THE OHIO ATHLETIC CONFERENCE, of which Kenyon College is a member, in a special July session voted to remove the word "male" from the General Regulations. A committee which includes representative of women's sports programs in OAC colleges was formed to study the ramifications of this action. This committee is scheduled to report at the November meeting of the OAC. The new ruling allows women to compete on men's teams immediately until further guidelines are established. Title IX regulations of the federal government exempt the sports of football and wrestling from this change.

We as Newscope editors would like to welcome all to Kenyon. Our aim this year is to provide information about events of interest to the community. Announcements must be submitted by 4 p.m. on the day preceding our regular Monday, Wednesday, and Friday publications. Forms are available at the pick-up areas in Ascension Hall, the switchboard (Ransom Hall), and the Student Affairs Center. Until a better facility is provided, we will continue to publish rides and ads. These, however, will be announcements of lowest priority and will be printed only if space is available. Our best wishes for the coming academic year.
