Senator Dick And Gov. Herrick At Reunion

Ellis Talks To The Auditors And Advises Members Of The Association To Get Together For A County Salary Law--Other Notes

Cedar Point, O., Aug. 4.—The annual legislative reunion here was opened formally by a banquet, which was attended by United States Senator Dick, Governor Herrick, Attorney Wade Ellis and other officials and by a goodly number of members of the Seventy-fifth and Seventy-sixth General assemblies. Partisan and campaign utterances were tabooed by all the speakers. Hon. Samuel W. West was toastmaster.

Governor Herrick's address was of an entirely nonpartisan nature. The feature of his speech was in its reference to "graft." "One question," said he, "upon which all parties should be in accord, is the determination to stamp out 'graft.' This is not an issue, because while there are bad men in all parties which are given control of public affairs who are guilty of the offense, it is also a fact that all good men of all parties are equally opposed to it. The grafter should be punished, outlawed and ostracised, the same as the burglar."

The governor's only reference to the approaching campaign was as follows: "In no more useful way could Ohio maintain her prestige than by inaugurating within her borders an absolute era of good feeling between the adherents of the different political parties, dropping all billingsgate and misrepresentation. Intemperate statements and unfounded charges are inevitably destined finally to act as boomerangs."

Other features of the occasion were the secret conference held between Senator Charles Dick, Governor Herrick and Secretary John Malloy concerning plans for the approaching state campaign, and speech of Attorney General Wade H. Ellis at the annual meeting of the state association of county auditors. During the entire trip from the capital the governor, senator and Secretary Malloy were in conference on the train. During the conference the senator explained the exact situation in the state. About all the governor would say of the conference was that he was entirely satisfied with the reports he had received from the chairman and secretary and the outlook for the campaign was most gratifying. One of the matters discussed was the appointment of a campaign finance committee. It was stated that this committee would probably be appointed next week.

The speech of Attorney General Ellis was very much in the nature of a warning and rebuke of the county auditors of the state. He told them

frankly, and even bluntly, that they might as well resign themselves to the fact that if the next legislature was Republican the fee system would be displaced by a reasonable salary law. He further commented upon the fact that the county auditors of the state have much to do with fixing the tax levies in their respective counties, and stated that notwithstanding the fact that the state tax levy had been more than cut in half by tax legislation three years ago, only 11 of 88 counties in the state had been benefited thereby.

Senator Dick left Cedar Point early in the morning and returned to Columbus. Governor Herrick also left early for Cleveland, where he expects to spend Friday, and will return Saturday morning to Vermilion, where he is to be one of the speakers at a county fair.

Root's Movements.

North Sydney, N. S., Aug. 4.—Secretary of State Elihu Root arrived here and left within an hour for Newfoundland on the steamer Bruce. Mr. Root was accompanied by a friend, and after visiting Newfoundland the two will go to Labrador to observe the total eclipse of the sun Aug. 30.

CUT TO THE QUICK.

Disastrous floods ravaged the Aosta valley, Italy, and 12 persons were drowned.

Definite announcement is made that Cleveland is to have a \$5,000,000 Union depot.

Warren paper mills at Reaunsville, Pa., were almost destroyed by fire. Loss, \$50,000.

Cotton crop report issued by the agricultural department gives the condition at 74.9.

At Paducah, Ky., H. H. Loving, a former lumberer, shot H. A. Rose, a prominent lumber man, three times and killed him. Quarreled over business matters.

William J. Bryan, Jr., 16, is at a Chicago hospital, where he underwent a surgical operation for the removal of an abscess on his right knee, brought about by the inflammation that began with a corn on his foot.

General James R. Carnahan, major general of the Uniform Rank, Knights of Pythias, died at his home in Indianapolis after an illness of two weeks. The immediate cause of death was stomach trouble and uraemic poison.

FIFTEEN YEAR OLD GIRL NOW WANTS DIVORCE

Findlay, O., Aug. 4.—While yet in short dresses, little Augusta Peffley is the plaintiff in a divorce suit against Joseph E. Peffley. The petition states that she was 14 years old when she was married to Peffley last summer at Monroe, Mich. She alleges cruelty and asks for temporary alimony during the pendency of the suit. She asks to be restored to her maiden name of Augusta Harry. Joseph Peffley is a son of one of the prominent farmers of Hancock county.

Murderer Recaptured.
Cincinnati, O., Aug. 4.—Alf Merrill, colored, who with 11 others escaped from the Tennessee penitentiary a few days before the date set for his execution, has been recaptured. He was arrested here a few days ago and Chief Detective Crawford partially identified him as the murderer wanted in Tennessee.

At the Age of 104.
Portsmouth, O., Aug. 4.—Noah Carver, who attained the age of 104 years, died suddenly from a heavy cold. He was born in North Carolina in 1801.

ROCKED THE BOAT,

Did One of the Party, and Three Children Were Drowned.

Camden, N. J., Aug. 4.—Leon Richardson, Howell Richardson and Helen Falls, colored children, were drowned in a lake at Glenloch, N. J., a short distance from this city. The victims were members of an excursion party which was spending the day at Glenloch. The children had gone boating on the lake and one of the party rocked the boat, upsetting it. Two other children were rescued.

HEROISM

Shown By A Hotel Clerk At Springfield

Springfield, O., Aug. 4.—Suffering from burns which may make him a cripple for life, William Clayton of the Cherry hotel dragged himself to a telephone and gave the alarm which probably prevented the hotel from being destroyed by fire and saved many lives. Clayton was standing near a tank of gasoline when it exploded. His clothing was ignited, but he saved himself by smothering the flames with a rug. He was so badly burned that he could not stand, but, despite the excruciating pain, his first thought was for the safety of the guests in the crowded hotel.

Tenement Fire.

New York, Aug. 4.—Several tenants of a three-story double frame tenement in Williamsburg, Brooklyn, were badly injured in jumping from the windows of their rooms during what is believed to have been an incendiary fire in that building. The fire was started in the hallway by the use of an explosive. Tessie Vellucci and Lessie Gessie were painfully injured in a jump from the third story to the roof of an extension before the fire department arrived. Mrs. Annie Geldert and her three children were found unconscious in their apartments, while the husband and father had taken refuge on the roof. He was rescued by two firemen, who were badly burned in bringing him to the street.

Authorship as a Profession.

Nobody should write who is not firmly possessed of the idea that he has a vocation for literature and is not willing to endure the penalties of art for the sake of serving an art. If a person who writes in that spirit makes a living he earns it. If he makes a fortune he deserves it.—New York Times.

BRYAN

Meets Pattison And Holds A Conference

Hamilton, O., Aug. 4.—William Jennings Bryan was the attraction at the Miami Valley Chautauqua. He spoke on "The Prince of Peace." He was entertained at luncheon, together with John M. Pattison, Democratic nominee for governor, and a party of local Democrats, at the cottage of Frank M. Hughes of this city.

Town Enjoined.

Boston, Aug. 4.—An order restraining the town of Essex from interfering with the poles and wires of the New England Telegraph company in connection with their use during the coming peace conference at Portsmouth, N. H., was issued by Judge Dodge of the United States circuit court. Another hearing will be held Aug. 8, when the matter will be finally adjudicated. The company claimed that its right to maintain its wires and poles through Essex is of international importance because they form a link in the shortest telegraph and cable route between Portsmouth and Europe. The town contended that it has never given the right of location to the company.

Morocco Conference.

Washington, Aug. 4.—The state department has been invited by a foreign power, which is understood to be Germany, to indicate a preference for the meeting place for the international conference which is to deal with the reform of Moroccan affairs. Accordingly Secretary Adee has made answer that this government is perfectly willing to send its representatives to any one of the places which have been mentioned by the powers more directly interested. So far nothing has been received here officially indicating an abandonment of the projected conference.

BURGLAR

Took The Money From A Lawn Fete

Ravenna, O., Aug. 4.—Ravenna Oakwood chapel Sunday school cleared \$25 at a lawn fete, and burglars broke into the home of the treasurer, Miss Callie Harrie, during the night, and took it all and her purse of money.

Strike Settled.

Bay City, Mich., Aug. 4.—The street railway strike here was settled through the efforts of a citizens' committee. The terms are practically those to which the men assented last week, but which they subsequently rejected because the interurban and the Saginaw strikers remained out. The interurban strike has since been settled, though the Saginaw strike continues.

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedel, of Flat Rock, Mich., says: "I have used Bucklen's Arnica salve for Ulcers, Sores and cancers. It is the best Healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at G. R. Baker & son Mt. Vernon F. F. Hosack Fredericktown, drug store; guaranteed.

Section Men Strike.

Denver, Aug. 4.—The strike of section hands on the Denver and Rio Grande railroad who are members of the International Brotherhood of Maintenance of Way Employees has not interfered in the least with the operation of trains. According to reports received at the general offices of the road in this city only about one-half of the regular force of 2,000 trackmen have quit work, and it is said the places of the strikers will be immediately filled with new men.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs, and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At G. R. Baker & Son, and F. F. Hosack, Fredericktown drug store; 50c and \$1.00 guaranteed. Trial bottle free.

Fever on the Isthmus.

Washington, Aug. 4.—Governor Magoon's report for July on the yellow fever situation on the isthmus shows an improvement as compared with the preceding month. During July there were 29 cases of fever. Since the present outbreak of fever on the isthmus, which occurred during the latter part of April, there have been 26 deaths resulting therefrom, and of this number 15 were employees. The average force during this quarter has been in excess of 10,000 employees.

Peculiar Disappearance

J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestions and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach headache, constipation, etc." Guaranteed at G. R. Baker Mt. Vernon and F. F. Hosack Fredericktown drug stores, price 25c.

Postoffice Robbed.

St. Louis, Aug. 4.—The safe of the postoffice at Bolos, 47 miles west of here, was blown open by robbers, who secured \$200 in cash and \$140 worth of stamps.

Public Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair ave., Columbus, O., writes: "For several months, I was given up to die. I had fever an ague, my my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctor's drugs that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at G. R. Baker & Son, Mt. Vernon, and F. F. Hosack, Fredericktown, drug store; price 50c.

TRAINMEN MAY STRIKE ON NORTHERN PACIFIC

St. Paul, Minn., Aug. 4.—The second day of the telegraphers' strike on the lines of the Great Northern and Northern Pacific railways ends with the railroad officials' asserting that the strike has already been broken and the officials of the telegraphers' union declaring that it has only begun. Both sides profess great satisfaction with the situation, and each maintains that the struggle will be ended within a fortnight.

In spite of the difficulties presented by the walk-out of the telegraphers, the railroads have been able to keep the more important trains very near to the schedules. Through trains from the coast arrived in St. Paul on time, with the exception of the north coast limited on the Northern Pacific, which was not seriously delayed. The through freight trains are being successfully handled. The abandonment of a number of way freights was the most serious disablement of traffic.

The railway officials claim that there has been a notable break in the ranks of the strikers, all the operators on the branch of the Great Northern and North Dakota having gone back to work, and 30 or 40 more having signified their willingness to do so. Many substitutes were placed during the day and men for the different parts of the country are being examined and put to work as rapidly as they arrive.

Reports disprove the representations of the strikers that the freight traffic has been completely paralyzed. There has been much delay at many points in the handling of local freight, but this class of traffic is gradually being taken care of, and the railroad officials say there is no accumulation of freight at terminals and that no shipments will be refused. The ore traffic at the head of the lakes did not suffer, the Great Northern having handled 30,000 tons, which is more than an average day's tonnage.

Rumors of a sympathetic strike of the trainmen have been in circulation, and although these conferences have been held with this plan in view, it is declared that such a move is not impending.

SHOT FIVE

Before He Was Killed by the Posse. Desperate Negro's End.

Louisville, Ark., Aug. 4.—After killing two persons, seriously and probably fatally shooting two others, one a woman, and less seriously shooting two more, Ike Kinney, a desperate

negro, was killed in a river bottom at Doella, six miles south of Lewisville, after a hot fight with a posse of citizens that had surrounded him. Kinney killed a negro at Stamps on Wednesday, fled, and while being pursued by a posse, shot and killed E. R. Ferguson. Three miles from Lewisville the negro met Mr. and Mrs. Stewart of Greensburg, and immediately began firing. After shooting and seriously wounding both, the negro told them that he thought they were members of a posse, and assured them he was very sorry that he had fired on them. About 25 men with dogs started out on Kinney's trail. A few members of the searching party finally located him in a bottom near Doella, a plantation postoffice. As soon as the posse had arrived and begun to close in on the negro, he opened fire. C. C. Nash lost a finger. Alvin Barham was shot through the neck and seriously wounded. Then W. C. Nash sent a bullet into the negro and tumbled him over dead. The posse and the body of the negro were brought back to Stamps on a special train. Fifteen hundred dollars had been offered for the capture of Kinney, dead or alive.

Nitroglycerin Exploded.

Eddyville, N. Y., Aug. 4.—The nitroglycerin house of the Nitro-Powder company at Mingo Hollow, near here, caught fire, and the contents of the building exploded, totally destroying the structure. The men employed in the nitroglycerin department ran from the building when the fire started and all escaped, except one man, who was slightly hurt. When the explosion occurred it was feared that a number of men had been killed, but later all were accounted for.

Kaiser and King Edward.

Berlin, Aug. 4.—No confirmation is obtainable of the report that a meeting has been arranged between Emperor William and King Edward, but the news is regarded by the press in general as probably true, as it is assumed that both rulers are anxious to assuage the embitterment between the two peoples.

Paris Pessimistic.

Paris, Aug. 4.—The arrival in New York of M. Witte attracts much attention and is the source of considerable comment in official and diplomatic circles. The prevailing view is pessimistic over the success of the conference, and this sentiment is increased by St. Petersburg dispatches.

PROGRAM ANNOUNCED FOR PEACE CONFERENCE

Great Preparation Made For The Envoys

Warships To Convey The Plenipotentiaries To Portsmouth After The Interesting Exercises At Oyster Bay--Witte Sees New York

New York, Aug. 4.—M. Witte had an active day. He left his hotel at 9 o'clock in an automobile on a ride through Central park, then to Grant's tomb, where Mr. Witte insisted on getting out of the car and went into the mausoleum to stand for a few minutes at the tomb of the great general. From there he went to the Stock Exchange, where he spent more than an hour studying its workings and mingling freely with the crowds. From there he went to the top of one of the towering downtown buildings to get a birdseye view of the city. This quite enchanted him. "The most magnificent of all," he exclaimed. Mr. Witte then went into the subway and took an express train up town. "Now," he said, "this is all splendid, but I want to see all of New York; let's go to the East Side." Back down into Houston street he went in the automobile, through the Chinese, Jewish, Russian and Italian quarters.

As the president's representative, Third Assistant Secretary of State Peirce will accompany Baron Komura and Mr. Takahira and their suites to the pier of the New York Yacht club at East Twenty-third street at 9 o'clock Saturday morning, where the delegation will board the protected cruiser Tacoma, Commander Alexander Sharp commanding, and the vessel will start for Oyster Bay, steaming at a medium speed. Half an hour later Mr. Peirce will perform a similar ceremony for Mr. Witte and Baron Rosen, the Russian plenipotentiaries, and their suite, who will go aboard the protected cruiser Chattanooga, Commander Reginald F. Nicholson commanding. Mr. Peirce will then board the converted yacht Sylph, which, steaming rapidly ahead, will pass the Tacoma and Chattanooga, taking position at the front of the column.

Arriving at Oyster Bay about noon, the "peace squadron" will anchor, its arrival being loudly heralded by the firing of an ambassadorial salute of 19 guns, each from one of the Galveston, Mayflower and Dolphin, which will be in waiting to convey the plenipotentiaries to Portsmouth. Mr. Peirce, on leaving the Sylph, will board the Mayflower about 1 o'clock. He will be given the presidential salute of 21 guns from all the vessels in the harbor, and as soon as his flag is hoisted on the Mayflower the Japanese plenipotentiaries will come on board from the Tacoma and be presented by Assistant Secretary Peirce. Half an hour later the Russian envoys

will come aboard and be presented. Immediately the president will formally present the Russian and Japanese plenipotentiaries to each other. A buffet luncheon in the cabin of the Mayflower will follow. At its conclusion the Japanese mission will take leave of the president and board the Dolphin. Mr. Peirce will go aboard the cruiser Galveston, and the president will take leave of the Russian mission and go ashore, again receiving a salute of 21 guns.

Under convoy of the cruiser Galveston, Commander Cutler commanding, with Mr. Peirce aboard, the Russians on the Mayflower and the Japanese on the Dolphin, will sail for Portsmouth. The squadron will steam slowly, so as not to arrive there before 10 o'clock Monday morning.

THE FEVER SITUATION IS MORE HOPEFUL

New Orleans, Aug. 4.—With a diminution in the number of fatalities, and with little spread of the infection to new localities, the yellow fever situation was regarded as having a hopeful aspect. The authorities have not concealed their expectation that for some time there would be a daily average of 20 to 25 cases and a proportionate number of deaths, owing to the extent of the main infection, and anything less than these figures will be regarded as a distinct assurance that the situation is still under control.

The first encounter between the war vessels of the states of Louisiana and Mississippi took place at Rigole's bridge, at the point where Lake Pontchartrain empties into the channel leading to Lake Borgne. The launch Majestic, armed with a Colt's rapid-fire gun, steamed up to the bridge and was halted by the Mississippi patrol boat Grace, commanded by Captain Blunt, who demanded of Lieutenant T. F. Miller of the naval brigade, commander of the Majestic, the name and destination of the latter.

When this was made known the Grace left the Rigoles. Captain J. W. Bostick, commander of the naval brigade, sailed for the scene of the trouble.

New cases, 54; total cases to date, 432. Deaths, 5; total deaths to date, 84. New substitute food, 11; total substitute food, 65.

Suspicious Cases.
New York, Aug. 4.—Ten persons with every symptom, two of them passengers and the remainder members of the crew, were removed from the steamship Advance at quarantine. The steamer came from Colon, having aboard several employees of the Isthmian canal. All those removed had high temperatures, and were taken to Hoffman Island for observation.

Will Be Blacklisted.
Cincinnati, O., Aug. 4.—The national baseball commission decided that players who willfully break their agreements with clubs that enter into contracts with them in good faith shall be permanently blacklisted.

SOME EARLY LOCAL HISTORY

Written For The Banner By Mr. E. D. Bryant, Of Indianapolis, Indiana

(Continued from yesterday.)

Log cabins, coon skins and hard cider was the motto of the Whigs at a convention held by the Whigs at Mt. Vernon, Ohio, in 1840. During that campaign one of the great attractions was a log cabin with a large open porch, with a roasted ox, whole, placed on same. The cabin was drawn by twenty-six yoke of oxen, one yoke for each state in the Union at that time. James McKown of Milford Tp. was master of ceremonies. After parading the streets, they went to the Ben Brown woods, one mile east of town, for their barbecue. The ox proved unfit to eat, being fly-blown and tainted. The wicked Democrats felt very sorry for them. Hotels could not accommodate very many, being few and small, so most of the persons who came had to be fed and lodged in private houses. My father took the Columbus band as his guests. It was during this convention that the sad accident occurred which resulted in the killing of Cook and Knapp, by the premature discharge of a cannon.

Speaking about the bridge at the foot of Main street, the first big load that came across the bridge was a six-horse prize bell team from Cumberland, laden with goods for C. G. Bryant. The wagon was so immense and such a large load, six tons, the goods piled so high, that it tore a part of the bridge out. Old settlers will remember a small notch in the gable of said bridge.

The early settlers in the town all felt as one family. If one got a piece of meat he shared it with his neighbor and when a person was sick all sympathized. At night they met in each other's cabin's to talk, dance and take a social glass. There was no distinction of party, for it was a social democracy.

At their weddings, a puncheon table formed like a bench, without a cloth, was covered with refreshments. They were plain and simple. Wild turkeys that had been gobbling about the woods, were stewed and eaten with a relish, corn that had grown on the river flats, made into pone, served as wedding cake, while methglin and whiskey, the only articles probably not indigenous, were beverages, and washed them down.

Their plates were either of wood or pewter, perhaps both, and no two alike, their knives frequently butcher knives and their forks out of wood. A dance was the finale of their festivities. They made merry on the puncheon floor to the music of the fiddle. Cotillions were unknown, while jigs and four-handed reels were all the rage.

Col. James Kilborne had Columbus Ohio, platted in 1812. He offered my father, Gilman Bryant, the choice of lots for a Bull's Eye watch. My father resided at that time at Mt. Vernon. Columbus was not the county seat of Franklin county until 1824. The capital was located there in 1816. The offer was made providing my father preferred to remain in Mt. Vernon.

Gilman Bryant was postmaster at Mt. Vernon, 1809 to 1815, county recorder from 1808 to 1815, general land appraiser in 1814, county treasurer in 1817, county commissioner in 1819, county commissioner by appointment in 1828, was on the first grand jury impaneled in the county in the year 1808, and very often thereafter, was on petit jury very often, was a member of the Mt. Vernon Library association that was formed in 1816. It was merged into the Mt. Vernon Lyceum society in 1830 and continued in successful operation until 1842. Gilman Bryant was the heaviest paid up subscriber to the defunct Owl Creek bank, having fifty shares, paid \$900.00. Bank failed about 1817 or 1818.

My father was a director in the Knox Mutual Fire Insurance company from nearly the time it was incorporated in 1838 up to the time of his death in 1859, was also a member Mt. Zion lodge No. 9. F. & A. M., instituted at Clinton, January 2, 1809.

June 24, 1813, St. John the Baptist's day, was duly commemorated. Our venerable friend and brother, Judge Griswold of Delaware, this spring gave us an interesting account of this celebration. Among the brethren of the Mystic Tie present

were Gilman Bryant, George Downs, James Low and Lathrop Shirliff from New York. Place of meeting was changed to Mt. Vernon, held April 5, 1817. Gilman Bryant was elected Tyler June 6, 1817.

LEANDER HAYS.
The above was the telegram received by Cashier F. W. Severns of the Farmers and Merchants' National bank of this city Thursday evening.

LEANDER HAYS,
Who Was Held Up And Robbed On A Train

ing. That is the only information received, but it means that Mr. and Mrs. Hays were in a train robbery in the west and probably robbed of all their money and valuables.

A week or so ago Mr. and Mrs. Hays departed on a trip to California. They joined a party of friends in Chicago and expected to make an extensive trip through the western states. It is probable that they were robbed on the train as well as the members of party as this seems to occur frequently in the western states.

No details whatever can be obtained of the robbery and there is no doubt some interesting information connected with the robbery.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SLOW BALL

Of Robinson Was Puzzler For Mt. Vernon

But Locals Won From Chicago Junction

By A Score Of 7 To 3 On Thursday Afternoon

Ned Ilger Is To Leave The Mt. Vernon Team And Will Join Lancaster Next Tuesday--Some Notes

MT. VERNON'S RECORD

Won	Lost	Per Cent
40	35	.533

Robinson with his slow ball gave the Mt. Vernon team a bad scare at the local baseball park Thursday afternoon and for several innings not a hit was secured off the twirler for the Chicago Junction team. Finally Geyer opened things up and two hits, a base on balls and numerous errors allowed Mt. Vernon to score four runs. This was soon followed up by three more and Mt. Vernon won the game by a score of 7 to 3. Lillis had the visitors shut out up until the eighth inning when he let down some and allowed Chicago Junction to send three men across the plate.

At times the game was close and exciting and at others the playing was loose and ragged. Robinson, who pitched for Chicago Junction, had a slow ball that seemed to be a puzzler. Robinson formerly pitched for Massillon and is a good pitcher.

Tom Healey and Kline, who were with Mt. Vernon earlier in the season, were with the Chicago Junction team but their playing yesterday was not particularly worthy of note.

The summary follows:

CHICAGO JCT.	AB	R	H	PO	A	E

BASE BALL NOTES

Ilger caught a good game behind the bat yesterday, but struck out three time out of four times up.
The locals play in Lancaster Sunday, Monday and Tuesday. The last three days of the week the old rivals, Newark, will be here.
Capt. Biery tore the skin off his left leg in several places in the game yesterday in sliding into home plate.
Riley has not been feeling well for several days past, but was able to get a good clean two sacker in the game yesterday.
Ned Ilger, Mt. Vernon's star outfielder and catcher, who has been with the team since the opening of the baseball season, will leave the Mt. Vernon team next Tuesday evening and will join the Lancaster team in that city. Ilger will play with Mt. Vernon in Lancaster next Sunday, Monday and Tuesday and will join Lancaster Tuesday evening. Ilger will be greatly missed on the local team and it will be a hard proposition to find a man to take his place.

The Screams Of The Lad As He Was Being Dragged Along The Street, Attracted The Attention Of Bystanders And The Pony Stopped. Fortunately The Boy Was Not Injured In The Least.

AIRSHIP

Will Be An Attraction At The State Fair

Young Knabenshue Of Toledo Will Make A Series Of Successful Flights

The Ohio State Fair will open at Columbus on the morning of Monday September 4, and continue five days, with a full program for each day. The exhibition capacity of the Exposition has been greatly augmented by the construction of three additional exhibition buildings, and the greatest Fair in Ohio's history is assured for this year, as every available foot of exhibition space in the seventeen immense buildings, and all the platted ground for exhibits in the open, has been taken.
Ohio people will have presented for their inspection a general Agriculture and Industrial Exposition, embracing all the best from the farm and the factory, complete and perfect in every detail.
In addition to the buildings, and the acres of operative exhibits in the open, extraordinary feature attractions have been contracted for the instruction, entertainment and amusement of Fair visitors. As a leading feature Capt. Roy Knabenshue, the only American to successfully navigate the air, has been engaged to give daily exhibitions with his airship. Capt. Knabenshue will sail his ship at high and low altitudes, cruising hither and thither, with the alertness of a huge bird, proving conclusively that he has mastered the problem of aerial navigation. It is a thrilling spectacle as the queer craft gracefully rises and soars towards the clouds, and then after cruising about for a period of thirty or forty minutes, gently descends and returns to the point of ascent, concluding each day's performance with a fight around the race course.
Aside from this marvelous exhibition, eighteen free feature acts, including feats of animal training and performances requiring great skill and cunning, will be given daily.
The low excursion rates granted on all lines of travel during the entire week will bring thousands of visitors to view the magnificent exhibits, admire the beautiful park grounds and witness a practical demonstration of aerial navigation.

CONFERENCE ORGANIZATION

The organization of the conference will take place on Friday, Aug. 11, at which time committees will be selected and various matters of business attended to. There will be services every afternoon and evening and more definite announcements will be made later on.

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has An Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and Always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsoiled and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Passenger Train Wrecked.
Pleasant Hill, Mo., Aug. 4.—Local passenger train No. 27 was wrecked near the coal chutes at this place, mortally injuring Engineer Frank C. Berry of Sedalia and painfully injuring Engineer Raymond of the same place. Engineer Berry, in charge of a switch engine, was doing some switching in the yards and pulled out on the main line, when he discovered the passenger train coming around the curve at the rate of 35 miles an hour. He was unable to avoid a head-on collision, and the two engines struck with tremendous force, leaving them a complete wreck. All the cars left the track except one coach, but aside from a good shaking up none of the passengers was injured. The track was torn up for a distance of 300 feet.

BILL MAY FAIL.

Washington Interested in the Fate of the Cuban Rice Measure.
Washington, Aug. 4.—Senator Quesada, the Cuban minister, had a conference with Acting Secretary of State Adee respecting the prospects for successful legislation by the Cuban congress in the direction of increasing the rice duties. It is understood that the pending bill upon that subject, which has passed the lower house, is meeting with indifferent success in the senate. The importing interests supplying Cuba with East Indian rice are said to be pressing the bill, and have been successful, it is claimed, in influencing adversely to the bill certain persons whose support the government had counted upon. An increase of the rice duties in general would, in the view of the state department, redound considerably to the advantage of the rice growers of the American southern states.

RUSSIANS

Continually Reinforced, Especially in Northern Korea.
London, Aug. 4.—Dispatches from Tokyo give confirmatory evidence from the Japanese correspondents of the great strength of the Russian forces and their continual reinforcement, especially in northern Korea. Reports from the same source indicate the greatest inundation in three years has occurred in northern Korea. The bridges over the Tumen have been destroyed and the roads are impassable.

After Floating Poolroom.
Chicago, Aug. 4.—Gamblers intent upon playing races and policemen determined to prevent all racket betting on the high seas furnished on Lake Michigan one of the most unique and spectacular gambling raids ever attempted in this country. The police and gamblers raced around the lake, first into Michigan waters, then close to the shores of Illinois and then into the jurisdiction of Indiana, the one seeking to escape and the police determined to capture them at all hazards. The net results of the day for the police were the capture of 14 weary marine gamblers who floated ashore at South Chicago in a launch. All of the others, after a hot chase by the police in a lumbering fire tug, escaped to Indiana Harbor, Ind., and made their way ashore outside of the jurisdiction of the Chicago police. Chief of Police Collins announced two days ago that he would no longer permit the operation of the floating poolroom. City of Traverse. The boat was equipped with a wireless telegraph apparatus, and now lies in Indiana waters.

Rifted Registered Letters.
Mt. Sterling, Ky., Aug. 4.—John Ballard, assistant postmaster at Richmond, Ky., was arrested by postoffice inspectors on a charge of rifling registered letters. On his person was found \$42 extracted from a registered letter. When confronted with the charge Ballard confessed. The arrest caused a sensation, as Ballard is highly connected and had just been promoted.

Mormon Votes Held Up.

Salt Lake City, Aug. 4.—A temporary injunction was issued by Judge Armstrong in the Third district court restraining three Mormon members of the city council from voting for or against a proposed franchise to the Utah Light and Railway company, now pending before the council. The three members restrained are Rubens Wells, W. J. Tuddenham and A. S. Barnes. Wells is one of the presidents of the seventies and the other two men hold minor church offices. The ground on which the restraint is issued is that these three men, by virtue of their membership in the Mormon church, are interested in the proposed franchise, as the church owns stock in the Utah Light and Railway company, and the president of the corporation, Joseph F. Smith, is also president of the Mormon church.

Bid For Fusion.
Lincoln, Neb., Aug. 4.—The Populist state executive committee fixed Wednesday, Sept. 20, at Lincoln, as the time and place for holding their state convention. As this is the date and place also selected by the Democrats, it is regarded as bid for fusion.

The Tools He Lacked.
"Why don't you go to work?" said a charitable woman to a tramp before whom she had placed a nicely cooked meal.

"I would," replied the vagrant, "if I had the tools."

"What sort of tools do you want?" asked the hostess.

"A knife and fork," said the tramp.

A Wart or Pimple MAY BE CANCEROUS.

When a wart, mole or pimple shows any sign of tenderness it is a warning that bad blood is behind it. Often these places are on the face, hands, legs or other part of the body for years, and give no sign to cause uneasiness, and when a little rough handling, a slight cut or bruise will develop into a sore that refuses to heal, and the sufferer finds himself afflicted with a cancerous ulcer.

About three years ago a blister came on the right side of my nose. It grew rapidly in spite of all efforts to heal it but increased when the sore began to inflame and discharge matter. At times it was getting well, but the scab would drop off, leaving a red, angry-looking ulcer, and when my attention was called to it, I had almost despaired of ever curing it, and after taking a few bottles the sore began to gradually grow smaller. The discharge stopped and I was cured.

Owensboro, Ky. JNO. MASSIE.

If the blood is pure and healthy these sores cannot exist. S. S. S. is the ideal blood purifier. It cleanses the blood of all poisons and impurities, making it strong and vigorous and able to supply the body with the strength and nourishment it needs. There is nothing that acts so promptly as S. S. S., toning up the entire system, helping the general health, and curing sores permanently. Do not let a wart or pimple develop into a cancerous ulcer, but purify your blood with S. S. S.

Low Rate Excursion To Atlantic City, N. J., And Other Seaside Resorts Via The Baltimore & Ohio Railroad

In order to give its patrons an opportunity to visit the seashore at a nominal cost, the Baltimore & Ohio Railroad company will sell low-rate excursion tickets to Atlantic City, Cape May and Sea Isle City, N. J., and Ocean City, Md., on Thursday, August 10, 1905.

Atlantic City, N. J., the most popular of the hundred or more resorts along the Atlantic Coast, is pronounced the finest watering place in the world. This great American Seashore Resort has kept pace with the times and prospers. The hotels have grown in number and size. Prosperity and popularity are with it.

The surf bathing which has made Atlantic City famous is one of the wonders of the world. The sight during bathing hours defies description; men, women and children in bathing costumes of varied hues form a picture to be seen only at Atlantic City.

Aside from the seaside features, Atlantic City has amusements of every kind. Great iron piers extend hundreds of feet into the ocean. Each pier has its summer theater and band stands, and for a nominal price one can enjoy the comfortable chairs of the pier and listen to the music of the bands throughout the entire day, if he so wills it.

The proximity of Atlantic City to all the big central and western cities, by reason of the excellent through train service of the Baltimore & Ohio Railroad, makes it the resort of the masses.

Tickets will be available on all regular trains, and will be good for return twelve days, including date of sale, thus giving ample time for an enjoyable outing. Stop-over within limit of ticket will be allowed at Philadelphia, Pa., Baltimore, Md., and Washington, D. C., on return trip.

For further information call on or address nearest Baltimore & Ohio ticket agent, or B. N. Austin, General Passenger Agent, Chicago, Ill.

Excursions To Colorado For Eagles Grand Aerie August 11th and 12th.

CONSIDER THIS OUTING

To Famous Seashore Resorts. In Planning Your Vacation. By far the most attractive trip for health and pleasure the coming vacation season is that offered by the Seashore excursion Thursday, August 17th, over the C. A. & C. to Atlantic City, Cape May and seven other famous summer havens on the Atlantic Coast.

The fast through trains over the C. A. & C. take passengers in a few hours out of the heat and humidity of summer to the cool breezes of old ocean. The mid-August excursion occurs in the season for rest when it is most convenient to leave business.

Excursionists have the added pleasure of seeing Atlantic City as it is in full tide of the fashionable season. The greatest representative gatherings ever known at any resort are seen at Atlantic City. As many as 50,000 people at one time promenade the famous boardwalk. The fashionable bathing hours present an unparalleled scene—fully 100,000 bathers in the sea and on the beach.

The healthful effect of the seashore trip is due to the salt and pine air. So beneficial has this proved that physicians send their patients there to get the benefit of breathing the pure ocean air. Special low fares will be in effect for this Seashore excursion. Full information will be freely given by local ticket agents of the C. A. & C.

Wonderful Scenic Trip to Rocky Mountains to Great Exposition

In certain respects the excursion to the Lewis and Clark Centennial Exposition, Portland, Oregon, C. A. & C. railway beginning August 23d and continuing through summer, offer advantages before presented to Exposition visitors. The trip to the Exposition, in addition to attractiveness of the extensive bits, includes the journey through the scenic wonderland of the Rocky Mountains and the Cascade Mountains and what American has not forward from the days of geography class in school when those great sights were seen in reality? The time was so favorable as now. The trip to be made less expensively than for only a slight difference. Tourists may extend their trip to Francisco and Los Angeles. A return trip may be made over an ent route, enabling travelers to view much more of the West. Full particulars, fares, dates of full excursions to Portland on agents of Conventions, through the passenger service apply to agents of C. A. & C. Ry.

Special low fares to Denver, Colorado Springs and Pueblo, International Epworth League convention. Good time for health pleasure seekers to visit the Rocky Mountain resorts. Get information from ticket agents A. & C. Ry.

On August 14 and 15, the Baltimore & Ohio Railroad Company will sell excursion tickets from all stations west of Pittsburgh, Pa., to Wheeling, also Ohio River Division, at rate of one fare plus 25 cents for the round trip, to Detroit, account Imperial Palace Dr. Order Knights of Khorassan, for return until August 19, 1905.

Fares to the West, North and South and Southwest have been reduced via C. A. & C. for the special Home-Seekers' Colonists' and others' excursions.
