THE BANNER.

Mount Vernon, Sept. 2, 1870.

LOCAL BREVITIES.

The Hartford (Licking Co.) Fair commences on the 20th of September.

The population of Findlay, Ohio, is 3,316.

The population of Piqua, Ohio, is 5,306.

The population of Uhrichsville and Dennison is 2,372.

Receipts do not have to be stamped now.

The lawyers are complaining of a very dull time.

The nights are cool and comfortable for sleeping.

The County Board of Equalization will meet next week.

Melons are coming in by the wagon load every day.

The Canton Repository is issued daily during the Methodist Conference.

The Stark County Democrat's presses are now working by steam power.

Give us a call, friends, when you come into town. We are always glad to see you.

Farmers and the citizens generally should be preparing for the coming County Fair.

The Rev. Mr. Monroe has returned from his lake trip, greatly improved in health.

The big Cistern on the Public Square, in imitation of the Radical party, is constantly caving in.

A Republican paper has been started at Millersburg, by a couple of courageous youths.

The Sabbath School of the Baptist Church in this city, had a pleasant Pic-Nic on Wednesday.

The Public Schools will open on Monday next. We made a mistake in saying they would open last Monday.

The track is laid for more than four miles from Newark, on the Newark, Cosmopolitan and Strasburg railroad.

A paper out West has for its motto: "Good-will to all men who pay promptly. Devoted to news and making money."

Stop that—the foundationless story about five persons being killed at a barn raising at Independence, is still going the rounds of the papers.

Hon. J. R. Hubbell will speak at Lexington on Friday evening, Sept. 23, and at Mansfield on Saturday evening, Sept. 24.

Gentlemen whose clothes are not worn out will be happy to know that fashions will not change much this fall and winter.

Our farmers should be preparing for the County Fair, by selecting samples of grain, training colts, and slinking up their cattle. We want the next Fair to be the best ever held in this county.

Rev. L. F. Christie, of Painesville, will preach at the Christian Church on Vine Street, next Lord's Day, at the usual hours, morning and evening. The public are invited. Seats free.

The Wooster University has been pushed along so rapidly as to be ready for the reception of students. The College building is one of the finest in the state.

Willis Lord, D. D., is President and his corps of teachers is both full and able.

Mr. Gould A. Sturges, a brother of our townsman Fred D. Sturges, died at Sedalia, Missouri, of typhoid fever, on the 26th of August, aged 31 years. The deceased resided in Mt. Vernon for a number of years, where he leaves many friends as well as relatives to mourn his loss.

Distinguished Arrival.

Hon. C. W. POTVIN, the Republican candidate for Congress, arrived in the City on Wednesday morning, and at once entered into the hand-shaking business in a very earnest and energetic manner. In addition to his graceful style of shaking hands, he makes the most of placing his hands and sometimes his arms very affectionately around the necks of those with whom he converses. He is an affable gentleman, and looks as though he enjoyed the good things of this life to the fullest extent. He is a gentleman of immense wealth—which fact his Zanesville organ, the Courier, puts forth as his chief qualification for a seat in Congress. It is said that five thousand dollars of his money was deposited in Delano's Bank, by a friend, to be used for electing purposes in this county; but we presume most of it will be taken care of by the Radical Central Committee. But Mr. Potvin's hand-shaking and neck-bugging, backed by his million of dollars, will not get him into Congress from this district. The people are entirely satisfied with General Morgan, and will re-elect him by a greatly increased majority.

P. S. We had almost forgotten to state that Mr. Potvin called to see us on Wednesday afternoon; but as we were out on business he did not enjoy the luxury of shaking our hand. We hope he will call again, and deposit about one thousand dollars with us to be used for benevolent purposes.

Savings, Loan and Building Association.

This association completed its first year on the 11th of August, and the following are the results:

The Loans granted during the year amounted to.....	\$11,000.00
Premiums received thereon.....	4,756.50
Net not paid on loans.....	6,243.50
Average of premium 491 cent, or \$84.50 per share of \$200.....	
The total amount of profits rec'd \$5,922.04	
Deficit total expenses for the year.....	479.01
Leaves net profit.....	\$5,513.03

which divided by 625 shares, (the number of shares taken and in force August 11th, 1870), makes a profit on each share \$8.81. On which there has been paid..... 12.81

Value of share..... \$20.81

being the present cost of a share of the stock. The \$20.81 can, be paid up in monthly installments, by which plan those desiring stock to the amount of five shares are enabled to purchase without paying a large sum down. The first year being paid it is expected that the Association will pay a premium equivalent to a fair rate of interest to members withdrawing their shares.

Fifth Ward Engine House.

It will be seen by an advertisement in this week's BANNER, that proposals are invited for the building of an Engine House in the Fifth Ward of this city. After the Steam Fire Engine was purchased, Engine No. 1 was handed over to the Fifth Ward boys, who have an excellent fire organization. But as they had no Engine House, they were compelled to place No. 1 in an old shed, where it was exposed to all sorts of weather. We are glad to know they are to have a new Engine House, which they well deserve.

Death of William Henegan, Esq.

We are very sorry to hear of the death of our old friend and former townsman, WILLIAM HENEGAN, Esq., which took place at Keokuk, Iowa, on the 17th of August, in the 69th year of his age. Mr. H. was well known to the citizens of Mt. Vernon, having resided here for many years, and we feel confident that our citizens generally will hear of his death with feelings of profound sorrow.

Mr. Henegan was a native of the Emerald Isle, but he left that country when but 17 years of age, and settled in Scotland, where he commenced the business which he followed through his long and eventful life—that of a Railroad contractor. He built the first Railroad in the world, which was a short one running, we believe, out of Edinburgh. He subsequently built the Edinburgh and Glasgow, the Scottish Central, the North British and the Caledonian and Glasgow Railroads.

He emigrated to America in 1849, and here he resumed his favorite occupation, and took part in the construction of the Cincinnati, Hamilton and Dayton, the Louisville and Sandusky, and the Springfield, Mt. Vernon and Pittsburgh Railroads. The two latter projects having failed, left Mr. Henegan involved in debt and greatly embarrassed. But like an honest man as he was, he compromised with his creditors, paying them as far as he was able, until the last dollar of his means was exhausted. In 1867-'68, he, in company with other gentlemen, took the contract for the construction of the Des Moines Rapids Improvement, which proved even more disastrous to him than the two Railway enterprises above spoken of.

Mr. Henegan was in all respects a good citizen—kind-hearted, benevolent and honest. Peace to his ashes.

Florida.

A company has recently been organized at Mansfield, Ohio, called the Florida Colonial Association, the object of which is to establish a Colony some where on the eastern coast of Florida. Mr. M. Day, Jr., of Mansfield, is the President and A. W. Maxwell, of Galion, Secretary. It will be composed of citizens of Ohio, (from Mansfield, Galion, Oberlin, Cincinnati, &c.) Indiana and Missouri, and perhaps of other States. They expect to locate on, or near the sea-coast, in what is known as the "Halifax region," about 100 miles South of Jacksonville, below the freezing point—in Volusia County. They will purchase a large tract of country, lay out a town and introduce at once, all the various branches of business, and the arts and appliances of civilization. Many will engage in the cultivation of oranges, lemons, sugar, cotton, &c. The climate is said to be delightful the year round. The winters are about like our Indian Summer—minus the smoke—and the Summers, though much hotter than in the North, are but little, if any, warmer. During the present Summer the mercury has seldom stood above 80° and never above 90° in the shade. The nights are always cool. This is owing to the peculiar position of the peninsula—being fanned by the breezes from the Gulf on the West and the Atlantic on the East. The climate is especially desirable for persons of weak lungs. Any information in regard to the colony may be had by addressing Dr. A. W. Maxwell, Galion, Ohio, or L. R. Norton, of this city.

We may have more to say on Florida at another time. Those contemplating emigration Southward would do well to learn all they can of this enterprise.

Marriage Licenses.

Licenses to marry the following parties were issued by Judge CHITFIELD during the month of August, 1870:

Leander Porter and Sydney E. Simpson; Robert T. Jolly and Lucinda Gorrell; Martin Leonard and Julia Davis; J. Youngblood and Elizabeth Middleton; Oscar S. Denman and Phebe E. Hair; Oscar J. Ransom and Mary E. Plummer; James Wolfe and Clara Ann Wilson; T. E. Burke and Lizzie W. Martin; Cyrus Hunter and Olive Armstrong; Asaph F. Rowley and Sarah M. Weirick; Charles Miller and Lillia King; Morgan Pipes and Barbara E. South; Frank X. Craft and Alice Payne; Michael Wender and Sally Arnold; John Sells and Sarah Ellen Strouse.

Probate Court.

The following business was transacted in the Probate Court, during the past two weeks:

Samuel A. Leedy was appointed Administrator of the estate of Daniel Hammond.

Mary Coe, Guardian of Jesse D. Coe, filed her petition to sell land.

William Arnold was appointed Administrator of the estate of Curtis M. Armentrout.

The will of Andrew Jacobs was admitted to probate.

David Hunter was appointed Guardian of Michael Croen, a minor.

William Hoyer was appointed Administrator of the estate of John Feerick.

John Mishey was appointed Guardian of Samantha J. Mishey, a minor.

The will of A. B. Cummings was admitted to probate.

A Select School will be opened by Mrs. CARRIE J. DUNBAR and Miss CLARA THOMPSON in the Seminary Building, commencing the first Monday in September. A liberal patronage is solicited.

JAMES SAPP is manufacturing and receiving the best stock of Boots and Shoes ever offered before in the city or county. Be sure to call and see for yourselves.

CONVENTION

Of the 17th and 28th Senatorial Districts to nominate a Candidate for the State Board of Equalization.

Pursuant to previous notice, Delegates from the Counties of Holmes, Knox, Morrow and Wayne, comprising the 17th and 28th Senatorial Districts, met at Mansfield, on Thursday, August 18th, for the purpose of putting in nomination a candidate for Member of the State Board of Equalization.

On motion of Judge Estill, of Holmes, the Convention was called to order, and J. A. BEEBE, Esq., of Morrow, appointed President.

On motion, Capt. J. Meredith, of Morrow, and E. B. Eshelman, of Wayne, were appointed Secretaries.

On motion of Judge Estill, a Committee of one from each county was appointed a Committee on Rules and Regulations, as follows:

Holmes—J. A. Estill, L. HARPER, E. EASON, J. OSBORN.

Knox—L. Harper, E. Eason, J. Osborn.

Morrow—Benj. Eason.

Wayne—Benj. Eason.

On motion, the Committee was permitted to retire to make up the report. After a short absence, the Committee returned and submitted the following report, which was unanimously adopted:

The Committee report, that the usual parliamentary Rules governing Conventions shall be adopted for the government of this Convention, and that the Counties shall be called and the vote cast, as follows, being one vote for every one hundred votes and a fraction of fifty, and over, polled last fall for Hon. George H. Pendleton for Governor:

Wayne	37
Knox	28
Holmes	24
Morrow	17
Total	106

And that a majority of the votes cast shall nominate.

J. A. ESTILL, L. HARPER, E. EASON, J. OSBORN.

A motion was made to go into a nomination of a candidate for a member of the State Board of Equalization, without taking a recess until afternoon.

Mr. Harper and Capt. Meredith at first opposed this motion, on the ground that they expected additional Delegates would arrive from their respective counties in the afternoon.

Judge Estill favored the motion. He would be glad to accommodate his friends from Knox and Morrow. They of Holmes had a greater distance to come than the Delegates from Knox or Morrow, and they were on hand. They would be glad to participate in the nomination; they came for that purpose; but if the Convention should decide to take a recess, they would not complain; they had no candidate, and would give a hearty support to whoever should be nominated; but they would be under the necessity of taking the 12.30 P. M. train for home. That was imperative.

Thereupon Mr. Harper and Captain Meredith withdrew their opposition to the motion to go into a nomination without further delay.

The motion to proceed to a nomination of a candidate for a Member of the State Board of Equalization was then adopted without dissenting vote.

The presentation of candidates for nomination was announced as then in order.

Mr. Eason presented the name of William Barton, of Wayne.

Mr. Osborn presented the name of Capt. J. Meredith, of Morrow.

Mr. Beebe presented the name of Mr. E. Dakan, of Morrow, but subsequently withdrew it.

The Convention then balloted with the following result:

Wayne	37
Knox	14
Holmes	12
Morrow	12
Total	75

Mr. Barton, having received a majority of all the votes cast, was declared the nominee.

On motion, his nomination was made unanimous.

Capt. Meredith made a brief speech, declaring his satisfaction with the nomination just made, and that he would do his utmost in his behalf.

Mr. Harper made a congratulatory speech, exceedingly encouraging to Democrats, which was received with great satisfaction.

Judge Estill, Mr. Eason and the President, Mr. Beebe, also made speeches, all calculated to inspire good feeling and stimulate to activity in the present campaign.

On motion of Mr. Eason, it was Resolved, That the proceeding of the Convention be published in all the Democratic papers of the District.

On motion, the Convention adjourned.

J. A. BEEBE, President.

J. Meredith and E. B. Eshelman, Secretaries.

Important to Parents and Young Men.

At the Convention of the Internal Business College Association, of which the Union Business College of Cleveland, is a leading member, held in Boston last June, it was decided to raise the price of Scholarship from \$50 to \$75, Oct. 1st, 1870. This decision was rendered necessary, and based upon the increased facilities and constantly growing popularity of the schools comprising the association.

Since its establishment in 1852, this Institution has invariably employed the most competent teachers and given its students the very best advantages for acquiring a business education. As a consequence it has always enjoyed the highest reputation and received its patronage from all parts of the country. Its graduates fill lucrative positions in all the leading Cities of the Continent, and are everywhere recognized as able and efficient accountants.

Fifty-nine-tenths of the book-keepers, and business men of Cleveland have received their business education at this popular school. The constant demand upon the proprietors, Messrs. Felton & Bigelow, for Book-keepers, Clerks, Agents, Teachers, &c., and abundant testifies to the efficiency and practicality of their Course of study.

The importance to every young man of a knowledge of the branches taught in this Institution, no matter what vocation he may decide to adopt, is universally conceded. During the past year over 500 different students have received instruction in the different departments of the College. In the faculty the names of E. R. Felton, as principal of the Business Department, and Platt R. Spencer, of the Writing Department. These gentlemen stand at the very head of the profession in their respective Departments and are ably assisted by competent teachers. All who desire to enter the Institution at the present rates of tuition, must make their arrangements before the first of October. All should remember that the Union Business College is a member of the "International Business College Association" (formerly known as the "Chain") and that its Scholarships are good in all the leading Colleges of America.

Elegant Workmanship.

In visiting the rooms of Mehurin & Son the other day, we noticed among the collection of beautiful work always to be found there, a family monument of Italian marble that would elicit admiration wherever refined taste has an abiding place. It had just received its finishing touches, and is to adorn the family burying lot of Geo. B. Polwin Esq., of Mt. Vernon. We have seen many monuments, but never one exhibiting more taste of beauty and design, or higher artistic merit in workmanship. The name of O. F. Mehurin & Son has been secured a sufficient guarantee for the excellence of their monumental work. No one need hesitate in entrusting to them the execution of their wishes. They are not excelled and rarely equalled in fine monuments, which they make a specialty. Mr. Mehurin is, in fact, an enthusiast in marble work, and the excellence of his jobs seems to afford him as much delight as its pecuniary profit. Their establishment bears on its face the indications of energy and prosperity, and our whole community feel pleasure and pride in its success.—Newark Advertiser.

DON PIATT.

Don Piatt says: "I was in love with a fat girl, she was very fleshy. She was enormous, but the course of my true love came to grief. I was sitting with her in the dim twilight one evening. I was sentimental; I said many soft things. I embraced part of her. She seemed distant. She frequently turned her lovely head from me. At last I thought I heard the murmur of voices on the other side of the door, and I walked around; and there I found another fellow courting her on the left flank, and trying to persuade her to go to BILL ALLEN'S and get a glass of Frontiers' Ale. With a smile on her lovely countenance, she said: 'Oh, how delicious! I will!'"

In addition to my large stock I will keep on hand the celebrated remedies of B. B. LIPPITT, as follows:

LIPPITT'S COUGH SYRUP,

Lippitt's Cholera and Dysentery and Diarrhoea Cordial, Lippitt's Tonic Pills.

These medicines have a wide and deserved reputation. She intends by care and strict attention to merit, and hopes to receive a liberal share of patronage, and invites the continuance of the customers of the old stand, and of that of the public generally.

About Milking.

Five per cent., and perhaps ten, can be added to the amount of milk obtained from the cows of this country, in the following rules are inexorably followed:
1st. Never hurry cows in driving to and from the pasture.
2d. Milk as near at equal intervals as possible. Half-past four in the morning and six at night are good hours.
3d. Be especially tender of the cow at milking time.
4th. When seated, draw the milk as rapidly as possible, being certain to get it all.
5th. Never talk or think of anything besides what you are doing at the time of milking.
6th. Offer some caress, and always a soothing word when you approach a cow and when you leave her. The better she loves you, the more free and complete will be her abandon as you sit by her side.
We append the not uncommon practices:
1st. Let some boy turn the cows away, and get them, who is fond of throwing stones and switching the hind ones every chance he gets.
2nd. Milk early in the morning and late at night, dividing the day into two portions, one of fifteen hours and the other nine.
3d. Whack the cow over the back with the stool, or speak sharply to her if she does not "so" or "hoist."
4th. Milk slowly and carelessly, and stop at the first slackening of the fluid.
5th. Talk and laugh, and perhaps squirt milk at companion milkers, when seated at the cow.
6th. Keep the animal in a tremble all the time you are milking, and as you as you are done give her a vigorous kick—Heath and Home.

Look to the Lambs.

The proper time for weaning lambs is when they are from four to five months old. Randall says—Lambs of all breeds should be weaned at about four months old; and if drought or other circumstances have occasioned a particular scarcity of pasturage for the lambs and their dams, and the former can be put on good feed by separating them from the dams, and taking off the lambs three or even four weeks earlier. The somewhat prevalent idea that it is improper to wean them in dog days, has not a particle of foundation. Fresh meat and hay, and perhaps a little water, with salt, supplied at stated intervals—immaturity can brook no neglect. No better feed for lambs is within the reach of the ordinary farmer than the after growth of meadows soon to timothy and clover, if not allowed to become too rank before turning the stock upon it. When lambs are first separated from their mothers, the best should be placed so far apart that neither can hear the bleating of the other, as it greatly increases their restlessness. A few gentle sheep having no lambs of their own, are generally turned into the flock, for convenience in handling, and learning the younger ones to eat grain and hay or whatever is to constitute their winter feed. It is indispensable to the proper wintering and future growth of lambs that they should be gotten well on to their winter feed before the fall freezings have injured the pasturage. This done, the owner will be realizing the truth that "a good start is half the journey," through the sheep's first winter—Western Rural.

Flies on Horses.

The Journal of Chemistry gives the following as a preventive of horses being troubled with flies: Take two or three quarts of cold water; let it infuse overnight, and pour the whole the next morning into a kettle and let it boil for a quarter of an hour. When cold it will be fit for use. No more is required than to moisten a sponge, and when the horse goes out of the stable, let those parts which are most irritated be smeared over with the liquor, viz: between and upon the ears, the neck, the flanks, etc. Not only the lady or gentleman who drives out for pleasure derives pleasure from what the walnut leaves thus prepared, but the coachman, the wagoner and all others who use horses during the hot months.

A New York tailor was started, the other day, by the return of a bill which he had sent to a magazine editor, with a notice that the "manuscript was respectfully declined."

H. L. GREBE

IS AGENT FOR THE

DECKER BROTHERS'

CELEBRATED

PATENT PIANOS,

THE PIANOS of this New York firm are

matchless. Whoever has played one of their instruments, has been supplied at its sympathetic quality of TONE, and if the player has a musical temperament, he will feel that such tones like these, he has longed to hear only in his happiest moments.

The action is so perfect, so elastic, that it almost helps one to play. In this respect it is only approached by "grand action pianos," which on account of their awkward shape are rarely used in Concert Halls only. Its durability is such, that whilst other pianos have to be tuned every month or two, this instrument requires tuning at rare intervals only.

Those who wish to have a piano of such excellence in their family, will please apply to H. L. GREBE, Prof. of Music, Mt. Vernon, Ohio. They can be obtained through him direct from the New York firm at the BEST TERMS.

advantage to be derived from their use need only

be known to secure their adoption. Compare the beautiful distinct

sight, the perfect ease and comfort, the readily ascertained improvement of the eyes enjoyed by the

wearers, with the discomfort and positive injury to the sight caused by wearing the common

spectacles. Nine-tenths of all Eye Diseases result from wearing improper glasses.

Persons needing sight to gain at all times secure of Mr. L. Stone, our Sole Agent in this locality, or

And also avoid the direful results of using bad Spectacles. They will be found on trial to be all that is represented, lasting many years without requiring to be changed, and never tiring the eyes.

CAUTION.—The public should be on their guard against impostors, traveling about the country, pretending to have the Spectacles for sale. We do not supply or employ any peddlers here or elsewhere.

Go to Mr. L. Stone, and avoid being deceived by peddlers.
