KENYON COLLEGE, GAMBIER, OHIO, FEBRUARY 18, 1936

NO. 16

KENYON AND RESERVE WILL MEET TONIGHT

Game Tonight Will Renew Rivalry Which Began in 1866

KELKER INELIGIBLE

At 8 o'clock tonight on Western Reserve's basketball court, Kenyon renews an athletic rivalry with Reserve that began seventy years ago. We've often competed with Reserve in different sports during that period, the last contest being in the fall of 1929. In that year, our football team, led by Marty Sammon, succumbed to Reserve 15-0.

The interest in the struggle tomorrow night will be heightened by the fact that Kelker, Reserve's star guard, will be out of the game because of eligibility difficulties and, also, that Fleishman, high point scorer, will be guarded by Jack Sammon, Marty's kid brother.

The tension promises to run high and a representative group of Kenyon students is expected to make the trip to Cleveland to see the game.

Kenyon, according to impartial statistics, has had only a mediocre basketball season, having won four games and lost eight. However, there is a point that figures don't show and that is that three of those games have been lost by very narrow margins.

Total points for the season thus far:

Kenyon—372 pts.

Opponents—395 pts.

Scores of individual Kenyon players:

Sebach—127 pts.

Stamm—59 pts.

Sammon—55 pts.

Veatch—44 pts.

Rollins—36 pts.

Enstis—35 pts.

Durbin—11 pts.

Thackery—3 pts.

Jasper—2 pts.

Crumline—0 pts.

Boren—0 pts.

CALENDAR FOR THE WEEK FEBRUARY 18 to 25, 1936

Tonight—Basketball, Kenyon vs. Western Reserve, Cleveland.

Wednesday—Glee Club rehearsal, Chapel, 6:45.

Drama Club Executive Committee meeting, lounge, 6:30.

Swimming meet, Kenyon vs. Denison, 8:00.

Thursday—Philomathesian, Philo Hall, 7:30.

Debate—Kenyon vs. Hillsdale, Nu Pi, 11:00 a. m.

Friday—Glee Club rehearsal, Chapel, 6:45.

Basketball, Kenyon vs. Denison, Rosse Hall, 8:00.

Next Monday—Larwill Lecture—Prof. Douglas of Univ. of Chicago on unemployment policies.

Debate—Kenyon vs. Oberlin, Nu Pi, 8:00.

Next Tuesday—Larwill Lecture—Sir Herbert Ames on international problems.

LORDS DROP CLOSE GAME TO CAPS, 42-40

Purple Leads for 39 Minutes Only to Drop Decision in Final Seconds.

For 39 minutes last Tuesday evening it appeared to Rosse Hall spectators that Kenyon was about to avenge a previous defeat sustained at the hands of Capital University. But in the last minute, Ray Heischman, brother of Capital's high-scoring Fred Heischman whom Jack Sammon had bottled up all evening, dropped two free shots to tie the score and, with 15 seconds to play, Long, Gap forward, followed a shot under the basket to put the Bexleyites ahead, 42-40. Sammon let go of a long shot just before the gun cracked, but the die was cast and the Lords had to be content with another hard-fought, but heart-breaking loss.

Kenyon jumped to an early lead and was ahead thereafter, until the end of the game, except for a brief moment in the first half when the Lutherans held a 9-8 advantage. Stamm, and Rollins, who has recently found his shooting eye, scored seven points each to account for most the Kenyon first half scoring. Capital, trailing at the intermission by a score of 21-14, began the second half with a zone defense, which the Purple easily solved, running the score to 27-16. Here Capital shifted back to its man-for-man defense and from then on steadily drew up on the locals, finally pulling ahead.

Long and Ray Heischman were the chief offenders. Not only did their last minute shots win the

(Continued on Page 3, Col. 2)

67 MEN ON FIRST TERM MERIT LIST

Middle Hanna Takes First Place in All-College and 39' Division Ratings

From the Dean's office, center of post-examination interest, come statistics on scholastic standings for the first semester, 1935-36. For the 221 men in the entire college the average is 2.499, and for the 74 men in the freshman class the average is 2.641. From the three upper classes there are 34 merit list and 18 honors men, while the freshman class has 15 on the merit list. From these figures it appears that 68 men or just over 33 percent of the college has an average of 2.5 or better. (Honors men are assumed to have an average of 2.5 or better to be eligible for honors work). On the new merit list there are nine Seniors, nine Juniors, sixteen Sophomores, and fifteen Freshmen.

On the list of fraternity averages Middle Hanna leads with the highest averages in the college and in the class of '39. An interesting point that can always be brought out by those unfortunates who find themselves scholastically "in the basement", or part way down the cellar stairs, is that, between the highest and lowest in the fraternity ratings there is usually only a point or so difference. On the present list there is 1.054 difference between the top and bot-

(Continued on Page 4, Col. 1)

CLAN ELECTS ELEVEN MEN TO MEMBERSHIP

March 21 Set for Initiation Banquet. Club May Give Certificates to Athletes

The Kenyon Clan elected 11 new lettermen to membership when they met in the Commons last Thursday. The newly elected men are Dave Beatty, '38, Bill Cann, '38, Fritz Taylor, '37, Rodney Boren, '38, Bob McLennan, '37, Bud Thackery, '38, Dave Jasper, '38, Russ Gruber, '37, and Carl Crumline, '37.

The Clan named March 21 as the date for the semi-annual banquet, at which those elected will be initiated into the Clan. The Clan also made the ruling that all initiation fees must be paid before initiation. The fee asked will pay for Clan keys for all initiates.

To provide Kenyon athletes with a more lasting evidence of athletic achievements, the Clan decided to investigate the cost of certificates in addition to the usual award of sweaters. If the price is not exorbitant, the Clan will give all lettermen certificates for each sweater awarded.

The Rev. Almon R. Pepper, '21, took office in January as Executive Secretary of the Church Mission of Help of the Protestant Episcopal church. He has been active in social work, and was appointed a canon of Trinity Cathedral in 1932; and also served for the last two years as rector of Grace church, South Cleveland.

POLO TEAM CRUSHES ILLINI TRIO 22-10

Illinois Second Big Ten Team to Fall Before Purple Team

M'MAHON SCORES 10

Kenyon's high-powered poloists achieved their second Big Ten victory in as many starts when they defeated the University of Illinois trio at Champaign last Saturday by a score of 22½-10½.

Bob MacMahon led the scoring with ten of the Kenyon goals, and generally covered himself with glory through his unerring stick-work. The large crowd of Illini rooters were at the same time surprised and thrilled by the excellent polo demonstration by the boys from Gambier. Ake, Sted, and Monro performed very creditably and between them split the remainder of the scoring.

The fast and accurate Kenyon offensive sweeps left the orange and blue horsemen completely baffled and the tight Purple defensive efforts did little to fill them with happiness.

In beating Ohio State and Illinois, the top-notch representatives of Western collegiate polo, Kenyon's riders have conclusively proved that there is nothing in the Middle West that can hold the proverbial candle to them. If they continue at their present pace, which they should do without any trouble, they will probably find themselves, at the very least, "champions of the west."

Kenyon and Illinois will renew their stick and ball quarrel at Illinois' Military Day this spring, when they will play on the turf instead of the tanbark.

NETTERS WILL MEET TOMORROW EVENING

Lambert Urges Tennis Players to Get in Shape Early. Hopes to Use Courts April 1

There will be a meeting of all the students who are interested in tennis, both freshman and varsity, in the lounge immediately after lunch tomorrow, February 19.

Basketball will be over March 7 and Coach Lambert expects to be able to take the tennis adherents out onto the outside courts by April 1. Meanwhile Mr. Lambert wants to impress upon the tennis candidates the importance of indoor practice.

The gym will be in use by the basketball team from 3:30 to 5:30 in the afternoon. At all other times during the day, there will be a net stretched across the gym for use in tennis practice. Then too, there are always the handball courts. Coach Lambert will be there to help straighten out any difficulties encountered in practice.

A player can't wait until the weather permits outdoor practice and then expect to accomplish anything in the spring tournaments. Mr. Lambert wants the team to be practicing indoors next month. (Continued on Page 2, Col. 4)

HEATHEN LAD SNEAKS INTO FANNING LECTURE TO BE PLEASANTLY SURPRISED. FINDS WE 'VE BEEN LED THRU ART'S MUSTY CORRIDORS

We hattered our way through the crowd the other night and attended the fifth of the Larwill lectures by Dr. Fanning of Ohio State University. We winced visibly upon

observing that we were the only one without necktie or suit, and felt like a bum. However, we are proud to relate that we did not flee. In fact, we were cut to the quick and determined to rot before leaving Philo Hall unenlightened on Modern Art.

As we took our seat in the very last row, in walked Dr. Fanning. He is, as many of us know, a deceptively tall man with horn-rimmed glasses, and a refreshing sense of humor. Has a habit of speaking with his right forearm across his middle and diddling with the middle button, we think it was, of his dinner jacket. His voice is pleasantly tenor and cultured, and made us feel more like a bum than before, but we became inured and unconsciously found ourselves taking an (we confess) unprecedented interest in Modern Art.

Dr. Fanning began by abruptly calling us a discriminating audience, which made us feel good. Professor Blum, we noted, was

equally affected, and Dr. Black took a perceptible breath and sat up straighter. We were told that we had been led through the musty corridors of art from the very beginning and were ready for the finishing touches. Here again we felt like a bum, for our embryonic artist temperament had only recently begun to stir, this being led through musty corridors was a new experience, and our neighbors seemed to us brimming over with little technical terms like "gosh" and "whew," which left us in the dark.

At exactly the correct moment the lights went out and slides were thrown on. We were interested to find out just what signal was used to accomplish this bit of timing and observed shortly that it was done by a snapping of fingers. At times Dr. Fanning seemed to have a little difficulty in producing a good audible snap and resorted to a peculiar throaty cough followed by another snap which infallibly caused the slides to change. Paul Ralston, who was running the machine, we suspect, had a magnificent time thumping things around in the back of us. In this manner we were exposed to Picasso, Leget,

Wood, Birthfield, and an orderly host of other gentlemen, some of whose works we liked and others roused in us the desire to hide our bewildered head and yell. We subdued these impulses by following the example of the man who sat next to us and kept nudging us in the ribs with his elbow. When a particularly weird piece was shown he summarily reached down, untied his right shoe, and tied it again. We couldn't do that because he would think we were crazy, so we buttoned and unbuttoned our disreputable sweater.

As an entertaining evening it was an education. And what made it so entertaining was the fact that we knew we didn't have to go if we didn't want to. The only sour note was the hardness and irregularity of the seas. The slats in the chairs left us feeling like a waffle, and we were afraid to shift our benumbed parts too frequently because our chair squeaked dolorously at every move, causing people to turn around and eye us.

When the lights flashed on we scurried hastily from the place, feeling very intellectual and superior, happy in the realization that we had not been forced to rot in Philo Hall.

Kenyon's first season in the field of Inter-Collegiate debate will end within a few weeks. This initial effort has given debate a just plane as an Inter-Collegiate activity. The Kenyon teams are representative of the college. At one time or another Kenyon debaters have engaged in competition with more than a dozen collegiate debate squads. The results were very satisfactory.

It has been proposed that a chapter of a national honorary forensic fraternity should be established at Kenyon. Such an organization would have as its primary purpose the promotion of debating and other forensic activities. Its secondary purpose would be to honor those men who had done meritorious work in the forensic art. There is a need for such an organization at Kenyon. There is place for such an organization in conjunction with the work done in Inter-Collegiate debate. The college and the student body would benefit considerably. The college by the increased prestige that a national organization would offer; and the student body by a renewed interest in forensic activity.

There is, however, the matter of twenty-five dollars to be paid to the national organization for a charter. It is proposed to petition the Student Assembly for this amount. The granting of this petition by the Assembly would not entail any additional assessment of any kind to any student.

In recent years Kenyon has added several departments of instruction; and various organizations, connected in some way with these newly-created departments, have emerged. The Flying Club, The International Relations Club, and others, are examples of this trend. On several occasions organizations have appealed to the Student Assembly for financial aid, alleging that their cause was worthy of support and representation of Kenyon.

With the addition of the speech department, we have participated in Inter-Collegiate debate. Kenyon has been represented in the Inter-Collegiate forensic field. There is a legitimate need for an honorary forensic fraternity on the Hill. The sum required for the charter can be obtained without additional assessment. Revived interest and closer cooperation on the part of the student body would result. Therefore, we feel confident that when the occasion arises the students of Kenyon will make it possible to establish a chapter of a national honorary forensic fraternity on the Hill.

J.D.H.

INVENTORY—

After having spent three of some of the best years of our life attending Kenyon classes and exposing ourself to the "intellectual pearls" being flung about, we now and then wonder what we do remember out of all our "larnin'". It might interest you to find out what statements or lessons still stick in the hoary noggin.

Geology—"That earthworms simply raise hell with the earth's surface by merely passing tons of dirt through their little alimentary canals and depositing it on the top of the ground."

English—"That Chaucer once used a popular present day adjective in regard to a certain shepherd."

Economics—"That Canada Dry used to find it cheaper to make new bottles instead of collecting all the used ones."

Mathematics—"That God created little green apples and that my instructor's father was a horse thief."

French—"That all students are at best, superficial."

History—"That, after some practice, I could write the 48 states in less than three minutes."

Psychology—"That psychologists at the University of Michigan discovered that rats couldn't think as clearly after they had cut out their brains."

But we don't feel that we've wasted our time. Think of all the social contacts we've made.

NOT BAD

From LIFE we give you the following:

Gentlemen:

I am terribly sorry I cannot take advantage of your offer of two dollars for each acceptable bright saying of a professor. In this staid little old college of Denison University set among the old Licking Hills of Licking county, Ohio, faculty minds refuse to work.

Denison, '36.

(Name withheld for diplomatic reasons—Ed.)

And there are those who claim that this feeling extends even to the hills of old Knox county.

"Smiling Jack" Tappan, authority on the proper way to weed a garden, receives nation-wide publicity.

Love-sick Fuzzies, imbued with spirit of Spring, mob Harcourt and bicker with "Mac" for admittance to its portals. Having no luck, Fuzzies try the windows. No luck here either, they hurry homeward, run "wake-up" on all larger trees on campus, and then to bed.

We understand that the Deltas are offering some very fine logs to anyone who will be good enough to remove them. They are suitable for burning or in the construction of log cabin and are well seasoned.

Our friend, Anson Weeks, sometimes known as the "Rabbit," is hard to keep out of print. Only last week he appeared at Hubbard Hall (the library to you) with Cochran and two dolls. After staring rather blankly at the Stephens Room they disappeared into the stacks for one reason or another. They didn't come out until Maude chased them with a broom.

SENIORS ATTENTION

There will be an extremely important meeting of the senior class in the South Leonard parlor at nine o'clock tonight. It is imperative that every senior be present, as it is necessary to deal with three matters of importance.

DEBATE TEAMS MEET MOUNT UNION, O. W. U.

Teams Argue Convincingly on "Supreme Court, Congress" Question.

Kenyon's two debating teams last week opposed Ohio Wesleyan and Mount Union and in both cases they made excellent showings. Both debates were on the question, Congress be given the power to override decisions by the Supreme Court by a two-thirds vote.

The negative team, which is composed of Schmidt, Boyd, and Tappan, journeyed to Washington High School in Massillon to oppose the affirmative forces of Mt. Union. Once again there was no decision given, but Kenyon seemed to have the edge.

The affirmative team will debate Oberlin here on Monday, February 24. Shortly after the Oberlin engagement they will encounter the Mount Union negative team. The debate and place of the meeting with the Mounts has not been announced.

Ohio Wesleyan's affirmative squad will provide the opposition for Kenyon's negative men at Delaware this week. The negatives will encounter Hillsdale here on February 20, at eleven o'clock. The Oberlin negatives will be Kenyon's guests on Monday, February 24.

JACK HORTON IS ILL WITH BRONCHITIS

Jack Horton, Kenyon chef, is showing marked improvement in his condition since he was confined to the hospital last Thursday with a severe case of bronchitis.

It was feared that pneumonia might develop, but fortunately the situation was checked before the former took hold. If his improvement continues, Jack should soon again be gracing our immaculate kitchen.

THE REV. MAXWELL LONG TO BE HERE NEXT SUNDAY

The office has recently announced that the college will have guest preachers in the pulpit for the next two Sundays.

The college will have the opportunity to hear the Rev. Maxwell P. Long of the Church of the Redeemer, Cincinnati, next Sunday morning, February 23. He will be followed by Father S. C. Hughson of the Order of the Holy Cross on March 1.

ROSE SOLOS

Stuart Rose, '38, made his solo flight last Wednesday. When interviewed, he said: "Well! I took the ship up and brought it down." He is the third flying student to solo from the Kenyon airport this college year.

Mr. Robert A. Weaver, '12, recently wrote an article entitled: "Will Santa be a Dictator?" It appeared in "Enamellist," a trade magazine of which he is the editor.

DELTS DEFEAT BETAS IN V-BALL FINALS

M. Leonard Triumphs in Deciding Matches After Betas Knot Count

Middle Leonard clinched another intra-mural title last Friday when it defeated the Betas in three straight games on the rickety floor of Rosse Hall. The Betas did not have a chance of winning the last series as the powerful game played by the Deltas was too much for them throughout the whole series.

In the first playoff series, the Deltas seemed to be doomed for defeat at the Beta's hands, for they lost the whole group, but they seemed to be only giving the Betas a lead-off, to judge from the results of the second set of games. Only once in the last series did the Betas even threaten Delt supremacy.

In an earlier game, South Leonard defeated the Dekes for the chance to play Middle Leonard for the championship.

The volleyball victory gives the Deltas three straight intra-mural championships and one tie.

For Digestion's Sake—smoke Camels

COLLEGE LIFE is a strain on the physique, with its endless demands on mind and body. Often, as a result, digestion suffers. Smoking Camels eases the strain of the busy whirl—promotes good digestion.

Natural digestive action
notably increased by smoking Camels

People in every walk of life get "keyed up"...live too hurriedly. The effects on digestion are known to all! In this connection, it is an interesting fact that smoking a Camel during or between meals tends to stim-

ulate and promote digestion. Enjoy Camel's mildness... the feeling of *well-being* fostered by Camel's matchless blend of costlier tobaccos.

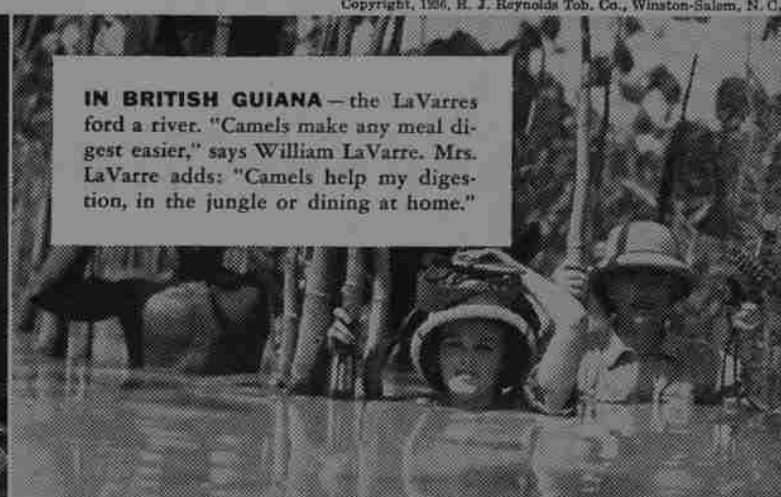

Smoke Camels for digestion's sake!

Copyright, 1936, R. J. Reynolds Tob. Co., Winston-Salem, N. C.

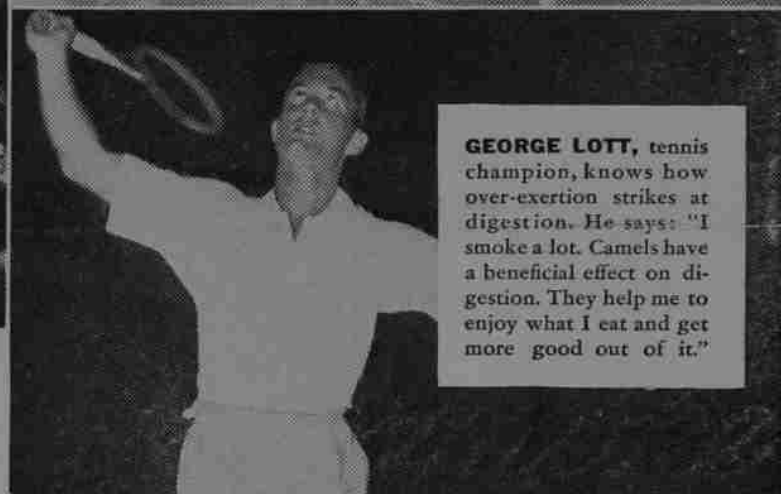

GUESTS AT KUGLER'S, grand old Philadelphia restaurant, renowned for two generations, are shown above, as they enjoy choice foods. William, of Kugler's, who presides over the famous dining room, is speaking to one of

the diners. William says of Camels: "Camels and good food go together. Our patrons naturally prefer quality tobaccos, judging by the popularity that Camels enjoy here. So we try to keep well stocked with Camels."

IN BRITISH GUIANA—the LaVarres ford a river. "Camels make any meal digest easier," says William LaVarre. Mrs. LaVarre adds: "Camels help my digestion, in the jungle or dining at home."

GEORGE LOTT, tennis champion, knows how over-exertion strikes at digestion. He says: "I smoke a lot. Camels have a beneficial effect on digestion. They help me to enjoy what I eat and get more good out of it."

Money-Back offer helps pipe smokers find what they want

"The money-back offer introduced me to Prince Albert," says John T. Norton, '38. "It's great."

"Prince Albert is the mildest tobacco I've ever smoked," says Jesse Helms, '39. "It never 'bites.'"

"Prince Albert is a grand tobacco," says Jennings Potter, '37. More men like Prince Albert than any other kind. This mild, choice tobacco is sure to please you. See no-risk offer below.

HOW TO TRY P. A. WITHOUT RISK

Smoke 20 fragrant pipefuls of Prince Albert. If you don't find it the mellowest, tastiest pipe tobacco you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, N. C.
