THE BANNER.

Mount Vernon, Sep. 29, 1871

LOCAL BREVITIES.

The trees are putting on their variegated Autumn drapery.

The leaves are falling earlier than usual this season, on account of the dry weather.

Sewing Machine and Life Insurance agents are bothering the farmers a great deal these days.

Mr. S. L. Taylor has determined to remove to Lincoln, the capital of Nebraska, next Spring.

Twenty cords of dry wood will be taken on subscription, if delivered immediately.

John Durand, Esq., Superintendent of the Panhandle road, has removed his office from Columbus to Cincinnati.

The new ware-room of Messrs C. & G. Cooper & Co. is nearly completed. It will be a large and handsome building.

The work of laying the track on our new Railroad, through the Southern part of the city, is going on actively.

Our friend and former townsman Albert M. Drake, of Carthage, Mo., is now on a visit to his old home—looking remarkably well.

The Vernon Bros., agents of the Wilson Sewing Machine, have removed their rooms from Sperry's building, to one door north of the First National Bank.

An immense body of Odd-Fellows, and some fellows that were not odd, went up from Fredericktown to Put-in-Bay on Tuesday night.

Captain J. VanBuskirk, formerly of this county, but for several years past connected with the Pittsburgh Dispatch, honored us with a call on Monday last.

Judge Critchfield, owing to the sickness of his child, was prevented from taking his place in the Secretary's office of our Agricultural Society, on Tuesday.

Dr. Smith has removed his Medical office to the corner opposite the drug store recently owned by him, where he will be ready, as heretofore, to wait upon the public.

The Cleveland, Columbus, Cincinnati & Indianapolis Railroad Company has agreed to build several new buildings, including a depot and several machine shops, in Delaware.

Capt. John A. Simet, a well-known and highly esteemed citizen of Granville, and who was formerly Provost Marshal in this District, died on Sunday night, Sept. 17.

Persons putting up stoves, or getting their grates set, should see that the flues are not defective. A little care now might prevent the destruction of a large amount of property.

We direct the attention of the ladies to the new advertisement of Misses Hopwood & Critchfield, who have just opened a splendid stock of goods in the millinery line. Give them a call.

A sentimental editor says: "Snuffy days remind us that autumn is coming—hastening on the wings of time to blast the bloom and beauty of summer, and clothe its verdure in the death-still of winter."

Harvey Lambert, an old and greatly esteemed citizen of Mt. Vernon, died at his residence corner of High and Division streets, on the 19th inst. He was a brother-in-law of Hon. C. Delano—the two gentlemen having married sisters.

Read A. Wolf & Son's new advertisement. They have an extensive stock of fashionable Hats, Caps and Furs, together with Robes, Trunks, Umbrellas, Carpet Sacks, Valises, and all kinds of goods. Furnishing goods. Call and see them.

We are glad to note the prosperity of the citizens of the surrounding country. Of Ankenytown to be such as to encourage the establishment of another Dry Goods Store at that place. Mr. Israel Hess owns it, and deserves credit for his enterprise.

The Worrell Sisters, with their New York Comic Opera Troupe, commenced an engagement at Woodward Hall, on Wednesday evening, and will continue to play during the week. The troupe and public speak very highly of them throughout the country.

To keep tomatoes until November or later, pull up just before frost touches the vines such as have the largest number of green tomatoes upon them and hang them in a room or out-house where they will not freeze. There they ripen and the season of the fruit is lengthened in this way several weeks.

GAMBIER ITEMS.

Rev. Morris A. Tyng has resigned the rectorship of Harcourt Parish, but retains his Professorship in the Theological Seminary.

Two teams bringing furniture from Woodbury to Gambier, for the Rev. Mr. Lawrence, last week, ran away and smashed their loads very considerably.

The stone for the Railroad bridge at Wright's ford, near Gambier, is being rapidly quarried, and soon will be hauled to its place.

Major Riley bought eleven acres of land near Gambier, last week, from Mr. A. Sherwood, paying at the rate of about one hundred dollars per acre.

The Rev. Mr. Hasist who has had charge of the Methodist Church, for a year past, has been ordered to Woodbury, Ohio, and the Rev. Mr. Lawrence of that place, is his successor at Gambier.

To Stop Bleeding.

It is said that bleeding from a wound on man or beast may be stopped by a mixture of wheat flour and common salt, in equal parts, bound up with a cloth. If the bleeding profuse use a large quantity, say from one to three pints. It may be left on for hours, or even days, if necessary.

The person who gave us this recipe says in this manner he saved the life of a horse which was bleeding from a wounded artery; the bleeding ceased in five minutes after the application. It has been successfully applied in other cases.

Fast Driving.

We are pleased to learn that Marshall MITCHELL, has fully determined to put stop to fast driving and racing upon the public streets. On Tuesday morning, three Sewing Machine men who were amusing themselves in trying the speed of their horses on the streets, were arrested, taken before the Mayor and fined each \$30.00 and costs. Served them right. Do it more, Mr. Marshall!

Our County Fair.

As our paper goes to press this week a little earlier than usual, we are unable to present our readers with any details in regard to our County Fair, which is now progressing. But we are most happy to state that the Fair, in all respects, is a grand success—far exceeding any other Fair ever held in the county. The entries have been uncommonly large; and the officers of the Society inform us that every stall on the grounds was engaged before the Fair was opened, and a great deal of stock had to be turned away from room to accommodate it. We have hastily gone around the enclosure, and we are free to say, that we feel proud of the labors of our Agricultural Society. The entries of stock are uncommonly good, and we think that no county in the State can make a better show of fine cattle than old Knox. Of sheep and hogs, the entries are large and very superior. We noticed some splendid hogs in the different stalls. We have not room this week for the names of the various exhibitors. In the way of Agricultural Implements, Machinery, &c., there is a good display. Floral Hall presents a gay and attractive appearance, and although the exhibition of fruits and vegetables is as large as might be desired still, in the way of useful and ornamental articles, the Hall is a perfect museum of beautiful things; and the delicate hands of the fair ladies of Mt. Vernon have done much towards adorning this always interesting place of resort. Some of the best, and fastest horses in the county and in the State have been entered to contest for the offered prizes, and we expect to be able next week to fully report the result.

Besides other attractions inside of the enclosure, there is a Menagerie of wild animals, a circular swing, a candy manufactory from Newark, a "shooting gallery," saloons, eating houses, soda fountains, and every man's thing.

If you have not been to the Fair go there at once. Take your wife and children with you, and you will be well paid in the way of real, substantial enjoyment.

Accident to Doctor Stamp.

On Sunday last at Dr. Jacob Stamp was driving out west of the city, on the Delaware road, to make a professional visit (accompanied by Mr. Johnson, of the firm of Updegraff & Johnson), his horse, which is a very spirited animal, while crossing a rut on the road, started off in a run, but was soon checked up. In a moment the horse again started rapidly, and while Dr. S. was in the act of again checking him up, the bridle bit broke, rendering it impossible for the Doctor to control the animal. Mr. Johnson jumped out, but was not much injured. The horse turned up Ewald's lane, on the Green Valley road, at a rapid speed, upsetting and smashing the buggy, and throwing Dr. Stamp violently upon the ground, injuring him considerably but not seriously. The horse was soon stopped by a gentleman coming to the city, and the harness taken off, being left alone, he started off again, and ran fully six miles before he was stopped. After coming to consciousness, Dr. Stamp felt thankful that his wife and child, who usually accompany him in his trips to the country, were not with him on this occasion, as the death of one, or both might have been probable.

A Spiritual Convention.

We attended the so-called "Spiritual Convention" at Fredericktown, on Sunday last. The meeting took place in the Town Hall, and not in the grove, as advertised.

The lecturer on the occasion was Mr. A. W. Wagoner, of Cleveland, editor of the *American Spiritist*, who is a fluent and eloquent speaker; and although he may not have convinced all his audience, yet he received credit for being an earnest and talented advocate of the cause he espoused. He spoke for an hour and a half in the forenoon, and occupied about the same time in the afternoon. The afternoon discourse was in response to a request from some of the audience to prove that the scriptures recognized and endorsed Spiritualism. He took for his text the second chapter of the Acts of the Apostles, and he labored to prove that the meeting on the day of Pentecost, there described, was nothing but a spiritual circle, such as is now common throughout the country. We did not remain to attend the *seance* given by the Sherman brothers in the evening, but we learn that it was anything but satisfactory or successful. The audience became disorderly, almost to the point of mobbing, and demanded a return of their money; but through the interference of Mr. Sherman and others, and a promise that the Schemmings should return and "try it over again," quiet was at length restored, and the audience dispersed.

General Cary's Speech.

We trust every reader of the BANNER will carefully peruse the able and eloquent speech of Gen. S. F. Cary, delivered at Columbus, on the 16th inst. General Cary is doing glorious service for the Democracy, as well as for the mechanics and laboring men of all parties.

General Cary has hosts of warm friends among the sons of toil in Knox county, and we therefore take pleasure in announcing to them that our Central Committee have engaged him to speak at the Court House, in Mt. Vernon, on Friday evening, October 6th. A rich treat may be expected.

Prof. Jackson's Concert.

The concert given by Prof. Jackson, at Woodward Hall, on Tuesday evening, was a grand affair. The Hall was crowded to overflowing by an intelligent and appreciative audience. The programme was a most excellent one, embracing some of the most beautiful pieces of vocal and instrumental music. Prof. Jackson was assisted by Prof. Sherrington, Prof. Grebe, (Pianist), Miss Lottie Hills, (Organist), Misses Ella and Emma Porter, (Solo Violinists), and Misses Emma, Ella and Emma Cohen, Mattie Wright, Maggie Baldwin, Josie Osborne, Emma Taylor, and by Messrs. W. B. Russell, H. Jennings, Sol. Sapp, E. J. Tomlinson, Charles Tilton, Zeno Taylor, and a full class of about fifty voices. Where all performed their parts so admirably, it would appear like partiality to select any particular lady or gentleman for special commendation. Altogether it was one of the most pleasing and successful entertainments of the kind ever given in our city. Too much praise cannot be awarded to Prof. Jackson for his efforts to cultivate a taste for good music in our community.

Three Women Arrested for Arson.

During the past week, three women have been arrested and lodged in Newark jail charged with arson, in having set fire to the barn of A. C. Denman, in Perry township, on Sunday night, September 10. Two of these (Nancy E. Hayes and Laura Tomlinson) are fair looking young women of 22 or 23 years of age. The third one, Mrs. Ellen Schuster, is mother of Nancy Hayes. The arrests were made on warrants placed in the hands of constable Geo. Brooke, who was assisted by his father, M. D. Brooke. All the parties reside at Denman's Four Corners, and the two young women (arrested separately), have made such confessions as leave no room to question their guilt. The evening of the fire they met at Mrs. Schuster's and at 10 o'clock, after dressing themselves in men's clothing, they proceeded to Denman's barn, one of them placing shavings under the building and the other applying the match. Mrs. Schuster held the door open, and the two young women, after setting the building on fire, fled. A year ago, Miss Hayes sued Denman for a breach of promise, and received three hundred dollars. Dissatisfied with the award, she explained her continued hostility by the fact that she had been seduced by Denman, whom she since her arrest, she has caused to be bound over on a criminal charge, in which (according to the evidence) she and Mrs. Schuster were sufferers. Whether there is any truth in her charge, or whether it is simply another outbreak of an ill-governed and uneducated woman, yet to be demonstrated.—*Newark Advertiser.*

CHOICE FARMING LANDS FOR SALE
In Iowa, Missouri, Kansas and Nebraska!
FOR CASH OR CREDIT.

NEBRASKA LANDS are situated in Pierce, Wayne and Bart counties, mainly in Pierce county, from two to six miles from the County seat, situated on the line of the Fremont, Elkhorn and Missouri Valley Railroad. The soil of the bottom lands is of a rich, alluvial character, of great depth, and inexhaustible fertility, producing splendid crops of Wheat, Corn, Oats, Barley, &c. The soil of the uplands is similar to that of the bottoms, but is not so deep. The climate is agreeable and healthful, milder than in the same latitude in the eastern States, and the atmosphere is dry and pure. Said lands will be sold in

Tracts of 40 to 640 Acres Each,
AT \$3.00 TO \$10.00 PER ACRE.

Will trade a small portion for City property. For further information call and examine maps, &c., or address the undersigned.

Also, a few GOOD FARMS IN THIS COUNTY, from 3 to 6 miles from Mt. Vernon, for sale at a bargain.

Manhood How Lost, How Restored.
Just published, a new edition of Dr. Culverwell's Celebrated Essay on the causes and cure (without loss of time) of Spermatorrhea, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, Rhegma, etc., also, consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.
Price in a sealed envelope, only 6 cents. The celebrated author, in this admirable essay, clearly demonstrates (from a thirty years' successful practice) that "the causes and cure" of the above named diseases, may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and safely.
This Lecture should be in the hands of every father and every man in the land.
Sent, under seal, in a plain envelope, to any address, postpaid on receipt of six cents or two post-pays.

SEWING MACHINE SALES FOR 1870.

The Singer Still Triumphant.
In 1869 we sold, as our readers will remember, 86,782 Machines, but we sold last year, 1870, 127,833 (one hundred and twenty-seven thousand eight hundred and thirty-three) Machines showing an excess beyond the sales of 1869, of over forty thousand, and as shown by the table below, over forty thousand machines more than any other company.
The reader may naturally ask whether this success is due to the fact that the Singer Sewing Machine is the best in the world, and the ones given below, are from seven returns made by licensees of the Singer Sewing Machine, who are the most valuable and successful agents, who license the companies of lesser importance.
Sold over the American Bait-Hole Company... 113,200 Machines.
Sold over the Florence Sewing Machine Company... 10,173 do
Sold over the Wilcox & Gibbs Sewing Machine Co... 98,948 do
Sold over the Wood Sewing Machine Company... 92,831 do
