TRAINS ARE BLOWN UP NEAR HARRISBURG, PA.

Express Strikes A Freight And Dynamite Explodes

Disaster Occurred At An Early Hour On The Pennsylvania Road Near Harrisburg--Long List Of Injured Is Expected

Harrisburg, Pa., May 11.—An express train of the Pennsylvania railroad ran into a freight train in which were two cars loaded with dynamite, at 1:10 o'clock this morning, in South Harrisburg, near the plant of the Paxtang Light, Heat and Power company. Three terrific explosions that broke windows all over the city followed, and the two trains were completely wrecked and took fire. It is estimated that 50 persons were killed and 100 injured.

Immediately after the wreck all the passengers who could do so ran from the scene of horror to safety from the incessant small explosions. The agonizing cries of the unfortunates were heartrending. The office of the Paxtang Light, Heat and Power company looked like a hospital. At an early hour the Harrisburg Traction company ran out a number of cars from its South Harrisburg barns and used them to bring the injured to the hospital.

The wreck was caused by a smaller wreck to the freight train, which was eastbound. Passing the plant of the Paxtang Electric company, near Cedar street, an air hose burst and several cars in the middle of the train buckled up and fell across the passenger's track at the side. Almost at the same moment the express train with 10 coaches dashed along and plunged into the wrecked freight train. The boiler of the passenger locomotive blew up and the concussion caused the explosion of the two cars of dynamite in the freight train. The force of the collision crushed all the passenger cars, which piled up in a huge mass with those of the freight. Instantly the two trains were masses of flames. With the crash the passengers, all of whom were asleep in their berths, were hurled in all directions. Many were tossed free of the wreckage.

EARTHQUAKE IN MEXICO DOES MUCH DAMAGE

City of Mexico, May 11.—The earthquake was felt over a wide area of country in central and southern Mexico. In the state of Jalisco many residences were damaged and the dome of the church in one town collapsed. The shock was severe also at Guipancingo, capital of the state of Queretaro, which a few years ago was nearly destroyed by an earthquake of exceptional violence. The shock was notable at Colima, where a vertical movement was felt, accompanied by subterranean roarings. The earthquake was felt to the borders of Guatemala.

of tumults, are gradually reopening, and ordinary life in the city is resuming. The same private advices bring news of a further anti-Semitic outbreak in Gostynin, in the province of Warsaw, in which many Jews were injured and houses pillaged.

Boozy Squaws Eat Dog Meat.
St. Paul, Minn., May 11.—The residents of the little town of Peever, situated in Roberts county, near Sisseton Indian agency, were aroused from their morning slumber by a series of shouts and warwhoops. Two old squaws, both of whom had been over-indulging in the whiteman's "firewater," were responsible for the tumult. After practically running the town two hours, the effects of the "firewater" were dissipated, and then the squaws espied a tender young water spaniel, which they promptly confiscated. They killed the dog, roughly dressed it, and the carcass was roasted to a nice brown over a fire. The dog was soon roasted to suit the taste of the squaws and, summoning two other Indians, the four sat down and ate.

Five Thousand For a Cane.
Tyone, Pa., May 11.—Five thousand dollars for a walking stick may seem extravagant, but that is what John W. Gates, the millionaire, has paid for one, which has been in possession of Miss Lila Gates of this place for many years. The cane was given to Miss Gates' father by the proprietor of the Bingham House, Philadelphia, 60 years ago. It contains a sword, on which is engraved a man's head and face. Miss Gates valued the cane at \$1,000, but Mr. Gates thought it worth a much larger sum and has sent her a draft for \$5,000. It is understood the cane will become the property of one of Mr. Gates' European friends.

OHIO OLIO Live Intelligence Of Buckeye State--McKinley Tomb

New York, May 11.—The design for a mausoleum, submitted by Artist McGonigle, was formally approved by the trustees of the McKinley National Memorial association at a meeting here. At present the body of President McKinley is in a public vault in West Lawn cemetery, Canton, O. The association has purchased a tract of land adjoining the cemetery, which will be known as Monument hill. The approach to the hill, which is 74 feet high, called "The Mall," which is 600 feet in length, will be beautified at an approximate expense of \$50,000. Along the middle of this mall, with a wide walk on either side, will be a waterway or artificial lake. A broad and massive flight of steps will lead from the foot of the hill up to and in fact form a part of the mausoleum. From the foot of the hill to the top of the mausoleum the height of the stone structure will be in the neighborhood of 175 feet. The mausoleum will in general resemble the tomb of General Grant. The main feature will be a dome about 75 feet in diameter and 100 feet high. The structure will be of granite, but the interior will be finished in white marble. The entire cost will be in the neighborhood of \$500,000.

Goes to Prison For Being a Tramp.
Sandusky, O., May 11.—After being out but 15 minutes a jury in common pleas court convicted Frank Thompson of being a tramp. The indictment was returned under an old statute. The law requires the allegation of damages to property, which in Thompson's case was the wringing of the necks of two chickens belonging to a farmer. Thompson will go to the penitentiary.

ROOSEVELT THE GUEST OF IROQUOIS CLUB

Chicago, May 11.—President Roosevelt was in Chicago for 12½ hours, and of that time 11½ hours were given to the public. From 4:30 to 6 o'clock was allotted to him on the official program for rest, but during this time he gave an audience to a committee of labor leaders, who presented to him a protest against the use of troops in the strike. The remainder of his time, from the time of his arrival in Chicago until he left the city at 30 minutes after midnight, was consumed by one luncheon, three receptions, one banquet and four carriage rides. From his arrival until his departure the program outlined for his entertainment was carried through without delay and without an unpleasant feature.

The concluding event of the day was the magnificent banquet tendered the president by the famous Iroquois club, a Democratic organization, at the Auditorium. At the president's table were Mayor Edward F. Dunne; Charles F. Gunther, president of the Iroquois club; James Hamilton Lewis, who acted as toastmaster; Samuel A. Schuler, Judge Murray F. Tuley, Sheriff Thomas E. Barrett and other Democrats. Of the Republicans there were at the same table Governor Deneen, Senator A. J. Hopkins, Judge C. C. Kohlsaat, Judge K. W. Landis and a dozen more.

When at the conclusion of the address of Governor Deneen, Mr. Lewis arose to introduce President Roosevelt, he was at first given no opportunity to speak. The entire assembly was on its feet waving handkerchiefs and napkins and cheering with vigor. When his voice could be heard Mr. Lewis happily introduced the president, who spoke as follows:

"I believe that the federal government must take an increasing control over corporations. It is better that that control should increase by degrees than that it should be assumed all at once; but there should be and I trust there will be no halt in the steady process of assuming such national control, and the step toward it should be the adopting of a law conferring upon some executive body the power of increased supervision and regulation of the great corporations engaged primarily in interstate commerce of the railroads. And my views on that subject could not have been better expressed than they were expressed by Secretary Taft in Washington, and as they were expressed by the attorney general in his communication to the senate committee a couple of weeks ago. I believe that the representatives of the nation should lodge in some executive body

HUNDREDS Killed Or Injured By A Tor- nado In Oklahoma Town

Fort Worth, Tex., May 11.—Reports say railroad wires to Fort Worth say dispatches from Snyder, Okla., to train dispatcher of the Frisco at Sapulpa, I. T., report a tornado struck Snyder, wrecking the town and killing 500 people, and relief is asked for. A message to the train dispatcher sent by the Fort Worth Record asking for information is answered as follows: "We have same report, and are sending a relief train on the supposition that it is true. Wires all down."

Snyder is a town of 1,000, in Kiowa county, located on the Frisco, 45 miles north of Vernon.

Congressional Committee Aboard.
Wheeling, W. Va., May 11.—The Pittsburg and Cincinnati liner Queen City arrived here from Pittsburg with the congressional rivers and harbors committee and invited guests on board, en route down the Ohio inspecting the government improvements, and for the purpose of getting data for further improvements. When the big steamer rounded to at the wharf there was tooting of whistles by steamers in the harbor, the booming of cannon and music by bands. After having inspected the improvements at dam No. 13, just below the city, the visiting congressmen were escorted up town to the Elks' club house, where an elaborate reception and banquet was held.

the power to establish a maximum rate, the power to have that rate go into effect practically immediately, and the power to see that the provisions of the law apply in full to the companies owning private cars just as much as to the railroads themselves. (Applause.) The courts will retain, and should retain, the power to interfere and upset any action that was confiscatory in its nature."

"This government is not and never shall be the government of a plutocracy. This government is not and never shall be the government of a mob. (Great applause.) I believe in corporations. They are indispensable instruments of our modern industries, but I believe that they should be so supervised and regulated that they should act for the interest of the community as a whole. So I believe in unions. I am proud of the fact that I am an honorary member of one union, but I believe that the union, like the individual, must be kept to a strict accountability to the power of the law. Mayor Dunne, as president of the United States, and therefore as the representative of the people of this country, I give you as a matter of course my hearty support in upholding the law, in keeping order, in putting down violence, whether by a mob or by an individual."

Chinese Protest.
Shanghai, May 11.—A large and influential meeting of Chinese merchants held here protested vigorously against the proposed new Chinese exclusion treaty recently discussed in the United States. Telegrams on the subject were sent to Chinese officials, to Yuan Shikai, viceroy of Chili province, and to Choufu, viceroy of Nanking, and it was unanimously decided to boycott American goods until the terms of the proposed treaty are modified. The merchants' guild throughout the Chinese empire are urged to co-operate in the movement.

PRESIDENT RAMSEY Opposes Government Regula- tion Of Railway Rates

Washington, May 11.—The principal witness before the senate interstate commerce commission was President Joseph Ramsey, Jr., of the Washash railroad, who opposed legislation empowering the interstate commerce commission to fix rates. He said that to give to a committee the ratemaking power over traffic of 225,000 miles of railroad, the earnings of which amount to \$2,000,000,000 per year, endangering vested interests amounting to over \$13,000,000,000, and the successful operation of properties employing directly over 1,500,000 citizens, and supporting through payrolls, dividends, fixed charges and railroad supplies some 15,000,000 people, is admitted to be an experiment dangerous alike to the public and to the railroads.

Names Campaign Manager.
Columbus, O., May 11.—Clarence D. Laylin, president of the Ohio Republican College league, has announced the appointment of Herbert M. Myers of the Ohio State university as state campaign manager of the league for the coming campaign.

Saved By Dynamite.
Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, Coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At G. R. Baker & Son, Mt. Vernon & F. F. Hosack, Fredericktown drug store, price 50c and \$1.00; guaranteed. Trial bottle free.

Refused a Drink; Blew Himself Up.
Newark, O., May 11.—Because he had been refused a drink George Fouch, 51, a stonemason, blew himself to pieces with a stick of dynamite. The tragedy occurred in the rear room of a local saloon. Fouch had been on a spree.

Terrific Race With Death.
"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. In had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at G. R. Baker & Son, Mt. Vernon, and F. F. Hosack, Fredericktown, drug stores; price 50c.

Brained by Burglars.
Athens, Ga., May 11.—Frank Holbrook and wife, an aged couple, were brained with an ax at their home, four miles from Watkinsville, and their bodies dragged to the front porch, where they were found. Their little store was burglarized.

A Creeping Death.
Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at G. R. Baker & Son, Mt. Vernon, and F. F. Hosack, Fredericktown drug stores.

Find Stanton Not Guilty.

Cleared For Action.
When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. At G. R. Baker & Son, Mt. Vernon & F. F. Hosack, Fredericktown drug store, 25 cents.

VIOLENCE AT CHICAGO A STRIKER IS KILLED

A Bloody Fray Occurs On Prom- inent Street

President Roosevelt Replies To The Labor Leaders Who Submit A Written Protest Against Calling Out The Troops

Chicago, May 11.—There were several serious outbreaks in the streets in connection with the strike of the teamsters' union. George S. Pierce, a union teamster, was shot and killed by George T. Waldorn, a deputy sheriff, who was guarding a Wells Fargo Express company wagon. Waldorn was formerly a member of the teamsters' union and Pierce taunted him with his change of employment. Angered by the language of Pierce, Waldorn drew a revolver and fired one shot, the bullet striking Pierce just above the heart. He died while being taken to the hospital. Waldorn was seized and placed in jail. A battle occurred in Michigan avenue when five union teamsters recognized Joseph Stewart, colored, as a nonunion driver. They rushed at him and he started on a run for the nonunion headquarters. He tripped and fell just as he entered the door, and called for help. A score of his comrades answered and a pitched battle followed. One of the five union men drew a revolver and fired, striking Stewart in the leg. Two other colored men were hurt in the scrimmage. The teamsters were beaten by the colored men and compelled to fly.

A protest against sending of federal troops to Chicago was submitted to President Roosevelt. The protest was signed by C. P. Shea, president of the International Brotherhood of Teamsters; Charles Dold, president of the Chicago Federation of Labor, and by other labor leaders. Charging that the employers have repeatedly spurned the request of the labor leaders for arbitration, the protest declares the employers openly boasted that federal troops would back up the employers' side of the controversy. "Peace," says the protest of the labor leaders, "rests not upon the militia or the army, but upon the patience and long suffering of the toiling masses. Can a few soldiers scare the men who make armies and who compose the flower of American manhood?" Declaring that the workers will abide by the decision of an arbitrator, even should that decision fail to be all that might be hoped for, the appeal to the president closes with the request that he consider all the facts in the case before he permits any abuse of federal power in complying with a request for troops.

President Roosevelt said in reply: "As yet no suggestion of any kind has come to me from any source that I should take action. Of the merits of the case I am wholly ignorant. I feel, however, that in view of one statement or series of statements in

your letter, I ought to say this: I regret that you should in the letter have spoken at all of the use of the federal army as you have there spoken. No request has been made to me for action by the federal government, but at the same time, Mr. Shea, as you have in this communication to me brought up that fact, I want to say one thing with all the emphasis in my power. In upholding law and order, in doing what he is able to do to suppress mob violence in any shape or way, the mayor of Chicago, Mayor Dunne, has my hearty support. I am a believer in unions. I am an honorary member of one union. But the union must obey the law just as the corporation must obey the law, just as every man, rich or poor, must obey the law. As yet no action has been called for by me, and most certainly if action is called for by me I shall try to do exact justice under the law to every man, so far as I have power. But the first essential is the preservation of the law and by the suppression of violence by mobs or individuals."

Socialists Will Demonstrate.
St. Petersburg, May 11.—The Social Democrats declare their program includes demonstrations throughout Russia next Sunday, and that they are provided with bombs and dynamite with which to fight the troops if the latter interfere. The purpose of the Social Democrats evidently is to make trouble, but everywhere precautionary measures have been taken and the authorities are convinced that the disorders will be comparatively insignificant and that they will be easily suppressed. Cool-headed Liberals counsel the workmen against useless bloodshed.

Defense of Formosa.
London, May 11.—The Daily Mail's correspondent at Hongkong, describing the formidable preparations for the defense of Formosa, says the Pescadore islands have been supplied

NO OCCASION TO WORRY SAYS INSURANCE MAN

New York, May 11.—President James W. Alexander of the Equitable Life Assurance society said that there was no occasion to worry about thefts from the society because of the discovery that a policy had been stolen from the society's vaults by the complicity of an Equitable employe and used to secure a second loan of \$27,000, resulting in the arrest of Samuel Lobley. President Alexander said: "Since the discovery of that theft a thorough examination of the policy loan books has been made without the knowledge of the regular employes on Sundays and at night. We have satisfied ourselves that the one transaction was all that has been done."

A BIG FIGHT

Between The Big Four And C., A. & C. May Result

Over Sunday Excursions And All Party Agreements May Be Annulled—The Situation

An interesting situation is likely to develop shortly out of the fact that the Big Four is running excursions in greater number between Cleveland and Columbus than the original agreement called for, says the Cleveland Leader. The Pennsylvania is understood to be planning reprisal. The old agreement was that on one Sunday the Big Four should run to Columbus, and the Pennsylvania to Cleveland, alternating each week. Two years ago the Big Four began to run excursions from Worthington to Cleveland on Sundays that they did not run through from Columbus.

This year they are running excursions as before, but have added excursions from Cleveland to Worthington on every other Sunday. It is understood the Pennsylvania is collecting data on which to proceed and if its business has been cut a lively scramble may take place on which all forms will be done away with, and the two interests will engage in a fight for the Sunday business which will be lively while it lasts. There is really more involved in the struggle than appears on the face of it.

The Big Four and the Pennsylvania have really been pooling this business for a long time of years. On party business the Pennsylvania has been permitted to carry an agreed percentage. It is barely possible that the Big Four, feeling this old agreement a burden around its neck is trying to shake loose the burdensome shackles and has adopted this method of provoking an outbreak on the part of the patient Pennsylvania.

If the Columbus Sunday excursion business develops into open dispute, it is entirely possible that it will also break down the pooling arrangement which has existed for several years. That would mean war to the knife, and knife to the hilt.

The weather has been considerably warmer than the normal. The rainfall has been moderate to heavy in western counties, and light in eastern.

Corn planting is well under way in the southwest and has been begun in most counties. The ground is in unusually good condition and the earliest planted corn is germinating well. If the weather continues favorable a large part of the crop will be planted this week.

FOUL PLAY

Still Suspected In The Hammond Case

Coroner Completes His Inquest But Has Not Yet Given Out His Finding

Coroner W. W. Scarbrough completed the inquest in the Marie Hammond case, the infant child of Mrs. Charles Linton, said to have been drowned in a cistern at Lock on Saturday, but as yet has given out no finding.

The fact was stated in the Banner that foul play was suspicioned and the officials are of the same belief. Several things were brought out at the inquest on Wednesday that look very suspicious, but for the present they are held back and not made public. A large number of witnesses were examined at the inquest.

It will probably be a day or so before Coroner Scarbrough will give out his finding as he is now working on the case. It is reported that the grand jury will also investigate the case.

THE GROUNDS

On Which A Former Harcourt Seminary Girl

Sues Her Uncle For \$300,000 Damages

Makes Sensational Charges In Her Petition

Says At The Time Of The Alleged Injuries That She Was Only Seven-teen Years Of Age

Additional information concerning the sensational suit for damages brought by Miss Hazel F. Lawrence, the former Harcourt Place seminary girl, against her uncle, Mortimer J. Lawrence, is taken from the Cleveland Press of Wednesday:

Miss Hazel F. Lawrence, niece of Mortimer J. Lawrence, a reputed millionaire, filed an action in common pleas court Tuesday morning asking that she be awarded damages in the sum of \$300,000.

In her petition she says that at the time of the alleged injuries she was 17 years of age. On the evening of June 25, 1904, at the invitation of her uncle, she alleges, she attended, with her little brother and sister and other children, a lawn fete at his home, 123 Bellflower-av.

"Designing to accomplish his purpose and to ruin the plaintiff," the petition says, "he invited her to visit a room in the basement of his residence for the purpose, as he pretended, of exhibiting to the plaintiff certain electrical appliances and apparatus, but really for the purpose of getting the plaintiff away from other persons, in his power. The plaintiff trusting and having the fullest confidence in her uncle and wholly innocent of said designs, accompanied the defendant." She then makes the direct charge that her uncle made an assault on her.

She alleges that she has been greatly humiliated, shunned, injured and damaged, and that she will be permanently injured, as a result of the alleged acts of her uncle.

In connection with the petition, an affidavit for an attachment was filed by the plaintiff. She says in this that Mortimer J. Lawrence is a non-resident of the state, but that Lawrence Publishing Co. and the Lawrence-Williams Co. have large amounts of property belonging to the defendant.

She says that he is the owner of 1364 shares of stock in the first named corporation and 238 in the second. The sheriff attached three lots owned by the defendant in the Wade Park subdivision, fronting on Ford place, Tuesday morning.

The plaintiff to the action is the daughter of M. J. Lawrence's brother, Wm. J. Lawrence, who was killed in Denver several years ago. She has resided in this city with her mother in the East-end since that time.

On March 17, this year, a secret indictment was returned against Mortimer J. Lawrence. This action was taken by the grand jury on complaint of the young woman. He was charged with criminal assault. For some time he has been in Florida.

The warrant for his arrest for the alleged crime has never been served and no effort has been made by the authorities to apprehend him. He is about 65 years of age.

BACK HOME

Is The Mt. Vernon Team From Trip To Lancaster

Wet Grounds Prevented A Game On Wednesday—Some Notes About Baseball

Wet grounds prevented the last game of the series between Mt. Vernon and Lancaster at the latter city Wednesday afternoon and accordingly the members of the local team returned home Wednesday evening. The local team captured two out of three games from Lancaster and all members of the team feel pretty good over their victory.

All the members of the team returned home in good health. Riley states that his ankle is as good as ever. Big Ben Simonton returned to Mt. Vernon with the team. Manager Goodrich's finger is much better and he will be able to play in a short time.

The famous Blue Licks arrived in the city Wednesday night for a series of three games with Mt. Vernon. The Kentucky team is stopping at the Curtis house and they are all a husky looking lot of baseball players. The team has just been playing in Newark where they won a game and lost a game, the third being postponed on account of rain.

WHITE LOST

His Case Brought Against Cooper Company

Judge Coyner Gives Decision On Thursday

Says White Not Entitled To The Stock

The Will Of The Late William R. Hart Filled In Probate Court—Other Court Notes

In the Knox county court of common pleas Thursday morning, Judge George Coyner handed down his decision in the case of A. L. White vs the C. & G. Cooper company. The decision of the court was in favor of the defendant.

In this case the plaintiff sought to recover \$30,000, as stock, which he alleged was granted him by the late Hon. Charles Cooper. The court held that at the time Mr. White secured the stock that Mr. Cooper's mental faculties were such that he was unable to enter into a contract of any kind and for that reason the plaintiff was not entitled to the stock.

Immediately after the decision had been handed down, Hon. F. V. Owen and Hon. L. B. Houck, attorneys for the plaintiff, gave notice of appeal to the circuit court and the bond was fixed at \$200.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longport hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 30, 1902, in a awful condition. He had lost his mind almost entirely. He hardly knew one of the family; could not even find his bed; was a total wreck. He had from 5 to 10 fits a day. We were urged to try Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two very light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to ask any questions concerning this, they are at liberty to do so."

B. H. BUNNELL, Lincoln, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

GERMANY'S BLACK LETTER.

Comparison of Texts Used in Printing in the Fatherland.

"It is remarkable that so practical a people as the Germans should continue to use their blind black letter," says Jerome Hart. "The German text is ugly, and when printed from small type on dingy paper with high speed presses, as is the case with most daily newspapers, it is difficult to decipher. Ever since the days of Cadmus alphabets have been designed to convey ideas, and those alphabets which transfer thought with the most quickness, clearness and precision are the best. Considered from these standpoints the German alphabet is one of the worst. That it is a failure is shown unconsciously in many ways. Advertisers, for example, have no sentiment about them. They want to reach the reader and reach him quickly. Therefore nearly all the display advertisements in German newspapers are printed in Latin characters.

"So, too, with the commercial and financial pages. Stockbrokers and merchants have no time to waste in deciphering badly printed German text. Therefore the commercial page in the German dailies is now nearly always set up in Roman type. Circus advertisements, theater placards and advertising posters generally, the names of streets on the corner signs, the lettering on cars and omnibuses, even temporary signs, such as 'No Thoroughfare' or 'Street Closed,' you nearly always see in Latin characters.

"Another proof of the inferiority of the German text is the fact that nearly all German scientific works are printed in Roman. This has been the case for years, but it has had little effect on the printing of books of a general nature. Bismarck did much to retard this needed improvement, for he clung stubbornly to the German text and frequently sent back books which were printed in Roman, refusing to read them."—New Orleans Times-Democrat.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

The proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"If women would study the laws of health and use a little more common sense there would not be such a large number to-day suffering with the illness peculiar to our sex," writes Mrs. Sallie Martin (President Mutual Social Science Club), of the South Halsted Street, Chicago, Ill. "Then when medicine is needed if they would take the 'Favorite Prescription,' they would be cured. I know what I am talking about when I praise it and always know what the result will be where it is used."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.
