CONFERENCE DECIDED TO AUTHORIZE A STRIKE

If Machinists Are Denied a Nine Hour Day.

Concession Must be Made Before May 20, Without Reduction in Pay.

Washington, May 15.—The representatives of the machinery and allied metal trades national and international unions, who have been in session here for two days, considering the enforcement of a demand that union machinists hereafter shall be required to work only nine hours a day, with an increase of wages that would make the daily pay the same as under the present 10-hour scale, decided that there should be a strike on May 20 in shops refusing to grant the desired concessions.

Those participating in the conference were Mr. James O'Connell, president of the International Association of Machinists; Mr. John Mulholland, president of the International Association of Allied Metal Mechanics; Mrs. L. R. Thomas, president of the Pattern-makers' League of North America; Mr. E. J. Lynch, Metal Polishers, Buffers, Platers and Brass Workers' Union of North America, and Mr. Samuel Gompers, president of the American Federation of Labor.

The following statement concerning the conference was authorized: "It was decided that all workers in the machinery and allied metal trades should demand the nine-hour day, without reduction in pay, before May 20, the same to go into effect on that date. The officers of the organizations decided that the men in their respective trades would stand by each other in the enforcement of the demand, should it be necessary to cease work. In view of the encouraging reports received from a large number of employers in trades having already notified their employees of the concession to the above demand, no serious opposition to the movement is anticipated."

Steel Trust and Union Labor.
Pittsburg, May 15.—The same liberal policy that the United States Steel corporation is said to have adopted in its trade dealings with competing concerns is to show itself in the great combine's dealings with organized labor. The outside companies are to be allowed to enter the wage conferences, heretofore held sacred to the big sheet steel, tin plate and steel hoop combines, and they may have a voice in the annual settlements if they desire. This was the word sent out from the headquarters of the Amalgamated Association of Iron, Steel and Tin Workers.

Serious Tie-Up.
New York, May 15.—Matters assume an ominous aspect in the dispute between the Mason Builders' as-

sociation and the members of the eight local bricklayers' unions. The builders said they would stop work on all the important building operations in this city if the bricklayers do not return to work on the buildings that are being put up by Thomas J. Reilly. The suspension of work will thus immediately affect from 40,000 to 50,000 workmen.

Shops Crippled.
Springfield, Ill., May 15.—One hundred machinists in the Wabash railroad shops are on strike, being about all the machinists in the shops. They will ask for an increase from 25 to 28 cents per hour, time and a half for overtime and a nine-hour day. Many men employed in the blacksmith shop have gone out in sympathy with the machinists, and probably half of the force of 300 men employed at the shops have quit work.

Agreement Reached.
Chicago, May 15.—After a three-hour conference the Illinois Central railroad and its union machinists reached an agreement. It was largely a compromise, the men securing a nine-hour day, while making concessions in wages, pay for overtime and apprentice regulations. Business Agent Rodrick said better terms were expected when the men secured uniform agreements with the roads entering Chicago.

Opening of the Pan.
Buffalo, May 15.—The suggestion that May 20 be made a general holiday in Buffalo and surrounding towns in honor of the dedication of the Pan-American exposition is receiving the hearty support of the leading business men. On May 21 a public reception will be held on the floor of the Merchants' Exchange in honor of Vice President Roosevelt, Senator Henry Cabot Lodge of Massachusetts, Lieutenant Governor Woodruff and other prominent public men, who will participate in the dedication ceremonies on the preceding day.

Honors to Quay.
Philadelphia, May 15.—Republicans from every section of the Keystone state paid homage to United States Senator M. S. Quay in honor of his election to the upper house of congress. It was one of the greatest outpourings of Republicans to do honor to one man ever witnessed in this state. Governor Stone was there, as was also all the members of his cabinet, members of the legislature, the municipal heads of several Pennsylvania cities and other notables.

CHINESE PLEAD POVERTY. INDEMNITY TOO LARGE.

Peking, May 15.—The answer of China to the statement of the ministers of the foreign powers as to the losses sustained by nations and individuals in China has been received. The answer commences with an appeal for mercy, saying that the country is impoverished. The answer explains that the utmost China can offer is 15,000,000 taels annually for the next 30 years. It requested that the foreign customs be increased one-third and the receipts therefrom be given to China for the purposes of government. The ministers refuse to discuss this answer until it can be considered by them in meeting.

China's Ability to Pay.
Washington, May 15.—A cablegram from Mr. Rockhill, special United States commissioner at Peking, received at the state department, mentions the receipt by the ministers of the response of the Chinese envoys to the ministers' demands for indemnity. The dispatch indicates briefly that the Chinese represent that an annual payment of \$10,000,000 is the full extent

of their power to pay, on indemnity account. It will take 30 years to discharge the debt at that rate, without interest. Mr. Rockhill has been instructed to continue his efforts to secure an abatement of the total indemnity, but in the present disposition of the powers little hope of success is entertained.

Must Have His Weed.
Findlay, O., May 15.—Samuel Gogley, 8, stole the gold watch of a guest at his parents' home and disposed of the timepiece for 20 cents. He then invested the cash in plug tobacco, and when detected by the police he confessed that he had stolen the watch merely to get a chew.

Governor Nash's Movements.
San Francisco, May 15.—Governor Nash, the Ohio delegation, Governor Geer of Oregon and other prominent visitors, were the guests of Governor Gage on an excursion.

RED MEN OF OHIO IN CONVENTION.

Peaceful Indians Open Their Forty-Ninth Annual Council in Columbus.

Columbus, O., May 15.—The forty-ninth annual council of the Improved Order of Red Men of Ohio opened here with a large attendance. Reports of officers and addresses were the order of the day. A night parade of the uniformed tribes was an interesting feature.

Protected Gambling.
New York, May 15.—Justice Jerome has a check endorsed by one of the men who are supposed to be responsible for alleged protected gambling in this city. The justice refused to be drawn into answers to questions that would further identify the payee. The justice was asked what he thought the income of a police captain was. He answered: "It all depends on the precinct. In one raid evidence was found to indicate that \$2,500 was paid. There were 10 gambling houses in that precinct. Multiply the amount by 10 and you have \$25,000 a year as what could be considered a gratuity."

Bowling Match.
Toledo, May 15.—The Greater New York bowling team defeated the Chicago team by a total score of 8344 to 6982. There was a series of seven games. The contest was played under the auspices of the International Bowling congress, and there was a purse of \$1,000. Bowlers were present from Chicago, New York, Cleveland, Detroit and other cities. The Toledo team challenged the winner at the conclusion of the game.

Concession in Russia.
London, May 15.—Commenting on the growth of American enterprise in Russia and the American endeavor to supplant British, German and Austrian undertakings, the Odessa correspondent of The Standard says that an American machinery syndicate has received a concession to establish works in Odessa.

Heiress Weds.
Neenah, Wis., May 15.—Miss Theda Clark, heiress to \$2,000,000, and one of the largest stockholders in the Kimberly & Clark Paper company, which operates 15 mills in Wisconsin and Michigan, was married to W. C. Peters of Goshen, Ind.

Passing of Billy Rice.
Chicago, May 15.—Delirious from the ravages of erysipelas and practically blind, "Billy" Rice, the old-time minstrel, was taken from the National Hotel to the county hospital. His friends say his condition is such that there is little hope for recovery. Rice became ill about three weeks ago and has been steadily failing.

Shudders At His Past.

"I recall now with horror," says Mail Carrier Burnett Mann of Levano, O., "my three years of suffering from Kidney trouble. I was hardly ever free from dull aches or acute pains in my back. Too stoop or lift mail sacks made me groan, I felt tired, worn out about ready to give up when I began to use Electric Bitters, but six bottles completely cured me and made me feel like a new man." They're unrivaled to regulate Stomach, Liver, Kidneys and Bowels. Perfect satisfaction guaranteed by Geo. R. Baker & Son. Only 50 cents.

All of the men killed and injured were colored laborers. There is a track around the tunnel and trains will not be affected.

CARRIE NATION GUILTY OF SALOON SMASHING.

Topeka, May 15.—The jury in the case of Mrs. Carrie Nation, charged with breaking into Ed Murphy's saloon last February, returned a verdict of guilty. It is the general impression that she will be released on the payment of the fine and costs. The defense tried to prove that Mrs. Nation was insane at the time of the raid on the saloon. The jury was out only a short time. The verdict is a general surprise, as it was expected that the jury would disagree or bring in an acquittal.

Thousand Out of Work.
Dayton, O., May 15.—The lock-out which was inaugurated in this city on Saturday by the four manufacturing contractors has extended to other branches of the industry and has become effective among all the 99 employing contractors in the city. As a result about 1,000 men, representing the membership in building trades, are out of employment. The strike situation at the cash register plant is unchanged, both sides remaining firm.

He does not say whether he expects to find her damaged by the grounding on Dean Bank last week. He said that his future program was indefinite, but that future trials had been arranged for and that he expected to have the challenger out of drydock in the course of a tide or two.

Revolt a Failure.
San Domingo, May 15.—The revolt in the provinces of Mocha and La Vega has proved a failure. The operations of the government troops, led by Vice President Vasquez, have been successful, and the rebel leaders have been made prisoners. The position of the government is strong and business is improving.

Racetrack War.
Cincinnati, May 15.—The war between the Latonia and Newport race tracks is now on in earnest. At a meeting of the directors of the Latonia track it was announced that the Latonia track would not have a free gate, but would distribute tickets of admission broadcast Newport has been admitting its patrons free since Monday, while Latonia has been charging \$1 admission. The crowd at Latonia was not large, and this

IRELAND'S CHANGE NOW AT HAND.

Boston United Irish League Has Issued an Address to the Irish Party.

Boston, May 15.—The United Irish League of Boston, which claims to adhere to the principles originally propounded by Charles Stewart Parnell, issued an address to the friends of Ireland in New England, urging them to take advantage of the present time, which is declared most opportune, to pay back England for the wrongs of centuries and force from her an independent Irish parliament. The address says: "Ireland is today as solidly united in support of an independent national party and an advanced national policy as she ever was while Charles Stewart Parnell led her forces."

The whole amount is \$1,000,000 in excess of the imports of April, 1900. The exports of domestic merchandise during April aggregated \$120,780,590, an increase of \$2,000,000. For the last 10 months the total imports of merchandise were \$41,049,350 less than for the corresponding period last year.

Among the important matters to come before the assembly is the report of the special committee appointed a year ago to consider the question of revising the confession of faith. A majority of the Presbyterians favored some change, and the committee's report is expected to cause some lively debates. Another

subject of moment, which will receive careful consideration, is the proposal to establish a supreme court, whose decisions shall be independent of the assembly and which shall be final.

TROOPS ON GUARD. ALBANY CAR STRIKE.

Albany, May 15.—A thousand national guardsmen and 100 mounted men occupy Albany's streets and will attempt to force riotous crowds to let the cars of the United Traction company run with nonunion men. The Twenty-third regiment of Brooklyn, the Tenth battalion of Albany and the Third signal corps make up the complement of men. They are reinforced by 200 special deputies, 300 policemen and over 100 Pinkerton detectives. It is feared that bloodshed and riotous scenes will be repeated with much greater fatality. The results of Tuesday's rioting are: One man dying, fully 20 or 30 injured, 80 men out of 150 brought here by the company in cars demolished and the police almost powerless to control the thousands of men patrolling the streets. The company, however, insists that it will run its cars with protection, and it is said that 300 new nonunion men are in a train near the city waiting for the troops to make their entry safe. Eight men have been arrested for rioting, only two of whom are strikers.

and fired on by two men and that he had returned the fire. Although the bank is in the heart of the city, the men could have entered and escaped by the rear. The police have been unable to find any trace of the thieves and the bank officers are counting the cash to ascertain if any is missing. An examination of the Teutonia bank's books made later seems to point to a shortage of \$18,000.

They Claim That These Dealers Have Been Guilty of Securing Old Rubbers by Deceit.

Complaint has been made to Mayor Harter by the Woman's Christian association that certain junk dealers have been calling at residences, and by claiming that they were sent by the association for the old rubbers the association

had requested citizens to give them, had secured possession of a large number of rubbers and carried them off. Prosecutions may follow. The association wishes to warn the citizens against this despicable trick of junk dealers.

uses Walker's Soap because it is free from alkali and saves the company thousands of dollars in a year in preserving paint, varnish, and fabrics washed with it. Before the Pennsylvania Railroad used Walker's Soap, newly varnished cars were found to be shabby and need re-varnishing. The cause was a mystery till the company's chemist investigated and found it was the alkali in common soaps that was destroying property. A standard of soap purity was then set up, and now the cars are washed with

ANSWER

Of the Cooper Executors to Suit

Of A. L. White to Recover For

The Dividends on Stock Which White Says

Was Sold to Him by Hon. Charles Cooper.

The Executors Deny That White Has a Valid Claim to the Stock—They Set Up the Contract in the Controversy.

A. F. Seeberger, C. C. Howell, Desaut B. Kirk and Charles M. Stamp, executors of the estate of the late Hon. Charles Cooper, on Wednesday filed an answer to the suit of A. L. White against the estate and the C. & G. Cooper company to collect dividends upon \$15,000 stock alleged to have been transferred to White by Mr. Cooper in his lifetime. They deny that plaintiff is the owner of the stock, deny that he has owned it since February 25, 1895, or that he received the dividends on the stock from 1895 to 1898. On the contrary, they assert that the stock is yet the property of the estate.

They say that the only claim plaintiff has to the stock is in a pretended contract made with the late Charles Cooper, which was without consideration, and that plaintiff has not and does not obligate himself to pay for the same.

On April 1, 1899, the answer avers, Charles Cooper caused a notice to be served on the C. & G. Cooper company, in which he stated that he had rescinded the alleged contract, or agreement, and that the stock now is and always has been in the possession of Charles Cooper or his estate. It is also alleged that at the same time he caused a similar notice to be served on A. L. White, rescinding the agreement.

The C. & G. Cooper company, acting on the notice served, has refused to pay the dividends until the question has been settled by a court of competent jurisdiction. The defendants ask to have the ownership awarded them as executors, together with accrued dividends, and any dividends that may accrue. Follett, Kelly & Follett, A. R. McIntire, and Cooper & Moore for defendants.

A copy of the agreement between A. L. White and Charles Cooper is attached, and marked exhibit A. The contract provides for the sale of \$15,000 stock to A. L. White by C. Cooper, the amount to draw three per cent. interest, and to be paid for out of the dividends accruing from the stock. The contract also provides that White was to have the privilege of paying for the stock from other sources. The only indorsements on the article are the payments of the dividends as paid by White.

CLOSING DANCE

Was a Pretty Function in Kokosing Armory Tuesday Night.

One of the prettiest dances of the season was that given in the Kokosing armory Tuesday evening, by a number of young society people of the city. The dance was to mark the closing of such festivities of the winter, and was a complete success. The music was furnished by the New York Trio, and about thirty couples enjoyed the occasion until a late hour. Among those present were Mrs. Hurd Cassil, of Akron, Mrs. and Miss Holiday, of Cleveland, Miss Mary Stewart, of Springfield, Mr. Ralph Struble of Fredericktown, and Mr. Aubrey, of Kenyon.

WOMAN

Made Doc Lauderbaugh Tear to the Timbers.

An Exciting Time on South Main Street Tuesday Evening—Woman Arrested But Allowed to Go.

All kinds of excitement prevailed on South Main street Tuesday evening when a colored woman named Mattie Davis proceeded to "clean up" with "Doc" Lauderbaugh. The woman struck Lauderbaugh in front of Henderson and Bennett's and then ran him in the store. Here a struggle ensued for a few moments. The woman struck "Doc" several times and he secured an ax handle but someone grabbed it before he could strike the woman. In a few minutes a large crowd of people gathered and Officer McCune took the woman out of the store. Lauderbaugh appeared before the Mayor and swore out a warrant against the woman charging her with assault and battery. Officer McCune took the woman before the Mayor where she stated that she did not mean to harm "Doc" and was only joking when she struck him. After giving her a talk the Mayor allowed the woman to go.

10 YEARS

Given Biddle Davis For Wages

Robbery, by Judge Wickham at

Session of Court Wednesday Morning.

Biddle Expected a Stiffer Sentence and

Feels Pretty Good Over What He Considers His Good Luck—Wolford Is All Broken Up Over His Sentence.

Judge Wickham sentenced Biddle Davis to ten years in the penitentiary Wednesday for the robbery of William Wages. Davis entered a plea of guilty Monday morning, and sentence had been deferred at the request of his attorney, W. M. Koons. The court remarked that he could see no reason why he should discriminate between Wolford and Davis, and as he had given Wolford ten years, he would give Davis the same sentence. Wolford and Davis will be taken to the penitentiary Thursday noon, and Howell was taken to the reformatory Wednesday afternoon.

Davis expected a heavier sentence, and remarked to the reporter as he walked out that "it was not as bad as he expected." In fact he felt pretty good. Wolford, on the other hand, is all broken up over his sentence. He is surlly about it and broods constantly over it. Davis has, despite his bad record, won a good many friends by his perennial good humor since his incarceration. He bade the bystanders goodbye with a hearty laugh.

After disposing of some routine business Wednesday morning, court was adjourned until Monday morning.

Wooster, O., May 15—The opening game of the season on the local grounds was played Tuesday by Kenyon and Wooster and resulted in a defeat for the home team after an exceptionally well played game. HARNESS

Found in a Culvert South of the City

Which Had Been Stolen Last Winter From Samuel Finerty—Harness Well Preserved.

Workmen in cleaning out a culvert south of the city, Tuesday afternoon, found a set of harness which had been stolen from Samuel Finerty last winter. The culvert is built across the road and for some time past it has been stopped up so that the water would not flow through. On Tuesday, Mr. John Davis, the road supervisor, had a force of workmen clean the culvert out. After a layer of dirt had been removed the workmen found a set of good harness.

After some investigation it was learned that the harness had been stolen from Samuel Finerty last winter. It is supposed that the person who stole the harness hid it under the culvert and then forgot to go after it.

The Terrible Sufferings OF OLD MEN

affected by enlargement of the prostate gland, are always mitigated and usually entirely relieved by the use of

SANURY

Many have been saved from that dangerous operation for the removal of a part of the gland by taking this remedy. No operation is more common or more dangerous to life than this frequent operation, to which so many old men are obliged to submit. The prostate gland immediately surrounds the neck of the bladder and its enlargement interferes with the complete emptying of the bladder. A portion of the urine always remaining begins to decompose and become a source of irritation in itself and aggravates the inflamed prostate, frequently so completely stopping the opening of the bladder as to necessitate the use of the catheter several times a day. Sanury stops this decomposition and makes the urine bland and unirritating. The result is that the inflammation of the prostate subsides and comfort is once more obtained. Sanury may add years to the life of many an old man.

President's Official Entry into the Objective Point of His Tour.

AN IMPOSING PARADE A FEATURE.

Thousands Cheered the Chief Executive and the Members of the Ohio Delegation—Condition of Mrs. McKinley.

San Francisco, May 15.—President McKinley made his official entry into this city, the objective point of his tour, Tuesday evening. After being formally welcomed by Mayor J. D. Phelan, he was driven through the principal streets attended by a military and naval escort. At night he attended a public reception in the large nave of the Market street ferry depot.

Late in the afternoon the president met the train bringing the members of the cabinet and remainder of his party, who had fulfilled the program between San Jose and this city. The president, the members of his cabinet, Mayor Phelan and the reception committee were taken by special train to the Third and Townsend street depot, where the military and naval escort was waiting. Long before the hour set for the president's arrival the vicinity was a solid mass of humanity. Within a very few minutes of the set time the distant sound of a whistle signalled to the waiting crowds in the southern part of the city that the president was approaching. Then there was a terrible din. The whistles of the factories and machine shops of the neighborhood were turned loose, bells of the yard engines were furiously rung, thousands of voices joined in the noisy welcome to the city's guest and a general movement among the thickly packed humanity in the streets added to the incident. A few minutes after the train arrived the procession was formed and the march was begun.

After the president's carriage came those of his cabinet, Governor Nash of Ohio and staff, and the Ohio congressional delegation. The long line of carriages was followed by 4,000 troops, infantry, artillery and cavalry from the Presidio, led by General Shafter, and 1,000 marines and sailors from the battleships Iowa, Philadelphia and Wisconsin, under the command of Admiral Casey. The line of march was handsomely decorated with flags, bunting and evergreens. At Vanness avenue President McKinley reviewed the procession, after which he repaired to the Scott home. Mrs. McKinley continues to improve. The latest bulletin announced that she is resting comfortably.

SPRING SUITINGS

We ordered the usual number of patterns for the early Spring trade and the people picked them up with surprising rapidity. This necessitated an entirely new line, and encouraged by the previous demand, we have dipped a little deeper than usual in spring fabrics, with the result that we have a most complete and exclusive line of novelties together with the staples. We are prepared to put out your spring suit, and if you will drop in, we will be glad to talk it over with you.
