Conferences	Stitching Middelleeuwse Religieuzen en Profane Insignes
Organizations	The Index of Medieval Medical Images (IMMI) : The project aims to describe and index the content of all medieval manuscript images (up to the year 1500) with medical components held in North American collections. It makes available a substantial sample of the images and descriptions via a searchable database on the Web.
Exhibitions	Virtual Vezelay
Research Announcements	WorldImages : WorldImages provides access to the California State University IMAGE Project. It contains over 50,000 images, is global in coverage and includes all areas of visual imagery. WorldImages is accessible anywhere and its images may be freely used for non-profit educational purposes. The images can be located using many search techniques, and for convenience they are organized into some 500 portfolios which are then organized into subject groupings. [ed. note: includes lots of medieval images.]

FEATURED WEBSITE

Romanes

<http://romanes.com/>

One of the most beautiful sites on the internet! Filled with gorgeous pictures of Romanesque and Gothic churches, sculpture, and painting; the site also has special categories focusing on Cistercian art and Romanesque sculpture. Hundreds of small, out-of-the-way churches plus immense, magnificent cathedrals are featured.

Capital from Saint Benoît sur Loire from <http://romanes.com/>
