HERRICK HAS A SITE FOR A NEW PRISON

Would Take Over State Land Near Columbus

Believes New Penitentiary Could Be Built And Suggests Farm Work For Frail Prisoners--News From The State

Columbus, O., Sept. 19.—Governor Herrick stated that he had for some time been looking into the possibility of taking over the bulk of the land at Morgan's Station, near this city, held now as a custodial farm in connection with the Institution for Feeble-minded Youths, as a site for a new penitentiary. There are 1,600 acres of this land, only a portion of which is now being utilized. The governor's plan is to take at least 1,200 acres of this for the penitentiary site. The remainder might still be used without interference for custodial farm purposes.

Governor Herrick said: "The present penitentiary site is valued at something in excess of \$750,000. With such an amount assured toward the new building, the balance might be counted upon without serious hindrance to the financial interests of the state and without burden to the taxpayers. With such an area a penitentiary farm might be operated with benefit to the prisoners and profit to the state. Many of the prisoners who can not work in the shops might easily be utilized upon the farm, immeasurably to their benefit from a health standpoint. Any production beyond the needs of the institution might be disposed of to other state institutions."

The governor could place no approximate figure for the cost of the proposed structure. The plans had not been prepared, and until that was done such an estimate would be impossible. To erect and equip a building suitable, and to enclose the farm with a wall, may cost in excess of \$1,500,000. Legislative action will be necessary before the actual carrying out of the plan can be attempted.

Two Huge Boats.
Cleveland, O., Sept. 19.—The Pittsburgh Steamship company placed an order with the American Shipbuilding company for two boats that will be the largest bulk carriers in the world. The boats will be built at Chicago, will come out next spring, and cost \$450,000 each. During the season of navigation the boats will carry a total of nearly 600,000 tons of ore.

Caught in Machinery.
Youngstown, O., Sept. 19.—John Vaughn, employed at the filter plant as assistant engineer, is dying at the hospital. The machinery became disarranged, and without shutting off the steam Vaughn attempted to pry the engine over the center. It started suddenly, crushing him in a frightful manner.

AMERICAN TRADE BOOMING IN ALL RUSSIAN TOWNS

St. Petersburg, Sept. 19.—The removal of retaliatory duties on American imports already has proved a great stimulus to American trade here. The agents of American houses have wired directions for the shipment of engines, pumps and other machinery as soon as the order rescinding the duties takes effect. The prompt action of the agents is necessary in order to land goods at Cronstadt before the close of navigation, so as to avoid heavy costs of railroad transportation from ice-free ports in the southern Baltic, and also in order to take advantage of the favorable rates under existing treaties, as before navigation is reopened the new and higher scale of duties based on the treaty recently made will greatly increase costs.

Odd Fellows Meet.
Philadelphia, Sept. 19.—Under weather conditions that were somewhat disappointing the annual convention of the Sovereign lodge of the Independent Order of Odd Fellows was formally opened here. There is an

unusually large attendance of delegates and visitors. The central part of the city is decorated in honor of the order. The Sovereign lodge held a session at which the reports of officers were read. The reports show that the order had a most prosperous year.

An Awful Finish.
Hen—What makes you look so glum? Rooster—I've just been chased out of the wood shed with a feather duster. It got so close to me that I recognized the tails of three of my family.—Detroit Free Press.

Attacked By A Mob
and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Only 25c at G. R. Baker & Son, Mt. Vernon, and F. F. Hosack, Fredericktown, drug store.

Found Body of Son.
Tiffin, O., Sept. 19.—While going to church Joseph Lonsway has horrified to find the mutilated body of his son, Earl, lying along the Big Four track. He had been struck by a train a few hours before, and died several hours after being found.

Workman Decapitated.
Girard, O., Sept. 19.—Markus Aspetolis, a native of Turkey, was killed at the Mattie furnace. While painting elevator hoists he stuck his head out too far, and when the cage descended it struck him, severing his head from his body.

Harding on the Stump.
Columbus, O., Sept. 19.—It is announced by the Republican executive committee that Lieutenant Governor Harding will go on the stump this fall in the interests of Governor Herrick.

Motorman Crushed.
Canton, O., Sept. 19.—Thomas McGuire, motorman on a Canton-Akron street car line, was killed by the overturning of his car on a steep grade at Brookfield, near Massillon.

Barge Capsized.
St. Louis, Sept. 19.—While returning from a trip to the Illinois side of the Mississippi river a barge containing six men capsized by hitting a drifting log. Alexander D. Soutela and Frank Meyer are believed to have drowned.

Attack the Government's Position, Their Pleas.
Chicago, Sept. 19.—By pleas in abatement attorneys representing the seventeen packers and other persons indicted by the federal grand jury on charges of conspiring in a trust to monopolize the meat business attacked the position of the government. The attack was made against the impaneling of the jury; alleged improper service of a summons on John Murray, and of the jurors; unlawful secrecy at the time the jury was drawn from the box; unlawful presence of a stenographer in the jury room during the hearing and the subsequent writing of the shorthand notes; that the indictment was returned in the eastern division of Illinois, although the jury which

found the indictment was sitting in the northern division of the northern district.

Would Restore Canteen.
Washington, Sept. 19.—Brigadier General J. M. Lee, commanding the department of Texas, in his annual report says the army is entering upon an era of stagnation in promotions. He recommends a compulsory retirement law similar to that of the navy and marine corps. General Lee is positively in favor of the re-establishment of the army canteen. He says that 80 per cent of the soldiers drink stimulants. A majority drink beer and light wines, while a minority drink strong liquors, but only a small percentage drink to excess.

Suffrage in Poland.
St. Petersburg, Sept. 19.—The Solky commission has elaborated the conditions governing the representation of the people of Poland in the national assembly. The voters will be divided into three classes, the first to be composed of landed proprietors, the second of members of cantons owning from three to twenty acres, and the third of urban electors. Thirty-six members will be returned from Poland.

Denied by Norway.
Christiania, Norway, Sept. 19.—Another semi-official denial of renewed charges of Norwegian mobilization of troops was issued in Norway papers. It is declared that Norway has made no military preparations except such as are absolutely necessary from a defensive point of view and that the report that practically all the troops in central Norway and in the frontier districts have been mobilized is untrue.

OVERTURNED Was An Auto And Two Are Badly Injured

Newport, R. I., Sept. 19.—A. S. Murray, a wealthy citizen of Baltimore, Md., and a summer resident at Jamestown, was seriously injured by the overturning of an automobile which he was driving. His collar bone and two ribs were broken and he received cuts about the head and face and numerous bruises about the body. It is expected that he will recover. Jeremiah H. Tefft, a member of the Jamestown common council, who was riding with Mr. Murray, escaped serious injury. The accident was caused by Mr. Murray's endeavor to avoid collision with a horse and carriage. He succeeded in this, but sent his car up a hill at such speed that it overturned.

City Party's Primaries.
Philadelphia, Sept. 19.—The City party, the reform body which is opposed to regular Republican organization of this city, and the Democrats held their primary elections to select delegates who will nominate county tickets in opposition to the Republicans. Delegates were elected in nearly every election division of the city by the City party, and they will meet in convention Wednesday to nominate candidates for coroner, sheriff and city commissioners. The delegates will go to the convention unopposed. It is probable that at least eight names will be presented for the four places.

A Man of Ability.
Chollie—Can you recognize ability when you see it, Miss Ruth? Miss Ruth (looking around)—Certainly. Where is any?

It cannot be too often repeated that it is not helps, but obstacles; not facilities, but difficulties, that make men.—Matthews.

SECOND PEACE CONFERENCE IS CALLED BY POWERS

St. Petersburg, Sept. 19.—An invitation to the powers to attend a second peace conference at The Hague has been issued by Emperor Nicholas. It has been officially announced here that "The Russian government proposed to address the foreign powers with a view to the holding of a peace conference at The Hague," but it is known that negotiations preceding this announcement that the government "proposed to address the powers" were entered into especially with the United States and were conducted with the greatest secrecy, there being not the slightest inkling that Russia contemplated anything of the kind. It is impossible yet to learn the proposed date of the second conference or to gain even an approximate idea regarding it; but it probably will not be greatly delayed. Russia as the power convoking the conference will probably submit an official program, the other powers submitting suggestions.

That Russia should plan a meeting despite the steps already taken by President Roosevelt was heard with amazement. It is clear that the step could not be taken by Russia without first reaching a complete understanding with President Roosevelt. The fact that President Roosevelt is reported as being entirely in sympathy with the proposal, and that he is said to believe that to the initiator of the first Hague conference should belong the honor of convoking the second, and readily and gladly acceded to the Russian proposal, is clear proof that the conference has already been called and that President Roosevelt relinquished his part in it to the emperor.

Indicted Packers.
Chicago, Sept. 19.—By pleas in abatement attorneys representing the seventeen packers and other persons indicted by the federal grand jury on charges of conspiring in a trust to monopolize the meat business attacked the position of the government. The attack was made against the impaneling of the jury; alleged improper service of a summons on John Murray, and of the jurors; unlawful secrecy at the time the jury was drawn from the box; unlawful presence of a stenographer in the jury room during the hearing and the subsequent writing of the shorthand notes; that the indictment was returned in the eastern division of Illinois, although the jury which

found the indictment was sitting in the northern division of the northern district.

SHOT At A Watchman Did Suspicious Characters

South Bend, Ind., Sept. 19.—Several shots were exchanged between two suspicious characters and Thomas Hackney a watchman at the Clement Studebaker mausoleum at the cemetery. Hackney asserts that the movements of the men attracted his attention and when he appeared they fled, at the same time firing with revolvers. Hackney asserts that one of the men was wounded.

Novelist Dead.
London, Sept. 19.—George MacDonald, the novelist, is dead. He was born in Aberdeenshire, Scotland, in 1824.

CUT TO THE QUICK.

Gold reported found in Beaver township, Mahoning county, O.

At Cincinnati, O., a streetcar ran down a steep grade and killed Charles Hamilton, a pedestrian.

Three hundred union job printers are on strike at Cincinnati to enforce demands for eight-hour day.

Orders for the second cruiser squadron of the British navy to visit the United States have been countermanded.

Standard Oil company advanced the selling price on all grades of refined oil half a cent per gallon. Gasoline was advanced 1 cent a gallon.

Rain-in-the-Face, 62, one of the leading chiefs in the Custer massacre, and who is said personally to have killed General Custer, is dead at the Standing Rock reservation, South Dakota.

One car of an express train bound for Boston was overturned in the New York Central tunnel, New York city, and 12 persons were injured. The accident was caused by an open switch.

Roosevelt to Visit New Orleans.
New Orleans, Sept. 19.—President Roosevelt's telegram to Mayor Behrman announcing his intention to come here as planned Oct. 24 if the people of Louisiana and New Orleans desired him to do so, subject only to the quarantine regulations of other states, is received as an additional indication of the president's sympathy with the people of the state and city in their fight against the fever. There is no doubt of the widespread desire here to reciprocate the president's assistance, but Mayor Behrman will be unable to make reply until he has considered the whole subject of yellow fever quarantines with the local committee in charge of the reception of the president and with Governor Blanchard, who is representing the state in the matter.

Fired Upon Rioters.
Tiflis, Sept. 19.—A mob of 2,000 persons attacked a mail train at the Abasha station and detached the engine. The troops and police fired and drove off the rioters, who had many killed or wounded. Several other outbreaks on the railway have occurred in the neighborhood.

Are You Engaged?
Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped at once, and finally made her entirely well. She is now strong and healthy." G. R. Baker & Son, Mt. Vernon, and F. F. Hosack, Fredericktown, druggist, sells and guarantees them, at 50c a bottle.

BANK FAILS But Promise To Pay Every Obligation

East Tawas, Mich., Sept. 19.—The banking firm of W. Whittemore & Company, at Tawas City, closed its doors. Inability to realize on the bank's paper is given as the cause. A new firm, composed of A. H. Phinney of Turner and W. F. Whittemore has been formed to conduct the business, and they promise to pay 100 cents on every obligation of the old firm.

Deputy Shot.
Cumberland, Md., Sept. 19.—R. L. McLain, one of the armed deputies named by the government at the request of the Consolidation Coal company, was shot at five times by an unknown man while seated in a doorway at Frostburg. He was wounded in the hand. The miners are incensed over the appointment of deputies. They claim there is no need for them.

Washington, Sept. 19.—James W. Boyd, a clerk in the public health and marine hospital service, was arrested on a warrant sworn out by Chief Clerk W. P. Worcester of that office, charging him with embezzlement. The discovery of facts leading to the charge was made last Thursday in Boyd's absence, and the amount abstracted will, according to Boyd's own confession, reach not less than \$20,000.

It was Boyd's duty to prepare bills for the approval of the surgeon general, and when checks were signed they were delivered to him to be mailed to the persons for whom they were intended. It is charged that he manipulated the bills by erasing the dates and amounts of duplicates left in the office and that he secured the money on the checks by indorsing on the checks names of the firms to which they were issued.

REFUSE TO CONTRIBUTE TO POLITICAL CAMPAIGNS

Equitable Hereafter Will Not Give A Dollar

President McCall Of The New York Life To Be Put On The Stand And Questioned Before The Legislative Investigating Committee

New York, Sept. 19.—The Equitable Life Assurance society will hereafter refuse to contribute to political campaign funds. This is the announcement of Paul Morton, president of the Equitable. He was asked if the contributions of the New York Life Insurance company to the McKinley and Roosevelt campaign funds had been equalled by that of the Equitable. "As to that," he answered, "I can not say. I am only concerned with the

future of the Equitable, not with its past." "Will it be the policy of the Equitable in the future," he was asked, "to debar part of the campaign expenses of presidential candidates or other seekers for public office?" "Not any more," replied Mr. Morton.

When the legislative committee on insurance inquiry reassembles Wednesday the testimony of George W. Perkins will be continued and the matter of political contributions on the part of the New York Life Insurance company will be probed.

After Mr. Hughes has finished questioning Mr. Perkins, he will question some subordinate officers of the company, and then John A. McCall, the president of the company, will be put on the witness stand.

Circus Tent Collapsed.
Maryville, Mo., Sept. 19.—The big tent of Ringling Brothers' circus collapsed during a storm here. One man was fatally injured, five seriously hurt and over two score others bruised or trampled upon. Charles Robinson, son of H. E. Robinson of the Maryville Tribune, was struck by a falling pole and probably fatally injured.

General Corbin's Report.
Washington, Sept. 19.—Only the "simple life" is possible for young army officers, according to Major General Corbin, commanding the Philippine division. In his annual report General Corbin says there is too frequently evidence that there are officers in the service not mindful of their financial obligations. The number of complaints on this point, he says, calls for drastic treatment. There are now 18,375 troops in the Philippines, including 5,181 native scouts, and General Corbin recommends that there be no reduction in this force. He says the conditions as to peace in the islands are better than at any time since American occupation, with the exception of Samar.

HARPER
Undergoes Another Operation, but Family is Hopeful.
Chicago, Sept. 19.—President Harper of the University of Chicago has undergone another operation, and according to the statement issued by his family he is resting comfortably. The operation is said to have been but a slight one to relieve intestinal retention, and although there is much apprehension felt over his condition at the university, members of his family are confident he will rally quickly.

Irish Industrial Exposition.
New York, Sept. 19.—At Madison Square Garden the Irish industrial exposition conducted by the Ancient Order of Hibernians was formally opened by Mayor McClellan. After addresses by the mayor and Archbishop Farley, letters and telegrams of regret were read, including one from President Roosevelt. Conspicuous among the features of the exposition were the exhibit of Irish lacemaking and the harp of Thomas Moore, the Irish poet, on which he is said to have set the words of "The Last Rose of Summer." "Dear Harp of My Country," and others of his songs to the old Irish melodies. The harp is loaned by Mrs. Marie Glover-Miller, a well known singer of this city.

DICK THROWS A FIT

Chairman Dick has issued a wail.
It is long and loud.

Dick refuses to be comforted be-
cause Mr. Pattison prefers to follow
his own ideas regarding the cam-
paign and not make political speech-
es until the formal opening at New-
ark on Saturday.

Dick has taken his pen in hand
and announces that the issue this
year is the tariff.

Dick is mistaken.

Dick wishes it was the tariff.

Dick knows, as well as anybody,
that the issue has long ago been de-
fined. It was defined when the Cox-
Dick machine thrust the nomination
of Herrick down the throats of the
thousands of protesting Republicans
all over Ohio. That act, together
with all that goes with it, makes the
issue in Ohio, and Dick and Cox and
the balance of the machine may
yell "tariff" until they are red in
the face, but they will not get peo-
ple to listen to them.

Dick knows that bossism, as per-
sonified by George B. Cox and him-
self, is an issue in Ohio.

Dick knows that "graft," by
which the Cox-Dick machine has
been built up in Ohio at the expense
of the tax payers, is an issue.

Dick knows that the personality
of Boss George B. Cox is an issue in
Ohio this year.

Dick knows that he, himself, rat-
tling around in a United States sena-
torship, and simply the product of
the machine, is an issue in Ohio this
year.

These are among the issues this
year. State affairs are uppermost
in the minds of the people of Ohio
and their attention can not be di-
verted by a false cry of tariff, much
as Dick and Cox and Herrick would
like it.

Oh, fie, Dick!

**YOUNGSTOWN BALL TEAM
IS FINED SUM OF \$500**

The National Base Ball commis-
sion, which met in Cincinnati Sunday
imposed the heavy fine of \$500 on
the Youngstown club of the Pro-
tective association on account of the
continued playing of Billy Phyle,
who is at present under a blacklist.

The following special from Cincin-
nati says:
"The commission yesterday inflicted
a fine of \$500 upon the Youngs-
town club for playing Billy Phyle, a
blacklisted player, contrary to base
ball law. The Youngstown club has
not acted in good faith in this matter.
It submitted a list of its players to
Secretary Farrell for approval when
the club was admitted to organized
base ball. Phyle's name was not in-
cluded in this list, but he has been
playing since. The club manage-
ment was notified by wire yesterday
that it will be ineligible to play any
more games against any National
agreement club until the fine of \$500
has been paid and a written agree-
ment not to play Phyle again until
he has been reinstated has been filed
with the commission. This means
that the Pittsburg club, which is
scheduled to play an exhibition game
at Youngstown tomorrow, will have
to cancel that date unless Youngs-
town gets very busy today.

"Ban Johnson was in favor of let-
ting the Cincinnati club off without
paying a fine for playing against
Phyle at Youngstown on August 31.
He said that the Reds had a right to
assume that the Youngstown club
would play only the eligible players
whose names had been filed with Se-
cretary Farrell. Chairman Hermann,
however, believes that the club
should pay a fine, as the Brooklyn
club did last year. 'As our team,'
said Mr. Hermann, 'did not leave
the field as soon as it was seen that
Phyle was going to play it subjected
itself to a fine, which must be paid.'"

The \$500 fine was paid by the
Youngstown management Monday
afternoon, thereby squaring that

club with the national commis-
sion. The Pittsburg nationals can now fill
their date with Ohio Works Tuesday
afternoon.

The first notice of the fine brought
emphatical refusals by the manage-
ment to pay the fine. Later consul-
tations during the day and the arriv-
al of Manager Marty Hogan from
Columbus seemed to have changed
the attitude.

CONSCIENCE MONEY

Returned By A Chicago Man To B. &
O. Agent At Mansfield

(Mansfield Shield)

George Neubert, or Penbert, the
conscience-stricken resident of Chi-
cago, has also sent a money order
to B. & O. ticket agent C. W. Jones
for \$4.75, the amount of a railroad
fare from Mansfield to Zanesville,
which, he says, he stole in 1897. In
the letter to the Erie ticket agent
the man signs himself George Pen-
bert, but in the B. & O. letter it is
Neubert.

The letter to Mr. Jones reads:
Chicago, Sept. 15, 1905.

C. W. Jones, B. & O. Ticket Agent,
Mansfield, O.

Dear Sir: In 1897 I stole a ride
from Mansfield to Zanesville and in
getting right with God we must
straighten up past wrongs and "owe
not any man." So credit me with
\$4.75 for fare and if that is not
enough let me know.

Your friend,

GEORGE NEUBERT.

The money will be sent to head-
quarters and \$2.60, the fare to Zane-
ville, will be deducted and the bal-
ance remitted to the sender.

RESIGNATION

Councilman Fred S. McConnell Is Accepted

He Has Moved From The First Ward

Council Proceeds To Open Up Sugar Street

Members Of Council From Various Wards Must Provide Voting Places In The Various Precincts-- Other Business

When the city council convened in regular session Monday evening all members were present excepting Mr. E. C. Beggs. Prior to the meeting the resignation of Mr. Fred McConnell as councilman from the First ward was presented and after the proceedings it was accepted. The resignation of Mr. McConnell is necessary owing to the fact that Mr. McConnell has removed from the First ward into the third ward.

President Wm. M. Koons was in the chair and the minutes of the previous session were read by Clerk Harry Wootton and were approved. Mr. S. M. Crouch, clerk of the Knox county board of elections, was present and was given permission to address the members of council. He stated that he had been directed by the board of elections to notify council that they must provide voting places in the various wards of the city for the coming November election. Mr. Cheney offered a motion that the matter be referred to the councilman from each ward and that they provide the necessary voting place and so report to the board of elections. The motion carried. At this point the resignation of Mr. McConnell was presented and accepted.

Mr. Sefton presented a petition signed by about sixty residents of the east end of the city asking that Sugar street be opened up from McKenzie street to Division street.

A resolution was introduced by Mr. Sefton to appropriate property on the east end of the city of Mt. Vernon for the purpose of opening up Sugar street from McKenzie street to Division street. The resolution was adopted, all voting aye.

Upon motion of the finance committee two bills were allowed by the city council.

Mr. Trott of the supply committee offered a motion that City Clerk Wootton be instructed to purchase a new journal to record the proceedings of council. The motion carried.

Mr. Sefton spoke at some length on the proposed improvement of East High street. He stated that council had been censured to a great extent because the work had not already been begun. He spoke of the fact that an ordinance had been prepared incorrectly and the same had been published and how it had been necessary to publish the second ordinance. He thought that every effort should be put forth to conclude the improvement this year.

Mr. Trott offered a motion that the board of public service order Miss Mary Baker to cut weeds in front of her property on Mansfield avenue. The motion carried.

Mr. James O'Rourke, who was present, was granted permission to address members of council. He stated that he had been ordered to construct a sidewalk on East Curtis street and owing to the soft condition of the ground he had proceeded to construct a walk of vitrified brick. A day or so ago the board of public service ordered the work stopped notifying Mr. O'Rourke that he must construct the walk of flagging or cement. Mr. O'Rourke asked permission from council to construct the walk of vitrified brick for the reason that owing to the soft ground the cement walk or flagging would sink. Mr. O'Rourke was informed that it would be necessary to repeal an ordinance if his request was granted and consequently council refused to grant his request.

Adjourned.

Miss Martha Irvine went to Newark today to visit with relatives.

SIDEWALK PUT DOWN

Even If The Owner Threatened To Get Out An Injunction

A day or so ago the board of public service ordered a sidewalk constructed in front of the Banning property on West Vine street where the owner had failed to comply with the orders of council in putting down the walk. Work was commenced on the walk, but Monday afternoon Mr. Banning threatened to get out an injunction if the board proceeded with the work. Nevertheless work was proceeded with and Tuesday morning Mr. Banning informed the members of the board that he would bring no suit and would pay for the construction of the new sidewalk.

THE "TRUSTY" OLD GUN BROUGHT IN THE COIN

Mr. Hugh Crain, employed by the C. A. & C. railroad in the city of Columbus, and who is gifted in writing poetry, has furnished the Banner with the following lines on the land trouble that occurred in South Vernon a few weeks ago, when the railroad was endeavoring to construct the spur track to the glass factories. Mr. Crain formerly lived in Mt. Vernon and is well acquainted with the railroad men in this city.

You may talk of the foxy financiers of the golden street of Wall, With half the wealth of a continent and more if they use it all-- Who when prices soar and money is tight put half the nation in "hock" When the "Bulls" are athurst, and the "Bears" are dry, just show us a man who would dare deny, That hurried and rushed as they always are, they had failed to water the stock.

But why should we travel to far New York to see this wonderful game, When on our road is a financier more worthy than they of fame. Like he who's name is written in "Oil", his name begins with a John, And of this same fluid he handles some, when out with his "Nine" on a highball run.

She never goes hot for the want of oil, they say he pours it on. Up north in a county they call it Knox, not far from the Vernon line, For you know, when you tip the Liberty hill, you encounter a sudden decline,

John bought from under the sheriff's maul, a ribbon strip of ground. And here was the place where John drew bead, when the company started to lay the lead.

Of a Sunday morn when you can't enjoin and the judges are out of town, To the woods for your lives or stay and be killed, cried one of the section men,

As John hove in sight with an old smoothe bore, that looked like a lion's den.

"Ah' divil the bullet in that machine," said Pat, "lets finish the road." The hammer came down on the old blunder buss, then there was a racket and running and fuss.

Every man for his life shouted Pat as he ran, I'll be shot if he hasn't a load.

Next morning was Monday, it couldn't be else, John met with the men of the coin,

And told them he knew that it was done for a joke and not with intent to enjoin.

When that meeting was over and each went his way, some wonderful work had been done,

For there was our friend with six hundred in hand, still holding the title and deed of the land,

As is ever the way of a great financier, and strung to his back was his gun.

When one of the boys, I think it was Wolf, asked John how it all came about,

That one man by himself, with only a gun, could cause such a scattering route.

Said he, "If you will keep it well under your hat, I'll show you the source of my luck."

From high on a peg that he could hardly reach, he pulled down a gun without a breach.

The same old gun-stock, hammer and lock, that was raffled to "Swiney" for "duck."

HEAVIST RAIN

In Years Occurs In Northern Knox County

A Cloud Burst At Butler Monday Evening

Tears Up Hundreds Of Feet Of B. & O. Tracks

And All Passenger Trains Through Mt Vernon Delayed For Several Hours--Considerable Damage Reported

One of the heaviest rain storms that has visited Knox and Richland counties this summer, occurred Monday afternoon in the vicinity of Butler and as a result the traffic on the B. & O. railroad was tied up for many hours.

The heavy storm broke about four o'clock in the afternoon and was of the nature of a cloud burst. The rain came down in sheets and was of about a half hour's duration. Many old resident of that vicinity claim that it was the hardest rain that ever visited that section of the county.

More than two hundred yards of track was washed out along the B. & O. railroad and traffic was completely tied up. A work train was made up at Newark and the sectionmen all along the line were taken to the damaged tracks. Men were also sent from Mansfield and stations south of Mansfield.

Passenger train No. 16 due in this

city 6:45 p. m. reached the city about three o'clock Tuesday morning. The fast New York train transferred at Shelby Junction to Columbus and then into Newark. The Chicago fast train, due in this city at 9:01 p. m. was also transferred over that route.

On Tuesday morning the work of repairing the tracks was well under way and the trains were allowed to pass over the new filled road beds. In many places the beds were washed out to a depth of four and five feet.

Meeting Held By American Insurance Union

A Beautiful Drill Given And An Address Delivered By National Secretary, Dr. Hoglan

Mt. Vernon Chapter No. 133, American Insurance Union, held an enthusiastic meeting Monday night. The attendance was unusually large. The regular order of work was disposed of and visitors were admitted and witnessed the beautiful exhibition drill of the ladies' degree staff composed of 24 ladies. This team was organized about two months ago and their floor work Monday night was excellent. They were dressed in white and carried small American flags; the effect was beautiful.

Dr. Geo. W. Hoglan, National Secretary of the A. I. U. of Columbus, was the guest of honor and after the drill gave an interesting and instructive address on the principles of the American Insurance Union. He also gave a description of the beautiful new A. I. U. Temple which is nearing completion in Columbus and which will be dedicated early in the new year with appropriate ceremonies.

The national secretary complimented the ladies on their splendid drill. The local chapter membership is increasing and will soon reach the 100 mark.

NEW GAS COMPANY

Formed By Mt. Vernon People To Develop Land In Miller Township

Another new gas company has been incorporated by Mt. Vernon people under the laws of Ohio in the city of Columbus for the purpose of developing the gas land in Knox county. The new company is to be known as the Kelly Oil & Gas company and the capital stock is \$15,000. The incorporators are Martin S. Kelly, Thomas A. Kelly, Mary A. Kelly, W. A. Fike and Judge Frank O. Levering. The new company will elect officers and complete the organization in a few days. A well will be sunk on the Kelly farm in Miller township.

WISE AND OTHERWISE

In a rural justice court the defendant in the case was sentenced to serve 30 days in jail. He had known the judge from boyhood, and addressed him as follows:

"Bill, old boy, you're a gwine to send me ter jail, air you?"

"That's what," replied the judge.

"Have you got anything to say again it?"

"Only this here, Bill; God help you when I git out!"—Atlanta Constitution.

Joseph Jefferson stocked the lake on his Louisiana farm with bass and other game fish. Not long afterward he came upon a stranger fishing in his lake.

"See here!" said the great comedian. "What do you mean by catching my fish?"

"Begorra," replied the fisherman, slowly removing his pipe from his mouth. "O'im not fishin'! Oi'm t'achin' these wurrums how to swim!"

Yesterday morning, on a street car, the joker and his friend had fun with the conductor.

"Let me pay the fares," whispered the wag. "I have 10 pennies, and it will make the conductor sore."

Perhaps it did. At any rate the conductor took the coppers and contented himself with remarking, in tones that all the car could hear: "Been robbin' the poor kid's bank again, ain't you?"

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Take Care Of Your Heart.

It is the engine that forces the blood to every part of the body; this blood conveys the nourishment that makes flesh, bone and muscle; it also carries off the worn-out particles.

If the heart flutters or palpitates, it is weak, and is working imperfectly, so that the body does not get this nourishment; it also fails to throw off the impurities, and they remain to poison the system.

If it is irregular, skips beats, or is painful, the heart is probably "leaky" and the circulation poor. These conditions are dangerous. You can make your heart well, and keep it so, with Dr. Miles' Heart Cure, which is a heart medicine and tonic that strengthens the heart nerves and muscles.

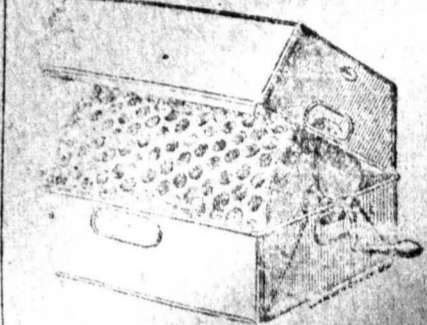

"I have been a sufferer for years from nervousness and weak heart, and I have tried all the doctors in the community. They all told me that I had heart trouble, but they failed to help me. My druggist prevailed upon me to try Dr. Miles' Heart Cure, and the first bottle did not benefit me, he would return the money. Every dose helped me from the time I began taking it, and after awhile my trouble was gone entirely."

BURDETTE DEKAY, Cuba, N. Y.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

MEYER, LINDORF & TRIGG

DEFEATED

Was a Nonunionist in a Damage Suit Against a Labor Union.

Chicago, Sept. 19.—If a union tells a contractor that its men will not work with a nonunion man, and if as a result the nonunion man is discharged and is unable to secure employment on account of the union's attitude toward him, the union is not liable for damages to the nonunion man. This is the substance of a decision rendered here in the superior court by Judge Gary, when instructing a jury to find a verdict of not guilty in favor of local No. 147 of the Brotherhood of Painters, Decorators and Paperhangers, which organization had been sued by John P. Burgher, a nonunion man, for \$35,000 damages.

Anthracite Miners' Convention. Shamokin, Pa., Sept. 19.—President John Mitchell of the United Mine Workers of America announces that the convention of mine workers of the three anthracite districts at which demands will be formulated to be presented to the anthracite coal companies next spring will be held here on Dec. 14. The mine workers of the three districts will shortly elect delegates to represent them at the meeting. The decision to hold a convention to formulate demands is similar to the action taken before the great strike of 1902, when a convention was held here to draw up demands. The award of the anthracite coal strike commission will expire March 31 next year.

Strike Averted. Pittsburg, Kan., Sept. 19.—The district board of the United Mine Workers voted to accept the proposition of the Coal Operators' association on the coal-pushing wage question, and all danger of a strike in this district over that dispute was averted. The operators will pay the miners for the time actually consumed in pushing cars to and from the room to the switch on the main entry. This affects only the Kansas miners. The question of extra pay on two Missouri shafts has been referred to John Mitchell, both sides agreeing to abide by his decision.

Moroccan Dispute. Paris, Sept. 19.—Franco-German negotiations relative to the Moroccan conference have again taken an unfavorable turn, causing anxiety in official and diplomatic circles and renewing the depression on the bourse. This is due to the continued insistence by both sides on points which were considered to be susceptible of compromise. Therefore the rumor circulated naming the plenipotentiaries and fixing the date of the conference is purely speculative, as serious difficulties still remain to be overcome. However, both parties are willing to accept Algieras, Spain, as the place of conference.

AT THE TOP

Return of the Yellow Boys. Paris, Sept. 19.—The turn of the tide of gold towards New York is exciting the attention of bankers and other financiers, who say that this restores the international movement, which has been abnormally reserved for the last two years, partly by the war in the far east. The Bank of France stated that the shipments to the United States were the resumption of the usual conditions at this time of the year.

Columbus Finished in the American Association Race.

Chicago, Sept. 19.—Monday's games concluded the American Baseball association's season, Columbus winning the pennant with 100 games won and 52 lost. The season was a success, financially and otherwise. The several clubs finished as follows:

FIREARMS

Called In by the Cuban Government. Merchants Protest.

Havana, Sept. 19.—Prominent wholesale merchants protested to President Palma because the department of the secretary of government is compelling dealers in firearms, including those used in hunting, to deposit all but a few in the government arsenal. The order was issued by General Wood, but has only recently been enforced.

Panama Canal Laborers.

Colon, Sept. 19.—The French line steamer Canda arrived here, bringing from Martinique 600 laborers for work on the canal. They will be sent to the Paraiso, Culebra and Pedro Miguel sections. The government of the canal zone is paid the passage of these laborers and will also provide them with lodges, hospital and commissariat coupons. A number of tradesmen and others also arrived on the Canda. The Panama railroad steamer Havana sailed for New York. On her return she will bring the members of the board of consulting engineers of the canal commission.

Want Cossacks.

Tiflis, Sept. 19.—General Shirinkin, commander of the troops, received a telegram from the officials of the copper works at Elizabetopol requesting him to send Cossacks to the district. The telegram says that the district is surrounded by bands of Tartars and that property and lives of the employees are in imminent danger. Five wagons filled with Armenian refugees from Shusa were attacked by Tartars. Most of the refugees were killed and women were carried off. Similar outrages are occurring in various districts.

Disastrous Fire at Nome.

Seattle, Wash., Sept. 19.—Sixty buildings were destroyed by fire at Nome, Alaska, on the night of Sept. 13, causing a loss estimated at close to \$200,000. The city hall, a small building, was destroyed, but the records were saved, and it is reported that the big stores of M. E. Atkinson and J. P. Parker were destroyed. It was at first reported that the fire destroyed the larger wholesale and retail stores, but this proved incorrect. No loss of life is reported.

Municipal Universities.

New York, Sept. 19.—Dr. Charles W. Dabney, head of the University of Cincinnati, who has been investigating the system of conducting city universities in England, arrived from Antwerp on the steamer Zealand. He visited Birmingham and Manchester, Glasgow and Liverpool. The municipal universities in England, he said, are far ahead of those in this country.
