ACADEMIC COSTUME AND PROCESSION

Academic gowns represent a tradition handed down from the universities of the Middle Ages. These institutions were founded by the Church; the students, being clerics, were obliged to wear the prescribed gowns at all times. Round caps later became square mortarboards. The hood, originally a cowl attached to the gown, seems to have had three uses: it could be slipped over the head for warmth, worn as a shoulder cape, or when hanging from the shoulder, as a bag in which alms could be collected. It is believed that when large wigs were worn, the cape part of the hood was cut open in front and a narrow neckband inserted. The entire garment, cape and hood proper, was allowed to fall back, producing approximately the effect which we see today. In America, the hood is the most outstanding feature. Much of the American academic costume is derived from regalia worn at British universities. The usual color for academic gowns in the United States is black. The bachelor's gown is worn closed, the master's and doctor's may be worn open or closed. The shape of the sleeve is the distinguishing mark of the gowns: bachelor — long pointed sleeves; master — oblong, square cut in back with an arc cut away in front; doctor — bell-shaped.

Caps are black as are the tassels for B.A., B.S., and B.E. degrees; tassels for the Ph.D. degree are gold and those for the other graduate and professional degrees may be of the color corresponding to the trimming on the hoods. Special caps (beefeater caps) are worn at Kenyon by the Trustees. This type of cap is used by some European universities.

Many European universities have distinctive caps and gowns which are different from those commonly used in this country. Some of the gowns are of bright colors and some are embellished with fur. A few of these may be noted in the processions on Commencement weekend.

The shape and size of the hood marks the college degree of the wearer. The hoods are lined with the color of the institution from which the wearer received his degree. The trimming or collar of the hood is the color which designates the degree: Liberal Arts, white; Fine Arts and Architecture, brown; Science, golden yellow; Music, pink; Divinity, scarlet; Law, purple; Engineering, orange; Philosophy, blue; Medicine, green; Public Health, salmon; Forestry, russet; Nursing, apricot. Since there are several hundred schools and colleges in America, various arrangements of the primary colors are used. Honorary degree hoods are distinguished as follows: Master of Arts (M.A.), white; Doctor of Humane Letters (L.H.D.), white; Doctor of Science (Sc.D.), golden yellow; Doctor of Divinity (D.D.), scarlet; Doctor of Laws (LL.D.), purple.
