Charity for Medieval Art and Architecture

Charity as cited in the Bible was the Greek word “agape” which is more commonly translated as “love.” When St. Jerome translated the Bible into Latin he used “caritas” or “charitas” in place of “agape.” For those of a charitable mindset, there are many charities that help restore and teach others about medieval art and architecture. Below is a short list of some of these. E-mail Peregrinations with your favorites and we will add them to the list.
