#### MOUNT VERNON, OHIO: THURSDAY, AUGUST 10, 1893.

No Money Required of Responsible Parties to Commence Treatment.

DRS. FRANCE & OTTMAM, Formerly of New York, now of the France

Medical and Surgical Institute, Columbus, Ohio, by request of many friends and pati-ents; have decided to visit MT. VERNON, WEDNESDAY, AUG. 16, Consultation and Examination Free and Strictly Confidential in the Private Parlor of the CURTIS HOUSE,

from 8 a. m. to 5 p. m. One day only. The Doctors describe the different diseases better than the sick can themselves. It is a wonderful gift for any one to possess.—
Their diagnostic powers have created wonder throughout the country.

The Electropathic Treatment for all form of Female Diseases, and the treatment of Seminal Weakness . Loss of Manhood and Errors of Youth, is recognized to be the most successful method ever discovered as used by Drs. France & Ottman.

MEDICAL AND SURGICAL INSTITUTE 38 and 40 W. Gay St., One Block N. of State House, Columbus, O.

Incorporated 1886. Capital \$300,000. DRS. FRANCE & OTTMAN of New York, the well-known and successful Specialists in chronic diseases and diseases of the EYE and EAR, on account of their large practice in Ohio, have established the France Medical Institute, where all forms of chronic, nervous and private diseases will be successfully treated on the most scientific principles. They are ably assisted by a full corps of eminent physicians and surgeons, each one being a well-known specialist in his

IMPORTANT TO LADIES.
DRS. FRANCE & OTTMAN, after cars of experience, have discovered the greatest cure known for all diseases peculiar to the sex. Female diseases pos-itively cured by the new remedy, Olive Blossom. The cure is effected by home treatment. Entirely harmless and easily

applied.

Consultation Free and Strictly Confidential.

DISEASES OF WOMEN Are treated by new and painless remedies, which soothe and subdue the mation instead of increasing it by caustics and such barbarous applications. The bearing-down pains, backache, spinal weakness, irritability, despondency, pain on top of the head, nervousness, soreness and bloating of the addomen and the general debility which accompany these symptoms, all point to uterine disease and should re-

ceive prompt and proper treatment.
YOUNG MEN. Young men who, through ignorance or the careless exuberance of youthful spirits, have been unfortunate and find themselves in danger of losing their health and embittering their after lives, may before idiocy, insanity, falling fits or total impotency results, call with full

MIDDLE-AGED, MEN. There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting ensation, weakening the system in manner the patient cannot account for a ropy sediment will be found or the color will be a thin or milkish hue. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of

the genito-urinary organs. MARRIAGE. Married persons or young men contemplating marriage, aware of physical weakness, loss of procreative powers, impotency or any other disqualifications, speedily relieved. Those who place themselves under the care of Drs. France and Ottman may confide in their honor as gentlemen and confi-dently rely on their skill as physi-cians. Drs. France and Ottman have acquired a world-wide reputation and have had many years' experience in hospital and private practice. There is no subject that requires so much study and experience as the treatment and cure of chronic diseases. The astounding success and remarkable cures performed by them are due to the long study of the constitution of man and the cure of diseases by natural remedies. Let those given up by others call for examination. They have success-fully treated the following diseases since their arrival in this state: Eye and ear disease, chronic diarrhea, chronic inflammation of the womb, chronic in flammation of the bladder, painful or irregular menstruation, fever sores and ulcers, incontinence of urine, tapeworm, crooked limbs and enlarged joints, spinal curvatures, club foot, hipoint diseases, white swelling, discharging abcesses, sterility or barrenness, nervous and general debility, prostration and impotency, diseases of the kidneys and bladder, leucorrheea or whites, bloches and pimples, skin diseases, dyspepsia, constipation, dropsy, cancer, epileptic fits, crysipelas, gravel, goifre, gleet, gonorrhea, hydrocele, heart disease, liver disease, headache, pilca, hysteria, syphilis, St. Vitus dance, chronic dysentery, cularged tonsils, fever and ague, fistula in ano, hernia or rupture, ovarian tumors, paralysis or palsy, prolapsus uteri, bronchitis, asthma catarrh, scrofula, consumption, chronicough, female weakness, spermatorrhoe.

rheumatism, etc. Epuepsy or Fits posi-tively cured by a new and never-failing method. Testimonials furnished. Cancor positively cured without pain or use of the knife by a new method. Free Examination of the Urine. Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine (that passed first in the morning preferred), which will receive a careful chemical and microscopi-

cal examination.

The Rights of the Farmer. The Pittsburg Post in discussing the demands of the goldocrats that there shall be no compromise, that silver must go and gold be made the money of the country, says that the agricultural interests insist on a compromise that will give us both gold and silver. Jones is not only an able and sucpurchase and coinage of Silver by the general Government," the result of which has been entirely different from what was anticipated. He says "the people of the United States are entitle to a sound and stable currency and to money recognized as such on every exwheat to hogs, claiming that they can change and in every market of the world." He adds: "At times like the present, when the evils of unsound finance threaten us, the speculator may anticipate a harvest gathered from the misfortune of others. The capitalist and the thieves were completely routed. may protect himself by hoard or may even find profit in the fluctuation of values, but the wagearner-the first to be injured by a depreciated currency and the last to receive the benefit of its correction—is practically defenseless." The President goes on to say: "Whatever else the people have a right to expect from Congress, they may certainly demand that legislation condemned by the ordeal of three years' disastrous experience shall be removed from the

statute books as soon as their representatives can legitimately deal with it." He concludes his message on this clear and unmistakable language:

I earnestly recommend the prompt re-peal of the provisions of the act passed July 14, 1890, authorizing the purchase of silver bullion, and that other legislaive action may put beyond all doubt or mistake the intention and the ability of the Government to fulfill its pecuniary obligations in money universally recognized by all civilized countries. The Silver Convention at Chicago. The Silver Convention, which met at Chicago last week, was in many respects a most remarkable body of men. It was well attended. The most active the risk of having his steamer frozen up spirits in the body were from the so-called "Silver States," and had therefore a them together—the unlimited coinage of silver. It was anything but a party gathering. Democrats, Republicans and a great financier. Populists were equally conspicuous in the earnest and heated discussions

that took place. The speeches, generally, were very severe and sar astic and sometimes pungent and witty. Harmony, however, did not prevail, and howling, hissing and cheering alternately reigned

Among the speakers were: President Thurman, J. H. Daugherty, of Texas, ex-U. S. Senator Hill, of Colorado, ex-Congressman Newlands, of Nevada, Hon. C. S. Thomas, of Colorado, John to rob the passengers, and succeeded in B. Lemon, of New York, Governor Waite, of Colorado, ex-Congressman Pierce, of Tennessee, Judge C. E. Goodwin, of Salt Lake City, Carl Brown, of California, Hon. A. J. Warner, of Ohio, and the everlasting Ignatius Donnelly of Wisconsin, who annihilated the late William Shakespeare.

Altogether the ablest and most enterivered by Governor Waite, of Colorado, tablished as the Western branch of A. He spoke at great length, and called closing paragragh of his most remarkable address:

"If the money power shall attempt to sustain its usurpation of our rights by its strong hands, as in other lands, we will meet that issue if it is forced upon is. For it is better, infinitely better, rather than our liberties should be demankind all over the world, that we hould wade through seas of blood, yea, plood to the horse's bridles." [Tremen

The platform was presented and read by the wonderful destroyer of Shakespeare, and in sentiment it was an embodiment of the utterances of the various speakers. It was received, says the report, with "frequent applause."

The proceedings as given in the daily papers, are very lengthy, but we have no room for further details.

A Monetary Commission Suggested.

The New York World, in a doubleleaded editorial, suggests that Congress after repealing the silver coinage act, to refer the whole question of the currency it in all its phases during the recess and to report upon the re-assembling of Congress. This commission to be non-parisan, and composed of "students of the history and science of money and expert observers of the practical operations of our present jumbled, inelastic and unsatisfactory currency system. It as well as those who lend."

The World adds: "President Cleveland can be trusted to appoint a Monetary Commission which would not only em body expert knowledge and practical experience, but which would fairly represent all sections and interests of the country that should be justly considered in this connection.

### SERIOUS BUSINESS.

An Arabian Pack-Peddler Assaulted and Robbed.

Sheriff Allen Arrests the Culprits and Recovers the Goods-Held in \$1,000 Bond to Answer to the Grand Jury.

A swarthy looking Arab pack-peddler had a rough experience Wednesday night of last week, while tramping through Morgan township, and two young men noted in the neighborhood for their vicious habits, are under arrest on the serious charge of assault and highway robbery. The foreigner gives his name as Moses Ouwert, says he is 27 years of age, a native of Syria in the Holy Land, and has been in this country seven months. His assailants were Sidney Deyears. The latter had been in Newark at | ceedings were under way. of beer on Wednesday and drove through

Licking County Harvesters Fight Bloody Battle.

Council Finally Accepts the James One Man Killed, Two Fatally Wounded and Another Seriously Shot-The Trouble About the Division of Wheat Crop.

> A terrible tragedy took place Saturday norning near Chatham, in the northern part of Licking county, only a few miles com where the fatal boiler explosion occurred, the particulars of which were fully set forth in the last issue of the BANNER. The parties involved were Washington Smith, one of the most widely known farmers in that section of the county, his two sons, Asa and Charles, and William and Edward Howell. The unfortunate affair happened on the farm of Washington Smith and grew out of the division of a field of wheat, which was their joint property. A threshing machine and crew had just located on the ground, and they, with a number of neighbors, witnessed the tragedy. There has been bad feeling among the men, who had all along been raising crops on the land belonging to the ancestor They were all armed to the teeth with revolvers, expecting trouble, and William Howell had with him his son Edward, a lad aged about twenty years. A word was sufficient to start the trouble and the two Smiths fell at the first fire, Asa shot through the head and Charles through the right shoulder blade. While lying on the ground

Proposed Amendment to the Constitution of Ohio.

LEGISLATIVE SINGLE DISTRICTS SECTION 1. Be it resolved by the General Assembly of the State of Ohio, That a proposition shall be submitted to the electors of this State on the first Tuesday after the first Monday in November, 1893, to amend Sections i to 11, inclusive, of Article XI of the Constitution of the State of Ohio, so they shall read as follows: ARTICLE XI.

State of Ohio, so they shall read as follows:

ARTICLE XI.

SEC. 1. The apportionment for members of the general assembly shall be made every ten years, prior to the first election for members of the general assembly in each decennial period, in the manner herein provided.

SEC. 2. During the month of February prior to the first election for members of the general assembly after the passage of this act and in each decennial period the members of the senate and house of representatives representing the two leading political parties, respectively, shall meet in separate bodies, and each of said bodies shall designate two electors who shall forwith be appointed by the governor; and said four electors so designated and appointed shall constitute a commission who shall ascertain and determine the ratio of representatives and senators, the number of representatives and senators, the number of representatives and senators, the number of representatives to which each county is entitled and the boundaries of each senatorial district. Should any vacancy occur in said commission the senators of the party making the original designation shall, within ten days thereafter, designate an elector to fill such vacancy, and he shall forthwith be appointed by the governor.

SEC 3. The population of the state, as ascertained by the preceding federal census, or in such other manner as the general assembly shall direct, shall be divided by the number "one hundred" and the quotient shall be the ratio of representation in the house of representatives for the ten years succeeding such apportionment.

entitled to two representatives; each county containing three times such ratio shall be entitled to three representatives, and so on.

Sec. 5. Each county entitled to more than one representative shall be divided by such commission into as many districts as there are representatives apportioned to such county; and one representative shall be chosen from each district.

Sec. 6. Each representative district, in counties entitled to more than one representative, shall be composed of compact territory, bounded by election precinct lines, and as nearly equal in population as practicable; and each of such districts shall be numbered.

Sec. 7. The ratio for a senator shall be ascertained by dividing the population of the state by the number "thirty-five."

Sec. 8. The state shall be divided into senatorial districts, as herein provided, and each district shall choose one senator.

Sec. 9. Each senatorial district shall be composed of compact territory, as nearly equal in population as practicable, and except as to districts in counties entitled to two or more senators, shall be bounded by county lines.

Sec. 10. Each county having a population equal to three-fourths of one senatorial ratio entitle as senatorial district. Each county having a population cqual to three-fourths of one senatorial ratio and one-half rottes shall be divided into two senatorial districts. Each county having a population cqual to two and one-half ratios shall be divided into three senatorial district, and so one but no election precinct shall be divided in the formation of a senatorial district.

## SPECIAL NOTICE TO INVALIDS!

# DR. H. RUSSELL BURNER AND DR. H. LESTER KUTCHIN

The Celebrated Authors, Medical and Scientific Lecturers, and Greatest Living Specialists for the Treatment and Cure of all Long-Standing and Difficult Chronic Diseases and Diseases of the Blood and Nervous System, Eye, Ear, etc. owing to secure the latest and very best treatment for such diseases as the regular family physician is not prepared to treat. By their new system. DRS, BURNER & KUTCHIN are brought in close contact with their many patients every month and thus enable invalids to see them and have the benefit of their vast experience at their own door (so to speak) not only saving them the expense of a trip on the cars to a large city, but the excitement, app worry and fatigue incident to such an undertaking, which deters thousands from having the attention of first-class medical the pitiable result that many die who might by skilled attention, be saved to their friends

The Reputation of Drs. Burner and Kutchin Drs. Burner and Kutchin is not only national, but international. Each has several times visited Europe, and while there treated thousands of patients and effected many remarkable cures. Then, they have the finest Anatomical Museum and collection of Instruments to be found anywhere in the world.

tion, and often without asking a question they tell the invalid what the trouble is, and the prospect of a cure, and, most wonderful of all, they value their first impression and first look at a patient more than all else, and they never make a mistake in their diagnosis in any case.

The doctors' methods differ markedly from the general practitioner in all respects. Following the plan of St. George's Hospital, of London, they register every particular as to the patient's physical condition and mental state. The condition of each organ, location of any and all diseased parts, and whether sympathetic or organic, together with the amount and nature of the disease. In this way the entire amount of vital energies are readily computed and the restoring power of the body measured against the force and energy and destructive capabilities of the disease. they tell the invalid what the trouble is,

DR. H. RUSSELL BURNER.

CHRONIC DISEASES. Drs. Burner and Kutchin treat no acute diseases, but devote their whole time to the treatment of chronic and long-standing and surgical diseases; cases given up by other doctors and pronounced incurable, they most desire to see. Drs. Burner and Kutchin have treated over 14,000 cases in Ohio in the last five years, while their patients, all told, from Indiana, Michigan, Pennsylvania, West Virginia, Kentucky and other states have been fully five times that number; nearly two-thirds of these sufferers were given up as hopeless invalids, some to be blind, some deaf, and others a prey to scrofula, chronic kidney disease, consumption, destructive female diseases. Among others, hundreds of children hoplessly deformed. But behold how many of them see and hear, while nearly all are rapidly being cured. The doctors are surrounded with the finest and most extensive collection of instruments ever imported to this country, for examining and treating all forms of chronic aliments of the head, face, eye, ear, throat, nose, chest, lungs, heart, stomach, liver, spleen, kidneys, bowels, reproductive organs, urinary organs, brain and nervous system, paralysis, rheumatism, sick headache, backache, tumors, growths, joint diseases, piles, hip disease, sciatica, skin diseases, ulcers, and every form of weakness of either male or female. Drs. Burner and Kutchin's specific medicines go straight to the diseased organs and can be plain by felt at work in the diseased parts very shortly after their use is begun. They are pleasant to take, mild but searching in action, yet agree with the most delicate lady or child, do not reduce the strength, and can be used while at the usual occupation, as many patients still able for hard work and close attention to business are often slowly, surely, yet unconsciously dying, knowing themselves ill, yet, deceived into a false security, they procrastivate and put off the matter until the case is incurable. The doctors earnestly request all persons under treatment to write to them often,

A Long Experience. Both Drs. Burner and Kutchin have each had a whole life of study and experience in their profession and enjoy advantages which fall to the lot of but few. After attending Full Courses in the best Medical Colleges and graduating with the highest honors, each has since attended other colleges, and several times reviewed the whole profession: have also traveled extensively for the purpose of improvement, having visited the best Medical Colleges, Rospitals, Dispensaries, Eye, Ear, Lung and other Medical and Surgical Institutions on both continents, traveling thousands of miles, both by land and sea; expending thousands of dollars; improving every advantage within their command, and devoting the best years of their lives to become thoroughly familiar with their profession in all its branches.

Drs. Burner and Kutchin are the only Physicians now in Ohio who have received instructions in the European Colleges in Analytica and Microscopical Examinations of the Blood, Urine, etc., which are now considered indispensible to a correct diagnosts in many diseases. They have also an extensive supply of the latest and best Professional Apparatuses, for the treatment of difficult cases by modern methods, embracing many which are but seldom found outside of the large cities. There are many diseases which physicians in common practice do not usually treat, and are therefore, seldom prepared with necessary and costly outfits to examine correctly or treat with success: such cases, therefore would do well to call at once and learn their true condition and whether the doors of Hope are yet open, or forever closed to them
