UNCLE SAM OUT OF CHINESE QUESTION.

War Department Orders Troops to Evacuate.

Lion and Bear Ready to Spring at Each Other's Throats---Position of Germany.

Washington, March 16.—The war department has sent a dispatch to General Chaffee in Peking ordering the evacuation of China by the American troops. The dispatch was drafted by Adjutant General Corbin and in effect is as follows:

"The secretary of war directs you to complete arrangements and sail for Manila with your command and staff officers by the end of April, leaving as a guard an infantry company composed of 150 men, with full complement of officers, medical officer, sufficient hospital corpsmen. Retain and instruct officer quartermaster's department to proceed to erect necessary buildings for guard according to plan and estimates you approve. Colonel Charles F. Humphrey on arrival will make an inspection of quartermaster's department in the Philippine Islands until July 1, when he will be assigned to duty as chief quartermaster at Manila and Miller ordered to the United States."

It was said at the war department that this clears up the Chinese situation so far as the war department is concerned, as the protection of the legation can in no sense be taken as occupation of Chinese territory, and the guard can not be used for any other purpose. The transports Sumner and Indiana will be sent to Taku to take the troops in China to Manila. These troops consist of the Ninth infantry, four troops of the Sixth cavalry and the light battery formerly commanded by Captain Reilly.

Germany's Position.
Berlin, March 16.—In reply to interpellations in the reichstag, Chancellor Von Buelow said: "I again say that we support in China solely German interests, leaving the British to guard their own. Herr Richter asks, 'What is the position regarding the Manchuria agreement?' That I don't know. Herr Richter said the German people were distrustful of the world-policy. If Herr Richter understands by 'world-policy' a tendency to interfere in matters which don't concern us, I am a decided opponent of such 'world-policy.' But, that we must advance our interests in eastern Asia is a fact that has become history. It was in that sense that I said three months ago that we must have our place in the sunshine. I say today, that we will keep that place in the sunshine, and

THE DAUNTLESS DEWET HOLDS LIBERTY DEAR.

Bomboneta, March 16.—Prisoners who have lately been released by General Dewet say they think he is a madman. They say that the terrible fatigues he has undergone, his anxieties and the intensity of his feelings, have unhinged his mind. He rarely sleeps within the bounds of his camp. He seeks his rest outside, with a few trusted followers. General Dewet repudiates the peace negotiations which are going on. He has declared openly to the men under his command that no terms, except independence, will satisfy him. The whereabouts of Dewet during the last three weeks is unknown, nor is it known whether President Steyer is with him.

Fear the Plague.
London, March 16.—The war office, acting on advices from Cape Town, will not land any more troops there until the bubonic plague subsides. The transports have been ordered to disembark the troops at East London, Port Elizabeth and elsewhere. The plague in South Africa is causing uneasiness in South African shipping circles.

Seven fresh cases of bubonic plague, including one European victim, were

not let ourselves be pushed into the shade."

Cause of Delay.
Peking, March 16.—The attitude of M. De Giers (Russian minister) regarding further punishments is delaying the demand of the ministers of the powers on the Chinese, and the matter has been referred to the home governments. Mr. Rockhill, the American special commissioner, says that personally he is in favor of drawing a clean sheet over additional executions, but that certain high officials throughout the provinces are guilty of most barbarous crimes, and it is recognized that these must be punished, if only as a warning to others.

Ready For the Fray.
London, March 16.—A dispatch received here from Tien Tsin says: "The Russians are now entrenching in the disputed territory. A company of the Hongkong regiment with fixed bayonets is in front, while two companies of the Madras pioneers, under command of Major Johnson, are held in reserve. Both the Russians and the British are awaiting instructions from their governments." The British and Russians are disputing over the limits of railway property in the British concession. Trouble is imminent unless the Russians retire.

Brought Up in the House.
London, March 16.—A question in the house of commons in regard to the dispatch from Tien Tsin announcing that friction between the Russians and British there existed elicited a confirmation from Lord George Hamilton, the secretary of state for India, who said Russia had claimed the land in dispute by virtue of a concession alleged to have been granted by China since the disturbances commenced. The authorities on the spot were dealing with the matter, he said.

Russian Activity.
Yokohama, March 16.—In the house of representatives of the imperial diet, the government, replying to questions on the subject, said the facts did not justify the report that Russian ships had landed guns and material near Ma-San-Pho, Korea, for the purpose of building a fort, but it was understood Russia contemplated establishing a coal station and hospital there.

officially reported Friday. In consequence of the removal of the Kafirs to a reservation outside the city as a plague precaution, the Malays held a mass meeting and resolved to resist eviction by force if necessary.

Address of Boer Envoys.
St. Paul, March 16.—Messrs. P. Lotter Wessels and Hercules D. Viljoen, the Boer missionaries, who are in the city, were invited to address the Minnesota state senate. Their remarks were received with much applause. Mr. Wessels argued that the position of the troops at present would indicate that if the war could be kept up for a few months longer victory would be with the Afrikanders.

Boer Generals to Meet.
London, March 16.—According to a dispatch to The Times dated March 15, from Kaalspruit, it is reported that Generals Botha, Delary and Dewet will meet March 16 to discuss the situation.

Mobile, Ala., March 16.—A crowd of citizens of this place is searching Baldwin county in an effort to find three negroes who, in a spirit of revenge, are said to have burned a turpentine camp across the bay, causing the death of 60 white men and negroes. Frank C. Prissler rowed to Mobile, attired only in his underwear, and suffering intensely from burns. He was the only person who escaped from the burning camp.

Loubet Praises Americans.
Paris, March 16.—President Loubet has given expression to his warm sympathy for Americans on the occasion of the audience which he granted to M. P. Peixotto, who, as chairman of the advisory committee of the American exposition commission, conveyed the thanks and warm appreciation of the Americans who have been decorated with the cross of the Legion of Honor. In replying M. Loubet highly praised the part which the United States took in the exposition and spoke of the sacred tie uniting the two countries. He instanced China, where, the president said, he was most happy to see France and the United States were constantly in harmony and in accord with their mutual traditional friend, Russia.

Tragedy in a Courtroom.
Duluth, Minn., March 16.—In trying to prevent Frank Baker's escape from the courtroom, Deputy Sheriff Frank L. Magie was shot in the head and hand by Baker. He may die. Baker was brought into court to answer to the charge of attempted robbery. He made a sudden dash for the door and when the deputy sheriff grappled with him and threw him to the floor he shot the deputy. He then kept the crowd at bay with his pistol as he ran out of doors. His hard-fought-for liberty was brief, for he was caught several blocks from the courtroom.

Tie-Up Threatened.
Cedar Rapids, Ia., March 16.—Everything points to a crisis in the situation on the Burlington, Cedar Rapids and Northern railroad shops, where 400 men have been out for nearly two weeks. The company announced that it would make no concessions, and it must be piecemeal or nothing at all. The men state that the line will undoubtedly be tied up within 48 hours, but it is agreed that no mail trains shall be interfered with if a general strike is ordered.

Minister Wu's Tour.
Washington, March 16.—The Chinese minister, Mr. Wu, left for Buffalo, where he will address the ladies of the Twentieth Century club and later the Liberal club of that city. Mr. Wu goes thence to Chicago, where he will be the guest of President Harper of the Chicago university and will deliver an address on Chinese civilization. It is understood that elaborate preparations are making for Mr. Wu's entertainment in Chicago.

Joint Smashers Fined.
Kansas City, March 16.—Mrs. Prudence Smith and Mrs. Jane McNutt, who raided Eaton's "joint" in Armourdale, Kansas, were fined by Police Judge McCamish \$25 apiece. The judge offered to give a stay of execution if the women would promise to desist from joint-smashing, but their answers did not suit him and he let the fines stand.

Looted by Germans.
Peking, March 16.—It was reported at the United States legation that the Germans had visited the prosperous market town of Nau-Ming, 60 miles from Peking, and completely looted it, and that they had also ransacked and desecrated a native Christian chapel and despoiled women of their trinkets, even taking rings out of their ears and generally ill-treating the natives.

Chardon, O., March 16.—L. T. Wilmot, 75, died here of pneumonia. Mr. Wilmot was vice president of the National Bank of Chardon and an extensive landowner. He was well known in Republican politics throughout the state.

CARNEGIE'S OFFER TO NEW YORK CITY.

He Offers to Give 65 Branch Libraries to the Metropolis on Certain Conditions.

New York, March 16.—Andrew Carnegie, who, since retiring from active business has been able to devote his time to the founding of libraries, has made to New York city the largest offer of that kind on record. If New York will provide the sites and the maintenance he has promised to give \$5,200,000 for 65 branch libraries in this city. The offer was made in a letter to Dr. John S. Billings, director of the New York public library.

Dry Goods Firm Fails.
Cleveland, March 16.—The dry goods firm of Gavigan, Parmelee & Whitney was placed in the hands of the Guardian Trust company, receiver, owing about \$100,000. The firm admitted that it was financially embarrassed and consented to the appointment of a receiver. Negotiations are now being made for the sale of the firm's stock and good will. The firm claims that careful management of the stock will enable them to pay creditors in full.

Students Demonstrating.
St. Petersburg, March 16.—There has been a renewal of demonstrations by students in St. Petersburg and in Moscow. In the latter city the students stoned and broke the windows of the palace of the governor general. Large forces of police and Cossacks are patrolling both cities in anticipation of a renewal of disturbances. A seditious proclamation is being circulated in the large towns of Russia.

Italian Statesman Ill.
Rome, March 16.—Signor Crispi, the celebrated Italian statesman and former premier, during an audience with Dowager Queen Margherita was attacked by a sudden illness and fell to the floor, slightly injuring his head. He received immediate medical attention and was able to return to his hotel.

A CHILD ASSAULTED. LYNCHING IS THREATENED.

Hamilton O., March 16.—A farm-hand named Henry Hobs, employed on the farm of Sol Smith, four miles northwest of Winchester, was locked up in the village jail as a suspect in the assault attempted upon Edith Shinkle, 11, daughter of a farmer. She was choked and threatened by the fiend in an outhouse adjoining the district school. When the man threatened her with a knife she screamed. This frightened him away. A posse composed of nearly every farmer for miles around was formed to search for Hobs. Marshal Robert Bralton of Winchester discovered him in a nearby woods and placed him in the village lockup. He is a white man. Winchester was thronged with people and for a time a lynching was feared. Miss Shinkle went to Winchester and identified the suspect. He was taken to Eaton, the county seat.

Bridge Works Sold.
Toledo, March 16.—The Toledo bridge works passed into the hands of the American Bridge company, the latter company having purchased the plant. The deal was consummated in New York and the price paid was \$750,000. With the acquisition of the local plant the American Bridge company controls 90 per cent of the plants of the country.

Natick, Mass., March 16.—A run on the Natick Five Cent Savings bank is in progress, many depositors from Natick, Framingham and Saxonville having drawn out their money. The run was precipitated by a rumor concerning the solvency of the institution which has assets of \$2,188,638, and is regarded as one of the strongest banks in New England.

St. Joseph, Mo., March 16.—Mrs. Adie L. Richardson was in court to answer to the charge of murder in the first degree, an indictment having been returned against her by the grand jury of Andrew county, sitting at Savannah. She was smiling and appeared much better physically than at any time since she was charged with killing her husband, Frank Richardson, the millionaire merchant. She was admitted to bail in \$20,000.

The others were dismissed.

Not Germany.
Berlin, March 16.—The Lokal Anzeiger takes issue with the intimation of Mr. Balfour in the British house of commons that England must increase her army because of her treaty obligations, which compel her to do so. "If these hints have any meaning whatever," says the Lokal Anzeiger, "they must mean Italy or Portugal. Certainly Germany is not the ally referred to."

Jefferson City, Mo., March 16.—The senate passed the house bill taxing whisky, brandy, rum, gin, distilled spirits and all kinds of wines and vinous liquors sold in the state. The house bill levied a tax of 20 cents per gallon, but the senate reduced the rate to 10 cents per gallon. The house, it is predicted, will concur.

Increase in Deserters.
London, March 16.—An enormous increase in the number of deserters is reported at Aldershot, especially from the cavalry. This condition of things is attributed to the inadequate pay and to resentment in view of the fact that the yeomanry gets 5 shillings per day and the cavalry only 1 shilling.

VIEWED BY THOUSANDS. BODY LIES IN STATE.

Highest Honors Paid to the Dead Statesman.

Distinguished Persons Arriving to Attend the Funeral---Program of Obsequies.

Indianapolis, March 16.—The body of General Harrison, escorted by members of the Indiana national guard, was removed from the Harrison home at 10:30 and taken to the state Capitol, where it is now lying in state. An immense crowd witnessed the cortege, and thousands are passing through the Capitol building to take the last look at the features of the dead statesman. The remains will be conveyed to the Harrison home at 10 p. m.

The body was dressed in the customary black suit of Prince Albert cut which General Harrison always wore. A simple plain black tie was used and gold buttons adorn the shirt front. The body lies flat on the back, the face looking out from the silken lining. The left hand is folded across the breast, a gold band ring being on the finger. This is the only ornament used. The face of General Harrison is composed and restful, although very white, his illness having made no perceptible change in his appearance.

Numerous telegrams and messages of sympathy were received by Mrs. Harrison, and many friends called in person to offer condolences. All of the relatives who are expected to attend the funeral are now in the city. The number of floral tributes sent to the house was greatly increased during the day. Admiral George Brown, on behalf of the Loyal Legion, sent a beautiful silk flag. The flag bears the emblem of the Legion and was placed over the casket. It will not be removed until just as the body is lowered into the grave.

President McKinley will arrive in this city from Canton early Sunday morning, and will be entertained at the home of Governor Durbin during his stay in the city. It is understood the presidential party will leave for Washington via Canton Sunday evening. The Columbia club and the leading hotels of the city are making extensive arrangements for the entertainment of distinguished visitors who will attend the funeral.

The list of active and honorary pallbearers who will officiate at the funeral ceremony has been announced. Among the honorary pallbearers will be the members of General Harrison's cabinet, who will attend. The active pallbearers are A. L. Mason, James Whitcomb Riley, Evans Woollen, Harry J. Milligan, Clifford Arriek, William C. Bobbs, Harry S. New, Howard Cale,

BOSTON NEWSPAPER BURNED. THREE PERSONS PERISHED.

Boston, March 16.—Three lives sacrificed, nearly a dozen men more or less injured and many thousands of dollars damage were the results of a fire in The Daily Advertiser and Record, 7-story granite-front building in Newspaper Row. The dead are: James Richardson, Sr., proofreader, Boston; Judson Crawford, proofreader, Cambridge; Walter Luscombe, proofreader, Salem. These were suffocated.

How the fire started is not yet known, but it was first seen in the pressroom, and it spread to the elevator well and darted to the top. On the upper floor, occupied by the composing room, were eighteen compositors and proofreaders, whose situation was most critical. Panic-stricken, they rushed for the windows leading to the fire escapes, and all but three of them succeeded in gaining the roof of an adjoining building. The flames were confined to the upper floors. Property loss \$150,000.

John L. Griffiths, Newton Booth Tarlington, Hilton U. Brown and Samuel Reid.

The funeral services at the First Presbyterian church will be of a simple character. Dr. Haines, the pastor, will have charge of the exercises, and he will be assisted by the Rev. Samuel Nicolls of St. Louis. The hymns which will be sung have not yet been selected. The program of the exercises is as follows: Hymn, by the choir; Scripture sentences and invocation, by Dr. Haines; Scripture lesson, by Dr. Nicolls; address by Dr. Haines; hymn by the choir; benediction, by Dr. Haines. Dr. Haines' address will not occupy more than 18 minutes and will be in accord with the whole plan of the funeral.

French Encroachments.
London, March 16.—A Tangier correspondent, dealing with the reported French encroachments upon Moorish territory, says: "There has been severe fighting, although but few details are allowed to pass the censor. It is clear, however, that General Risbourg's column has established French authority south of Feugig, although the rumor that Feugig had been occupied by the French is not confirmed. There is an uneasy feeling there that, owing to the complications in South Africa and China, Great Britain may be unwilling to stand between France and Morocco."

An English Snarl.
London, March 16.—The Saturday Review, commenting upon the fate of the Hay-Pauncefote treaty, expresses a hope that Lord Lansdowne's experience as governor general of Canada will now stand him in good stead when negotiating with the United States, adding: "If the United States are bent on having the construction of the Nicaragua canal in their own hands, united Europe might as well complete the Panama canal, neutralize it, and bring the United States to reason."

Furnished Bond.
Eldorado, Kan., March 16.—Jessie Morrison, who is charged with having killed Clara Wiley Castle, furnished a \$5,000 bond, signed by reputable business men, for the continuance of her case. The bond was accepted and Miss Morrison will be released. The trial of the case will be held during the June term.

net increase is shown of only 1.4 per cent, which is due to improved census methods. Thus the population is for the first time stationary. Owing to two famines, mortality from disease and a great decline in the birth rate, the native states show excessive declines. These results were quite unexpected.

Story of a Slave.
To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleepless melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a God-send to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Geo. R. Baker & Son, druggists.

Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. SPECIAL GRAND JURY FOR HOUCK CASE.

Matter is Being Investigated by the State.

Houck Not Yet Arraigned---Bloody Clothes Taken to Columbus---No New Developments.

Saturday afternoon Prosecuting Attorney Ewalt said that the Hess murder case was in exactly the same condition as on Friday. He said there had been no developments, and he therefore had no statement to make.

In regard to a special grand jury, he said that he had not yet decided the matter. If this were done, Houck could probably be tried soon.

In regard to the preliminary hearing, the prosecutor replied that he was ready at any time to proceed, but that the defense had not yet asked for such a proceeding.

The prosecutor further said that nothing had been done in the employment of additional counsel for the state in the case.

In regard to the draining of the race at Bladensburg, and the finding of articles therein, he had nothing to say.

As the case progresses, more and more puzzling grows the question of the defense to be followed by the attorneys for George Houck accused of the murder of Mrs. Hess. That there is to be a bitter fight, there is hardly a doubt, from the fact that Cooper & Moore and Hon. F. V. Owen have been retained by the prisoner. The move of the defense in having the prisoner examined by three of the leading physicians is still a matter of conjecture.

On Friday afternoon the attorneys for the defense made a demand upon Prosecutor Ewalt to be permitted to view the alleged bloody clothes of George Houck, and the demand was refused. The statement was then made that this fact would be taken advantage of in the trial of the case. Prosecutor Ewalt did say, however, that he would permit them to examine all the articles that will be introduced at the preliminary hearing, but added that he will not introduce anything but the necktie. This tie was carefully examined and noted by Hon. Frank Moore, for the defense.

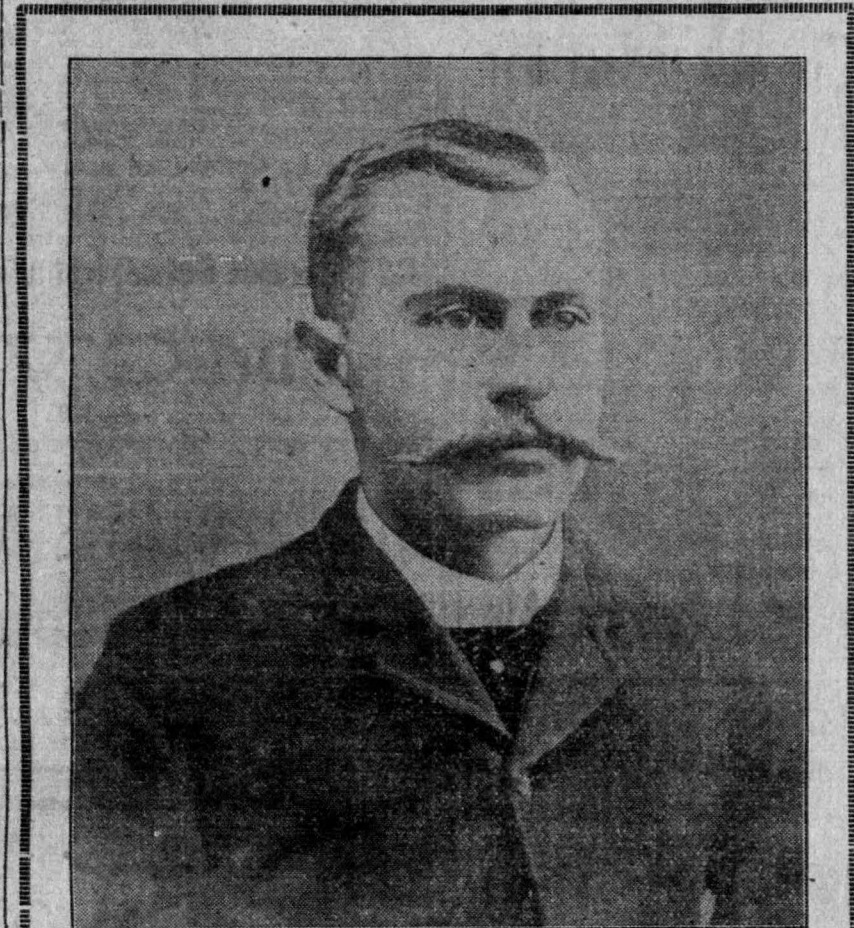

It was learned on pretty good authority Friday night that a special grand jury will be impaneled and the trial of Houck will be proceeded with at once, provided, however, he is held and indicted by the grand jury. When asked about the report Friday night Prosecutor Ewalt said that he had not yet decided that matter.

Those Bloody Clothes.

The clothing which is said to belong to the accused, and part of which was taken from him at the county jail since his arrest, was examined and packed Friday afternoon, preparatory to being taken to Columbus Saturday morning by Sheriff Lynde and Detective Foster, where it will be given a chemical examination. The clothing consisted of a coat, cap, shirt, vest, trousers, necktie and overalls. The clothes were thoroughly examined in the presence of witnesses before being packed, and many spots which are claimed to be those of blood, but which look as though they had been washed, were found. In fact parts of the clothing are literally sprinkled with discolorations.

The articles removed from the Hess home were also examined, inventoried, and then packed away for use at the trial. These articles present a ghastly sight. Among them are the personal clothing of

the murdered woman, blood soaked, a table cloth, a window blind, against which her bloody skull

GEORGE W. HOUCK, Confined in the County Jail charged with the murder of Sarah Jane Hess.

rested and made an imprint, a part of a barrel, and other articles. The bloody club is also to be kept and exhibited. One end of this is matted with the gray hair of the victim, while the other end shows bloody finger marks, as though the murderer had been compelled to resort to its use again after the victim had partly regained consciousness.

A piece of wood, upon which is a bloody thumb mark, made by the murderer in his escape from the rear porch, will be produced as evidence. The case promises to be replete with sensational features, and if it comes to trial while the present excitement lasts, there is not a court room in the state that would hold the people who would want to be present.

Some of the Evidence.

Before leaving the city, Detective Foster stated some new things alleged to have been discovered by the state. He says that the blood spots were found on the prisoner by him at the search at the county jail Wednesday, together with the necktie and part of the alleged bloody clothing. He

admitted a part of his conversation with the wife of the accused, this much, that Mrs. Houck told him that George lay down on the side of the bed at eleven o'clock Sunday night with his clothes on, and she does not remember when he arose and took them off. Foster also says that persons in Bladensburg saw Houck washing his shoes on Monday morning.

In speaking of the people, at Bladensburg, he paid them a high compliment for their orderly conduct. He said they did everything in their power to assist him in his work, and that he did not even hear a profane word while he was there.

Affidavit Served.

The affidavit against Houck was read to him in his cell at the county jail Friday evening by Sheriff Lynde. Houck made no reply, nor did he comment upon the document. The sheriff and deputies say that the accused is not bearing up under the ordeal as well as he did at first. He does not appear to sleep well, and his appetite is beginning to fail him. They fear that he may collapse.

That Examination.

A little more has leaked out about that medical examination by the physicians, Thursday. From what can be learned, it is believed that the examination was to ascertain the moral and mental powers of the prisoner, and from

ton of Houck's vest has not been found. It is believed nothing was found in draining the millrace here.

Defence Has a Word.

Attorney Frank Moore, for the defence, stated, in reply to a question, that Houck will be proven innocent of the crime. He said that it is but natural that when a crime like this has been committed, for the public to be aroused and demand the punishment of any person accused. He says that when the public cools down, there will be a disposition to look at the case more impartially.

Will Not Talk.

George Houck, the accused, spends his time in his cell, reading and sleeping. He refuses to talk at all, merely replying that he has been told by his attorneys not to say a word. He remains lying on his couch most of the time.

KENYON

Will Receive Its \$100,000 Endowment

According to a Statement Made by President Pierce to a Columbus Paper.

President William F. Pierce of Kenyon college, Gambler, stated to a Dispatch representative at the Chittenden Friday, that he had secured all but about \$12,000 to complete a \$100,000 endowment to the college.

Sometime ago Samuel Mather of Cleveland, one of the trustees of the college, authorized the president to ask for donations from various philanthropists and state to them that he (Mather) would give \$2 for every \$3 that they gave. Mr. Mather agreed to stand by this proposition until the amount reached \$100,000.

President Pierce claims that he may secure a portion of the remaining amount in this city. He has just returned from Chicago where he expected to receive assistance from some of the leading financiers of the Windy City, but he returned disappointed.

Dr. Pierce was met in Columbus by his wife, who has been south, but owing to ill health was compelled to return. A consultation was held with local physicians today regarding her condition, which is not necessarily alarming or serious, according to her husband.—Columbus Dispatch.

A RUNAWAY

On South Main Street Causes Much Excitement.

Mr. Al Clemens, residing south of the city had an exciting runaway on West Gambler and South Main streets Friday evening. Mr. Clemens was driving a team of horses attached to a farm wagon. The animals frightened at something on West Gambler street and ran away. The harness and pole of the wagon were broken but Clemens held to the lines. The team started to dash down South Main street but fortunately they were caught near the Smith hotel building.

this may be gathered an inkling of what the defense may be.

Where Clothes Were Found.

There has been some misapprehension as to where the alleged bloody clothing was found. The overalls and cap were secured at the Houck home in Bladensburg, while the coat, trousers, vest and necktie were taken from the prisoner at the county jail by Detective Foster Wednesday morning. Detective Foster desires it to be understood that he was only loaned by the Columbus police department to work on the case, and that the men are not allowed to leave the city except in exceptional cases. If there is any remuneration, it must be a matter between the detective and the county.

Surveyor is There.

A special from Bladensburg Saturday afternoon says that Surveyor Ashcraft is there making a survey of the Hess and Houck homes. There are no new developments in the village. Mrs. Houck, the aged mother of the accused, is recovering from her collapse of Thursday. The missing vest but-

CHARGES

Of an Exceedingly Racy Character

Are Made by Marcus M. Dewitt

In a Suit for Divorce from Mrs. Dewitt.

He Says She Was Very, Very Naughty.

Elizabeth Smale Wants Alimony Only From Samuel Smale After a Short Term of Married Life—An Appeal Case.

Marcus M. Dewitt on Saturday filed a suit against Sadie A. Dewitt for divorce in which he makes some exceedingly racy allegations. He says in his petition that they were married July 22, 1896, at Danville and that on child was born of the marriage. He then charges that defendant called him vile names, threatened to drive him from home with a butcher knife, and refused to cohabit with him since February 10, 1897. He further says that she committed adultery with a man unknown to him in December, 1897, and that as a result a child was born to her in September, 1898. He asks divorce. W. H. Thompson for plaintiff.

Alimony Wanted.

Elizabeth Smale has sued Samuel Smale for alimony. She also asks an injunction preventing the C. A. & C. railway from paying wages due the defendant. In her petition she alleges that they were married December 31, 1898, and that no children are born. She charges that defendant swore at her, and treated her so that she was compelled to leave him. She says he owns two properties in the city, has a pension of ten dollars a month, and earns forty dollars a month in the C. A. & C. shops. She asks alimony and an injunction restraining defendant from disposing of his property or of collecting money due him from the C. A. & C. Lewis B. Houck and John W. McCarron for plaintiff.

An Appeal.

John Jeppenson has appealed an action from the court of Squire Allen Frost, of Hilliar township, wherein Archie Gearhart recovered a judgment for \$136 on February 23 against plaintiff for drilling a well on premises in Centerburg.

WESCOTT HAD A BILLY

And Threatened to Use It—Excitement on Main Street.

Considerable excitement was caused on South Main street Saturday morning when S. D. Roberts endeavored to collect rent from Samuel Wescott, one of his tenants. Mr. Roberts claims that when he demanded his rent Wescott went into the house and secured a billy and threatened to strike him. Wescott was finally quieted and no trouble resulted.

AMUSEMENTS.

Richard Golden.

The Syracuse Herald of September 4, 1900 says: Richard Golden's characterization of "Old Jed Prouty," which was seen at two performances at the Wieting yesterday, is one of the classics of the rural drama. Mr. Golden, unlike many of those who have sought distinction in the portrayal of the rustic, is a thorough artist. Had he stayed with the line of work which he is now doing, he would have been as conspicuous as Denman Thompson, who is merely a performer, dependent upon a personality alone. Summed up briefly, Golden's "Old Jed Prouty" is the best enactment of the rural type that the American public has been treated to. It is a character study never overdone. It is a picture never overpainted. It afforded refreshment, delightful entertainment to those who attended the Wieting yesterday. At the Woodward Tuesday evening, March 19.

SCHOOL NOTES.

The Mt. Vernon high school has been invited to send a track team to Mansfield to take part in the field day exercises to be held in that city on June 11.

Tests are being given to the scholars of lower grades, by Prof. Baxter, four were given Wednesday, and Thursday and four were given Friday. These tests are not examinations for percent of grades but just to find out what pupils are doing. They are mostly written, but some are oral.

Thursday Prof. Leland delivered a speech in chapel of 45 minutes. It was mostly to induce scholars to sign a pledge, so as to do away with tobacco and liquor during their school life. It is for the good of the scholars and it is thought that most all will sign. Friday he spoke again on the same subject and a much stronger feeling is in the minds of pupils to sign the pledge. Prof. Leland is interested in the scholars and wishes those who use the vile weed to give it up. The scholars appreciated his talks and in general it is thought they will give it up. The pledge will be ready some time next week and it is hoped that all the scholars' names will be seen on the paper.

A man from Columbus is expected to talk to the schools on the tobacco subject and by the time he reaches Mt. Vernon, Mr. Leland wants the high school to be already free from the habit.

The high school is about ready to begin reviews. Some classes are already reviewing. There have been two tests in literature this week, and tests for the term will begin in a week or so.

It is rumored that the senior orations will take place in the evening instead of afternoon, but it is not certain. The public will be notified later.

ST. PATRICK'S DAY.

Sunday will be St. Patrick's day but no celebration of any kind will be held in this city. At Columbus preparations have been made for a big celebration and a number of people from Mt. Vernon will go to that city to attend. Mr. T. E. Taugher of this city will be one of the marshals in the Columbus parade.

Cuban Committee on Relations Turn Down the Platt Amendment.
REACH AN UNANIMOUS AGREEMENT.
Committee Said to Be Assured of the support of a Majority of the Delegates to the Constitutional Convention.

Havana, March 16.—The committee on foreign relations held another private meeting. Senor De Quesada, one of the members, says the committee unanimously agreed that the Platt amendment in its present form could not be accepted, and that a report to this effect would be submitted to the constitutional convention. He also asserts that the committee is assured of the support of 28 delegates, a majority. Monday the committee will meet again, when individual opinions on the question will be filed, to be incorporated later in the final report. The intention of the committee is not to make a final report for some time, but Senor De Quesada declares that this delay will not weaken the determination of its members not to accept the Platt amendment as it stands.

Service Vessel Aground.
San Juan, Porto Rico, March 16.—A dispatch from Fa Jarro, province of Humacao, announces that the United States special service vessel, Mayflower, Commander D. Kennedy, with Governor Allen on board, is aground on a sandbar, but that it is believed she has suffered no damage. The government tug Uncas, Chief Boatswain J. W. McLaughlin, has gone to her assistance.

Believe Him a Swindler.
Boston, March 16.—When Louis V. R. Adams, 60, was arrested at a prominent hotel, the police announced their belief that he had caught one of the most adroit check forgers and swindlers in the country. The police say that he has operated in a dozen cities. He is said to have secured amounts ranging from \$50 to \$1,000, and is said to have received \$1,000 each from Marshal Field and S. B. French of Chicago. He is said to have raised \$300 in Boston. The police explain that his plan was to get a small check, and instead of raising it he would write another for a thousand or more.

Floater Found.
New York, March 16.—The body of a man discovered in a cake of ice in the Hackensack river at Jersey City, on Friday, in many particulars resembles the description of John Armstrong Chanler, a descendant of John Jacob Astor. John Armstrong Chanler mysteriously disappeared from Bloomington asylum last Thanksgiving, and has not been seen since. So far as known no representative of the Chanler family has seen the body found in the ice at Jersey City.

In a State of Siege.
Moscow, March 16.—The students' agitation in this city has become extremely serious. Bloodshed has occurred and the students threaten barricades and street fighting. It is not safe for individuals to cross the streets in daytime. The schools are closed and the city is virtually in a state of siege. In the course of Friday's demonstration 500 people, including many students, were arrested.

A CRY FOR HELP.

Result of a Prompt Reply.—Two Letters from Mrs. Watson, Published by Special Permission.—For Women's Eyes Only.

March 15, 1899.
TO MRS. PINKHAM, LYNN, MASS.:
"DEAR MADAM:—I am suffering from inflammation of the ovaries and womb, and have been for eighteen months. I have a continual pain and soreness in my back and side. I am only free from pain when lying down, or sitting in an easy chair. When I stand I suffer with severe pain in my side and back. I believe my troubles were caused by over work and lifting some years ago.
"Life is a drag to me, and I sometimes feel like giving up ever being a well woman; have become careless and unconcerned about everything. I am in bed now. I have had several doctors, but they did me but little good.
"Lydia E. Pinkham's Vegetable Compound has been recommended to me by a friend, and I have made up my mind to give it a fair trial.
"I write this letter with the hope of hearing from you in regard to my case."—MRS. S. J. WATSON, Hampton, Va.

November 27, 1899.
"DEAR MRS. PINKHAM:—I feel it my duty to acknowledge to you the benefit that your advice and Lydia E. Pinkham's Vegetable Compound have done for me.
"I had been suffering with female troubles for some time, could walk but a short distance, had terrible bearing down pains in lower part of my bowels, backache, and pain in ovary. I used your medicine for four months and was so much better that I could walk three times the distance that I could before.
"I am to-day in better health than I have been for more than two years, and I know it is all due to Lydia E. Pinkham's Vegetable Compound.
"I recommend your advice and medicine to all women who suffer."
—MRS. S. J. WATSON, Hampton, Va.
This is positive proof that Mrs. Pinkham is more competent to advise sick women than any other person. Write her. It costs you nothing.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. LYDIA E. PINKHAM MEDICINE CO.
