COMMENTS/DESCRIPTIONS OF SPECIALS

5 of the La Chupa Grp. are dated almost beyond recognition

LC III
LC II, ~~LC I~~

19/11/91

1. The first part of the report deals with the general situation of the country. It is a very interesting and comprehensive survey of the various aspects of the national life. The author has done a great deal of research and has gathered a wealth of material which is presented in a clear and concise manner.

2. The second part of the report is devoted to a detailed study of the economic conditions. It shows how the various industries are developing and how the government is trying to improve the standard of living. The author has also pointed out the many difficulties that are facing the country and has suggested some practical ways of dealing with them.

3. The third part of the report is a study of the social conditions. It shows how the different classes of the population are getting along and how the government is trying to help the poor. The author has also pointed out the many social problems that are facing the country and has suggested some practical ways of dealing with them.

4. The fourth part of the report is a study of the political conditions. It shows how the government is working and how the people are participating in the political process. The author has also pointed out the many political problems that are facing the country and has suggested some practical ways of dealing with them.

5. The fifth part of the report is a study of the cultural conditions. It shows how the different groups of the population are getting along and how the government is trying to help them. The author has also pointed out the many cultural problems that are facing the country and has suggested some practical ways of dealing with them.

6. The sixth part of the report is a study of the international relations. It shows how the country is getting along with the other nations and how the government is trying to improve its position in the world. The author has also pointed out the many international problems that are facing the country and has suggested some practical ways of dealing with them.

7. The seventh part of the report is a study of the future of the country. It shows how the author thinks the country will develop in the years to come and what the government should do to make sure that it develops in the right direction.

8. The eighth part of the report is a study of the present situation of the country. It shows how the country is getting along at the present time and what the government should do to improve it.

9. The ninth part of the report is a study of the various aspects of the national life. It shows how the different parts of the country are getting along and how the government is trying to help them.

10. The tenth part of the report is a study of the various aspects of the national life. It shows how the different parts of the country are getting along and how the government is trying to help them.
