## KENYON TROUNCES DENISON 39-22

Purple Takes Revenge  
For Early Season De-  
feat at Granville

### BIG RED BOTTLED UP

It was "Beat Denison Week" in Gambier last week, and after the swimmers had sunk the Granville fish, the Purple cagers, not to be outdone, went on to conquer the Big Red's court squad by the decisive score of 39-22, in Rosse Hall on Friday, February 21. However, the "Big Red" on the floor was not the Denison team, but "Red" Sammon, who garnered 10 points on his one-handed push shots, while holding Denison's stellar guard, "Gus" Christman to a single field goal.

"Hank" Sebach opened the scoring and from them on the result was never in doubt. Incidentally, by again leading the scorers with thirteen points, "Hank" continued on his way to equal Leonard Swanson's scoring mark of last year. Lambert's men controlled the ball during most of the first half, and took advantage of their control to pile up a 21-7 lead by the intermission. Frank Eustis set the pace in the first half by scoring seven points and playing his usual good floor game.

The Purple came back with a rush in the second half, running the score to 28-8, before the Baptists began to function. "Admiral" Dewey, a bean-pole sub center, and "Haile Selassie" Haynes, sub forward, supplied most of the scoring punch for the losers, accumulating six points apiece.

The cagers showed the same weakness as is seen in Kenyon football teams—a lack of capable reserve strength. With any of the regulars off the floor, there was a definite slump in the team's play. Perhaps "Scrappy" Lambert may be able to remedy this by next year, and if he can the Purple will have to be reckoned with in the Conference.

## Economist Delivers Larwill Lecture

Dr. Paul H. Douglas Talks on  
"Unemployment Problems"

Dr. Paul H. Douglas, Professor of Economics at the University of Chicago spoke Monday evening on the subject: "Problems of Unemployment." This enthusiastic and effective speaker graduated from

PAUL H. DOUGLAS

Bowdoin College, obtained his Ph. D. degree in Economics at Columbia. Since 1923 he has been active in the field of Social Security, Living Wages, and the theory and remedy of unemployment. He is Economic Adviser on the New York Commission on Unemployment. Among the books he has written, are: "The Problem of Unemployment," "The Theory of Wages." His "Social Securities in the United States" has just been announced.

## DRAMATISTS SELECT "TEN MINUTE ALIBI"

Tryouts for Mystery Play Will Be  
Held Next Week

"Ten Minute Alibi," a mystery play by Anthony Armstrong, will be presented in Nu Pi Kappa Hall on the evening of Thursday, April 2 under the auspices of the Kenyon Dramatic Club. Try-outs for the production will be held in Nu Pi from four until six o'clock next Monday and Tuesday afternoons. The trials are open to all men in the college, and it is the hope of the Club that all men interested will try out for parts in the forthcoming production.

The play is a neatly put together three-act mystery melodrama the play's ingenuity making it a very agreeable evening's entertainment. Press comments throughout the nation have hailed it as one of the finest presentations of several seasons ago, when it was produced by the Shuberts in New York. Some of the remarks were as follows: "A thrill-promoter with great finesse—a clever, well-told story," "as exciting, novel, and attractive a piece of entertainment as you will see in many a moon," "thoroughly credible, its secret ostensibly airtight, its people human, and its police officials literate," "suave and methodical, beautifully garnished, a steady delight."

## NO CHANGE MADE IN SYSTEM OF GRADING

Attempt at Uniformity In  
All Departments Be-  
ing Made

### STATISTICS TAKEN

No change has been made in the system of grading and no restrictions have been placed on what grades may be given, though student opinion is that there has been a drastic change.

On the other hand, efforts have been made to bring the system to a more uniform basis in all departments of instruction in the college. Every few years this attempt at uniformity is made by gathering statistics in each department showing just how much dispersion or variation there is between the highest and the lowest marks in each course. Tabulations taken last year showed a dispersion of more than 56 percent between the highest and the lowest grades in the entire college.

The statistics were sent to the faculty and each man made an attempt to bring his system of grading to a position that would conform to the mean for the college. As a result, figures taken last summer showed a decrease in the dispersion to about 36 percent for the second semester. It was found that men who had been grading low had brought their grades to a higher level, instead of the high men lowering their grades.

The whole question of how to grade hangs on the definition of what top grades are. Comparisons are made based on ability rather than on actual percentage of one hundred, as was done in the old days. To get an idea of each student's ability, an average is taken from his grades in high school, his score on the psychology tests, and his semester grades. In this manner, each man's average "average" can be found, and from compilation of averages for the whole college, the general average can be found. The average grade of a class in any course is again found by taking the student averages and finding the class average.

From these general averages or means a practical and uniform system of marking can be worked out, but no limitations of any kind have been put into the system. The only thing that could be so construed would be the tabulation of statistics and the attempt to have a more uniform system of grading, so that in every department the definition of what constitutes a good grade would be the same.

### CATALOGUE

The college catalogue for 1935-36, revised to include information on honors work, new courses, and the swimming pool, names of new faculty members, and a complete student register has just been issued and can be obtained from the Dean's office.

### CALENDAR FOR THE WEEK

Feb. 25 to March 2  
Tonight—Sir Herbert Ames on "Great Britain and the League," Philo, 8:00.  
Tomorrow—Basketball, Kenyon vs. Ashland, Away Glee Club rehearsal, Chapel, 6:45.  
Debate, Kenyon Frosh vs. Wittenberg Frosh, Philo, 7:30.  
Friday—International Relations Club meeting, Lounge, 8:00.  
Glee Club rehearsal, Chapel, 6:45.  
Saturday—Basketball, Kenyon vs. Findlay, Rosse Hall, 8:00.  
Next Monday—Play Tryouts, Nu Pi, 4:00-6:00.  
Larwill Lecture, Sir Herbert Ames, Philo, 8:00.  
Next Tuesday—Sir Herbert Ames again, Philo, 8:00.  
Basketball, Kenyon vs. Franklin at Columbus.

## SIR HERBERT AMES WILL TALK TONIGHT

Former League Financial Director  
To Speak on "Great Britain  
and the League"

The privilege will be had tonight of hearing one of the foremost speakers on Foreign Relations, when Sir Herbert B. Ames lectures on the subject: "Great Britain and the League." Sir Herbert Ames, who lives in Brookline, Mass., is a British citizen and has spent the past year in Geneva and the Balkan States. He was the first Financial Director of the League of Nations, a position he held for seven years. He was Chairman of the Canadian Standing Committee on Banking and Commerce and a member of the Canadian House of Commons, Montreal.

## LORDS DROP COURT TILT TO RESERVE

Team Makes Good Showing Against  
Upstate Cagers

Kenyon's up-and-coming cagers stepped a bit out of their class last Tuesday night when they invaded the Reserve gym, for the Red Cats easily turned them back by the count of 60-41 (regardless of anything that Weir might say to the contrary).

For the first few minutes of the struggle, the Purple were in a contending position. Hank Sebach, Kenyon's scoring ace, opened the scoring with a field goal, but it was not long before the Lord began to realize that about all they were getting out of the game was exercise and a few social contacts.

Sidinger and Fleishman led the Red Cat scoring, with 19 and 16 points respectively. The Red Cat victory snapped a Reserve three-game losing streak, for on three previous evenings they had been defeated by Washington and Jefferson, Akron, and Marquette.

The only injury of the game was incurred by Hal Lebovitz, who was replacing Doc Kelker, ineligible Reserve star. He suffered a sprained ligament in his knee.

Continued on Page 3, Col. 2

## SWIMMERS SPLASH TO WIN OVER DENISON

69-21 Score of First Meet  
As Records Are Estab-  
lished for New Pool

### EAGON STARS

The Kenyon swimmers inaugurated Kenyon's first swimming season by chalking up a victory over the Denison merman. Struggling under the psychological handicap of visions of an easy Denison victory, the Mauve splashed water in the faces of the "Big Red" to the gurgling of 69-21. Kenyon placed eight firsts out of a possible nine. Cheer after cheer resounded under the glass roof of the new pool as Kenyon men repeatedly pulled themselves out of the water victorious, piling up point after point. The wholehearted ovations given to George Eagon, first Kenyon swimming sensation, testified as to the student body's appreciation of his skill as he clove the water in the fifty yard free style in 26.1 seconds.

Denison was handicapped in that four of their best men were off the team, two being ineligible, and two residing on the sick list. Nevertheless, a great deal of credit is given to the Kenyon swimming team and also to Coach Snyder for their good work. The first chapter in Kenyon's aquatic history was written last Wednesday night, the time of every race being a new pool record, a zenith, more or less, to be aimed at by Kenyon swimmers in the future. Sixty-nine to twenty-one! Kenyon men left the pool happy and with eyes shining—and the bell kept ringing.

Results of the meet:

200 yard relay—Kenyon (Ditmars, Mathews, Ehle, Sebach); second, Denison (Vincent, Herron, Frenz, Benkey). Time 1 m. 56 s.

200 yard breast stroke—Weiant (Kenyon); second, Pettit (Denison); third, Shorkey (Kenyon). Time 3 min. 2 sec.

150 yard back stroke—Thomas (Kenyon); second, Durbin (Kenyon); third, Patterson (Kenyon). Time 2 min., 19.4 sec.

50 yard free style—Eagon (Kenyon); second, Mathews (Kenyon); third, Benkey (Denison). Time 26.1

400 yard free style—Franz (Denison); second, Mathews (Kenyon). Time 6 min., 16 sec.

100 yard side stroke—Weiant (Kenyon); second, Ehle (Kenyon); third, Dyer (Denison). Time 1 min., 21.4 sec.

100 yard free style—Eagon (Kenyon); second, Sebach (Kenyon); third, Benkey (Denison). Time 1 min., 9 sec.

Fancy diving—Long, Millikin, Kenyon 8 points (No divers from Denison).

200 yard free style—Eagon (Kenyon); second, Franz (Denison); third, Ehle (Kenyon). Time 2 min., 30.1 sec.

150 yard medley relay—Kenyon (Thomas, backstroke; Shorkey, breast stroke; Ditmars, free style); second, Denison (Pettit, Vincent, Herron). Time 1 m. 39 s.

### THE IVY CLUB

What has happened to the Ivy Club? Like so many similar organizations it has had its day—this is not the case. At a recent meeting of the Ivy Club, reorganization was the main topic of discussion. At first the question "Why has the Ivy Club suffered?" was asked. The answer was due to the common practice of exacting money from Freshmen merely for self gain. Then, too, the ideas of the Club, what it stood for, were not clearly defined. This cannot be contributed to one man's cause but to the course of cycles in which organizations tend to run.

The Ivy Club was founded by Morgan Smith. The primary instigators consisted of the Freshmen of East Wing and West Wing respectively. At the gates of Bexley, on path night, in the fall of 1934, birth was given to the idea of forming what today is known as the Ivy Club.

The organization was to promote friendship, close relationship and good-feeling between the Freshmen of the two Wings. The following year all representative Freshmen of each division on the Hill were to become members. Parties every month were given. Now and then the various professors were invited. The Club, in this respect, promoted an excellent means to meet the faculty. Needless to say, the Freshmen grew to know each other in no time. The fundamental principles have held for more than a decade, but payment of initiation fees were not spent to benefit the organization as a whole.

Our aim is to put the Ivy Club back on its former standing.

This is the time to act. Now as never before has such an organization been needed. Everyone has noticed the lack of social activity from year to year. Do you realize the good of a Freshman body like this? Namely, unity between fellow class members, associations between fraternity groups. Something to do once a month. Membership is invitational—two men of each division are asked, a third occasionally, in these men we have leaders from each division.

What will happen to this group the following year? They will tend to hold the Sophomore class together, and so on.

Invitations will be sent around within a week. Those asked will attend a meeting merely to discuss the future Ivy Club. This does not bind anyone to become members. A notice will be posted at the Commons.

We ask for the support of all upper classmen in this cause—one which we believe has splendid

merits. It is of interesting note that Doctor Stewart MacGowan was one of the founders who is still vitally interested in all matters concerned with the Ivy Club.

FRED DOEPEKE,  
President.

### WITH EYE AND EAR

You're liable to find that "I DREAM TOO MUCH" is just another one of those pictures sans originality, sans plot, and sans common sense. On the other hand, you may be able to overlook the old "rise-to-fame" stuff and settle down to enjoy Mlle. Pons' exquisite voice. She does a touch of opera, notably the Bell Song from "Lakme" in a costume which makes her look like Little Egypt. Carl Brisson struggles from practically nothing to "fame and fortune" with much the same speed as did our friend Lily Pons although not in the same way. From stoking the furnace in a ship, he graduates to position of bouncer in a cafe. Thus does this picture get its title "SHIP CAFE." Before the thing is over, Carl is all dressed up, surrounded by gals singing in a weak voice the selection "Change Your Mind." And there's nothing like changing your life's work either.

On Friday and Saturday, the week-end double feature policy is in force. The best of the two pictures showing is the Victor MacLaglen, Freddie Bartholomew opus, "PROFESSIONAL SOLDIER." Set in a Graustarkian country, this is a rather clever story and a picture to which Big MacLaglen and Little Bartholomew do much credit by their fine acting. "DRIFT FENCE" is the other picture on the bill, and, being of some lesser importance, needs no discussion here.

Next week-end offers a very perplexing problem. There are two good movies in town. Two that are so good, you'll have nothing to do but see both of them. At the Vine is the picture so many of us have been waiting for "ANYTHING GOES."

Ascher and his moll saw this last week, and they said it had quite a bit on the ball, so you know it's good now.

The other picture we think you should see over the week-end is "THE GHOST GOES WEST." This little number will be ground out at the Memorial and shows the transportation of a castle from Scotland to America (including the "hunts", thus the title. Robert Donat of "Thirteen Steps" fame plays a double role, one part of which is the ghost. Not maudlin mystery stuff though. High class clever acting and very entertaining throughout.

### Radio

A telephone lineman who survived a 110,000 volt shock received accidentally on duty will be the "Three Minute Thrill" guest on

the Phillip Morris program this evening at 8:00 p. m., Gambier time. The lineman, Arthur M. Davis, of Red Bank, N. J., will be presented by Phillips Lord.

Leo Reisman and his orchestra and the singing of Phil Dacy, Sally Singer, the Four Eton Boys, and the Sweethearts will complete the program.

### REVIVAL

It was with more than a little happiness that we viewed the revival of Kenyon spirit as exhibited by the numerous demonstrations of "community singing" and inter-fraternity "debates" last week. The operatic score "Wahoo" is a work deserving of merit and we feel that it will live forever—well, anyway, until about March 1st.

One of the better debates was the Psi U-Beta affair, which was held in Maude Hickin's bathroom last Tuesday night. The subject was "That no man, or even small boy, can shoot sixty (60) free throws in an hour—one a second."

After rigorous preparation of material, both sides lined up—the Psi Nu's in the bath tub and the Betas hovering about an article of furniture on the opposite side of the room.

Mr. Von of the Psi U's and Mr. Brown of South Leonard carried the argument well into the night, with the respective rooters jeering and applauding at the same time. The tenseness of the situation was broken only at intervals when Maude and her close friend, Phil Taylor, served the contestants with warm milk and graham crackers. At the half, the two gracious young ladies assumed the role of trainers to rub the smooth white bodies of the contestants with goose fat and bacon rinds.

The unanimous decision of the judges was for the negative team of Beta Theta Pi. However, the opponents are angling for a return match. In the meantime, they are getting Mr. Von in shape, "of which they will probably be disappointed."

### INJUSTICE

"Jupey" Weir is plenty sore because none of the Cleveland papers printed an accurate account of the Reserve-Kenyon fray. They all made the same mistake and said that Reserve won 60-41, when all the time Kenyon really won 48-40. Better contact your congressman, Jupe.

### GAMBIER TOWNSENDERS

Now that we're taking statistics and are becoming pretty cagey at "ciphering", we now and then become a bit ruminant (we think about stuff).

Somebody told us about the Townsend Plan a couple weeks ago and we wondered if maybe we couldn't apply the principle here, that is, if we assume that all seniors are over 60 and have no visible means of support—which is true to a great extent.

We, personally, having passed that age, think it a good idea. Here's the way it would work. Each freshman, sophomore, and junior will pay \$30.00 a year (a penny a day), and according to our figures, this would total about \$5,100.00 (the last two zeros are put on to make the fund look bigger) which the seniors could split at the rate of \$204.00 apiece.

Well, what do you think about it? Better late than never. What the hell, maybe you can talk us in to taking only about \$200.00 this year on account of there's only one semester left.

### CUT SYSTEM

To do away with all misunderstanding regarding the new cut system, the following rules are reprinted from a previous issue of the COLLEGIAN:

1. No more than five cuts may be taken in any one course. Excess absences in course makes the student liable to such penalty as the instructor may impose.
2. No more than twenty cuts may be taken in all courses. Excess of absences in all courses makes the student liable to reduction of academic credit at the rate of one hour for every five overcuts or fraction thereof.
3. Absences incurred because of college business, athletic contests, debates, and so on, are not to be counted if the business has been previously authorized by the college.
4. Attendance at nine official chapel services each semester is compulsory.

### INTRAMURAL BOARD MAKES NEW RULES

Divisions May Enter More Than Two Men in Badminton Ping-pong and Handball Tournaments

The Intramural Board has ruled that, instead of entering only one number one man and one number two man in the badminton, handball, and pingpong tournaments, each division may enter as many men in each bracket as it wishes, provided that once a man plays in one bracket, he does not play any matches in the other bracket. That is, a different man might play each match in the number one bracket, but then he would be ineligible to compete in the number two bracket in that sport.

The schedules for the tournaments have been issued and are printed below. It is the wish of the Board that the tournaments be run off as quickly as possible. Divisions will please get in touch with their opponents and arrange for their own individual matches.

James P. DeWolfe, '17, writes to inform us that Texans have had some bad weather recently. He says that the temperature in Houston has been between 30 and 40 degrees above zero several times this year. This is exceptionally cold for Texas.

He also states that he and the Rev. Francis B. Shaner, '17, and the Rev. A. J. Dow, '09, took a fishing trip in the latter's boat last summer. They spent a good part of the day sitting on the deck singing Kenyon songs and talking over old times on the Hill.

President Peirce is in Houston, Texas, this week attending a church conference. He will also be present at a Texas alumni meeting. During his stay, he will be the guest of the Reverend James P. DeWolfe, '17, of Houston.

# For Digestion's Sake—smoke Camels

**A QUIET PICTURE** of student life? That's the way it looks—but underneath, nerves may be seething and digestion askew from the long grind. Turn to Camels—they promote good digestion.

## Smoking Camels Found to Ease the Strain and Promote Well-Being

Life gets more complex. The pace grows faster. Where do we see the effects? Frequently on digestion, so often overtaxed by the busy whirl! It is significant that smoking Camels has been established as a definite aid in promoting good digestion. You'll find it worth while

to turn to Camels yourself. They have a mildness that never grows tiresome. Make the pleasant experience of smoking Camels part of your daily life, and see how much more zest you have for smoking and how your digestion is measurably improved. Camels set you right!

And now we come to one of modern life's most gracious privileges—dining at Keen's English Chop House in New York...famous gathering place of those who enjoy good living. "We've noticed that patrons who appreci-

ate fine foods also appreciate fine tobaccos," says William, of Keen's. "Camels are a favorite here. We've noticed that our guests who smoke Camels during and after meals seem to find more pleasure in dining."

**IRON MAN.** Murray Murdock (in center), of the N. Y. Rangers, has played over 500 straight hockey games. "I often have to eat and run," Murray says. "Camels help me to digest my food."

**JUNGLE BOUND!** "I smoke Camels for digestion's sake," says Frank Buck, famous wild animal collector. "Camels for flavor!" he says. "They are rich and mellow, yet delicately mild."

## COSTLIER TOBACCOS!

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

### PRESIDENT SPEAKS TO CHICAGO ALUMNI

Dr. Peirce addressed the annual meeting of the Chicago Alumni Association on February 15 at the University Club in Chicago. Mr. George B. Shaffer, Assistant Dean, was also present. The meeting was enthusiastically attended by some 50 Kenyon graduates. Plans were discussed for the coming year, and the following officers were elected: Mr. Edward R. Seese, '17, president; Mr. Robert Kenyon, '30, re-elected secretary-treasurer.

Dr. Peirce spoke to some six preparatory schools in and in the vicinity of Chicago. Sunday, February 16, he preached at St. Luke's Pro-Cathedral in Evanston, Ill.

Harold Jacobsen, '24, was recently re-elected secretary of the fraternity secretaries' association at a meeting of that organization.

### LORDS DROP COURT TILT

Continued from Page 1, Col. 4

shortly before the final whistle and had to be carried from the floor.

Bob Rollins led the Kenyon scoring with five field goals and four free throws. Sebach was not far behind with 13 and Sammon supplied 8 of the 41.

## SENIORS ELECT BOB DOEPKE PRESIDENT

Hixon and Lord Also Get Posts at Meeting Held to Discuss Plans for Social Events

Last Tuesday evening the Senior class elected Bob Doepke, class president, Harold Hixon, vice president, and Charles Lord, secretary-treasurer.

The class also discussed plans for senior social events, the first of which is to be an informal gathering this evening.

## 35 YEARS AGO

Gambier—Twenty students of Gambier are shivering in their shoes. Suspension, expulsion, and other forms of college disgrace are all that is talked about.

The pretty girls (?) at Harcourt Place seminary go in for gymnastics strong. The builders of the school building located the gym on the top floor, so that the timid maids would not have to do their athletics under the admiring eyes of the young men from Kenyon college and the military academy. But the builders did not take into account a row of stately oaks growing along the seminary wall.

Last night a sweet maid leaned out of a window after a particularly strenuous exhibition and stated straight into the grinning face of a young man of her acquaintance. She didn't scream, but just withdrew her head and closed the window, and the exercises went on.

"Come down out of there, you rascals," called a gruff voice a while later. Not one, but 20 young men fell out of the tree in their fright.

"We're not sure, but we're of the opinion that the worm will soon turn, on account of the greenhouse-natarorium."

## Weather Discourages Pool Attendance

Recent figures show that the most popular time for swimming in the new pool is in the evening. A count was taken last Wednesday. It revealed only nine swimmers during the afternoon, while during the hour 8-9 p. m., which is reserved for the swimming team, 12 men made use of it; and ten aquatists availed themselves of the opportunities offered by the pool from 10-11 p. m. This brought the total for the day to 30.

## Pipe smokers glad they tried P. A. on Money-Back offer!

"I've done a lot of pipe smoking," says Dick Colligan, '38, "and Prince Albert is the ideal, in my opinion. It's very mild—makes a very nice cake in the bowl—tastes mellow and cool." Try Prince Albert yourself. See free offer below.

"I've never found Prince Albert's equal for taste. And I get around fifty pipefuls out of every big two-ounce tin," says George Beekman, '36.

**PRINCE ALBERT RATES FIRST ON MILDNESS AND FLAVOR**

"P. A. is the answer to this pipe-smoking business," says Donald La Casse, '39.

50 pipefuls of fragrant tobacco in every 2-ounce tin of Prince Albert

### TRY 20 PIPEFULS AT OUR RISK

Smoke 20 fragrant pipefuls of Prince Albert. If you don't find it the mellowest, tastiest pipe tobacco you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, N. C.
