Flickr Groups

Flickr Groups (<http://flickr.com/>) is an image hosting suite and online community platform. People upload and share personal photographs, which number over 3 billion images. Flickr asks photo submitters to organize images using tags (a form of metadata) that allows searchers to find images based on keywords. What makes it useful for the readers of Peregrinations are the specialized interest groups that focus on different areas of medieval art and architecture. See, for example,
