DECREE ON EXCLUSION AFFECTS MANY CHINKS

Chinese Watching Every Step Taken In The Courts

They Will Claim Damages From Uncle Sam Should The Supreme Court Sustain The Ruling That Chinese Can't Be Deported

Cincinnati, O., Oct. 12.—A motion to advance the hearing on the cases of the six Chinamen who had been ordered deported from Cleveland under the Chinese exclusion act was granted by the United States circuit court of appeals in this city. Former Judge Wing, who presented the motion, simply said that the cases were important and ought to be advanced, asking at the same time permission to print a brief in one case and submit all six on that, as the cases were practically identical so far as the law was concerned. The cases are expected to come up at the December term of the court. The same technical question is involved in all of the suits, namely, Judge Wing's contention that the treaty with China has expired and that there is therefore no exclusion act under which Chinese can be deported.

The litigation affects many Chinamen now in the United States, and is important in every court district; therefore it will be appealed, it is said, to the supreme court of the United States. It is stated that representatives of the Chinese government in this country are keeping close watch on all Chinamen deported, with the purpose of demanding indemnity in case the supreme court decision is favorable.

Trapped by Divorced Wife.
Lima, O., Oct. 12.—Developments in the American National bank robbery, for which former janitor Elijah Bowsher and Thomas Wilkins, real estate agent, were indicted by special grand jury, divulge the fact that the detective work in the case was done by the divorced wife of Wilkins, now a clerk in the office of Probate Judge Miller. Vice President Michael and Cashier Kalb of the bank lived six years under the imputation that they were guilty of stealing \$18,233 from the bank. Mrs. Wilkins, hearing Prosecutor Klinger speak of Kalb and Michael, said, "They are innocent." Klinger induced Mrs. Klinger to tell what she knew of the robbery, and was persuaded to arrange a meeting of Bowsher and Wilkins at her home. The court stenographer and a deputy sheriff were hidden in the room above and heard the story of the robbery discussed by the men as they were questioned by Mrs. Wilkins. The statements were taken down in shorthand and given to the grand jury.

LABOR RESOLUTIONS AGAINST SOCIALISM

Pittsfield, Mass., Oct. 12.—The state Federation of Labor at its convention adopted resolutions condemning Socialism in general and the social or Workers' World, which was formed in Chicago in July and headed by Eugene V. Debs, former presidential candidate on the Socialist ticket, and other prominent Socialists. The resolutions characterized the Industrial Workers' World organization as the "most despicable national body" and it was resolved that "we resist by all lawful means this encroachment upon our rightful territory, namely, the labor world of the United States." The resolutions met with a storm of protests from the Socialist delegates. National agitation against child labor was recommended.

REFORM In Football Proposed In Eastern Colleges

New Haven, Conn., Oct. 12.—Walter Camp, Yale's general athletic adviser, gave out a statement in respect to the conference of the representatives of Yale, Harvard and Princeton with President Roosevelt, for the purpose of considering reforms in the game of football. The statement follows: "At a meeting with the president of the United States, it was agreed that we consider an honorable obligation exists to carry out in letter and in spirit the rules of the game of football relating to roughness, holding and foul play, and the active coaches of our universities being present with us, pledged themselves to so regard it and to do their utmost to carry out that obligation." The statement was signed by representatives of the colleges.

NO FEVER CASES ON ISTH-MUS ACCORDING TO REPORT

Panama, Oct. 12.—Governor Magoon's annual report, in course of preparation, will treat of the work of sanitation following the new plan put in force immediately on the arrival of the governor here. The cases of yellow fever in June numbered 60, in July 42, in August 27, in September 5, and so far this month there was not a single case reported.

The canal commission annulled the contract awarded K. E. Markel of Omaha, Neb., to feed employees of the canal. The reason for this action is that Chief Engineer Stevens, through the department of materials and supplies, is handling the commissaries successfully, rendering unnecessary the arrangement with Markel. Protests made by employees against the arrangement, it is believed, also influenced the decision. The contract with Markel was to run five years, and it was estimated that it would involve \$50,000,000.

Hudgins & Dumas, one of the firms which bid for the contract, protested against the award to Markel, alleging favoritism and charging that the latter was enabled through leak in the office of Chairman Shonts to gain information about the other bidders which aided him in bidding successfully.

The protest was forwarded to President Roosevelt, who referred it to Chairman Shonts for report, who decided that the contract would stand.

HUMPHREY'S HINT.

Charge of Monopoly May Be Overruled In Beef Trust Indictments.

Chicago, Oct. 12.—An important ruling was made by Judge Humphrey in the prosecution of the packers.

After arguments on demurrers to the indictments were finished Judge Humphrey remarked: "As it now looks to the court, the old number of counts are sufficient and the even-numbered counts insufficient. The ar-

ENJOINED Are All The Printers In Toledo, O

Toledo, O., Oct. 12.—Judge Morris of the common pleas court granted a sweeping injunction restraining the local typographical union and the Central Labor union from interfering with employees of the German Express company, which recently declared for the open shop. The injunction restrains the defendants from picketing and patrolling the premises of the company and from boycotting its business by means of circulars notifying the public that the plaintiff is unfair to labor.

Failed to Agree.
Chicago, Oct. 12.—Secret conferences between Judge C. C. Kohlsaat of the United States circuit court and lawyers interested in the litigation over the Western Life Indemnity, in an effort to bring about an amicable adjustment of the difficulty, were unsuccessful. It was finally decided that the case will be taken up in open court before Judge Kohlsaat Monday.

New Cure For Cancer
All surface cancers are now known to be curable, by Bucklen's Arnica Salve. Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at G. R. Baker & Son's, Mt. Vernon, and F. F. Hosack's, Fredericktown, drug stores; 25c, guaranteed.

argument has been so clear that is my present impression, but there may be a change in my mind before I give my decision. I will faithfully read the authorities cited by either side in this case. When I am ready to render my decision I will notify the district attorney and the attorneys for the defendants. The odd-numbered indictments which may be considered sufficient by the court charge conspiracy among the defendants in restraint of trade. The even-numbered counts charge a monopoly.

The first count in the indictment is not to be considered in the decision of Judge Humphrey, as to this count the packers are to plead not guilty and go to trial immediately.

Rockhill Censured.
Victoria, B. C., Oct. 12.—Advices by the Empress of Japan included a Manila dispatch to the Japanese Advertiser of Yokohama which states that General Corbin severely censures United States Minister Rockhill at Peking, charging him with dereliction of social duty in the provisions made for the reception and entertainment of the president's daughter and party at Peking. The Advertiser says: "Execrable mismanagement of the reception and direct discourtesy on the part of the minister are charges freely made. The returning party say the marked scantiness of attention paid them was sufficient to elicit surprise from the various legation staffs of the other Peking embassies."

Banker Wept When Sentenced.

Fargo, N. D., Oct. 12.—J. A. Erickson, ex-president of the defunct Second National bank of Minot, on a plea of guilty was sentenced to five years in the pen for making false returns to the comptroller of currency. High living and inexperience caused his downfall. Erickson wept when sentence was pronounced.

Important Witness.
Chicago, Oct. 10.—Edward Tilden, who is president of the board of education and also the head of the National Packing company and Libby, McNeil & Libby, was subpoenaed to appear as a witness in the trial of the packers. Tilden was ordered to produce books and papers pertaining to the packing company. He is at the head of the two packing firms which were not named in the conspiracy indictment. He was one of the many witnesses before the grand jury.

Murry Paper Liquidated.
Indianapolis, Ind., Oct. 12.—John S. Reed, representative of the state, who holds the securities turned over by former auditor of state David E. Sherrick when he resigned four weeks ago on the demand of the governor, received \$52,536.34, being the amount due on the note of W. S. Wickard and the J. H. Murry Lumber company. This reduces the amount still owed to the state to \$61,000, for which securities amounting to more than this sum are in the hands of the state.

Hosack's, Fredericktown, drug stores. Price 50c. Guaranteed.

Red Oak, Ia., Oct. 12.—The case of Thomas Denison of Omaha, who was indicted for complicity in the robbery of \$75,000 worth of diamonds from N. Pollock, a New York diamond salesman, on a train, was dismissed. Denison's case was to have come up for a second trial in December, the first trial having resulted in a disagreement. The case has attracted wide attention, having been heard once in the United States supreme court.

Full Of Tragic Meaning
are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At G. R. Baker & Son, Mt. Vernon, and F. F. FAVORS FLEXIBLE PLAN DOES SHAW IN SPEECH

Well Liked By All Bankers Of The Country

In Times Of Stringency He Would Issue Extra Bank Notes Heavily Taxed To Force Retirement When Pressure Is Reduced

Washington, Oct. 12.—In his address to the convention of the American Bankers' association here Secretary Shaw repeated practically the speech he delivered to the Ohio bankers at Cleveland, in which he proposes a flexible currency plan to remedy pressure in times of stringency.

The 3,300 bankers applauded Secretary Shaw to the echo when he concluded a lengthy address, the burden of which was a panorama of the prosperity of the country contrasted with a monetary system which is inflexible and liable thereby to bring disaster at any crucial time.

Frank A. Vanderlip of the City National bank of New York, former assistant secretary of the treasury, saw the same prosperity and he also saw the dangers ahead. Secretary Shaw suggested a remedy—a heavily taxed national bank note currency which would be drawn forth at times of unusual demand for money, and by reason of the tax be retired immediately upon changed conditions. Mr. Vanderlip had no advice to offer.

The remedy suggested to meet the inflexibility of the monetary system suggested by Secretary Shaw in his speech before the bankers became a subject of considerable interest to delegates to the convention. To some of them the proposition was new as coming from Secretary Shaw, but as a matter of fact it was the same as that put forth by him in his recent speech before the Ohio Bankers' association at Cleveland.

Mr. Ridgeley, comptroller of currency, pointed out the necessity of a change in the methods of the government's supervision of national banks. President Swinney of the association reviewed its growth and development for the year. President Roosevelt was applauded and thanked for his successful efforts in making peace between Japan and Russia. The president received the bankers and the women accompanying them at the White House. There were music and floral decorations, but no speeches.

A reception was given by Secretary and Mrs. Shaw at the Arlington hotel. The reception rooms were decorated with plants and cut flowers and a band stationed in the alcove played during the evening. About 3,000 persons attended and were introduced to Secretary and Mrs. Shaw, who were assisted in receiving by Assistant Secretary and Mrs. Taylor, Assistant Secretary and Mrs. Keop, United States Treasurer Treat and Comptroller of the Currency Ridgeley.

HELD FOR THEFT.

Circus Man Taken Prisoner and the Goods Found on Him.

Chicago, Oct. 12.—Passengers on an 18-hour train from New York were

searched before being allowed to alight, and one of them, J. J. Croake, was arrested charged with robbery. By the arrest he says his life's romance was shattered. Croake was on his way to visit relatives in Chicago, he said, and expected to go back to Newark, N. J., Nov. 1, to be wedded to a young woman, whose name he refused to disclose. The victim of the robbery was Samuel M. Hamm, a national bank examiner. His gold watch and his purse, containing \$153, were found in Croake's suit case. The prisoner protested his innocence and declared that the plunder was placed in his valise by some one else. A number of persons of prominence had their clothing and baggage searched by detectives. Croake is a circus performer. He has been touring Europe, and just returned.

No Anglo-Russ Accord.
St. Petersburg, Oct. 12.—Though the press is industriously canvassing for and against the prospects of an Anglo-Russian accord in diplomatic circles here no action is expected for several months, at least so far as the negotiations at St. Petersburg are concerned. The British ambassador, Sir Charles Hardinge, leaves here next week on a three months' vacation and he would hardly do this were important negotiations in prospect.

Greeks Under Arrest.
Roseburg, Ore., Oct. 12.—In a fight between Greek laborers and the superintendent of a railroad gang, near here, the wife of the superintendent and two Greeks were killed. All the 80 Greeks were arrested. The jail not being large enough to hold them they are being guarded by troops in a vacant warehouse.

Afonso Going to Germany.
Madrid, Oct. 12.—Palace authorities were ordered to prepare for the departure of King Alfonso to Germany Nov. 3. The king will remain in Berlin from Nov. 6 to Nov. 12, attending elaborate festivities, a military review and a hunt.

Gypsy Moth.
Boston, Oct. 12.—The gypsy moth department of the state announced that the area affected by the gypsy moth increased from 259 square miles last year to 2,082 square miles this year. This is about one-fourth the land of the entire state, and the extension is viewed with apprehension by the department. Landholders throughout the infected district are asked to co-operate with the state in exterminating the pest.

MADE ONLY AT TAYLOR'S MILL BY THE NORTHWESTERN ELEVATOR MILL CO. MT. VERNON, OHIO

THE MT. VERNON TRIUMVIRATE

Talking about Bossism, now there is the Mt. Vernon Ring!

Isn't it about time to clip their wings?

Aren't they getting a little too brash?

They deal out the offices, not in the interests of the public or the party to which they belong, but to promote their own personal selfish interests.

It is a close corporation, is this Ring.

There are just three of them—Dowds, Vincent and Owen.

This Triumvirate is the Real Thing at the present time.

They are in control of the party machine, and it seems impossible to dislodge them within the party ranks.

A strong effort was made in that direction this year, but they were in a position to promise patronage, and retained control by a judicious pledge of it—positions in the Mansfield reformatory (by virtue of Vincent being manager of that institution); positions in the Mt. Vernon post office (by reason of Grant Dowds being slated for the postmastership); positions in the state institutions at Columbus (on account of the "pull" of Mr. Dowds, at present representative); appointments as village postmasters in Knox county, to be made good when Mr. Owen goes to congress. In addition there were the promises of future nominations on the county ticket.

The Triumvirate holds full sway in Republican party affairs in Knox county and without their say so, no Republican, no matter how worthy or deserving, can hope to secure party preferment.

They were in absolute control of the recent Republican county convention, and secured the nomination of their favorites by promises of official reward well distributed among delegates.

And why?

Simply that they may strengthen their position, more strongly entrench themselves, and promote a further selfish desire for official profit and patronage.

Jud Vincent already holds two offices—member of the board of public service of Mt. Vernon and member of the board of managers of the Ohio state reformatory at Mansfield, the combined salaries of which furnish him a very handsome income on the side and do not interfere with private business enterprises.

Grant Dowds is slated for the postmastership of Mt. Vernon. He has had other and profitable offices, but his appetite is not satisfied. He has the endorsement of the local machine, easy enough to secure when he is one of the three who control it. He has been to Washington to see Congressman Weber about his appointment as postmaster and was accompanied on the mission by Jud Vincent.

And then there is Frank Owen—he wants to go to congress. Dowds and Vincent can be useful to him in having his ambition to shine as a statesman gratified, and he can reciprocate by getting fat offices for Dowds and Vincent and their relatives.

Isn't it nice, this little three-cornered Ring, which takes care of all the good things for themselves, their relatives and a few chosen ones who can be of use to them!

But where is this Ring business going to end?

Isn't there anybody worthy of consideration except the Triumvirate and those who have their O. K.?

At present it seems not!

But there is a remedy for the grasping disposition of the Triumvirate.

And that is—

Smash the Ring at the election next month by defeating the Ring-made ticket.
