PRICE TWO CENTS

COMPLETED THIS WEEK WILL BE PEACE TREATY

An Agreement Has Been Reached On All Points

Congratulations From All Parts Of The World Received By President Roosevelt Who Is Pleased With Outcome

Portsmouth, N. H., Aug. 30.—For the sake of peace, Japan yielded everything still in issue before the conference, and the bloody war in the orient is at an end.

Russia refused to budge from the ultimatum Emperor Nicholas had given to President Roosevelt through Ambassador Meyer. No indemnity under any guise, but an agreement to divide Sakhalin and reimburse Japan for the maintenance of the Russian prisoners, were the czar's last words. M. Witte went to the conference declaring he was powerless to change the dot of an i or the crossing of a t in his instructions. Emperor Nicholas' word had been given not only to him but to President Roosevelt, the head of a foreign state. When Baron Komura, therefore, first offered the new basis of compromise (the complete renunciation of indemnity, coupled with a proposition for the redemption of Sakhalin at a price to be fixed by a mixed tribunal consisting of representatives of the neutral powers—in fact, if not in words, the solution offered by the president) M. Witte did not flinch. He expected a rupture and, as he expressed it afterward, he was stunned by what happened. Baron Komura gave way on all the disputed points. With the presence that has enabled the Japanese to gauge the

future of a broad provision for mutual commercial privileges, by which each country will secure for the other the benefit of the "most favored nation" clause and the "open door."

Felicitations Exchanged.
Before leaving the conference building felicitations were exchanged with the president at Oyster Bay. Both Baron Komura and M. Witte telegraphed. The former confined himself to apprising Mr. Roosevelt of the conditions upon which peace had been concluded. M. Witte frankly laid his tribute at the president's feet. In his message he said: "History will ascribe to you the glory," and added the expression of Russia's heart appreciation of the president's "generous initiative." Mr. Roosevelt replied with words of thanks and congratulation.

Then began the jubilation. M. Witte and Baron De Rosen returned to the hotel for luncheon. The Japanese had remained at the conference hall to lunch with Mr. Petree. The news that peace had been concluded had preceded the Russian plenipotentiaries. Such scenes of wild rejoicing have never before been witnessed in the state of New Hampshire as greeted them upon their arrival at the hotel. M. Witte, dazed at the sudden and happy termination of the conference, was fairly overpowered by the tremendous ovation he received. He could only express his gratitude by shaking the hands of everybody, and in response to the volley of questions fired at him as to the terms murmured, "We pay not a kopeck and we get half of Sakhalin." And when he could not himself he declared that a victory—for he regards it as a diplomatic triumph of the first magnitude he makes no attempt to conceal. And that is the general verdict here. The Russians are overjoyed at the result. "We have had our Liaoyang and Mukden on land," they say, "and our Tsushima on sea, but the Japanese have their Portsmouth."

GRATIFIED

is the President Over the Work of the Peace Conference.

Oyster Bay, N. Y., Aug. 30.—While the president did not seek to conceal his gratification that the peace conference had reached an agreement, he said he was obliged in the circumstances to refrain from any formal expression regarding the work achieved until he should have been notified fully as to the details. It can be said, however, that he feels that the successful issue of the conference is a great triumph for humanity and civilization. Such public expression as he may make regarding the work of the conference will be announced after he shall have had opportunity to carefully look the matter over.

Messages of congratulation poured in on the president from people both in America and in Europe. The great part he has played in the bringing about of the success of the conference and in promoting the interest of civilization is recognized throughout the world, as is indicated by the cordiality and wide range covered by the congratulatory dispatches. None of these messages was made public.

It is regarded here as likely that the first important work of the conference, now that a general agreement has been reached on the main points of difference, will be the framing of a protocol declaring an armistice and providing for the return of prisoners. The negotiation of a permanent treaty of peace, a subject of grave concern to both powers and to the civilized world generally, will be watched with profound interest. At the conclusion of their labors in the Washington conference the plenipotentiaries of both Russia and Japan will be received by President Roosevelt either at Sagamore Hill or at the White House. At that time there will probably be some notable utterances.

News in France.

Paris, Aug. 30.—The unwavering conviction of France that President Roosevelt's initiative would culminate in peace has received its reward. The

news of the successful termination at Portsmouth produced a profound impression when it was communicated to the members of the diplomatic corps and the high officials of the governments, who unanimously expressed the keenest satisfaction that the heavy strain had been removed, and President Roosevelt's persistency was conceded to have been the main element in bringing about the happy results. American, Russian and French officers displayed jubilation, while Japanese diplomats maintained their usual imperturbability, regarding the event as a thing that had been expected. All, however, rejoiced that the war had been brought to a close with undoubted benefit, not only to Russia and Japan, but to the whole world.

Grows From Russia.

St. Petersburg, Aug. 30.—A large section of the press does not conceal its disappointment over the results of the conference. M. Souverin, the aged proprietor of the Novoe Vremya, declared that not only were the conditions unsatisfactory, but that he did not believe in peace on any terms. He said: "Russia has no occasion to shout 'Hosannah!' The terms may satisfy some, but I would have preferred to continue the war. However, we may be at the end of our resources and this peace may be the best we can obtain, but we have given up Port Arthur and Manchuria, we have allowed Japan to establish herself in Korea, we have abandoned our immense investment in the railway, and the worst of all, we stand confessed as a beaten nation."

German Opinion.

Berlin, Aug. 30.—Japan has won a great moral victory, Russia a great diplomatic one, and President Roosevelt has become the first figure in international statesmanship; that is what Berlin thinks of the result of the Portsmouth conference. The foreign office says unreservedly that without the president's personal exertions, supported by his unique position and the power of the United States, peace would not have been attained, and that Germany and the whole world will benefit by the statesmanship shown by the Washington government.

OFFICIALS AID BOYCOTT BETWEEN CHINA AND U. S.

Peking, Aug. 30.—Chang Chin, who has been ordered by the Peking ministry of commerce to concert measures to settle the boycott against American goods, met at Shanghai the Chinese chamber of commerce and principal piece goods dealers of that city and began by fining certain dealers 4,000 taels for alleged breaches of the boycott. He then ordered all to sign an agreement to buy no more American goods from foreign merchants of any nationality.

Most American products sold in China are handled by British and German firms on commission, and the bulk of the losses falls upon them. What is considered the greatest significance of the boycott is the possibility of future use of this method of coercion if the first attempt succeeds.

Many important merchants who embarked in the boycott now repent of the scheme, but it has passed beyond their control into the hands of the agitators, the majority of whom are students, many recently returned from Japan, and some from America, who relate at meetings and in newspapers lurid stories of outrages received at the hands of American immigration officials. The agitators are active principals in the central and southern cities. They have abandoned the original demand that Chinese students and merchants be admitted to America as freely as those of other nationalities, and are now demanding the unrestricted entry of all Chinese. They argue that if this movement succeeds, the same coercion may succeed against Canada, Australia, Java, and all countries in which Chinese live.

The Peking government, in response to Minister Rockhill's representations, issued instructions to provincial officials which read well, but which the officials construe with the belief that the government sympathizes with the sentiment against the exclusion of American goods, although obliged formally to oppose the method of its expression. Several minor officials are implicated in the movement at Shanghai, and its leader holds the rank of taotai. The government might punish them by depriving them of honors, according to the Chinese custom, if it were in earnest.

Providence, R. I., Aug. 30.—John W. Rogers of Washington and San Francisco, and his wife, who disappeared from the Hotel Ten Eyck at Albany,

NECK BROKEN Prominent Celina Man Is Killed Instantly

Celina, O., Aug. 30.—Carl Crampton, 30, one of the most popular business men of this city, was instantly killed by a gasoline explosion at the canning factory operated by himself and his father. Mr. Crampton, with other men, was seeking a leak in the line leading from a gasoline can to the furnaces used in heating irons in the capping machine. He failed to turn out the fire in the furnaces and in testing the line opened a valve, thus causing the explosion. He was hurled 50 feet, his neck being broken and his head crushed.

CUT TO THE QUICK.

Walter Hale, a section workman, was murdered near his home at Wheeler, Ind. No clew.

Fire broke out in the hardware store of Fikler & Harrison, Princeville, Ill., and destroyed six business houses. Property loss \$50,000.

Samuel A. McClean, Jr., president of the National Packing company, Chicago, died suddenly of acute indigestion, coupled with heart disease.

A runaway electric car on the Los Angeles Pacific railway left the rails at the foot of a steep grade, turning completely over. One passenger was killed and 11 injured.

F. E. Nickerson, a Chicago painter, is being sought by the police on a charge of kidnaping his three-year-old child from the home of his mother-in-law, Mrs. F. E. Roberts, in Cincinnati.

At Kimsivick, Mo., Lewis Hall, postmaster and justice of the peace, shot and probably fatally wounded the city marshal, Herman Henshell, following a quarrel growing out of an argument over the Sunday closing law.

FATAL Collision Occurs On Springfield Interurban

Springfield, O., Aug. 30.—A work-car crashed into car No. 17 on the Springfield and South Charleston interurban line on a curve at Stewart's crossing. The passenger car was totally wrecked. Mrs. Mary H. Collins of South Charleston was killed and Mrs. L. O. Mock of South Charleston, Mrs. John Garlough of Pitchin and Mrs. Ella McKenne of South Charleston severely injured.

Hotel Man Missing.

West Union, O., Aug. 30.—Ex-Sheriff Lyman Stivers, proprietor of the Riverside hotel in Manchester, O., is mysteriously missing, and his family fears that he has committed suicide. Mr. Stivers left his bed, presumably to get a drink of water, and has not been seen since. It is believed ill health and worry over other matters unbalanced his mind.

Justifiable Homicide.

Hamilton, O., Aug. 30.—Coroner Schumacher returned a verdict holding the murder of Thomas Mayhue by his wife, Mollie, to be a justifiable homicide, on the ground of self-defense. She crushed his head with a curtain pole when he attacked her with a knife, and is charged with second degree murder.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs, and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At G. R. Baker & Son, and F. F. Hosack, Fredericktown drug store; 50c and \$1.00 guaranteed. Trial bottle free.

English Comment.

London, Aug. 30.—English papers which have been strongly pro-Japanese throughout the negotiations, express disappointment at Japan's failure to be reimbursed for expenses of the war. At the same time several of them admit that she perhaps has chosen the wiser and more business-like course.

Fiendish Suffering

is often caused by sores, ulcers and Cancers, that eat away your skin. Wm. Bedel of Flat Rock, Mich., says: "I have used Bucklen's Arnica salve for Ulcers, Sores and cancers. It is the best Healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at G. R. Baker & Son, Mt. Vernon, F. F. Hosack, Fredericktown, drug store; guaranteed.

Public Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair ave., Columbus, O., writes: "For several months, I was given up to die. I had fever an ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctor's drugs that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at G. R. Baker & Son, Mt. Vernon, and F. F. Hosack, Fredericktown, drug store; price 50c.

Coal Prices to Advance.

Cleveland, O., Aug. 30.—It is announced that about Sept. 1 there will be an advance in the price of what is known as lake three-quarter coal from the Massillon mines. This is the material shipped up the lakes for consumption in the northwest, and is classed under the head of steam coal. It has been selling at \$1.90 f. o. b. boats at Lake Erie ports. When the rise comes the price will be \$2 a ton at least.

Peculiar Dissappearance

J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestions and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach headache, constipation, etc." Guaranteed at G. R. Baker Mt. Vernon and F. F. Hosack, Fredericktown, drug stores, price 25c.

Boy's Fall From Tree.

Findlay, O., Aug. 30.—Little Carl Dubois of Marion township fell 80 feet from the top of a high tree Monday and now lies at the point of death. He fell, striking a limb in the descent, and struck the ground on his head and shoulders. He is suffering from internal injuries.

THE TERMS OF PEACE ARE GIVEN TO PUBLIC

The Russians Claim Diplomatic Victory Over Japs

Point Out Mistakes Of Their Opponents—A Complete Outline Of The Peace Terms As Agreed Upon By Envoys

Portsmouth, N. H., Aug. 30.—The following statement has been issued by Mr. Sato in behalf of the Japanese plenipotentiaries: "The questions of the final disposition of the island of Sakhalin and the reimbursement to Japan for her war expenses have from the first been issues on which absolute divergence of views existed. The difference of opinion upon these points—not one, but both—have frequently threatened the existence of the conference. But his majesty, the emperor of Japan, responding to the dictates of humanity and civilization, has in a spirit of perfect conciliation and in the interest of peace authorized his plenipotentiaries to waive the question of reimbursement of war expenses and has consented to a division of Sakhalin upon terms which are mutually acceptable, thus making it possible to bring the important work of the conference to a successful issue."

The peace terms agreed upon are:
1. Russia's recognition of Japan's preponderant influence in Korea.
2. Mutual obligation to evacuate Manchuria.
3. Japanese obligation to restore in Manchuria Chinese sovereignty.
4. Mutual obligation to respect the territorial integrity and administrative entity of China in Manchuria and to maintain principle of the open door.

5. Division of the island of Sakhalin, Russia taking the northern and Japan the southern half, with the agreement that neither side shall fortify it.
6. Surrender to Japan of Port Arthur, Daini and the Blonde and Elliott islands.
7. Surrender to Japan of the Russian leases of the Liaotung branch of the Chinese Eastern railroad, running south from Chantfu to Port Arthur and Nuchwang.
8. The limitation of the Chinese railroad concession in northern Manchuria.
9. The grant to the citizens of Japan of the right to fish in waters to the Russian littoral from Vladivostok to Bering sea.

Although M. Witte is not a diplomatist, they declare that he has outmaneuvered the Japanese, yielding one by one to the conditions until he forced them into a corner on the main issue of indemnity, and left them no escape except surrender or to convert the war into a war to collect tribute. The Russians declared that diplomatically the Japanese made their colossal blunder when they agreed to consider the conditions serially. The

Japanese correspondents, though they said little, plainly showed their dissatisfaction with the terms.

AGREEMENT

Assures Open Door in Manchuria and Integrity of China.

Washington, Aug. 30.—Officials of state department realize a great victory in having secured beyond any question the open door in Manchuria. The territorial integrity of China seems also assured, and with the restoration of the vast Manchurian provinces to the control of the present emperor of China and the dowager empress it is felt here that there is an end for all time of insidious foreign aggressions upon Chinese soil. With Korea under a Japanese protectorate developing its great natural resources, and all to be opened to American plottation on even terms with other nations, a large increase in the foreign market open to our products is expected. For its part the navy will be relieved of the tedious and expensive patrol which it has been maintaining in the Philippines ever since the beginning of hostilities to guard against the violation of neutrality by the belligerents. Also it will be relieved of the necessity of guarding the Russian interned ships.

FISHERMEN

Victims of Yellow Fever, Many Cases Being Discovered.

New Orleans, Aug. 30.—The most important development of the yellow fever situation was the report of Dr. C. Milo Brady, who had been sent by the state board of health on a tour of inspection of the bayous and lakes in Jefferson parish, where there are many settlements of fishermen in constant communication with New Orleans. Dr. Brady made the trip with Dr. Shanley of North Dakota. Without completing their investigation they turned up 35 cases of yellow fever, mostly along Bayou Barataria; learned that deaths had occurred, and found much suffering. The patients suffering with the disease are principally Portuguese and Spaniards. The sick were without medical attendance and nurses, and in most cases without medicines.

Manila's Cholera Epidemic.

Manila, Aug. 30.—The cholera epidemic has taken a rather unfavorable turn. The total number of cases treated since the outbreak is 40, with 25 deaths.

MRS. TAGGART CONCLUDES HER STORY ON STAND

Wooster, O., Aug. 30.—The greater part of Mrs. Taggart's testimony was taken up in describing the part she played in certain events and denying allegations of misconduct. She described in full the events incident to the cotillon she gave at Fort Leavenworth, and denied that she became intoxicated and had to be put to bed that night. Mrs. Taggart denied that she ever acted improperly with Lieutenant Porteus or that she was ever guilty of unbecoming conduct with General Miner. In regard to the events of the night of June 30, 1903, she said: "When I entered the house the captain came down stairs, grabbed me, tore my clothes off, beat and kicked me and shoved me out on the porch with an oath. I was bruised and black and blue all over." Mrs. Taggart was subjected to a rigid cross-examination.

Another Arrest.

St. Marys, O., Aug. 30.—Another arrest was made here in connection with the recent attempts to blow up the Grand reservoir here. Michael Ryan was arrested by Marshal Schockey.

Ryan, it is said, is an accomplice of Riley Colton and Parker Wright, who were arrested recently.

Policeman Dies on Beat.
Shelby, O., Aug. 30.—John Shearer, one of the night police, dropped dead while covering his beat. Coroner Goodman held an inquest and found that death was caused by apoplexy. He has a sister living at Cleveland and one at Greensprings, O.

Crushed by Street Piano.
Cincinnati, O., Aug. 30.—A street piano which for years had been the source of livelihood for Boggio Barge, an aged Italian organ grinder, caused his death by falling on him while he was wheeling it down a hill. Barge was 60 years of age.

Gold in Paying Quantities.
Steubenville, O., Aug. 30.—Gold was found in such paying quantities on the J. A. Mansfield farm, near Cadiz Junction, that shafts were stationed around the shaft. There is great excitement and people are flocking there from all sides.

MT VERNON WON

The Game From Sebring On Wednesday

Locals Had Their Batting Eye And Made Total Of 21 Hits—Maag Played Great Game

MT. VERNON'S RECORD

Won	Lost	Per Cent
49	41	.544

Sebring, O. Aug. 30—(Special)—The Mt. Vernon team gave Sebring the worst beating they have received this season yesterday afternoon. The score was 12 to 3 in favor of the visitors and a total of 21 hits were made off the Mt. Vernon sluggers.

The game was a little loose in spots, but the feature of the game was the playing of Maag, short stop for Mt. Vernon. Two different times he went over second base, getting two hard chances that looked good for clean hits. He also laid down two nice bunts and beat them out.

Doyle pitched good ball for Mt. Vernon after the first inning. He was a little wild and was also touched up for several safe hits in this inning.

Big Mercer, a college pitcher, went in the box for Sebring and in the first inning Mt. Vernon made 7 hits off his delivery. He started to pitch the second inning, but they put a blanket on him and sent Malay to the box.

Goodrich played right field and got four hits out of four times up. The score follows:

Mt. Vernon . . . 6 2 1 0 1 0 1 1 0—12
Sebring 2 0 1 0 0 0 0 0—3
Hits, Mt. Vernon 21, Sebring 10, Errors, Mt. Vernon 2, Sebring 6.

BASE BALL NOTES

During the game every member on the team got one or more hits as follows: Goodrich 4, Miller 3, Wilhelm 2, Maag 3, Geyer 2, Riley 2, Weida 2, Biery 2, Doyle 1.

The members of the Mt. Vernon team were shown through the big pottery this morning and this evening they will go to Niles to play a series of three games.

Wilhelm, Riley and Weida of the Mt. Vernon team went to Canton last evening to visit today. They will join the team at Niles.

The baseball grounds at Sebring are the worst that the Mt. Vernon team has played on this year.

Shortstop Maag was given a great hand by the Sebring rooters for his fine work in the game.

Judge F. O. Levering returned last evening from a trip to California.

COXEY PLANT

Sold To Mr. Chambers
And Mr. Mambourg

and Mt. Vernon Will Have
Large Glass Plant

Which Will Employ About
700 Skilled Men

With A Monthly Pay Roll Of \$50,000--
The Plant Will Be The Largest
Of Its Kind In The
United States

At the hour of four o'clock Tuesday afternoon the news was spread broadcast about the city that the Coxe Steel plant had been sold to James A. Chambers of Pittsburg, Pa., former president of the American Window Glass company, and Leonard Mambourg of Middletown, O., former secretary of the Federation Window Glass company. The consideration paid by the two above named gentlemen for the plant, the personal property, including all machinery, and the right of ways, railway switches, etc., was seventy-five thousand dollars and fifty cents.

The sale commenced at one o'clock Tuesday afternoon on the premises of the Coxe Steel plant and was under the personal direction of Receiver James Israel and Allen J. Beach acting as auctioneer. There were quite a large number of bidders present from Pittsburg, Cincinnati, Cleveland and other cities. At first the property was offered by the receiver piece by piece and the bidding was quite lively on numerous articles, especially electric cranes and other machinery. There was also spirited bidding on a nine acre strip of ground adjoining the plant.

No bid was offered by Mr. Chambers or Mr. Mambourg on the property in pieces, but when the plant as a whole, the personal property, the nine acre strip of land, etc., were put up as a whole, the above named gentlemen offered several hundred dollars more than offered for the property piece by piece and as there were no other bidders for the property as a whole they were declared the purchasers of the plant for the consideration of \$75,000.50, and they immediately gave the receiver a check for that amount and took possession of the property.

Both Mr. Chambers and Mr. Mambourg were interviewed by the Banner representative immediately after the deal had been closed up and the information they gave out will be interesting news to every resident of this city as it means Mt. Vernon will soon enjoy the biggest boom in her history.

Work will be commenced at once for the construction of the plant of a

96-blower window glass factory for the manufacture of window glass by the hand process. Mr. Mambourg in speaking to the Banner stated that it would be the largest hand-window glass factory in the United States and through the facilities afforded they would manufacture the finest window glass in the world.

It is the expectation to have the plant in full operation by January 1, 1906, and the plant will employ from 625 to 675 men and the monthly pay roll will amount to \$50,000.

It will be necessary to bring most of the employes of the plant from other towns and cities as none but experienced men will be employed. If six hundred or more men are brought to Mt. Vernon it will necessitate the building of at least 500 or more new houses.

It is estimated that the new glass plant will bring at least 4,000 people to Mt. Vernon.

In talking with the Banner representative both Mr. Chambers and Mr. Mambourg seemed very much pleased with the purchase of the Coxe Steel plant. For more than three months they have been figuring on the purchase of the plant and have had an engineer here viewing the buildings and looking over the equipment and most favorable reports have been sent in.

An expert engineer had also been in the gas field investigating the present supply of gas and the prospect for gas in years to come and the report has been received that Knox county has one of the largest gas fields in the United States and there will be sufficient gas for years to come.

Mr. Mambourg stated that a contract has already been closed up with a gas company whereby the glass plant will be supplied with gas the next ten years.

From outside sources it is learned that an eastern company with an immense amount of capital is backing the above named gentlemen in the glass manufacturing business and the plant in Mt. Vernon when completed will be the largest of its kind in the country.

Work will be commenced at once in the erection of the 96-blower and it is possible that the plant may be put in operation before January 1.

UNDER TRAIN

Robert Davis Fell And Body
Cut In Two

Fatal Accident Occurs In The
B. & O. Yards

In This City Early Wednesday
Morning

Davis Resided In Utica Although He
Worked In Mt. Vernon Last
Summer And Was
Known Here

Robert Davis, 38 years, a plasterer by trade and a native of Wales, was run over and instantly killed by B. & O. freight train No. 25, north bound, just north of the B. & O. railroad bridge in this city Wednesday morning at 1:45. Death came instantly to Davis. His body was cut in two, his right hand was mashed, his left arm was broken and his left hand mashed.

Davis was a resident of Utica, although all last summer he worked in this city for Silas Lantz. Last Sunday Davis borrowed the sum of \$5 from Charles Emswiler of Utica and in company with a partner, Harry Boyce, went to Sandusky on the B. & O. excursion. According to the story of Boyce both men got on a big drunk in Sandusky and spent all their money. Tuesday morning they boarded a freight train in Sandusky and rode to Mt. Vernon, arriving here between the hours of twelve and one o'clock Tuesday afternoon.

After remaining in Mt. Vernon for several hours the two men boarded a south bound B. & O. freight train intending to ride to Utica. It so happened that the train did not stop in Utica and both men were carried to Newark. It appears that they secured more booze in Newark and then boarded B. & O. north bound freight train No. 25, with the intention of going back to Utica. This train did not stop at Utica and they were carried through to this city.

When the train reached this city, a stop was made in the yards at a point a short distance north of the railroad bridge. Conductor Frank Barnes, who was riding in the caboose, left the train and started forward towards the station to secure his orders. He had gone but a short distance when he discovered a straw hat lying beside the track. He made a further investigation and found Davis' body lying under the trucks of one of the cars near the caboose.

A call was sent for the police and soon two officers and Coroner Scarborough were on the scene. After the coroner had conducted an examination the body was removed to the undertaking rooms of Chapplear & McCammon and prepared for burial.

Boyce knew nothing of the fate of his companion until sometime after the accident. He was riding in another part of the train and accordingly no one seems to know how the accident occurred. It is believed, however, that Davis attempted to get off the step of one of the cars while the train was in motion and no doubt lost his balance and fell under the wheels of the train.

Davis was 38 years of age and was unmarried. He resided in Mt. Vernon most all last summer and was well known by a large number of people.

Davis has no near relatives as far as can be learned so Wednesday morning the body was turned over to the township trustees and will

be buried at the expense of the county. The funeral and interment will occur Thursday afternoon.

BASE BALL PLAYING

Must Cease On East Hamtramck Street
Says The Mayor

Complaints have been coming in thick and fast to the mayor and chief of police, saying that a crowd of young boys gather in a vacant lot on East Hamtramck street and play base ball. They say that the loud talking and vile language used is annoying.

Tuesday afternoon Patrolman Butcher was called, and after a warning, ordered the boys from the lot.

FORMER SPEAKER HODGE

Will No Longer Tolerate Domination
Of Geo. B. Cox

Cleveland, O., Aug. 30.—Colonel O. J. Hodge is against Myron T. Herrick. Fifty years ago Colonel Hodge was the City Clerk of Cleveland. He was a member of the council many times, representing different wards. He served several terms in the Legislature of Ohio and was elected Speaker of the House. Colonel Hodge is a veteran of the Mexican war.

"The time has come," said he today, "when men of decency and self respect must speak out or confess themselves cowardly, contemptibly cowardly. I have lived to see the Republican party of Lincoln become the party of George B. Cox. I will not submit. I have not separated from the Republican party, but it has fallen into the hands of as corrupt a gang as ever disgraced a state's fair name. Herrick—of him I will only say that he is weak. Others do his thinking; he does their bidding."

OPENING

Of The Ohio State Fair To
Occur Monday

Roy Knabenshue Will Give The Flight
With His Air Ship On Opening
Day

The Ohio State Fair Grounds is now a scene of intense activity. Exhibits are arriving daily and scores of workmen are busily engaged in placing them in position ready for the opening day, Monday, September 4. The managers will rigidly enforce the rule requiring exhibits to be in place and ready for public inspection by nine o'clock a. m. of the opening date, so that visitors on that day can be assured that the big Exposition will be in complete readiness for their inspection, as advertised.

The structures for the free feature attractions have arrived and are being placed in position in center field of the race track, where all visitors may view these acts of nerve and cunning positively without extra cost. Roy Knabenshue, the Toledo aeronaut, engaged to give daily flights with his air ship, is already upon the grounds, superintending the erection of his machine. Mr. Knabenshue is sanguine of success in these trials, and claims that he will clearly demonstrate that he has solved the problem of aerial navigation.

Monday, September 4, is ladies' free day and the following program will be carried out on that date: Band concerts on the park grounds; complete exhibitions, in all the buildings and departments; special show of decorative plants; exhibition for premium awards of high school horses, single coaches, park mares, ponies and pony turnouts. On the speed track three races are carded for the day, and the eighteen free feature acts will be given. Roy Knabenshue will give a special exhibition with his airship, concluding with a flight around the race course. Excursion rates will prevail on all lines of travel, and the opening day promises to be a record breaker.

Mrs. Aaron M. Stadler, Miss Beatrice Stadler and Master Miles Stadler, left this afternoon for New York City where they will make their future home.

LOCATED

Is The Bullet In Sheriff
Shellenbarger's Lung

By The Aid Of The X-Ray In
Mansfield, O.

Attorneys Want To Reduce
Hildreth's Bond

But Prosecuting Attorney Still Will
Oppose This--Other Matters
Of Interest From Court
Hosue

Sheriff James C. Shellenbarger in company with his physician returned Tuesday evening from Mansfield where an X-ray photograph was taken of the wound made in the sheriff's body by the bullet from Frank Hildreth's revolver and the exact location of the bullet was determined by the photograph made by Dr. J. H. Nichols.

The bullet was located in the back part of the right lung and within easy reach of the surgeon. It is now up to the sheriff whether or not an operation will be performed. If he so desired it this will be done, but not for two or three weeks.

Sheriff Shellenbarger is getting along nicely and the wound is gradually becoming smaller and smaller. There is only a slight discharge of pus each three or five days and the physicians believe that he will fully recover without an operation.

Hon. Frank V. Owen, one of the attorneys for Frank Hildreth, now confined in the Knox county jail under a \$15,000 bond, charged with shooting with intent to kill, Sheriff James C. Shellenbarger, will make application in probate court either Wednesday afternoon or Thursday morning to have the bond reduced. It is understood that Probate Judge Blair will not hear the matter, but will direct the attorneys to bring it before Judge Coyner of common pleas court who will be in the city Saturday to hear several matters.

Prosecuting Attorney L. C. Stillwell states that he will vigorously oppose the question of having the bond reduced at the present time.

CRUSHED BY CARS

At Sunbury

Foot Caught And The Young Man
Was Unable To Avoid The Bumpers--Details

(Ohio State Journal.)

While coupling cars on a Cleveland Akron and Columbus freight train at Sunbury, yesterday, Harry Pike, a brakeman, was caught between the bumpers and so terribly crushed that death resulted before he could be placed on a train and brought to Columbus. Pike was 24 years old and lived with his parents at 746 St. Clair avenue.

The accident occurred about 5:30 o'clock, while the freight crew was switching. It is thought the youth's foot may have become caught in some manner to prevent his jumping back as the cars came together.

His hips were crushed and both legs were broken below the knees. The left arm was mashed to a pulp. Despite the awful agony he must have suffered the victim remained in a partly conscious condition.

Arrangements were at once made to bring the man to Columbus. Word was sent to the Protestant hospital and to Fisher's ambulance crew to meet the passenger train due here at 6:50. The ambulance met the train at the Union station, only to find a corpse.

The body was taken to Fisher's private morgue. Funeral arrangements have not been made.

Mr. E. C. Lovejoy of Akron is in Mt. Vernon on business.

CATARRH

A UNIVERSAL DISEASE

Catarrh usually begins with a cold in the head, but does not stop there. The mucous membranes all become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and distributed to all parts of the body. The patient is then continually hawking and spitting, the nose is stopped up, the ears have a ringing or buzzing noise, the throat becomes sore, and as the unhealthy matter more thoroughly saturates the blood a general feeling of despondency takes possession of the system.

I had Catarrh for about fifteen years, and no man could have been worse. I tried everything, I could hear of, but no good resulted. I then began S. S. S. and could see a little improvement from the first bottle, and after taking it a short while was well, and today I am as well today as any man. I think Catarrh is a blood disease, and know there is nothing on earth better for the blood than S. S. S. No body thinks more of S. S. S. than I do. Lapeer, Mich. M. MATSON.

Local applications cannot cure Catarrh, because they do not reach the seat of the trouble. They allay the inflammation and temporarily relieve the disease, but as soon as they are left off the trouble returns. The only way to cure Catarrh is to treat it through the blood. S. S. S. soon clears the blood of all Catarrhal matter and purges it of all irritating poisons, checks further progress of the trouble and completely cures the disease. S. S. S. keeps the blood in perfect order so that it can eliminate all waste matter from the system.
