Three Killed And Ten Injured In Cincinnati

Loomis To Tender His Resignation And Accept A Diplomatic Post--Much News Of Interest From The Buckeye State

Cincinnati, O., Aug. 17.—Three persons were killed and 10 injured when a fast-running trolley car on the east end of the Baltimore and Ohio Southwestern crashed into a Winton place trolley car on the grade crossing at Mitchell avenue, Winton place, a suburb of this city. The dead: Robert Smith, a retired grocer of Winton place; William Tuetting, Jr., carpenter; an unidentified man. The injured: A. H. Newton, mail clerk, back crushed; S. B. Spaulding, engineer, of Chillicothe, O., head and arms cooked by steam, will probably die; Wilbur Maish, 12, crushed about the head; William Gallivan, traveling engineer, crushed about the head; Mrs. Varner, cut about the head, not serious; Frank W. Lindsley, slightly; F. W. Brown, fireman, injured in jumping; two others whose injuries were slight, and who refused to give their names. According to eye-witnesses of the wreck, it was due to an error of John Driscoll, gate tender at the crossing. He had let the gates down to allow a freight train to pass the crossing. The engine of the freight emitted heavy clouds of smoke, and after it passed the gate tender did not notice the passenger bearing down at a high rate of speed toward the crossing. He raised the gate and gave the signal for the car to proceed across the tracks. With a frightful crash the engine struck the back part of the car, and it was tossed a wreck in all directions.

Loomis to Resign.

Springfield, O., Aug. 17.—Francis B. Loomis, assistant secretary of state, was shown the report from Massachusetts that Colonel W. C. Sanger was to be made assistant secretary of state when Mr. Root assumes the portfolio. Mr. Loomis made a statement in which he for the first time indicates his intention to resign from the state department. He also said that upon leaving his present position he expects to be given a diplomatic post and that at present he has no idea as to what country he will be assigned.

Coroner Places Blame.

Cleveland, O., Aug. 17.—Coroner Siegelstein of this county rendered a verdict in connection with the wrecking of the Twentieth Century Limited on the Lake Shore road at Mentor, O., on the night of June 23, in which 13 lives were lost. The coroner holds that Walter F. Minor, the telegraph operator at Mentor, opened the switch which caused the accident. The coroner concludes: "Whether he did so of his own volition or by telegraphic orders of a superior officer, I am not prepared to say."

Detective Shot.

Newark, O., Aug. 17.—The first serious trouble since the polishers' strike at the Wehrle stove foundry, which commenced six weeks ago, occurred when W. C. Winters of Pittsburg was shot and seriously wounded. Anthony Walsh, one of the striking polishers, was arrested charged with shooting with intent to kill. The bullet, after entering Winter's body near the heart, was deflected by the breastbone, and the doctors believe that the bullet passed around the body and not through it.

Wade Ellis Acts.

Columbus, O., Aug. 17.—Attorney General Wade H. Ellis, for the state bureau of inspection and supervision of public offices, purposes to see that the existence of shortages and irregularities disclosed in local offices by the bureau are no longer ignored, as they have been by certain municipal and county authorities of the state. The great bulk of irregularities unearthed by the bureau has been of the retention by village mayors of fees contrary to the requirements of the code.

Grasped a Live Wire.

MYSTERY Of Murder Cleared Up By A Girl's Story

Washington, Pa., Aug. 17.—The mystery surrounding the murder of Clare Bain Hamilton, 18, son of a well known and wealthy farmer of Chartiers township, near Meadow Lands, is thought to have been cleared up by the arrest of a girl named Ida Neely, at Canonsburg, Pa., who has confessed that Florenzo Gianotti, an Italian, fired the fatal shot. He was arrested charged with the crime. On the night of the murder young Hamilton left the home of a young lady and was running to catch a car when shot. According to the girl's story she, Gianotti and another couple were at the point where the boy was killed, and when he came running towards them Gianotti fired directly at the approaching runner. She says the Italian had trouble with another man, for whom Hamilton was mistaken.

Vladivostok Defenses.

London, Aug. 17.—The Daily Telegraph's Japanese correspondent at Moji, Japan, says that military officers returning from the northern front say that the Russian defense works at Vladivostok are complete and outwardly appear perfect. Many reinforcements have been sent to that place. Provisions, however, are scarce, and the commandant is securing quantities from Korea and China. All the inhabitants in the maritime province and along the banks of the Amur have fled to the interior of Siberia. The Koreans and Chinese are leaving Vladivostok.

RECIPROcity CONFERENCE NOW ON IN CHICAGO

Chicago, Aug. 17.—The national reciprocity conference, in session here, selected officers as follows: Permanent chairman, Hon. P. S. Packard, Iowa; first vice chairman, William C. Maybury, Michigan; second vice chairman, I. T. Prior, Texas; third vice chairman, Andrew G. Webster, Massachusetts; secretary, William R. Corwin, Iowa; assistant secretary, Frederick Larabee, Iowa.

Dual Tariff.

"Dual tariff" is the cry that may ring through the United States for some years to come instead of the familiar call for "reciprocity." The new slogan means the passage of a "maximum and minimum" tariff law, permitting the establishment of reciprocal trade relations with friendly foreign countries by vote of congress.

Survey Boat Run Down.

Detroit, Mich., Aug. 17.—The United States lake survey boat Hancock was sunk in Lake St. Clair, about two miles north of the Grosse Pointe Lightship. No lives were lost. E. S. Wheeler, assistant chief United States district engineer, was on board the Hancock making soundings for the proposed 25-foot channel. The Hancock was crossing the channel when the package freighter Binghamton of Buffalo, bound up, struck her bow and damaged the Hancock so seriously that she sank in two minutes. The officers and crew escaped in lifeboats. The Hancock is 100 feet long, and 15 years old. She will probably be raised.

Escaped From Jail.

Lacrosse, Wis., Aug. 17.—For the second time in two weeks a jail delivery occurred here, and Andrew Cunningham, third member of the Fay-Trainer gang of postoffice robbers, is at liberty, and all the work done by United States officers in running the gang to earth has been lost. It is expected the United States court, as a result of these escapes, will order an investigation of conditions at the Lacrosse jail.

MISSION Of M. Witte In United States Is Twofold

St. Petersburg, Aug. 17.—M. Witte's mission to America, in addition to undertaking peace negotiations, is for the purpose of correcting certain mistaken impressions in America regarding the attitude of the Russian government on the Jewish question. He is to explain, too, the government's proposals for reforms, a committee of ministers, after careful consideration, having formulated a project for reform, which it has been decided to submit to the proposed national assembly for final action. M. Witte, as president of the council of ministers, is familiar with the Russian government's intentions regarding the Jews, and also has a close personal knowledge of the Jewish question in all its details.

Fairbanks Spoke.

Burlington, Vt., Aug. 17.—A massive battered tower of Vermont granite, erected in memory of Vermont's patriot, Ethan Allen, on the farm where he spent much of his life, was dedicated in this city. The orator of the day was Charles W. Fairbanks, vice president of the United States. Thousands of visitors from all over the state tendered the vice president an ovation when he arose to speak. President Roosevelt was represented by Secretary of the Interior Ethan Allen Hitchcock, a great-grandson of the Vermont hero. The day chosen for the dedicatory exercises was peculiarly appropriate, as it marked the 125th anniversary of the battle of Bennington and was a legal holiday in the state.

An Odd Blunder.

When the British admiralty built the splendid naval barracks at Chatham they fitted up one of the largest rooms in fine style for court martials and had "Court Martial" inscribed on a big brass plate on the door. When it was about to be used for the first time the discovery was made that the regulations require all naval court martials to be held on the water.

Public Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair ave., Columbus, O., writes: "For several months, I was given up to die. I had fever an ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctor's drugs that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at G. R. Baker & Son, Mt. Vernon, and F. F. Hosack, Fredericktown, drug store; price 50c.

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs, and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At G. R. Baker & Son, and F. F. PROSPECTS ARE BRIGHT FOR TERMS OF PEACE

Two More Articles Adopted At Wednesday's Session

Harbin Branch Of The Chinese Eastern Railroad Surrendered By The Russians Who Retain Line In Northern Manchuria

Portsmouth, N. H., Aug. 17.—A bulletin issued by the Russian and Japanese peace envoys announced that articles 7 and 8 of the Japanese terms have been disposed of, the former "in principle," the latter "unanimously," according to the official bulletins. Article 7 provides for the cession to China of the branch of the Chinese Eastern railroad running south from Harbin to Port Arthur and Dalny, and with a branch line connecting at Newchwang with the Shan-hai-kwan-Tientsin road. Article 8 provides for the retention by Russia of the line through northern Manchuria, which forms the connecting link between the trans-Siberian with its terminal at Vladivostok and Kharborovsk. From both sides it is learned that the acceptance "in principle" of article 7 only means that certain points remain to be elaborated, not that a dispute still exists.

There remain to be disposed of, in addition to the cession of Sakhalin Island, which was passed over, the question of indemnity, which comes as article 9, the limitation of Russia's sea power in the far east, the surrender of the interned warships and the grant to Japan of fishing rights on the littoral north of Vladivostok. To all except the latter, to which Russia will agree, a negative answer has been returned, absolute in the case of indemnity and Sakhalin. The exchange of views on the five remaining articles is expected to be completed on Friday or Saturday morning at the latest. The plenipotentiaries will then adjourn until Monday, and the interim plenipotentiaries to consult their respective governments. When they meet on Monday their last cards will be thrown on the table.

CHINESE BOYCOTT

May Prevent the Export of American Flour to the Orient.

Minneapolis, Minn., Aug. 17.—President J. J. Hill of the Great Northern road, who returned Sunday night from New York, gave out a short interview upon the crop situation and the trade prospects for the coming year. "If the Chinese boycott prevents the export of our flour to China, this will force about 20,000,000 bushels of wheat into other markets, mainly in Europe, the effect of which will be the reduction of prices there, and in that way it will affect the price of breadstuffs in all the wheat-growing sections of the United States."

Explosion at Powder Plant.

Berkeley, Cal., Aug. 17.—One man was killed and a dozen seriously injured in an explosion which destroyed the nitroglycerin house of the Judson Dynamite and Powder company at Point Isabella. Edward Edris, foreman of the nitroglycerin department, lost his life. He was blown into atoms with the building where he worked.

TWELVE MEN KILLED IN A STONE QUARRY

Allentown, Pa., Aug. 17.—Twelve lives were lost by a rockslide. A mass of limestone, weighing thousands of tons, slid from a side of the quarry of Mill A of the Lehigh Portland Cement company at Ormrod. Twenty-seven men were at work in the quarry, which is 1,000 feet long, 150 feet across and 100 feet deep. The heavy rains of the last two days had softened the earth and caused the slide of rock. Where the fallen mass slipped away a smooth, nearly perpendicular wall was left, rising sheer 100 feet above the bottom of the quarry, while the entire quarry floor was covered with broken, jagged rock. Only nine of the men got away safe, four of whom escaped by running up on a mass of rock at the opposite side of the quarry. The remaining 18 were huddled in a space 10 feet square, 12 of whom were killed and six injured. Two of the latter may die. All of the men are Slavonians, who lived in shanties close to the quarry.

Attempt on Empress' Life.

Frankfort, Aug. 17.—A Tientsin dispatch to the Frankfurter Zeitung says that an attempt was made on the life of the empress of China as she was passing through the dirtiest gate of the city to her palace. Her assailant was a soldier, and was bayonetted by the guard.

A PARTICULAR MAN

Columbus O., Aug 17—A man may be very particular in some things, and yet lack the essence of particularity even in larger things. Take the case of State Auditor Guilbert, for instance. In the State Auditor's annual report for 1893, page 82, when Mr. Guilbert was only chief clerk in the office, the following entry may be found recorded: "W. D. Guilbert Chief Clerk, Nov. 16, 1892, to Nov. 15, 1893, \$2,000.01." As his salary (at that time) was only \$2,000 00 the record shows that he overdraw the amount allowed him by law. Smile not and say that the overdraft was a mere trifle. Remember the chimney corner law that used to prevail in the woods of Noble county:

"It is a sin
To steal a pin;
It is a greater
To steal a tater."

Mr. Guilbert had a good memory, so that as shown by the State Auditor's report for 1904, on page 330, after he had become State Auditor with a salary of \$3,000 and the Cox legislature had tacked on a sub-salary for him of \$2,000 in defiance of the nineteenth section of the third article of the Constitution, the record reads: "W. D. Guilbert, Salary—\$1,999.99."

Thus in 1904 the particular Mr. Guilbert paid back the overdraft of 1893, and made the record show it. So far so good. Here Mr. Guilbert's particularizing ends so far as an exact accounting (in the official report) of all salaries and compensations drawn by him is concerned. He keeps a beautiful set of books, showing in detail the sums of money drawn out of the state treasury, especially by the other officials, but

leaves it in doubt whether his salary is plain \$5,000 (\$3,000 by constitutional provision and \$2,000 by evasion of the Constitution) or \$10,565 or some other sum.

Mr. Guilbert was so prompt in paying the overdraft of 1893, that we may reasonably expect him to give a detailed statement of all the payments in salaries and allowances of all kinds paid to him out of the treasury, along toward 1905, but the people would like to have it in 1905.

Otherwise they will insist that the officials of the bureau of uniform accounting inspect "them there books" at once.

HARDING ON BOSS COX

"If Mr. Cox's approval determines candidates, there is no need to hold conventions, no need to ask the Republicans of the state what their preferences are. If Mr. Cox can determine the Governorship in 1905, he can name the United Senator and Governor in 1908 and 1910, and the more than half million Republican voters of the state can go about their private affairs, reaping or the harvest of prosperity, assured that the present party 'organization' has things adjusted for all time to come."—Lieutenant Governor Warren G. Harding, in Marion Star Jan 17, 1905.

RAILROAD MEN FOR PATTISON

The following is from Saxby's Traveler's Magazine:
Nine railroad men out of ten will vote for John M. Pattison for Governor of Ohio. He is a candidate with an unscathed escutcheon. No man ever had a cleaner record. We have been kicking for a long time about honesty in politics. Now is our chance to show whether we are bluffing or not. Don't talk. Work—and then vote accordingly.

The following persons were present at the gathering: Rev. and Mrs. J. N. West and children, John Parker West, Eugene West, Lois West, Esther West, of Lucknow, India, Mr. T. B. Sermon Delivered By Bishop Mallalieu

At Meeting At Camp Sychar Wednesday Evening

Spoke On Great Questions Of The Day

The Sychar Meetings Came To A Close Wednesday Evening With Prayers And The Singing Of Hymns

The last great meeting of Camp Sychar was held Wednesday evening and an eloquent sermon was delivered by Bishop Mallalieu. The evening service was opened by the singing of the Sychar hymn and the Taylor University quartette sang several selections. Prayer was offered by Rev. Charles E. Gallimore of the Gay street M. E. Church.

Rev. G. F. Oliver, president of the association, made a few remarks about the meetings during the past week. Rev. Oliver stated that this year's meeting has been successful in every respect and that the association was well pleased. In closing his remarks, Rev. Oliver presented Bishop Mallalieu.

Bishop Mallalieu did not take a text upon which to base his sermon, but spoke about the great questions that are confronting the christian world at the present time. Bishop Mallalieu stated that we are living in extraordinary times. The eyes of the civilized world are turned towards us and are gazing at that coast city on our New Hampshire shore.

All the countries of Europe, Africa and the islands of the seas have their eyes upon us, for one of the most wonderful events in modern history is being transacted there. Japan is a mighty nation and they have stood against a great nation in one of the most wonderful struggles that the world has ever seen.

The Bible says, "Blessed are the peacemakers" and our President is the peacemaker and he is the only ruler on the face of the earth that had the nerve to say, "Peace, Be Still." I thank God that we have a president, who is a Godly man, at the head of our nation. I know him as I have had the pleasure of sitting and of talking to him.

I want God's people in this land of ours to pray for the outcome of the peace conference now in session. You are to go to your homes tomorrow and I entreat you to hold fast to the confessions that you have made here. The future of humanity depends upon this country of ours, and if our self-government should fail, then it would be a hard blow to christianity throughout the world, for I believe that we are to save the world.

We have enlisted three million Methodists and the future of Methodism depends upon the two million of young people who are under thirty-five years of age and who shall control the affairs of our church. I want every christian to renew his vows of consecration and to stand firm in opposition to the follies of this world and be true Methodists.

Following Bishop Mallalieu's sermon, Rev. English conducted a short service and an altar service was held. Many of the christian campers lingered about the tabernacle until a late hour, singing and praying.

"CAMP SHIPLEY"

Will Be Broken Up Today—Those Who Have Visited The Camp

"Camp Shipley" August 16, 1905.

Editor Banner. Two rainy days takes the ginger out of camp life. Owl creek is also on the rampage and this puts fishing to the bad. However, the two weeks are up today and "Camp Shipley" will be no more after Thursday.

The following have visited the camp to date: Dr. and Mrs. John E. Russell, Mrs. George Congdon and son, Mr. John S. Ringwalt sr., Mr. Basil Robinson, Mr. Frank Sullivan, Mr. and Mrs. Edward Bunn and daughter, Mrs. Cecelia J. Sturges and sons, Mr. Warner W. Miller, Mrs. John M. Ewalt, Miss Cora Ewalt, Mr. Oscar McArtor, Mr. and Mrs. Thomas Shipley and son and Mr. W. R. Shipley.

To the latter the campers are under many obligations for courtesy extended and all say goodbye to the "old walnut tree" with many pleasant recollections and with hopes that all may live to come again.

Republican Paper For Not Supporting Herrick

Does A Prominent Republican Lawyer Of Cincinnati, Who Will Himself Support Pattison

(Cádiz Republican)

Mr. Joseph T. Harrison, a former citizen of North township, this county and graduate of Scio college, will be well remembered by many of the readers of this paper. He has been an attorney at law in Cincinnati for the past twenty-five years, a member of the law firm of Harrison & Aston. He sends the following letter, which explains itself.

Cincinnati, August 1, 1905. Editor Cádiz Republican, Dear Sir: As a native son, I am glad to learn that liberty and free speech are still enthroned among the hills of Harrison county, and that you are exercising your constitutional right in supporting John M. Pattison Governor.

I have known him for twenty-five years. He is a splendid man. There is no question about his wisdom or integrity. He will make a Governor that every farmer and citizen of Ohio may call upon and feel proud of, and his election would be an inspiration and a helpful example to young men. He has gotten along in the world because he deserved success.

He is not a time-serving-machine politician who "sifts sand and carries water" to get an office at any price, but a manly man with the courage of his convictions, proud of his state, and loyal to her best interests and every citizen will get a fair show.

I feel that I make no departure from the republicanism of Lincoln or Roosevelt in supporting him.

Yours very truly, JOSEPH T. HARRISON.

Mrs. Truman Cole of Mt. Liberty was operated upon Thursday morning by Dr. Baldwin of Columbus for gal-stone, but it was found she was suffering from cancer. The cancer was not removed.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MT. VERNON'S RECORD

Akron, O., August 17—(Special)—Lillis' wildness was responsible for Akron making yesterday's score lopsided. The game was devoid of features except pickups by Strood and East and a daring piece of work on the bases by Kommer. Doubles would have blanked the visitors but for a single to center field which bounded over Belden's hand.

Manager Goodrich was in Massillon playing a game with the Masonic team and Buhmar took his place on first base.

BASE BALL NOTES

Berger pitched another good game for Columbus letting Louisville down with five hits and shutting them out by a score of 6 to 0. Niles was defeated by Newark yesterday by a score of 4 to 0. Boyle pitched six innings of the game and was very wild. Six hits were also made off him.

Webb has been signed by Manager Goodrich and will pitch the game against Zanesville in this city Saturday afternoon. There should be a big crowd at the game.

Zanesville will be here Friday and Saturday. The games will be good ones and it will require the financial aid of the base ball fans to keep the game going in Mt. Vernon. Fans should turn out and make the crowd large.

Manager Goodrich has signed Whitney of Canton to play second base for the Mt. Vernon team. Whitney is said to be a fast man and will strengthen the team. Clarke will be sent to left field, his old position where he always played a star game.

The Mt. Vernon ball team will play the Purity team of Columbus at Lake Hiawatha park next Sunday afternoon at 3:30 o'clock. This is one of the best teams in Columbus and a good contest can be looked for. There should be a large crowd at the game as the Mt. Vernon team needs the money.

STILL THEY COME

Another Prominent Republican Declares Against Herrick

Cleveland, Ohio, August 16.—Former Councilman Thomas B. Flower, President of the East End Republican Club, to-night declared his intention to vote the Democratic ticket at the election. He said: "There can no longer be any question that anything which bears the odor of Cox is a stench in the nostrils of decent people. It is for this reason that I shall stand for John M. Pattison as against ring rule and arrogant bossism. No man of principal can take any other stand."

DISGUSTING

Were The Actions Of Tewksbery On Street Car

Was Arrested By Constable Jackson And Locked Up In The County Jail

Cecil Tewksbery was locked in the county jail Wednesday evening by Constable Jackson for creating a disturbance enroute from Hiawatha park to this city after the theatre performance. During the performance, Tewksbery, who was under the influence of liquor, was ejected from the theatre for his misconduct.

Later in the evening when the theatre goers were returning to their homes, Tewksbery became very abusive on the street car and his profanity was more than could be tolerated by young men who were in company with their lady friends, and they tried to quiet him, but kind words only aroused his fighting qualities and he struck several persons. The car was stopped at Pleasant street and Tewksbery was ejected from the car. Again he struck at several persons and a man by the name of Weber was delt a severe blow on the face. This started a mix-up which resulted in a general fight.

Officer Jackson was on the second section of cars and upon arriving at the scene, made an attempt to arrest those engaged. The constable turned over one of the fighters to a bystander and drew his mace and managed to stop the fighting. After quiet was established, Jackson took Tewksbery to jail and locked him up.

Tewksbery was brought out before Squire Clarke Thursday morning and pleaded guilty to the charge of using profane language and fighting and was given a fine of \$5 and costs. He was committed to the workhouse until the fine and costs were paid.

After being given the fine, a warrant was served upon him charging him with intoxication. Tewksbery pleaded not guilty to this charge and was taken back to jail to await a hearing before the Squire.

A PIECE OF WOOD

But It Means Very Much To This Mt. Vernon Boy

Sitting on a box of hardware at the B. & O. station waiting for the incoming of the south bound passenger train sat a man carving away at a piece of wood, slowly shaping it into a spear. When the small piece of pine had reached the desired shape of the carver, the man took from his pocket his fountain pen and wrote his initials and the date "Aug. 17-05".

A small boy stood near by and watched the carver and after the pen and knife had been placed back in its owner's pocket the boy was presented with a spear with this remark, "Present this to me at Camp Sychar next year and I will give you a dollar for it."

This little act was done and said by Bishop Mallalieu of Boston, Mass. and his meekness in such little acts is what has made him such a great man.

Miss Dora McBroom of Mt. Liberty, who tried to commit suicide last Sunday afternoon by shooting, is reported to be improving as well as could be expected and the chances for her recovery seem more brighter.

Mr. F. N. Cotton was a visitor in Columbus, Thursday.

LOCATION

Of Ohio State Campmeeting May Be Changed

Officials Of Association Receive An Offer To Locate Camp Near A Larger City

The Ohio State Camp Meeting Association, which has for the past eighteen years, held its meeting at Camp Sychar, north of the city, has received a most enticing offer to locate near another large city in the eastern part of the state.

The proposition is being considered and a committee has been appointed to visit the proposed site and to report to the association. Whether the report of the committee is favorable or not, the meeting will be held at Camp Sychar next year, but after that time there is a doubt whether Sychar will be the meeting place of the association.

The officials of the association refuse to give out any information as to where the new site is located. They also do not state what the objection is with the present site, but it has been learned that the association is desirous of larger grounds.

Thousands Have Kidney Trouble and Never Suspect It

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine, or beer, and overcomes that unpleasant condition of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves. Dr. Miles' Restorative Nerveine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nerveine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nerveine seemed to strengthen me right away, and my circulation was better. I have taken in all seven bottles of the Nerveine, and am entirely well."

Dr. Miles' Nerveine is sold by your druggist, who will guarantee that the first bottle will benefit you. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.
