Disciple Church here very much regret having accepted his resignation. They will find it hard to fill his place.

THE BANNER.

Mount Vernon, Oct. 28, 1870.

LOCAL BREVITIES.

We have had lovely fall weather this week.

Mr. Gilman has only four drinking glasses.

Burglars are having a rich harvest over in Tuscarawas county.

Apples are plenty, after all, and sell at 50 cents per bushel.

A splendid Masonic Temple has just been dedicated at Akron.

Carlington is making another effort to become the county seat of Morrow county.

Mr. Siler's new house, at the corner of Gambier and Gay streets is nearly completed. It has moved his family into the back part of the building.

Mr. Hodder has sold the establishment of the *Marion Mirror* to Messrs. Newcomer & Weber, who have greatly improved the paper.

John Cooper of this city and George W. Butler of Millwood, left for the "wilds of Michigan" on Monday, on a hunting expedition.

Mr. Belden is adding another story to his store room adjoining the Bergh House, giving it a finish in all respects similar to that hotel.

Henry B. Curtis, Esq., is putting up another fine tenant house on Chestnut street, between Main and Mulberry. Mr. Rathall has the contract for all the work.

The Gambier Hack came to grief on Monday morning, when turning the corner of Main and Gambier streets. One of the axles broke, letting down the passengers handsomely. "Nobody hurt."

A large party of gentlemen, consisting of citizens of Columbus, Newark, Mt. Vernon, Lima, etc., started this week on a grand "autumn hunt" to Kansas, Colorado, and the Rocky Mountains.

W. W. Gage, just sent to the penitentiary from Richmond county, for throwing a train of the track, made an unsuccessful attempt to take his own life, in the Mansfield jail, after his conviction.

A sick horse, attracted a great crowd of tender-hearted people, on Gay street, on Tuesday. Had it been a sick man instead of a sick horse, probably most of the crowd would have "passed by on the other side."

We learn that Dr. Potter, Sr., after a few years' experience of Missouri life, has concluded to return to his old home at Fredericktown, and resume the practice of medicine.

Mr. and Mrs. Connelly have left Mt. Vernon, and have gone to Kansas City to reside. Miss Cassie Connelly, their niece, who has become somewhat famous in this community as a "spiritual medium," accompanied them.

Quite a number of witnesses were before the Grand Jury this week, for the purpose, it is said, of having some members of the City Council indicted for illegal charges for work. We presume this is Delmon's last kick at the Council.

Some lady sends us a piece of "poetry" in answer to the "call for a wife," published in the *BANNER* of October 14th. If our correspondents cannot cook a better meal than this, perhaps, we pity the poor devil whose fate is linked with hers.

Some person who signs his name "Sharpe," sends us an advertisement from New York, with request to charge the amount to his "agency." He is not quite "sharp" enough to impose upon us in that matter. We are done with all kinds of New York shapers.

Bird's Eye View of Mt. Vernon.

We have had the pleasure of examining a copy of the "Bird's Eye View of Mt. Vernon," just completed, and are glad to say that we find it not only artistic in style and faithful in detail, but that it is executed in the highest style of the art, and is so decided an improvement on the sample sketch shown by the agent, while soliciting subscriptions, some time since, that it cannot fail to give entire satisfaction to subscribers, and will be much prized by all who possess artistic taste. Mr. Wm. R. Patten is now in town, to deliver the work to subscribers. Mr. Patten informs us that he has a few extra copies, but that he is not here to make new sales, but only to deliver to subscribers; and should they wish extra copies to send to their friends, he will roll them ready for mailing, and give subscribers the benefit of extra copies, at reduced prices. The postage is only six cents to any place in the United States, and twenty-four cents to Europe. We hope all the extras will be taken, and sent abroad. Much credit to the town can be accomplished in this way. There is no better advertisement to bring our city into notice abroad than this; the more sent away, the better.

State Temperance Convention.

A State Temperance Convention commenced its session in this city on Wednesday morning. We dropped into Temperance Hall about noon, and found just nine persons present, two of whom were citizens of Mt. Vernon, engaged in an earnest discussion in regard to an amendment of the Constitution of the Society, so as to accept contributions from non-temperance people, and to omit the yearly assessment of 25 cents upon members. We did not remain to hear the result. It was altogether a very dry gathering.

A Frigorous Scene.

During the performance of Van Amburgh's Menagerie, at Bellevue, on Friday last, a gale of wind blew down the large canvas, causing a terrible panic among the crowd, and doing considerable damage to persons and property. Two children were killed, and many persons seriously injured. The elephant escaped, but was soon afterwards captured, and reduced to subjection. The man who had charge of the lion's cage was so badly injured that he had to remain in bed during the stay of the company in Mt. Vernon.

Thieves and Pickpockets.

Van Amburgh's Menagerie brought a great crowd of people to Mt. Vernon, and it brought with it, also, an army of roughs, thieves and pickpockets, who practiced their light-fingered art with wonderful success among our unsuspecting people. Not less than fifteen or twenty persons have had their pocket-books stolen, and from the reports that have reached us we presume that at least one thousand dollars passed from its rightful owners to the hands of these adroit rascals. Such wholesale robbery was never practiced in this community before.

Gen. GEORGE W. MORGAN'S majority in the Thirtieth District is 2,940. Gen. Morgan made a handsome campaign, and the result shows that his labors were well rewarded. —*Wanted Democrat Union.*

Death of J. Mozier, the Sculptor.

By letters just received in this city, by friends of the deceased, we learn that Mr. JOSEPH MOZIER, the distinguished American Artist, of Rome, Italy, died on the 3d inst., in Switzerland, while en route by St. Gothard Pass, to his home.

Mr. Mozier, when a boy, and in the early years of his manhood, resided in this city, and married his wife here, (a sister of Mrs. Henry B. Curtis), and subsequently established himself as a partner and merchant in the wholesale Dry Goods house of Tweedy, Mozier & Co., New York. After a successful career in that line of about ten years, his taste for art, in which an amateur he had for several years taken an interest, prevailed upon his mind, and he relinquished all other pursuits for this, to which his genius imperitively called him.

After visiting the most important cities of Europe, he settled at Florence, at whose schools and Art Galleries, applying himself with extraordinary diligence, and bringing to his aid a remarkable genius and aptitude in modeling, he so perfected himself in knowledge of the Art, as soon to attain distinction, and to outstrip many competitors for fame.

For several years he held the office of U. S. Consul at Ancona.

For the last fifteen years, or perhaps more, he has resided in Rome, where his studio has been the resort of the most distinguished travelers, and the hospitalities of his house acknowledged by many Americans visiting that renowned city.

Among Mr. Mozier's most distinguished works are his Queen Esther, Judith's Daughter, Truth and Silence, Pochontas, The Peri, The Prodigal Son, Rebecca, and many others.

His last visit to this country was during the present season. But he found his health, which had been failing for upwards of a year past, so impaired by the journey, that he did not come West. And after a short sojourn with his daughter near New York, he accompanied by his wife, on the 10th of August last, sailed for England, where they have been detained until recently by the troubles on the Continent, and the difficulties in the way of travel.

Mr. Mozier was about 58 years of age. He leaves a wife, well known and kindly remembered by this community; and also a daughter, alluded to, Mrs. J. L. Banks. His wife was with him in his journey, and was sustained in her trials by the presence and support of a few warmly attached friends, who were making the passage of the Alps with them.

Remarkable Atmospheric Phenomena.

Early on Monday morning and throughout the entire night of Tuesday, a luminous red light—red as blood—was observable in the heavens, which greatly resembled the reflection from a large fire in the distance. On Monday morning this light appeared in the North, but on Tuesday night it was seen East and West, and would occasionally rise gently, like ascending smoke, until the two ascending columns would meet over head. The light in the West spanned the horizon at least ten degrees, and as it ascended it assumed a more pointed shape, but was constantly changing its position, but never disappearing.

During the entire night the sky was remarkably clear and bright—not the speck of a cloud being observable, and the stars shone out with more than their accustomed beauty and brilliancy. While this strange scene of flame was seen in the East and West, there was also an Aurora Borealis in the North, which was remarkable for its luminous appearance. Altogether, the heavens presented a grand and beautiful spectacle, such as we have never before witnessed, and may probably never witness again. What caused this singular atmospheric phenomena, or what it portends, we are unable to say; but probably scientific men will be able to throw some light on the subject.

Court of Common Pleas.

The Court has been in session during the past week. The Grand Jury returned 36 indictments, viz: Selling whiskey to minors, 7; keeping common nuisance, 15; suffering gambling in house, 6; adultery, 2; grand larceny, 2; incest, 1; assault and battery, 1; forgery, 1; keeping a nine pin alley, 1.

Dr. S. C. Thompson, vs. Wm. McClelland, Adm'r. of Estate of Abraham. Trial and judgment for Plff., for \$800. Adams & Hart for Plff.; Hurd and Irvine Att'ys. for Def.

A Sad Case.

On Sunday last a man named White, a stone-cutter by trade, who lives in Gambier, had been working in this city, attempted to drown himself in Dry Creek, immediately below the bridge on the Newark road. He several times went into the water and laid down, but the stream being quite low, his body was only partially covered, and hence he failed in his attempt to "shuffle off this mortal coil." He was finally taken by the Marshall and placed beside a comfortable fire in jail, until he might dry himself and sober down. When questioned as to the cause of his troubles he cried like a child, and said that his wife had been acting badly, and was too intimate with other men. He said he loved her, but could not live when he knew she was untrue to him. A number of persons advised him to act more manly, and abandon his foolish idea of drowning himself; but his only answer was, "No, I cannot live—I am too miserable."

Horse Killed.

On Tuesday morning, while Mr. James Wing, who was engaged in the work of grading Chestnut street, was driving his team down Gay street, one of the horses became unmanageable, and starting off at a rapid speed, ran his head against a tree at the corner of Gay and Chestnut streets, which fractured his skull and otherwise injured him so badly that he died in the course of three hours. He was a valuable animal, worth probably \$150.

James Dynes, an old and respected citizen living about six miles east of Lancaster, was found dead in a cornfield a few days since. The day previous he had been at work as usual, but he did not return home in the evening. A diligent search was made, with the above result. An inquest was held by Coroner Bush, and a verdict rendered of death from disease.

Accident with a Gun.

Mr. J. H. School, recently from Philadelphia, a marble-cutter by trade, and who had commenced working for E. W. Cotton, Esq., went out hunting on Tuesday, in company with a son of Squire C. While in the act of firing at a flock of blackbirds the gun exploded, tearing Mr. S's left hand in a shocking manner, rendering amputation necessary. Dr. Russell performed the operation in his usual skillful manner, and Mr. School is now getting along as well as might be expected for one who has suffered as he has done. He has been a very unfortunate man, having lost an eye at the battle of Chickamauga; but he seems to bear his affliction with all the heroism that a truly brave man only knows how to manifest.

The Wallace Sisters.

It will be seen by an advertisement in another column that the celebrated Wallace Sisters, will give a series of entertainments at Volit's Hall next week, commencing on Monday evening. The performances will be of a highly amusing and pleasing character, such as cannot fail to attract large audiences. Wherever the Wallace Sisters have appeared they have elicited enthusiastic commendation from the press. We predict for them a crowded house.
