COMMENTS/DESCRIPTIONS OF SPECIALS

Miravales H-1 c is a mini-vessel

Specials: Caved vessel with the glyphic elements paste is a brown + pondry, similar to Monte Grande paste. Not w/ longer, white inclusions. There might have been a orange slip on the interior surface - the exterior is also very model. Special identified as Cerro Arenal by PAU 2 March 1992.

Faint, illegible handwriting on lined paper, possibly bleed-through from the reverse side. The text is scattered across the page and mostly unreadable due to low contrast and blurriness.
