By Dee Dyas, Centre for the Study of Christianity and Culture

A new Online Database created at the University of York is designed to bring together information about pilgrimage-related publications, resources and research projects across all periods, cultures and regions. Disciplines represented include Art History, Archaeology, Architecture, History, Geography, Literature, Psychology, Religious Studies, Sociology, Social Anthropology, Tourism and Heritage Studies. The database is intended as a resource for researchers, teachers, students and practitioners.

You will find the database at <http://www.pilgrimagestudies.org.uk/>

The screenshot shows a Mozilla Firefox browser window displaying the website www.pilgrimagestudies.org.uk/. The page header includes the University of York logo and the title 'Database of Pilgrimage Resources'. Below the header is a navigation bar with links for 'Home', 'About the Project', 'Search the Database', and 'Contact the Project'. The main content area is divided into two columns. The left column contains a 'Welcome to the Database of Pilgrimage Resources' section with a detailed description of the database's scope and a 'Please note' section regarding the beta-testing phase. The right column contains a 'User login' section with input fields for 'Username' and 'Password', a 'Log in' button, and links for 'Request a user account' and 'Forgotten password?'. The browser's taskbar at the bottom shows several open applications, including 'Welcome | Da...', 'How to Take ...', 'Downloads', 'Welcome to t...', 'Table of Con...', and 'Pilgrimage Stu...'. The system clock in the bottom right corner indicates the time is 7:07 PM.
