Announcement.

This institution was completely reorganized at the end of last year, and practically became a new school. With a determination to make it in all respects equal to the best schools in the land, many important changes, involving considerable expense, were made. This new departure, taken in the face of the hard times, was regarded as somewhat hazardous. Our success has shown the wisdom of the step, and has demonstrated that the people of the Ohio Valley will support a school of high grade. Since last year, there has been an increase of more than fifty per cent. in the number of our boarding pupils. We have been especially fortunate in the selection of our teachers.

We believe that the present patrons of the school will state that, in their judgment, the Institution is now, in every regard, a thoroughly good one. A list of patrons will be furnished on application.

The school is now conducted upon a strict military system, and the results are most satisfactory.

DESIGN.

It is aimed to provide here a School, where, under influences that tend to the development of Christian character, boys will receive efficient and careful instruction and training, intellectual and moral.

LOCATION.

The site of the School is on an arm of the plateau upon which Gambier is situated. It is half a mile from the College, and a quarter of a mile from Bexley Hall. The grounds comprise about

sixty acres. They afford large stretches of lawn, ample ball-grounds and pleasant walks, as well as all the necessary farming, gardening, pasture and meadow lands. Within a stone's throw of the buildings is a small artificial lake of spring water. It adds to the beauty of the grounds, and affords fine skating in winter. The spring has not been known to fail, and from it is supplied an abundance of soft water for household use.

BUILDINGS.

The buildings consist of Milnor, Delano and North Halls. The first two are brick; the latter brick and frame. They front the South, and command a wide sweep of the Kokosing Valley. They are heated by steam, provided with bath rooms, and have the best system of drainage. The boys' wash room contains twenty-five marble bowls. The School Room is 33x50 feet, with windows on three sides. It is light and pleasant. The Dining Room is of the same size on the floor below.

DOMESTIC ARRANGEMENTS.

The pupils live with the Regents and Masters, all forming one family. There is a teacher in charge of each floor of the building. Pupils are thus brought under the personal influence of the teachers.

Pupils are provided with rooms, two pupils occupying one room. Each pupil is provided with a single bed. The school parlors are always open to the pupils, and with no other restraints than are common in well ordered families. A large Reading Room, about fifty feet long, has lately been fitted up, and is open to the boys at all times. It contains a good library of boys' books; also papers and periodicals.

STUDIES.

The studies are arranged to accommodate two classes of boys. The Classical Course prepares for any college or university in the United States. The English Course is intended to meet the wants of boys who do not expect to go to college, but who leave school to enter upon the active business of life.

To insure thoroughness, no pupil is advanced from one form to another, who has not passed satisfactorily an examination on the course of study pursued.

Pupils entering the school are examined, and assigned to the forms which they are prepared to enter.

Pupils are not allowed to change from one course of study to another, except at the beginning of a term.

CANDIDATES FOR KENYON COLLEGE.

Pupils who satisfactorily complete the studies of the Sixth Form, Classical Course, will be admitted to Kenyon College without examination.

RELIGIOUS SERVICES.

The pupils attend daily services of prayer at the School, and the public religious worship on Sunday at the College Church. On Sunday afternoons there is either a half hours' study of the Bible, or a lecture on some religious subject.

PHYSICAL EXERCISE.

The School is provided with a gymnasium, and the play grounds are large and attractive. All manly sports are encouraged.

MILITARY DRILL AND INSTRUCTION.

This department is under the charge of a competent officer, by whom the pupils are regularly drilled. The system is subordinate to the higher purpose of the school as a literary institution. Its advantages are: (1) It secures agreeable and healthful exercise. (2) It tends to give an erect carriage and good manners. (3) It promotes habits of order and obedience, important elements of success both at school and in after life.

TERMS AND VACATIONS.

The school year is divided into three terms. The first term begins the third Wednesday in September. There is a vacation of two weeks at Christmas, and one week at Easter. Pupils must be entered for the entire year, or the remainder of it, if it has begun. No deduction will be made on account of withdrawal or other absence, except for an absence of more than six weeks, on account of sickness, when six dollars a week (estimated cost of board and lodging), will be refunded for the time lost.

SCHEDULE OF FEES.

Deposit to cover Books and Incidentals,	20 00
Medical Attendance for the School Year,	5 00—\$425 00

Day Scholars \$75 for the School Year.	—\$425 00

All bills not paid promptly are subject to sight draft without notice.

Books are supplied at the school at publishers' prices. The estimated cost of books and stationery for the year is \$20; but an account of items is kept, and at the end of the session final settlement is made. If the account exceeds the deposit, a bill for excess is rendered; and if it is less than the deposit, the balance is refunded.

A charge of \$8 per week is made for pupils who find it necessary to remain at the school during vacation.

REQUISITES.

Each pupil should bring with him an umbrella, a pair of over-shoes, a pair of rubber boots, blacking brush, clothes brush, a

coverlet, two pairs of sheets and blankets for single bed, pillow cases one yard by five-eighths, towels, napkins, a napkin ring, and two clothes bags. *To avoid loss each article should be distinctly marked with the owner's name.*

UNIFORMS.

Two suits, a dress and a fatigue, similar to those worn at West Point, have been adopted for the school. These suits should be procured from the school tailor, that there may be no variation in shape or color. By making a contract with a large and responsible house to furnish all the suits for the school, the cost of the two uniforms is forty dollars. No citizen's clothes will be allowed in use after the uniforms are supplied. Boys will be measured on arrival and the suits at once ordered.

PRIZES.

At the close of the school year, four prizes are given by the Regents, to the pupils who rank highest in the following studies: English Composition, Latin, Greek, and Mathematics.

TAKE NOTICE.

A prompt attendance at the beginning of each term is very important. Time lost then adds greatly to the difficulties met by pupils, as they fail to receive many important directions and explanations then given.

Leave of absence in term time is not allowed, except in case of great urgency.

Dentistry should receive attention during the vacations.

The use of tobacco in any form is strictly prohibited.

POCKET MONEY.

Too liberal an allowance of pocket money causes the ruin of many boys. It is a fruitful source of disorder, habits of extravagance, and neglect of studies. All money for the use of pupils must be deposited with the Rector, to be disbursed at his discretion. Parents and guardians are earnestly requested not to violate this rule.

TESTIMONIALS.

Every boy over fourteen years of age who applies for admission should bring from the head of the last school attended a certificate of good moral character, and a full statement of the work he has done in his different studies.

The Regents wish it to be distinctly understood that no vicious, insubordinate, or persistently idle boy, if admitted through mistake, will be permitted to remain in the school.

All communications concerning the school should be addressed to Lawrence Rust, Rector.

Kenyon College.

REQUISITES FOR ADMISSION.

Any student applying for admission to the Freshman Class at the beginning of the Collegiate year, will be admitted without examination, provided he brings a certificate from the Principal of a High School of any city in Ohio, or from the Principal of any reputable Preparatory School or Academy, that he has thoroughly done all the work prescribed in our catalogue for admission to the Freshman Class, and provided that the Principal will also state, that, in his opinion, the applicant is able to maintain a good position in his class, and that he is of good moral character and habits. Certificates covering only a part of the preparatory work will not be received.

Candidates for the Freshman Class are examined in the following studies:

ENGLISH—Grammar; Reading; Spelling, and Composition; Grecian, Roman, and American History.

MATHEMATICS—Arithmetic; Algebra, through radicals and quadratics; Plane Geometry.

LATIN—Grammar, including Prosody; Arnold's Prose Composition to Chapter X; Caesar, four books; Cicero, six orations; Virgil, four books of the *Æneid*.

The English method of pronunciation is preferred.

GREEK—Grammar, including Prosody and Composition; Xenophon's *Anabasis*, three books; Homer's *Iliad*, one book.

Goodwin's Grammar is used as a manual. Some simple reader or companion book of exercises should be used in connection with the Grammar.

GERMAN—Students who omit Greek are examined in Whitney's German Grammar and Whitney's German Reader.

GEOGRAPHY—Ancient and Modern.

In reading Caesar and Xenophon, there should be constant reference to the map.

MYTHOLOGY—A hand-book, such as Baird's Classical Manual, should be studied in connection with Virgil and Homer. A good

classical dictionary and a dictionary of antiquities are necessary to classical students.

ADVANCED STANDING—Candidates for advanced standing are examined in the above studies, and in the studies that have been pursued by the class.

Fair equivalents are received for any of the above named books, or for parts of them. The books named serve to indicate the amount required.

Candidates for admission must present testimonials of good moral character; and, if they come from other colleges, certificates of dismission in good standing.

The regular examination for admission to College takes place on Tuesday preceeding Commencement, beginning at 8:30 o'clock A. M. Another examination is held on the day before the opening of the Christmas Term, at the same hour. Students may be examined for an advanced standing at any time before the commencement of the second term of the Senior year.

For each examination for admission at any day other than those appointed in the Calendar, a fee of two dollars will be charged.

General Information.

LOCATION.

Gambier is a village, situated in the central part of Ohio, and is noted for its beautiful scenery, and its healthful and invigorating climate. No better place could well be found for quiet study, or for moral and religious culture. There are no saloons in the place. Gambier is distant by rail two hours from Columbus, five hours from Cleveland, and six hours from Cincinnati. The station of the Cleveland, Akron and Columbus railroad is immediately in the rear of the College grounds.

BUILDINGS AND GROUNDS.

The buildings are among the best in the United States. The Halls of the Literary Societies are unsurpassed. The College Park contains about a hundred acres, well shaded with maples, and with the grand old oaks of the native forest. To the east, the west and the south, it slopes most beautifully to the valley of the Kokosing.

TERMS AND VACATIONS.

The Commencement is held on Thursday before the last day of June. For particular dates see calendar, page 40.

ATTENDANCE AND EXAMINATIONS.

Students not in their places at the opening of the Term must show by written statement from their parents or guardians that the absence was necessary.

When a student is necessarily absent from Gambier, and in cases of clear physical disability, known as such at the time by the Faculty, absences may be excused by special Faculty action. A student is not held morally accountable for such absences, and they are not considered in estimating his deportment grade; but in deciding the question whether or not a student shall be examined at the end of the term, all absences are counted. Regularity in the performance of all College duties is important for the welfare, not only of the individual student, but also of his class, and any student who persistently neglects these duties will be required to leave College.

It is deemed unnecessary to examine at the end of the term those students who are regular in their attendance upon their

College duties, and who show by their class work that they are well qualified to proceed with the studies of the next term.

Any student who fails to make a term grade of seventy-five in any study is examined in that study at the end of the term.

Any student who is absent from more than one-tenth of the recitations in any study is examined in that study at the end of the term.

PUBLIC WORSHIP.

Students are required to attend Morning Prayers in the College Chapel, also the public services on Sundays, and on the principal Holy Days of the Church.

THE BEDELL LECTURESHIP.

Through the liberality of Bishop and Mrs. Bedell, the interest of \$5,000 has been devoted to the establishment of a course of lectures on the Evidences of Natural and Revealed Religion, and the Relation of Science and Religion. The lectures are delivered biennially on Founders' Day.

MATRICULATION.

A student is admitted to matriculation when he has sustained a satisfactory probation. Matriculation gives accredited membership to the Institution, and entitles the student to an honorable dismissal. For misconduct, he may be reduced to the condition of a Probationer.

DISCIPLINE.

The Faculty reserve the right to suspend, remove or expel any student, whenever they believe that the interests of the College require such action.

DEGREES.

The degree of Bachelor of Arts is conferred upon all students of the regular course in good standing who are approved at the final examination of the Senior class.

The degree of Bachelor of Philosophy is conferred upon those who have successfully pursued the study of Modern Languages instead of Greek, and who have sustained a satisfactory examination upon all other studies of the regular course.

The degree of Master of Arts is conferred on Bachelors of three years' standing, who have pursued a year's study in some branch of the Liberal Arts, under the direction of the College Faculty. For Bachelors graduated before 1883 the rule remains as published before that date.

LITERARY SOCIETIES.

The two Literary Societies, the *Philomathesian* and *Nu Pi Kappi*, have always been fostered by the College. The Society Halls are very commodious, and have been handsomely fitted up, occupying the whole of the second and third stories of the central portion of Ascension Hall. All the students are expected to be active members.

LIBRARIES.

The students have access to the Libraries of the Theological Seminary and of Kenyon College. The aggregate number of volumes in these Libraries is about 22,000.

READING ROOMS.

Two Reading Rooms have been fitted up by the members of the *Philomathesian* and *Nu Pi Kappi* Societies, where copies of the leading English and American periodicals and newspapers are kept on file.

BOARDING AND LODGING.

Rooms are provided in the College buildings in which all students must lodge, unless they obtain permission from the President to room elsewhere. The College makes no special provision for board. This can be readily obtained in private families, or, at times, in clubs.

EXPENSES.

Each room is sufficiently large and convenient to accommodate two students. The rooms are provided with stoves, and are neatly painted and papered by the College. Students provide their own beds, furniture, light, books and stationery. Furniture can often be bought, as well as sold, at second hand, and the expense incurred by its use need not be great.

The College charges are: For Tuition, \$25 per term; for Room Rent, \$5 (at least) per term; and for Incidentals, \$10 per annum. A matriculation fee of \$5 is charged to every student at his entrance. There are also some minor expenses, consisting of taxes voluntarily imposed by the students in their classes and literary societies, and the expenses of graduation.

Every student must keep on deposit with the Treasurer \$5 as security for damage. Any balance is returned to the student at the close of each year.

When a student is absent for a term, and is afterwards, upon examination, allowed to go on with his class, tuition is charged for

the time of his absence. Room rent is charged when a room is reserved for a student.

Fuel is supplied by the agent of the College, and must be paid for in advance, at the same time with the bill for tuition. The charge is \$6 per term for the first and second term, and \$3 for the third term; and twice these sums when a room is occupied by a single student.

Board in private families costs from \$3.50 to \$4.00 per week. Clubs are sometimes formed, and the expense for board is thereby materially reduced.

Students are not allowed to board themselves in their rooms, as this practice has been found to be perilous to health.

The following estimate may be given of the annual expenses, not including expenses in vacation:

Tuition,	\$75
Room Rent,	\$15 to 50
Incidentals,	10
Fuel,	15 to 30
Board,	95 to 152
Washing,	15 to 25
Lights,	5 to 8
Total,	\$230 to \$350

Other incidental expenses, such as books and stationery, furniture, expenses in societies, traveling expenses, etc., vary according to circumstances, and the character and habits of the individual student.

The College bill must be paid in advance, according to the following rule of the trustees:

"All students shall be required to pay their regular term bills in advance. The Treasurer's receipt shall be required by the President before he shall sign a certificate of matriculation, or, after the first term, before the student shall attend recitations."

ASSISTANCE.

Tuition fees are remitted to sons of clergymen. A few scholarships are available for students of the highest character and ability.

THE HENRY B. CURTIS SCHOLARSHIPS IN KENYON COLLEGE.

Hon. Henry B. Curtis, LL. D., has granted to the Trustees of Kenyon College a fund for the aid of meritorious students by loans of money at a low rate of interest. The interest is intended to meet only the risk of life, and is to be not greater than the average rate of life insurance.

Application for the benefit of a Henry B. Curtis scholarship

must be addressed to the Secretary of the College Faculty, Gambier, O., and must state the applicant's name, residence, age, his father's name, and the amount asked for. The application is to be understood as confidential with the Faculty. In making the selection, the Faculty will consider all evidence that may be obtained as to the applicant's character, ability and merit, including his examinations in school and college, and his record for punctuality and other good conduct, the best evidence being the Faculty's personal acquaintance with the applicant. The appropriations will be made for only one year at a time. The scholarship is intended to help the student, but not to cover all his expenses. The maximum for one student for one year will be one hundred and fifty dollars, but for a student's first year in college, seventy-five dollars. The sum appropriated will be paid in equal parts, one at the beginning of each college term. Upon each payment the student will give his promissory note for the repayment in five years from date, with interest at the rate of one and one-half per centum per annum.
