## THE RUSSIAN EMPIRE GREATLY DISTURBED

### Disorders Among The Lowly Not To Their Liking

#### Cossack Patrols Failed To Locate The Japanese Within Thirty-Five Miles Of The Russian Army--Situation In The Far East

St. Petersburg, March 28.—The internal situation is causing great anxiety, though it is said that the "intellectuals" and the educated classes generally disapprove of the revolutionary spirit which is permeating the peasantry and laborers in Poland. The Crimea is boiling with discontent and the military has been invoked to crush the incipient revolution at Yalta, near the emperor's summer residence. The spirit of disorder has spread to Sebastopol. Moderate liberals in St. Petersburg are becoming alarmed at the situation, reports having been received showing that an actual revolutionary propaganda is being pushed with vigor in many sections of the government of Saratoff are closing the schools there on account of the peasant disturbances.

The impression prevalent in some military circles that the Japanese, having removed the possibility of the main army in Manchuria assuming the initiative, will now turn their attention to the next objective of the war, Vladivostok, is strengthened by the dispatch from Gungshu Pass announcing the withdrawal of the Japanese from the immediate front of the Russian army for a distance of 35 miles south. It is realized, of course, that this may be merely a blind, to cover flanking operations; but it is not improbable that the Japanese, having cleared southern Manchuria of Russian troops and secured a position whence expulsion would be a long and difficult process, may be satisfied to hold the Tie Pass line without further extension of communication. While the voice of Emperor Nicholas' advisers is for peace if honorable terms are obtainable, the government, as is the part of wisdom, is going forward with all provisions for the continuance of the war. Preparations are being made for the mobilization of five corps. It had been understood that the guards would be retained in St. Petersburg, but some of the officers of this crack organization believe their services have been requisitioned and are making preparations to go to the front.

Mr. McCormick had farewell audiences of the emperor and empress at Tsarskoe Selo, special permission having been granted him to make his formal adieu without the presentation of his official letters of recall, which have not arrived. This arrangement was made in deference to the wish of President Roosevelt that Mr. McCormick proceed to Paris without delay. The ambassador took a train for Tsarskoe Selo and was met at the

station there with a state coach outriders and driven to the Alexander palace, where he was received in audience by the emperor, who chatted with him for 20 minutes on various topics, not alluding, however, to the war. Mr. McCormick was then received by the empress and the dowager empress, all three of the royal personages presenting him with their autograph portraits. M. Meyer, who is to succeed Mr. McCormick as American ambassador to Russia, will not arrive for a week.

**Japan's New Loan.**  
New York, March 28.—Japan's new \$150,000,000 loan will probably be formally offered in this city on Wednesday. The underwriting syndicate, which has now been completed, will rank as the largest ever formed in connection with the flotation of a foreign loan in the United States. There are altogether 300 members, representing prominent financial interests of New York, Chicago and other cities. A remarkable incident was the receipt of applications here from French applicants.

**Russian Officer's Death.**  
London, March 28.—The correspondent at St. Petersburg of the Times reports that General Dokstouff, who was to start to join General Kaibars' staff in Manchuria, died as the result of an apoplectic stroke from running up stairs in the war office to thank the minister of war for his appointment. Dokstouff, who was 70 years of age and the hero of several campaigns, had begged to be sent to Manchuria because he wished to die a soldier's death.

**Japanese Withdraw.**  
St. Petersburg, March 28.—A dispatch from Gungshu Pass, Manchuria, says: "The Japanese apparently have withdrawn from the region to the south of the Russian front. Cossack patrols which have been making extensive reconnaissances southward found no Japanese within 35 miles. General Llievitch is dispatching scouting parties east and west to guard against a possible turning movement."

**Russell Convicted.**  
New York, March 28.—Gessner Russell, also known as Gessler Rosseau, was convicted before Recorder Goff of an infernal machine to the Cunard steamer Umbria in this city on May 5, 1903, calmly and without comment, and was remanded to the Tombs for sentence Friday. The maximum penalty for the offense is five years' imprisonment.

## SUITS HAVE BEEN FILED UNDER ANTI-TRUST LAW

Little Rock, Ark., March 28.—Attorney General L. R. Rogers instituted the first suits under the new anti-trust law of Arkansas. The defendants are the German Alliance Insurance company and the Hartford Insurance company of Hartford, Conn., which are alleged to have transacted business in this state since the new law became effective last Friday and to have violated the anti-compact clause of the act. The complaint concludes with a request for judgment in the sum of \$5,000 against each company and that the defendants' right to do business in the Arkansas be declared forfeited. The attorney general announces that separate and similar suits will be instituted for each day the companies transact business in the state.

**British Indies and Canada.**  
Toronto, Ont., March 28.—Mr. Filian, a member of the Dominion legislature, now here, says the sentiment in the British West Indies is strongly in favor of federation with Canada. "There are among us," says he, "hardly

any but would be glad to see some scheme inaugurated for bringing the two more closely together. I think a union would be helpful to both." Mr. Filian has seen Premier Laurier on the subject, and is hopeful of good results, and will also interview the Ontario premier.

**The Colonel's Waterloo.**  
Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from liver and kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure, Dyspepsia, Biliousness and Kidney Disease, by G. R. Baker & Son, Mt. Vernon & F. F. Hosack, Fredericktown, druggist, at 50c a bottle.

## A DECISION

### Concerning Duties Of A President Of Council

Bellefontaine, O., March 28.—Judge Dow of the common pleas court decided that the president of the council of the city was not authorized by the municipal code to exercise judicial functions in the absence of the mayor. The decision affects all Ohio cities not having regularly elected police judges.

**Movement of Freight Cars.**  
Philadelphia, March 28.—On Sunday the movement of freight cars on the Pennsylvania railroad was the largest in the history of the company. On that day 7,191 cars were sent forward. To make this movement it took 120 trains. On the previous day there were 6,514 cars moved, making a total for the two days of 13,705 cars that were forwarded to their destinations.

**Excitement in Sebastopol.**  
Sebastopol, Crimea, March 28.—News of disorders at Yalta greatly excites the local population. According to the latest advices the chief of police at Yalta was seriously wounded. Warships and three companies of soldiers are being sent there. Passengers bound for Yalta remain here.

**Incredible Brutality.**  
It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye. Good for burns and ulcers too. Only 25c at G. R. Baker & Son, Mt. Vernon, & F. F. Hosack, Fredericktown, drug store."

**Town Razed by Tornado.**  
St. Paul, Minn., March 28.—A report reached this city that the little town of Louisa, in the extreme western portion of the state, had been practically wiped out by a tornado, and that seven persons had been seriously injured. Louisa is a town of about 100 inhabitants in Lac Qui Parle county, and has neither telephone nor telegraph connection with the outside world. Reports from nearby towns however, state that three store buildings were entirely demolished and that every residence in the town was more or less damaged.

**Strikes Hidden Rocks.**  
When your ship of health strike the hidden rocks of Consumption, pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKimmon, of Talladega Spring, Ala., writes: "I had been very ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at G. R. Baker & Son, Mt. Vernon, & F. F. Hosack, Fredericktown, drug store, price 50c and \$1.00. Trial bottle free.

**Immigrants Moving Westward.**  
New York, March 28.—Out of the 26,000 immigrants who arrived at this port last week, an unusually large number went to cities and towns west of New York. Ordinarily the majority of the tide of immigration remains in New York city and the immediate vicinity, but during last week the railroad departures of immigrants for the west was 15,000 in round numbers, of which 12,000 were Hungarians and Italians bound for the coal, oil and steel industries in Pennsylvania, Ohio, West Virginia and Illinois.

**Staling Mortality.**  
Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, try just one reliable remedy, Dr. King's New Life Pills. M. Planne, of 14 Custom House Place, Chicago, says: "They have no equal for constipation and Biliousness." 25c G. R. Baker & Son, Mt. Vernon, & F. F. Hosack, Fredericktown, druggist.

**Woman's Confession.**  
Paducah, Ky., March 28.—Mrs. Mary Brockweh, whose three children, aged three, five and seven, died from poisoning under suspicious circumstances Saturday, broke down and confessed that she killed them by giving them morphine and coal oil. The woman said that her husband was in an arm and that she could not support her children. She also stated that she had promised to marry a man if she would get rid of the children. Albertson was arrested as an accomplice.

## GIRL DROWNS

### By Falling Into A Cellarway Filled With Water

Steuvenville, O., March 28.—Annie Sollackas, a small Italian girl, was drowned by wandering from home and falling in an open cellarway, which had filled up with backwater from the river.

**Five Men Drown.**  
St. Joseph, Mo., March 28.—Five men lost their lives in the Missouri river here. The dead: Billy Lewis, Oscar Lewis, Harry Talent, Harry Smith and Howard Hutchison. The men were engaged in dyke building operations on the Kansas side of the river, opposite the water pumping station, and attempted to cross the river in a skiff, which overturned in mid-stream.

**Stay For Havenor.**  
Madison, Wis., March 28.—The supreme court granted a stay of execution to Charles S. Havenor, president of the Milwaukee American Baseball association team. Havenor, an alderman in Milwaukee, was convicted of bribery and sentenced to two years in the house of correction. He is released on \$10,000 bond.

**Lower Ohio Rising.**  
Evansville, Ind., March 28.—The lower Ohio river continues to rise at the rate of over one-tenth of a foot an hour. Weather Forecaster Smythe at Cairo, Ill., says the danger line will be reached here Tuesday night or Wednesday morning. Thousands of acres of wheat are already under water.

**Village In Ruins.**  
Vietsburg, Miss., March 28.—Sixteen buildings, 14 residences, a drug store and a grocery, were destroyed by fire at Vietsburg. The estimated loss is \$50,000; insurance \$20,000. Vietsburg is a village two miles north of this city.

**Serious Blaze.**  
Harrisburg, Ill., March 28.—Fire started in the warehouse of the Ralph Towle company and destroyed nearly all of the east side of the public square. The loss is over \$60,000.

**G. A. R. Surgeon General.**  
Janesville, Wis., March 28.—Dr. J. B. Whiting, surgeon general of the Grand Army of the Republic, is dead. He was the oldest physician in southern Wisconsin.

## NATIVES TO CHOOSE POPULAR ASSEMBLY

Washington, March 28.—The census of the Philippine Islands has been completed, and Secretary of War Taft has apprised President Roosevelt of the fact.

Under the law of 1902 two years from this date the president shall direct the Philippine commission to call a general election for the choice of delegates to a popular assembly. All legislative power in the islands will thereafter be vested in a legislature consisting of two houses, the Philippine commission and the Philippine assembly. The conditions upon which the election is to be called is that complete peace shall have continued in the territory of the islands not occupied by Moros or other non-Christian tribes. The popular election is not to extend to the Moro tribes. Two resident commissioners to the United States will be elected when a legislature is chosen.

The Spanish government has never been able to recover from Cuba the ordinance left there at the termination of the Spanish-American war, and Senator Ojeda called upon Secretary Taft to learn the position of this government in the matter. Under the terms of peace, it was held that Spain was entitled to all of the movable ordinance in Cuba and Porto Rico, and in the latter case the claim was recognized and the ordinance transferred. But in the case of Cuba there appears to be some difficulty in securing recognition by the Cuban government of the obligation entered into by the United States.

**Explanation of Rogers, Sr.**  
Chicago, March 28.—The first explanation of the mysterious disappearance of the boy Frank Ely Rogers and his aunt, Miss Florence Ely, four years ago at Franston, was made by James C. Rogers, father of the boy. Mr. Rogers said: "At the time of the disappearance my son Frank was fired with a desire to run away from home and see life for himself. His aunt, a sufferer from melancholia, was about

## AGED FARMER

### Ended His Life By Hanging Himself

Marietta, O., March 28.—Jonathan Hill, 80, a well known farmer of Marietta township, committed suicide by hanging. No cause assigned.

**Hargises and Callahan Held.**  
Lexington, Ky., March 28.—Judge James Hargis, his nephew Elbert H. Hargis and Sheriff Ed Callahan of Breathitt county were held without bail on charges of complicity in the feud murder of James Cockrill in Jackson, Ky., three years ago. Senator Alex Hargis, arrested in the same connection, was released on \$15,000 bail. The decision was announced by Judge Parker of the Fayette circuit court, who heard testimony last week on the question of bail, and the trial of the case will be during the present term of the court. Cockrill was shot and killed from the court house window at Jackson.

**Rough Voyage.**  
New York, March 28.—Captain Fitzgerald of the Phoenix line steamer St. Andrew reports having had the roughest voyage in his 18 years at sea. Leaving Antwerp March 2, the ship had fair weather until the 6th, when terrific storms were encountered. These lasted until the 17th. The wind blew with hurricane force and enormous seas accompanied it. The hull was strained, as a result of which the ship probably will have to go into drydock for repairs. The St. Andrews brought 36 stallions, German coach horses, destined for Columbus, O., for breeding purposes.

**Vessel Lost at Sea.**  
Azores, March 28.—The crew of the Norwegian steamer Coringa, which was lost at sea while bound for Halifax, N. S., with a cargo of salt from Barcelona and Cadiz, arrived here. One of the men died before reaching this place. The Coringa was abandoned in a sinking condition on March 18, 13 days after she sailed from Cadiz.

**Pleaded Guilty of Murder.**  
Joliet, Ill., March 28.—William Rapson, the New Lenox farmer who shot and killed his son Herbert and his son's wife, then attempted suicide, in January, pleaded guilty to two indictments for murder. Before determining Rapson's sentence the court will hear evidence in the case.

## ON A SERIOUS CHARGE ATTORNEY IS INDICTED

to be placed by us in a sanitarium, a proceeding to which she strongly objected. As a result of these circumstances the two left home together and went to Buffalo. There they separated. Miss Ely entering a large store apparently to do some shopping and leaving Frank outside. She had previously given him a small sum of money. From that time until now Frank has not seen Miss Ely, and neither he nor we know her whereabouts."

**Nan Patterson's Trial.**  
New York, March 28.—The trial of Nan Patterson for the murder of Caesar Young will be begun before Recorder Goff in the court of general sessions early in April. At the request of District Attorney Jerome, Justice Fitzgerald removed the case from the supreme court, where it was, to the court of general sessions. The reason alleged is that there probably would not be a supreme court justice at liberty to try the case at that time, and the trial must be held then unless the prisoner were to be discharged.

**Important Witness.**  
Chicago, March 28.—L. E. Shields of New York city, formerly an employe of Armour & Co., occupied most of the time of the federal grand jury that is investigating the workings of the so-called "beef trust." Great developments are anticipated as a result of the testimony that Shields is expected to give. It is reported that much of the testimony previously taken by the grand jury serves only as a schooling in regard to the live stock and the meat business in general.

**Flood Raging.**  
Schenectady, N. Y., March 28.—This city is threatened with one of the greatest floods in recent years. Already the Mohawk river has broken over into the Erie canal, which has flooded the lower portion of the city, and several canal boats have been lost. There is a 20-foot gorge a few miles west of the city which threatens to break. Westbound trains are held

## TEN YEAR SENTENCE GIVEN MRS. CHADWICK

### And The Court Denies Her A New Trial

#### Noted Woman Not Particularly Affected When Apprised Of Her Fate--Case To Be Taken To A Higher Court--Buckeye State News

Cleveland, O., March 28.—The motion filed by the attorneys of Mrs. Cassie Chadwick for a new trial was overruled by Judge R. W. Taylor in United States court, and sentence was imposed at once on the woman. Unless the higher court intercedes, Mrs. Chadwick will spend the major portion of the next decade in the Ohio penitentiary. She was convicted on seven counts and sentenced upon six counts. For four of these counts a sentence of two years each was imposed. Upon two counts a sentence of one year each was imposed, making a total sentence of 10 years. Mrs. Chadwick was not particularly affected when informed of her fate, and remarked to the court before sentence was pronounced that she had nothing to say.

Attorney J. P. Dawley of counsel for the convicted woman took exceptions to the sentences upon each count, except the first count. The defense intends to make the claim that the court can not impose a separate sentence for each count; that the law applies to the general charge instead of each incident of a general charge. The various counts of the indictment are considered by the defense to refer only to details of the general defense. This point will also be contested in the higher court, as will the other point of the Chadwick trial which resulted in her conviction. Either Judge Francis J. Wing or Mr. Dawley will go to Cincinnati to make arrangements for a review of the case by the United States circuit court of appeals. The first step taken by the defense will be to ask for a stay of sentence until the appeal is tried out. There will be no attempt to execute the sentence until the defense has had an opportunity to carry up the case. Mrs. Chadwick will be defended to the last count.

No action will be taken by United States Attorney Sullivan regarding the other six indictments against Mrs. Chadwick in the federal court until the present case is finally disposed of. If the present case and sentence is sustained by the last court the other cases will be dropped, otherwise they will be used against the woman.

**Finds For Doctor Doren.**  
Columbus, O., March 28.—The circuit court of Franklin county reversed the common pleas court in the damage suit brought by Joseph Fleming, an escaped inmate of the State Institution for Feeble-Minded Youth, against the late Superintendent Doren. The circuit court finds that Superintendent Doren was not actuated by improper motives in receiving Fleming into the

institution, relatives having said it was the proper place for the youth. As Fleming left the institution without an order from those who had placed him there, it was the duty of the superintendent to have him returned. The story of cruel treatment, the court holds, was not borne out by the testimony.

**Run on Bank Ceases.**  
Cincinnati, O., March 28.—The run on the Union Savings and Trust company, which began more than two weeks ago, and on Saturday blocked all other business about the bank building, has exhausted itself. The police who had been ordered out to preserve order exceeded in number the withdrawing depositors. On 'change 25 shares were sold at 60c, the highest price ever paid for the stock. There were other bids, but no offers.

**Accept Last Year's Scale.**  
Cleveland, O., March 28.—An agreement was reached at the wage conference between the lake carriers and the marine firemen, officers and water tenders whereby the men will receive last year's wages. The employees at first asked for an increase of 20 per cent, which the vessel owners refused, and the men finally decided to accept last year's scale.

**Council to Johnson.**  
Cleveland, O., March 28.—The city council adopted a resolution calling upon Mayor Johnson to take his recent charges of bribery to probate court or to grand jury and prove them, or in the event of his not being able to do so, make an apology to the members of the body whom he had accused. The mayor said he would think the matter over.

**Rockefeller Gift Unsolicited.**  
Boston, March 28.—In an interview Dr. James L. Barton, secretary of the American board of commissioners for missions, declared that the proposed gift of \$100,000 by John D. Rockefeller to the board, which has caused wide discussion, was unsolicited and spontaneous, originating in an impulse of Mr. Rockefeller to further the work of the board.

**Starvation in Armenia.**  
London, March 28.—Starvation threatens Armenia, according to a cable message from Van, received by the Turkish Mission Aid society from local agents. The message contained: "Suffering from poverty. General food supply in many villages nearly exhausted. Deaths from hunger beginning."

## ON A SERIOUS CHARGE ATTORNEY IS INDICTED

Taylorville, Ill., March 28.—Assistant State Attorney C. E. Springston has been indicted by the grand jury on a charge of compounding a felony. It is alleged that he offered to act as a saloon keeper immunity from prosecution for selling liquor after hours. State Attorney Neff refused to prepare an indictment against his assistant, Judge Dwight on request of the grand jury appointed F. B. Brennan a special state's attorney for the purpose. The grand jury also recommended that Springston be called before the bar of the court to answer a charge of contempt for the alleged compounding of felony. Former Deputy County Treasurer E. M. Searon was indicted on a charge of embezzlement.

**Hold President's Action Illegal.**  
New York, March 28.—A board of the United States general appraisers announced a decision in which they hold that President Roosevelt possessed no legal authority to postpone

for 10 days the date when the Cuban reciprocity treaty took effect, as he did in his proclamation of the treaty. The case was brought by the Dalton company. The United States senate, when it ratified the treaty, inserted an amendment that it should not take effect until approved by congress. Congress approved it on Dec. 17, and the president on that date issued his proclamation. He provided, however, that the treaty should not take effect for 10 days.

**Striker Jailed For Contempt.**  
Springfield, Ill., March 28.—George Alderman, one of the strikers of the St. Louis Smelting and Refining company's plant at Collinsville, pleaded guilty in the United States circuit court to contempt of court and was sentenced to 60 days in the Quincy workhouse. Alderman violated Judge Humphrey's injunction against interfering with the working of the plant by assaulting a workman on his way to work.

## Hindoo Nose Key.

"It is considered an insult and extremely indelicate in India to refer to a woman's nose ring, but so many ask me, 'What is that flower they hold in their mouth?' that I must tell what I shouldn't," says Edmund Russell. "It is the badge of widowhood, even more sacred than our wedding ring—set always with the costliest and most beautiful jewels a woman possesses and the last she will part with. A ruby with two pearls is the favorite, as symbolizing a heart between two guardians of purity. This is somewhat going out of fashion under English influence. The Somaji ladies and Zoroastrian sisters do not wear them, but every orthodox Hindoo woman has her pak chabi, or 'nose key,' as it is also called, usually two, one of precious jewels and costly pearls; the other a little plain gold safety pin, which is slipped in just as the great circle is being drawn out, for the nose must never for a moment be left free."—Jewel Crafts of India.

## The Reason.

"My mamma's got whiter teeth than your mamma," said Alice. "She'd oughter have. She changes 'em oftener," retorted Maude.

## WISE AND OTHERWISE

Here is a genuine case of "green goods" from W. Va.

The driving horse belonging to Sheriff Dudley is fond of green feed, and the other day when it was tied to a post in front of a store on Market street, a lady whose hat was trimmed with a wealth of green foliage passed along the curb close to the horse, and stopped to allow some persons to pass on the crowded side.

walk. The horse spied the foliage, reached over and grabbed the whole shooting match in one mouthful and began chewing it. The woman almost dropped in a faint when she recovered her headgear, as there was nothing left but the tattered rim.—Parkersburg Sentinel.

An apt illustration of distinction without a difference occurred recently in a Washington shoe shop, according to the story Congressman Sulzer tells on one of his colleagues.

Mr. Sulzer's friend, it seems, has been a great sufferer from rheumatism, so that one foot has been affected by it and has become a trifle smaller than the other. He ordered his shoes made accordingly. His directions were obeyed, but when he visited the shop to try them on he picked up the small shoe first and attempted to get it on the larger foot.

"Look here," he exclaimed, in a burst of petulance, "I told you to make one shoe larger than the other; instead of that you have made one smaller than the other!"

During a session of the Supreme Court of Maine at Augusta a tedious and complicated real estate case had pretty nearly worn out the patience of the counsel on both sides. One of the lawyers engaged was Fred A. Appleton, whose fame as a wit was widespread.

Opposing him was a lawyer of pompous mien and much avoirdupois, who kept making blunder after blunder until even the Judge became irritated. Aftermaking a particularly aggravating error he said:—"I beg Your Honor's pardon; that was another mistake. I seem to be inoculated with dillness to-day."

"Inoculated, brother?" said Mr. Appleton, I thought you had it in the natural way."

Philosophers claim that distress, even when positive or superlative, is still only comparative, which bears out the answer that Mr. George Edwardes, who recently returned to England, made to a Birmingham manufacturer who was complaining of hard times.

"The pressure of the times is such in our city," said the Birmingham man, "that we have good workmen, who will get up the inside of a watch for eighteen shillings."

"Pooh! that's nothing compared to London," replied Mr. Edwardes. "We have boys here who will get up the inside of a chimney for sixpence."

ference to the condition of the gutters at the corner of Chestnut and Norton streets. He said that the gutters were washed out and quite dangerous. Upon motion the matter was referred to the board of public service for investigation.

Mr. Trott stated that the roof of the Fifth ward engine house was in a leaky condition and requested council to take steps to have the same repaired. Mr. Grant stated that this matter came within the jurisdiction of the board of public service, but the board had no funds to make any repairs. Mr. Cheyney offered a motion that the board find out the cost of such improvements and report at the next meeting. The motion carried.

Mr. Koons stated that he had in mind for sometime, before becoming president of council, the plan of consolidating a number of the boards of the city and thus cut down expense. He was of the opinion that by the provision of the new code the board of health could be abandoned and the work done by the board of public service. He also said that the city auditor could perform the duties of a number of clerks employed by other boards and this would also cut down the expense. While no action was taken in the matter, Mr. Koons' suggestion seemed to meet with approval by all members of council.

Mr. Cheyney offered a motion that the city solicitor and city auditor make a demand for the amount of money due the city for the fines collected under the Beal law and if necessary commence a suit. The motion carried.

Mr. Sefton offered a motion that the city solicitor prepare an ordinance for the purpose of getting competitive bids from the various banks of the city paying the highest rate of interest for the deposit of the city's money. In other words to investigate the money belonging to the city on interest. The motion carried. Adjourned for 2 weeks.

He furnished security and was released.

**CUT IN TWO**

**Was Stillwell's Bill And He Will Only Get Five Hundred**

The county commissioners in regular session today departed somewhat from routine. They took up the matter of the bill of L. C. Stillwell, attorney in the Lingafelter criminal trials, which took place in Mt. Vernon. It will be remembered that he presented a bill of \$1,000 for services. It will also be remembered that the commissioners refused to pay it and passed it along until the next meeting. They then cut it in two and it is up to Mr. Stillwell to say whether he can make good on that. —Newark American Tribune.

**LARGE CLASS**

**Initiated Into The Eagles On Monday Evening**

**Which Was Followed By A Pleasant Banquet**

**The Diamond Was Drawn By Mr. Chappellear**

**Who Held Number 832--Banquet Was One Of Most Enjoyable In History Of The Aerie**

Kokosing Aerie of Eagles held an afternoon and evening session Monday and initiated a large class into the order. The afternoon session was of a business nature and also the preparation for the initiation was made.

The early part of the evening was spent in initiating Messrs C. H. Burnett, Hugh Worley, Charles Welker, C. E. Workman, Charles Metzger, Dana Chase, Ray Cochran, Julius Pipes, Ray McCrimmon, Fred Clark and O. M. Chinn.

Mr. M. J. Barry of Columbus was in attendance and made a short address.

At the conclusion of the initiatory work, the lodge room was cleared and the banquet tables, constructed in the shape of an "E", were spread. At ten o'clock all were invited to the banquet room and an elegant banquet was served.

After the chairs were pulled back and cigars lighted, Mr. J. J. Fultz acted as toastmaster and a short program of toasts was given. Several musical selections were given by Messrs Charles Jennings and C. E. Workman.

Following the program of toasts, Toastmaster Fultz announced that the diamond stud drawing contest would take place. He appointed Messrs L. E. Rawlinson and Justin Devalan, who were invited guests at the occasion, as a committee to decide as to how the drawing should be done and also to conduct the drawing.

The committee placed all the stubs in a large bowl and Mr. Devalan was blind-folded and drew out the stub from the bowl, which was held by Mr. Rawlinson. The first number drawn was 832 and was held by Mr. H. J. Chappellear.

The occasion was brought to a close near the hour of midnight and all departed with the assurance that the evening had been greatly enjoyed by all.

**A QUIET WEDDING**

**Which Occurred In January Just Brought To Light**

A quiet marriage was brought to light Monday, when it was learned that Mr. Charles Jennings of this city and Miss Ida Walton were married in Columbus during the first week in January. Miss Walton had been employed in Columbus prior to the time of their marriage and the license was secured in Columbus. The matter has been kept a profound secret for nearly three months. The young couple have been living at the home of the bride's mother on South Mulberry street. Mr. Jennings is employed in the music store of Mr. L. C. Penn.

**RANKIN FUNERAL**

**Occurred In Newark Monday And Attended By Mt. Vernon People**

The funeral of the late C. C. Rankin took place from the home of W. A. Sprague in North Fifth street at 2 o'clock Monday afternoon, Rev. T. A. Cosgrove conducting the services. The interment was made in Cedar Hill cemetery.

Mr. and Mrs. Milton Knodle of Richmond, Ind., Mr. Oren Johnson of Springfield, O., and Mrs. Cecelia Sturges of Mt. Vernon attended the funeral.

Mr. Johnson is a brother, while Mrs. Knodle and Mrs. Sturges are sisters of Mrs. Rankin.—Newark American Tribune.

**BIRTHDAY PARTY**

**Given On Monday Evening By Miss Mary Blair At Her Home**

Miss Mary Blair, daughter of Mr. and Mrs. Charles F. Blair, very pleasantly entertained ten of her girl friends Monday evening at her home on West Vine street, the occasion being her tenth birthday anniversary. The evening was spent in music and delicious refreshments were served. The hostess received a number of beautiful presents from her friends.

**WALKED TO UTICA**

Marshal Furgeson of Barberton stopped off in Utica, en route to Newark, Monday, for a criminal incarcerated in the city prison here, who was wanted in Barberton for an assault, on which said marshal was bail for his appearance for \$100. Furgeson came to Mt. Vernon over the C. A. & C., and then walked to Utica and waited there until 16 came in from the north at 7 p. m.—Newark American Tribune.

JOHN S. LONG.

**Dr. S. Weir Mitchell, the Great Neurologist, Warns Americans Who Neglect Their Nerves.**

"In busy centers the number of deaths due to nervous causes has increased twenty per cent in forty years. One-fourth of the deaths in cities to-day are from nervous diseases."—Dr. S. Weir Mitchell.

The clean, rich nerve-force that was behind the health and happiness of thousands upon thousands is literally burning itself up like the dry wick of an empty lamp. It is the "Strenuous Life," with a vengeance.

Can men who go to their work in the morning tired and with lax spirits give to their own affairs the electric touch of confidence and power upon which success depends?

Can mothers worn out and nervous, plodding dully or ill-tempered through the routine of homekeeping, bring into the family life that precious spirit of hopefulness and happiness without which the word "home" seems a mockery?

When you feel exhausted—when you grow tired sooner than you should—when you lose patience with the irritating cares of daily life—when you feel discouraged—when you feel that your hopes and ambitions are not as high as they used to be—when you spend a sleepless night—when you get up almost as weary as when you went to bed—when you are worried.

These are all signs that your nerve forces are burning low.

Neglect the nerves and they will make you feel this neglect in many ways, they control all of the organs of the body and must be kept healthy and strong to do their work properly,—tired nerves cannot keep the organs of the body working in that harmony which is essential to real health.

This is why Paine's Celery Compound is able to bring health in so many different forms. Paine's Celery Compound feeds and nourishes the nerves. It makes new Nerve Force. It makes pure, rich blood, a clean active liver, a stomach that acts quietly and strongly upon all the food that is given to it, bowels that throw away promptly and surely all the ashes from life's engine room.

It makes the heart beat true and evenly, it makes the brain clear and vigorous.

The Nerve Force does this all, and Paine's Celery Compound makes the Nerve Force.

Best of all it makes that buoyant life-spirit, the thrill of health, that is the secret of happiness and the keynote of individual success.

Without Nerve Force there can be no health at all—no success—no joy in living.

John S. Long's case is simply one of thousands upon thousands. An average case and an object lesson to the average person.

"For nervousness and stomach troubles Paine's Celery Compound is the medicine. I was almost a physical wreck when I commenced to use Paine's Celery Compound, and now I am as healthy as any man in the world, and I owe it all to Paine's Celery Compound. The first bottle I took helped me wonderfully, and by the time the second was used I was a well man, and I can cheerfully recommend it to any one as being the best medicine I have ever used." —John S. Long, Ballard, Wash.

Try Paine's Celery Compound to-day. It braces you up at once.

Take two days' treatment. See how much better you feel. See how much more easily the trials roll away.

For over 18 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University. All reputable druggists recommend and sell Paine's Celery Compound.

DAMAGES CLAIMED.

Schwab Served With a Writ on His Arrival at Plymouth. London, March 28.—Charles M. Schwab, on his arrival at Plymouth, was served with a high court writ at the instance of David Rothschild of London, claiming damages for breach of contract. The writ was served on board the steamer Kronprinz Wilhelm, and the interesting question arises whether the liner could be regarded as German soil, in which case the service would be illegal. It is stated that the matter will have to be decided by the courts. Mr. Schwab did not land at Plymouth, but proceeded to Cherbourg. To a Standard reporter Mr. Schwab said he was not going to Russia, and that he had not come to Europe about Russian naval contracts.

Strike Breakers Jeered.

Hammond, Ind., March 28.—There was little trouble at the Inland steel plant when a carload of nonunion laborers was taken into the yards on a special train. Eight hundred strikers who surrounded the plant made no demonstration beyond jeers and hisses. Superintendent Bloch of the steel company has hired 50 detectives and sworn them in as special police. The East Chicago police department has notified the steel company that their deputies will have to be kept inside of the plant grounds. The company expects to resume work in all departments.

Plans of Conspirators.

Warsaw, March 28.—Baron Von Nolken, the chief of police, who was wounded by an assassin, is believed to be out of danger but he is suffering intensely. Further investigation shows the care with which the plans of the conspirators were laid. A number of persons of the poorer class proceeding in different streets in the direction of the palace just before the bomb was thrown were warned by persons evidently posted for that purpose to go in some other direction.

Wreck on L. & N.

Clarksville, Tenn., March 28.—A string of freight cars running wild on the Louisville and Nashville railroad crashed into a freight train going in an opposite direction near here. The dead: John Murray, engineer, Bowling Green, Ky.; Bart Fox, fireman, Nashville, Tenn., and two negroes, names unknown, who were stealing rides.

Major Hinton Dead.

Davenport, Ia., March 28.—Major Charles B. Hinton, U. S. A., was found dead in bed at the St. James hotel. The coroner decided that death was due to paralysis of the heart. Major Hinton came here three weeks ago to take charge of a recruiting station.

Sanitarium Burns.

Fort Stanton, N. M., March 28.—The large hospital building at the sanitarium for consumptives of the marine service here was destroyed by fire. All the inmates were rescued. An employe fell through the burning roof and was killed. Loss \$15,000.

Wiped Out by Fire.

Montgomery, Ala., March 28.—The business portion of the town of Fausdale, Ala., was practically wiped out by fire. The approximate loss is given at \$55,000, the insurance amounting to about one-fourth of that amount.

A SWIMMING HORSE.

The Proper Way to Ride the Animal in the Water. A military journal of Paris gives this account of the way a horse should not be ridden and of the way he should be ridden in swimming a stream. To begin with, it must not be supposed that a horse always swims naturally and with ease the moment he is off his feet in the water. The animal under such circumstances has but one notion—to keep his head out of the water and to lift his shoulders as high as possible. In doing this his hind quarters sink, and he finds himself almost standing upon his tail, or at least in a position three-quarters erect. In such a position, if the rider draws upon the reins or throws his body back in the least, the animal's hind quarters will sink more and more, his body will take a vertical position, and, beating the water uselessly with his forefeet, he will finally sink. As soon as the horse gets off his feet in the water let the rider grasp a handful of the animal's mane, leaning at the same time well forward upon his shoulders, but without touching the horse's head. The rider's knees should be pressed tightly to the horse's sides; otherwise he is likely to be swept off by the water. This is the only position which will enable a man to remain in the saddle and the horse to swim at the same time. The reins must be held loosely and each well to one side. If the horse is to be guided in the water give the loose rein a little jerk in the direction desired. But it is in the highest degree important never to pull on the reins.

Half and Intellect.

"Did you ever notice," said an observant woman, "how many intellectual people have Auburn hair? At the theater the other night I don't remember noticing a single reddish head of hair among the hundreds of uncovered heads spread out before me. They were the well coiffed heads of the average nice woman. The next night I attended a meeting of a very learned society at which there were perhaps 200 or 300 of the brainiest thinkers and educators around town, and without turning my eyes I picked out at least a dozen Auburn-haired women in the few seats in front of me. Now, that was more than a coincidence. It argues something for the possessor of Auburn hair, I should think."

Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering. As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack. If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects. They contain no morphine, opium, chloral, cocaine or other dangerous drugs. "For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. J. PARK, 721 S. Michigan St., South Bend, Ind. Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk. SHAM ARMOR.

Story of a Once Famous Vessel in the Russian Navy. Among the anecdotes told by Colonel F. A. Wellesley in his book, "With the Russians in Peace and War" is one concerning a once famous vessel of the Russian navy. When the ironclad Peter the Great, from which so much was expected, was in course of construction the deputy acting minister of marine, on being suddenly asked by the czar what progress the ship in question was making, lost his head and replied that she would be ready for sea in three weeks. "The emperor expressed great satisfaction at the news and said that he would shortly inspect the vessel at Cronstadt. It so happened, however, that far from being ready for sea, the ship was still in dock and that her armor plates, which were being rolled in England, had not even been delivered. In view of the emperor's threatened visit all useful work on board the ship was stopped, and hundreds of men were set to work night and day at the erection of cabins, the covering of the ship with sham armor, the erection of wooden turrets and the like. "When the Duke of Edinburgh came to Russia I told his royal highness this story," continues Colonel Wellesley, "which he was most reluctant to believe. I told the duke, however, that he would soon have an opportunity of judging for himself at a naval review, and I predicted that, as he was a naval officer and therefore sure to detect anything wrong, some excuse would be made to prevent his going on board that particular ship. The duke expressed to a Russian naval officer his desire to visit that ship, but objections were raised to his doing so. "Then the emperor, noticing that something was wrong, ordered a boat to be lowered immediately to take his royal highness on board. After the review the duke told me that I was wrong about the turrets being made of wood, as he had placed his hand on one of them, and it was made of canvas and yielded to the pressure of his fingers."

CUT TO THE QUICK.

News Bits Depicting Happenings at Home and Abroad. Three births in the steerage marked the voyage of the Pretoria, Hamburg to New York. Vicious horse kicked to death William Wilson, 42, a hostler in a stable at Dayton, O. Simeon Lee found dead on the roadside near Lexington, Ky. Had been shot in the back. At Columbus, O., John Young in attempting to illustrate how McKinley was shot, accidentally sent a bullet through his mother's legs. Compressed air blew Richard Creedon, a workman in the tunnel under East River, New York, through 40 feet of water and 20 feet in the air. Not seriously hurt. Duke of Orleans issued a manifesto declaring a restoration of the French monarchy is necessary to restore an orderly administration of the country and to ensure religious liberty. William at Lisbon. Lisbon, March 28.—The steamer Hamburg, with Emperor William on board, anchored here. King Charles, Crown Prince Luis Philippe, Duke of Bragaza and the Duke of Oporto, brother of the king, and their suites; Foreign Minister Villaca and Marine Minister Moriera went on board the vessel and escorted the emperor ashore. After presentations at the landing stage the royal procession was formed and proceeded through crowded and magnificently decorated streets to the palace at Belem. The cortege included the historic state carriages, the last of which was occupied by King Charles and Emperor William. Curious Paradox About Hands. It is a curious paradox that, as a rule, the large handed man loves small things, details, exquisitely finished objects and is microscopic in his tendencies, while he whose hands are small delights in colossal of every sort, loving ostentation and display, immense houses, majestic estates and all else that is upon a great scale. His handwriting is large and perhaps full of flourishes, while that of the large handed man is small and precise. Simply a Lottery. Dr. Phaker—Take this prescription. It will either kill or cure you, Patient—But suppose it kills me? Dr. Phaker—Nothing ventured, nothing gained. My motto is, "No cure, no pay," so I'm taking a chance as well as you.—Philadelphia Press.
