THE REBEL WAR SHIP IS STILL AT LARGE

Mutinous Crew Secure Coal And Provisions

Issue Note To Powers Declaring War Has Been Begun Against The Russian Government And Pledge Inviolability Of Foreign Ships And Ports

Odesa, July 6.—Sixty-seven of the mutineers from the Georgi Pobledonetz, including the ringleaders, have been imprisoned. It is expected that all of them will be shot.

St. Petersburg, July 6.—The admiralty has received news that the Kniaz Potemkin, after securing coal, provisions and medicines at Theodosia, is again at large in the Black sea, and her destination is unknown. Whether the port of the sailing of the battleship true or not, the crew took a remarkable step when, with all the solemnity of a provisional government, it issued a manifesto addressed to the powers, announcing that civil war had been declared against the existing regime in Russia and pledging the inviolability of foreign ships and foreign ports. This action doubtless was taken to quiet the apprehensions of foreign powers and so leave no excuse for the sending of warships through the Dardanelles to effect the capture of the battleship, which until now Russia's Black sea fleet has not dared to attempt.

All idea of going to sink the Kniaz Potemkin has now been abandoned by the admiralty as a report from the authorities at Theodosia shows there are dissensions among the mutineers, a portion of whom favoring surrender. It is believed to have occurred on board the battleship during the voyage. This is supported by the demand for a doctor. The ship is short of provisions and coal and the admiralty leaves her career will soon be ended. The ringleaders of the mutiny, however, realizing that they have their heads in the noose and they have nothing to lose, have decided coal and provisions at Theodosia under the penalty of bombardment of the town. They are trying to make for Poti, Transcaucasia, where they may get the support of the revolutionists, Batoum, which is fortified, being too dangerous a haven.

In diplomatic circles the most earnest hope is expressed that Japan will consent to armistice, both for the sake of avoiding further bloodshed in Manchuria and perhaps in order to prevent a catastrophe in Russia which may shake the Romanoff's throne and deal to the world by its horrors.

An emissary of a great European power said: "If Japan declines it may be to be a misfortune

for the whole world. The position of Russia is critical. The emperor, crushed by the defeats in the far east and with almost civil war at home, has bowed his head to the inevitable. He wants peace, and Japan has the proofs in her possession. Japan has vindicated her power before the world and has won the admiration of the world. Nothing becomes a victor so much as a broad spirit of magnanimity. If Japan still insists in humbling the emperor's head into the dust, and forcing a useless battle which will result in the loss of tens of thousands of lives, she may produce a cataclysm of anarchy greater than that of the French revolution, which will leave her no government to negotiate with, besides threatening the peace of Europe."

The Bourse Gazette considers the Russo-Japanese war is over and that a battle after what has been accomplished by President Roosevelt would be an anomaly.

Demand Provisions.
Theodosia, Crimea, July 6.—Summoned by the Kniaz Potemkin's crew, representatives of the town council went on board the battleship and were received in the admiral's cabin by the commission commanding her. The commission demanded the delivery of 500 tons of coal and provisions of various kinds within 24 hours, and threatened that in the event of non-compliance, after the warning to the inhabitants, the town would be bombarded. The commission also proposed that the mayor should transmit to the population a proclamation demanding the termination of the war, a convocation of zemstvos, etc. Learning of these demands, many inhabitants fled the town. The workmen insisted that the demands be granted. A special meeting of the municipal council was called and the council consented to deliver the provisions, but refused to comply with the demand for coal for the reason that the town had none.

Poisoned His Children.
Doylestown, Pa., July 6.—Gustav Closson, an aged flagman, left a widow with six children, was brought here from Morrisville, having confessed to having poisoned with arsenic two half-witted sons, one of whom died. He said he was unable properly to care for the delinquent children; that they were unclean in habits, and he concluded they would be better off dead. There was \$250 life insurance on the children.

THE NEW YORK BANKS TO TAKE JAPS' LOANS

New York, July 6.—Semi-official details concerning the latest Japanese loan of \$10,000,000 have been made public. The bonds will bear interest at 4 1/2 per cent and will be secured by a second syndicate underwriting the loan of the Yokohama Specie bank, limited, of London; the Hongkong and Shanghai Banking corporation and the Yokohama Specie bank, limited, with whom associated Kuhn, Loeb & Company, this city, and the Deutsche Bank of Berlin. The National City bank and the National City bank, both of New York, will assist Kuhn, Loeb & Company in the flotation in this country. The loan will be divided into equal parts, London, Berlin and New York each taking \$3,000,000.

Of the 16,000 seats in the vast auditorium were occupied. The hall had been decorated for the occasion, and the scene presented was one of extraordinary picturesqueness and animation. In the absence of President Francis E. Clarke, who is detained at home by illness, Rev. Howard B. Grose of New York presided and opened the proceedings with appropriate remarks. A letter of regret from President Roosevelt was read.

GENERAL STRIKE
Of Telegraphers Talked of on Great Northern and Northern Pacific.
Minneapolis, July 6.—Telegraph operators on lines of the Great Northern and Northern Pacific railroads have issued an ultimatum, and if their demands for increase in salaries are not acceded to before July 8, a general strike will be called. H. B. Perham, president of the order, has been making a tour of the systems. He has been conducting negotiations with the railway officials, which have so far been fruitless.

ONE DEATH

In Cincinnati Result Of The Fourth

Cincinnati, July 6.—One fatality was reported to coroner Cameron. Hugo Meier, 21, and John Meier, Jr., 16, were celebrating at their home with a 22-calibre revolver, when the weapon was accidentally discharged and the bullet struck him in the neck, at the Adam's apple, severing the arteries and causing a frightful hemorrhage. He was hurried to a hospital, a square away, but died five minutes after arriving there. The father of the boys is a tailor.

Casualties at Cleveland.
Cleveland, July 6.—Fred Evans, 14, son of John Evans, was fatally wounded on a coal car on which he was riding with his brother and Robert Mullen, 17. It was Mullen who did the shooting, and he fled, but was arrested on the charge of murder, his victim having died. Whether the deed was accidental or not the police do not know. There were several other casualties, none serious.

VERY BAD

Are Conditions on the Isthmus of Panama, Says This Arrival.
New York, July 6.—George C. Maclock of Louisville, Ky., superintendent of a dock at Christobal, who was among the passengers of the steamer Advance from Panama, said: "Things are very bad at the isthmus. The diseases prevalent are measles, black measles, smallpox, yellow fever, chagras fever and malaria, and there was one case of bubonic plague. The dead train runs from Colon to Monkey Hill cemetery, a mile and a half south of Colon, always once and sometimes as many as 14 times a day, and it sometimes has as many as four coffins aboard. In fact there is so much yellow fever about that they keep 10 graves always ready for cases of emergency."

ROOT MAY BE NAMED SECRETARY OF STATE

Oyster Bay, N. Y., July 6.—The president reached Oyster Bay before noon today from Cleveland, where he attended the Hay funeral. The members of the cabinet who were with the president at the Hay obsequies left the special train at Philadelphia this morning and returned directly to Washington. Secretary McCall left the party to go to Utica, N. Y., where he will join his wife, and from there go to Oakland, Cal., by way of the Canadian Pacific, for a short vacation. President Roosevelt passed the afternoon and evening after leaving Cleveland in informal conference with his cabinet officers and friends on board his special train. When luncheon was served the president had as his personal guests Elihu Root, Paul Morton, Charles Emory Smith, Secretary Shaw, Attorney General Moody, Postmaster General Cortelyou and Dr. Rixey. Later the president took up some important matters with the members of his cabinet individually, but no announcement was made concerning them.

The president talked long and earnestly with former Secretary Root, who had been almost constantly with him since he joined him in Jersey City. It is yet too early to make any announcement regarding the succession to Secretary Hay, but it is known that the subject was considered informally by the president with the friends aboard the train in which he reposes the most implicit confidence. It is not unlikely the president may authorize a statement in the near future regarding the appointment, but he has not indicated yet, at least not for publication, who his choice may be for secretary of state.

ITALIANS CAUGHT

By Gas Explosion in a West Virginia Coal Mine.
Bluefield, W. Va., July 6.—By an explosion in the Tidewater mine at Vivian, 20 miles west of this city, nine miners, all of whom were Italians, were injured, and two of them died later in the day, while three more are in a precarious condition with slight chances of recovery. All of the men were burned badly. The dead are: Lee Mozzille, Antonio Bupptomio. The men had just begun entering the mine, and those injured represent all that were in the mine at the time of the explosion. They were rescued with but little difficulty, and sent to the miners' hospital at Welch, six miles distant, by special train. The

BITTEN

By A Rattler Was A Young Lady

Marysville, O., July 6.—Miss Ala May of Leesburg township, while picking raspberries in the woods, was bitten on the leg by a rattlesnake, and the limb in a short time was swollen to almost twice its normal size. A physician was hastily summoned, and it is thought her life can be saved. The snake is still at large.

Police Clerk's Confession.
Toledo, O., July 6.—Charles Durian, for 13 years clerk of the police board and formerly city clerk, resigned and at the same time confessed he had embezzled the funds of the city. An investigation shows that he is at least \$1,000 short. He will be prosecuted.

CUT TO THE QUICK.

At Athens, Ga., Mrs. Annie Pollard is dead from the effects of a blow on the face from a baseball.

Mrs. Lucia B. Tyng one of the best known temperance workers in the United States, died at Peoria, Ill.

Bishop Spalding of Peoria, Ill., left for his summer home at Lebanon, Ky. where he will remain until autumn. His health has vastly improved.

Thomas Gustin, 40, North Liberty, (O.) undertaker, was instantly killed at Hillsboro, O. The pole used in holding up a balloon during inflation fell and broke his neck.

Gustav Closson, flagman, left a widow with six children, was arrested at Morrisville, Pa., having confessed to having poisoned with arsenic two half-witted sons, one of whom died.

As the result of a streetcar wreck at East Liverpool, O., Charles Henderson, 38, and Harry Green will die. The car became unmanageable on a steep hill, jumped the track and dashed into the fence.

Smart London Manners.
A fashionable crowd is almost invariably had tempered. People jostle each other vindictively and preserve a stony, icy glare the whole time. A man at a dance seeking his partner in the crush will not hesitate to push past women in a way that would probably shock his barbarian ancestors.—London Lady.

Forced To Starve.
B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At G. R. Baker & Son, Mt. Vernon and F. F. Hosack, Fredericktown, drug store; Only 25c.

Too Suggestive.

Bent Her Double.
"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hand on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at G. R. Baker & Son's Mt. Vernon and F. F. Hosack's Fredericktown drug stores, price 50c.

Brace of Fatalities.
Ashtabula, O., July 6.—Bernice Logan, 2, was decapitated by a streetcar here. Flora Welton, 16, fell from a roller coaster at a summer park and sustained injuries which will probably be fatal.

The Diamond Cure
The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure. "Unequaled quick cure, for Throat and Lung Troubles. At G. R. Baker & Son's, Mt. Vernon and F. F. Hosack's Fredericktown drug store; price 50c and \$1.00, guaranteed. Trial bottle free.

Gold Under Nevada's Capitol.
Carson, Nev., July 6.—The state of Nevada commenced boring an artesian well in the Capitol square and gold was found at a depth of 200 feet in the sands raised with machinery. A Cohen, a merchant of this city, filed a mining location notice on the grounds, claiming all the land occupied by Nevada's executive building.

RELIEF

Sought In Death By A Painter

Columbus, O., July 6.—After having carefully planned self-destruction, Thomas Shields, 24, and unmarried, a painter, plunged into the Scioto river near the state dam and was drowned. Despondency led him to take his life.

Kettle of Molten Iron.
Urichsville, O., July 6.—By the overturning of a kettle of hot iron in the Clow pipe works at Newcomers-town William Ross and Charles Smith, employes, were fatally burned. Each leaves a large family.

Two Banks Closed.
Lasalle, Ill., July 6.—The Spring Valley National bank closed its doors after a run which began Monday afternoon. The run was precipitated by reports from Topeka, Kan. regarding the condition of President Charles J. Devlin's affairs. It is estimated that the bank's deposits amounted to \$500,000. The National bank of Topeka also closed its doors under similar conditions to those at Spring Valley. Mr. Devlin was also president of the Topeka bank.

A Surprise Party
A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure, for headache, dizziness and constipation. 25c at G. R. Baker & son, Mt. Vernon, and F. F. Hosack, Fredericktown.

TWO TEXAS TOWNS STRUCK BY TORNADO

It Is Believed That Forty Lives Were Lost

Fourteen Persons Killed At One Point And As Many At Another With The Country Districts Yet To Be Heard From

Fort Worth, Tex., July 6.—A tornado which struck Texas in the upper edge of Montague county, coming from the northeast and swinging far to the southeast, caused the loss, it is believed, of over 40 lives, injured a large number of people and did untold damage to growing crops and cattle. Fortunately the tornado missed the small towns in the section through which it swept, but it seemed to take a fiendish delight in zigzagging in such a way as to take in the homes of many farmers and stockraisers in the section.

At Jacksboro the force of the wind was terrific. The Baptist church and 20 other buildings were blown off their foundations, and a number of buildings totally destroyed. Mrs. Travis Calhoun was seriously injured and is not expected to live. Travis Calhoun, Mrs. Thomas Horton and Henry Vesser and family were also injured.

At Montague no lives were lost in the town, but in the country there was great loss reported. Ten persons are known to be dead in the neighborhood, and unconfirmed reports are to the effect that the list of dead will go as high as 40.

At Nocona the following persons are known to have been killed: Mrs. C. C. Shackelford; Linnie Shackelford, daughter of R. G. Shackelford; Mrs. S. L. Tumbleton and three children; Mrs. Mary Lester and four children; Caleb Hite; Mrs. Ira Williams; grandson of Sam Eakin killed by lightning.

Nine people are dead at Montague as a result of the tornado. They are: A. P. Earl; Miss Sadie Earl, daughter of A. P. Earl; Burke Earl, his son; baby of Lawrence Pillow; Tomlinson family, consisting of husband, wife and four children. Fatally injured: Clalhoun White, 45. Houses totally demolished: J. F. Clark's drug store; D. Y. Lunn's grocery store and offices; old bank building, occupied by G. L. Alcorn, real estate agent; store of the Rowe Hardware company; 15 dwellings.

The tornado lasted perhaps 30 minutes. Hundreds of head of stock in the vicinity were killed outright by the wind. The number of injured is unknown.

GIRL ESCAPED
After Passing an Old Confederate Note on a Memphis Merchant.
Memphis, Tenn., July 6.—High-heeled slippers did not retard the running powers of a beautiful girl, who

easily outspurred W. S. Aycocck, a local banker, after she passed an old Confederate \$10 note on him. The young woman entered Aycocck's store, went straight for the proprietor and asked change for a bill. It was of the issue of the Confederacy. The proprietor was accommodating, but the young lady had hardly reached the front door when he noticed that the bill was worthless. The chase that followed led through several streets and amazed onlookers took part, but the girl disappeared and escaped by gathering up her skirts and hurdling a fence.

Want Devil Declared Bankrupt.
Topeka, Kan., July 6.—Affairs in the failure of the First National bank assumed a different phase when Kansas City creditors petitioned the United States district court to declare Charles J. Devlin a bankrupt. The petition was made returnable July 20, and its effect is to prevent any further attachments of Devlin property and to set aside real estate valued at \$700,000 which Mr. Devlin on Monday had transferred to the failed bank. This action thus reduces the bank's assets, at least temporarily, to just that extent.

Mutineers' Declaration.
Theodosia, Crimea, July 6.—The mutineers of the Kniaz Potemkin formally raised the standard of rebellion and issued the following declaration: "The crew of the Kniaz Potemkin notify the foreign powers that the decisive struggle has begun against the Russian government. We consider it to be our duty to declare that we guarantee the complete inviolability of foreign ships navigating the Black sea as well as the inviolability of foreign ports."

Carbondale's Fire.
Carbondale, Ill., July 6.—The report that this town was destroyed by a fire was erroneous. The conclusion arrived at probably was due to the fact that telephone communication was interrupted by the burning of several poles. One brick and several frame buildings were destroyed, the loss being about \$6,000.

Farmer Dropped Dead.
Findlay, O., July 6.—Harmon Ewing, 60, dropped dead in his cornfield while plowing corn. He leaves a widow and two children. A peculiar coincidence is the fact that his uncle William Ewing, dropped dead July 4 eight years ago.

A FATAL SHOOTING OCCURS AT YOUNGSTOWN

Youngstown, O., July 6.—The killing of Louis Bergman, Jr., by James I. Harbison, is one of the most sensational cases that the county has ever known. After the shooting Harbison made no effort to escape, but calmly awaited the arrival of the officers. He told two of his neighbors to call the police as he had killed a man. At the police station he admitted killing Bergman, but expressed regret that it was not another man whom he named as co-respondent in his divorce suit. Harbison's attorneys will allege insanity.

Secretary Hay's Grave.
Cleveland, O., July 6.—The body of John Hay rests in his family burying ground in a corner of Lake View cemetery. Around his grave are the granite monuments of men who have done strong things for Cleveland, for Ohio, and some of them for the nation. Five hundred feet to the west of where the secretary lies is the great memorial of James A. Garfield; 200 feet to the north rises the monolith of the Rockefeller family; closer still are the graves of the Otises and the Rusts.

Smallpox in Ohio.
Columbus, O., July 6.—Smallpox exists only in a few isolated places in the state now," said Dr. C. O. Probst, secretary of the state board of health, "and I believe that the disease is as nearly wiped out, so far as Ohio is concerned, as it has been at any time since the outbreak in 1893." Dr. Probst, however, believes that smoldering centers of infection will continue for some time. The principal places of smallpox infection now are

Storms in France.
Paris, July 6.—Thunderstorms, with gales of unusual violence, accompanied by hailstones, visited northern and central France. Two men were killed at Angers, where enormous damage was done to the crops. Near Orleans 80 houses were razed and many persons were injured. In the environs of Lyons and Chambéry the crops were ruined.

TIME TO TELL THE TRUTH

Columbus, O., July 6.—There are
times when it is necessary to dis-
tinguish between the rank and file
of a party and its leaders or bosses.
The year 1905 seems to be one of
these times.

It is seldom that the masses of a
party are corrupt. Political corrup-
tion is confined to the bosses, lead-
ers and hangers-on of a party.

The masses of a party often be-
come careless, and even refuse to
believe the truth when their party
leaders are shown to be corrupt, and
vote to continue them in office.

Then it is that official corruption
and grafting becomes a most dan-
gerous menace to all the public in-
terests, since the rank and file of
the majority party, hold party suc-
cess in higher esteem than either
public or private honesty.

The well-nigh unparalleled reve-
lations being made in Pennsylvania
and especially Philadelphia, are the
fruit of 24 years of absolute ring
and boss rule in that office, and
the refusal of the Republican voters
to expel the robbers from office, al-
though they could not but know of
their atrocious crimes.

The same kind of political fruit
has been ripening in Ohio during
the last 12 years of absolute Repub-
lican boss and gang rule, and the
rank and file of the Republican
voters cannot help but know it, in
the light of exposures now going on.
Will they give Boss Cox another
lease to raid and riot through Ohio's
public institutions.

There is no difference between
Boss Israel W. Durham of Philadel-
phia and Boss George B. Cox of Cin-
cinnati. There may be a difference
in the amount of "stolen plunder,"
but the grade of larceny is the same.

These plundering bosses could not
pursue their calling, but for the in-
terference of the Republican voters
to the Ohio and Pennsylvania. What a
damnable thing to say, but it is the
truth. To tell the truth is one of
the highest duties of honest men.

occur Friday afternoon at 4:00
o'clock from his late residence on
North Sandusky street. Rev. Wil-
liam E. Hull officiating. The fun-
eral services will be under the
auspices of the Masonic body. The
interment in Mound View cemetery.

The remains of Mrs. C. E. Critch-
field were brought to this city
Thursday morning from Hillsboro
over the C. A. & C. and were taken
to her late residence on East High
street, from which place the funeral
will be held Friday afternoon at 2:30
o'clock. The remains were accom-

panied by Judge C. E. Critchfield
and daughter, Miss Nellie Critch-
field, and Mr. and Mrs. C. V.
Critchfield.

The building committee of the city
board of education were shown
courteous attention by Secretary R.
M. Greer Thursday morning when
he escorted the committee to the
different ward building in his auto-
mobile. The committee ordered a
number of repairs made to the build-
ings.

Mr. Robert Bunn was initiated in-
to the Phi Sigma Chi fraternity
Wednesday evening and the initia-
tion was especially pleasing to those
who witnessed the performance on
Main street. The lad was clothed
in winter garments and with a
small fan and a little whistle made
things lively on the street. The
last seen of the boy he was on his
way to the woods with "a bunch" at
his heels.

DASTARDLY ATTEMPT
TO BLOW UP BUILDING

Dynamite Found In Attic At Old
Ladies Home

What may have been a dastardly
attempt to blow up the Old Ladies
home at the corner of Gay and
Sugar streets, this city, has just
been brought to light by the discov-
ery of three large dynamite car-
tridges concealed in the attic of the
building. The discovery was made
a day or two since by Samuel Clark,
who was engaged in making repairs
at the building.

The cartridges were concealed
near the floor and from the fact
that they were not covered with
dust would indicate that they had
recently been placed in the building.
The former occupant of the house,
Mr. McIntire, was notified of the
finding of the cartridges and stated

that they were not placed in the
building while he occupied it. Mr.
D. B. Kirk, former owner of the
building, was also informed of the
find, but could throw no light on
the subject.

It is evident that the cartridges
had recently been placed in the
building, but for what purpose or
by whom no one is able to figure
out. There was enough dynamite
in the cartridges to have blown the
house to pieces.

The cartridges are in possession of
Mr. Clark and a quiet investigation
is being made. It was decided to
keep the matter secret for the pres-
ent at least, but the fact became
public on Thursday morning.

As Been The Weather For Farm Work

and Much Corn Has Been Cultivated

Wheat And Rye Now Being Harvested

Garden Crops Are Good Although Potatoes Have Been Affected By Blight In Southwest And Decay In Northwest

The first of the week was fair and cool, and the last day has been warmer with showers. The rainfall has been light in the north and moderate to heavy in the south. A light frost occurred in Harrison and Columbiana counties on the 27th and 28th.

The figures following the Corn and Wheat Region stations show the amount of precipitation in inches and hundredths for the week ending at 7 a. m. July 31: Bellefontaine, 0.09; Bucyrus, 0.15; Canton, 0.08; Cincinnati, 0.16; Cleveland, 0.22; Columbus, 0.70; Dayton, 1.16; Defiance, .25; Findlay, 0.13; Granville, 0.80; Greenville, 0.33; Norwalk, 0.04; Parisburg, 0.76; Pomeroy, 0.82; Somerset, 0.44; Wauseon, 0.07; Waverly, .75.

The weather has been very favorable for crop growth and for farm work.

Much corn has been cultivated and planting has become completed in the extreme north. The stand is still very poor in many low places and bottom lands, but the outlook for this crop has advanced very rapidly during the past week.

Wheat is ripening in the north and is being harvested in central and southern counties. Many correspondents report heads well filled and the berry plump. Others, particularly in central counties, report the heads poorly filled, and damage by the weevil has greatly increased in the west northwest.

The rye crop is being harvested in the south and rye and barley are ripening in the north. Oats continue to grow in most districts. They are opening in the southwest.

Each clover wat during the favorable weather pastures are excellent.

Green crops are good. Potatoes have been affected by blight in the southwest and decay in the northeast. The needs in the extreme north. Tobacco has been mostly planted and the plants are green well.

Apples and peaches to drop and the prospect poor. Peaches are dropping notably but the condition of this is from fair to good. Plums poor. Raspberries are being set and the crop is large. Strawberries are doing well.

There are many reports of grapes rotting in central and southern counties, although this crop is generally from the Bay, Ottawa County, states the weather conditions have ceased. The main crops of the season are looking very fine there.

EXTRACTS & REPORTS

Seneca—Cottage excellent growth but needs cultivation; oats heading and stand; wheat turning.

Shelby—Wheat filled and is fair crop, about third the usual acreage; grapes; apples falling; oats good; hay and grass good.

Auglaize—A fine hay put up; late wheat damy weevil; corn and oats doing raspberries big crop.

Belmont—Will be a fair crop, not so as promised earlier; tobacco growing finely; potatoes large dropping; no plums; few peaches.

Brown—Grotting; peaches scarce; early fair, but fall and winter appear a failure; wheat not well but heavy straw.

Butler—Soybean good, other

fields light; oats turning; apples still dropping; peaches fair; pears light.

Carroll—Corn and timothy meadows doing well; raspberries a fine crop; apples very light.

Champaign—Very few apples; lots of peaches in prospect; wheat badly damaged in places by weevil, some will be hardly worth cutting; clover heavy crop.

Stark—Clover hay is being made and is the largest crop in many years; apples nearly all fallen off.

Summit—Excellent progress has been made with haying.

Trumbull—Oats will be a big crop; clover being cut and is a fair crop; some report good prospects for grapes.

Tuscarawas—Wheat not so good as expected, but the berry is very plump and nice; old meadows improving; plums and pears scarce; apples a short crop; potatoes good.

WHEAT CONDITIONS

In Ohio Are Not Encouraging According To Reports

Ohio wheat does not show up so well in the July crop report issued Monday evening, as it did in the report for June; it dropped in condition from 93 to 91 per cent. Weevil is the main cause, but wet weather and rust are also doing damage.

The first line on the 1905 corn crop is given and it shows corn conditions to be 80 per cent, of a full average, and an estimated area of 2,769,256 acres—a shortage of 164,232 acres.

The statistical portion of the report is as follows:

Wheat—Condition compared with an average, 91 per cent; acres shown last fall, 1,859,534; plowed this spring, 1 per cent; estimated area for the harvest, 1,855,356 acres.

Barley—Condition compared with an average, 88 per cent.

Rye—Condition compared with an average, 92 per cent.

Oats—Condition compared with an average, 94 per cent.

Corn—Area planted in 1904, 2,933,488 acres area this year compared with 1904, 94 per cent., total estimated area for 1905, 2,769,256 acres; damage by cut worm, 5.48 per cent; damage by white grub, 1.64 per cent; condition compared with an average, 80 per cent.

Clover—Damage by white grub, 80 per cent.

Potatoes—Area planted in 1904, 106,013 acres; area planted this year compared with 1904, 96 per cent; estimated area for 1905, 102,799 acres; condition compared with an average, 87 per cent.

Tobacco—Acreage compared with last year, 90 per cent.

Timothy—Condition compared with an average, 84 per cent.

Pastures—Condition compared with an average, 98 per cent.

Horses—Condition compared with an average, 95 per cent.

Colts—Number compared with an average, 90 per cent.

Cattle—Conditions compared with an average, 96 per cent.

Calves—Number compared with an average, 91 per cent.

Wool—Clip compared with last year 93 per cent.

HON. JOHN M. PATTISON
The Democratic Nominee For Governor Of Ohio

John M. Pattison, who is now 57 years of age and in the prime of active manhood, was born and brought up in the country. At the time of his birth his father was a tenant farmer, living near Boston, Clermont county, Ohio.

During his youth John M. Pattison clerked in a store and worked on the farm, and there acquired those habits of early rising and application which have enabled him through life to perform a prodigious amount of labor.

He rises at 5.30 a. m. and takes a 7 o'clock train at his home station, Milford, for Cincinnati, and may be found at his desk at 8 a. m.

At the age of 16 he enlisted as a soldier in the Federal army and served faithfully for the term of his enlistment, at the end of which he was honorably discharged. After the war he worked his way through college by teaching and other means, including hard labor in harvest fields, graduating at the Ohio Wesleyan university, Delaware, O., in the class of 1869.

Immediately after graduation he spent three years in the West and, while engaged in other business took up the study of the law and was admitted to the bar and began practice in Cincinnati in 1872.

In the following year he was elected a member of the Legislature from Hamilton county on the Democratic ticket, receiving the largest vote for a candidate on the ticket.

After practicing law in Cincinnati for ten years, Mr. Pattison was elected vice president and manager of the Union Central Life Insurance company, and for more than 20 years has been virtually the leading spirit of this great Ohio institution.

In the winter of 1890 he accepted a nomination for the State Senate to fill the vacancy caused by the

death of Judge Ashburn. Upon his success depended the political complexion of the Senate, and for this reason the campaign became one of national importance. Upon his election depended the enactment of a law restricting the state for Congressional purposes, a matter of the highest importance to the Democrats of Ohio at that time. Notwithstanding the expenditure by the Republicans of the largest corruption fund ever known in Southern Ohio in a similar contest, Mr. Pattison carried the district by a majority in excess of the normal.

While a member of the Senate he was nominated and elected a member of Congress by a very large majority, more than 2,000 in excess of that usually given in the counties composing the district in which he ran. He was present in his seat and voted on all the important measures of the Congress of which he was a member, and was especially active in securing one of the first appropriations for rural free delivery. By the Republican gerrymander of 1892, he was placed in a district with an adverse majority of 5090, in which a re-election was hopeless.

Mr. Pattison belongs to the Masonic order, being a member of Trinity commandery, and has taken the Scottish Rite degrees. He is a trustee of the Ohio Wesleyan university at Delaware, Ohio. He helped to organize the Milford National bank, of which he is an officer, but has never owned more than enough of the stock to qualify him to act as director. He also helped to incorporate the Milford Manufacturing company and the Enterprise Publishing company both enterprises of the village of Milford. He is a member of the Business Men's club and the Commercial club of Cincinnati.

"MAUD"

Got A Quartet Of Mt. Vernon Men Into Trouble

And They Are Brought Before Mayor Gotshall

Expensive Ride Taken By Four Young Men

Which Results In Their Arrest And Appearance Before Mayor Gotshall Early Thursday Morning

Three well known Mt. Vernon young men were up before Mayor Gotshall Thursday morning on quite a serious charge all on account of, what they considered, a practical joke which occurred Wednesday evening. In addition to the three men before the mayor, a warrant was also issued for the arrest of a fourth man, but he left the city Wednesday evening and has not yet been apprehended. The trouble all came about in this way. A horse trader came to town Wednesday in a buggy attached to which was his mule, "Maud." The rig was hitched on East Gambier street and so Wednesday evening the rig was discovered by the quartet of young men and at once they determined to take a ride. They all got into the buggy but before they had gone three squares they were overtaken by the owner of the rig, who in the meantime had called a policeman.

The young men in question got away, but the owner of the rig appeared before Mayor Gotshall Thursday morning and swore out a warrant against the four men, charging them with taking and driving a mule belonging to another person. At ten o'clock Thursday morning three of the young men appeared before the mayor and after hearing the warrant read decided to enter a plea of guilty. The mayor explained the statute which provided for such cases and said that the fine could be \$200 with 90 days jail sentence. The mayor stated that this no doubt was the result of the celebration of the Fourth of July and at this season of the year he was "letting them down easy".

The mayor therefore imposed a fine of \$1 and costs which amounted in all to \$4.60. They were also given until the last of the week to secure the money to pay the fine and costs. The other young man connected with the case telephoned the mayor from another city Thursday morning that he would appear as soon as he returned home.

Reward will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether or chloroform in any form in any of Dr. Miles' Remedies.

This reward is offered because certain unscrupulous persons make false statements about these remedies. It is understood that this reward applies only to goods purchased in the open market, which have not been tampered with in any way.

Dr. Miles' remedies cure by their soothing, nourishing, strengthening and invigorating effects upon the nervous system, and not by paralyzing and weakening the nerves as would be the case if these drugs were used.

For this reason Dr. Miles' Anti-Pain Pills are universally considered the best pain remedy. "I have suffered for 25 years with severe pains in my head, heart and back, and have tried everything I could get and could not find any relief until I got a box of Dr. Miles' Anti-Pain Pills. I suffered as long as 12 hours at a time with such severe pains that I feared I would lose my mind. The Anti-Pain Pills gave me relief in from 10 to 20 minutes. I do not have to use Morphine any more. I wish you would publish this so that other sufferers may find relief."

CONSIDER THIS OUTING To Famous Seashore Resorts, In Planning Your Vacation

By far the most attractive trip for health and pleasure the coming vacation season is that offered by the Seashore excursion Thursday, August 17th, over the C. A. & C. to Atlantic City, Cape May and seven other famous summer havens on the Atlantic Coast.

The fast through trains over the C. A. & C. take passengers in a few hours out of the heat and humidity of summer to the cool breezes of old ocean. The mid-August excursion occurs in the season for rest when it is most convenient to leave business. Excursionists have the added pleasure of seeing Atlantic City when it is in full tide of the fashionable season. The greatest representative gatherings ever known at any resort are seen at Atlantic City. As many as 50,000 people at one time promenade the famous boardwalk. The fashionable bathing hours present an unparalleled scene—fully 100,000 bathers in the sea and on the beach.

The healthful effect of the seashore trip is due to the salt and pine air. So beneficial has this proved that physicians send their patients there to get the benefit of breathing the pure ocean air.

Special low fares will be in effect for this Seashore excursion. Full information will be freely given by local ticket agents of the C. A. & C.

Sunday Excursion To Columbus via C. A. & C. Ry

July 9th excursion tickets to Columbus via C. A. & C. Ry. will be sold at \$1.00 round trip from Mt. Vernon good going on Special Train leaving at 9:40 a. m., Central Time.

Search For Murderer.

Omaha, Neb., July 6.—A posse headed by Sheriff Powers is searching the woods for Antonio Pistillo, an Italian, who shot and killed Charles Jones, an employe of an electric light company. The trouble occurred outside the military park near Benson. Pistillo with four other men became offensive to passersby, and selected Jones as a butt for their ridicule, resulting in a quarrel and the shooting.

INDICTED PACKERS

Furnish Bonds For Their Appearance. Several Absent.

Chicago, July 6.—Bonds have been furnished by three of the packing companies and 13 of the individual packers indicted by the federal grand jury last Friday. Four of the indicted packers are still absent from Chicago, but United States District Attorney Morrison announced that these absentees would be given ample time in which to sign bonds. Attorney Morrison declared that the packers, with such large holdings as they have in Chicago, would make no attempt to escape trial, and that the federal authorities were safe in allowing them considerable time. The bonds signed were for \$5,000 each, and were secured by surety companies. The corporations furnishing the bonds were Armour & Company, Swift & Company, and the Fairbank Canning company.

Striking Teamsters to Vote.

Chicago, July 6.—A referendum vote on the question of declaring the teamsters' strike so far as it applies to the department stores will be taken tonight by members of the department store drivers' union. The vote, which will be by secret ballot, will be taken at the request of a large number of the department store drivers, who have wearied of the strife and have rebelled against the union leaders because of their failure to furnish strike benefits. There are over 700 members in the organization. Lumber drivers, who also have been denied strike benefits, continued their agitation in favor of a prompt settlement. A committee from the union had a conference with several lumber dealers, but nothing was accomplished, as the employers declared that they would not enter into formal negotiations unless all the members of the Lumbermen's association acted together.

Freight Trains Meet.

Fitchburg, Mass., July 6.—Three railroad employes were killed and two injured and thousands of dollars' worth of property destroyed by a head-on collision between an east-bound freight train and a westbound coal train near Wachusett station, on the Fitchburg division of the Boston and Maine railroad. All traffic on the main line was blocked. The accident was due to some misunderstanding regarding signals. Both locomotives were destroyed.
