A Message from Douglas L. Givens

Vice President for Development

At Kenyon, 1984 will be remembered as the year in which we received the largest single grant in our history to date—\$5.5 million from the Olin Foundation for a new library. But it was also a year in which new records were set for the Kenyon Fund and the Kenyon Parents Fund. It is particularly heartening to us to see these continuing increases in unrestricted giving to the College, the gifts that enable Kenyon to close the critical gap between tuition and fees and the College's annual expenses.

Kenyon uses unrestricted gifts to defray expenses in five areas crucial to the sustained excellence of the College: faculty support, student aid, student services, the library, and plant maintenance. Faculty salaries must remain competitive so the College can continue to attract the best scholar-teachers and to reward those already here. Additional funds for student aid are essential if we are to make a Kenyon education within reach of all admitted students. As the demand for student services such as career counseling grows, the College must be ready to meet it. The library, which will soon be more than ever the heart of the campus, must be able to expand its collections and services. Continuing attention to the needs of the College facilities is imperative if we are to avoid costly deferred maintenance.

Our record of unrestricted support for these purposes at Kenyon has been excellent. Alumni giving has increased 14 percent annually over the last two years, and support from parents of current and former Kenyon students has been at a consistently high level. Some 43 percent of alumni and 21 percent of parents participated in the Kenyon Fund and Kenyon Parents Fund campaigns last year, both figures far above the national average. This year, for the third consecutive year, gifts received by the College totalled more than \$3 million. And it should be noted, as a tribute to Kenyon's stewardship of these gifts, that the past year marked the fourteenth consecutive year the College has operated with a balanced budget.

Douglas L. Givens

As you might expect, we do not plan to rest on our laurels. For the coming year, we will be making a concerted effort to increase giving by members of the youngest alumni classes. In addition, we will be aiming to move the percentage of all Kenyon alumni contributing to the Kenyon Fund toward 50 percent. We believe with increased efforts by our students, staff, and volunteers we will attain this goal.

Kenyon's volunteers are unquestionably the most important factor in the College's continued success in both fundraising and admissions. In this year's Honor Roll, we are pleased to recognize more than six hundred alumni volunteers whose contributions of time and energy as class agents, phonathon participants, and admissions workers have enabled Kenyon to prosper. We salute you and your efforts, and we hope to be able to call upon you and other alumni and friends of the College both this year and in years to come.

The following pages list the names of every alumnus, alumna, parent, friend, corporation, and foundation that made our 1983-84 record possible. We thank you all very much for your commitment to Kenyon, and we look forward to your support as we aim for another record-breaking year in 1984-85.

Alumni Volunteer Programs

Kenyon Fund Phonathons

During the past year nearly 150 alumni volunteers gave up their evenings to help Kenyon by calling their fellow alumni on behalf of the Kenyon Fund. Their efforts produced 1,300 pledges totalling nearly \$100,000.

The level of interest and enthusiasm of the volunteers in each city was outstanding. Kenyon is pleased to take this opportunity to say "thank you" for a job well done.

Alumni Admissions Program

This has been a fantastic year for the Alumni Admissions Program. More than 450 alumni were involved with Admissions, participating in phonathons, conducting interviews with prospective students, contacting school counselors and visiting schools, representing Kenyon at college nights/fairs, organizing, hosting and attending student parties/receptions and sending names and addresses of prospective students to the Admissions Office. If you would like to join us and help recruit students for Kenyon, call or write to Alumni Admissions Coordinator Bettye York for information.

The Admissions Office would like to thank the following alumni and friends for their help in the Program this year.

Gifts Summary

To the Alumni:

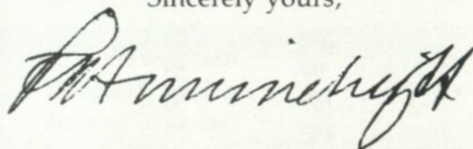

The Kenyon Fund campaign raised over \$658,000 for the College during 1983-84, exceeding our goal of \$600,000.

We have set a new base from which future Kenyon Funds will spring. The one million dollar goal is in sight within five or six years.

I want you to know that your personal as well as monetary contribution to this fine effort is very much appreciated by the trustees, the administration and, of course, by me.

A well-deserved "well done" to all of you!

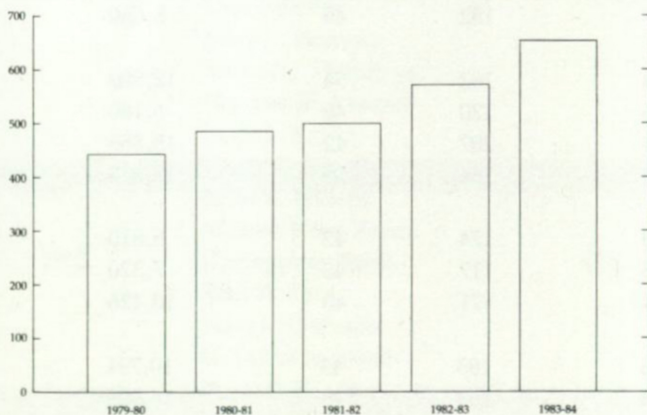

Sincerely yours,

Robert J. Himmelright '50

Leadership Gifts

The following individuals, associations, corporations and foundations have made gifts to Kenyon of \$1,000 or more. All individuals, in addition, have earned membership in the President's Associates by virtue of their gift. Those individuals whose names are prefaced with an asterisk have earned life membership in the President's Associates through a one-time gift of \$10,000 or more, or through a planned giving program of \$25,000 or more.

This photograph was taken during the renovation of Rosse Hall for use as a gymnasium in 1896, shortly after it had been deconsecrated as a place of worship. The memorial to Philander Chase was moved at that time to its present location in the Church of the Holy Spirit.

The lawn in front of Ascension Hall was a popular spot for athletic contests in what appear to have been more elegant times. A notation on the back of this photograph notes that "Ascension Hall contains 34 rooms for students, Philomathesian and Nu Pi Kappa halls, and an observatory."

The Kenyon Parents Fund

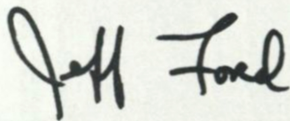

To the Parents:

I am pleased to report to you on the success of the Kenyon Parents Fund campaign for 1983-84. New records were set for both the number of dollars raised and the number of parents contributing.

None of the above would have been possible without your generous response. You supported the College knowing that Kenyon needs and deserves our continuing assistance to maintain the high standards for which it is respected and which are crucial to our children's education.

To each of you who contributed, I send my personal thanks along with those of the College.

Yours truly,

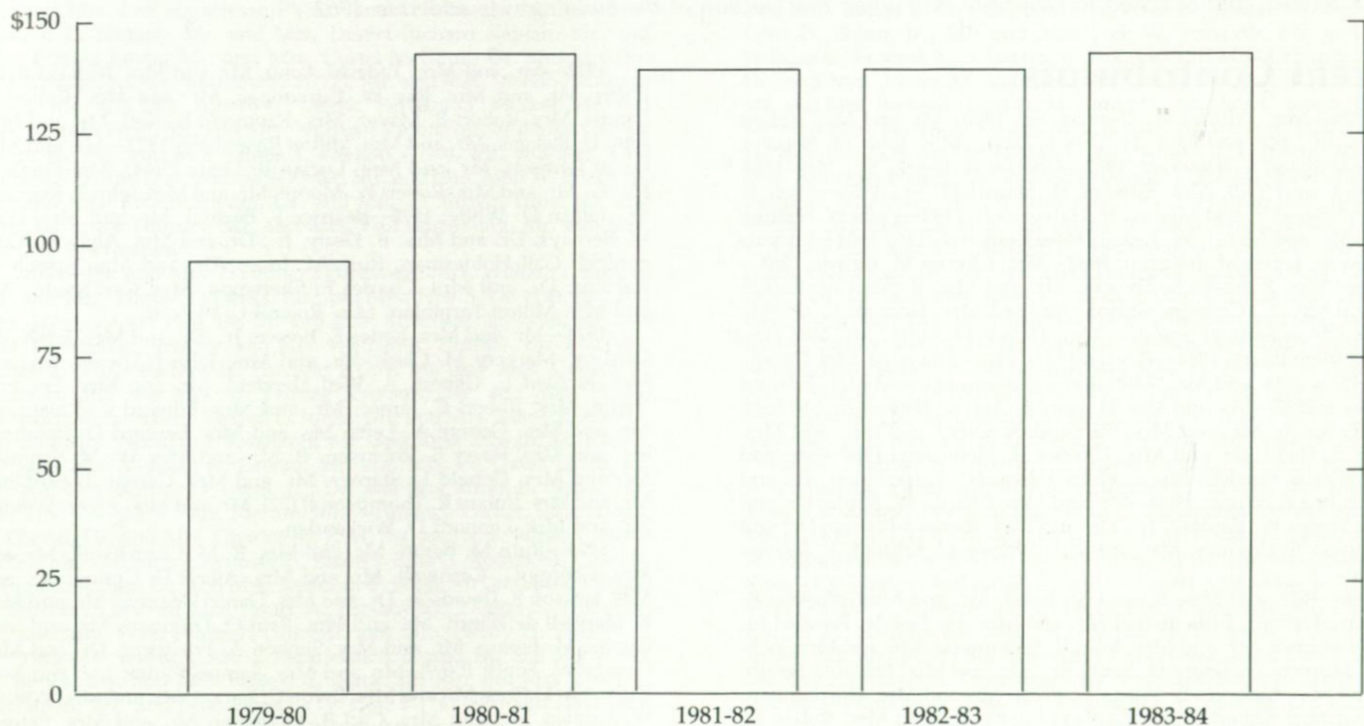

Jeffrey J. Ford

Kenyon Parents Fund Five Year Review (in thousands)

Peirce Hall, the College commons, was first occupied in 1929. The terrace was such a popular feature of the building that it was lifted, moved, and attached to Dempsey Hall when that portion of the building was added in 1963.

Kenyon's high-rise dormitory, Caples Residence, was "topped out" in May, 1971. Shown in this photograph atop the new building are (left to right) Samuel S. Lord, vice president for finance; Pamela Carmichael 1973; Doris B. Crozier, dean of the Coordinate College for Women; and Richard P. Ralston, superintendent of buildings and grounds.

On October 17, 1962, students and members of the faculty and staff joined forces to move more than seventy-five thousand volumes from Alumni Library across Middle Path and into the new Chalmers Library. At the bottom of the steps on the left is Professor Denham Sutcliffe.
